Survey Reveals Very Little Improvement In Service

Muleshoe businesses and residents are not receiving the quality of phone service they feel they should be getting and are definitely against the proposed increase in GTE telephone rates. These statements are assumptions made from the recent City Council Survey concerning GTE service.

City Manager Dave Marr has concluded from the survey "that the phone service has basically changed very little. It has improved, but is still not adequate to our needs."

The results of this survey and the one distributed in April of last year will serve as the community consensus of the telephone service which Max King, councilman, and Dee Treadwell, city attorney, at the Public Utilities Commission hearing March 30-31 in Austin.

Marr stated that the purpose of the hearing was to determine whether or not the GTSW service had improved and whether or not the \$4 million quality of service penalty should be removed.

King and Treadwell will present the survey results at the hearing in which GTSW will make submissions of improvements they have made. The PUC, consisting of three members, will then conduct an investigation. Marr does not expect a decision until early summer.

"We have good tele-

phone personnel here," said Marr, "the problem seems to be within the corporate having no commitment toward improving the equipment and the system."

The results including residence and business responses are totals are as follows:

1. Please rate the overall

quality of telephone service you receive.

Rating	Percent
excellent	3
above average	5
average	42
below average	32
poor	18

2. Please rate the overall quality of the long distance

Local Girls Join Tech Highriders

Gina Burden, daughter of Mr. and Mrs. Dale Burden and JoRhonda Rhodes, daughter of Mr. and Mrs. Joe Rhodes of Muleshoe are now serving as Texas Tech High Riders.

Their involvement in this organization with 70 other undergraduate women allows them to promote spirit at Texas Tech University in many areas. High Riders were founded in 1976 and has continued to grow as a respected campus organization.

As active members, Gina and JoRhonda are involved in supporting women athletics in volleyball, basketball, track and softball as well as men's sports as lacrosse, soccer, gymnastics, track and wrestling.

High Riders strive to reach their goal of allowing teams to feel backed by attending the games, giving goodie bags, being there when the teams leave for out of town games, telegrams, door decorations, coke parties and many other small things

Horse Club Will Host Playdays

The Progress 4H Horse Club of Bailey County will sponsor a series of playdays this spring. There will be four playdays in this series. Each playday will be comprised of five running events. There will be paces, barrels, flags, goat, and one other event which will vary for each playday.

There will be three age groups: seniors, juniors, and PeeWees with ribbons going to the top three places in each event. A trophy will be awarded to the high point individual in each age group who competed in at least three of the four playdays.

Entry fee for each event will be 50 cents. The play-

playday will begin at 2:00 p.m. The dates for the playdays are as follows:

1. April 5, 1981 2:00 p.m.
2. April 12, 1981 2:00 p.m.
3. April 26, 1981 2:00 p.m.
4. May 3, 1981 2:00 p.m.

A CEA, Jim Irwin, states:

"These playdays are just for fun and practice. We hope you will be able to attend as many as possible."

In case of bad weather on any of these dates, you may call one of the persons listed below to check on cancellation of the events.

Bailey County Officials Receive Commendation

Texas Business-Industry Week Is Set For April 1 - 7

Governor Bill Clements has issued a proclamation designating April 1-7 as Texas Business and Industry Week -- a time for honoring Texas companies for contributions made to state and local economies.

Sponsored annually by the Texas Association of Business (TAB) since 1951, the celebration evolves around a variety of community-wide events held through the cooperation of Texas chamber of commerce, including plant tours, special newspaper sections and advertising,

radio and TV interviews, career days and industrial fairs.

The 1981 theme, *Promoting Productivity Through People Power!* has been chosen as "business and industry's prescription for economic ills." Since it is "people power" which has enabled our state to become so highly productive, it is "people power" which

Rock-A-Thon Big Success Locally

The Muleshoe High School DECA and the South Plains Muscular Dystrophy Association's Rock-A-Thon has been deemed a big success tallying \$3,047 in pledges far above the \$2,500 goal.

During the 12 hour event at the Bailey County Coliseum last weekend, 73 enthusiastic students rocked their way through the night reaching their \$2500 goal at 5:00 a.m.

Steve Neptune, DECA member received recognition for the best decorated rocker and Richard Orozco tallied the most in pledges for a total of \$334.80.

Door prizes from area businesses were given amid entertainment by Cindy Purdy of Hawkins and Purdy's School of Dance and Gymnastics, Tri County Gymnastics, and the Flatland Bluegrass Band from Dimmitt.

Story Telling competitors include Abel Leal, Doug Chitwood, Stephanie Cox, and alternate Christy Pena.

In the oral reading for grades 7 and 8, Betsy Lunsford, Mandy Plank, and Bettie Lobaugh will be competing with Trisha Burgess the alternate.

Competitors in the Ready Writing for 5th and 6th graders will be Kristi Taylor, Karen Kennemer, Angela Kidd, and alternate Leah Bell. Competing in seventh and eighth grade category will be Kristi Spies, Tamara Bean, Betsy Lunsford, and Mike Harris, alternate. Students will be required an original composition with correct grammar and spelling and good

Jail Standards Now Meet Requirements

A certificate of commendation was presented to Bailey County for updating jail facilities by such improvements as security doors in booking room, utilization of non-flammable mattresses, repair of lighting and plumbing and repair of security windows.

Joe Slater, Supervising Inspector of the Texas Commission on Jail Standards was in Muleshoe this week and presented the commendation to the Bailey County officials in behalf of the Commission.

Slater stated: "The Bailey County officials, Judge Glen Williams, the four commissioners, and Sheriff Bob Henderson and his staff, are to be commended on this splendid accomplishment."

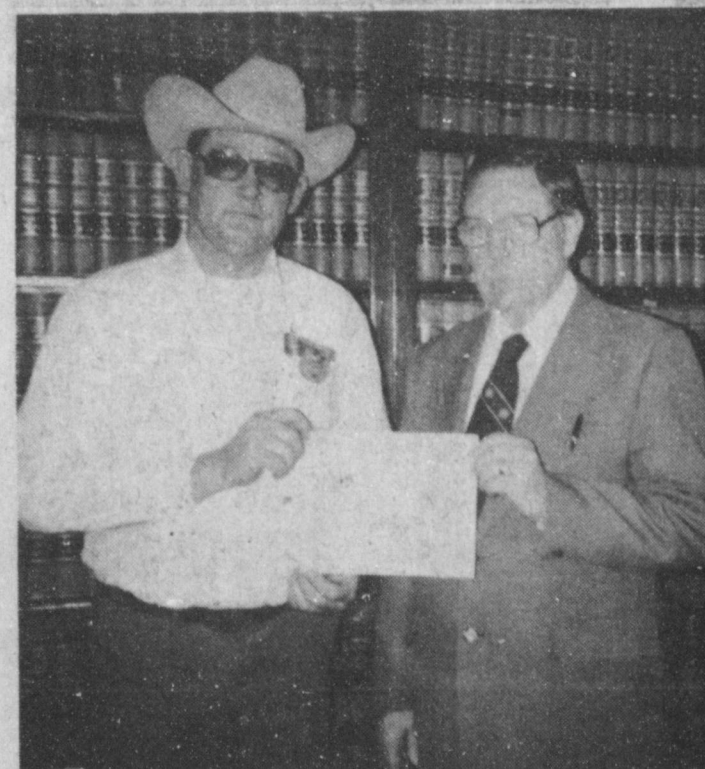

"This is not due to any one, individual, but to all working together. The tax-

payers of county should be proud they have elected officials who have been able to achieve this result at minimum costs." Slater added.

