FIRE PREVENTION WEEK

Fire losses in the nation last year exceeded the \$1 billion mark for the first time in history. An ever growing population, hundreds of thousands of new homes, new office buildings, etc. — all require protection from already over burdened fire departments. Increasing in proportion are the potential sources of fire and loss of life.

Fire Prevention Week, this year, Oct. 5 thru 11, would seem to warrant new and special attention from all of us. It deserves our support — both as a community service and as an active personal defense. Designed to spotlight the urgent need to protect life and property against one of man's oldest enemies, Fire Prevention Week throws attention on the causes and effects of fire and reminds us that fire can be prevented.

An important weapon of this effort is the national Junior Fire Marshall program sponsored locally by Moore Insurance Agency in cooperation with grade school and the fire department.

Thursday... all America sees the one that's truly new!

Like all '59 Chevs, the Impala Sport Sedan has Safety Plate Glass all around.

what America wants, America gets in a Chevy!

'59 CHEVROLET **CHEVROLET**

It's shaped to the new American taste with a lean, clean silhouette, crisp new contours, beautifully restrained accents. It brings you more spaciousness and comfort with a new Body by Fisher. It has a bright new sheen—a new kind of finish that keeps its luster without waxing for up to three years. New bigger brakes. Vast new areas of visibility. New Hi-Thrift 6. New handling ease and road steadiness. It's new right down to the tires!

Never before has an automobile manufacturer made such sweeping changes two years in a row. And never before has any car been new like this one.

The 1959 Chevrolet is more than a restyled car—more, even, than a completely new car. It's your kind of car. Shaped to reward your new taste in style with a fresh Slimline design that brings entirely new poise and proportion to automobile styling. Inside the new and room-

ier Body by Fisher you'll find truly tasteful elegance. And you'll have clear seeing from every seat. The new Vista-Panoramic windshield curves overhead—and there are new bigger windows, too.

When you take the wheel, you find Chevy's newness goes down deep. A new steering ratio makes handling easier. New suspension engineering gives you a more stable ride. There's a sweet new edition of Turboglide*. A new Hi-Thrift 6 that

goes and goes on a gallon. Vim-packed V8's. New and bigger brakes. Even tougher, safer Tyrex cord tires.

There's still more! A new finish that keeps its shine without waxing or polishing for up to three years. New Impala models. New wagons—including one with a rear-facing rear seat. And, with all that's new, you'll find those fine Chevrolet virtues of economy and practicality. Stop now and see the '59 Chevrolet.

HERE TOMORROW!
Ford brings Thunderbird elegance to the low-price field with

THE WORLD'S MOST BEAUTIFULLY PROPORTIONED CARS

These Fords you've got to try! For left is the new Thunderbird . . . center, the new Custom 300 Tudor Sedan . . . and above, the 9-passenger Country Sedan.

AWARDED THE GOLD MEDAL for beautiful proportions by the Comité Français de l'Élégance at the Brussels World's Fair

The elegant new Fairlane 500 Town Victoria

Styled, powered and priced for today's driving! There never was a Ford like this before! Its classic new design was awarded the Gold Medal of the Comité Français de l'Élégance at the Brussels World's Fair! With new Thunderbird flavor in each lively line and tastefully new interiors, these 59 Fords are beautifully proportioned for elegant driving.

Power, performance and economy are served up in new proportions, too. All standard Ford engines—Six or Thunderbird V-8—thrive on regular gasoline at regular prices. You save up to 5 cents on each gallon! There's a new aluminum muffler that normally will last twice as long as conventional mufflers used on other cars . . . full-flow oil filtration that lets you

change oil at 4000 miles instead of the 1000 often recommended . . . new Tyrex cord tires for greater economy and safety . . . a brilliant new Diamond Lustre Baked Enamel Finish that's so durable you won't have to wax it ever . . . and two new economy power-transmission teams that will bring you savings automatically. That's why we say, for '59, Ford is truly a masterpiece of underpricing!

NEW economy team Number One! Get all the high performance of a completely new Fordomatic Drive teamed with a Six or Thunderbird V-8—at a price that puts automatic

driving within everyone's car budget. It's a simplified Fordomatic with nearly 1/3 fewer parts.

NEW economy team Number Two! Take Ford's versatile new Cruise-O-Matic Drive, add the responsiveness of Thunderbird Special V-8 power and you have the last word in automatic driving plus the "built-in" overdrive savings of an economy-gear axle.

Altogether NEW in everything you can see, feel or touch!

59 FORDS

Come in and get that NEW FORD FEELING in the cars with Thunderbird elegance

Purple Heart Veteran Deported as Wetback

SAN ANTONIO—Immigration authorities sent a 21 year-old Purple Heart veteran of Korea back to Mexico as a "wetback" recently. The veteran, Cpl. Alberto Gonzales of Monterrey, Mexico, was sent in an immigration bus to Laredo, Tex., to be put off in Mexico. Immigration Officer W. L. Meuhlhause said he had entered the United States on a dead man's birth certificate before he joined the American army three years ago. Wetbacks—named for those who swim the Rio Grande—are illegal entrants.

