

THE O'DONNELL INDEX

VOLUME XIII

O'DONNELL, LYNN COUNTY, TEXAS, THURSDAY, JANUARY 16, 1936

NUMBER 12

Waldo McLaurin Announces Candidacy For Re-Election

The Index is privileged this week to announce the candidacy for reelection of Waldo McLaurin. Mr. McLaurin has served as commissioner from Precinct 4 for the past three terms, and has never failed to accomplish the best good for his constituents.

W. E. (Ed) Payne Asks for Re-Election

We are authorized this week to place the name of our friend and fellow-citizen, Mr. Ed Payne, in our political column as a candidate for reelection to the office of cotton weigher of Precinct 4.

Mr. Payne has capably filled this office for the past three terms, and has always every effort to accommodate his constituents in every possible way.

Mr. Payne and his family have lived in O'Donnell for a number of years, and he has always had the highest esteem and regard of his neighbors and acquaintances. He says himself that he needs the office because its small salary, even as little as it is, has been a great help to him in meeting the expenses of a family. Because of an accident, physical handicap, Mr. Payne is unable to do every kind of work, but to remember that during his first campaign for election to this office, he went to the field and chopped cotton with his own hand in order that he might pay his bills and also pay cash on all campaign expenses. This is one example of his determination to do the very best he can under all conditions.

Mr. Payne asks that the voters of his precinct carefully consider his qualifications for this office, and cast their vote for him on election day.

To the Voters Of Lynn County

I take this means of announcing my candidacy for the office of County Clerk of Lynn County, Texas.

I made the race for this office in 1933 and am grateful for the votes I received, for the friends that I made in the campaign, and hope to make many more friends this year.

I have resided in the Lakewood community for 28 years. Was born in Jones county, came with my parents to Lynn county while a mere lad of eleven. Attending rural schools for a number of years, was a student of Tahoka High School, and afterward in Stamford College, a Methodist institution of higher learning.

Am a member of the church at Lakewood, with which I united when a boy of 16 years of age. Was in the U. S. Army in 1918 and 1919, returning in the latter year and was soon afterwards married and began farming, which occupation I have followed all of my life.

My family consists of my wife and four children, two of whom are in high school.

In announcing for this office I do so in the full responsibility of the voters and feel that I will be fully able to see for the duties of the office as they should be cared for.

I have no stones to throw at my opponents, whoever they may be, and expect to make a fair, square and clean campaign, and thoroughly canvass the county in thanking you in advance for any and all considerations shown me. I am yours respectfully,

ROY O. NETTLES.

MEETING SATURDAY FOR LYNN COUNTY FARMERS

A meeting of the farmers of Lynn county will be held at the Court House on Friday evening, January 18, at 7 o'clock. This meeting is called for the purpose of getting the attitude of the farmers as to whether they want a program for this year and if so, what kind of a program desired. Every farmer is invited to attend this meeting.

JOHN HECK, Chairman, Lynn County Farm Organization.

and Mrs. Jack Gilstrap and daughter, Juanita, have sold their house and farm furnishing, and moved to another location.

January 31 Last Day To Pay Poll Taxes

Lynn county citizens are reminded that they have little more than a week in which to secure poll tax receipts for 1936, as January 31 is the dead line for payment. In 1934, which was the last important election year, approximately 3200 poll tax receipts were issued in this county. Figures for 1935 were far lower, there hardly being one half as many issued.

Since 1936 is destined to be one of the most important political years of the century, according to many experts, it is believed that this year's figures will surpass the 1934 mark. Those who expect to vote are warned that their poll tax receipts and exemption certificates as well must be obtained by January 31 according to a new ruling placed on election laws by the department of the states attorney general. In past years receipts or certificates could be secured at a later date and still allow the recipient to vote.

THOUSANDS PLAN TO APPLY FOR PENSION FUNDS

A press statement this week from Orville S. Carpenter, State Auditor, estimates that fully one hundred and fifty thousand persons will make applications for old-age pension funds. Of this number, Mr. Carpenter estimated that 30,000 would prove eligible to receive the money. The State Auditor, who is also a nominee for the office of executive director of old age pensions did not indicate on what grounds he bases these figures, nor did he explain why only one-third of the applicants would prove eligible to receive the money.

An informal and unofficial survey of our own territory indicates that Mr. Carpenter's estimates are very conservative, to say the least.

One local citizen, who has been active in disseminating information and of this section, states that it is his opinion concerning the pension clubs publicity that there will be fully two hundred and fifty or three hundred such applications made from our territory alone. It would thus seem that Lynn county which is a comparatively sparsely settled section, will have at least seven or eight hundred applications, and when one considers the much greater populations in other parts of the state 150,000 is a very low figure indeed.

This paper has from time to time published various articles concerning the old age pension move, and the many and varied plans which have been discussed for raising this money. While it will be a number of years before this plan will materially benefit any member of the editorial family, we are, nevertheless, highly in favor of the plan as it was approved by Texas voters last summer. We have always felt that the Townsend Plan called for too much money, but the lesser sum which was approved by the state would insure the necessities of life for scores of elderly people, who are now in actual want.