Inspector Slater further said, "Having achieved compliance with the Texas Jail Standards and with continued operation at this level, you may be assured that frivolous complaints and law suits will not be looked upon favorably by the Federal Courts. Compliance with the laws of the State of Texas serves to protect you; as these rules and statutes have been tested and upheld on numerous occasions by the Courts.

Slater completed his commendation with a personal note, adding: "My personal congratulations go to these officials. It is a

GTE Commends City

Muleshoe achieved a milestone early in 1980 when General Telephone installed the city's 4,000th telephone. The telephone exchange ended the year with 2,215 main lines and 4,108 total telephones in service, according to O.D. Hearn, the company's division manager. The company's local payroll added almost \$200,000 to the city's economy while providing employment for eight regular employees.

The company's operation also drew on local contracting and service firms for various types of work during the period. The local work force was also augmented for short periods by specialty personnel engaged in equipment installation work.

Significant expenditures during the year included an additional investment of

exchange equipment was increased to permit the addition of up to 500 new customers in the exchange while long distance trunking capability was also being expanded. During this same period the company increased the availability of its Touch-Call offering, improved and enlarged the internal power system for the local office and found it necessary to change customer dialing habits by requiring all seven digits to be dialed on local calls.

"All these changes have been brought about by the continued growth of Muleshoe and the ever increasing demand for more and better telephone service," Hearn added.

The company added another supervisor to its local staff in the latter part of 1980. This employee, Johnny Rodriguez, as-

Pintores Art Show Date Set

Pintores Art League has set their annual Art Filing date for May 16-22. The event will be held at Triangle's, giving the public an opportunity to see the paintings from the area artists.

Entries are to be hand delivered May 14 between 10 a.m. and 4 p.m.

The entries will be judged by Danny Gamble of Amarillo and will remain on view at Triangle's through Friday, May 22. Persons responsible for their paintings must pick them up after 4 p.m. Thursday, May 21, and between 10 a.m. and 4 p.m. Friday, May 22.

Non-members artists in the surrounding areas may submit as many original paintings as they would

like in each category at \$5 per entry. Fee for Pintores members is \$3. Cash purchase and merchandise awards total approximately \$2,500 will be awarded.

Entries must be original (not copies of other paintings) and must have been done without supervision. They are not to exceed 24X30 inches in size and must be framed and securely wired for hanging.

Each entry must have a card attached to the back stating the name and address of the artist, media, title and purchase arrangement.

For more information you may call Dorothy Franklin, 763-3157 or Ginie Seifert, 505-763-4998.

Robert Packwood, Senator (R-Ore), on tax credit for private schools:
"I do not think the budgetary complication is going to be a major road-block..."

Last Friday night, members of the Muleshoe Llano Estacado Civic Club surveyed decorations for another Muleshoe Chamber of Commerce and Agriculture banquet, and viewed the decorations with pleasure.

In what may have been the 'best' decorated banquet for several years, Hazel Cunningham, president of Llano Estacado said many persons loaned or contributed items to be used for decorations.

"We have always enjoyed splendid cooperation from the Muleshoe area people when we have started planning for the banquet decorations," she said, "and have many persons to thank this year for our outstanding art displays and other decorations to carry out the theme, Business and Agriculture -- A Winning Partnership."

According to Ms. Cunningham, businesses who contributed to the banquet decorations included Sherry's Art Shack, easels; Higginbotham Lumber, peg boards; Pay and Save Grocery, vegetables; White's Cashway, white paper; Dent & Rempe and Wooley International, both loaned tractors and farm equipment in a miniaturized size; Tana Holmes and Doris Palmer each loaned toy trucks and tractors; Griffith Elevator contributed corn and Lewis Scoggin contributed peanuts, all used in decorations.

Artists who loaned paintings to be displayed included Sandi Chitwood, Shirley Wilson, Mildred Williams, Valentine (Elizabeth Black), Mattie Hicks, Gloria Huckabee, Bertha

Beene, Jo Addine Mayhugh, Keith Taylor, Rheata White, Kathy Embry, and Susie Pierce.

Loaning the "City" Grandpa and Grandma dolls and the "Country" Grandpa and Grandma dolls used in the focal floral decoration was Jo Wilson. The outstanding decoration was designed by Llano Estacado member Dolores Kelton, utilizing vegetables and field grains found in this county.

Llano Estacado members spent Friday afternoon, prior to banquet time decorating the Muleshoe High School cafeteria for the event. Vice President Willie Reeder accepted an appreciation plaque for Llano Estacado during the awards presentation following the dinner.

Miss Tammy Wilde, Ramm United In Marriage

MR. AND MRS. CLAYTON RAMM (nee Tammy Sue Wilde)

Tammy Sue Wilde and Clayton Dale Ramm were united in marriage Friday, March 6 at 7:30 p.m. in the Trinity Lutheran Church of Amarillo. Rev. Gerald Petsch officiated at the double ring ceremony.

Parents of the couple are Mr. and Mrs. Jerry D. Wilde of Canyon and Mr. and Mrs. Ernest Ramm of Muleshoe.

Mike Johnson of Amarillo provided musical selections for the occasion. Johnson accompanied Miss Susan Gentry of Amarillo, while she sang "Wedding Song" and "The Lord's Prayer". The wedding guest were registered by Miss Alta Ramm of Muleshoe, sister of the groom.

The altar was graced with an altar arrangement of blue carnations with two additional arrangements of blue carnations and white Frijol mums on each side. Flanking both sides of the altar were two seven branch candlebras.

Escorted by her father, the bride was given in marriage by her parents. The bride wore a formal length gown of white organza designed with a sheer Victorian neckline accented by overlays of Venice lace. A ruffle of pleated organza edged in

lace accented the bodice and fell over the shoulders. Her long sheer bishop sleeves were caught up at the wrist in deep lace cuffs with a pleated flounce over the hands. Appliques of lace accented the sleeves. Her skirt fell to a double lace edged hemline which extended into a chapel length train.

The bride wore a white derby hat to match the gown, designed with sheer netting which fell to fingertip length. She carried a silk cascading bouquet of white miniature carnations, blue Anemones, white baby's breath, grape ivy and blue streamers with love knots. For something old she wore a heirloom locket, something new was the wedding dress and hat, something borrowed her slip, wore by the groom's two married sisters, Nancy Davis and Ruth Owen at their weddings, and something blue was her garter given to her by the groom's sister, Alta Ramm.

Attending her sister as maid of honor was Kathy Wilde of Austin. Bridesmaid was Mrs. Wicky Wilde of Slaton, sister in law of the bride, bridesmaids were Miss Kay Counselor of Amarillo and Miss Cristy Gualtiere of Amarillo, the bride's little sister in the Big Brother, Big Sister Organization. The bridal attendants were attired in misty blue floor length dresses with pleated skirts and sash tie. They carried nosegays of silk miniature white carnations, blue anemones, white baby's breath, tulle net and blue streamers. Miss Tiffany Wilde of Amarillo, niece of the bride, served

as flower girl. She wore a long gown of blue silk organza with a white trim.

Serving as best man was Lindel Davis of Friona, brother in law of the groom. Groomsmen were Billy Owen of Eloy, Arizona, brother in law of the groom. Brent Burrows of Muleshoe, Craig Kaltwasser of Farwell.

Kevin Wilde of Slaton, brother of the bride, Randy Gerics of Farwell, cousin of the groom, Ricky Hobbs of Idalou and Ron Shrader of Electra, served as ushers.

The groom wore a light blue tuxedo with a white ruffled shirt.

Mrs. Wilde, mother of the bride, was attired in a floor length multi-colored floral dress on creme background with navel border and sash tie. Her corsage was white silk roses, blue baby's breath and blue

trim.

