

## Il and Rain Cause Considerable Damage

Recalling the destructive of 1934, when roofs and windows were riddled, another shaming and hail storm swept in from the northwest about four o'clock yesterday afternoon. Wind and hail together caused considerable damage to property over a territory some four miles wide while the rainfall was so heavy it packed fields almost flat. Of course, mail is necessary for our farmers to replant. In some instances this will be fourth planting. Windows on the north of all houses in the territory were broken, screens were twisted and roofs were beaten into a mess. Local real estate men estimate approximately \$8,000 worth of damage. A part of this was covered by fire and tornado insurance, but some part of it was not. Official gauges place the rainfall at three inches here in town, and only more than that northeast. T-Bar and part of the Wells families felt the brunt of the rain along with the town.

## Wet Weather Keeps Farmers Busy

With the weather man shaking out every kind of weather he has in his bag, South Plains farmers know which way to jump this week. Rains, sandstorms, and exuberant weather have all been seen in this week, and the strain is being felt. Wind Thursday did little damage hundreds of acres, but it is necessary to replant, in instances for the second or third time. A vicious hot, sweeping Monday of this week cost farmers many dollars and time in sowing up sprouting seeds or setting down tender plants. This is being written (Tuesday) in a slow rain is falling and clouds promise additional moisture tonight. On the other hand, rain may turn into a sandstorm. It does, we were talking with farmers crossed.

## Produce House To Open Saturday

(Pat) Jackson is this week opening a branch house of the Lubbock & Egg Company here, which station to be known as the Lubbock Produce Company. The new cream and produce house is in the Curtis building, just west of the street north of the Maggill Station, and has been equipped for this line of business. Mr. Jackson is an experienced man, and is fully competent to give the best of service. Attention of our readers is called to opening ad which appears on page of this paper, in which way and Mr. Jackson invite give the new station a trial, promise you courteous service square deal.

## Best Child Undergoes Operation Saturday

Little Miss Tommie Inez Best underwent an operation for appendicitis at a Lamesa hospital Saturday night of last week. As we go to press, reports from the sanitarium are very encouraging and it is believed that the young lady will soon be strong and well. The Index joins with other friends in the hope that her recovery may be quick.

## Misses Beverly and Jim Ellen Wells were in Lamesa last Thursday.

Mr. and Mrs. C. C. Casey and children of Plainview spent the week end here with her parents, Mr. and Mrs. L. N. Nichols and other relatives.

## LOW PRICES NO SUBSTITUTIONS

We have this week received many lovely gifts in jewelry. Ear rings for pierced and unpierced ears, bracelets, bracelet sets, for the baby, the young girl, or the sweetheart. Ladies and Gentlemen wrist watches, watch chains, identification wrist bands. Rogers silver chests, bread plates, meat platters, all in Rogers 1847 Silver. We invite you in to see these many new lovely gifts.

## Farmers' Pool Checks To Be Here Soon

Lynn County Farmers Sold Over Nine Million Pounds Tax-Exempt Certificates

The final checks covering the sale of tax-exemption certificates through the National Pool will be ready for distribution to participants within a few days, it was announced by E. M. Meeks, representative of the AAA. The National Pool reported that Lynn county had pooled 9,881,895 pounds of tax-exemption certificates. Of this poundage, approximately 70 per cent has been sold, or 6,957,325 pounds. The poundage was sold from the pool at 4 cents per pound and the expense of operating the Pool was less than four one-hundredths of a cent per pound.

The 30 per cent poundage, which the producers of Lynn county have to their credit, amounts to 2,924,570 pounds. This poundage may be handled in either of two ways:

- (1) It may be placed in a special pool.
- (2) It may be reissued in the form of certificates to the producer.

If the first is followed, the producer may, at the time he receives his final check, sign a form in the Assistant's office to revert the 30 per cent poundage in the special pool to sell for not less than 5 cents per pound and to pool to be liquidated in not more than 120 days.

Or the producer may request the Assistant of the County Agent to issue to him in the form of 1935-36 certificates.

All producers will be notified of the date checks will be delivered. Farmers will have ten days after receiving their check to decide whether they will pool their certificates in the special pool.

It was further stated that farmers who have certificates left over from last year's earnings may also pool them in the special pool. If this is done it will not be necessary to exchange these certificates for 1935-36 certificates.

