W. D. Stubblefield Rites Are Read Tuesday

Funeral services were read Tuesday morning at 10:00 at McDonald Funeral Home Chapel in Lubbock for William Dallas Stubblefield who died at his home here Sunday afternoon after an extended illness. Graveside services were held at Crowell that afternoon where interment followed. Rev. O. O. Holladay pastor local First Baptist Church conducted the services.

Mr. Stubblefield was born February 14, 1871 near Waco. He was wed to Miss Sarah Jane Mitchell at Moody. To this union was born eight children. This union was broken by the death of the wife January 13, 1918. He was wed to Mrs. Della Parker on December 21, 1919 and to this union was born one son. Mr. and Mrs. Stubblefield moved to O'Donnell Dec. 21, 1937.

He was converted to faith in Jesus Christ and joined a Baptist Church when a young man. He had been in declining health for nine years or so passing from this earthly life at 3:45 p. m. Sunday.

Three children preceded him in death, two having died as infants. John Stubblefield, a son, died March, 1949. He is survived by his wife and the following children: Mrs. Alice Hill of Swanson, Mrs. Myrtle Trammell of Swanson, C. W. Stubblefield of Paris, Mrs. Lula Hinderson of Altus, Okla., Mrs. Faye Smith of Seagraves, Sam Stubblefield of Lovington, N. M. He has one living brother, J. G. Stubblefield of Wilford as well as a number of grandchildren and great grandchildren.

Mr. Stubblefield was held in high esteem in the community and his passing is mourned by all. Our sympathy to loved ones.

Borden Co. Schools Open Aug. 31st

All Borden County schools will open Monday Aug. 31st with a full schedule of work on the opening day according to Harlan Williams, a trustee of the district. The lunch room will be open and all buses will run.

The fine football field at Gail is now lighted and all home games will be played under lights. A schedule will run next week unless Harlan forgets!

Sam Davis of Rock Springs is new principal at Plains Grade school and Mrs. Davis and Mrs. Eddie Glen James of Odessa are the other teachers. In addition Mrs. Davis is a registered nurse and will be in charge of nursing duties of the school. Last year the school had 53 students attending.

The beautiful new consolidated high school at Gail is expected to have an increase in enrollment over last year's 100 or so students. The entire system is now accredited according to Mr. Williams. E. E. Moser of Cisco Jr. College is the new coach.

All bus drivers are now hired. Mr. James will drive the Gail bus, Mr. Marlin, the Mesquite bus and Mr. Crow, the Berry Flat bus. The district has two new buses.

The district now has a \$18 million valuation largely due to discovery of oil in 1950. There are now 160 producing oil wells in the school district. Borden County may be in the years to come the richest school district in Texas.

Mr. and Mrs. Warren Smith spent several days last week at Ruidoso.

John Spears left Monday for Ft. Worth.

Mrs. E. J. Tredway left Tuesday morning for Anton where she will visit several weeks.

About 25 members of the Methodist Junior Friends enjoyed a swimming party at the Municipal swimming pool at Tahoka last Wednesday. This is one of the most modern pools in West Texas.

Tips On Hot Weather

Beat by the heat? Is this torrid weather sapping your energy from every body pore? Observing a few simple hot weather living rules can mean relief from this sweltering heat.

Cut down on the amount of food eaten at any one time. Eat a few crackers or some fruit between meals if you get hungry. Many people feel better in hot weather if they eat fewer protein foods such as eggs, fish, and meat. Fruits and vegetables in season makes a fine cool comfort diets. Water is constantly being lost thru perspiration and has to be replaced or painful heat cramps will result. Office workers probably get enough salt thru ordinary eating but laborers may need 2 or 3 extra teaspoonsful each hot day.

Children who play hard and perspire freely need a little extra salt. Salted nuts or crackers is an agreeable way for them to get it. They won't object at all. Don't wear clothes that hinder evaporation of perspiration because that is the way body temperatures are kept normal. Wear loose, light clothing, preferable light in color.

Suit your exercise to your strength. Swimming is unquestionably the best summer sport since it cools rather than overheats the body.

Sun rays are most intense between 10 a. m. and 4 p. m. so stay covered over your head. A June to October vacation at North Pole would help, too.

Sutton-Brooks Vows Are Exchanged Here

Miss Myra E. Brooks, daughter of Mr. and Mrs. H. F. Brooks of Tokio, became the bride of Kenneth A. Sutton Aug. 20th in a candlelight service. Vows were exchanged before an altar of white gladioli and fern in the First Methodist Church with Rev. H. A. Longino officiating in a double ring ceremony.

The couple were attended by Mr. and Mrs. John O. Nazworth. The bride was given in marriage by her brother, S. Sgt. Lloyd A. Brooks.

