O'DONNELL, LYNN COUNTY, TEXAS, THURSDAY, AUGUST 24, 1933

NUMBER 48

Saturday, August 26 Election Day in Texas

Six Questions Facing Texans

When Lynn county's voters go to the polls Saturday to register their opinions on six propositions, it will be the first election held under the new election law requiring election officials to telephone returns to the county clerk or the county chairman when the count is complete.

Only four of the six questions are arousing much discussion, or seem to be generally known by the public. They are legislation of the sale of 12 beer in Texas; state referendum to say whether or not Texas will vote the repeal of the 18th Amendment; conferring home rule on counties of more than 50,000 population; authorizing the legislature to issue twenty million dollars in bonds for unemployment; and perfecting the amendment exempting \$3,000 homesteads from all ad valorem taxes, so as to include certain coastal counties within its provisions.

Of the four, those relating to the liquor question have provoked the most discussion.

In Lynn county less than half the citizens will be able to vote. This year being an "off" year, many voters were sought unawares, and only 1124 poll tax receipts were issued this year as compared with more than 2400 last year. In previous years the total has gone as high as 3000. Poll tax receipts issued by boxes according to the tax collector are as follows:

North Taboka	236
O'Donnell	124
Wilson	156
New Home	141
South Taboka	100
Morgan	70
Grassland	67
Daw	51
Dial	56
Gordon	45
Waller	39
New Moore	14
Westpoint	14
Three Lakes	3
TOTAL	1142

W. A. Tredway will conduct the election at the O'Donnell school. The polls will open at eight o'clock Saturday morning at the Grammar school building, and will close at seven.

Mrs. Edwards Submits To Major Surgery

Mrs. J. Wright Edwards of the Three Lakes community, was taken to a Lobeck sanitarium Sunday of last week and underwent major surgery there Monday morning. We were unable to secure details in time for this week's issue of the Index, but are indeed glad to know that she is doing very well.

Other O'Donnell patients are recovering nicely. Mrs. W. L. Palmer was brought home Wednesday, and is fast regaining her strength. Reports from Mrs. Fines Gleghorn are hardly as encouraging as her many friends could wish, but it is sincerely hoped that she also will soon begin to show a decided improvement.

D. M. Estes Undergoes Operation In Chicago

News was received here Friday of last week that D. M. Estes had submitted to major surgery in a hospital at Chicago, Ill., where he and Mrs. Estes are visiting their son, Edwin Ferguson. The operation was a very serious one, for the removal of gall stones and other complications, but we are glad to know that Mr. Estes is doing as well as could be expected.

He and Mrs. Estes arrived in Chicago, where they expected to attend the Century of Progress exposition, on Friday, August 11, and he was taken to the hospital the next day. His condition was such that it was necessary to treat him before he was able to stand the operation.

Mrs. Estes writes that as soon as she is able they will likely continue on to Washington to see the president and her daughter, Miss Winnie Ferguson and other relatives before returning. The Index joins with other friends in the sincere hope that Mr. Estes will soon be fully recovered.

T Bar Meeting Will Close Sunday Evening

Rev. W. R. Burnett announces that the revival meeting which has been in progress at the T Bar church will close with the evening service Sunday evening.

Much interest has been shown in the meeting there, and the public is expected to come and take part in the evening services.

Bond Issue Important In Saturday's Election

Though the repeal question has held the center of the stage for the past several months, the proposed twenty million dollar bond issue for unemployment is of more vital importance to Texas at this time.

Boiled down to the lowest terms, the Federal government has stated without equivocation that unless Texas vote favorably for this issue, no further Federal funds will be available for the relief and care of the destitute and unemployed in this state. Texas is one of the two states not already supplementing Federal relief funds, and at a meeting held in Austin last week, attended by county chairmen in charge of this work, it was emphasized time and again that the August allotment will be the last aid to be received from the Federal government unless the bond issue carries. Reports from the 254 counties state that there will be little or no local funds available if Federal aid is withdrawn. Each county pleads for the release of this bond issue.

The Federal government has given Texas approximately \$12,000,000 for relief. With a population of 6,000,000, Texas has at this time 1,570,000 unemployed, or more than one out of every three on the relief rolls. It is estimated by county chairmen that this figure will be increased by winter.

The bond issue is for twenty million dollars. Divided by 6,000,000 we find that each citizen is being asked to pay \$3.33. But we have ten years to pay it, or 23.3 cents annually. Even with interest added, it will amount to only half a dollar.

