McDonald-Ely Gin Changes Managers

Effective immediately, Mr. Guy Bradley has resigned as manager of the local McDonald-Ely Gin, turning the business over to J. W. McDonald of Lamesa.

Mr. McDonald and his family will be at home in the McAfee house in the east part of town, we are informed, and he will assume active charge of the gin at once.

Mr. Bradley's resignation after nine years' association with the gin and farmers of this territory, came as a surprise and a loss to many friends.

We are glad to state that, unless there are plans to change, they will continue to make their home in O'Donnell, active in Red Cross, American Legion, and other civic and benevolent organizations...

There was good attendance at Sunday school in spite of the mud. Our enrollment is increasing each week.

Rev. Burnett preached at a fine sermon Sunday afternoon. Everyone enjoyed it very much.

Mr. and Mrs. Earl Gillispie and baby left last Thursday for Tipton, Okla. where they will make their home. We regret to give them up, but hope them every success in their new home.

Those visiting in the F. H. Stokes home Sunday were his sisters, Mrs. J. L. Bandy and family of Amarillo, and Mr. and Mrs. W. R. Stokes and Miss Zola Stokes of Tahoka.

Cleo and O. B. Petty spent the weekend in the Lucky home.  
Mr. Burris entertained the young folks with a party Thursday evening. Everyone had an enjoyable time.  
Mr. and Mrs. A. A. Smith and family have gone to Corpus Christi to make their home. We regret to see them leave, as they are old-timers in our community. We join with other friends in wishing them happiness and prosperity in their new home.

**TELLS HOW SHE LOST 15 LBS. OF FAT**

RHEUMATISM GONE TOO

Here is a woman who was rapidly putting on weight and who was troubled with rheumatism too. Read her letter:

"I started taking Kruschen Salts because of the good it had done a friend of mine who had been crippled with rheumatism. At the end of the second bottle I was weighed and find I am now only 148 pounds (original weight 163 lbs.), at which I am so pleased. But I have also felt my rheumatism much less, which has been so troublesome in my knees. I must say I think Kruschen a splendid weight reducer." Miss E. L. P.

Overweight and rheumatic poisoning often go together. The six salts in Kruschen assist the internal organs to perform their functions properly—little by little that ugly fat creeps slowly, yes—but surely. You feel wonderfully healthy, youthful and energetic—more so than ever before in your life.

Kruschen Salts is obtainable at all drug stores—a jar lasts four weeks and costs not more than 85c.

**Farewell Party Friday Honors Miss Gill**

As a farewell courtesy to Miss Lillas Gill, who was leaving for her home, Misses Wyoming Huff and Alice Busby were hostesses last Friday at an informal bridge-dance, at the home of the latter.

An unusual method of photography was used for finding bride partners and a number of clever stunts filled in between bridge and dancing. At the close of the evening, each guest presented the honoree with a lock of hair, appropriately labeled.

Refreshments of chicken sandwiches, punch and coconut wafers were served to Misses Irma D. Palmer, Bell Miles, Jesse Middleton, Elizabeth Turner, Merle Womack, Lillas Gill and Evelyn Bailey; Messrs. Oil D. Harris, Charles Cathey, James Cathey, Irving Burdine, Ralph Beach, Raymond Busby, Owen Laughin, T. A. Greenwood and Ben Morrison.

**DIABETES OFTEN FATAL TO OLDER PERSONS**

Austin, Texas, July 20.—Among the prominent causes of death in the middle-aged group and older is the malady known as diabetes. Like many other diseases, its cause and a cause of death can be traced to the lack of early diagnosis, or in other words, to the carelessness of its victims. In Texas about five hundred citizens die of this disease each year and the number is steadily mounting.

The periodic physical examination will disclose the unsuspected facts at a time when diabetes is most susceptible to scientific attack. Why should one refuse to use this great weapon of proven power against diabetes and other diseases is difficult to understand. The three first noticeable symptoms are thirst, hunger and excessive elimination of the urine. These are accompanied by loss of vitality strength and weight. In middle aged persons boils and carbuncles are quite common.

The immediate cause of diabetes is a lack of a secretion of the pancreas, known as insulin. The main thing is to guard against the disease.

Three simple rules, if reasonably applied, will go far toward that end:

1. If over weight, one should reduce by restricting the diet and by exercise, though both should be under the direction of a physician.