We believe that if Mr. Carpenter will think over the matter a bit, he will increase his estimate considerably.

HOUSING PROBLEM SERIOUS AS HIGHWAY CREW ARRIVES

With the arrival of scores of truck drivers, surveyors, engineers, and other highway employees at work on the loop through town and that section of the highway between here and Tahoka, the housing problem in O'Donnell is becoming a serious one. We are told that at least one third of the men have been able to find living quarters for themselves and their families, and that in several instances, families have been compelled to take up residence in nearby towns, the men coming back and forth to their work daily.

If any of our readers have apartments, rooms, or a house for rent, or if they know of anyone who does have such space, we will be glad to act as a rental bureau, and secure tenants. At least half a dozen men or their wives have called at this office asking for information concerning living quarters.

During the past three or four years, so many houses have been torn down or have been moved out of town that there remain barely enough liveable residences for those families who are permanently located here. Of course, this little boom in rent property will probably continue only a few months, but it seems that a limited number of choice apartments or small houses would be a fairly good investment.

County Basketball Tournament Set For Feb. 15 At Wilson

Date for the annual basketball tournament which decides the county championship, was definitely set last Saturday morning at a meeting of coaches of the various girls teams of the county. The meeting was held at Tahoka in the office of H. P. Cavness, county superintendent of public instruction. The date of the tournament was set for February 15, and the Wilson school will be host to the teams of the county. This will be the first opportunity for many of the teams to play in the magnificent new gymnasium which has been erected this year. Wilson is well proud of this imposing structure.

The county director notified the various coaches of the meeting, and requested their presence for the occasion.

It was decided to offer trophies to winners of first and second places. Schools were divided into three groups, the rural division, which includes teams from New Moore, Midway, and New Lynn; Class B, including the Wells and Draw teams; Class A, which includes O'Donnell and Wilson.

Teams from the rural and Class B divisions will make their own arrangements. They will meet and play off their own games, sending the names of the first place winners to the director before the deadline, which is Feb. 8. These winning teams will be at Wilson on February 15, to compete with Class A for county honors.

Miss Bernice Dean is county director for this branch of interscholastic activity, and all the above information should be filed with her before the appointed time. She may be reached at O'Donnell.

Local Man Injured In Car Accident

Jim Ward, operator of the filling station in the bank block, was slightly injured late Thursday afternoon when his car collided with a truck which had been left standing on the highway.

The injured man was carried to a Lubbock hospital where he received treatment for slight bruises and abrasions about the face and a badly bruised arm.

Mr. Ward stated that the accident occurred shortly after night, on the highway some 8 miles south of Lubbock. He met a north bound car as he came over a slight rise and dimmed his headlights as the two met, so that he was within a few feet of the parked truck when he first saw it. Swinging wide to the right in an effort to dodge the danger but lacking sufficient time to clear it completely, the left wheel and fender of Mr. Ward's car struck the right rear wheel of the truck. The fact that he was traveling at a low speed was the only thing which prevented a serious accident.

County-Wide Terracing Program to Start Soon

The commissioners court, working in conjunction with County Agent V. F. Jones, is promoting and inaugurating a county-wide farm terracing program according to county commissioner Waldo McLaurin.

Farmers in the various communities of the county will organize and the work will be worked by committees. The county proposes to do the terracing for the farmers at actual cost, and the county tractor is now being repaired in preparation for the work.

Mr. McLaurin thinks that the work will begin in the vicinity of Wilson, since a number of farmers with adjoining lands in that portion of the county have already taken the necessary steps for the work to be done.

The value of terracing has been proven over and over again in this county, even on the land that appears to be almost level. Terracing and contouring of rows helps to distribute the rain fall more evenly over the farm and thus promotes better crop production.

The effort and the little money that may be put into this enterprise will doubtless repay the county many fold in the course of a year's time. Every farmer in the county should take advantage of this opportunity to have his land terraced, and most of them no doubt will.

Men Wanted to Work On Highway No. 9

The NRS office in Lynn county requests that every man who wants to work and who has lived in Lynn county the required length of time register with them so that they may be referred to a job. The highway job now under construction is undermanned and no referrals are made unless men register. Registration and referrals are not confined to relief. Anybody above 16 years of age may register and will be referred to the Brown & Root Construction job until it is fully manned. Those who want jobs will call on W. B. Bishop, Room 5, Thomas Building, Tahoka.

O'Donnell To Have WPA Sewing Room

One of the newest WPA projects announced by the state department is a community sewing room, which was officially opened for work Wednesday of this week. Nine local women are already registered for permanent employment in this room.

Mrs. F. A. Anderson, prominent club woman and an experienced seamstress was named appointed supervisor of this project, which is being conducted in the City Hall here.