The Federal government wishes authorized Harry Hopkins, relief director, to say that if the bond issue carries, the federal government will see there is no suffering in Texas this winter, even if it takes another twenty million dollars. However, it does not take the attitude that Texas needs not help herself, the government will assume that aid is not needed, and will spend its relief funds elsewhere.

Texas stands 46th in the column of destitution. This means that 45 states are in worse condition than we are, and only two better off. Surely we are able to take care of a bond issue to relieve our own needy.

Baptist Revival Closed At Evening Service

The revival which has been conducted the past two weeks by Rev. Lawrence Hays at the First Baptist church, closed Sunday evening when the pastor, Rev. L. S. Jenkins, baptised nine persons into the church. Several more candidates have been approved for baptism.

The revival was a very gracious one in many ways. The preaching was unusually good, and the singing added much to the services. Attendance was also fine, especially at the evening services.

The church feels that much good was accomplished during the meeting.

Buttercup Wins Honors In Missouri Show

E. W. Hester received a telegram Thursday of last week from T. F. Fancher, manager of the dairy division of the Longview Farm in Missouri, stating that Buttercup had been declared grand champion of the Missouri State Dairy Show, held at Sedalia.

Buttercup, for several years head of Mr. Hester's dairy herd and famous throughout dairy circles as a sire, was sold recently to the Longview farm, and had only two weeks to get in condition for the stiff competition he met at the show.

Marriage Law Goes Into Effect August 31

County Clerk H. C. Story authorizes us to announce that on or after August 31 he can issue marriage licenses upon application, as the provision requiring the filing of application three days before the license is issued was repealed by the last legislature. It is generally understood and interpreted, however, that the man must still procure a certificate of health.

Quoting a contemporary, "The effect of the present law has been to drive most of the young people desiring to wed over the line into New Mexico to procure the marriage license."

M. C. Hamilton of Lubbock was here on business Monday morning.

Brother Of Local Man Killed In Family Quarrel

Mr. and Mrs. Lon Light were called Sunday evening to Roscoe because of the death of his brother, Arthur Light, who was killed by three bullets fired by his own son, Audrey Light, 21.

Funeral services were held for the slain man at Inadale Monday afternoon.

The son was released on \$5,000 bond after being charged with murder of his father. The elder Light, his chest pierced by three bullets from a .38 caliber pistol, died on the porch of his home in the presence of his wife and several children. The shooting was the aftermath of a family quarrel, details of which we were unable to learn.

Light made no statement after being taken into custody by Sheriff J. F. Parker, and the waiver examining trial upon arraignment before Justice Lewis Hall.

The slain man was a pioneer resident of Fisher county, having made his home in the Inadale community more than thirty years. He was the father of seven children.

O'Donnell Team Makes Good Showing At Tournament

Though the chance for Dawson county baseball championship was lost in game with Swenson Saturday afternoon, the O'Donnell team made an excellent showing in the county-wide tournament conducted at Lamesa last week.

The local boys won the first game on their schedule, at announced last week, defeating the Lamesa Legionnaires by a score of 4-3. On Wednesday, Sparenburg went down to the tune of 9-4. Batteries were: O'Donnell, Pierce and Harris; Sparenburg, McNe and Williams.

The winning streak played out Friday afternoon however, O'Donnell losing the game with Lamesa by a score of 6-1, and the final chance was lost in the Saturday game; Swenson winning by a safe margin.

Swenson won the tournament championship by defeating Lamesa in the final game Monday, 1-0 in 12 innings.

Lynn County Pays \$161,176 In Taxes

According to a statement issued several days ago by state auditor Moore Lynn property owners in this county paid a total tax bill last year of \$161,176. Of this sum \$37,144.00 was used for state purposes.

The Emergency Tax Relief Committee located temporarily in Dallas, suggests that, according to reports of the United States department of commerce, \$111,507 could be produced in this county yearly from a general retail sales tax, without a "pyramided" levy collected but one time, or at the final sale. In the event such a sales tax is adopted by the special session of the legislature, the state and county state ad valorem property taxes could be eliminated and a consequent material reduction effected in local real estate taxes.

Plans For Lubbock Fair Going Forward

Lubbock, Aug. 23.—Definite plans for the twentieth annual Panhandle South Plains Fair, to be held here October 2 to 7, inclusive, are going forward rapidly since the election of officers for the year with E. C. "Dick" Smith at the helm as the new president.

