### '46 Study Club Has Seated Breakfast

The 1946 Study Club opened its new year with a seated breakfast at 9:15 Thursday morning with Mrs. Dallas Vaughn as hostess. Upon arrival the members gathered in the living room, where they were favored with a piano number by Mrs. Ed Robertson and two vocal numbers by Mrs. Wayne Clayton accompanied at the piano by Mrs. Robertson. All then adjourned to the spacious dining room where breakfast awaited on tables set with colorful pottery and centered with bouquets of red roses.

The president opened the business session at the close of the meal. Mrs. Carr Spraberry presented the new year book "Herlooms-Patterns For Tomorrow" and gave a brief talk on the year's program. Mrs. Douglas Ballew gave an inspiring talk on what the Club hopes to achieve in the year ahead. Reports were given by the various committees and dues were paid. Breakfast of scrambled eggs, broiled sausage, cinnamon rolls, butter, jelly, fruit and coffee were served to Mesdames: Douglas Ballew, Elystine Bates, Joe Brewer Wayne Carroll, J. W. Gardenhire Wayne Clayton, R. E. Hargis, Joe Harris, Alton Hobdy, Truett Hodsett, Burl Koeninger, Paul Man, John Morris, Sam Nelms, Ed Robertson, L. G. Schuessler, Roy Smith, Carr Spraberry, J. C. Swinney, Dallas Vaughn and Floyd Williams. The club will meet Sept. 24th with Mrs. Burl Koeninger as hostess and Mrs. L. E. Robinson as guest speaker.

### MISS SANDERS HONORED

Small officiating. Those attending from here were Mr and Mrs James Bowlin, and daughter, Mrs J. P. Bowlin, and Mr and Mrs Ervin Jones. Mr and Mrs James Bowlin had as their guest last week her parents, Mr and Mrs W H Fulkerson, her brothers, Mr and Mrs W H Fulkerson, Jr. of Dallas. Mr and Mrs Tommy Fulkerson and child from Ft. Worth. They were here to attend the wedding of Charles.

### City Tax Board Meets Public On 18th

Thursday, Sept. 18th the City of O'Donnell Board of Equalization will meet in the City Tax office to interview tax payers who wish to appear before the Board. The tax board is composed of Ed Singleton, Burl Koeninger and J V Burdett Jr. The Board was appointed last summer and has worked off and on all summer. This has been the first complete revision of the city tax rolls in a number of years. Some valuations have been lowered to equalize values but most industrial and business properties have been raised from less than a hundred to several thousand dollars. Free Services Now For Nite Watch and Garbage

Councilman John Earles estimates the tax revision upward will bring in \$2,000 or so of added revenue. At the same time the City will pay the nite watchman all of his salary and pay for all of the garbage service. In effect this will be a decrease in taxes for several hundred small real estate owners, especially those owning modest homes. Mr. Earles explained that collection of nite watch service and garbage service has never been completely satisfactory either to the public nor the City, and by taxes the burden will be shared more evenly.

The Board wishes to meet all tax payers on the 18th and if a protest is to be made, this is the time to make it, a member said.

**Trade Districts  
 In Large Cities  
 May Disappear**

NEW HAVEN, Conn. — The  
 "downtown" business districts of  
 American cities may soon become  
 "ghost towns", a Yale University  
 traffic expert says.

"The central business districts of  
 our cities are confronted with prob  
 lems of transportation which threat  
 en their very existence," warns  
 Theodore M. Matson, director of  
 Yale's bureau of highway traffic.

Matson says a city's business dis  
 trict is dependent on the number of  
 people which can conveniently shop  
 in that area.

"As traffic congestion increases,  
 these business districts become  
 harder and harder to get to," Mat  
 son adds.

In a speech on "Yale Interprets  
 the News" over Station WTIC,  
 Hartford, the Yale expert said that  
 merchants in "downtown" areas are  
 losing their customers to accessible  
 suburban shopping centers.

**Future Looks Dark**

"Nationally-known brands, of  
 course, are sold in all areas—in  
 business centers as well as in the  
 suburbs," Matson said. "But non  
 standardized and luxury items tend  
 to remain in downtown shopping  
 districts and for the moment, the  
 central area serves an important  
 function in a community's economy  
 despite the inroads of suburban  
 competition."

He warned, however, that the  
 future looks dark for many of these  
 downtown areas unless traffic con  
 gestion is decreased.

Matson said all cities exist large  
 ly because of their strategic loca  
 tion on routes of travel and that  
 while transportation alone cannot  
 make a city, a city cannot exist  
 without it.

"Buses, street cars, taxis and  
 subways are all vital to American  
 cities," Matson said, "and when  
 we add the fact that 70 percent of  
 travel to business districts is made  
 by private automobiles, we have  
 genuine congestion."

**Districts Must Change**

Matson pointed out that con  
 gestion remedy is costly and local  
 governments are reluctant to make  
 any moves. He doubted, therefore,  
 that really strong measures would  
 be taken to relieve the congestion  
 apparent in more and more down  
 town areas.

"Central business districts, if  
 they are to survive, must change  
 their functions to serve a grow  
 ing population with an increas  
 ingly specialized line of goods and  
 services," he said in offering one  
 possible answer to the problems of  
 the downtown business man.

**Spreading Manure Aids Wildlife, Specialists Say**

Farmers who spread manure on their fields in late winter and early spring are helping wildlife as well as crops, extension specialists report.

Value of manure spreading for plant food is recognized, but few people realize that good farming practice also is a wildlife conservation help. Most manure contains weed and crop seeds that make good winter feed for pheasants, quail and other birds.

February, March, and sometimes April, are lean months in many northern states for the wildlife population. Pheasants and quail are weakened by lack of cover during earlier winter months.

Since much of their winter food supply has been exhausted, many birds will not survive lean pickings and rough weather during the last months of winter.

Agronomists always have emphasized that prompt spreading of manure saves plant food that might otherwise be lost through leaching. From now until full spring, manure should be spread when field conditions permit. Spreading now will put nutrients in fields instead of down barnyard drains, extension specialists say.

I got Conoco's NEW 1-2-3  
**"50,000 Miles No Wear" Service!**

Here is a proven, tested way to help your engine perform better, last longer, use less gasoline and oil! Simply give it Conoco's great new "50,000 Miles—No Wear" Service!

This is exactly the same service that kept test cars new in Conoco's spectacular "50,000 Miles—No Wear" road test!

In that famous 50,000-mile test, with 1,000-mile drains and proper filter service, test car engines showed no wear of any consequence: in fact, an average of less than one one-thousandth inch on cylinders and crankshafts. Gasoline mileage for the last 5,000 miles was actually 99.77% as good as for the first 5,000.

Now you can get this same 1-2-3 "50,000 Miles—No Wear" Service, at your Conoco Mileage Merchant's, today!

**Here's the Famous "50,000 Miles—No Wear" Service!**

1 Your Conoco Mileage Merchant Will Drain Out Grit and Sludge, preferably while engine is hot! "Hot-oil" drains every 1,000 miles flush out grit, dirt, acid and contamination—leave your engine sparkling clean!

2 He'll Recondition Air and Oil Filters! He'll clean filter elements, replace dirty cartridges, record mileage. Every time hood is lifted, he'll check mileage to be sure filters have been serviced at proper intervals.

3 He'll refill with great Conoco Super Motor Oil! Conoco Super is fortified with additives that curb dangerous accumulation of dirt and contamination—protect metal surfaces from corrosive combustion acids—fight rust—OIL-PLATE against wear.

This is a HEAVY DUTY OIL.
