NUMBER 32

## Community Week Creates Much Interest Here

### Committee Staging Big Drive Today

O'Donnell is united in her Big Community Week. It started off on Monday with a big attendance at the Barbecue Banquet in the Curtis Building. Although another attraction was on in the Big Tent with the Garrett's Show, there were at least 150 of the best citizens of O'Donnell in attendance. Jackson's Quartet from Tahoka furnished the music. Mr. J. P. Aylor was the toast master and managed the affair with success. Everyone was enthusiastic for a Big Community Week and when Captain C. S. Nusbaum who has given the big and successful Community Festivals in 187 cities in the United States, was at the helm and kept the audience in good, happy and bright of mind. The Monday night barbecue was a big success. It was furnished by the McArthur Hotel. It was a fine spirit for the opening of the Big Community Festival Week.

Monday and Tuesday Mr. Aylor, the Captain, went out through the various school districts and they were full of interest on the part of the country people. He also spoke at the O'Donnell High School on Monday morning and aroused a lot of public interest there.

Wednesday night in spite of the heavy rain was an audience of several hundred citizens at the High School auditorium to hear the Captain's lecture on "The Big Things in Life." The citizens of the town and country are cordially invited to attend this meeting.

On Friday night, the closing program of Community Week should be the largest in attendance of the week. The City is the host of the country folks and will welcome them and receive them as guests to the city.

Community Sales Day is being inaugurated as a climax of the many activities during Community Festival Week. However, Community Sales Day will be a permanent affair in the future.

The new building under construction on the Southwest corner of the square, will soon be ready for occupancy, according to information given us by interested parties. This will be one of the most modern and attractive buildings in town and will add much to the appearance of that side of the square. It is owned by our progressive fellow townsman, C. H. Doak, who has meant so much to the growth and development of O'Donnell.

The Vocational Agriculture teams sponsored by Vernon Martin, returned Friday from the 12th annual Smith-Hughes State Contest held at the A. & M. College, April 22nd. The boys did not gain a placing in the contest, although they worked very hard. More than seventeen hundred boys participated in the state contest.

The boys did not start on the return trip until late Tuesday evening. The fore part of the day Mr. Martin showed them over the College Campus.

The trip was made a camping and fishing trip and every one reports having enjoyed the trip. The boys have enjoyed unusually good luck with the exception of several tin punctures.

The boys wish to thank Mr. Pugh for taking his car and they also extend their appreciation to the Chamber of Commerce and the business men of O'Donnell for helping them finance the trip.

### Miss May Arrives

### Looks Like O'Donnell Will Have Paved Streets

The Index is agreeably surprised at the little opposition encountered towards paving the streets of O'Donnell to date. The people of O'Donnell seem to be almost all of the opinion—that the streets of O'Donnell should be paved.

The Index has offered space in its columns to anyone opposing the paving program. The offer was made some three or four weeks ago and to date there has not been a dissenting voice so far as the Index knows.

Fact is, O'Donnell folks are all progressive and believe in public improvements or anything else that will help make O'Donnell a better town. The Index is proud of O'Donnell citizens because of the attitude they are taking towards paving. Such public spirited citizens will lay paving on the streets of our city before another twelve months.

The above mentioned improvement would complete the foundation for a real city. With the foundation complete and the large trade territory which is the most fertile and productive in Texas, O'Donnell would no doubt double in population within a few months. Real estate values would increase enriching all who own property in O'Donnell and surrounding territory.

Is there any reason why O'Donnell should not pave her streets?

### Merchants Offering Exceptional Bargains

Saturday, May 4th has been designated as Community Sales Day by the business men of O'Donnell and almost every merchant in town is carrying an ad in the Index offering something special for that day. The people of O'Donnell and territory can save many dollars by taking advantage of the wonderful bargains offered.

Community Sales Day is being inaugurated as a climax of the many activities during Community Festival Week. However, Community Sales Day will be a permanent affair in the future.

### Doak Building Is Nearing Completion

The new building under construction on the Southwest corner of the square, will soon be ready for occupancy, according to information given us by interested parties. This will be one of the most modern and attractive buildings in town and will add much to the appearance of that side of the square. It is owned by our progressive fellow townsman, C. H. Doak, who has meant so much to the growth and development of O'Donnell.

### VOCATIONAL AGRICULTURE BOYS RETURN FROM A. & M.

The Vocational Agriculture teams sponsored by Vernon Martin, returned Friday from the 12th annual Smith-Hughes State Contest held at the A. & M. College, April 22nd. The boys did not gain a placing in the contest, although they worked very hard. More than seventeen hundred boys participated in the state contest.

The boys did not start on the return trip until late Tuesday evening. The fore part of the day Mr. Martin showed them over the College Campus.

The trip was made a camping and fishing trip and every one reports having enjoyed the trip. The boys have enjoyed unusually good luck with the exception of several tin punctures.

The boys wish to thank Mr. Pugh for taking his car and they also extend their appreciation to the Chamber of Commerce and the business men of O'Donnell for helping them finance the trip.

### Gabe Garret's Comedians Please Local Audiences

As we go to press, (Wednesday evening) Gabe Garret's Comedians are concluding a three nights engagement here under the auspices of the Fire Department. All three bills have been played to enthusiastic audiences and have been well presented. Many persons are of the opinion that the second offering, "The Way of All Flesh" was the strongest of the three plays.

This company bears the reputation throughout West Texas of being a clean show with a high class of entertainment. This reputation has been well maintained here. Gabe and his companions have made many friends here who will always be glad to see them back again.