## 200 More Cotton Checks Received

County agent V. F. Jones reports that around 200 additional cotton checks were received at his office the first of last week, bringing about \$20,000 to the farmers of Lynn county. This brings the total number of checks received so far up to many more than \$90,000.

Mr. Jones reports that the number of farmers signing contracts this year is considerably larger than for last year.

## Club Women Planning Annual Encampment

Lynn county club women and girls are enthusiastically planning one of the most instructive and interesting programs in the history of home demonstration work when the annual encampment is held at Lubbock on June 12 and 13th.

All members of the various 4-H clubs and H. D. clubs of the county with their agent, Miss Sylvia Robb, will leave Tahoka at nine o'clock on the morning of June 12, states Miss Robb. Those making the trip are asking to bring food suitable for lunch, supper, and for breakfast on the following morning, as well as their individual bedding.

Miss Robb asks that we emphasize the point that there will be an unusually interesting program, and one which will also be worthwhile in scores of ways.

These encampment periods are always a source of pleasure and profit to club women and girls, and are eagerly anticipated from year to year. It is hoped that each club will be well represented next week when the party leaves Tahoka.

And this brings to mind again our park project. Why should Lynn county women and girls be obliged to go into Lubbock county for a vacation? This is a time when we need a county park.

## NEW MARKET DEPARTMENT HAS GOOD OPENING

Carey Shook, in charge of the new meat department at Mansell Bros. Grocery, was all smiles Saturday night as he looked back on the opening of the department that day. The Trades Day crowds thronged the store most of the day, inspecting arrangements and equipment of the new department, and trying out the skill of the new meat cutter.

Miss Wanda Zell Everett returned home Sunday from Idalou, where she had spent several days with friends and relatives.

## School's Out

## Legion Post Asks Names of Deceased Veterans of 3 Wars

Memorial Day was quietly observed last Thursday, but its recurrence brought to light the fact that the list of names of deceased veterans of our immediate territory is very incomplete. Officials of the Fern Allen Post of the American Legion are very anxious that this record be brought up to date, and are asking the cooperation of families of either Civil War, Spanish-American, or World War veterans.

Post commander Guy Bradley and W. C. Sauls placed flags on the graves of all veterans known to be resting in the local cemetery, but Mr. Bradley said Monday that it is almost certain that some were unintentionally neglected. Names on the list now filed with the legion post here are Smith, Falk, Wences, Collins, Wyatt, Allen, Lackey, Alexander and Townsend.

Cooperation of Index readers is sought in bringing the roll more up to date. If you know of a veteran of any of these wars whose name is not included above, please let us know, or better, notify Mr. Cliff Lambert at Mansell Bros. store.

If members of the family or friends will help us with facts and data the Index would run a brief sketch of the life and military service of each of our veterans. Please take this statement as a request for your assistance in this project, and drop by our office when you have plenty of time to give us the details.

## County Canning Kitchen Given Cash Grant Last Week

Through the approval of work relief projects by the Texas Relief Commission engineers at Austin several days ago, the Lynn county canning kitchen at Tahoka has been given a cash grant of \$4,600.00.

This represents a considerable increase over the amount allowed us last year. In 1934 the kitchen was allowed approximately \$3,000, and around half of this was used in the purchase of equipment. This year, states county administrator B. P. Maddox, nearly all of the allowance will be spent for labor, and additional funds may be secured later if necessary.

The plant will open this year with all necessary equipment, fitted to do much more work than last year.

In this connection, all officials urge that residents of the county make more use of the kitchen this year than last. They are urged to plant larger and a greater number of gardens than were planted last year. Miss Sylvia Robb, county home demonstration agent, points out the thousands of dollars can be saved for the people of the county if they will only raise and can their own vegetables. With so much better weather and such favorable weather as we have had recently, it should be an easy matter to raise a diversified garden anywhere in the county.

Both Miss Robb and Judge Maddox ask that we point out that the kitchen is open to everyone in the county, not simply for the relief of those who may be in distress. They point out that it will be easier for every family to can here where there is all the needed and standard equipment, than in the home kitchen which may not be planned with this project in mind. The plant will open as soon as there is enough demand for it.