Mr. and Mrs. Waldo McLaurin and Mrs. F. A. Anderson were in Tahoka Monday afternoon.

Prominent OK Lady Dead of Long Illness

The many friends of Mrs. J. E. Caudle were grieved late Friday when news of her death became known. Mrs. Caudle had lived in Dawson county more than twenty-one years and was one of the best known and most dearly loved ladies in the OK community.

She has been in poor health for many years, suffering from a complication of diseases. It will be remembered that she underwent surgery about two years ago to remedy the situation and for a time it seemed that this operation would be of much benefit.

Recently, however, she began to grow worse, and her intense suffering was ended only with her death last Friday evening. Funeral services were conducted Saturday by a local pastor, and interment was made in the city cemetery. She is survived by her husband, three daughters, and two sons, all of whom were present for the funeral services.

Alva Akins was born in Guin, Alabama, on November 11, 1895, being slightly more than forty years of age at the time of her death. When she was ten years of age her parents moved to Texas, settling in Hill county, where they made their home before moving to Dawson county in 1915. She was married to J. E. Caudle soon after coming to this section, and they had maintained their home in the county county throughout her married life.

The family is well known in O'Donnell, and Mrs. Caudle was esteemed and loved by everyone who knew her. An ardent and faithful Christian character, she had devoted her life to the care and wise upbringing of her children, and making a peaceful, happy home for her husband. Throughout her long and painful illness, she had uttered no word of complaint, regretting only that she at last became helpless and could not perform her duties as wife and mother personally. She never failed to have a cheerful, loving word for family or visitors to the sick room, and passed away with a complete and beautiful trust in her Savior.

The Index joins with other friends in extending sympathy to the bereaved husband and children.

Sandstorm Season Begins; Bad One Is Had Sunday

South Plains housewives joined in a collective sigh Saturday when it became apparent that the sandstorm season for the winter had officially opened and the sign became a gusty one Sunday when one of the worst sandies we have had in several weeks blew in from the north.

The wind has blown harder here on numerous occasions but the amount of sand in the air is rather exceptional for West Texas.

In view of the fact that we are due these storms for the coming four or five months scores of O'Donnell housewives are thanking their stars for that wonderful invention weather-stripping. During the past year more than a dozen local residences have been equipped with this labor and temper saving device and we are reliably informed that the installation of weather-strips will more than half eliminate the entrance of sand and dust during the sandstorm season, to say nothing of the saving on fuel bills because houses thus equipped are so much tighter. Speaking from experience, we are safe in saying that this has been the case at our own house, and we can never finish thanking the good neighbor who persuaded us to install these strips throughout the house.

This article reads like an ad for weather stripping, and it has been suggested that we send a bill to the company, but we are merely suggesting to our readers that there really is a way to make sandstorms less annoying and less troublesome.

MIDLAND WOMAN GETS WPA CONSULTANT POST

Announcement was made on January 11 that Mrs. Hal Beck, prominent resident of Midland and Amarillo, has been named consultant on WPA projects for this district.

Thirteen counties are included in this district and are Yoakum, Terry, Lynn, Gaines, Garza, Dawson, Borden, Andrews, Martin, Howard, Ector, Midland and Glasscock.

Mr. Curtis McMillan of Lubbock was an O'Donnell visitor Monday afternoon.

Aged Confederate Veteran Dies At Tahoka Thursday

Lynn county's last Confederate soldier, O. P. Nicholson, passed away on Thursday of last week at the age of 91. Mr. Nicholson had been ill at his home in Tahoka for an extended length of time.

Services were conducted at the Methodist church at Tahoka at 3 o'clock Friday afternoon. Rev. C. C. Armstrong, pastor of the church, was assisted in conducting the service by Rev. George A. Dale, pastor of the First Baptist church. Interment was made in the cemetery at Tahoka. Every community in the county was represented at the funeral rites. Lynn county had been proud of the fact that a resident was one of the few remaining Southern Veterans of the war between the states and much concern had been felt for his welfare during his lingering illness.

Wounded at Chickamauga and at Shiloh battle grounds, Mr. Nicholson returned to Texas after a year as a prisoner in a Federal detention camp. He had volunteered at the beginning of the war as a member of Ross' Texas Rangers and served through the entire four years.

After his return to Texas, he married Miss Annie A. Venkley, 66 years ago. They came to West Texas in 1917, settling first at Merkel. They came to Tahoka eight years ago.

Surviving him are his widow and more than 100 descendants, including 5 of 12 children born to them, and four great grand children. One son, Dewey Nicholson, lives at Tahoka.

Mr. Nicholson was a native of Tennessee, having been born at Franklin. When he was 10 years of age, his parents moved to Bonham, Texas, and it was here that he enlisted with the Rangers.

Though he had been blind for the past twelve years, Mr. Nicholson had retained a remarkable knowledge and interest in every day life. Some member of the family daily gave him a summary of news from over state and nation, and the veteran was an enthusiastic listener. He delighted in discussing news of the day, and his own comments were concise and pointed.