### New Sewer System Is Almost Complete

The new \$50,000 sewer system work on which has been under way the past several weeks, is now practically complete; and practically the only work left to be done is tying the lines onto a number of residences. Workmen have been busy for several days replacing paving brick in the business section that were removed in laying the lines.

Approximately nine miles of mains have been laid in the city limits, pleasing the use of the system of practically every house.—Lynn County News.

James Millwee, who has recently accepted a position with the Western Union at Falls, was home for the week-end with his mother and sister. James has become a favorite with our townspeople, and everyone wishes him much success in his new position.

### Royal Arch Masons To Receive Distinguished Guests

On Wednesday, May 8th, Grand Secretary Tom Bartley and Past Grand Master Helm, both located at Waco, will be in O'Donnell at the lodge hall as honored guests of the Royal Arch Masons, all of whom are urgently requested to be present.

### May is Ushered in With Festivities

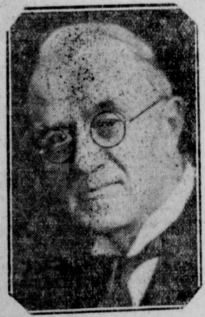

Queens of the May, if there were any of them wandering around in the vicinity of O'Donnell on May Day, might have felt that we were hardly in a hospitable mood. One of the worst sandstorms we have had this year put in its appearance shortly before dawn Wednesday morning, and long before noon had reached the proportions of "a good un." Personally we were so busy shielding our editorial eyes from vicious onslaughts of sand and other forms of debris that we are not a very reliable authority on the direction from whence the storm arrived. Most persons agree, however, that it came from the north, veering around every so often to the east, south and west indiscriminately.

Fortunately, very little planting had been done, and the damage to cotton and feed was not so great as it might have been. Flower and vegetable gardens however looked like they had been singed. Well, that is just one of the little habits of West Texas to which we should all be accustomed to by now. Just suppose we had mosquitoes and chills and fever instead.

### 77 GRADUATES FROM LAMESA HIGH SCHOOL

Lamesa—Commencement exercises of 77 graduates of Lamesa High School will be Friday night, May 17th. The speaker of the occasion has not been definitely decided upon. The Baccalaureate Sermon will be Sunday night, May 12th and Rev. R. A. Smith, Pastor of the First Baptist Church of this city will be the speaker, as announced by V. Z. Rogers, Supt. of Public Schools.

Mr. and Mrs. H. E. Baldrige were guests of their daughter, Mrs. Ben Moore, and family, this week.

CAPT. C. S. NUSBAUM  
Who is conducting the Community Festival Week Activities.

### Grammar School Presents Operetta

The operetta which will be presented by pupils of the Grammar school will be one of the most elaborately costumed productions we have ever had. According to the title, "Fairies Are Really Truly," and the tiny characters who make up the choruses and some of the principal characters are so fully convinced in the truth of the statement that you will be likely to find yourself believing likewise. This play does not require as many characters as others presented here before, but so well has the casting been done and so colorful are the costumes that it will be one of the most attractive events of Commencement Week.

Mr. and Mrs. S. G. French, former citizens of O'Donnell, now located at Robert Lee, spent the week-end with friends here, attending to their business interests here as well.

### Building for 1929 Is \$120,740.00

More Construction is Under Way; More Buildings to Be Erected At An Early Date

More building has been done in Tahoka since the first of 1929 than during any other year in the town's history, building permits for \$120,740.00 having been let in this period. In addition to this, at least \$20,000 worth of construction is under way for which building permits have now been secured.

Present indications are that the year's building has only started, and it is expected that at least six or seven additional brick business houses will be erected before the end of the summer.

Business buildings now under construction are the Knight bakery and filling station building, the \$9,000 Shook tourist park; the Hogan building addition, and the Craft building addition. Others having been announced are the new English "talkie" theatre building the West Texas Gas Co. building, and the Hill Motor Co. building.

Eleven residences are now under construction.—Lynn County News.

### HUNDREDS OF EXTRA COPIES OF INDEX IS BEING PRINTED

The Index is being issued a day earlier than usual this week besides several hundred extra copies are being printed and mailed to every citizen in O'Donnell and trade territory.

This is being done to further advertise Community Festival Week and more especially Community Sales Day in O'Donnell, which is Saturday, May 4th. Read your copy through and through including each ad which is almost without exception offering some rare bargains. The merchants extended to one and all a very cordial invitation to visit O'Donnell on next Saturday.

If you are not a regular reader of the Index and after reading this week's paper, think it is worth the small sum of \$1.50 per year, call at the office and have us put your name on our list as a new subscriber. The savings you can make each week on good staple merchandise advertised in its columns by the merchants of O'Donnell will more than pay for the paper the first week.

**West Texas Takes The Lead in Building**

Dallas, April 30.—West Texas took the lead in building operations for the month of March according to reports just compiled by Texas Life Insurance Companies. That section of the state called for 48 per cent of the money loaned by these twelve life insurance companies on first lien notes. There has been a steady increase in the building activities of West Texas for the past six months.

North Texas, according to the report, took up 29 per cent of these loans, South Texas being third, and East Texas fourth. For the first time in many months more than 1 per cent of the loans made by the Texas companies went out of the state, 2 per cent of the total falling in that classification.

Policy loans, according to the report, were again rather high, occupying 34 per cent of the total investments. This, however, was lower than the preceding month and not especially high as a seasonal figure, 50 per cent of the entire amount invested by the Texas companies was in real estate loans and but 16 per cent in government bonds.