The bride wore a street length dress of turquoise salina cloth with brown accessories and carried a carnation corsage and a white Bible. The matron of honor wore a street length dress of powder blue and navy accessories.

Soloist was Mrs. Wayne Clayton and organist, Mrs. Ed Robertson. Mrs. Clayton sang "Because", "O Perfect Love" and the "The Lords Prayer". Ushers were Dan Williams and Harold Mires. After a wedding trip to Northern Arizona the couple will be at home in O'Donnell where Mr. and Mrs. Sutton are teachers in the high school. Our best wishes, Kenneth and Myra.

Out of city guests were Mr. and Mrs. Robert Clement and son, sister of Mr. Sutton; Mr. and Mrs. Dan Williams, N. L. Cowan, Miss Wanda Brooks, Mrs. F. V. Williams, Mr. and Mrs. S. C. Simon, Mr. and Mrs. John Barbee, Mr. and Mrs. Wayne Wilkinson, Miss Nelda Jobe of Lubbock; Misses Mattie and Luedie Morgan of Brownfield.

Mr. and Mrs. C. D. Childress, Pat and Mike, Mr. and Mrs. Elton Childress, Mr. and Mrs. Alvin McMillan, Mrs. A. J. Tidwell, Leslie McMillan and Henry McMillan attended the Eastland Co. Reunion at Mackenzie park in Lubbock Sunday.

Mrs. Henry Harris and Mr. and Mrs. Dick Harris and daughter attended a family reunion at Hobbs, N. M. and Mrs. Harris continued to Colorado.

Mr. and Mrs. P. A. Mansell are in Dallas visiting their daughter and family Mr. and Mrs. Cathey Baswell.

R. D. Worthington has returned from LaFeria where he was ginner for James Bowlin there.

Mr. and Mrs. Charles Tyler of El Paso spent week end here with his mother, Mrs. Tom Tyler.

School Values Explained

In order to meet the budget requirements for the 1953-54 school year, an increase in district valuation was found to be necessary. A number of reasons are evident but the one that is most understandable has to do with decrease in State allotment of monies to this district. Last year's valuation was \$5,518,000. The addition of New Moore with a valuation of \$295,513 brought this valuation up to \$5,813,513. For budget needs it was estimated that a valuation of approximately \$6,750,000 would be needed. This amounted to an increase of \$936,587 in valuation in the original O'Donnell District.

The reason and need for increase is due mainly to increased local assignment by the State which means we receive less money from the State thru the Salary and Operation allotment. The following figures will give an idea of what has happened in this respect:

In 1951-52 school year we received \$95,323 from the State.

In 1952-53 school year we received \$87,925 from the State.

For 1953-54 school year we expect to receive \$81,457 from the State.

This is due to system of financing under the Foundation program and the way it affects our part of Salary and Operation Allotment. In our case it ties in directly with increase of County valuations.

You will note from above figures that we are receiving \$14,966 less money from the State than we did in 1951-52. Last year there was a difference over the prior year of \$7,398. An increase in valuations last year was considered at that time but it was decided to postpone the increase for a year. This was managed by not purchasing any needed busses and thru other economies.

This year we are faced with a further decrease in Salary and Operation allotment over 1952-53 in amount of \$7,398. Last year the budget for current operation was \$150,311.00.

The proposed budget for 1953-54 is for \$156,621.00.

This is an increase of \$6,310.00. This is mainly for school busses (\$3,849) and for increase in maintenance allotment of \$1,500.

In considering the increase in valuation on individual property, it is to be noted that property values were equalized by the Board of Equalization and that improvements were taken into consideration. After this year the system of State financing will not work against the district and it is hoped that it will even begin to work in our favor.

Methodist Revival Opens

The annual summer revival of the First Methodist Church will open Wednesday and continue thru Sept. 6th. Rev. Quay Farmer of Ft. Worth will be the visiting evangelist and Earl Ward of Waco will be the song leader and work with the young people. Morning services will be at 9 a. m. and evening services at 7:45.

This revival team held a very successful revival here last year and before they left the Church requested them to return this year. Rev. Farmer is perhaps one of the more forceful and intelligent ministers to have visited here in recent years. He's a preacher in a preacher in that each of his sermons are a finished product and the result of study and polishing and finishing. As the case last year, the revival is nondenominational with the emphasis on winning lost people and leading the Christian toward a more Christ-like life.

Rev. Quay Farmer, preacher

Mr. and Mrs. Charles Tyler of El Paso spent week end here with his mother, Mrs. Tom Tyler.

Earl Ward, Singer

Rev. H. A. Longino, the pastor, extends a cordial invitation to all churches to make this their revival too.

