

Track Team Is Excellent

Team Is One Of Best In State

O'Donnell's Bennie Clark was the stellar attraction at West Texas Relays held at Odessa Friday and Saturday. Benny topped Odessa's Byron Townsend's 1948 record of 6 ft 3-4 in. in the high jump by clearing the bar at 6 ft. 2. Actual measure for record was set at 6 ft. 1 and 7-8 in. He left his competition at 5 ft. 10 in.

Fannon Also Sets A Record

Kenneth Fannon also set a new record in the 180 yard low hurdles finishing first in 19.5 seconds and cutting 2-10ths of a second from the record of 19.7 set by Pete Huddleston of Iran last year. Ken also finished second in the high hurdles but was ignored by the officials. The mistake of officials cost O'Donnell the second place trophy instead of their winning 4th place and lost for Fannon high point man award.

Jackson Carries The Mail In Mile

Bo Jackson placed 3rd in the mile finishing behind Rivas of Bowie HI at El Paso and Northcutt of Amarillo. The Eagles totaled 12 points finishing 4th from a field of 59 schools and were just behind Amarillo and Austin HI of El Paso.

This Week At Panhandle Meet

The Eagles will go to Panhandle this week end for a track meet. Trackmen going are Bennie Clark, Ken Fannon, Red Rains, Roger Doss, Jim Jackson, Arthur Jackson, Wayne Mott.

At the recent Canyon Reef Relays at Snyder the Eagles won 3rd being topped only by Abilene and Colorado City. 35 teams were entered. Abilene took 39 points, Colorado City 19 and Eagles 14 1-2.

Fannon placed 2nd in 180 yd low hurdles and 120 yd high hurdle he took 3rd. Clark tied for second in high jump at 5 ft. 10. Bo Jackson tied for 3rd in mile at 4:55 and Fannon tied for 3rd in broad jump at 19 ft. 3. In mile relay of Mott, Rains, Doss and Jim Jackson the team took first place in good time of 3:59.03.

O'Donnell is plumb proud of Coach Ed Robertson's group of stout hearted Warbirds. The publicity for school and town is fine.

Club News

The 1939 Study Club met with Mrs. E. T. Wells Wednesday afternoon of last week. Mrs. Ben Moore sr. was leader. The subject was "Flowers and Gardens in Texas".

Roll call was answered with the name of a native flower. Mrs. Moore introduced E. J. Pettier of Lamesa as guest speaker and his talk was on flowers and their cultivation. Punch, nuts, mints and cookies were served to members and several guests.

Mr. and Mrs. Norman saw and children visited her sister in Level land over week end.

Those from here attending the funeral of Mr. Ted Gillespie in Lubbock Wednesday were Mr and Mrs Earl Gillespie, Mr and Mrs Clarence Gillespie, Mr. and Mrs. J. L. Lisdale and Mr and Mrs. Fred Utech and family.

Army Adopts Formula To Stop Fungus Pest

BALBOA Canal Zone—The army will defeat a costly tropic disease due to its civilian-military cooperation program in the Caribbean command.

It is estimated that adoption and perfection of a new-type fungus control compound ultimately will save thousands of dollars worth of army instruments. The compound's formula was submitted to the United States army in the Caribbean's suggestion committee by a civilian.

Donald F. Scott, chief of the instrument-repair branch of the Inter-American geodetic survey, Balboa, Canal Zone, and a veteran of 20 years experience with precision instruments, developed the formula after a long series of experimentation.

The formula, consisting of seven parts beeswax, two parts vaseline and one part mercury (poison), prevented fungus growth on instruments during nine months of testing during the rainy season in the Panama jungles. Instruments not treated with the compound showed signs of fungus within 90 days.

Folks You Know

Mrs. Leo Engle and children of Hale Center visited her parents here over the week end.

Marion Ballew of Denver, Colo visited his parents Mr and Mrs. R R Ballew Sunday. Also visiting were Mr and Mrs. J. E. Stovall of Lubbock and Mr and Mrs. Bud Ballew of here.

Mr and Mrs. A. C. Lee and family of Happy, Mrs. Garlington, Mr and Mrs. C. S. Florence, Mr and Mrs. J. C. Lee of Ballinger, Mrs. Wesley Brown of Lamesa, Mr and Mrs. J. O. Landers and Linda Sue of Wells visited with Mr and Mrs. Jerry Landers Sunday.