Investments on farm property, much of which was for the purpose of making improvements, ran to a rather high figure, business properties coming second in the list and resident property third.

**WHAT'S DOING IN WEST TEXAS**

MEMPHIS: Building program is expected to set a new high record this year. Homes of both frame and permanent construction, business houses, and additions, including basements, to other business houses have been finished lately.

Grading and graveling is almost complete on the two mile stretch of road between the Electra-Archer paving and the Iowa Park road. The new road will give a direct outlet from Electra to the oil field and irrigated valley communities, shortening the route with an all-weather road.

Work has started on a white way lighting system for Tahioka's business section. By reducing the city water pumping rates approximately 30 per cent the whiteway will be prac-

tically no expense to the city. The West Texas Utilities Company will bear the expense of installation.

Construction has started on Hamilton's large lake, and the site for the big iron reservoir has been cleared. Digging of the ditch and laying of the main to town is under way. This lake will hold sufficient water to furnish a city of 25,000 people, and supply Hamilton three years if necessary, without rain.

More than \$35,000 is being spent on changes and additions to the telephone system in the Pecos-Northwestern Telephone Company. Changing over to the common battery system is expected to be completed by May 1. Pecos has one of the four transcontinental repeated stations in Texas.

Miami has three study clubs, "The Home Progress," "Study Club," and "Childs Study Club," which with the Lions Club and the Church Federation are expediting to put over many needed improvements in Miami this year. It is their desire to make Miami a town noted for its beauty and attractiveness, and for its moral and religious attitudes.

Perryton's fire record was one of two in Texas to win national honors. Perryton won second place in Class 5, made up of towns under 20,000 population El Paso was placed fifth in Class 2 of towns under 500,000 and over 100,000 population. Only 57 cities and towns in the entire U. S. won honorable mention.

Shipment of marble from the Jordan Marble mountain about 28 miles southwest of Alpine has begun. Two new engines, of 80 and 120 horsepower capacity with new saws, polishing machines, and other equipment have been installed. The lack of an

adequate supply of water which was a handicap has been overcome with a new well and a 100,000 gallon reservoir.

The West Texas Chamber of Commerce will be represented at the Lamesa Chamber of Commerce annual banquet to be held on May 16, by a staff member who will be seated at the Distinguished Guest table, according to Lucius M. Stephens, secretary.

Hobbs, N. M., has organized a Chamber of Commerce with forty charter members, business men, merchants and others, including Alex Reeves, who wrote the WTCC for constitution and bylaws. A delegation was sent to the South Plains district meeting in which Hobbs is.

Vernon, the home of President A. M. Bourland of the West Texas Chamber of Commerce has recently completed its own membership drive, and turned in a hundred per cent in-

crease in memberships in the regional organization.

Rowena, where the first building was erected in 1900, now has fifty religious, educational, business and amusement establishments. The town has a first class telephone system, live electric lights, natural gas, a live chamber of commerce, progressive citizens and prosperous merchants and business men.

**Lamesa to Have Vitaphone and Talkies**

LAMESA—Lamesa is to have a Vitaphone and talking pictures. According to Audrey Cox, picture show owner and operator here, no expense is going to be left undone to place Lamesa in the very best Vitaphone and talking pictures equipment.

According to Cox the equipment will be such that both vitaphone and talkie pictures can be used on

the machine that will be installed, beginning about May the 6th. It is hoped, according to Cox, to be ready to show the first talkies for Lamesa near the 12th, of May. There is some talk of operating the Vitaphone and talking pictures on Sunday afternoons to satisfy a public demand

here for such programs.

**MODEL T FORD**  
is still  
a good car

THE Model T Ford led the motor industry for years because of its sturdy worth, reliability and economy. Those same reasons continue to make it a popular choice.

As a matter of fact, nearly one-fourth of all automobiles in use today are Model T Fords. Many of them can be driven two, three and even five years with reasonable care and proper replacements, showing that the average life is seven years.

Don't sacrifice your Model T, therefore, but let the Ford dealer and have him estimate on the putting it in A1 shape. A very small expenditure means of giving you thousands of miles of service.

For a labor charge of \$20 to \$25 you can have motor and transmission completely overhauled at a price includes new bearings, reboring cylinders and other work necessary. Parts are extra.

Valves can be ground and carbon removed for \$4. The cost of tightening all main bearings is \$1. The labor charge for overhauling the front axle to \$5—rear axle assembly, \$5.75 to \$7.

New universal joint will be installed for a labor of \$3. Brake shoes relined for \$1.50. Rear axle perches rebushed for \$1.75. The cost of overhauling the starting motor is \$3. A labor charge of approximately \$2.50 covers the overhauling of the motor.

It will pay you, therefore, to see your Ford dealer and have him put your Model T in good running condition. By doing so you will protect and maintain the investment you have in your car and get months of reliable transportation at a very low cost per year.

**FORD MOTOR COMPANY**

**CLARITY OF THE NEW CHEVROLET SIX REVEALED**

May 4—Evidence of the great popularity of the new Under Chevrolet was revealed today in an announcement by Grant, vice president of the Chevrolet Motor Company in charge of the new cars, that more than a half million new cars have been placed on the road since the first of the year.

A significant feature of this announcement, it was noted, is the fact that Chevrolet in four months time has produced a greater number of six cylinder cars than any other automobile manufacturer has ever produced in a year.

Mr. Grant pointed out, if it had been able to take into account the tremendous volume of orders, with which the factory has been flooded since the inception of the new car.