2. Infections of tonsils, teeth and other organs should receive professional attention.

3. Make the health examination a habit, annually.

The reason the death rate from diabetes is rising is due to the fact that more people are living to middle age and beyond than has been true in the past and it is a disease of middle life. It is not contagious and it can be controlled by diet and insulin along with common sense and exercise.

**SUCCESS**

A youngster went to the parlor to see a visitor who was with his father. "Well, my little man," said his father's friend, "what are you looking at me for?"

"Why," replied the lad, "father told me you were a self-made man, and I want to see what you look like."

"Quite right," said the gratified guest, "I am a self-made man."

"But what did you make yourself like that?" said the little boy with considerable surprise.

**MOVE TO NEW HOME**

Mr. and Mrs. Bud Pugh have recently purchased the residence owned by G. A. Haney, in the east part of town and will soon move to their new home. The house just across the street from the C. E. Ray residence has been occupied for the past two years by Mr. and Mrs. Chester Etter.

**THE JOB AHEAD OF TEXANS**

"The job immediately ahead of all Texans, whether they be producers or consumers," remarks the Oak Cliff Tribune in an editorial headed, "Texans, Let's Know Texas," "is to do their own thinking and their own investigating about whether or not Texas made things are as good or better than things are elsewhere."

Texas manufacturers today are producing articles that find ready sale throughout the United States and the world, in fact, throughout the world, on a purely competitive basis, and yet there are Texans, suffering from an industrial inferiority complex, who believe that only from a distance can come the best of things and that the farther they are shipped the better they are.

Progressive Texans, Inc., seeks to build up a pride in all about Texas. It merely seeks to aid in the development of the industries of the state on a simple basis of quality, price and service, and it believes that where price, quality and service are equal, the Texan is unwise to his own advancement who fails to give consideration to Texas-made wares.

The list of first class Texas-made articles that find ready acceptance in other sections is proof of their quality. Texas manufacturers are furnishing markets for scores of Texas raw materials; they would furnish more if there were a general recognition on the part of Texans of the fact that the future advancement of their state is indissolubly bound up in its development along industrial lines.

**DRUGGIST COULD GUARANTEE IT**

"Of course," said the lady to the druggist, as she asked for something for her husband's back, "it may be perfectly harmless, just as you say. But you know there have been so many exposures of such preparations that—"

"My dear madam," interrupted the druggist, "I beg to assure you in the strongest terms that you need not apprehend any—"

"I know, but I had read in one article where lots of people had acquired the drink and drug habits thru using such remedies, and I don't want to put any temptation in my husband's way."

"Impossible in this case. Why you can see for yourself that—"

"Will you give me your word of honor that it contains no alcohol and no habit forming drugs?"

"I would swear it on a stack of Bibles," answered the druggist.

"Then, I'll take it," said the woman, and the druggist wrapped up the porous plaster for her.

**VACANCIES ANNOUNCED IN U. S. MARINE CORPS**

The New Orleans Marine Corps recruiting station, located at 535 St. Charles St., will enlist a few young men who are graduates from high schools or from institutions of higher learning during the month of August. It is announced by Major P. D. Cornell, officer in charge.

The Marine Corps offers land, air and sea duty. Marine service in many foreign lands. Sea duty is very desirable for those wanting to travel and adventure. During an enlistment one will travel thousands of miles and will have many strange and thrilling experiences.

Men enlisted will be immediately transferred to Parris Island, S. C. for a few weeks preliminary instruction, before going to some school, ship or marine barracks for duty.

Enlistment dates in August will be 1st, 11th, and 21st. Application blanks will be mailed on request. Applications filed do not obligate men to enlist, it only places them on the list as eligible applicants.

**HISTORY IS MADE!** Chief Justice Charles E. Hughes administers the oath of office to the thirty-second president of the United States, Franklin D. Roosevelt, at the inaugural ceremonies in Washington on March 4.

## Conditions Already Improved, Figures Show

marked the end of the first year of the Roosevelt administration. Three eventful months have since that gloomy inauguration which witnessed the closing links of the nation and ushered in a brief period in which the r. p. wheels of industry and commerce stopped so low that one could feel the spokes.

After reaching a low that amounted to a standstill in early March, business began to pick up and in three months, excepting the two weeks of March, have witnessed an uphill climb that has been as sensational as was the landing in the latter part of October. Has the depression ended?