## Brown's Return From Three Weeks Trip

Mr. and Mrs. Will Brown returned Tuesday night of last week from an extended vacation trip spent in New Mexico and Arizona. They report a most interesting and educational tour as well as rest and change for Mrs. Brown, who has not been in the best of health for some time.

Leaving here May 9, Mr. and Mrs. Brown headed for Roswell, across to Springerville, Williams, and so to the Grand Canyon. Mr. Brown chuckled when asked to describe that masterpiece of Nature, and declined by saying that there has never been a morning that he could find words to picture the marvelous scenery, gorgeous coloring, and awe inspiring vistas of the Canyon.

They visited the petrified forest on the trip, and a number of other interesting places.

## NEW EMPLOYEE AT BANK

Miss Odell Wheeler has recently taken up duties at the First National Bank here, and under the able teaching of Mr. Shoemaker and Mr. Cathy, she is fast learning how to be a banker. She is the daughter of Mr. and Mrs. F. G. Wheeler, a graduate of the local high school.

## Mr. R. I. Archer and daughters of Rosenberg are visiting her parents Mr. and Mrs. E. G. Stokes. Mr. Archer will be remembered in O'Donnell as Miss Lucy Stokes.

Mr. and Mrs. A. C. Neill of Cloudcroft spent the week end here with her parents, Mr. and Mrs. W. L. Gardenhire. Mrs. Neill will be remembered as Miss Beatrice Gardenhire.

## County Park Election Set For July 6th

We are informed that a special election has been set for July 6th to determine whether or not bonds in the sum of \$6,160 shall be authorized and issued for the purpose of purchasing 500 acres of land to be used in the construction of a state park in Lynn county.

This election was set after citizens of the county had signed a petition asking for it.

As we understand the plan, if the county will furnish the land, the state and federal governments will furnish the money with which to improve and beautify the tract. Labor will be provided through the Government work relief set-up, following the plan being followed in the construction of highways, and for the establishment and upkeep of other parks.

Location for the park has been tentatively placed at the lake between here and Tahoka, we are informed, and this seems to be about the most centrally located suitable site in the county.

It seems to us that the park plan is a very good one. Lynn county has no such place, and we would enjoy and appreciate a park as much as would folks in any other part of the beautiful, well-cared for park, this project would furnish employment for a number of heads of families for some time to come. Lets discuss this park project thoroughly between now and election day, and try to work out a plan whereby Lynn county folks can have another Breckenridge Park.

## Local People Are Planning to Attend Singing Convention

Lockney is expecting an attendance of at least ten thousand at the third annual session of the Plains-Panhandle Singing Convention, that is to be held there June 15-16, states a communication received this week from the arrangements committee. The convention was held last year with an estimated attendance of eight thousand.

All music companies will have their best quartets there, states Odell E. Echols, president of the organization. Radio technicians are now busy installing loud speaker equipment, so all may hear. Seating capacity for the choir will be 1,000 seats, while seats for between seven and eight thousand visitors will be provided.

The convention will open on Saturday, June 15 at 2:00, with a concert of amateur groups. First prize of \$10, second prize of \$7.50 and third prize of \$5 will be awarded to winners in this group.

Our Girl's Quartet will enter this contest, competing with the Vo Di O Do girl's quartet, Campbell sisters, and Cossins' quartet, Lubbock, Lamesa Male Quartet, Florida quartet, Allen Sims and quartet of Bowie, Glose Harmony Girls of Post, Huff sisters, Lovington, and the Meadow sisters of Portales, and possibly others.

We understand that a number of local people plan to attend the convention and be on hand to boost our girls.

## Mr. Proctor's Uncle Dies In Clovis

Mr. Joe Proctor, local barber and business man, received word last Thursday of the death of an uncle, James W. Allen, in a hospital at Clovis, N. M.

He had been an employee of the Santa Fe Railroad most of his life. He had sustained a broken hip and other injuries in an accident three or four days before his death, and these injuries, with his advanced age of 65 years, were the immediate cause of his death.

He was buried at Albuquerque on Saturday of last week. He is survived by his widow and four children, Ed, Jessie, Earl, and Arvel Allen.

The Index joins with other friends in extending sympathy to Mr. Proctor and other members of the bereaved family.