A number of people from O'Donnell attended the funeral.

LOSES FINGER WHEN GUN IS DISCHARGED

Protecting lives of the family chickens may not be an exciting job, but it can be an exciting one. States R. M. Middleton, prominent farmer of this territory.

Last Friday morning Mr. and Mrs. Middleton were aroused from a sound sleep by the chickens squawking and clucking in their roost near 1/2 barn. Snatching up his trusty rifle Mr. Middleton hastened to the rescue, finding that a coyote was the marauder.

Just how this accident occurred Mr. Middleton has no idea, but it is believed that he stumbled and struck his arm against some obstacle with sufficient force to discharge the gun. Whatever the reason, the accidental discharge clipped the forefinger nearly from his right hand. He came at once to the office of a local physician, and was given emergency treatment.

Yes, Mr. Middleton shot that coyote before he went back to the house.

Mrs. R. M. Middleton has recovered from an attack of flu.

RENEWED ACTIVITY IN REAL ESTATE CIRCLES

Two important business transactions which were unintentionally omitted last week will be of interest to Index readers. Mr. and Mrs. Clark Greenwood purchased the residence known locally as the M. G. Barrow house and moved to that place ten days ago.

They had for several months occupied the Grover Sutton house in the south part of town. C. J. Beach representing the First Federal Building and Loan Association conducted the deal.

The second transaction, also conducted by Mr. Beach, was the purchase of the Harvey Line house on Fifth Street by Mr. Alvin McMillan. The house was moved to Mr. McMillan's farm in the T-Bar community. Mr. and Mrs. Bruce Yarborough and family who had occupied this place, have moved to another residence in town.

The residence purchased by Mr. Greenwood was built several years ago by J. W. Stewart, and has been considered one of the most attractive pieces of residence property in town. Constructed of stucco, it is a roomy, well ventilated, and suitably located residence. Mr. and Mrs. Greenwood have planned extensive renovations and repairs, which will add much to the convenience and appearance of their property. Another desirable feature of this place is the fact that it is located in the water belt that winds under O'Donnell. The well there is one of the few which always furnishes water for house hold and lawn purposes.

Our good friend and subscriber, Mrs. Millie Williams, had a most enjoyable Christmas season this year, due to the fact that her children were home for the holidays. Mr. and Mrs. Alford Wrenn have just returned to their home in Plainview after spending the holidays here with her mother, Mrs. Williams, and during last week end her son, J. E. Williams, Mrs. Williams and their small sons, Albert Lee and J. E. Jr., were here from Idalou. It will be remembered that Mr. Williams moved some time ago to that city, and is now operating a shoe shop.

A special program by the children is to be rendered at the Church of the Nazarene Sunday evening. While the exact nature of the program has not been stated, it is certain that it will be interesting and worthwhile.

Rev. A. Loper, pastor of the First Baptist church, was called to Lubbock Tuesday, to hold funeral services for a former friend and member, A. R. Barnard.

Miss Sylvia Robb, county home demonstration agent, was here on official business Tuesday.

B. J. Willis was here from Artesta, N. M. looking after business interests this week. He returned home Friday.

W. L. Palmer was in Lamesa on business Monday.

Mr. and Mrs. W. E. Singleton were in Lubbock Monday afternoon on business.

Misses Novelle Ratliff and Madeline Morrison were visitors at the Lubbock sanitarium Monday.

Mr. and Mrs. E. J. Tredway spent Friday in Lubbock visiting their daughter, Mrs. Tobe Burnett.

Roy Nettles of Tahoka was here on business Monday. Mr. Nettles is this week announcing his candidacy for the office of county clerk.

INFLUENZA MOST PREVALENT AT THIS SEASON OF YEAR

Austin, January 13.—This is the season of the year when influenza or 'flu' is most prevalent, according to Dr. John W. Brown, State Health Officer. Colds, gripe, influenza, whatever we may call them are believed to be spread from person to person through discharges from the nose and throat. To protect yourself and others from such disease, here are some things to be remembered.

Influenza is highly infectious. Practically everybody is susceptible to it. No matter how many times you have had the disease you may contract it again. Therefore, keep away from people who are sneezing, coughing, sniffing or who are actively ill with colds, influenza, or pneumonia. Keep away from crowded places. Have your nose well and always wash your hands before eating, and sneeze or cough into your handkerchief.

Keep fit by drinking plenty of water, by eating simple nourishing food, by some exercise out of doors every day, by dressing according to the weather, by having plenty of sleep in a well-ventilated room, and by keeping the bowels regulated.

Don't neglect your 'cold' if you have the slightest suspicion of fever go home, go to bed immediately and call your physician. If you need medical help you know that you can get up and follow his advice explicitly.

Disastrous results may ensue if influenza cases are allowed to get about so soon. Persons convalescing from influenza are particularly susceptible to her infections. If you are just getting over some illness, return to your normal routine of life gradually.

