Polio Less This Year

Polio isn't running wild in Tex as this summer as it did in 1952 but it is still smart to play safewith the kids, State Health Officer Geo. W. Cox will tell you.

There are several common sense items parents ought to keep in mind during the polio season. Dr. Cox lists them like this:

Don't get panicky. Keep in mind that half of all polio virtims recover completely and 30 percent of the other half recover with only slight weakness. Only 14 percent have lasting paralysis.

Realize that gamma globulin is not a cure for polio. There is no cure. GG is intended only as temporary preventative against par alysis. At best it is effective only for five weeks, after which it has all been eliminated from the body. Gamma globulin has been tested on more than 54,000 chilrden and the results are now under study, but once the polio virus has reached the nerve cells, GG cannot alter the course of the disease.

You can find out whether or not your child is eligible to receive gamma globulin by asking the health officer in your county. He is familiar with the formula for GG distribution distribution in effect in Texas. Meanwhile, don't isolate your ounsters when you hear of a case

of polio in the community. There is point in letting them strangers but they ought to be allowed in their usual circle of friends Keep them clean and see that hey rest in the afternoon. A nap fine but even playing quietly part of the day will help conserve their

Great strides are being made toward the development of a vaccine but until it is finally developed Dr Cox believes this opinion is still mental sanitation and personal byg mental sanitation and personal hygiene is the individual's best defense against polio.

BORDER LEVEL HELPS DRY LAND FARM SAYS LYNN CO. FARMER

T. H. Bassinger, a co the Lynn Coil Conservation District has bench leveled 26 acres of ver City, will be the visiting evan-gelist. Leroy Thomas of Mangum, his farm, 16 acres were completed his farm, 16 acres were completed in Octobber 1952 and 10 acres have just been completed. He has four small irrigation wells to water for irrigation. The land that was bench leveled in 1952, 10 acres were planted to wheat pasture and 3 acres planted to alfalfa. He has carried 20 head of stock on it since April. The 10 acres that has just been completed will be planted to wheat thus giving him two fields for winter pasture so he can carry a larger herd. He has another 80 acre dry land farm that has been border leveled. He states he can work the land just as easy as work ing terraced land. He also says he likes it better because he gets the full benefit of all rain fall spread evenly over his land instead of a few rows beside the terraces.

Draft Law Explained

Any young married man register ed with a draft board had better be on the alert about reporting children in his family or expected birth of a child. On Aug. 25th and there after, fathers are not deferrable because of their children. boards have this new regulation fol lowing an executive order of President Eisenhower. Those who now have children, and those who are expecting birth of a child are delikewise, those become fathers or expectant fathers before midnite, Aug. 24th.

But these men who are fathers and expectant fathers before Aug 25th must act at once to advise their draft boards in writing. If they fail to perform this important duty required by draft regul ation, they will be liable for draft simply because they failed to advise their boards of the facts.

WHEAT ALLOTMENT PROGRAM FOR 1954 AMENDED

In July the Secretary of Agricul ture approved an amendment to the 1954 wheat allotment program to allow farmers in drouth diseaster Counties (including Lynn, Dawson and Borden) to see additional wheat acreage over and above his alloted acres on individual farms in order to provide a cover crop to protect the soil from fur-ther wind erosion next spring.

If a farmer or rancher on allotment farms wishes to seed more wheat than was alloted to him to be used as a green manure or a cover crop, he must oftain a prior approval from the County PMA Committee prior to seeding designate the field or fields which the practice will be carried out if he desires such acreage not to be classified as wheat for 1954. The producer can not harvest the acreage seedeed for green manure or cover crop for grain if he wishes to remain eligible to receive price support and a marketing card for his 19.4 wheat on alloted acres.

Fresh Berries Give Glamor to Desserts

Strawberries are the first of the lovely berries to arrive, bringing with them a colorful magic to your table. Use them whole and sugared for simple desserts, combine with other fruits for salad, or mold them into delicious pastries for supremely luscious desserts.

Here's a modern version of an old-fashioned strawberry cream pie made with fresh strawberries, coconut and packaged vanilla pudding.

Strawberry Cream Ple

- 1 package vanilla pudding and pie filling mix oups milk
- 1 baked 8 or 8-inch pastry

6 cup heavy cream, whipped Place pie filling in saucepan Add milk gradually, blending well Cook and stir over medium beat until mixture comes to a boil and is thickened. Cool slightly, stirring once or twice. Turn one-half of the pie filling mixture into pas-try shell. Top with a layer of strawberries. Cover with remain-ing filling. Chill. Spread with whipped cream and garnish with coconut and whole berries. Quick-frozen, sliced strawberries thawed, may be used in place of the fresh berries, if desired.