Mrs. Ramm, mother of the groom, wore a floor length mauve colored dress with mauve lace sleeveless lace jacket. It had a pleated double knit skirt, lace bodice and sheer sleeves. Mrs. Ramm wore a corsage of white silk roses, baby's breath with white trim.

Following the ceremony a reception was held in the Parish Hall of the church. Misses Donna Kallas of Farwell, Carol Cates, Patricia Bailey, and Meloney Powell served at the reception.

For a wedding trip to Ruidoso, N.M., the bride wore a wine two piece linen suit with a corsage of miniature white silk carnations and blue baby's breath. After the honeymoon, they are making their home near Lariat

where the groom is engaged in farming.

The groom's parents hosted a rehearsal supper in Amarillo at Suthens on March 5th honoring the couple and members of the wedding party.

Out of town guest came from Kansas, Oklahoma, New Mexico, Arizona, Farwell, Tulia, Sprinlake, Levelland and Muleshoe.

The groom's sister, Ruth Owen of Eloy, Arizona, arranged the bridal bouquet, the attendant's nosegays and the mothers' corsages. The silk roses and anemones were made by Mrs. Ramm, the groom's mother.

Mrs. Nelda Hunt Surprise Casserole Supper

Casserole Supper

The Muleshoe Rainbow Girls surprised Mrs. Robert (Nelda) Hunt, past Mother Advisor, with a surprise casserole supper Monday, March 23, in the Masonic Lodge. She served as Mother Advisor for approximately three years, and met with the girls twice each month. "I really enjoyed working with the girls and appreciate the girls and the community for their support," Mrs. Hunt said.

Mrs. Hunt was Worthy Advisor for the Muleshoe Rainbow Girls in 1959 and has worked with Rainbows eight years.

She and her husband, Robert have three children, Mrs. Tim (Shelia) Black, Curtis Hunt who is a senior at Muleshoe High School,

and Tori Hunt a sophomore at Muleshoe High School. They farm eight miles west of Muleshoe in the West Camp Community.

The Hunt's have served as adult leaders for the Progress 4-H Club, active in the West Camp Community group, young farmers, young homemakers where Mrs. Hunt served as president; she was also president of the Muleshoe PTA and taught a Sunday

School Class. They have hosted Japanese youths.

They are members of the Muleshoe First Baptist Church.

Her hobbies are stitching and refinishing furniture.

By Stanley James

In the 16th century, the traditionally isolationist Japanese empire began a program of world conquest. Under the rule of former Gen. Hideyoshi, its military quickly captured most of Korea in a preliminary move aimed at eventual conquest of China. Later, the Japanese were repelled by Chinese forces and, after the death of Hideyoshi, abandoned their dreams.

Hideyoshi's successor, Tokugawa Ieyasu, created early in the 17th century a harsh ruling dynasty, setting the stage for a rigid isolationist state, which prevailed into the mid-19th century.

In July, 1853, Commodore Matthew Perry led an American naval armada into Tokyo Bay and delivered a letter from President Franklin Pierce calling for the opening of trade relations between the two countries. After waiting with his fleet in the nearby Ryukyu Islands for seven months, Perry came back to Tokyo Bay in February, 1854.

The Japanese government, under pressure from its citizens and from the presence of American guns, signed a treaty which opened vital Japanese ports to the United States and provided for a limited trade agreement.

A 5 cent postage stamp commemorating Perry's initial visit to Tokyo Bay, was issued by the United States in July, 1953.

Prince Charles and Lady Diana Spencer engaged.

Retired Teachers Install New Officers

Mrs. Dorothy McGregory, assistant state director of TRT (Texas Retired Teachers) of Lubbock installed the officers for next year, at the regular meeting of Retired Teachers, Friday, March 20 at a covered dish luncheon held in the American Legion Hall.

Officers installed were Cara Lee Bishop, president; Lois Witherspoon, vice president; Ranetta Dawson, treasurer and Edna Willoughby, secretary.

The president, Mr. Laney, called the meeting to order. The pledge to the flag was given and "God Bless America" sung. A minute of silent prayer for Bonnie Barbore was held.

It was decided to meet every third Friday in the meeting room of Muleshoe State Bank, the rest of the year.

Mrs. McGregory reported on the legislation being considered. Everyone was asked to write the legislators and governor concerning health bill (Senate Bill 135 and House Bill 409).

Members present were Edna Willoughby, John and Lela Gunter, Sr., Beatrice Blackburn, Ranetta Dawson, Ester Cappock, Cara Lee Bishop, Lois Witherspoon, Alpha Laney, Lena Hawkins, W. B. Slayden and L.M. Laney. Guest present were Dorothy McGregory, John Gunter and Lida Wilhite.

History Book

Final Deadline

Set For April 5

Parmer County Historical Commission sets the final deadline for submitting all written items for inclusion in the Parmer County History Book as of April 15. This also includes pictures and snapshots of former years and those of nowadays. "We need pictures of crops, machinery and methods of farming, old and new," Grace Whitefield said.

"We still have room for remembrance accounts for the General History section. These are all given free space."

"If you can't type, send them in and we will have them typed."

If any business or company has not been contacted, we urge you to write your story (or ad) and mail it to: Parmer County History Book, Box 577, Friona, Tx. 79035. Rates are \$180 for 1 full page, which will accommodate 1500 words; \$100 per 1/2 page, 750 words; \$60 for 1/4 page, 325 words. Pictures only may be used to tell the story, if you like.

Deadline for ordering History books is May 1. Price of the book is \$35. ALL ORDERS MUST BE PREPAID WHEN ORDERED. Anyone can order as many books as they desire and pay for in advance, to do with as they please.

Society Deadlines Set

Weddings must be in the office by Monday noon for the Thursday paper and by Thursday noon for the Sunday paper. Any wedding more than two weeks old must be edited and only the basic information included.

No shower picture will be taken without a 24 hour notice and copy must be in the office by Monday at 5 p.m. for the Thursday paper and by Thursday at 5 p.m. for the Sunday paper. An honoree's picture will be taken at only one shower.

All club stories for following edition of paper must be in the office by 10 a.m. on Tuesday and Friday preceding the next issue of the paper.

Myasthenia Gravis Diagnosis Offered

April 3 and 4 the South Plains and Panhandle residents may receive free diagnosis and treatment of myasthenia gravis at the High Plains Baptist Hospital in Amarillo.

Conducting the free MG clinic will be Dr. Bernard M. Patton, chief of neuromuscular diseases at Baylor College of Medicine in Houston.

Patients may register for an appointment or obtain further information by calling (806) 358-3151, extension 5440. Physicians may refer patients or individuals may register themselves.

Myasthenia Gravis is a neuromuscular disease characterized by fatigue, drooping eyelid, loss of balance, double or blurring vision, a nasal pitched voice, difficulty chewing and swallowing, loss of facial expression, slurred voice and weakness in the arms and legs.

Doctors and nurses may obtain continuing education credit for attending an MG seminar prior to the free treatment clinic. At 8:15 p.m., April 2, Patton will discuss diagnosis and treatment at Texas Tech University Health Sciences Center in Amarillo.

Patton is a member of the medical advisory board of the National Myasthenia Gravis Foundation in addition to his post at Baylor.

Jenne McVicker, secretary of the Northwest Texas MG Foundation Chapter which is one of the coordinators of the annual clinic, says Patton will stress the importance of early and correct diagnosis of MG.

XI Rho Mu Chapter of Beta Sigma Phi is helping to coordinate the clinic.

The Edie Brooks Memorial Myasthenia Gravis Clinic in Amarillo is named for the child of a sorority member who died of MG.