TO TAKE MYSTERY OUT OF BANKING

By ROBERT V. FLEMING,
President American Bankers Association

The American Bankers Association has cooperated wherever it could properly do so in every measure for national recovery. It has offered constructive recommendations for such changes in banking laws as we recognized were necessary, and we now have a better law under which to operate. The Banking Act of 1935 affords us opportunities for broader service and, at the same time, retains the fundamentals which we believe are so vital to our national welfare and which have played a large part in bringing our country, in a comparatively short space of time, to the position of the greatest industrial nation on the earth.

The Public and Banking
It is necessary that the public have a thorough understanding of the functions of banks, what they can do and what they cannot do, for it must be recognized that to many people the business of banking is still somewhat of a mystery.

We should frankly explain these functions to the public, acquaint them with the laws under which we operate and emphasize the vital part which banks play in the economic life of the Nation. Therefore, in order that there may be the fullest cooperation and understanding between the banks and the people of the country, it will also be one of our objectives to take the mystery out of banking wherever it exists in the public mind.

Banking Conferences
A series of Regional Conferences on Banking Service will be held in strategic sections of the country, embracing all types of banking. The new banking laws and the regulations issued thereunder will be carefully analyzed so that our bankers will have a thorough understanding of the broadened services now made possible.
The question of public relations and how we can best serve the people of our communities will be another topic of discussion. Clear and frank answers to public questions of interest to bankers and the problems confronting them in their particular localities will also be included in these conferences.

PUBLIC ATTITUDE HELPS THE BANKS

Annual Bankers Convention Says People Have Had Confidence Restored—Recommends Changed Government Policy

The restoration of public confidence in banking has put it in the position where it can function fully and vigorously in playing its full economic part in the process of recovery, said the American Bankers Association in its annual convention resolutions.

"The passage of a generally constructive banking law in the Banking Act of 1935 has stabilized the banking situation and enabled bankers to devote undivided attention to the normal administration of their institutions in promoting the business and public welfare of their communities," the resolutions said.

"We feel that it is a particularly important feature of this law that it aims to create through the revision of the Federal Reserve Board a Supreme Court of Finance which, with the non-political appointment of exceptionally competent men, should constitute one of the greatest forward steps in building a sound banking and credit system for this country."

The Government in Banking
Another resolution said: "We particularly emphasize the desirability of the retirement of government from those fields of extending credits of various types which can be adequately served by privately owned institutions. We recognize that the exigencies of the now passing depression made ne-essary a large participation by government for a time in the task of meeting the public's emergency financial needs.

"Those conditions have been largely remedied and the obligation now rests upon the banks and other financial agencies to demonstrate to the people of this country that they are fully able and willing to meet all demands upon them for sound credit cooperation. It is our duty as bankers to facilitate in every effective way the retirement of government agencies from credit activities by promoting public understanding of the proper function of privately owned banking."

ACCURATE RECORDS

The keeping of accurate records constitutes an essential part of any successful business management, whether manufacturing, merchandising or farming. It is quite generally conceded that any good business concern keeps adequate records, and this procedure is equally important in the business of farming, declares the Bulletin of the American Bankers Association Agricultural Commission.

GIRLS BASKETBALL TEAM PLANS TO ATTEND TOURNAMENT

An invitation has been received and accepted by the girls' basketball team of the local high school to take part in an invitation tournament which will be held at Petersburg this week end, states J. E. Hancock, coach. The invitation stated that it is hoped this will become an annual event. All girls high school teams of the South Plains have been invited to enter. If all accept, more than 30 schools will be represented.

It is to be a consolation tournament with suitable trophies going to first and second place winners, and also first place consolation winners.

Entries were required to be in by four o'clock Monday afternoon, according to the invitation.

FORD MOTOR CO. TO EXHIBIT AT TEXAS CENTENNIAL

Dallas, Jan. 14.—The Ford Motor Co. will enter the Texas Centennial Exposition when it opens here in June with a building and exhibit investment of \$2,250,000. Announcement of the Ford Exposition program was made from Dearborn, Michigan, after a conference between Henry Ford, Edsel Ford, Nathan Adams, chairman of the Exposition directorate, and Paul M. Massman, director of Exposition exhibits. Plans for a \$1,200,000 Ford building for the Exposition have been drawn by Albert Kahn, New York architect.

Work is to start on or before February 15, with completion date set for May 1.

The structure will be of steel and concrete with wide patios and exhibition spaces. It will include an amphitheatre for a series of elaborate musical and entertainment programs which the Ford company will present during the progress of the Exposition.

A feature of the Ford plans will be "Roads of the Southwest." This will consist of a series of replicas of historic Southwestern roads and trails which will be constructed around an ornamental lagoon near the Ford Building. Each section of historic road will be appropriately landscaped and Ford cars will carry Exposition visitors across the

TWO ENTERTAIN FRIDAY HONORING RECENT BRIDE

Naming as honoree Mrs. J. T. Middleton, who before her marriage during the Christmas holidays was Miss Modene McLaughlin, Mmes. Bowlin and Whigham were gracious hostesses Friday afternoon of last week at a miscellaneous shower at the home of Mrs. Bowlin.

