### Furlows Set Golden Wedding

Mr and Mrs. A H. Furlow of Rt. C, Lamesa, will observe their Golden Wedding Sunday with a reception at the home of Mr and Mrs. Welton Blair, 1302 North Ave. 1 from 2 to 5 p. m.

Their children include Oscar, A B. and A R Furlow, all of here, Lance Furlow of Durango, Colo and Mrs. Welton Blair of Lamesa.

Mr and Mrs. Furlow were wed by a Baptist minister, Rev. Doe Smith, in a buggy. Nettie Rogers and Bob Parrish were attendants. Mrs. Furlow was the former Miss Bettie Rogers and they both lived at Nacogdoches. Their first home was at Alazan, Texas. They moved to Dawson County in 1924 and in 1935 moved to Littlefield and in 1938 moved to the Harmony Community near here and in 1949 moved to near Lamesa.

All friends of the family are invited to attend. The following granddaughters will be at the registry book and the serving table—Portia Furlow, Mrs. Pat Childress, Judy and Jana Furlow, of here Marilyn Furlow of Big Spring, Brenda Furlow of Durango, Colo., Mrs. Rogers Carlton of Denton and Mrs. Roy Archer of Seminole.

The daughter-in-laws and son in law will be host and hostesses and assisted by close friends of the family.

The register table will be covered with a white cloth with the gold anniversary book with a gold arrangement. The serving table will be laid with a white cutwork linen over gold and will feature a four tier cake with the date and "Abe and Bettie" on it in white and trimmed in gold. The centerpiece will be gold mums with autumn leaves.

Mr. Furlow is a retired farmer.

Mr and Mrs. Gum Minton returned last week from a visit with Mr. Minton's brother in California.

Mr and Mrs. R L Gartman visited relatives at Hereford Sunday.

### Harvest Is Slow

7678 bales were ginned here thru early Tuesday morning as the harvest continues slowly due to a very late crop. Some 375 cars of grain have been shipped and the grain crop is estimated at 65 percent completed. The cotton crop is estimated at less than 1-5th completed. The past week end saw business very good but under that of last year. Mechanical harvesting is awaiting the first freeze expected within two weeks. Some 2,000 Mexican Nationals are here.

W E Wingfield of Arkansas visited his son and family last week.

Mr and Mrs. Ed Edwards and Mr and Mrs H L Wood attended the funeral Tuesday at Sweetwater of Mrs. C T Edwards, a sister in law of Mr. Edwards

Colors of turquoise and white were carried out in the decorations. Mrs. Don Sheen, sister of the bride, served and Mrs. Vernie Dodd of Vanturia, Calif. poured to about 37 guests. Several hostesses participated in the hospitalities.

Out of town guests included Mrs. Ray Johnson, mother of the bride Mrs. Aslin, a great aunt, all of Lamesa, a grandmother, Mrs. Aslin of Andrews and Mrs. Durwood Seeley of Andrews.

**SOME SCHOOLS TEACHING INCOME TAX REPORTING**

The Certified Public Accountant in Texas are making a concerted effort in many sections of the state to get all the high school and college students trained in how to prepare their income tax returns. Internal Revenue Service prepares an excellent course, called "Teaching Taxes", that can be used by teachers from one day to three weeks time in training students. Thousands of Texas teachers and more than 150,000 students are receiving this training each year. The Certified Public Accountants, however, are asking the principals to provide the income tax training for all their students. The CPAs believe (based on their professional experience in preparing tax returns) that every high school graduate needs this fundamental training in our American way of life. The students will be paying taxes for the rest of their lives and they should know how to keep records and how to prepare their income tax return.

**KIDS OFFER BARGAINS**

There will be a pancake breakfast at the Home Economics Cottage Thursday morning Oct. 26th. Breakfast will be served from 6:15 to 8:15. All you can eat for \$1. The menu is pancakes with butter and syrup, bacon, coffee or orange juice. The seniors will have a car wash Saturday at Andy's Station. Only \$1.50 buys a complete wash job. See any senior.

Place your order for homemade pies and cakes. See a senior or ph. 8-3375 or 83798, cakes are 3 layer, \$2.50, German chocolate, \$2.75, 2 layer, \$1.50, pies 85c, pecan \$1.25

**FHA GIRLS AT MEETING AT LAMESA**

FHA girls of the local school attended the District 3 meeting at Lamesa Saturday. Kathy Pirtle was local nominee for an Area 2 office and was runner-up in the election which included nominees from 26 schools represented at the meeting. Sandy Garrett was the local nominee for a district office. O'Donnell is proud of the showing made by these two girls.