Every month this year has seen a new monthly production record in order to satisfy the demand pouring in from nearly every corner of the country, output has steadily increased as fast as the precision manufacturing methods which Chevrolet has used.

Mr. Grant said Mr. Grant said the achievement of over 500,000 cars on the road more than 500,000 in less than four months, is a record secured by John Phillip and his world famous band for the first time that the celebrated band has been heard over the radio.

The radio debut of the famous band will come over the regular General Monthly Hour, starting at 8:30 p. m., Eastern Standard time.

Mr. Sousa has played to an audience of more than a million people at the International Exposition in Glasgow, America's grand old March King on Monday night will have one of the largest audiences that ever listened to one musical offering.

Thirty-nine stations extending from coast to coast and from the Great Lakes to the Gulf will be linked together for Sousa's radio debut. Because of Sousa's fame as a band leader and composer and because of the universal affection in which he is held, it is expected that a record breaking radio audience will tune in.

Chevrolet officials expressed themselves as highly gratified that Sousa chose the Chevrolet hour to make his bow to the radio audience, after refraining for more than seven years from appearing before the microphone.

NEW FORD SHOWS UP GOOD IN TEST IN SWITZERLAND

An official test of the Model A Ford motor in Switzerland, with the Alps as the proving ground, has demonstrated that the new Ford could be operated for a long, continuous period over abrupt, steep hills, without lifting the hood. Reports of the test have just been received by the Ford Motor Company.

The Ford Motor was kept running for a period of six days and during virtually all of that time the car was enroute over the Alpine passes, a relief taking over the operation while the driver rested. Day and night the test continued. No attempt was made for distance or speed, the sole object being to determine the reliability and power of the automobile.

The fact that the trip was made when roads and climate conditions in the mountains were bad is cited as further evidence of the stability of the Ford car. A strictly standard Model A Ford with Tudor body was used. Zurich was the starting point. The hood of the car was sealed off officially by a representative of the township. Two persons occupied

the car, the driver and his relief.

Passing through Lucerne and the Grimsel Pass, the car took the Furka Pass at an altitude of 2,431 meters, then the St. Gothard Pass down the Italian lakes through all the large Swiss towns and back to Zurich. On its return the seals were examined by the official who first placed them on the hood and were found intact.

In each town the car was stopped, but not the motor. The motor ran constantly from the time the car was started in Zurich until the return six days later.

**MRS. KENDALL HONOR GUEST**

On Wednesday afternoon the ladies of the Grammar School faculty honored Mrs. Kendall with a miscellaneous shower at the home of her parents. This thoughtful act was partly a mark of the respect and appreciation felt for them as well as a sign of good will and wishes for the

bride. Mrs. Kendall quickly recovered her poise after the surprise of the shower, and expressed her appreciation for the lovely gifts with a graceful little speech of thanks.

Each of the guests was charmed by her winsome manner and her many accomplishments, especially in music.

Mrs. Graham, assisted by Waldine Kirkland and Maudline Crawford, pupils in her room, served delicious punch and cake to Mesdames Paul Gooch, Irvin Street, J. W. Shaw, D. A. Edwards, Misses Christine Millwee, Jessie Gary, Grace Harville, and Alta Rodgers.

We extend heartiest congratulations to Mr. Kendall on his success in winning so charming a young lady for his companion, and wish for them all the good things of life.

Date Set for Meeting Of Dal-Paso Cavern Association

LAMESA—The date for the third Annual Meeting of the Dal-Paso Cavern Highway Association has been set for Wednesday, May 8th, to be held at Anson, Texas.

Officers will be elected for the ensuing year and plans made for the largest Motorcade that ever traversed Texas.

The modern girl is like an amateur photograph—either under-developed or over-exposed.

A thirteen-year-old girl who says "It is I" has been discovered by an Eastern college professor.

Methodist Ladies Sponsors New Sign

One of the circles of the Women's Missionary Society, with Mrs. Mack Garner as leader, is sponsoring a new addition to the attractiveness of the business district this week.

Local Druggists Show Good Variety of Mothers Day Gifts

Both our local drug stores are well equipped to meet any demand for appropriate Mother's Day gifts.

We noticed especially Whitsett Drug's selection of greeting cards. Not only Mother's Day, but Dad's card was there, birthday, illness greetings, all sorts can be found there.

If you prefer a more lasting gift than any we have enumerated, look at the wide variety of gifts in the novelty department of each drug store.

Mothers Day Program At M. E. Church Sun.

Due to the fact that Sunday, May 12, is Racial-Associate Day, Mother's Day program will be presented at the Methodist Church next Sunday at the eleven o'clock hour.

Several persons are recipients of invitations to the Commencement exercises of Lubbock High School.

SISTERS MEET AFTER 24 YEARS SEPARATION

Mr. Lizzie Dennis, of North Little Rock, Ark., is the guest of her sister, Mrs. J. W. Nichols.

5th Monday Social Is Well Attended

The fifth Monday social at which the ladies of the Methodist Church were hostesses last Monday afternoon was well attended by representatives of all the churches.

The home of Mr. and Mrs. W. H. Vanzo, where the social was held, was beautifully decorated with roses placed artistically on the piano mantle, and in baskets.

An interesting program had been arranged and was much enjoyed. Piano numbers by Mrs. L. P. Hardy are always a treat, and added to her part of the program, vocal numbers by Mrs. Mack Garner and a reading by Miss Christine Millwee were also features of the afternoon.

APRIL SHOWERS A horse fly has to be a Christian Scientist to perch hungrily on the radiator of an automobile.