Smith succeeds W. G. McMillan as president and will have as co-workers: Parker Prouty, Tom Gaston and Alex McDonald. Besides the officers and new directors, other directors are: E. L. Klett, Don L. Jones and L. E. Barr.

The John T. Wortham Shows with 12 riding devices, 40 stellar attractions, 25 railroad cars and 350 people will play the midway. Other attractions are being booked for the amusement end of the exposition. "Bigger and Better" the fair's theme from year to year, will again be the driving motive back of the exposition. Many improvements have been made each succeeding year since the first little showing was grouped together in a vacant shack twenty years ago.

Exhibits from all over the Plains and additional territory are invited by the directors who wish to make the exposition truly the "Show Window of the Plains."

Special Laymen's Service At M. E. Church Sunday

The men's Sunday School class of the Methodist church will have charge of the eleven o'clock service Sunday, according to plans now being perfected.

Mr. Don Edwards, who has taught this class for a number of years, states that each number will be presented by a member of the class, and that an unusually interesting program has been planned. The public is cordially invited to hear it.

Election On Local Option Is Refused

Reports given us Thursday by commissioner Waldo McLaughlin indicate that, even though Texas should go wet in the election Saturday, Lynn county will still have her own private law against the sale of beer and liquor.

The commissioner's court met Monday last week, and at this time considered a petition asking for an election Saturday to determine whether or not 22 beer may be sold in Lynn county in case Texas goes wet. By a vote of two to one, the election was refused on the ground that not a sufficient number of voters signed the petition asking for such an election. The petitioners were not represented before the court, but Judge C. H. Cain appeared for the opposition. By this action of the court the sale of beer will still be illegal in Lynn county even though the state votes wet.

Whether or not this will be of any benefit remains to be seen, but the Index is of the opinion that it will not. It is believed that the so-called "gin marriage" law, instead of prohibiting our people from buying and drinking beer, the present state of affairs will merely send them across a county line, just as Texas has lost hundreds of dollars in marriage license fees as couples went to Mexico and Oklahoma rather than comply with the regulation. Personally, we have never been very much in favor of state and county rights, believing that such government leads to confusion. A national election to determine the repeal question would, it seems to our historical feminine mind, be a most desirable thing for the whole nation, and this business of county and local option when an entire state is wet looks slightly ridiculous.

Now in case some of our readers should misunderstand some of the above statements, permit us to say that we most emphatically, as a news paper, as an editor, as an individual, do not favor the return of the old county and local option plan of enforcement of the prohibition amendment has proved to be an expensive failure, depriving the nation not only of the revenue derived from breweries, but imposing a constant drain on the treasury in the vain effort to enforce the law, and for this reason, we believe that some change must be made. It has seemed to us that the limited experience of those persons who have "no better sense than to drink will drink" in spite of hell and high water, while those who do not care for it are just as well off not caring at all as they are now. We are fortunate enough never to have seen the old-style saloon but we have seen a part of the evils of the bootlegging industry, and it seems that, when contrasted with that industry, liquor manufacture and sale under government control would be an improvement.

Under the law enacted by the Legislature last spring, when it goes into effect, in the event that the sale of beer is authorized by the voters on Saturday, an individual desiring to sell beer in any county must procure a license from the state. He must pay a selling fee to be drunk on the premises must pay an annual license fee of \$100.00, while those selling it in casks or packages not to be drunk on the premises must pay a fee of \$50.

But whatever your sentiments may be on this question, let your vote Saturday do your talking. Put up or shut up.

Methodist Revival To Open Next Thursday

The summer revival of the Methodist church will open Thursday next week at the evening hour. Rev. W. H. Cinds, pastor of the First Methodist church at Childress, will assist in the revival. Rev. Hinds is comparatively stranger to our people, but is said to be a wonderful speaker and leader.

The pastor, Rev. W. R. Burnett, and members of every person in this territory. You will be cordially welcomed at any or all the services.

O'Donnell School Plans Now Well Under Way

Football Practice Begun This Week

Coach Fletcher Johnson announces that practice and work-outs began Wednesday afternoon, and that football prospects for this season are indeed excellent. Plans for an outstanding season are well under way, three games already having been scheduled for the Eagles. A full program will likely be ready for announcement next week.

The first game of the season will be here on September 22, with the Seagraves team. During the Panhandle Sports Plains Fair, the boys will play Crosbyton at Lubbock and on October 27 a return game with Seagraves will be played at Seagraves.