Mr and Mrs. C. E. Boles and family visited in Post Sunday with Mr and Mrs. R. P. Snider and Brenda.

Buster Henry visited his daughter, Mr and Mrs. Ralph Lindsay at Lubbock Sunday.

Mr and Mrs. Ben Carpenter and Mr and Mrs. J. L. Pennington visited relatives at Paducah Sunday.

Mr and Mrs. R. E. Barnett and Mrs. Stone visited Blondie Barnetts at Seminole Sunday.

Mrs. Clinton Fannon and children of Lubbock visited relatives here over the week end.

Weldon Martin and A. B. Pace are fishing on the Rio Grande this week.

Mr and Mrs. W. N. Wheat of Amherst returned to their home Friday after an extended visit with their daughter Mr and Mrs. A. B. Pace.

Mr and Mrs. Effie Bater and Mr and Mrs. Sid Jones visited in Lubbock and Wilson Sunday.

Mr and Mrs. Lenard Welty of Tullia visited Mr. and Mrs. J. D. Putman over week end.

Mr and Mrs. T. A. Wimberley spent last week in Big Spring with their daughter, Mrs. Eason, who underwent surgery.

Mr and Mrs. Rurley Brewer visited their son Mr. and Mrs. Glen Burleson Brewer at Corpus Christi last week.

Mrs. W. R. Horsley, daughter of Mr. and Mrs. B. K. Cooley underwent surgery Friday at Amarillo.

Mr. and Mrs. Hal Singleton jr. are visiting in Arizona.

Mr. and Mrs. Leroy Mensch spent Sunday at Post.

Mr. and Mrs. B. K. Cooley spent Sunday at Hobbs, N. M.

Mrs. Willie Smylie spent week end in Beaver, Okla. with her children and families.

Mr. and Mrs. Morris Sanderson of Seagraves were business visitors here Monday.

Carroll Forbes and family of Ft. Worth visited with Mr and Mrs J. T. Forbes over week end.

Miss Alta White of Lubbock visited relatives here Sunday.

The W. M. U. met at First Baptist Church Monday at 4 p. m. Mrs. Sallie Newlin, who has lived in the Canal Zone, was the speaker.

Cerified planting seed may cost slightly more than other seed but it added exposes gives assurance of purity, higher germination and better yields at harvest time.

Research and field experiences dealing with yellowing problem in grain sorghums and other crops are being continued.

Despite the continuing drought homestead improvements demonstrated last year planted nearly 200 000 trees for windbreaks and shade and 50,000 shrubs. More than 3 000 lawns were also sodded.

A good audience enjoyed the play "11 Lovely Ladies" presented by ladies of Berry Flat and sponsor ed here by O. E. S. The play was Tuesday nite at auditorium.

School Election Saturday

New Moore Consolidation Vote Is Set

Saturday March 28th balloting both at O'Donnell and at New Moore will be held on the proposal to consolidate the two schools into the O'Donnell Consolidated Independent School District. The election will be held here at school tax office and at New Moore at the school.

The proposal must carry by a simple majority at both boxes to be effective. O'Donnell will give a large favorable vote to the issue as a welcome to our neighbors to the west but O'Donnell believes the issue at New Moore is one that the community there should decide to their own best interests. We shall welcome them if they believe their future lies with us.

All Teachers Re-elected

The O'Donnell School Board elected all teachers back who asked for re-election in a regular meeting held Thursday. The election of some of the teachers will depend on State Educational Agency approval due to amount of training or other requirements. Supt. John Morris said.

The Board complimented the faculty as a whole and pledged their continued support on behalf of making the O'Donnell schools one of the best educational systems on the South Plains.

Following is list of teachers and positions.

John Morris, Supt., Choyce Robertson, high school principal, Bill Gravitt, jr. hi principal, Mrs. Paul Gooch, grade school principal, Mrs. Vera Etter, office secretary.

High School teachers: Mrs. Nola Bolch, English, Miss Myra Brooks, commercial, Mrs. Morene Cathy, social science, Mrs. Sue Nazworth math, James Reed, Voc. As., Ed Robertson, lib.- Eng., Ed Robertson, coach, Mrs. Lelias White home making, Maurice Jones, band director.

Jr. high: Mrs. Ona Doss, 6th, Mrs. Bill Gravitt, 6th, Mrs. Ruth Jolly 8th, Mrs. Alta Line, 7th, Kenneth Sutton, 7th.

