**Slaton Takes Third Conference Game**

Winning over the Eagles Friday night by a score of 26-6, the Slaton Tigers have annexed their third conference game in a row. Friday night's game was a thriller from start to finish, the slightly lopsided score being no fair indication of the game itself.  
The Eagles put up a game scrap, as a team and in several individual instances, but were swept off their feet by superior weight of their opponents. In passing tactics, the Eagles far surpassed the Tigers, piling up 115 yards to the 7-yard line; which bears us out in the yelp we've been putting up all season - i. e. our youngsters are too tight to concentrate on scrimmage, but should perfect their passing game. In twelve tries, the boys connected with eight passes, a brilliant record for any team.  
Two touchdowns were scored by the Eagles, Tech McLaurin carrying the ball for both. However, the most spectacular, when he returned a punt for 60 yards, was called back because both teams were offside.

Elzo Collier and Harry Bell were stars for the Tigers, the former accounting for three of the Tigers' markers.

**Cordial Relations Noticeable**  
Courtesy and cordiality on both sides were commended with respect, as was the sportsmanship shown by both teams. The Index is authorized to extend on behalf of school authorities, team and coaches, and football fans, sincere thanks and appreciation to the Slaton school band and by scores of Slaton residents, who provided transportation to and from the football field. This courtesy was especially appreciated by O'Donnell fans.

**Sounding Here**  
Tonight the Eagles play again on their home field, when the South land team comes here. While this is not a conference game, the visiting team is reported to be a good one, which promises the locals a nice little session.  
Coach Ray DeBusk said early in the week that he will likely start the usual line-up, running, blocking and string men should result of play justify such tactics.

**BE OUT! JOHNSON FIELD TONIGHT TO YELL FOR THE EAGLES!**  
**BAND AMATEUR NIGHT VOTED GREAT SUCCESS**  
Amateur Night, sponsored by the high school band last Thursday evening at the high school auditorium, was one of the best programs ever staged here. First place was won by Miss Faudeta Middleton for her song "Maybe", second place going to the band, and third place by Dwayne Newton for his jig dance.

Attendance was good also, nice sum being realized for the band suits fund. Mrs. Dolores Burka, director, states that there will be several similar programs during the year.

**LOCAL DEALER JOINS GMAC MILITARY SERVICE PLAN**  
Ellis Chevrolet Company, local Chevrolet dealers, recently signed the contract which makes the agency a partner of Uncle Sam in that they are working with General Motors Acceptance Corporation in the Military Service Repurchase plan.

This plan, which is entirely optional with individual dealers, has been worked out for the convenience of men who are eligible for military service. When the purchaser is called for service, he may bring his car to his dealer, who will repurchase the car at the original delivered price, less a usage charge of 3 per cent per month. This repurchase amount will take the form of a credit certificate, applicable on the price of another car at a later date, or in the event that no other car is desired, application may be made for the redemption of the amount of the certificate in cash.  
More complete details of the plan may be secured at Ellis Chevrolet.

Mr. and Mrs. Jack Veazey and little daughter, Alice Jane, spent the week-end with Mrs. Campbell and Jo Anne.

Mrs. E. T. Wells and Miss Beverly were in Lubbock Monday shopping and visiting Mrs. J. L. Adams.

Mrs. L. L. Busby was quite ill the first of the week.

**PLACED IN ESSENTIAL PLACES SKILLED WORKMEN WILL BE**

WASHINGTON.—The Army has completed new elaborate arrangements for identifying skilled draftees so they may be used in the military tasks at which they will be most productive.

Officials said today that the new system would operate "more effectively" than the classification procedure of World war years. Ready now, it will first be applied

to conscript soldiers when the initial contingent of 30,000 is called up November 18.

Essentially its purpose is to make sure that when the army needs automobile mechanics, electricians or know where among the thousands of trainees to find them. In all, there are about 300 specialized military tasks.

Discussing other plans for induction of trainees, officials said they would be kept as close to home as possible. This, it was explained, will save money and help make the men happier. "Near home" may be anywhere in a corps area, although in some instances, as the necessities of army organization require men undoubtedly will be shifted from one corps area to another.

Tentative quotas by corps areas of the first 800,000 men to be drafted were announced by headquarters here yesterday. Army plans previously made public for calling men to service showed that these first quotas would be exhausted about June 15, by which time new ones may be given out.

The quota for the Eighth Corps area (Arizona, Colorado, New Mexico, Oklahoma, Texas) is 52,474.

Distribution of manpower requirements also has been broken down by states but the army has not announced the state quotas, which will in turn be sub-divided by draft districts.