With ten letter men as a foundation Coach Johnson believes that an unusually strong team will be developed this year. In the backfield will be Earl Howard, Lawrence Tredway, Rundle Foster, Ray DeBusk and Ben Morrison. Line men include Robert Line, Wayne Clayton, E. E. Stokes, J. B. Curtis and M. L. Webb. There may be some question as to Webb's eligibility and Curtis has not fully recovered from an injury received in the summer, so that the line-up may be lacking these two strong players.

Material coming in from rural schools promises to be unusually good. Mr. Johnson states, and he is confidently expecting the most successful season in several years.

It has been several years since O'Donnell has had an outstanding basketball team, and Coach is hoping to develop one this year. There are still a number of last year's track stars enrolled this year, and both Mr. Johnson and Superintendent Gilbreath hope to take the county championship away from Wilson at Interscholastic meet next spring.

Gail Rodeo Attracts Huge Crowd Saturday

Local people who attended the old-time cowboy reunion rodeo held at Gail Saturday were most enthusiastic in their reports of the affair. Indications are that it will become an annual event.

The reunion was formally or informally opened Friday evening with a cowboy dance, and the main rodeo events followed Saturday. Some of the contests were postponed over until Sunday afternoon, and many of the visitors remained over for that day as well. An estimated attendance of more than two thousand persons has been reported.

The reunion was very successful in the most important frontier towns in West Texas, and its history reads like a real western thriller.

Hand Is Injured In Meat Slicer

B. L. Davis, manager of the B & O Cash Store, did an unusually good job of slicing meat late Tuesday afternoon. In fact, it was entirely too thorough to be exactly comfortable.

As he pressed the loaf down against the not a novice, his finger was blade, Mr. Davis' left little finger was neatly peeled, the wound beginning at the tip of the finger and continuing the full length of that member, removing skin and flesh almost to the bone.

The injury bled profusely and Mr. Davis lost considerable sleep during the night, but was able to be on the job Wednesday morning.

Draper Buys Sheep For Midway Farm

I. M. Draper is going into the sheep business on a small scale. Monday he purchased nine Rambouillet ewes, three of them mere lambs from Texas Technological College, and they are beauties. He expects to raise some lambs, and gradually increase his herd, if he has good luck with his new adventure. He figures that it will cost him very little to raise a few sheep and that they will be a paying proposition.

sheep business, for he kept a flock of sheep years ago in Williamson county before moving to the plains.

Mrs. H. O. Fowler and little daughter returned Wednesday to their home in El Paso after spending the past month here with her sister, Mrs. R. C. Carroll and family.

Mr. and Mrs. John Johnson and family, Mrs. Glen Everett, attended the cowboy reunion and rodeo at Gail Saturday and Sunday.

Seniors To Meet September 1; Faculty Meets Next Day

Superintendent E. E. Gilbreath this week announces that plans for the opening of the public schools here on September 4th are well under way, and that every detail is being worked out.

Prospective members of the Senior Class are asked to meet at the high school building at nine o'clock Friday morning, September 1, to begin enrollment. Mr. Gilbreath remarked that classification and checking up of credits will be important features of the day's work, and also stated that schedule for some of the seniors will be rather difficult to arrange. These two factors are the reason for the unusually early call for a Senior class meeting.

Faculty To Meet
Members of the faculty will meet at the superintendent's office at ten o'clock Saturday morning, September 2, to work out details of department work and other plans for the year. Several of the teachers are already here, and written notification to the others will be looked after this week.

Entrance Exams To Be Held
That classification and checking up of credits will be important features of the day's work, and also stated that schedule for some of the seniors will be rather difficult to arrange. These two factors are the reason for the unusually early call for a Senior class meeting.

The Department has also ruled that transfers from rural schools into the Junior or Senior classes must take entrance examinations. This is being done in order that such students will have no trouble in the event they plan to enter college or university after graduation. The local high school has enough affiliated credits and to spare, to permit graduates to enter any school in the state without first taking entrance examinations, but credits received from a school of lesser rank would not be accepted, hence the necessity of entrance exams here.

Records Available in Numbers
Records available indicate that the local school will receive several students by transfer from other school districts. There are fifteen transfers from Dawson County, twelve from Lynn county and other districts, and at least three from Borden county. Eight students were lost from the school here through transfers to other districts.