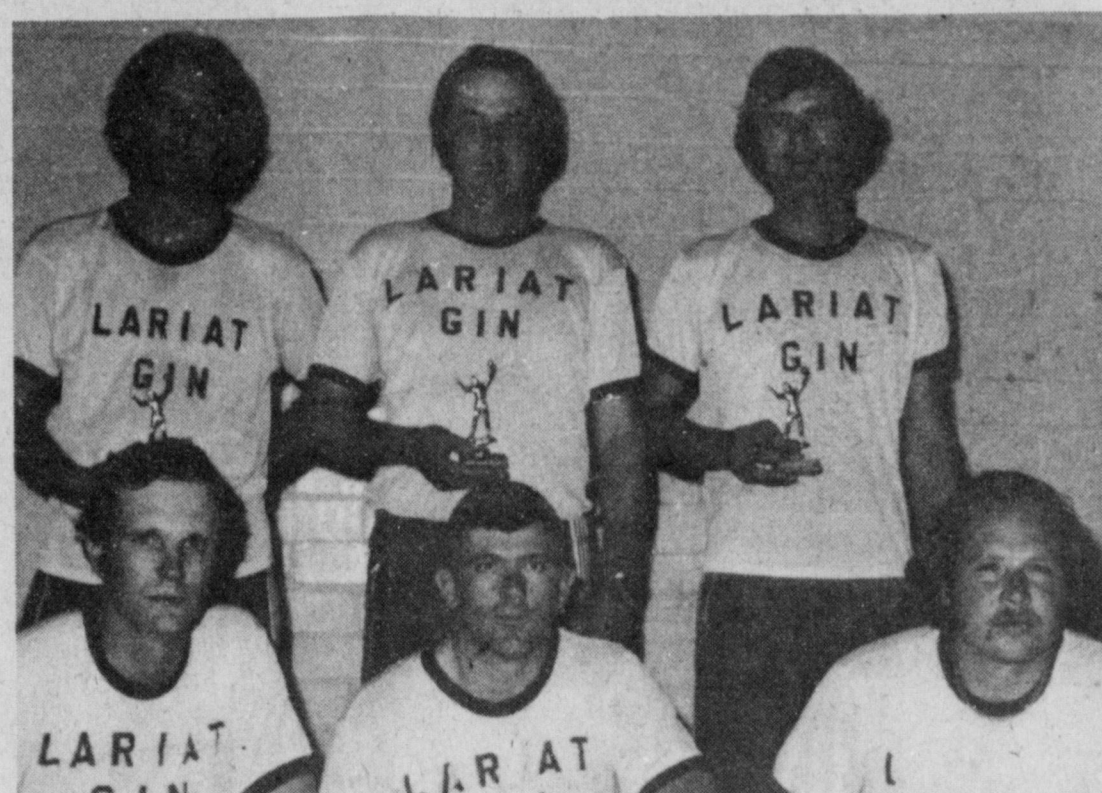

High Plains Baptist Hospital, Texas Tech University Health Services Center, Northwest Texas Hospital and School of Nursing, St. Anthony's Hospital and Southwest Osteopathic Hospital is co-sponsor of the annual clinic.

Researchers say thousands have died without knowing they had the disease because it often is misdiagnosed as vitamin deficiency anemia or other problems.

In its mild form one of the most basic symptoms is chronic fatigue. MG is a disease in which communication between muscle and nerve fails, rendering the patient very weak. In its fatal stages, MG can cause severe muscle weakness in the respiratory system leaving patients unable to breathe.

INTS FOR HOMEOWNERS

LIVING SCREENS
Good fences may make good neighbors, but many homeowners agree that living fences—trees and bushes—make better ones. They're a lot less obvious, too. In addition, properly placed plantings can make your home more comfortable—and less expensive to heat and cool, making your hedge a hedge against inflation.

Plantings can prettify walls and fences—or serve as separators all by themselves.

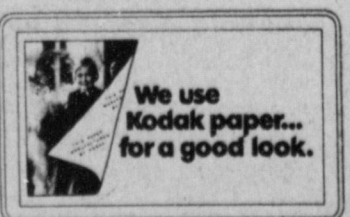

Trees and bushes can cut down the noise of a nearby highway, hide trash cans and provide a quiet, private place for a patio.

Flowering shrubs bring a bit more beauty into your yard, too, point out the American Association of Nurserymen.

Your nurseryman can tell you which living fences are best suited to your lifestyle and your soil.

Crime Index Rises By 10%

Crime, as measured by the FBI's Crime Index, rose 10 percent in volume during 1980 as compared to 1979, Attorney General William French Smith announced.

"The reported increase underscores the need for intensified efforts at combating crime, especially violent crime which surged 13 percent last year," the Attorney General said.

FBI Director William H. Webster released the preliminary 1980 figures that were compiled from reports of over 12,000 law enforcement agencies nationwide.

"Not since 1975 has the Crime Index shown such a significant increase, a continuing cause for concern by law enforcement and the American people," Mr. Webster said.

Among the violent crimes, robbery was up 20 percent, forcible rape rose 9 percent, aggravated assault increased 8 percent, and murder rose 7 percent. As a group, the property crimes increased 9 percent in volume. Burglary rose 14 percent, larceny-theft increased 8 percent, and motor vehicle theft was up 2 percent. Sufficient data were not available to establish reasonable trends regarding arson, the fourth property crime.

Cities of all sizes, as well as suburban and rural areas, reported increases in the total volume of Crime Index offenses. With an advance of 14 percent, the cities with populations over 1,000,000 recorded the greatest increase. The rural areas reported a 12 percent upturn, and the suburban areas registered an overall rise of 9 percent.

Regionally, the Index showed increases of 11 percent in the Southern States, 10 percent in the Western States, 9 percent in the North Central States and 8 percent in the Northeastern States.

Final 1980 crime figures will be published in the annual publication, "Crime in the United States," scheduled for release in the fall of this year.

pleasure to work with them."

The Texas Legislature created the Commission on Jail Standards in 1975 for the purpose of implementing a declared state policy that all county jail facilities in the state should conform to certain minimum standards of construction, maintenance, and operation. It is the duty of the Commission to promulgate reasonable rules and procedures establishing minimum standards for:

(1) the construction, equipment, maintenance, and operation of county jails;

(2) the custody, care and treatment of prisoners;

(3) the number of jail supervisory personnel and for programs and services to meet the needs of prisoners; and

(4) programs of rehabilitation, education, and recreation in county jails.

The Commission has the responsibility to review and comment on plans for construction and major modification of county jails. It must provide consultation and technical assistance to the counties. It has the authority and responsibility to inspect all county jails of the state and enforce compliance with the Commission rules and the provisions of Article 5115, Vernon's Texas Civil Statutes as Amended.

The following rules deal with definitions and Commission procedures for obtaining variances and establish minimum standards for the construction, equipment, maintenance and operation of county jails; the custody care, and treatment of prisoners; the number of jail supervisory personnel, programs, and services to meet the needs of county jail prisoners; and programs for rehabilitation, education, and recreation in county jails.

These rules have been adopted following ten public hearings held between September 16 and November 23, 1976 in nine Texas cities: Amarillo, Dallas, El Paso, Fort Worth, Houston, Lubbock, McAllen, San Antonio, and Tyler. The Commission hear oral testimony and received written comments from many sources. The Commission has carefully considered and is grateful for the candid, sincere and concerned comments it has received.