Grade: Mrs. Thelma Showalter, 1st, Mrs. Lucille Worthington, 2nd, Mrs. Louise Line, 2nd, Mrs. Nora Hightower, 2nd, Mrs. Bess Hardberger, 3rd, Mrs. Nodia Tredway, 3rd, Mrs. Mable Brock, 4th, Mrs. Harris, 4th, Mrs. Paul Gooch, 5th, Miss Townsley, 5th, Mrs. Joyce Jones, 1st and 2nd; colored school: Dorothy Giddings and Adeline Payne.

SMITH, CLARK, SANDERS EDWARDS, THOMPSON, JAMES PLACED AT SHOW

Last week the FFA sold out their show animal projects for year at South Plains Jr. Livestock show at Lubbock.

Kenneth Smith showed the 3rd place Angus which was purchased by Hemphill Wells for 32c and given to Texas Tech. Clyde Edwards, O'Donnell implement dealer, purchased the 4th place Angus of Benny Clark at 30 cents. Harold Sanders showed 11th place Hereford heavy weight calf bred by Ralph Beach of here and sold at 27 cents.

Wendell Edwards showed 7th place lamb which Judge Ray Mowery said was fattest lamb in the class. Purchase price was 35 cents. Wallace Thompson showed 4th and 5th place Hampshire barrow and received 29 and 30 cents.

Freddie James showed the 12th place barrow which sold at 29 cents.

Boys with barrows that stayed in show but not placing received 22 cents for heavy barrows and 21.30 for light-barrows. Sifted calves sold at 23 to 24 cents and South-downs lambs at 20 cents and Rambouillets 18.30. (Ed. note: due to declining livestock prices most of the boys made little or no money on current show stock)

Jesse and Rob Lane and Billy fished at Honey Grove last week.

Mr. and Mrs. John Spears honored their son in law, John Lawler of Lamesa with a birthday dinner in their home Sunday.

CITY ELECTION IS NEXT TUESDAY WEEK APR. 7th

Next Tuesday week, April 7th is the regular city election. To be elected are three aldermen. Retiring council members are John Earles, John Ellis and J. T. Middleton, sr. and their names were the only names filed. The election will be at the City Tax office. Unless a write-in campaign develops, and there are no present indications, the voting will probably be very light.

School Briefs . .

The band went to Lamesa Friday to march in the Pioneer parade. Each member except for majorities and drum major were dressed in levis and white shirts. They marched to a snappy drum cadence and played "Forward March."

Tuesday afternoon, to the delight of the band students the 1952-53 band jackets were awarded. They are black bodied with yellow sleeves and black panels. The cuffs and bottoms are yellow, accents in black strips. The lyre is yellow with a background of white felt. The main attraction of the lyre is the black strip that is across it and bears the letters of "OHS."

Amounts due on the annuals should be paid as soon as possible. To pay your last amount be sure to see Joyce Bailey, Retha Gillespie, or Peggy Pearce.

The Senior play books arrived last Monday. Try-outs will be sometime this week.

The date of the senior play has been announced for April 21.

Tuesday night the Grade school Girls Volly Ball Team visited Graham. They won only one game out of five, but played well, considering it was their first game of the season. Graham will return the game here in two weeks.

At 6 p.m. Thursday evening the girls played their first game in the Gail Tournament. Their opponent was the Dawson Team, and probably the strongest in the tournament.

A Heart To Heart Item

Worried about your heart? If so it doesn't help to hear that deaths from disease of heart and blood vessels are the leading cause of death in Texas. Yet, if you have heart trouble today, you are better off than you would have been a any previous time in the history of the world, says Dr. Geo. W. Cox State Health Officer. Cases, while in former years were considered hopeless, are now being treated successfully. Most heart patient who follow their physician's directions can lead relatively normal lives, carrying on most of the activities they did before they became ill with heart disease.

Over-fatigue, over exertion, worry, and prolonged emotional disturbances also make additional work for the heart. The heart slows up somewhat when you lie down and a little more when you fall asleep, but the person who is constantly on the go, and gets too little sleep, does not give his heart much of a chance to rest. Whenever you become worried or excited your heart is the first part of the body to react. It immediately starts to beat faster. If you really become frightened or over exercise, it may start pounding.