New Textbooks Arrive
Some \$75 worth of new books are being arranged for distribution this week, approximately 150 volumes having been received Saturday. Mr. Gilbreath, assisted by other members of the faculty, is numbering and otherwise preparing them for the use of students. The number of books was about equally divided between high school and grammar school.

Public Program Monday
The school year will be officially opened with a public program Monday, September 4, in the high school auditorium. Mr. Gilbreath has promised that we may publish a tentative outline of the program in next week's Index.

Rex Theatre Opening Scheduled For Friday

Manager C. C. Caldwell states that the Rex Theatre will be ready to go Friday and that he has made all the arrangements for a gala opening. A high class comedy will be the opening feature one that will appeal to all ages and all kinds of people.

Seats and rugs were placed early in the week and the newest and best sound equipment has been installed, so that O'Donnell will have one of the best and most up-to-date small theatres in West Texas.

Mr. Caldwell, who comes from Livingston, has had several years experience as a theatre man, and knows the business from the ground up. He states that only the newest and the highest class pictures will be shown here, and that the new theatre will strive to at all times support the best interests of the town and territory.

During the past three years, O'Donnell folks have been compelled to go elsewhere to enjoy a good show but from Friday on, we can have our own amusement right here at home. See the Caldwell's opening program on another page of the Index and make your plans now to be here Friday.

Mr. and Mrs. J. Mack Noble Jr., spent Sunday in Lamesa with their parents, Judge and Mrs. J. E. Garland.

"THE CONQUERORS" TO RE-INSPIRE AMERICA

To those who are down-hearted, who have lost faith in the economic stability of the United States, an inspiring document of hope will make its appearance on the screen of the Rex Theatre, Sunday and Monday.

The picture is RKO-Radio's "The Conquerors," a magnificent, entertaining document of America's survival in bitter times and sweat.

Starring Richard Dix and Ann Harding, the film depicts, on a truly epic canvas, the economic growth of the United States from its trading post era, through three distressing periods of depression, to the present time of mass production in industry.

The film demonstrates dramatically the greatness of America. It proves through the spectacle of entertainment, that the United States has never led heretofore, and can still surmount all obstacles in its path to prosperity.

It proves additionally, that an economic depression is but a temporary affair which courage and hope can dispel.

Against this timely and dramatic background of historical facts, the producers have woven a sublimely beautiful story of a courageous couple. This couple dares the dangers of a backwoods trading post to advance the cause of commerce.

Portrayed by Dix and Miss Harding, this pair of typical Americans, with tenacious faith is the greatness of their country and belief in its institutions, too triumphant from the panicky days of 1873, again in 1893, and finally in 1929.

"The Conquerors" from an original story by Howard Estabrook, was directed by William Wellman. Its supporting cast includes Edna May Oliver, Guy Kibbee, Julie Haydon and Jed Prouty.

Mrs. Wiley Tune and children returned to their home in Hamilton last Friday after a week's visit here with her father, D. L. Proctor.

Mr. and Mrs. Guy Bradley had as their guests Sunday her parents, Mr. and Mrs. D. R. McVicker of Plainview.

Miss Norma Ruth Vermillion is visiting Miss Jewell Horn at Meadow this week.

Messrs. Jeff Musick and H. A. Lattimore returned Friday from a short business trip and visit at Ft. Worth and Toler.

 tives and friends here.

Break Ground for Silica Plant

Workmen began setting stakes
 Wednesday morning for the construc-
 tion of a silica refinery at the silica
 pits on the V. S. Castle farm six
 miles south of Tahoka.

It probably will require thirty
 days or more to complete the struc-
 ture, Mr. Castle says. The operation
 of the machinery will probably re-
 quire the services of possibly ten or
 twelve men.

The refined article will be worth
 many times as much as the raw ma-
 terial, and it has many uses. It is the
 principal ingredient of cleansing com-
 pounds, and is used in the manufac-
 ture of soap, tooth paste, cosmetics,
 paints, and other commercial prod-
 ucts. It is also used in building ma-
 terial and in highway construction.
 There will be a ready market for the
 silica after being refined, and the
 mining and refining of the vast quan-
 tities of silica in the Castle Lake
 will create quite a new and important
 industry for Tahoka.

The Texas Production Company
 will be the name of the corporation
 that will build and operate this plant.