(Ed. note: your ed., although not a Methodist, received a blessing from this team last year and look forward to this spiritual feast!)

Joe Kirkpatrick attended funeral services for Arch Proctor in Brownfield Thursday. Mr. and Mrs. Proctor formerly lived here where he was a business man. He was a Mason and a veteran of World War I. He had been in failing health for several years.

Mr. and Mrs. Durwood Seely and son of Spraberry and Mr. and Mrs. Raymond Pearce and sons of Seminole spent the week end visiting Mr. and Mrs. Price Seely.

Dwain Reeves of Abernathy spent Saturday nite with Dan Seely.

VISITS IN CHICAGO

Peggy Etter returned Friday from a visit with her fiancé, Bob Dickson, and his family of Chicago, Illinois. Among the many things she enjoyed while there was attending the all star football game between the College All Stars and the Detroit Lions. She also reports that the sight of the water in Lake Michigan was very refreshing to a West Texan. Peggy leaves Sunday for McCamey to begin her work there as a teacher.

SUMMER BAND SCHOOL IN SECOND WEEK

The O'Donnell High School Eagle Band is in its second week of rehearsal preparing for the coming school year. The group are meeting every morning, Monday thru Friday at 9 a. m. practicing new numbers for an hour and marching for an hour. With the progress the band has already made, there should be a great improvement this coming year.

The band is also sponsoring a baton twirling school for all students beginning in the fourth grade thru high school. Anyone interested in twirling is invited to come to the band hall at 9 a. m. each morning.

Small Boys With Guns
Jesse Barnes requested the
index to mention that he was
receiving \$100 reward for inform-
ation as to who damaged the mon-
uments at his family's burial site.
Several pictures inlaid into the
stone had been shot and damaged
by BB guns or small
hand fire. It is presumed that this
although damage was done by
young boys as no maturing youth
young adult would do such a
careless or needless thing. Some-
times young boys just don't think,
and this is probably the case.

Folks visiting the cemetery at
any time should watch for boys

and get their names. There is no
place in this, or any cemetery for
hunting or carrying of guns.

CONOCO Safety-First SERVICE

More than meets the requirements of any car on the road!

More than just an oil change—
A COMPLETE SAFETY SERVICE FOR YOUR CAR!

Chances are you're planning a Labor Day "outing." But remember, safe trips start at the Conoco sign. So plan on getting complete Conoco Safety-First Service this week—and your Labor Day trip will be a happier one!

- FREE tire inspection**
Your Conoco dealer will check air pressure and inspect all tires for cuts, bruises and wear.
- FREE brake check**
He'll check your brake system; recommend repairs when needed for safe driving.
- FREE cooling system check**
He'll examine your entire cooling system ... drain it if you wish ... make sure it's set for your trip.
- FREE lighting system check**
He'll inspect headlights, tail lights, signal lights—to make sure they're all effective bulbs.
- FREE battery check**
He'll test your battery—clean terminals, advise you if you need a battery charge, or new cables.
- Conoco lubrication**
Using Conoco's special Check-Chart for your make of car, he'll get to every single lubrication point.
- Drain and refill with CONOCO Super MOTOR OIL**
While the engine is hot, he'll drain out your old oil. Then he'll recondition air and oil filters and refill your crankcase with Conoco Super—the motor oil that cleans metal surfaces and helps your engine run better—and live longer!

AND REMEMBER—FILL YOUR TANK WITH CONOCO "RED" GASOLINE!

Far more miles per gallon on the trips YOU take!

On long trips, short trips, all trips, you get far greater gas mileage out of a '53 Chevrolet. It offers important savings in everyday driving over everyday roads!

Out to the golf course. Off for a week-end of fishing. Half across the country on a full-scale vacation. Wherever you go—however you drive—you're going to get there on a lot less gasoline in a fine new Chevrolet.

The truth is, this year's Chevrolet owners are enjoying the most important gain in economy in Chevrolet history. Plus more power. Faster acceleration. More "steam" for the steep hills.

That's the beauty of Chevrolet's two great high-compression engines—the new 115-h.p. "Blue-Flame" engine in Powerglide* models, and the advanced 108-h.p. "Thrifty-King" engine in gearshift models. They squeeze much more out of regular gasoline—more miles, more pleasure.

Along with this greater gas mileage, you get lower over-all upkeep costs. And Chevrolet is the lowest-priced line in its field. Drop in and let us show you how you'll be better off in every way with a 1953 Chevrolet!

*Combination of Powerglide automatic transmission and 115-h.p. "Blue-Flame" engine optional on "Two-Ten" and Bel Air models at extra cost.