Public Notice Of Tax Exemption Deadline April 1st, 1981

GENERAL HOMESTEAD

If you qualify for a residence homestead, you will be entitled to a \$5,000 exemption off the market value of the homestead for school tax purposes. In other words, if your homestead has a market value of \$20,000, the exemption will reduce the market value to \$15,000. This is the figure against which the assessor will apply the assessment ratio, producing the assessed value. The assessed value is the figure on which the tax rate is applied to generate the tax bill. If the market value of your home is \$4,000, the exemption will reduce the market value to \$0. In this situation, your exemption will be \$4,000. The amount of an exemption which you receive cannot exceed the market value of your homestead.

The school homestead exemption is available to the general public as long as valid applications are filed with the school district by April 1, 1981.

ARE YOU OVER 65?

If you are 65 years of age or older, you are entitled to an additional \$10,000 exemption off the market value of your residence homestead. This exemption applies to school taxes only and you must apply for the exemption before the end of the rendition period April 1, 1981.

You may not receive both a \$10,000 over-65 exemption off the market value of your homestead and \$10,000 disability exemption (discussed later). If you are qualified for both, you must choose one or the other.

ARE YOU DISABLED?

If you are disabled and qualify for the residence homestead exemption, you are entitled to receive an additional exemption of \$10,000 off the market value of your residence homestead. This exemption applies to school taxes only.

"Disabled" for purposes of this exemption means either that, because of physical or mental disability, you are unable to engage in any substantial gainful work; or that you are 55 years of age or older and blind, and by reason of the blindness are unable to engage in your previous work.

If you are receiving disability benefits under the Federal Old Age, Survivors, and Disability Insurance Program administered by the Social Security Administration, you will qualify as long as you apply by April 1, 1981.

If you are receiving disability benefits under any other program, you will not automatically qualify. You must still meet the definition of disability stated above and apply before the end of the rendition period.

You may not receive both a \$10,000 over-65 exemption off the market value of your homestead and a \$10,000 disability exemption. You must choose one or the other.

ARE YOU A DISABLED VETERAN?

Texas law also provides for a disabled veterans or

property taxes. This exemption can be applied to any property -- not just a homestead -- that is owned on January 1.

Depending on the percentage of your disability, you may be entitled to an exemption ranging from \$1,500 to \$3,000 of the assessed value of any property you owned on January 1 of the year in which you apply.

In order to qualify, you must be a Texas resident and fill out an application annually at the tax office.

You must designate only one property to receive this exemption, regardless of the number of jurisdictions in which you apply.

You are required to present documents stating the percentage of a service-connected disability from either the Veteran's Administration or a branch of the armed services.

Depending on what type of exemption is sought, proof of marriage, death or age may also be required.

ARE YOU A FARMER OR RANCHER?

In addition to the exemption described above, qualified farmers and ranchers may enjoy another form of tax relief.

Two amendments to the Texas Constitution permit agricultural and open-space land to be taxed generally at its productivity value instead of market value. These provisions are effective only if applications are filed with the tax office by April 1, 1981.

For agricultural land--The land must be currently devoted principally to agricultural use to the degree of intensity generally accepted in the area.

The land must have been in agricultural or timber use for at least five of the last seven years.

Also, for open-space land valuation, a valid application must be filed each year during the rendition period on a form provided by the tax assessor.

Under open-space land valuation, there is no requirement that the land be owned by a natural person. Land owned by corporations or partnerships may qualify. The agricultural or timber use need not be the primary occupation or source of income of the owner. A sworn statement is not required.

Under both provisions--the agricultural use valuation and the open-space land valuation--the tax assessor has the sole authority to determine whether the applicant qualifies.

Five Area Telephone Co-op News
By Hubert Kidd

Five Area Telephone Cooperative, Inc., is in its 25th year and is probably the most important one since it was founded. The Bailey County Electric Cooperative Association, through loans from REA started the Telephone Cooperative in 1956 and annexed it into their operation as a telephone division. The Telephone Cooperative was given its name for the area that was certified to them to serve. The area certified at that time was, and still is areas and communities of Lazbuddie, Lariat, Needmore, Maple, Bula and Lehman. The Cooperative's name-sake was taken from the counties it serves, which include Parmer, Castro, Bailey, Lamb and Cochran. Line extensions were constructed in Hockley county later on.

In January 1980, the Bailey County Electric Cooperative Association and the Five Area Telephone Cooperative, Inc. separated its operations. Through the decision of both Cooperatives Board of Directors it was felt that these two entities should be under different operations and management. Upon the approval of this decision plans were immediately placed in motion for new office and warehouse facilities for Five Area Telephone. Property was purchased from Bailey County directly behind the Civic Center and Coliseum for the new home of the Telephone Cooperatives operations. Construction is in progress on the warehouse which we will use as office space until an office build-

ing can be built. Our plans are to move by May with construction beginning on our office facilities sometime this year. We look forward to being a part of the community and stand ready to serve our members and communities.

For your information, with the new line construction and the completion of new office and warehouse facilities, we have no immediate plans for rate increases.

We would like to introduce the officers and employees of Five Area Telephone Cooperative, Inc.

 Delbert Watson - Vice President from Needmore.

Texas Feedlot Sheep Up 14% Consumption Low

AUSTIN--The biggest lamb producing state in the country is Texas and yet, most of it ends up in northern states. There are many in the sheep industry however, who would like to see that situation change, reports Agriculture Commissioner Reagan V. Brown.

"Large numbers of sheep and lambs have been moved into fattening lots in Texas over the past few months, but most of this product will be consumed in other states, particularly in the Northeast and the Great Lakes region," said Brown.

Brown noted that drought

and poor pasture conditions have been partially responsible for the extremely heavy movement of sheep and lambs into drylots since summer. As of February 1, there were 113,000 head of sheep and lambs on feed for slaughter, up 14 percent from a year ago. There were 126,000 head on feed during the previous month, which would represent about 10 percent of all sheep and lambs in the state.

Marketings of sheep and lambs from Texas feedlots picked up during January, Brown pointed out. Some

Now that you've decided what you are going to grow in your garden, worked up the soil and added the necessary fertilizer, the hard work of gardening is over. Planting the garden is the fun part enjoyed by most folks. Now it won't be long until at last you will have something actually growing in the garden.

Planting is generally done in two ways -- by seeding or by transplant-

ing. Good advice when seeding vegetables in the garden is to use fresh, high-quality seed of recommended varieties purchased from local garden centers or nurseries or from reputable seed order catalogs.

Vegetables which should always be seeded directly in gardens include all types of beans, beets, carrots, collards, sweet corn, cucumbers, cantaloupes, ok-

ra, peas, pumpkins, radishes, spinach, squash, turnips and watermelons. Transplants of some of these vegetables may be available at local garden centers and nurseries, but they offer no real advantage over seeding directly in the garden.

When seeding time rolls around, the soil should be moist but not too wet. To check, squeeze together a handful of your garden soil. If it crumbles readily rather than sticking together, it's in ideal condition for seeding.

Most garden seed are planted by dropping the seed in shallow furrows or

rows on raised beds. Make the seed furrow with a hoe handle, the corner of the hoe blade, your hand or a stick. Don't get your vegetable rows too close together. Most garden vegetables do best when planted in rows 18 inches to 36 inches apart.

Although it may seem wasteful, always plant more seed than needed in case some don't germinate and come up. One common mistake many gardeners make is to plant seed too deep. Proper planting depth will be, on the average, two to three times the widest measurement of the seed. Cover seed to the

right depth and then firm the soil lightly over the seed. Ideally the soil moisture content should be sufficient for good seed germination and emergence. However, during extremely dry periods, it's a good idea to water to insure a good stand.

After vegetables come up, remember that too many plants in an area are

just as bad, if not worse, as too few. Thin vegetables to the proper distance between plants. Remember, it's for their good as well as yours.