These silica beds were discovered
 by J. B. Nance six or seven years
 ago, and for two or three years he
 worked earnestly to get capital in-
 terested in the development of the
 mineral. In fact, he has never ceased
 to be interested in the matter though
 the land passed out of his possession
 three or four years ago. These beds
 are said to be the richest of the
 kind that have been discovered any-
 where in the Southwest. For the past
 several months, Mr. Castle and others
 have been mining and manufacturing
 the raw material but on account of
 long hauls and high freight rates this
 has not proved to be a very profit-
 able business. For the refined prod-
 uct however, the freight and other
 transportation charges will be negli-
 gible, and for this reason Mr. Castle
 sought to interest capital in the building
 of a refinery here—and he has
 succeeded.

The deposit, known locally as sil-
 ca, is volcanic ash, and likely settled
 over this country following the erup-
 tion of some now extinct New Mexico
 volcano in the past ages.—Lynn
 County News.

Miss Catherine Haidy, who has
 been the guest for several weeks of
 her sister, Mrs. C. H. Cabool, and
 Mr. Cabool, returned to her home in
 Borger Thursday of last week.

Miss Leona Holman spent last
 week at Snyder with Miss Marilyn
 Roberts.

Rate of 35c Per 100 Set By West Texas Ginners

A ginning rate of 35 cents per 100
 pounds was set by the West Texas
 Ginners association for the 1933 cotton
 crop, according to word from Abilene
 yesterday, where the meeting was
 held Thursday.

Wrapping charges were placed at
 \$1.25.

The schedule was suggested by J.
 E. McDonald, state secretary of agri-
 culture. Approval was made as a
 part of the plans for the Blue Eagle
 program.

Officers named were: W. J. Ely,
 Snyder, elected president; George
 Williamson, Amson, vice-president;
 William Dorn, Colorado, was named
 secretary-treasurer. Ely was named
 director for the district and Roy Cur-
 tis, retiring secretary-treasurer, al-
 ternate director.

John W. Thompson, secretary of the
 Texas Ginners association was the
 principal speaker. He urged ginners
 to "operate under the blanket
 code outlined by General Hugh
 Johnson" in so far as they can "until
 the industry's code is okayed in
 Washington. The meeting adopted
 resolutions to this effect.

In the West Texas area there are
 242 gins. The area includes from
 Peecos to Snyder, Seymour, Coleman
 and San Angelo.

Mack Wilson was in Lamesa on
 business Tuesday afternoon.

B. L. Davis made a business trip
 to Lubbock Tuesday afternoon.

Mr. and Mrs. Ed Goddard and
 family, accompanied by Miss Connie
 McConal, went to Carlsbad Wednes-
 day, returning Friday of last week.
 They visited the Cavern while there.

Mr. and Mrs. John S. Fritz, accom-
 panied by Mr. and Mrs. Calvin Fritz
 returned several days ago from an
 extended vacation trip which took
 them through the wonders of the
 Painted Desert and the Petrified For-
 est. They were fortunate enough to
 be able to secure several specimens
 of the petrified wood, and can tell
 some interesting and unusual anec-
 dotes of these two mecca of vaca-
 tioners.

Red & White Stores Stage Picnic Wednesday

Local Red & White dealers and a number of their customers attended the third annual picnic at Two Draw lake at Post last Wednesday afternoon.

Participating in the picnic were those of the South Plains area and several from the eastern part of New Mexico according to Tom Pearce, branch manager of the concern.

O'Donnell was well represented on the program, three numbers being rendered by local people. Music by the Davis-Burkett stringed orchestra a reading by Miss Attrice Randie, and a song by Misses Margaret and Norma Ruth Vermillion were highly appreciated and applauded.

Short talks were made by prominent men of the Red & White organization and by civic and community leaders present, while other musical and recitation numbers were presented by other communities.

Farewell Party Honors Miss Malone

Naming as honoree Miss Lucille Malone of Plainview, a number of young people of the town held an informal reception and party at the Baptist tabernacle Monday evening. Miss Malone made many friends here during the progress of the Baptist revival, in which she assisted.

Group games were enjoyed until a late hour by Misses Tixie and Grace Harville, Verna Mae and Ava John Anderson, Ruth Marie Howard, Mary Hamilton, Iva Dimple Hancock, Helen Nance, Meta McCracken, Mrs. F. A. Anderson, Mr. and Mrs. Eldridge and Mr. and Mrs. Hubert Nixon, Messrs. Desmond Vandell, Glen Payne, George McCracken, Therman Anderson, Charles Nance, A. C. Hamilton, Douglas Ballew and Earl Howard.

