Rites Read For Pioneer Lady Here Monday

At 11:50 a. m. Sunday morning Mrs. J. T. Middleton, sr., age 68, was transferred from her pilgrimage on earth to her Home of Reward.

Services were read Monday afternoon at 4 p. m. at First Baptist Church with her pastor, Rev. O. O. Holladay, reading the last rites. Interment followed in the local cemetery under direction of Stanley Jones Funeral Home.

Marguerite Howard was born Sept. 29th, 1885 at Dayton, Tenn., the daughter of the late Mr. and Mrs. J. T. Howard of Dayton.

She moved to Abilene with her parents in 1902. Her father was once Taylor Co. Tax assessor. The family later moved to Merkel. She was wed to J. T. "Dub" Middleton of Jayton Dec. 14, 1908. In 1919 Mr. and Mrs. Middleton moved to O'Donnell where they have since resided as progressive and prominent citizens.

Having had two recent major operations, Mrs. Middleton was thought to be improving in health when she passed on at her home here.

Eagles Set To Win Over Morton

Friday nite at Morton the O'Donnell Eagles will be gunning for their first win of the season when they play at Morton. That team has had a season much like the Eagles, winning only one game to date.

Last Friday nite before a very small crowd the Eagles dropped their 6th game of season with a less than perfect Denver City team 53 to 6. The score was 33 to 0 at 3rd period when Harold Sanders climaxed a drive by going over from the one yard line.

The Eagles have showed a promising scoring attack all thru the season but the defense is so weak that opponent teams almost can score at will. To us that seems the only weak link in developing a smooth ball club.

The Eagle Band at half time staged a very nice show featuring the flag raising on Iwo Jima with the field being dark and the use of flares. Mr. Jones is really on the ball.

The extended drouth has died the natural oil of wood and made an extremely serious fire risk among down town business houses. A major fire along with low humidity and a high wind may be the combination to wipe the business section off the map. The public cooperation at this time is to the interest of all.

Most-liked low-priced car

... among people who want more for their money when they buy . . . and more money when they sell!

There's a big reason why more folks are buying more Fords than ever before. No other low-priced car offers so many of the things people want and need for today's driving. In fact, to get such "Worth More" Ford features as a V-8 engine, completely automatic transmission and fine-car power steering in any other car, you'd have to step well up from the low-price field.

Of course, Ford owners will discover that Ford's worth more when they sell it, too. Surveys of used car prices show year-old Fords returning a higher proportion of their original cost than any other car.

because it's most like high-priced cars

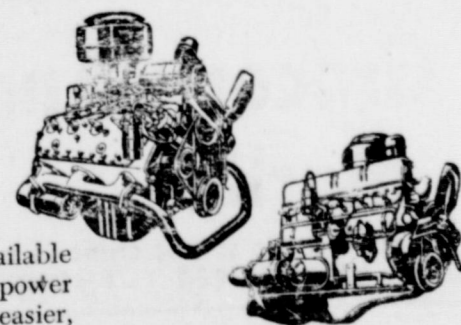

... more and more people are considering Ford as the one fine car in the low-price field!

It's hard to believe that a car which is built like the finest still sells in the low-price field. Yet a Ford with its hultight Crestmark body, its Full-Circle Visibility (most in its field), its new fine car ride and roomy luggage locker (roomiest in its field) delivers at a figure that keeps it right down in its price class.

Ford's the only low-priced car which offers you a choice of a completely automatic transmission (Fordomatic), Overdrive or Conven-

tional Drive. And Ford Master-Guide, available on all V-8 models, is the last word in power steering . . . makes turning up to 75% easier, yet retains the natural feel of the wheel on the straightaway.

See . . . Value Check . . . Test Drive the Ford of your choice at your Ford Dealer's. Find out why Ford is America's "Worth More" car.

Ford's V-8 is the same type of engine powering America's finest (and costliest) cars. And Ford's Mileage Maker Six is the most modern Six in the industry.

RUPTURE

SHIELD EXPERT HERE

H. M. Shevnan, widely known expert of Chicago will personally be at Hilton Hotel in Lubbock Tuesday and Wednesday only Oct. 27th and 28th from 9 a. m. to 4 p. m.

Mr. Shevnan says: The Zoetic Shield is a tremendous improvement over all former methods, effecting immediate results. It will not only hold the rupture perfectly no matter the size or location but it will increase the circulation, strengthen the weakened parts and thereby close the opening in ten days on the average case, regardless of heavy lifting, straining or any position the body may assume. A nationally known scientific method. No under straps or cumbersome arrangements and absolutely no medicines or medical treatment.

Mr. Shevnan will be glad to demonstrate without charge.