In the spacious living room, group games and contests were enjoyed by the guests, and at the conclusion of these contests, Mrs. Middleton was given a tiny cedar chest in which was a map and directions leading to a hidden treasure. The treasure when found, of course was the collection of gifts.

Seldom is any bride so beautifully showered with every kind of gift, useful, dainty, and appropriate, as was Mrs. Middleton on this occasion. She expressed her appreciation in a few gracious words and then passed each gift among the guests to be admired.

More than twenty guests who could not attend, sent their remembrances and best wishes. During the refreshment hour, the bride's book was passed and in it each guest registered and wrote a favorite recipe.

Delicious chicken salad sandwiches and hot chocolate topped with whipped cream were served to eighty guests.

FAMILY DINNER PARTY WAS HELD SUNDAY

A family dinner party was held at the home of Mr. and Mrs. W. R. Gibson last Sunday celebrating two important events. It was the birthday of Mr. Harold Gibson and it was also the third anniversary of the wedding of Mr. and Mrs. Randall Gibson.

A turkey dinner with all the trimmings was served at 1 o'clock. At the dessert course, a beautifully decorated birthday cake, bearing eighteen lighted candles was placed in front of Harold, who cut and served to the guests.

Guests for this pleasant occasion were the three honorees, members of the family and Miss Dorothy Jordan.

MISS LEOTA JONES AND O. E. McMICKIN MARRIED

In a quiet ceremony read in the reception room of the Methodist parsonage, and witnessed only by members of the parsonage family, Miss Leota Jones and O. E. McMickin were united in marriage last Friday evening, January 10. Rev. M. R. Peck, pastor of the church read the words which made them man and wife.

Both these young people are well and favorably known in this territory. The bride is one of the most charming and attractive young ladies in her community, and is deservedly loved by all who know her.

Mr. McMickin also has scores of friends in this part of the county who esteem him for his many sterling qualities and it is felt that these two are the material from which a real home will be built as the years go by.

The Index joins with other friends in extending hearty congratulations and best wishes for a long and happy married life.

MISS LOU MCKEE WEDS WOODROW ABLES RECENTLY

A marriage of much interest to local people took place on Saturday evening January 4, when Miss Lou McKee and Mr. Woodrow Ables were quietly married at the home of Justice and Mrs. D. M. Estes. Only intimate friends of the couple witnessed the ceremony, which was performed by Justice of the Peace Estes.

Both young people have resided in this territory for a number of years, and are well and favorably known to a wide circle of friends.

The Index joins with these friends in extending hearty good wishes for a long and happy married life.

MISS JUANITA CLARK AND BILLY SNELLGROVE MARRIED

Another holiday marriage of interest to O'Donnell people was performed by Justice of the Peace D. M. Estes, New Years Eve, when Miss Juanita Clark and Mr. Billy Snellgrove were quietly

married at the Estes home. Only intimate friends were present.

These young people are popular and well known residents of the O. K. community, where they have lived for many years. Both have been students of the local public schools, having graduated with the class of 1932. During their student years, each took an active part in scholastic affairs, being popular among their classmates and with their teachers as well.

The Index joins with other friends in extending hearty good wishes for a long and happy married life.

NEWLY WEDS HONORED WITH SHOWER TUESDAY

Honoring Mr. and Mrs. Jake Burkett, who were married New Years Eve, a number of friends surprised them with a miscellaneous shower last Tuesday evening.

The guests met at the home of Mr. and Mrs. Gum Minton and from there went in a group to the Burkett home. Among other forms of amusement an old fiddlers contest was suggested. Contestants in this hilarious event were Fletcher Johnson, Jake and Elmo Burkett, Cuvia Taylor, Mutt Gilliam and Mrs. Burkett. The judges declared that the contest ended in a tie between Mr. and Mrs. Jake Burkett, and that they must share the prize between them.

The gifts were then brought in and presented in a huge laundry tub, which was itself one of the gifts. The contents of the tub proved to be every kind of household article and were received with sincere appreciation by the honoree. Vocal and instrumental music were enjoyed throughout the evening. Cake and hot chocolate were served to sixty guests.

The marriage of this popular young couple was solemnized at Tahoka on New Year's Eve, with Elder R. P. Drennon reading the ceremony.

The groom is the son of Mr. and Mrs. John R. Burkett, and is well known among O'Donnell people. He was a student in the local public school and has been prominent in church and musical circles of the town for a number of years. The bride is the daughter of Mr. and Mrs. E. A. Wright of the O. K. community and is considered one of the most charming ladies of that section.

They will be at home to their friends within the next few days at their new home at Ackerly, Texas.