To make the job of thinning less painful, thin plants periodically. For example, if snap beans are to be thinned to 4 inches between plants, thin small plants until they are about 2 inches apart. Then allow remaining plants to grow for a period of time until they begin to crowd to-

gether. At that point, complete thinning so plants are the recommended distance apart.

It's a good idea when removing larger plants to use a knife or clippers to cut the stem at the ground level. This will not damage the root systems of remaining vegetables as pulling out of unwanted plants might have done.

Remember that thinning your garden vegetables to the correct spacing is one of the most important

"follow-up" activities after planting. Contact the county Extension office for additional information on correct spacing for commonly-grown vegetable plants.

Next time I'll provide you with some important information on how to get those tomatoes, peppers, and eggplants started off on the right foot.

It is easier to spend money than to save it and this explains why so many have so little to spend.

TOPS Weekly Meeting

The Muleshoe TOPS Chapter TX#34 met Thursday March 26 at 6:30 p.m. in the meeting room of Bailey County Electric.

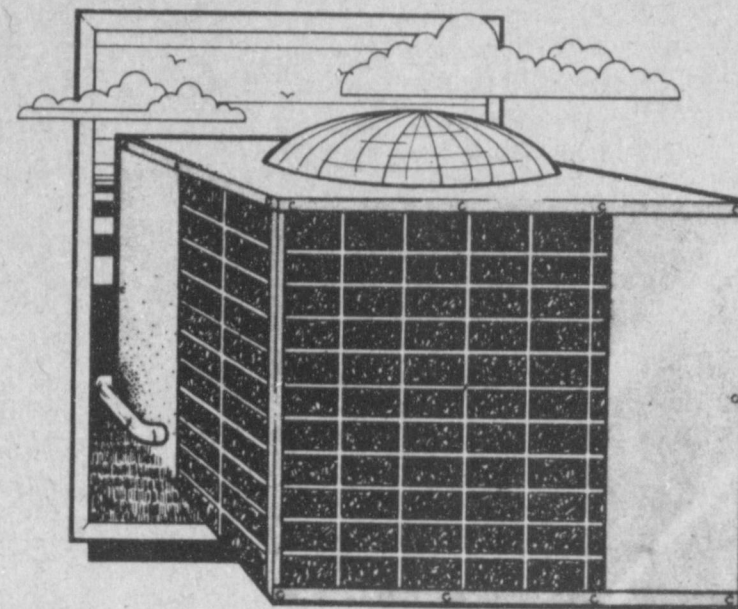

Carlene Stroud called the meeting to order. The TOPS pledge was recited and the fellowship song sung. Linda Vinson called the roll, with 31 present. Minutes of the previous meeting were read by Carlene Stroud, they were approved.

Best loser for the week was Josie Pedroza, first runner up was Belinda Lopez, and second runner up was Jackie Jean Whately. Zeffa Shafer received a hair set for six weeks consecutive weight loss.

Jewell Peeler installed the new officers. Those installed were Clara Lou Jones, president; Leavell Parker, vice president; Linda Vinson, secretary; Vickie Garner, treasurer; and weight recorders Evelene Harris and Jeri Serna.

The retiring president, Carlene Stroud, received a money tree and individual gifts from the members in appreciation for her work last year.

The meeting was dismissed with the singing of the goodnight song.

CORDOVAN QUALITY

Cordovan Sovereign
Aramid Belted Radial

ARAMID BELTED — The strongest tire cord ever developed, the strength of steel with less weight. ARAMID is much more flexible — for a much more comfortable ride. ARAMID produces a lighter, easier rolling tire which improves gas economy. ARAMID absorbs more road shock — eliminates joint slap and provides greater impact resistance.

Cordovan Premier IV Polyester
Steel Whitewall

Constructed with 2 belts of steel cord and 2 tough body plies of Polyester Cord. Good traction on both wet and dry pavement. Hi-traction tread compound remains flexible at temperatures below freezing to maintain good traction. In many cases it eliminates winter tire changeover.

For years Steel belted radials have been the established standard of the industry... now Aramid — the space-age tire cord material has been developed by Dupont laboratories to replace steel as a belt material in radial tires. Aramid is the ideal material for tires because it combines the toughness and durability of steel at one fifth of the weight with the comfort and smooth ride of a fabric belted radial.

Teacher of The Week

Coach Ronnie Jones was selected as the teacher of the week by the MJHS Student Council. He is assistant principal and also teaches 7th and 8th athletics and PE.

Coach Jones is a graduate of Ron High School in Oklahoma. He went to college at Southwestern St. University, Oklahoma University and Eastern New Mexico, where he received his masters degree.

Coach Jones taught in Lubbock for 3 years and has been in Muleshoe for the past 13 years.

He enjoys sports and collecting western movies. His favorite food is steak.

Here are his impressions of Muleshoe: "I have really enjoyed my association with the Muleshoe school system. I feel as if this is one of the finest systems in the state of Texas, and think that we are very fortunate to have the overall caliber of students that we do."

The Journalism Staff would like to thank Coach Jones for his fine work in Muleshoe.

DECA

Rock-A-Thon Exceeds Goal

Take one very generous community, 73 junior high and high school students with a cause; add an enthusiastic group of DECA students and a goal, such as \$2500.00 for Muscular Dystrophy Association; and you have one big 12 hour Rock-A-Thon. Just such an event took place at the Bailey County Coliseum Friday, March 20, beginning at 7 p.m.

The evening was full of entertainment, such as the Cindy Purdy-Sherri Hawkins School of Dance and Gymnastics, Tri County Gymnastics and the Flatland Bluegrass Band from Dimmitt. Early in the morning hours of fun included TV games, music, and a pillow fight or two. At approximately 5 a.m., the rockers reached their \$2500 goal in pledges and by 7 a.m. when the event concluded, \$3047 had been raised for Muscular Dystrophy.

DECA would like to thank all participants who entertained, the CB Club and Jaycees for the snack bar operation and all the local merchants who gave door prizes. The activity was a tremendous success and could not have been done without everyone who helped so much.

DECA--Developing Future Leaders in Marketing and Distribution.

Nine members exhibited lambs. They were Tamara Gilliland, Starla Black, Lisa Black, Kellie Overman, Nichole Overman, Michael Angeley, Rodney Millspaugh, Casey Stewart, and Jay Pearson. None of these placed or made the sale.

Michael Barrett, Kim Farmer, Cheyenne Bickel, David Pruitt, Casey Stewart, Jay Pearson, and Jeff Sisneros were on the Livestock Judging Team.

H. E. Department

Brightens Up

The Homemaking I, Housing and Home and Family Living classes have been busy recently working on a Housing project. The project consisted of painting the Home Economics Foods Lab white and papering above the kitchen units.

Mrs. Powell's Homemaking I classes learned how to organize, manage and complete a painting job. Mrs. Harbin's Housing and Home and Family Living classes were responsible for selecting, figuring amounts and costs and applying the colorful wallpaper. Each student enjoyed the work and a great deal of satisfaction was felt upon completion of the project.

The Homemaking classes invite everyone to see the new change that has livened up the department!

District One Act Play Contest Set

District 2AAA One Act Play Contest will be held in Muleshoe, Tuesday, March 31. The contest begins at 2:00 p.m. with Friona High School performing "The Great Cross Country Race." Immediately following will be Olton performing "Goodbye to the Clown," then Littlefield's show, "Asylum." The afternoon's fourth play will be Dimmitt's "The Marvellous Playbill"; and the last show will be Muleshoe's "Oedipus the King."