The philosopher who said there was nothing new under the sun had not heard our latest "slimfies" about reaching for a cigarette instead of a sweet.

Marriage is like stud poker. It costs only a few dollars to enter, but you chip in every few minutes thereafter.

No matter how wise a father may be, he never knows half so much as his own son.

The modern girl is like an amateur photograph—either under-developed or over-exposed.

A thirteen-year-old girl who says "It is I" has been discovered by an Eastern college professor.

Methodist Ladies Sponsors New Sign

One of the circles of the Women's Missionary Society, with Mrs. Mack Garner as leader, is sponsoring a new addition to the attractiveness of the business district this week.

This will be an electric sign, standing on the sidewalk between Miles Barber Shop and Whitsett Drug Store.

The sign will be two feet wide, seven feet high, will be equipped with a mirror for the convenience of the ladies, and will display fourteen advertisements from business houses in O'Donnell.

H. M. Hale is in charge of the agency, and he gives the ladies a percent to fill the board.

On learning that the proceeds will be applied on the new church, he gave them the income above expenses, on the board next year.

This will be a nice little sum of money and will be well spent.

The circle had already been profuse in their appreciation to the business men, and this prospect for next year increased.

They take this opportunity of publicly expressing their appreciation to the gentlemen who helped them.

High School Orchestra Win 1st Place, Abilene

The Lamesa High School Orchestra went to Abilene this week to compete in a contest for High School Orchestras for West Texas, sponsored by the Simmons Cowboy Band.

First place, carrying with it a beautiful trophy, was brought home by the Lamesa Orchestra, under the direction of Conway King.

We extend hearty congratulations to both Mr. King and the Orchestra. Thus another musical laurel comes to Lamesa.—Lamesa Reporter.

Ben F. Brown, grand high priest, Sterling City, and Thomas M. Bentley, grand secretary of Waco, of the Royal Arch Masons of Texas will be in Tahoka for a meeting of the local lodge on May 10, according to C. C. Connolly and J. K. Applewhite.

All Royal Arch Masons are urged to attend the meetings.

HILTON HOTEL PERMIT TAKEN AT LUBBOCK

LUBBOCK, Texas, April 30.—The Hilton Hotel Company of Dallas took out a building permit here Monday for a \$400,000 fourteen story hotel, boosting the total building permits for the year to \$2,055,043 and the total for this month to date to \$929,425.

R. E. McKee of El Paso is the contractor on the 200-room hotel, which will be built upon the site of the old Merrill Hotel, which has been razed preparatory to the excavation for the new hotel.

This is the second large hotel building project started this month. The Lubbock Hotel Company having taken out a permit for a \$250,000 five story addition which will send their six-story hotel up to eleven stories and give 300 rooms.

Many new methods in dairy and poultry marketing are coming into use, says the Bureau of Agriculture Economics, U. S. Department of Agriculture—the dressing of poultry at packing establishments, the use of paper containers in selling retail milk and cream, the rapidly expanding business in frozen eggs, and tank cars for hauling milk in bulk.

There may be different kinds of soil in the farm garden and it is well to consider this when planning the spring planting.

Calves raised to be fattened as yearlings should be taught to eat grain before they are weaned so they can be weaned with only a slight interruption of growth and loss of milk fat.

POOR BUT HONEST FILM HERO MUST SHARE SPOTLIGHT

The Rich but Honorable Hero Has Climbed Upon Pedestal of Movie Fame

Poor but honest movie heroes are only a step more popular than rich but honorable movie heroes, according to Jack Mulhall.

Rehearsals began Monday night on the Senior Class play, "The End of the Rainbow. Those who are familiar with plays of this type say that this is one of the best. Several

ters, prefers to be rich but honorable. So he is well pleased with his part in "Naughty Baby," the hilarious comedy-drama with filmdom's newest flapper flame, Alice White, coming to the Lynn Theatre Thursday and Friday, May 9th and 10th.

"When the screen reaches its ultimate realism, I suppose I'll find myself a rich but dishonest role some day," Mulhall observes. "Or perhaps a poor but dishonorable film hero will have his day, too."

An unusually large supporting cast of beautiful and gifted women and talented male actors appear with Mulhall and Miss White in "Naughty Baby." The cast is headed by Thelma Todd, Doris Dawson, James Ford, Fred Kelsey, Benny Rubin, George Stone and Frances Hamilton.

REHEARSALS BEGIN ON SENIOR PLAY "THE END OF THE RAINBOW"

TEXANS LET'S TALK TEXAS As Surely as the DAY follows the NIGHT Texas Electric Service Co. The Silent Partner of Progress

As Surely

as the DAY follows the NIGHT

AS SURELY as the day follows the night, West Texas stands upon the threshold of an era of industrial development which will be as thrilling and as picturesque as has been the past history of this remarkable empire.

forward. These men pioneered West Texas. Today their efforts are gloriously in evidence. On every hand the force of their determined optimism is felt.

Sometimes the most worthwhile things are the least obvious. It seems to have been so in the case of West Texas. In the outset it seemed to many people that there was very little to recommend this section as one peculiarly fitted for the building of a great industrial area.

This heritage they are tendering to a new generation, whose capacity for going forward with it is reflected in today's sound developments.

Accordingly they instituted a program of foundational industrial work which required the greatest courage and fortitude to carry

The Texas Electric Service Company has had a part in West Texas development. And this Company feels that it partakes fully of the spirit of West Texas, that it has an understanding of the needs of this territory which enables it to plan its future along the most constructive lines of helpfulness to this great wealth producing area.