Beauty 'Flips Lid' As Mayor Kisses Her WILDWOOD, N.J .- Several thou-

sand persons crowded Wildwood's boardwalk recently to watch the 42nd annual baby parade. The crowd saw one of the biggest parades in history as seven bands, 300 entrants and the queen's ficat filed along the boardwalk in a two-hour spectable.

Highlight of the gala affair was the crowning of the queen, Miss Barbara Blake, by Mayor W. Harry Steele. Queen Oceania, the 42nd was crowned at the reviewing stand, which was situated between Glenwood and Magnolia ave.

This also provided the most humorous comment of the day by Mickey Shaughnessy, who served as MC for the entire parade. As the mayor kissed Miss Blake after crowning her, the crown slipped from her head which prompted Shaughnessy to remark, "There's one girl who flips her lid when the mayor kisses her." The mayor went through the proceedings again without mishap.

We are now looking forward to the first snow of the winter.

U. S. Airmen Crash

FARNBOROUGH, Eng. - The U. S. air force recently confessed that American Sabre jet fighters gate-crashed a supposedly all-British air show of fancy flying and displayed some fancy flying themselves, although endangering all the other participants in the show by their unscheduled antics.

Ten F-86 Sabres, used in Britain only by United States and Canadian fliers, stunted over the show thrilling spectators but spreading consternation among British authorities

United States Air Force headquarters at South Ruislip admitted Americans were guilty of the prank and said disciplinary action was being taken.

Gravediggers Profit From Will of Corpse

NAPLES-The will of the deceased man made the gravediggers very happy. Of course, they realized that digging his grave would be a more arduous task than their job usually required. The dead man weighed 270 pounds.

But as they dug, each shovelful of dirt became lighter and lighter. Pretty soon the dirt seemed to weigh nothing at all, and the gravediggers grew more cheerful. They were seen taking large and frequent swigs from some wine flasks sitting on the ground beside the new grave.

The dead man's will had bequeathed them the flasks full of wine so the deceased wouldn't seem like "such a large corpse."

The amazing thing about man's intelligencee is his failure to use it.

Despite their efforts, no columnist can settle the problems of the

Most people like to hear about a good buy; that what advertising is for.

People accomplish more when not concerned with who is getting the credit. The more you realize how little you know, the more educated you become.

There is undoubtedly something about the spoken word that intrigues women.

Yule Tree Business Figured in Millions

CHRISTMAS TREES are a multi-million dollar business. Throughout the nation, some 15 million trees are supplied to the holiday demand. Prices range from \$1 to \$5, and that adds up to

real money. A Christmas tree, in the lake states, is usually a balsam or a spruce. The same is true in New England and the Appalachian section. Elsewhere in the country, virtually all kinds of evergreens are

The lodgepole pine and Douglas fir are frequently used in Colorado. On the Pacific coast, it is prin-

cipally Douglas fir. In Maryland, Virginia and Washington, D. C., a scrub pine takes a

In other localities, white pine, southern pine, hemlock, red and white cedar and redwood are used. The business of harvesting this annual crop begins in the fall, when cutters go into the woods after trees. It continues as truckers bring huge loads to metropoli-

Many land owners manage their swamps to make them yield a crop of trees year after year. Thinning operations are another source of Yule trees.

tan markets.

Farmers have discovered that they can get a cash crop from eroded acres by harvesting Christmas trees 10 or 15 years after they are planted.

Thoughtful Hostess **Provides a Snack**

Having some people in for an evening of chit-chat or games? Some easily prepared snacks to serve with mugs of tomato juice or fruit juice are sure-fire equipment to make your guests feel welcome.

Some of these are hot, some of them are cold, but all these snacks and tid-bits require little work and may be served in help-yourself style from a tray, Lazy Susan or small pottery and wooden bowls. **Bacon Broiled Bits**

Wrap chunks of Hawaiian pineapple or large stuffed olives with half slices of bacon; secure with toothpick. Broil until bacon is crisp, turning once to cook evenly.

Vienna Sausages on-a-Pick Brown canned Vienna sausages in hot shortening to heat. Insert toothpick for easy nibbling.

Cream Cheese Hawaiian Add ½ cup well-drained, crushed Hawaiian pineapple to 3 ounces of cream cheese. Blend well. Use pretzels to scoop mixture.

The attic fan is not a substitute for complete air conditioning in the home but is a practical and inexpensive means of securing relief from the oppressive summer heat.