Many people, when they realize they have heart trouble, fortunately learn a new way of living. They acquire a more wholesome and happier way of life. Their work is planned so they do not get overtime and are not pushed to get the job done; when they get tired, they stop and rest. Few heart patients have to give up all of their usual activities. They learn a different and better way of doing them that does not put such a strain on the heart, for they have found that it is the way they do things, rather than what they do that is so very important.

Early treatment for heart disease will help to relieve your worries and will set you on the right road to good health, with a chance for normal span of life.

NOTICE

We are discontinuing our seed business and will NOT handle field and garden seed this year. We pay oil mill price for your cottonseed. Bring us your Surplus Seed.

O. C. McBRIDE AND SONS

Rotary Meets

The O'Donnell Rotary Club met Tuesday with 16 members present and visitors from Tahoka and Lamesa. Other visitors were Mr King of Sweetwater, Rev. Cole of Ft. Worth and A. L. Thompson of here.

Jerry Monash, formerly of Germany, and now a resident of Lamesa, was the speaker. His subject dealt with comparing democratic government with the other forms of international governments with attention as to how Germany got that way. Mr. Monash said, "As long as there is individual freedom initiative, thought and ability to act alone, democracy can never be replaced here by any one of the various 'isms' ". He got an interesting and informative talk and impressed the group with the importance of maintaining individual initiative rather than to have the individual's actions formulated by some other source, whether it be government or what.

Mrs. Harvey McKee was in Lamesa hospital several days last week.

Eddie Smith underwent major surgery last week at a Lubbock hospital. Mrs. Smith said Tuesday he was doing fine and would be home last of this week.

SERVICES READ FOR ED GILLESPIE AT LEVELLAND

Funeral services for Henry Ed Gillespie, age 66, who died at 6:20 a. m. last Tuesday in a Levelland hospital were held at 2:30 Wednesday afternoon in First Methodist church. The Rev. Don Davidson, pastor, officiated and burial was in Tech Memorial park. Mr. Gillespie was born July 19 1886 and lived near O'Donnell where he farmed until the early 1930's. He had lived 6 miles north east of Levelland for past 23 years. He is survived by his wife and two sisters.

He was the first secretary of the O'Donnell Masonic Lodge serving in that office for some 11 years. He was a cousin of the Gillespie boys of here.

Mr. and Mrs. Ervin Street and Mrs. Johnny Billingsley left Tuesday for McKinney where Mr. Street will receive treatment at Veterans hospital.

Mrs. Stokes returned to her home in Austin after a visit with her daughter and family, Mr. and Mrs. Floyd Williams and baby.

For sale: 150 gal. Propane tank also 1949 Chevrolet Pickup in good condition. Mrs. Henry Harris

Sunday dinner guests of Mrs. Henry Harris were Mr. and Mrs. Max Harris and son, Ronnie of Hobbs, Ronnie Golithy of Carlsbad, N. M., Mrs. Frank Burnett. Calling in the afternoon were Mr and Mrs. Dick Harris and Dickie Marie.

THURSDAY BRIDGE CLUB

Mrs. L. G. Schuessler was hostess to the Thursday Bridge Club last week. Mrs. Joe Lehman won high score. Mrs. J. T. Forbes won second high and bingo was won by Mrs. L. L. Birdwell. Others present were Madams: James Bowlin Harvey Jordan, Louis Hochman Hugh Lott, Johnny Billingsley, C. R. Burleson, jr., Buddy Wollam and O. G. Smith, jr. Mrs. Sam Singleton will be hostess at the next meeting.

School Lunchroom Menu

Monday Bacon, Beets, Green Beans, Buttered Potatoes, Bread Milk, Peaches.
Tuesday Salmon Salad, Lima Milk, Ice cream, James Bowlin
Wednesday Boiled Ham, Celery stick, English Peas, and carrots, candied Jams, Rolls, Olio, Bread, Milk
Thursday Hot Tomalie, mixed fresh vegetables, Red Beans, Potato Saled, Corn Bread, Milk, Jello with fruit.
Friday Beef Roast, slice Tomato Black eye Peas, Bread Milk Donut

Guild Meets

On March 12, 1953, the Wesleyan Service Guild met in the home of Mrs. Ferrell Farrington.

Mrs. Jones presented a very interesting program. Those on the program were Mrs. Gibbs, Miss Townsley, Mrs. Longino and Mrs. Everett.