**Town Has a Heart
 When Polio Strikes**

STORM LAKE, Iowa—The radio program, Operation Heart, recently proved that this community has a heart.
 Mr. and Mrs. Lawrence J. Kiernan recently lost their only son, Stanley, 8, to polio.
 The following Sunday, while the Kiernans and their two small daughters were attending church, fire broke out in their home and badly damaged it.
 News spreads fast in a small town anyway, but this time the story of the double tragedy at the Kiernans' residence was given wings by radio. Radio station KAYL and the junior chamber of commerce put on Operation Heart, a benefit show for the Kiernans.
 During the 90 minute program, \$1,000 in cash was received and \$1,258 in pledges were turned in to help the unfortunate family. The family also received offers of two houses.

**Tax Collector Shows
 No Mercy to Rich Dog**

BOSTON—"Dog or no dog," Henry F. Long, state tax commissioner says, "she must pay an inheritance tax."
 Long wants \$369 in taxes from Lassie, a collie left \$5,000 in the will of her late master.
 Axel R. Carlson, Lassie's late owner, left the sum to pay for the collie's care. The dog was sent to live with Mrs. Gertrude Hanson of Quincy.
 Long figured the tax as being six percent of \$5,000 plus 23 percent temporary surtax.
 Besides the inheritance tax, Lassie will also have to pay income tax annually on any income the inheritance draws.
 Mrs. Hanson will turn the matter over to Lassie's lawyers.

**Sandblasters Defer
 To Washerwomen**

FRANKLIN, Ind.—Housewives complained that grit from sandblasting operations at First Presbyterian church soiled washday clothes hanging on lines in the vicinity. The sandblasting contractor promised that operations would be halted each Monday—traditional washday. If it rains Monday, the work will be stopped on Tuesday.

**Honor System Cools
 Elk Rapids, Mich.**

ELK RAPIDS, Mich.—Residents here beat the heat on an honor system. The only ice house in town is a self-service affair. Prices are posted and a scale is provided. You step inside, select a block, weigh it and drop the money in a tin can.

The operators manual should be on the must reading list of every tractor owner. Read it and follow the instructions of the manufacturer for safe and efficient operation.

Make the Shoe Fit

By Dr. Benjamin Kauth

Director, American Foot Care Institute

Observance of National Foot Health Week, May 16-23, is a good reminder that your feet are an important part of your body, and as such will appreciate a little care. Or perhaps your feet have reminded you already!

The foot is a delicate piece of body machinery, made up of 26 different bones and several times that many ligaments. No wonder such a complex mechanism tires and pains when poorly shod. Or worse yet, it gets out of alignment and sets up a chain reaction of complaints ranging from back pains to headaches. Foot troubles usually come from faulty shoes.

Flexible all-leather shoes help preserve foot health.

When buying new shoes, make sure of two things: that the shoes fit properly, and that they contain no materials which may injure the feet or make them uncomfortable. Foot specialists recommend light, flexible all-leather shoes.

Leather uppers and soles have been found to be an important factor in foot health, because the fibrous structure of leather permits the foot to "breathe" and evaporate perspiration—at the same time that it provides necessary firmness and support.

Here are a few simple rules to follow when buying your next pair of shoes:

Have both feet measured in a

standing position. Take the size called for by the longer of the two feet, since nearly all people have feet of unequal size. See that the widest part of the foot rests comfortably at the widest part of the shoe. Make sure that there is at least one-half inch of space between your toe and the tip of the shoe.

Sewing for a Child Can Be Profitable

While economists try to figure a way to control inflation, many mothers have already taken matters into their own hands to stretch the clothing dollar. With more than 18,000,000 pre-teen-age children in the country, ranks of home seamstresses are increasing daily.

There's creative satisfaction in converting fabric into dainty or practical garments for work and play. There is, also, better fit, sturdier construction in clothes that mothers make.

If you haven't hopped on the sewing bandwagon yet, remember that in making children's garments for your first projects, you'll eliminate many of the fitting problems which arise when you sew adult clothing.

Small garments require little fabric and you'll often find these on a remnant counter. Many find that leftover yardage from other projects can be enough for a little blouse, skirt or pinafore.

Make Pattern Adjustments
In selecting patterns for children, local sewing center experts advise gauging the size to use by the child's chest measurement rather than by the child's age. Then, too, as when sewing for child or adult, the pattern is to be fitted to the figure and adjustments made before cutting the pattern from the material.

Most patterns for children need shoulder, waist and length adjustment, even though the pattern fits fairly well as to size.

Achieve Growing Room
Fabric allowance for "growing girls" is easily achieved by placing tucks on the inside of the dress just above the waistline and again at the hemline. Stitches for the tucks should be long and loose so they can be removed easily when the time comes.