Texas Electric Service Co. The Silent Partner of Progress

**Chamber of Commerce Meet Was a Success**

The South Plains District Convention of the West Texas Chamber of Commerce held here last Wednesday was pronounced by the officials of the West Texas Chamber of Commerce as being the largest and best planned ever held in West Texas. That is a compliment which the Citizens of Tahoka and Lynn County should be proud of, and no doubt you are proud of it. The Spirit which existed in Tahoka last Wednesday was truly great. Everyone seemed to be beaming with that great spirit of Welcome for our out of town visitors.

There is no single person or small group of persons responsible for this great Convention, but it was possible because of the wholehearted cooperation of our citizens. Every business house in Tahoka was decorated. This made a wonderful impression on the visitors. It was not hard for them to understand that we have 100 per cent co-operation. The people responded in a wonderful way to the request of the Convention Committee that a large delegation of our own people attend the sessions in the Theatre and Connolly Motor Building. All officials of the West Texas Chamber of Commerce were loud in their praise for the large crowd and the success of the Convention. Messrs. Bourland and Wade, Presidents and Manager respectively of the West Texas Chamber of Commerce stated that nothing had been left undone to make it the greatest and best Convention.

The Tahoka Chamber of Commerce wishes to express its thanks and appreciation to Miss Greenwade and the Ladies Home Demonstration Clubs of Lynn County for the fine dinner served that day. This was one of the important features which helped to make the Convention the success that it was.

This again exemplifies the wonderful co-operative spirit which exists among the people of Lynn County.

I also wishes to extend thanks and appreciation to the Boy Scouts of Tahoka, Wilson and O'Donnell for the work which they did in helping to handle the traffic and large crowd on that day. Mr. Fench, City Marshal, reported that the boys did excellent work and the day ended without a single accident. The Boy Scouts of Lynn County are to be congratulated for their manly behavior and attention to duty when assigned to a particular job.

We cannot mention everyone who helped to put over this Convention, as it was put over by the hearty cooperation of our entire citizenship. The desires of the Convention Committee were realized when it was pronounced the Greatest in the history of the West Texas Chamber of Commerce.

Neither could be have had a successful Convention without the support of the towns of the South Plains. The same spirit of co-operation was exemplified by the other towns as shown by our own citizens. We appreciate this wonderful spirit and can see a great future for the South Plains because of its existence. Practically every town on the South Plains joined the movement and spent a day in Tahoka in friendly rivalry and jollification.

**KNOW TEXAS**

Texas stood ninth in number of individual income tax returns in 1926 and also in net amount of income, 111,438 Texans reporting \$547,652,501 net income. California, Illinois, Massachusetts, Michigan, New Jersey, New York, Ohio and Pennsylvania were ahead of Texas and Texas had one taxpayer on more than \$5,000,000 net income.

The Texas syrup crop, from sugar cane and sorghum, is valued at \$4,000,000 a year.

Texas produces more sheep and goats and more wool and mohair than any state in the union.

Between 1920 and 1925, 75,000 new farms were brought into cultivation in the United States. Thirty thousand of them were in Texas.

West Texas, which according to the West Texas Chamber of Commerce of Commerce comprises the area west of the M-K & T Railroad to Waco and thence southwest thru Fredericksburg and Rock Springs to Del Rio, includes 135 counties and approximately 91,000,000 acres of land. Into it could be dropped Maine, New Hampshire, Rhode Island, Connecticut, New York, New Jersey, Delaware and Maryland and still have unoccupied 10,000 square miles or eight more Rhode Islands.

**COWS PAY**

C. P. Moore, R. F. D. 4 out of Bonham, told a newspaper man how financial independence had come to him through dairy cows. When he started seven years ago it looked as if he had almost reached the down-and-out stage, he said. In three years his cows paid off all debts and he is still operating on a cash basis. He has twenty-five head of cows and young cattle, a half-dozen sheep, a

few hogs and a number of chickens. One-third of his farm is planted to cotton and the remainder to grain and feed. His weekly income from nine milk cows averages \$50.00 since he tested his cows and got rid of five that were merely "paying board," replacing them with animals that yield three pounds of milk for every pound of concentrated food.

**GRADUATION DAY IS APPROACHING**

LAMESA—Graduation Day, for the High School boys and girls is approaching, there being only three more weeks of school. Lamesa has 77 candidates for graduation from High School in the 1929 class. And there are 65 candidates for graduation from the Grammar School into the High School this year also.

Lamesa is proud of this fine bunch of boys and girls and wishes them every success in their battles in future life.

**Rural Schools of Dawson County Will Receive \$14,065 as Aid**

LAMESA—W. T. Webb, County Supt. of Dawson County, states that the rural schools of Dawson County will receive a total of \$14,065 state aid. In addition to that \$400.00 was given to McCarty and \$350.00 to Lakeview for industrial aid. S. E. Clark highly complimented the schools of Dawson County especially Five Mile, which was recently completed a New Modern and well equipped brick building. He said for the amount of money invested in finer school in Texas could not be found.

Screw-worm flies in decaying animal matter, usually in carcasses of large animals, and if all dead animals were promptly disposed of by burning or burying, there probably wouldn't be any trouble from screw worm, which are troublesome at this time of year, particularly in the Southwest. Any brands, shear cuts or other wounds in livestock should be watched for screw-worm infestation. A mixture of 4 parts of commercial pine-tar oil and 1 part of furfural is an excellent repellent, says the U. S. Department of Agriculture. Tannic acid dusted over a wound will check bleeding and repel the flies. Fly maggots in a wound can be destroyed by chloroform.