Miss Laynetta Smith, Mrs. W. J. Smith, Mrs. Hafford Smith and Mrs. Koeninger were in Lubbock shopping Friday afternoon.

MOORE BROTHERS, TWINS ANNOUNCE MARRIAGES

Announcements have been received here telling of the weddings of two former O'Donnell boys, Jay W. and Kay K. Moore, twin sons of Mr. and Mrs. L. H. Moore. These young men, with their parents, lived in and near O'Donnell for many years prior to their removal to the New Home community.

Details of the two weddings were given to us as follows: Jay was wed to Miss Edith (Pats) Walker, a nurse in the Lubbock Sanitarium, on June 9, 1935, but they kept their marriage a secret until this week, when they made announcement of the happy event. The marriage vows were taken at the home of Rev. H. C. Smith, Methodist pastor here at that time, who officiated.

Young Mr. Moore was practically reared in this county. After completing the high school course he was a student in Tech college and is a graduate of the Coyne Electrical School of Chicago.

The bride is the daughter of Mr. and Mrs. H. H. Walker. She has been a student nurse in the Lubbock sanitarium for the past three years. She is a graduate of the O'Donnell High School and of the Byrne Commercial College of Dallas.

Mr. Moore recently bought a quarter section of land adjoining his fathers farm about five miles northwest of New Home and the young couple will make their home there.

The other twin brother, Kay K. Moore, and Miss Mary Lawrence Caswood of Topeka, Kansas, were married in that city of Christmas Day, Mr. Moore enlisted in the Calvary Division

of the U. S. Army about three years ago, and since August 1935, he has been taking the instructors course in the Calvary school at Fort Riley, Kan. He is a corporal. Recently he re-enlisted and will be promoted to the position of Reserve Lieutenant.

The bride has been reared in Topeka her father being a business man of that city. She is a graduate of the Topeka High School.

They arrived at the home of his parents in this county Saturday for a visit and left for Topeka Thursday. Their home will be in that city.

MACK NOBLE'S MOTHER UNDERGOES OPERATION

Mr. and Mrs. J. Mac Noble Jr. were called to Lubbock Saturday evening by news of the serious illness of his mother, Mrs. J. M. Noble, who has been in a Lubbock sanitarium several days for treatment before surgery.

Mrs. Noble underwent this surgery at an early hour Sunday morning, and as this article is being written, we have been unable to learn definite details concerning her progress. We are informed that the lady has been in very poor health for several years, and that recently her trouble has grown much worse, finally necessitating the operation for removal of gall stones. As her advanced age and in her weakened condition, this operation was a decidedly serious one. In fact, attending physicians and surgeons extend very little hope to the family for her recovery.

Both Mr. and Mrs. Noble have visited here frequently in the home of their son and his family, and during these visits have made many friends here. News of her illness was greeted with much concern here, and scores of O'Donnell friends have called at the hospital and at the Noble residence here to secure late information.

We hope to have the latest news as to her progress before the Index goes to press; if so, this information will be added to this article. In any case the Index joins with other friends in extending sincere wishes for her speedy recovery. It has been our pleasure to meet both Mr. and Mrs. Noble, and to be somewhat intimately associated with them during some of their visits here, and for this reason our interest is a personal one.

Joe Alexander, editor of the Dawson County Courier at Lamesa was in O'Donnell on business Monday.

Are You Tired?

Did the stress of the holidays leave you feeling and looking like you had just lost your best friend? It did?

Well then, dear lady, what you need to restore your freshness and your usual charm and beauty is a trip to our beauty salon and a complete going over at the hands of our skilled operators. A facial, a new wave, a hot-oil shampoo, and the other ego-restoring administrations which we give you at such little cost, will make a new woman of you. Or rather, they will bring out the real YOU which has been hidden under the bushel of petty cares and exacting duties which a lot of entertaining and visiting always bring in their train. Let us help you face the spring season untraced and ready for anything.

Merle's Beauty Shoppe

MERLE WOMACK, Owner

Delivery Service

W. H. Miller, owner and manager of the Help-Yourself Laundry here, never loses an opportunity to be of service to his patrons.

The latest effort is meeting with splendid response. Mr. Miller secured the services of Mrs. Annie Lou Simpson, who will, for the small fee of ten cents, call for any patron and her laundry, take them to the building, and return them home again. If any customer should desire Mrs. Simpson to do the actual work, she may secure this additional service for only fifteen cents more. These fees are, of course, in addition to the regular fees charged by the laundry itself, and are to be settled with Mrs. Simpson. This work is strictly cash.

Call Mr. Miller if you wish this delivery service or if you wish Mrs. Simpson to do the laundry.

LOCAL GIRL ENTERS NURSES TRAINING

Miss Josephine Morrison, daughter of C. B. Morrison, enrolled last week in the Lubbock Sanitarium training school for nurses.