The two winning shows will advance to the area contest to be held April 11 at Plainview High School. Muleshoe's One Act Play will be performed about 4:30 in the afternoon. The community is invited to the play contest. Admission price is \$1.00 per person. The awards assembly will be held at 6:00 p.m.

Muleshoe's cast and crew members are Michael Isaac, Lori Butler, Jeff Combs, Julius Briscoe, Carla Shafer, Marlin Bynum, Freddie Vela, Dale Hughes, Sandra Graves, Danny Seales, Lynnette Shafer, Marvin Lewis and Kevin Robinson.

HOME EC DEPARTMENT REDECORATED....Students have been working hard redecorating, painting and fixing up the High School Home Economics Rooms.

Teacher Explains Enrollment Drop

Doris Coleman, a home-making teacher in the Brownfield High School is writing a series of articles on home economics. Mrs. Jan Powell of Muleshoe High School has permission to reprint these. The Mule's Tale is happy to reprint the following article:

Home Economics which is usually thought of as 'cookin' and sewin' has fallen in popularity over the last few years as a subject to be studied and mastered in school. The reasons for this phenomenon are probably twofold. Since children usually learn more by example than otherwise, the number one reason for the lack of enthusiasm for Home Economics on the schedule is that more people buy clothing for the family than make it and families eat fairly regularly. The number two reason probably has something to do with Women's Lib. This campaign to reconstruct the role of women in America says that if you are at home raising children, you are being cheated and wasted as a human being; not using your mental capacities and therefore an unfulfilled woman. Soooooo, who needs Home Ec.?

The misconception that Home Ec. is all cookin' and sewin' is the issue to be dealt with here. Maybe when Grandma was in school this was true, but Home Economics is a course which is striving to stay relevant to the needs of the home.

The needs of the home; what are they? They are of course, the needs of people; the people who make up the home. And when the needs of the people in the home are met, then we have a strong home and a strong nation. Dr. James Dobson says it well, I think. "The family was designed by God Almighty to have a specific purpose and function; when it operates as intended, the emotional and physical needs of husbands, wives, and children are met in a beautiful relationship of symbiotic love. But when that func-

periences the discomfort of unmet needs."

If we are to combat the insidious and insistent influences of TV on the home we must do some positive teaching. The philosophy of free sex, violence, and "do it if it feels good" is like a creeping paralysis. We are taught that literature is a "mirror of life." What is TV? Dr. Dobson makes no bones when he accuses TV of undermining the foundation of the family. He goes on to say, "when the family collapses you and I and the rest of society will disintegrate with it." This statement is attested to by the spiraling divorce rate; young people who are experimenting with sex and resulting in an unprecedented birth rate of illegitimate babies to girls under the age of 15; couples live together until the "bloom" wears off and drift to the next partner, never knowing the felling of self-worth which is transmitted by the deep commitment of a truly caring partner.

On the other hand we have the family situation comedies. "Whoa", you say, "what could be wrong with these beautiful family stories?" Well, just that. They are beautiful stories that insidiously lead our children to believe that loving families have problems that are easily solved in a 30 minute period. To believe that "there must be something wrong with my family when our problems are not always solved so that everyone always lives happily ever after." Discuss the realities of life and your values with your children, after viewing such TV programs with them. Help them to understand that life is made of choices and those choices affect their well-being and contentment with life.

How does Home Economics fit into this picture? I repeat that Home Economics is striving to stay relevant to the needs of the home. This series of articles that help meet those emotional and physical needs of every member of the family.

Who needs Home Ec.?

Culminating a unit of study over the Free Enterprise System Civic students at Muleshoe High School participated in "Career Opportunities Week" during the week of March 16-20. Students first listed three occupations they are now interested in and analyzed each according to qualities needed in the areas of aptitude, mental ability, interest and personality. After this analysis, a survey was made in each class to ascertain the areas of most interest. Each of five civics classes was then responsible for obtaining guest speakers in the fields of interest shown for their class.

This proved a highly successful and enlightening experience, as the speakers who came on Wednesday, Thursday and Friday brought the students insights into different fields of occupations, described college experiences, explained what it takes to succeed in the working world, and then gave advantages and disadvantages of their field of work. Each participant, also, gave educational and personal qualifications needed, listed opportunities, explained how they entered this profession, and gave them some of the highlights of his or her career.

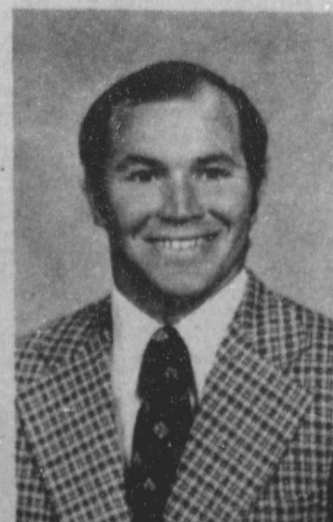

Students Welcome

Coach Windy Williams

The students and faculty are happy to welcome Coach Windy Williams, Athletic Director and Head Football Coach to Muleshoe High School. Coach Williams and his wife, Nancy, have two children, Lori and Garrett.

Coach Williams is a graduate of Panhandle High School and West Texas State University. He has nine years coaching experience and comes to Muleshoe from Plainview High School, where he was assistant Athletic Director and football coach. Coaches who will be coming to Muleshoe with Coach Kevin Williams are Coach Kevin Wiseman and Coach Scott Murray.

Coach Williams commented: "I believe that the Athletic Program should be a natural extension of the school and should work as a unifying force in the community. I hope that our program will involve a great many students and

Coming to Muleshoe High School to participate in "Career Opportunities Week" on Wednesday were Jim Irwin, Assistant County Agent, listing opportunities in the extension field as well as agriculture and Jim Campbell, local farmer and rancher, giving the ups and downs of farming and ranching. Speaking Thursday were Patty Moore, an LVN at West Plains Hospital, who gave opportunities in the nursing field; Nick Landers math teacher at Muleshoe High School on the teaching profession; Johnny St. Clair, owner of St. Clair's Department Store with tips on merchandising as well as college; Robert Finney, loan officer at Muleshoe State Bank with advice about banking and the world of finance; Jack Young, District Attorney of the 154th Judicial District giving opportunities in the law field; James Johnson, minister of the 16th and Ave. D. Church of Christ, on the life of a minister; Jean Richardson, secretary to Harold Horne, giving qualities needed in the secretarial field; and Dr. Jerry Redwine, local optometrist, listing opportunities in the medical field.

Speakers for Friday were Steve Thrasher, manager of C.R. Anthony Co., listing some experiences and

work opportunities in the merchandising area; Judge Glen Williams, Judge of Bailey County for 24 years, on some of the challenges in the field of government and politics; Mattie Hicks, RN and Director of Nurses at West Plains Hospital, with a broad view of the nursing world; Julian Dominguez, local police officer who brought a film on the life of a policeman and then answered students' questions about life in this field; and Ben Gramling, counselor at Muleshoe High School, on experiences and opportunities for counselors.

Unable to speak during "Career Opportunities Week" Lonnie Gibson, local photographer, came Monday and told of his entry into photography and opportunities in this area. Returning also Monday to different classes were Ben Gramling and Julian Dominguez. Most of the guest speakers spoke in one class but some stayed and spoke to several of the classes and a few remained and spoke to all of the classes.

Civics and Free Enterprise students at Muleshoe High School and their teacher, Jean Allison, wish to express their appreciation to all of those who came to speak on their profession and gave so freely of their time to make this such an enlightening and valuable experience for students.