At least nine, if not 10 out of 10 business reviewers who write the nation-wide viewpoint admit that the long-looked-for corner has returned and they cite figures score of indices to show that and has turned sharply upward.

What of Texas? What tangible signs are there that business is coming in this state—and just how certain early March figures leading to Texas business activity placed alongside current figures for the purpose of showing just progress has been made. Detailed figures of this kind are not available in state department reports upon agricultural and other material production as in a more industrialized state. But here enough to make a showing.

Most dependable because the inclusive index of business in industrial or agricultural commodity is the volume of bank deposits. The average weekly deposits at present in the leading cities are 32 per cent above the level of the several weeks immediately before and after the bank holiday. In the four major cities of Dallas, an Antonio, and Fort Worth, there are bank deposits of approximately \$15,000,000 weekly and there has been a relative increase in most of the smaller cities.

Other comparisons for the period are as follows: principal agricultural prices, 50 per cent higher in building as reported from cities and towns, 30 per cent in retail trade, 22 per cent in based on actual reported increase in leading department stores with an estimated further increase of 15 per cent for last year. Business failures, 40 per cent approximately in both number and liabilities.

agricultural price increases as follows since March 4: Dallas spot middling from 8.75c; wheat, Fort Worth and export, 55c to 51c; corn 25c to 55c; oats, 25c to 30.05 to \$4.50; cattle,

\$2.50 to \$3.25; wool, Southwest Texas markets, 10c to 25c; mohair, 11c to 20c; grain sorghum, 45c to 90c.

In some instances, of course, these rises have meant only paper or future profits to growers. The cotton market rise means potentially an increase of \$70,000,000 in the value of the crop, although the real benefits will not accrue until autumn. However, the wool and mohair producers, including also livestock producers, have already profited largely from the market increase. Vegetable growers have profited from the rising market and the short wheat crop to come presently on the market will be offset by the increased prices. On the whole, the Texas livestock and crop producers are probably \$100,000,000 better off, actually and potentially, on their year's production than they were three months ago.

The East Texas oil situation remains a stumbling block with a market at 25c as against 50c early in March. However, the present quietude represents an appreciable improvement over the 10c market of mid-April and during the last few days there has been general profiting in oil and stock market circles that there will be no further advance in the price.

There is no conclusive index to Texas industrial production, but the cotton mills have increased output from 25 to 40 per cent, a number of mills having resumed operations are those at Dallas, Mexia, Corsicana, Itasca, Waco, Bonham, Sherman, Denison and Hillsboro. Lumber shipments from mills have increased appreciably during the same three-month period. While there is no definite index to Texas industrial activity it is certain that there has been a general revival of operations.

Reports from 908 industrial establishments of the state to the Bureau of business research showed that employment increased 3.1 per cent from April 15 to May 15. This was an increase of 1.1 per cent over the same date of last year. Employment in factories has undoubtedly shown appreciable increase since May 15. The recent increase in industrial employment though not large, is exceptional because the normal seasonal tendency is downward.

As a matter of fact a distinctly encouraging feature of the recent rally of business has been its continuation in the face of a normal seasonal tendency to lose. Even if present agricultural prices hold, there will undoubtedly be a relatively active summer with a real business revival as cotton picking season opens—Stuart McGregor in The Dallas Morning News.

Mistress: "Dora, has my husband been very unhappy while I was away this month?"

Servant: "Well, ma'am, at first he was in fine spirits, but toward the end of the time he got less cheerful and yesterday he was the bluest man I ever saw."

## MIGHT BE AN IDIOT

A clergyman, annoyed by people talking and giggling, looked at the lecturers and said, "Some years ago as I was preaching a young man constantly laughing, talking and giggling, and making uncouth disturbances annoyed me. I paused and administered a severe rebuke. After the close of the service a gentleman said to me: 'Sir, you have made a great mistake. That young man is an idiot.'"

"Since then I have always been afraid to reprove those who misbehave in church, lest I reprove another idiot."

## BUILDING RECEIVES REPAIRS

T. M. Garner has this week installed a new plate glass front in the north part of the Boss Johnson Grocery building.

The glass was cracked by hail during the terrific storm in May, 1930, but had continued serviceable until last week. The new window adds much to the appearance of the building.

Mrs. B. H. Scott, who has been head of the Home Economics department of the local high school for the past five years, left Sunday for San Marcos, where she will join Mr. Scott.