### NOTICE TO BIDDERS

Sealed proposals addressed to the Honorable Mayor and City Council of O'Donnell, Texas, will be received at the City Hall, O'Donnell, Texas until 8:00 P. M. November 9, 1961 for furnishing all necessary materials, machinery, equipment, superintendence and labor for constructing certain street improvements for the City of O'Donnell, Texas, Owner consisting of the following approximate quantities: 28,520 linear feet of curb and gutter and 35,000 square yards of street paving (27 blocks).

Bidders must submit a Cashier's or Certified Check issued by a bank satisfactory to the Owner, or a proposal bond from a reliable Surety Company, payable without recourse to the order of The City of O'Donnell, Texas, in an amount not less than five percent (5 percent) of the largest possible bid submitted as a guaranty that the Bidder will enter into a contract and execute bonds and guaranty in the forms provided within ten (10) days after notice of award of contract to him. Bids without the required Check or Proposal Bond will not be considered.

The Successful Bidder must furnish a Performance bond and a Payment bond on the forms provided in the amount of 100 percent of the contract price from a Surety Company holding a permit from the State of Texas to act as Surety or other Sureties acceptable to the Owner.

All lump sum and unit prices must be stated in both script and figures. In cases of ambiguity or lack of clearness in stating the prices in the bids, the Owner reserves the right to consider the most advantageous construction thereof or to reject the bid. Unreasonable (or "unbalanced") unit prices will be authorized the Owner to reject any or all bids. The Bidder agrees to accept the bid which seems most advantageous to the City's interest.

Bidders are expected to inspect the site of the work and to inform themselves regarding all local conditions under which the work is to be done. Payment for the work performed on this project will be from funds furnished by the City of O'Donnell, Texas and paving assessments against abutting property and the Owners thereof, in accordance with the provisions set forth in the specifications.

Attention is called to the provisions of the Acts of the 43rd Legislature of the State of Texas, page 91, Chapter 45 (Article No. 5159A Civil Statutes 1925) concerning the wage scale and payment of prevailing rates of wages as established by the owner. Said scale of prevailing rates of wages is set forth in the specifications.

Information for bidders, proposal forms, plans and specifications are on file at the City Hall, O'Donnell Texas and Parkhill, Smith and Cooper, Consulting Engineers, 201 Avenue R, Lubbock, Texas.

Copies of Plans and Specifications may be secured from Parkhill, Smith and Cooper, Consulting Engineers, 201 Avenue R, Lubbock, Texas upon a deposit of \$15.00 as a guarantee of the safe return of the plans and specifications. The full amount of the deposit will be returned if a bona fide bid is submitted and Plans and Specifications are returned within five (5) days after receipt of bids, or, in case no bid is submitted, if plans and specifications are returned on or before date of receipt of bids otherwise the deposit will be forfeited.

### ENGAGEMENT TOLD

Mr and Mrs. Graham Tyler of Tahoka announce the engagement of their daughter, Iris Gayle, to Jack Hoskins, son of Mr and Mrs. Jack Leigh Hoskins of O'Donnell. The wedding will be in February.

Wage findings for this area as of Oct. 15th: first pulling irrigated and dryland \$1.55 per hundred.

Mr and Mrs. Wilbur Line attended the Tech game at Lubbock Saturday.

Mr and Mrs. E C Mahurin visited Mrs. and Mrs. Benny Kunkel at Klondike Sunday.

Mrs. J P Hale won a \$500 cash prize last week for an essay in T V Guide.

Mrs. Dub (Jean) Harvick has been employed as the school nurse for half a school day period. She lives in Tahoka and former was a nurse at Rumbo Clinic here.

Bill Cook, a freshman in high school and son of Mr and Mrs. Frankie Cook, received a broken shoulder Friday noon in a play ground mishap.

Dave McMillan, Julian Pirtle, and Andy Jordan of the School Board and Supt. John Criner were in Lubbock Friday visiting several schools getting ideas on building materials for the new building program. Construction may start as early as January or February.

**HEART ATTACK CLAIMS FORMER BUSINESS MAN**

Funeral services were held at Beiton last Wednesday for W. E. Holcomb, 71, who died last Monday week suddenly at 7:30 p. m. of a heart attack at his home in Hereford.

From 1943 to 1952 he operated a dual gin and an elevator here. He moved from here to Hereford where he farmed.

Survivors included his wife of Hereford, two sons, C. W. Holcomb of here, and W. M. Holcomb of Odessa, and a daughter, Mrs. R E Hargis of Austin.

He was a long time member of the Masonic Lodge.

After moving Mr. Holcomb was a frequent visitor here. He is remembered by his hearty, genial personality and the way he enjoyed and treasured his friends. He was a very special friend to so many of us.

**EAGLES ARE BACK ON THE TRACK WITH 26-14 WIN**

The O'Donnell Eagles scored a pair of touchdowns in the fourth quarter to break a 14 to 14 deadlock and down the Plains Cowboys 26 to 14 in a District 5A game at Plains last Friday.