The G.I. Forum, which works on the problems of Latins in San Antonio, assigned an attorney, Richard Casillas, to the case with instructions to "go all the way to the state department if necessary" to allow Mr. Gonzales to live in the United States.

The immigration office said he was being allowed to leave the country "voluntarily" and predicted he could get a permanent visa from the American consul in Mexico that would allow him to come back in time for the wedding.

Mr. Gonzales was discharged from the army at Fort Sam Houston. He joined the Army Sept. 17, 1948, and enlisted for another three years on the same date last year. Vella Sanchez, 20, his fiance, said he had spent a year in Korea, with headquarters of the Eighth army. "He was wounded in the hip and got a broken ear drum," she said. "He has the Purple Heart, five campaign stars, the United Nations ribbon, the Korean service ribbon and a unit citation."

Spare Parts for Body Are Available to Man

NEW YORK—Spare parts for the human body still can't be ordered from a mail-order catalog. Nevertheless, the advance of medicine during the past few years has made available an imposing array of replacements for damaged or ineffective organs.

Following the development of the blood bank, first of the spare-part repositories, ingenious surgeons have found ways to maintain banks for eyes, bone, cartilage, arteries and veins. There are now methods for transplanting whole organs from one individual to another, and for constructing replacement organs from tissues taken from the patient's own body.

Some man-made spare parts, such as the artificial kidney, are already coming into clinical use, while others, among them the mechanical heart and plastic heart valves, are well along in the experimental stage.

Stick to little tasks in life and you will soon find out that someone else has the big jobs for himself.

Giving advice is a habit with human beings, but fortunately ignoring advice is even more strongly ingrained.

To hear some people tell it, all the world's problems fade into no-brains.

Advertising is not bragging. It is merely a device to show buyers where they can get more for their money.

Everybody should trade at home if possible, but nobody can buy something that they do not know is being sold here.

LIVE BETTER... ELECTRICALLY

Enjoy the ECONOMY of Electric Cooking

Electric cooking is economical cooking because it utilizes heat with maximum efficiency. Electric range surface units concentrate heat directly into cooking utensils. The sealed electric oven keeps heat where it belongs, in the oven and out of the kitchen. And, once the oven reaches the temperature you select, it uses electricity less than half of the cooking time. Here is real efficiency, real economy — the modern, automatic electric way. See your electric range dealer soon... learn how little it costs to enjoy cooking electrically!

Who in the world built this beauty...
 the only car with wide-track wheels?

EXCLUSIVELY YOURS—WIDE-TRACK WHEELS
 Wheels moved out 5 inches for the widest, steadiest stance in America—better cooling for engine and brakes—lower center of gravity for better grip on the road, safer cornering, smoother ride, easier handling. You get the most beautiful roadability you've ever known—in America's Number 1 Road Car!

PONTIAC! America's Number 1 Road Car!

Those exclusive Wide-Track Wheels sparked a chain reaction of wonderful new ideas: You can see the trim, tailored new look... it's inches lower without sacrificing roominess or road clearance. The first time you drive it, you'll discover this beauty handles city corners and clings to country curves in a way the conventional narrow-gauge cars can't hope to imitate. And the ride... the miraculous freedom from sway, dive and bounce... this is an experience in buoyant travel that you won't believe—until you try it.

But there's still more to the new Pontiac to stamp it as the big change for '59:
 Vista-lounge interiors with full 360-degree visibility... seats actually wider than a sofa... Air-Cooled True-Contour Brakes for smooth, effortless control, stop after stop after stop.
 The industry's most advanced V-8, Pontiac's Tempest 420, gives you spectacular new responsiveness. And there's a new companion power plant, the Tempest 420E, that delivers phenomenal extra mileage—and does it on regular octane gas!
 Come see why no other car can possibly be so new as the new Pontiac—three series: magnificent Bonneville, dramatic Star Chief and brilliant new Catalina.

2 Great New Engines
 If you love action—you get the liveliest on wheels with the new Tempest 420 V-8, acclaimed by automotive experts as America's most advanced power plant.
 If you want the accent on economy, choose Pontiac's new Tempest 420E. This new V-8 actually delivers better mileage than many smaller cars with so-called "economy engines"... and it uses regular octane fuel.

Shrinks Hemorrhoids Without Surgery

Science finds healing substance that
relieves pain—Shrinks Hemorrhoids
For the first time science has found
a new healing substance with the as-
tonishing ability to shrink hemor-
rhoids and to relieve pain—without
surgery. In case after case, while
gently relieving pain, actual reduc-
tion (shrinkage) took place. Most
amazing of all—results were so thor-
ough that sufferers made astonishing
statements like "Piles have ceased to
be a problem!" The secret is a new
healing substance (Bio-Dyne)—dis-
covery of a world-famous research
institute. This substance is now avail-
able in suppository or ointment form
called Preparation H.* At all drug
counters—money back guarantee. *\$