Miss Underwood Weds Maurice Morris

(Intended for last week)
Rev. L. S. Jenkins, pastor of the First Baptist church, officiated at a simple and lovely ceremony August 23 in the reception room of the parsonage, uniting Miss Pauline Under-

wood and Mr. Maurice Morris in marriage. Both young people are widely known to scores of friends throughout this section, and are justly popular in their community.

The Index joins with other friends in extending congratulations and best wishes.

Booster Band Is Entertained Saturday

Marking the close of the two weeks splendid work, the Booster Band which was organized during the Baptist revival by Rev. L. S. Jenkins, was entertained Saturday afternoon at the tabernacle. Approximately 90 youngsters attended the affair, at which various amusements, including a baseball game were enjoyed.

Refreshments of soda pop, ice cream and candy were served. During the meeting the Boosters were very active in urging people to attend and to read the Bible each day. Average attendance was from 65 to 85. Miss Lucille Malone of Plainview assisted the pastor in this work. Immediately following the affair, the Boosters went down town to assist in the prohibition rally which was sponsored by the Baptist church. The children sang a number of songs to open the rally. Rev. Lawrence Hays of Tuhoka, who preached for the revival, delivered an exceptional prohibition sermon that afternoon, presenting arguments and facts on the situation in an interesting and appealing manner. A large crowd heard him.

Young People Are Entertained Saturday

Immediately following the church services Saturday evening, song-leader R. E. Key entertained the young people of the town with a watermelon feast. More than one hundred guests were present.

Mr. Key directed the entertainment splendidly, keeping the crowd busy with games and stunts throughout the evening.

Attendance of the young people at the revival grew with each service. They enjoyed the daily meetings with Mr. Key at the Presbyterian church, and great interest was manifested, a number of decisions being made by those who participated.

These entertainments for the Boost-

ers and young people were successful because of persistent work and especially by the splendid cooperation of the local business men who contributed in various ways. The church hereby extends hearty thanks and appreciation to each of them.

Miss Crie Married To Francis Gill

Announcement was received by the S. M. Clayton family here last week of the marriage of Miss Elizabeth Crie of Tuhoka to Mr. Francis Gill, also of that place.

Mrs. Gill is a niece of Mrs. Clayton, and has visited here on a number of occasions. Her many friends here join in wishing the couple a long and happy married life.

W. M. S. Elects Officers Monday

The W. M. S. of the First Baptist church met Monday afternoon in a business session. The following officers were elected for the coming year: Mrs. Drew Hobdy, president; Mrs. L. M. Eldridge, vice-president; Mrs. L. S. Jenkins, recording secretary; Mrs. F. A. Anderson, corresponding secretary, treasurer and young people's leader.

Delicious punch was served to the following members and visitors: Messdames Matt Brown, F. M. Vaughn, John Anderson, W. A. Hinkle, J. E. Vaughn, Clark Greenwood, F. A. Anderson, L. S. Jenkins, B. D. Ballew, C. O. Lawler, H. E. Lawler, Jeff Musick, Bob Dabonport, L. M. Eldridge, H. E. Nixon, Drew Hobdy, Cummings, and Berry of Draw. Every member is urged to be present next Monday for a Royal Service program.

Popular Couple Weds At Tatum Wednesday

Announcement is made this week of the marriage of Miss Lucille Townzen to Mr. Elias Barnes, the ceremony being performed in the parsonage parlor at Tatum by the Baptist pastor at that place.

Mrs. Barnes is the daughter of Mr. and Mrs. Robert Townzen of the T. B. community. By her charming manners and winsome personality she has won the affection and esteem of all who know her, and has through these same characteristics been a leader in the social, religious, and school life of the T. B. and Wells communities. She graduated from the T. B. high school in 1920, and entered Howard Payne College at

Brownwood that fall. Later she attended Texas Technological College at Lubbock, majoring in music. She taught music at the Wells school two years, making a successful record in this work. This fall she took up a business course at Draughon's College at Lubbock, where she will continue her work.

Mr. Barnes is the son of Mr. and Mrs. A. J. Barnes of the Wells community, and has a host of friends who admire him for his standards of living, in social and religious ways. He was a leading student in the Wells school before taking up farming, which occupation he will continue to follow.

The Index joins with other friends in extending congratulations and best wishes to these fine young people.