O'Donnell took a 6 to 0 lead in the first period with Weldon Bessire going over from the one yard line. The Cowboys came back in the second quarter to tie the score on a 25 yard pass. The try for point failed. The Eagles regained the lead in the second period as HB Dennis Jordan ran 55 yards for a thrilling touchdown and then crashed over for two extra points. But Plains came back as Ronnie Beckman raced 12 yards for the score and Butch Hawkins ran the extra points leaving the score tied at the end of the third period.

In the fourth Bessire ran one yard for a TD to break the tie and later Buster Snellgrove went over from the two for another to ice down the game for the Eagles.

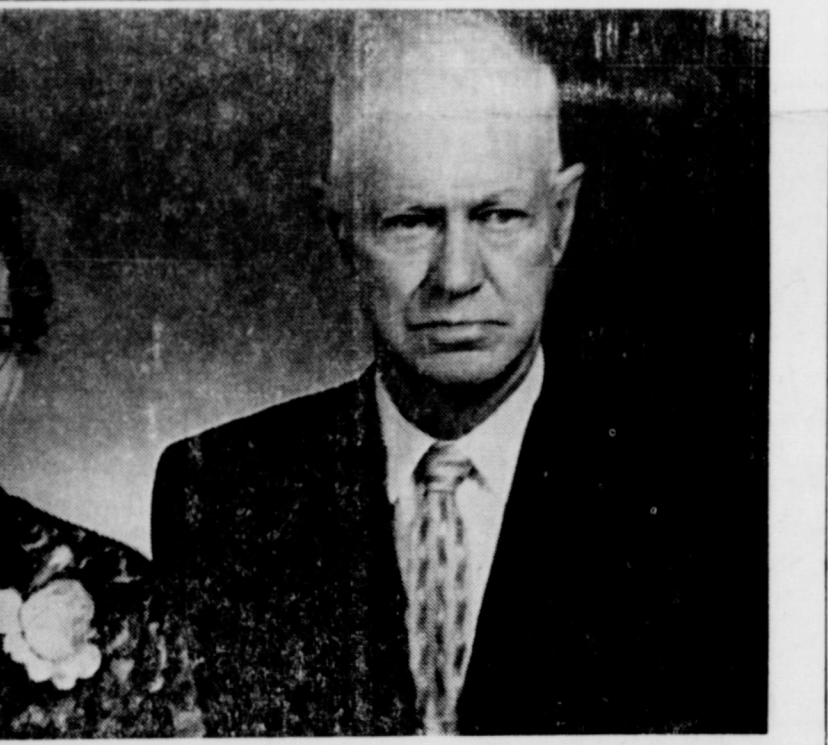

The Eagles this year feature a team that does the unexpected. The Plains team was an odds on bet and see what the Eagles did. The Sunday game saw the Eagles drop a game they should have won. The Eagles record for conference play stands at 1-1 and the Eagles may well take Frenship and Seagraves into camp for a conference title. Many Eagle fans think that this is going to happen. The 1961 Eagles are a SURPRISING team. Get behind them and lets take conference

## Santa Fe hauls 2.3 million bales of western cotton to markets

King Cotton has moved west.

In 1945, only 36% of the nation's cotton was grown in the West. Today over 62% of it comes from states served by Santa Fe.

This year Santa Fe will haul over 2,300,000 bales of cotton to markets in 34,000 box cars—enough box cars to make up a train 284 miles long.

Hauling cotton and other important crops, materials and products from where they are grown or made to where they are needed is another example of how Santa Fe is meeting the transportation needs of a growing America.