Letters To The Editor

Most military experts and congressional defense authorities will admit that the land-based "shell game" M-X deployment

mode is now obsolete. The Russians recently launched an SS-18 missile, and left their telemetry open that we could monitor the fact that 40 warheads, independently targeted, can be dispersed from just one of these large missiles. This would have the effect of making the 200 mile by 70

mile area that our government wants for this Carter administration concept into one huge nuclear firestorm based on CURRENT SOVIET CAPABILITIES

So why does our Air Force continue to spend \$4 million per day, much of it to hold "hearings" and pay for studies on how best to use all or our remaining ground water and turn our area into a dustbowl? The answer, sadly, is that human arrogance and inter-service vanity have taken precedence over either common sense or a legitimate and credible deterrent against a Soviet strike. Each day that this farce continues is a tragedy for our nation.

HERO Hosts Area Banquet

March 27 and 28 several HERO members attended the area meeting in Lubbock. The Muleshoe Chapter was responsible for the banquet held Friday night in the Texas Tech University Ballroom.

Shelli Hawkins, Muleshoe Club President and area X Vice President, was mistress of ceremonies.

The Muleshoe Chapter was responsible for the banquet decorations, entertainment, honors for outstanding HERO members, the menu and seeing that the banquet ran smoothly. Muleshoe HERO members served as hostesses, greeting the 800 guests.

Attending from Muleshoe were one voting delegate, one area officer, and one area officer candidate.

The theme of the area meeting was "Family Affair" and several workshops were held concerning the family.

Members attending were Shelli Hawkins, Sally Lunsford, Jacinda Gleason, Donna Hawkins and Wynna Cox.

READY WRITING COMPETITION....Karen Kenemer (left) and Angela Kid (not pictured) will be competing in the Ready Writing portion of the UIL District Contests March 30 in Littlefield. Teachers who assisted in the coaching of the DeShazo contestants include (L-R) Beth Skipworth, Bobby Johnson, and Toni Eagle.

The best way to stop this fraud now is for an aroused citizenry to demand that further hearings and studies on the land based mode of deploying the M-X be stopped immediately. Further, it would appear that if our budget considerations and our national defense are going to be brought into focus, some fuzzy-headed Air Force brass, long known to be top heavy, should be retired immediately. Now is the time, even with 18 cents stamps, to let our congressmen and senators know where we stand.

The land based M-X must be exposed for what it really is. The Russians gave us their support, under Salt II, for wasting our funds and our time in this

Recipes Wanted For 1981 Texas Beef Cook-Off

AUSTIN—Do you boast about your barbecue brisket? Does your family love your recipe for pot roast? If so, you may want to enter your favorite beef recipe in the 1981 Texas Beef Cook-Off.

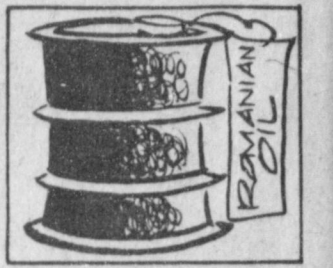

The Texas Cowbelles will sponsor the contest May 14-15 in El Paso where they will present \$300 to the winner and \$200 to the runner-up for dishes that use chuck, round, rump or fresh brisket in any form.

Entry deadline is April 1. Recipes submitted must be exclusively beef. They must contain two to five pounds of beef. Cooking time may not exceed four hours, excluding such preliminary preparation as marinating. Garnishes are permitted and should be included in the recipe. Recipes for outdoor cookery will not be accepted.

Contestants must be Texas residents, 18 or older. Cooks, home economists and other food professionals are not eligible.

Recipes will be judged on taste, appearance, originality and ease of preparation. An entry form must accompany the recipes. Write for one to Reagan V. Brown, Commissioner of Agriculture, Texas Department of Agriculture, P. O. Box 12847, Austin 78711.

The winner will represent Texas at the National Beef Cook-off in Sioux Falls, South Dakota, Sept. 23-25.

Romania has the largest oil fields of any country in Eastern Europe.

If you're one of the many producers doing constant battle with wheat root rot - the cavalry's coming! ... particularly for you early planters gaining wheat pasture for cattle. The cavalry will be carrying new heavy artillery called Imazail, a compound which has nearly completed its journey through the government labyrinth. Used in Europe for several years with good success, the fungicide will be the first totally new wheat seed treatment released in 10 years. Imazail does not leave a detectable chemical residue in plants, although it has a systemic action which means it protects the inside of immature plants as well as the outside. Tests indicate the substance controls root rot infection in seedlings by 80 to 100 percent for a two to three month period after planting. The new addition to the arsenal should be available as late as next year or as early as this fall.

MJHS Coaches Comments

Our 7th and 8th boys track teams had another good day at Bovina last Friday. Both teams won in the meet and brought home nice trophies and a lot of ribbons. It's nice to see enthusiasm toward winning from both groups and a good attitude towards work. I noticed that our tracksters seemed to be more concerned about winning than some of the other schools were. While people from some schools at the Bovina meet seemed to worry more about carrying around their radios and listening to music, our kids appeared happier to be carrying around their ribbons, which is good.

Prenatal Assn. Plans Seminar

The High Plains Prenatal Association will be sponsoring its Fourth Annual Seminar, "The Greatest Miracle," March 27-28 at the Texas Tech Regional Academic Health Center in Amarillo.

Co-sponsors of the seminar include the Texas Tech Regional Academic Health Center Departments of OB-Gyn and Pediatrics and Amarillo College.

Topics for the event scheduled to begin at 12 noon on March 27 and 8 a.m. March 28 include: "Result of NICY One Year Analysis," "High Risk/Low Risk Birthing Centers," "Maternal / Child Health," and "Rapid Chromosomal Analysis and Correctable Surgery."

Other topics include "Parent Support During Neonatal Crisis," "Prena-

turity / Dysmaturity / Postmaturity, and the Values of Prenatal Excellence."

The keynote speaker for the two day seminar will be Dr. Herman Rhu, president of ACOG on the National Trends and Philosophies in Maternal/Child Care.

Fees for the seminar will be \$15 and \$5 for students.

Pre-registration can be made by writing HPPA, P.O. Box 7984, Amarillo, Texas 79109.

As an organization accredited for continuing medical education, Texas Tech University School of Medicine certifies that this continuing education offering meets the criteria for eight credit hours of the Physician's Recognition A-

ward of the American Medical Association, Category 1.

Amarillo College Continuing Education Program will award 1.1 CEU's to participants completing this seminar. This seminar has also been approved for eight CEAP points with the Texas Nurses Association.

Attitude... OF PRAYER

"Give ear to my words, O Lord, consider my meditation. Harken unto the voice of my cry, my King, and my God: for unto thee will I pray."
Psalms 5:1-2

God hears and answers prayers, but not everyone knows how to pray. Even the Lord's disciples asked that he teach them how to pray.

Attitude of the individual is important in prayer. Prayer is the opportunity that we have to tell God of our blessings and give thanks. It is an opportunity to petition for help, but above all, our hearts should be willing that God's will be done.

Prayer should be offered individually and in groups.

ATTEND CHURCH AND PRAY WITH OTHERS

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

To the Citizens of Muleshoe:
Words cannot express my appreciation to the Muleshoe
Chamber of Commerce and Agriculture and the citizens of the
Muleshoe area for the honor of being chosen the 1981 Citizen
of the Year.
I take pride in being a resident of Muleshoe and have
seen this part of Texas, as referred to by Honorable
Reagan V. Brown, grow and develop steadily since 1941.
The people in Muleshoe are the greatest! When a
need or challenge is presented, the people from all sectors of
the community, the church, the school, the farm, the business and
all areas, respond generously with time, talent, effort, money
and encouragement.
Our Town is special and I am glad to be a citizen of
a community with a winning partnership between business and agriculture.