Miss Morrison has lived here most of her life, receiving her diploma with the class of 1932. She ranked high in scholastic attainments and was one of the most popular students in high school. Since her graduation, her time and assistance have been needed at home until recently. It is believed that she has a natural inclination for the profession she has chosen, and that she will be very successful in this work. The Index joins with other friends in extending sincere good wishes to the young lady.

PASTOR WILL ATTEND SPECIAL STUDY COURSE

Rev. M. R. Pike, pastor of the local Methodist church, will not hold regular services here next Sunday, it was announced here this week.

Rev. Pike, along with other pastors of Methodist churches in this district will be in a three day seminar at Plainview commencing next week. Dr. J. I. Scholer of Elk City, Oklahoma, will know speaker, prominent in religious circles of the southwest will conduct this special training school.

Announcements concerning next Sunday's services will be found elsewhere in the Index. They had not been decided on when this article was written.

CAVENESS REPORTS ON AUSTIN MEETING

H. P. Caveness, county superintendent of public instruction, returned last Friday from Austin, where he had attended the annual conference of county superintendents of Texas.

He reports one of the largest crowds and the most interesting meeting he had ever attended. Educators and instructors from all over the state were present, and lectures were delivered on every phase of school work.

One of the high lights of the meeting was an address from State Superintendent, L. A. Woods. In this talk, Mr. Woods told the assembly that 2,000 schools in Texas are teaching 100 many one-teacher schools were attempting to teach eleven grades, and he urged superintendents to attack the problem of proper classification in order that rural school work may be standardized.

Mr. Woods continued by pointing out that more than 30,000 rural boys and girls are enjoying the advantages of program of transportation based on affiliated high schools under the state county wide systems of buses.

Mr. Caveness said that in addition to county superintendents there were also in attendance 30 county judges, 15 rural school supervisors, 30 members of boards of trustees, and several principals of rural high schools.

METHODIST CHURCH MEMBERS EXPRESS APPRECIATION

Members of the local Methodist church and their pastor, Rev. M. R. Pike, wish to express to the community as a whole their sincere appreciation of the interest and cooperation which were accorded the presentation of our pageant last Sunday evening.

Attendance was beyond our expectations and the many remarks of praise which followed this service were cordially appreciated by every one who in any way assisted in this presentation.

To Miss Westmoreland, Gooch, and Shook special thanks are due for their patient and efficient direction. Cicero Smith Lumber Company is also due our special thanks for the use of building materials for several of the scenes. The use of curtains and furniture was also much appreciated and the directors extend personal thanks to those who cheerfully loaned these articles. Mrs. E. E. Gilbreath graciously assisted in a most material way by furnishing the beautiful log cabin and landscape picture.

WANTED: To sell you a used tractor.—LaGrone Implement.

Mrs. S. G. French and daughter, Miss Sidney G. have returned to their home after an extended visit with friends here.

Mr. and Mrs. Randall Gibson of Tahoka were guests of relatives and friends here a short time Saturday afternoon.

WANTED: 500 Miles and Horses. LaGrone Implement.

Mr. and Mrs. H. R. Womack and Miss Merle visited relatives in Lubbock Sunday.

Kenneth (Percy) Askey, student of Tech, celebrated his birthday by visiting his parents here during the week end.

PAGEANT-DRAMA PRESENTATION DECLARED A GREAT SUCCESS

An enthusiastic and reverent congregation witnessed the presentation Sunday evening of an entirely new form of church service; new to local people at least. This service was a pageant-drama entitled "The Power of the Word—and Fine Gold", and was staged at the Methodist church by its members. Mrs. Fay Westmoreland was in general charge, with Mrs. Paul Gooch directing the speaking chorus and Mrs. Carey Shook the musical parts.

This interesting and beautiful work was written, or produced, by the American Bible Society to be used in the four hundredth anniversary of the printed English Bible as it was translated and printed by Miles Coverdale at the order of Thomas Cromwell in 1535.

MRS. TERRY SLIGHTLY IMPROVED THIS WEEK

We are glad to announce that Mrs. J. W. Terry, who has been gravely ill for more than two weeks as result of an attack of flu and pneumonia, is decidedly improved this week.

Members of the family had been called from their homes elsewhere, and for several days no hope at all was held for her recovery.

To add to their anxiety, Mr. Terry also became seriously ill and was confined to his bed for almost all of last week. He is able to be up as we go to press.

The Index, with other friends, extends congratulations on this improvement, with the sincere hope that it may continue.

DAIRY SCHOOL PLANNED AT TAHOKA SATURDAY

We are asked to announce that a dairy demonstration will be conducted Saturday, January 18 at Tahoka, for the benefit of Lynn county home demonstration club women. The demonstration will be conducted by Kenneth Renner, head of the dairy department at Texas Tech college and will be held at the American Legion Hall, beginning promptly at 9 o'clock.

Mr. Renner will score sweet milk, market cream, butter, and cottage cheese. He will also make butter, cottage cheese, and quick process cheese, and American cheese.

All club women and others interested are cordially invited to be present, states Miss Sylvia Robb county home demonstration agent.