To get a lesser number of the best quality blooms from cut flower rose bushes, they should be pruned every spring to within 6 inches or 1 foot of the ground. To get a greater number of smaller blooms, one-third to one-half the wood should be cut.

**Index Ads Get Results—Try Them**

Chicks of different ages should not be raised together. The older ones will crowd the younger, and the result will be poorly developed chickens. Chicks should also be separated according to sex. Cockerels of the lighter class, such as Leghorns, should be separated from the pullets when about 8 weeks old, and cockerels of the general-purpose class, such as Plymouth Rocks, may run with the pullets a little longer.

**Look Now For In-  
fertile Egg Markets**

College Station—It is wise for poultry raisers to begin now to look for markets that will pay a premium for infertile eggs, for with the coming of warm weather next month farm eggs will likely be discriminated against in price because of the wide prevalence of fertile eggs. Producers who follow the good management method of selling off most of the roosters now and penning the remainder will be well repaid, provided they make arrangements to dispose of fresh infertile eggs for extra prices. It is usually possible to do this, either individually or through egg circles or associations, for the public demands good eggs and is willing to pay extra to get them.

In suggesting such a course of action, E. N. Holmgren, Poultry Specialist in the Extension Service of A. & M. College, calls attention to the great increase in recent years of co-operative selling of fresh, infertile eggs in Texas. Last year alone groups of farmers and farm women in more than 100 counties sold eggs for premiums ranging from two cents to seven cents per dozen. In most cases local merchants handled these quality eggs on a small margin or bought them outright for resale. "Summer poultry success," says Mr. Holmgren, "Depends on keeping up production and getting premiums

on infertile eggs. With the coming of warm weather broodiness increases and production falls off unless something is done about it. Put the broody hens into coops in order to break up broodiness and maintain high production so necessary to profits."

**Fourth Annual Page-  
ant to be Held at Tech**

LUBBOCK, Texas, April 30.—The fourth annual pageant to be held at Texas Technological College will be given on the green in front of the administration building Friday evening, May 17. About 600 persons will participate.

The pageant, which will represent scenes from an English fair, is being arranged by Miss Ruth Pirtle, head of the department of speech. Students in choruses and folk dances will be trained by Miss Zella Riegel of the department of physical education.

**GOOD PER CENTAGE OF  
STUDENTS AT TEXAS TECH  
ARE FROM SMALL TOWNS**

LUBBOCK, Texas, April 30.—A recent analysis of the 2,088 students enrolled at Texas Technological College this term indicates that 46.3 per cent are from towns under 2,500 in population. Cities from 2,500 to 5,000 are given as the homes of only

8.2, while places with a population of from 5,000 to 20,000 send 5.6 per cent. The local enrollment from Lubbock is responsible for 37.9 per cent coming from towns between 20,000 and 50,000 and only two per cent are from towns of over 50,000. The analysis further shows that the average size of the annual incoming class has been 884. The average number of years the individual student stays in college is shown as 1.92, or nearly two years each.

It's a good plan to whitewash the cow stable once or twice a year. Good whitewash may be made with only lime and water. Ordinary hydrated lime may be mixed with water; or lump lime may be slacked with a minimum amount of water and then more water added to bring the white wash to a proper consistency. Only

freshly burned lump lime should be used, and any that is air slacked should be discarded, as whitewash made from such lime will not stick.

If the floor is kept wet while the whitewashing is being done, it will be easier to remove any that may be dropped on the floor.

**McCormick-Deering  
Two-row Cultivator**

Double your cultivating capacity with a McCormick-Deering two-row. It is one of the biggest steps toward lowering the production costs of row crops.

The gangs shifts in pairs, making dodging just as simple as with a single row cultivator. The gangs on each side also lift together, thereby saving time at the end of the rows. The wheels pivot to guide the cultivator, and the gangs can be locked to shift at the same time on the cultivator frame. It assures clean, accurate cultivation. We can show you these features on the 2-row at our store.

We have this cultivator with the gang, shovel, and hitch equipment to meet your requirements. Ask us for the price.

## Class Banquet Staged In Gorgeous Setting

The annual banquet with which the Junior Class honors the Seniors has always been one of the major events of the school year, and the one given for the Class of '29 was the most gorgeous ever staged in O'Donnell. The upstairs hall of the High School building has been transformed into a dream of loveliness by the time the guests appeared. Trellises were arranged at regular intervals down the length of the hall, with a trellis of pink and orchid crepe paper completing the garden wall. The trellises were covered with sweet peas in the chosen colors. The entrance to the banquet hall was an immense archway, faced at the opposite end by a similar one in which the piano was placed, both arches being hung with sweet peas. The ceiling was a network of alternate strips of pink and orchid in which the lights gleamed like gigantic roses in their dress of pink crepe paper.

The table itself was a beautiful specimen of decorator's art, with low bowls of sweet peas alternating with tall pink tapers down its length. Through interest of friends, the linen, chinaware and silverware was the best, and these were added decorations. Place cards had been made to order for the occasion, and were miniature Sweet Girl Graduates standing on pink and orchid bases, and carrying tiny diplomas in their hands. Another of these some sixteen inches in height formed the centerpiece proper.