The railroad that is always on the move toward a better way

SANTA FE SYSTEM LINES

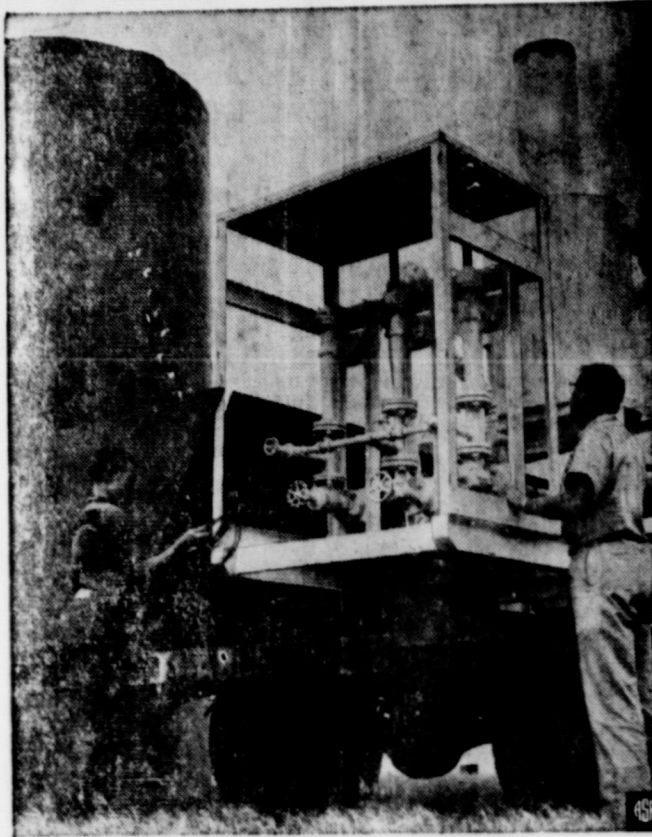

The Boy Scouts of America was founded in 1910 and was granted a Federal Charter from Congress in 1916. Our South Plains Council was organized and chartered as a Boy Scout Council in 1926. We have 289 Scouting units in the 20 counties that make up our South Plains Council. The investment in the Scouting program per boy is very low compared to the crime bill we have to pay thru taxes. It costs \$2,340 to maintain one boy per year in a state correctional institution. A neighboring county has 35 boys currently at Gatesville. How much

better off we will be if on Nov. 2 we will give to the workers who will be around asking for a donation to help keep Boy Scouting in the 20 counties on the South Plains of which the O'Donnell troop is a member.

"Girl Scouts learn to be self-reliant, to think for themselves, to make decisions, to respect another's point of view, to get along with people — in short, thru Girl Scouting, they begin to develop maturity." — Eleanor Roosevelt.

### Newest Sight On Farm Scene: Fertilizer Plant On Wheels

The newest sight and sound on the farm scene is this portable liquid fertilizer plant which manufactures nitrogen-phosphate solution. Dubbed the "Thunderjug" because of its noisy, rumbling start-up, the pint-sized reactor is built onto a truck which permits fertilizer suppliers to move it about a wide area, servicing growers with liquid 8-24-0 material where and when they need it.

The Thunderjug was designed by Monsanto Chemical Company and manufactures fertilizer solution by continuous process at about double the rate possible through batch production—heretofore the only method available to dealers. Its simple construction eliminates the standard maze of plumbing, equipment and tanks, and the product is not merely mixed or blended but made through chemical reaction.

The starting materials, anhydrous ammonia and phosphoric acid, can be fed into the reactor directly from tank cars or trucks with the finished liquid nitrogen-phosphate pumped from the Thunderjug into storage tanks. (Storage cost of the product is one-third that for storing equivalent amounts of anhydrous ammonia and phosphoric acid as separate materials.)

The low-cost fertilizer solution is particularly suited for soils deficient in nitrogen and phosphate but containing ample potash. Thus, the 8-24-0 analysis is ideal for west Texas and regions of Kansas, Nebraska, Oklahoma, and North and South Dakota.

**MAN OF THE YEAR**

Austin — The water plant operator in your home town is the State Health Department's candidate for Man of the Year. Does his work sound too prosaic for such a distinguished Health Department engineering? He was a major hero during Hurricane Carla. Without the commodity he handles, men and cities would surely die. You use his handiwork with confidence yet without thought, each time you turn the faucet to drink of the clean clear water.

He and all men like him are subjects of prime concern to the State Health Department's sanitary engineering division. The interest stems from the fact that clean clear water is indispensable to good health. The division is responsible for certifying water and sewage system operators who have the proper knowledge of the job and its public health implications and for approving water systems serving the public.

Now **CHEVROLET** A New World of Worth from Chevrolet

New Chevrolet Impala Sport Coupe

Lovers of good cars - what more could you want!  
**'62 CHEVROLET**  
Step right in—and feel luxurious. Fine, comfortable car, isn't it? A car with Jet-smooth ride . . . with a new choice of V8 power . . . longer lived beauty (front fenders have steel undershirts to help fend off rust and stones). For '62, here's more than ever to like.

Hasn't this one got it, though! Fourteen lovely, lively models to choose from, with your pick of an economical 6 or your special favorite of five vigorous V8's (right up to a 409-hp powerhouse\*). For putting that power to work just the way you want it, there are four transmissions. More? Plenty. You've got Jet-smooth ride. Body by Fisher craftsmanship, and handy helpers like longer lived mufflers for all engines. Still more? You bet. And your Chevrolet dealer's just itching to tick it off for you firsthand. \*optional at extra cost

**NEW CHEVY II**  
Sensibility at its Sunday best in a totally new line of cars!  
Here's sturdy simplicity to save money in service and maintenance. Uncompromising economy (your choice of a 4- or 6-cylinder engine in most models). Steadfast Chevrolet dependability. Body by Fisher craftsmanship. Engineering advances like the Mono-Plate rear springs to eliminate the squeaking and friction of multi-leaf springs. Nine new-size models in all (including the soon-to-be-available hardtop, convertible and wagons) with roominess to spare. More details? Your dealer's loaded with 'em.