Reports on the Guild conference in Plainview were given by Mrs. Line and Mrs. Everett.

Mesdames Everett and Gibbs were named as a nominating committee. They are to submit names for elective officers the second meeting in April.

Refreshments of strawberry shortcake and coffee were served to the members.

The Wesleyan Service Guild met at the Methodist Church March 19 1953.

The first lesson of the Study of Africa proved very interesting. Mrs. Longino was in charge of the program. Mrs. Warren Smith, Mrs. Gibbs and Mrs. Line also had part on the program.

The Guild members decided to buy some glass communion cups for the church as a project.

The Guild will meet Thursday night, March 26, at the Church.

ELECTION CALLED FOR CONSOLIDATION OF SCHOOL DISTRICTS
Official notice of election for vote on consolidation of New Moore School District and O'Donnell School District was posted in 3 places in the O'Donnell School District March 6th, 1953. The date of the election will be Saturday March 28th, 1953 and the election will be held at School Tax office under direction of Tom Brewer assisted by two judges yet to be appointed. The question to be determined will be whether or not a majority of the legally qualified resident voters of said O'Donnell Consolidated Independent School District desire that the School District be consolidated with New Moore Common School District No. 28 of Lynn and Terry Counties for school purposes. For official notice see notices posted at O'Donnell High School Building, O'Donnell Post Office and Hash Cleaners. It is hoped that a good number of voters will turn out for this election. If it is the desire of New Moore to become a part of our school district, we should show our interest by voting on the question March 28th.

CITY ELECTION NOTICE
PURSUANT TO AN ORDER issued by City Council notice is here by given that a city election will be held on 7th day of April A. D. 1953 at City Water and Tax Office in City of O'Donnell, Texas for the purpose of electing three (3) aldermen. (SEAL)

O'DONNELL SCHOOL CENSUS BEING MADE
The 1953-54 school census is now being made and the co-operation of all parents in making a complete census is earnestly sought. Especially important will be getting on the census rolls those children who will start to school for the first time next year. If you have a child who will start next year please contact one of the school principals, Mrs. E. E. E. or Tom Vandell at the Tax office. It is imperative that your child go on the roll if they will be 6 on or before the 1st of September and 18 or under on or before the 1st of September 1953.
The Following Cases Are The ones most likely to be missed:
1. Children who will be SIX by Sept. 1st and who do not have older brothers or sisters now in school.
2. Mexican and Negro families living on someone's farm where none now are in school.
3. Families who have recently moved into O'Donnell School District.
4. Older children who have married but who are not yet too old for the Census. This is especially true in Mexican families.

Cancer Killer That Spares Life Sought

BERKELEY, Calif.—What would be the ideal chemical to kill cancer cells and at the same time leave normal tissues of the body unharmed?

A new approach to this difficult question will be undertaken by a team of scientists in the University of California School of Medicine, San Francisco, with the aid of a \$10,000 grant from the Damon Runyon Fund.

At the present time the trial and error method usually guides the search for cancer-fighting chemicals. Chemicals are made in the laboratory, then tried on cancerous mice. If they have some effect on cancer, they are then tried on human patients.

There are at present two chief classes of cancer-fighting chemicals.

In each case the chemicals that inhibit cancer growth so far tried have not been able to make a sharp enough distinction between cancer cells and normal cells.

The scientists will study the basic chemical reactions that take place between the chemicals and both cancer and normal tissue.

Their goal is to learn enough about the reactions to be able to write specifications for chemicals that would carry out the desired inhibiting reactions with cancer cells but not with normal cells.

Man Passes 100, Then Sows His Wild Oats

BROOKLYN—When he was 100 years old, Masha Byron was imprisoned for shooting craps.

When he was 102 he was arrested for practicing medicine illegally.

Recently, he was hauled into court again, this time for cursing a neighbor. He was ordered by a doubting judge to go home and get his birth certificate to prove that he was 108. The judge couldn't believe a fellow so old could stir up so much trouble.

Music Is Replaced By Fish in Gullet

VENICE, Italy—Giovanno Casonato was emptying his net after an especially rewarding fishing voyage. He opened his mouth to sing, because he was happy over catching so many fish.

A small fish leaped down his throat. Casonato had a spasm of coughing and sneezing. The fish did not come out.

It required an operation to remove it.