## Starks On Vacation

Mr. and Mrs. R. O. Starks are spending their summer vacation in California with relatives and friends. Mr. Starks meeting her as she was returning from Missouri. They will probably be away three weeks or a month.

Mr. and Mrs. Harold Christensen arrived Monday, and Mr. Christensen will fill Mr. Starks's duties as Santa Fe agent during his absence. They have many friends here who will be glad to see them again.

W. L. Palmer was in Hobbs, N. M., on business Friday.

Miss Lillas Gill, who has been employed at the O'Donnell Telephone Company for several months, has returned to her home for the summer. Miss Gill has many friends here who regret her departure.

Mr. and Mrs. Charlie Wells, Mrs. Mack Wilson and Miss Ida Beem went to Post Tuesday for an outing and fishing trip. They returned late in the evening.

Mr. and Mrs. B. J. Boyd were in Lamesa Tuesday evening.

Miss Morene Huff returned Friday from Alpine where she has been taking special work preparatory to assuming her teaching duties this fall.

Miss Rebekah Scholer is attending summer term at Texas Technological College at Lubbock, having gone there Saturday.

Mr. and Mrs. Joe Schoeler have as their guests this week her parents, Mr. and Mrs. J. T. Walters of Brownwood.

Miss Jim Ellen Wells, of Lamesa, was the guest a few days early in the week of Mr. and Mrs. B. J. Boyd and other friends.

Mayor and Mrs. W. S. Cathey and family went to Ruidoso, N. Mex.

Sunday. We understand that Mrs. Cathey and the boys will remain for a few weeks.

Because of unfavorable weather, Sunday School attendance was small. The Nazarene meeting began Sunday night and will continue on through this week, perhaps longer. No definite time has been set for it to close. Everyone is invited to attend.

The people of this community had a good rain Saturday night. Everyone is busy planting.

Mr. and Mrs. Frank Lamb and daughter, Miss Daphene, visited in the home of Mr. and Mrs. Blair Hayes Sunday afternoon.

Mr. and Mrs. Blair Hayes were called to Colorado last week to be with her brother, who was painfully injured in an automobile accident. One arm had to be amputated just above the elbow. We sincerely hope for his speedy recovery.

Mr. and Mrs. Harris of Midway attended church here Sunday night.

Mr. and Mrs. J. C. Curry and family were visitors in the Parker home Sunday afternoon.

George L. Stephens, Jr., who has been visiting in the home of his parents, Mr. and Mrs. George Stephens, left early Saturday morning to resume his duties with the Border Patrol.

Miss Anna Mae Barton and Bill Carey of this community were married at Lovington, N. M. last Friday.

**New Moore News**

MRS. E. F. LEHMAN,  
Correspondent

New Moore was wonderfully blessed with a good rain Saturday night. Crops are growing and things look brighter and more prosperous than when the sand was blowing day and night.

Quite a large crowd attended Sunday School and preaching services Sunday. Rev. Green of Lubbock delivered a good sermon which was greatly appreciated by all.

Mrs. J. B. Scarborough has returned to her home from the Lubbock Sanitarium, although the doctor advised her to remain in bed for at least thirty days longer. We hope by then to see her able to be going places and seeing things.

Quite an interest is being created in our Sunday school and singing class—so much that we are buying new books, getting the church equipped with new lights, and, if funds permit, we will do some repair work on the benches. We are also hoping that we may soon be able to pay a janitor to keep the church house in order so that no certain person may

feel imposed upon or dreadfully embarrassed if the work is neglected.

Mrs. Brandon returned home from Plainview, where she spent a few days visiting relatives and friends.

Little Jo Anne Campbell is improving since being under the treatment of a physician for rheumatism the past week. We hope that she will soon be able to be back at her home with her grand parents, Mr. and Mrs. W. H. Veazey.

There has been quite a water panic here for the past two weeks, people having to haul water from wells equipped with a hand pump—giving plenty of exercise for the muscles.

Wilda Gene Campbell spent Saturday with Laura Belle Lehman.

Mr. and Mrs. Walter Rodgers and family of Lubbock, accompanied by Mr. and Mrs. Vernon King and little son, visited Mrs. J. F. Rogers this week-end.

Miss Lela Belle Moore had as her dinner guests Sunday Misses Refa Nell Lehman and Lucille Bevel.

Mrs. Jack Rogers was shopping in O'Donnell Saturday.