The dainty frocks of the feminine guests, some of them worthy of the name creations, were fitting adjuncts to the beauty of the setting. It is impossible to give in any detail a description of the gowns. Suffice it to say that the pastel colors blended well with the general color scheme and that each of the wearers was charming as only Juniors, Seniors,

and their faculty friends can be. The evening was opened with Mrs. Gary playing the prologue, Mr. Burkhalter following with the invocation. Miss Beverley Wells, president of the Junior Class, welcomed the Seniors in her own gracious manner, and Miss Irma D. Palmer president of the Senior Class, responded with a few well chosen words. The element of sadness always present at an occasion of this kind was gallantly overlooked as the school mates met together for the last time at a formal solo event. Miss Millwee's vocal solo was much enjoyed. Travis Everett was spokesman for the Seniors in a clever Toast to the Juniors, which was followed by a piano solo by Mrs. Gary. Mary Joe Gates toasted the faculty in an original little speech, and Morene Huff was splendid with her readings. Mr. Edwards concluded the program with a short address to the assembled classes, and if more than a few tears were wiped away as they listened to the words of their beloved teacher, who was there to notice!

A delicious menu of mint cocktail, baked chicken, dressing, gravy, candied yams, celery, peas, salad, rolls, cake, tea, cream and mints was served to more than seventy-five guests.

## E. B. WARREN SELECTED JUDGE OF DAWSON COUNTY BAR ASSOCIATION

LAMESA—Mayor E. B. Warren of this city was selected Saturday the 27th, as special Judge of the Dawson County Bar Association in the case of the State of Texas vs. Austin Campbell charged with assault to murder and under suspended sentence. Campbell was asking for a new trial and a dismissal which was heard and granted by Warren, Judge Gordon B. McGuire, District Judge disqualified in this case on account of having aided in the prosecution of Campbell five years ago as District Attorney.

## Faculty Members Honor Guests

In last week's paper, we mentioned that Mr. and Mrs. Ben Moore were taking the teachers of our school on a picnic of some kind, and we promised to have all the details this week.

Mesdames Boss Johnson, L. E. Robinson, and Waldo McLauren were joint hostesses with Mrs. Moore on this pleasant occasion, and were as enthusiastic in the fun as any of the other youngsters.

The crowd left town about sun-down, arriving at the appointed place, T. J. F. Lake, just in time to get supper spread to be eaten by moonlight. And only moonlight would have been charitable at the way that fried chicken, those pickles, that salad, and that ice cream and cake, disappeared. However, the ladies were prepared for all emergencies, and when the last man had declared himself filled to the brim, there was still chicken left to bring home.

## LAMESA ORGANIZES A CITY BASEBALL LEAGUE

LAMESA—Lamesa has recently re-organized their city Baseball League. It is divided into four divisions, with the managers and names of the different divisions as follows: Sherman Hill: Mgr.—Bill Billies, E. U. Parchman: Mgr.—Yellow Jackets, C. A. Hollinsworth: Mgr.—Wildcats, Paul Hufstetler: Mgr.—Trail Blazers. They will play their first game on May the 15th. The season ending August the 15th. Much local competition is anticipated. Last year the Trail Blazers were winners in the first half while the Wildcats came out on the top in the second half.

## Tahoka C. of C. Makes Good Will Trip

The Good-Will party of the Tahoka Chamber of Commerce made a trip to Morgan Community last Friday night where they were greeted with a filled house of about one hundred and fifty people of the Morgan Community. It was a delight and pleasure to those attending the meeting from Tahoka to meet with these people on this friendly occasion. This was the third Good-Will meeting and was pronounced a great success by those who attended it.

Morgan is one of the most progressive and wide awake communities in Lynn County as was evidenced by the wide interest which was manifested by the people of that community last Friday night. Morgan is about eight miles east of Wilson and they have a nice two room brick school house. A fine community spirit exists around the community and they have a fine school under the direction of Principal L. H. Taylor and Mrs. Taylor.

The program Friday night well received and enjoyed was presided over by Mr. L. H. Taylor, Principal. The program as rendered was as follows: America—Sung by the audience. A talk on the Lynn county Fair by Messrs G. H. Nelson and Mr. Taylor White. Reading—Mrs. L. H. Taylor. Community building—Judge G. C. Grider. Duet by Mr. and Mrs. Clyde Shaw of Morgan Community. Chamber of Commerce and its work by C. C. Williams.

The Tahoka High School Quartet gave several selections with Mrs. Jackson, teacher of voice in the Tahoka High School at the piano. The quartet was made up of Robert Venson, Frank Sargent, Jim Jackson and Boswell Edwards. Other Tahoka people attending the meeting were G. A. Brasfield, Tobe Kennedy and Mrs. Taylor White.

**SCHOLASTIC POPULATION SHOWS INCREASE AT LAMESA**  
LAMESA—The Scholastic population of Lamesa shows an increase of more than a hundred, which brings the scholastics of Lamesa near the 1100 mark, according to the census in the Lamesa District. Better than a 300 increase is reported in the county, making the present scholastic population approximately 3700.

**OLD FIDDLERS CONTEST AT LAMESA MAY 7TH**  
LAMESA—On the evening of May the 7th, at the High School Auditorium the American Legion will sponsor an old fiddlers contest at which

all old time fiddlers of the entire country will be eligible to participate. At this time there will also be staged a pageant of which Mrs. Phillip Yonge is managing and which promises to attract large crowds from over the section. According to officials of the Old Fiddlers contest twenty old timers have already entered. Other old Fiddlers will participate from all sections of the state. When asked what the territory limits for entries in this contest the officials said there is no limit and all who desire to enter coming from all corners of the earth." It is further announced that the officials of the contest will award prizes will be awarded second and third place winners.