Magistrate Sentences Man to 10 Whip Lashes

FREDERICK, Md.—Magistrate Wilbur F. Sheffield, Jr., has become a celebrity since he sentenced a man to 10 lashes for wife-beating. Mr. Sheffield has been deluged with fan mail.

The letters have come from all over the country and there is even one from Spain.

"Your decision will serve as a lesson . . ." said one.

"Would a wife have gotten the same sentence?" challenged Dr. C. R. Wilber of the Bronx, N.Y., president of the National Sociological League.

"The whipping post, used over the nation, would reduce crime," said another.

"Lashes are for the middle ages," said another.

A group of Robbins, Calif., housewives prescribed 40 lashes—the legal maximum under Maryland's old whipping post laws—plus 40 kicks in the stomach.

Shuffling through the file, Magistrate Sheffield said he would stick by the sentence imposed August 6 on Marshall M. Flanary, 43-year-old carpenter from nearby Greenfield, who was convicted of beating his wife.

Only one thing is holding up the lashes now. Magistrate Sheffield ordered a mental examination for Flanary. Unless the doctors find Flanary insane and commit him to an institution, Magistrate Sheffield will sign another order for execution of the sentence. Flanary could have appealed, but he didn't.

Handsome People Few, Photographer Claims

MILWAUKEE—Victor Anderson, manager of a photography studio, says that from the standpoint of proportions there are but few beautiful women and handsome men in the world today.

He contends that human faces are made attractive in photographs not so much by natural attributes as by good photography, careful posing and proper lighting.

"It is interesting to see the number of persons that come into my studio who do not know that they have a crooked nose, one eye smaller or a lopsided face or some other fault," Mr. Anderson said.

"When people look into a mirror they are usually combing their hair, shaving or otherwise in motion. Motion is the great deceiver and when in motion the faults are minimized. Some become unnoticeable. It is when the face is stationary, as in a photograph, that the faults become apparent."

Flies Make Scientists Give Up in Despair

STATE COLLEGE, Pa.—Scientists have split the atom. They've designed a plane that can fly twice as fast as sound. But when summer comes, and with it the fly, they throw up their hands in despair.

"We thought we had it beat when DDT was discovered," says Fred W. Knipe, a public health engineer who's been studying flies for the past year at the Pennsylvania state college.

"It was only a temporary victory, though. Researchers have now bred flies that can spend their entire life cycle right on a film of DDT. And they thrive on it!"

Flies, it seems, can adapt themselves to practically any conditions to which man subjects them. Whenever man invades new territories, the fly comes right in after him.

Although it seems certain that the fly is going to be with us for a while, there are a couple of bright spots in the picture. "Base sprays like pyrethrum and allethrin which are at least temporarily effective may soon be produced commercially," Knipe says. "And the fly population doesn't seem to be increasing. Americans, in particular, can consider themselves lucky. Here we have only one variety of housefly. In Egypt, where they really have flies, ten varieties have been identified so far."

What is the deadline on a GI loan?

For World War II veterans the deadline is July 25, 1957, for veterans eligible under the Korean GI Bill, the deadline is 10 years after the end of the current emergency period a date not yet set.

To train under the Korean GI bill I understand that I have need at least 90 days military service unless I was discharged sooner for a disability. Must all the 90 days have occurred after the Korean fighting began?

Not necessarily. You could qualify provided any part of the re-

quired 90 days of military service took place after June 27, 1950, the date of the outbreak of hostilities in Korea.

my U.S. Government life insurance permanent policy has just lapsed through oversight on my part. When I reinstate must I pay interest on the premium in arrears?

Interest if you reinstate within 12 months from the due date of premium in default. If you wait longer than that, 4 percent interest compounded annually must be paid on the premium in arrears.