Celebrates Birthday With Party Wednesday

Master Billy Elmore celebrated his ninth birthday with a party last Wednesday afternoon at the home of his parents, Mr. and Mrs. John Elmore, in the Randall community. Various games were played during the afternoon, and at the refreshment hour, watermelon, cake and ice cream were served to the following guests: Misses Geneva McKee, Oleta Wyche, and Mary Ann Stuteville, Messrs. George Lynn and Clyde Wyche, L. D. Bingham, Grover and "Man" Stuteville and the host.

HERE'S ONE GOOD WAY TO END THE AGONY OF NEURITIS

Newark Man Knows How And Loses 10 Pounds

"Gentlemen: I used Kruschen Salts to try and get rid of Neuritis from which I had suffered for one year in my left shoulder and arm. I took a little of the salts in the morning, so at times in my coffee, other times in water. I would also occasionally take a dose in water at night before retiring. For three months I used the salts and while I lost 10 pounds in weight, the pain in my shoulder HAS ENTIRELY DISAPPEARED. During the time I was taking the salts I had no other medical treatment so I am fully convinced the Kruschen Salts did the trick." C. K. Murray, Newark, New Jersey.

Take one half teaspoonful of Kruschen Salts in a glass of hot water every morning—a jar lasts four weeks—get it at any drugstore in the world—costs but a trifle.

TO SELL ICE CREAM

The W. M. S. of the First Baptist church will sell drinks, ice cream, and cake, sandwiches and pie in town Saturday, August 26. Members ask your patronage.

Cotton Checks Due In Area This Week

Telegrams to all county and special agents directing cotton reduction in the south were received Wednesday of last week, these messages stating that checks were being mailed to reduce production this year.

Millions of dollars will thus be freed, payments not to be reduced by the amounts owed the government for seed and crop production loans. Also included will be freed loans of the regional agriculture credit corporations which do not bear endorsements by third persons and have not been discounted by federal intermediate credit banks.

Lynn county farmers will thus receive approximately half-million dollars, some \$243,151.50 to be received immediately in cash, the remaining \$309,000.00 to be received later on option contracts. Farmers of this county pledged a total of 71,789 acres, with an estimated average yield of 128 pounds of lint per acre. 651,000 acres were pledged in the nineteen South Plains counties.

Only slightly more than six per cent of the funds received in the cotton reduction checks will be used in paying government loans, according to estimates received in this office Monday. Thirty-four hundred South Plains farmers borrowed \$396,135.00 this year from the crop production loan office. Seventeen thousand four hundred and eighty-three farmers in these counties sold an average of 40 per cent of their cotton. These men will receive \$6,313,404 for their crop, less the amount borrowed. Average income to the farmer will be \$316.12, or a clear profit of \$244.57 each after paying an average of \$11.11 to Uncle Sam. Feas and seed loans, made through another branch of the Farm Credit Administration are not included in these estimates.

Henry Morghanthau Jr., governor of the farm credit administration, states that a debtor farmer in the case of these seed, feed, and crop production loans will be "not compelled to liquidate a proportion of his debt if his circumstances are such that he can do so."

By this statement, one of our temporaries explains, Mr. Morghanthau means that if the debtor to pay a hospital bill and buy a car she has been needing, he will be compelled to pay his debt to the government until it is due, but plans to buy a new automobile go to the Fair with his check, he is expected to first pay Uncle Sam. Lynn county borrowed \$840,000 this spring, 401 farmers owing amount to the federal government.

Mrs. M. A. Scott and children turned Tuesday afternoon from extended visit with relatives at Ira and Wichita Falls. They were accompanied on their return by Monroe Reeves of Electra, who turned to her home Wednesday. She was accompanied by Miss Frances Scott, who will visit several other relatives.

Mrs. Paul Gooch visited from Lamesa last Tuesday evening.

FALL OPENING Begins Friday Lasts 8 Days

It's no secret that prices are rising. We have been notified by manufacturers in virtually all lines that wholesale prices have advanced from 10 to 30 per cent, some even more. Hence, the merchandise which we bought at former low prices will be marked to sell at correspondingly low prices, but replacements will necessarily be considerably higher.

In keeping with our policy of helping ourselves by helping our customers, we are passing this word along to you, and are at the same time announcing our formal FALL OPENING, with prices on needed merchandise marked down with former low prices.

Of course, when we replace this merchandise, we will have to pay more because of the processing tax on cotton, which goes into effect September 1. But to care for your immediate needs NOW, we are listing a number of prices which you cannot afford to overlook. Our loss will be your gain. BUY NOW AND SAVE!