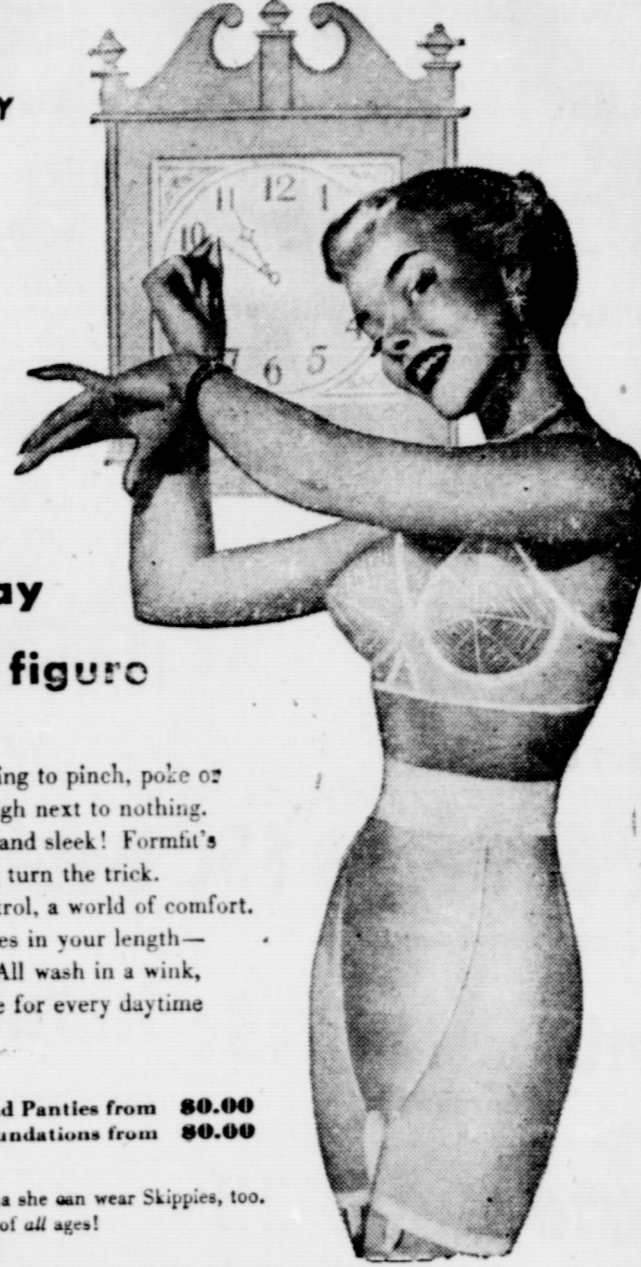

I'm a world War I veteran, and

You won't be required to pay in-

THOMPSON'S TOGGERY

...the *light* way to a trim, lovely figure

No heavy bones in Skippies. Nothing to pinch, poke or bind. They're soft and cool and weigh next to nothing. Yet they keep you beautifully trim and sleek! Formfit's can't-be-copied design and tailoring turn the trick. Smooth you with a whisper of control, a world of comfort. We have Skippies girdles and panties in your length—your choice of styles and elastics. All wash in a wink, dry fast. Have yours in a wardrobe for every daytime and date-time need!

Girdles and Panties from \$0.00
Skippies Foundations from \$0.00

P. S. If she's a slimmer, remind Grandma she can wear Skippies, too. They're for "juniors" of all ages!

Spring is on the way to

TEXAS

This year make SURE! Treat your car to

CONOCO "Spring Tonic" Service!

More than just an oil change
A COMPLETE "SPRING TONIC"
FOR YOUR CAR!

Available only at your CONOCO Dealer

FREE BATTERY CHECK-UP
Your Mileage Merchant will clean battery terminals and make sure your battery is in top condition.

FREE RADIATOR SERVICE
He'll tighten hose connections, flush radiator if you wish, and see that your cooling system is set for warm-weather driving.

BUMPER-TO-BUMPER LUBRICATION
Using Conoco's special Chek-Chart for your make of car, he will get to every single lubrication point, assuring smooth, squeak-free riding. And he'll replace winter-worn transmission and rear-axle lubricants with correct Spring-grade Conoco lubricants for quiet, wear-free operation.

DRAIN AND REFILL WITH CONOCO Super MOTOR OIL

While the engine is hot, he'll drain your gritty, winter-worn oil. He'll recondition air and oil filters, and, most important of all, he'll refill your crankcase with the right grade of CONOCO Super—the motor oil with Oil-Plating® that helps your engine eat less—run better—live longer!

CONOCO Super IS A HEAVY-DUTY OIL

-P.S. Don't forget to fill your tank with CONOCO 'Spring-Tailored' gasoline!

WE DELIVER

Details of a Nine-point livestock and poultry program for Texas will be released today at Texas A and M College. The program involves the teaching, research and extension parts of the Texas A and M Collage System.

Texas agricultural producers under the 1953 goals program, have been asked to materially increase the average of grain and roughage crops and reduce cotton plantings. The grain roughage is needed to restore the depleted stocks of these feeds.