## Raymond and Jack James made a business trip to Munday the latter part of last week.

Mr. and Mrs. Harlan Austin of Hobbs, N. M., are here visiting her parents, Mr. and Mrs. W. H. Harris.

## Changes of Residence Made This Week

Every one in a while there is a wholesale moving day in O'Donnell, and then for about a week everybody has to help everybody else find his house. Such an event occurred during the past few days, when there were several changes in residence.

Mr. and Mrs. Harrison and family have moved to Andrews, where Mr. Harrison will head the public school system next year.

Mr. and Mrs. Roy Preston and Buck have moved from their residence on Doak street into the house vacated by the Harrisons. Mr. and Mrs. Carl Alexander bought the Doak street house several weeks ago and will soon be at home there.

Mr. and Mrs. Marshall Whitsett are moving from their present location on Doak street into the Chas. McConal house in the southeast part of town. So far so good, the little house is still unoccupied.

Mr. and Mrs. J. W. McDonald moved several days ago from their former location to the Adams residence also known as the Cowden or Guye house in the central part of town.

## Congressman Mahon Asks For Continued Reduced Freight

Congressman George Mahon has conferred with Government officials in Washington in an effort to secure an extension of the aid that has been rendered farmers of the drought area. He has been working with the Commodities Purchase Section of the Agricultural Adjustment Administration and the Interstate Commerce Commission regarding a 30 day extension of the reduced freight rates on hay and feed being shipped into the counties that have suffered most from the drought. The agreement which made possible the reduced rates during the last few months expired May 31. The Commodities Purchase Section has included 131 Mid-Western counties in the proposed area to be benefited, 60 of which are in West Texas.

He has also made an effort through the Farm Credit Administration and the Texas Relief Commission to secure an increase in the amount of the loan allowed farmers for feed for livestock.

Mr. Mahon said: "Now that rains have come over West Texas, our farmers have an opportunity to bring themselves back to a basis of prosperity if they can only be carried over a few more months until a new crop can be raised. I believe that those steps which the government has taken to help the farmers in the drought area should not be withdrawn at this crucial time, but should be continued until returns from a new crop can be realized."

## Clyde Vandiver Undergoes Operation

Mr. Clyde Vandiver of the OK county underwent an operation for the removal of his appendix at a Lamesa hospital last Thursday. He had been ill for several days, so that the operation was made more serious by a number of complications.

However, he is reported to be improving today, and it is believed that the worst part of his illness is over.

The Index joins with other friends in extending best wishes for his fast recovery.

the Legislature the power to define and enact laws against such vesting in the Legislature the power to regulate the manufacture, sale, possession and transportation of intoxicating liquors, including the power to establish a State Monopoly on the sale of distilled liquors.

"(b) The Legislature shall enact a law or laws whereby the qualified voters of any county, justice's precinct or incorporated town or city may, by a majority vote of those voting, determine from time to time wherein the sale of intoxicating liquors for beverage purposes shall be prohibited or legalized within the prescribed limits; and such laws shall contain provisions for voting on the sale of intoxicating liquors of various types and various alcoholic content.

"(c) In all counties, justice's precincts or incorporated towns or cities wherein the sale of intoxicating liquors had been prohibited by local option elections held under the laws of the State of Texas and in force at the time of the taking effect of Section 20, Article XVI of the Constitution of the State of Texas, until a majority of the qualified voters of such county or political subdivision shall determine such to be lawful at an election held for that purpose; provided that such shall not prohibit the sale of alcoholic beverage containing less than 3.2 per cent alcohol by weight in cities, counties or political subdivisions in which the qualified voters have voted to legalize such sale under the provisions of Chapter 116, Acts of the Regular Session of the 43rd Legislature; providing for an election on the question of the adoption or rejection of such Amendment prescribing the form of ballot; providing for the proclamation and publication of such by the Governor and making an appropriation therefor.

**BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:**

Section 1. That Article XVI of the Constitution of Texas be amended by striking out Section 20a to Section 20c, both inclusive, and substitute in lieu thereof the following:

"ARTICLE XVI Section 20.  
"(a) The open saloon shall be and is hereby prohibited. The Legislature shall have the power, and it shall be its duty to define the term 'open saloon' and enact laws against such.  
Subject to the foregoing, the Leg-

islature shall have the power to regulate the manufacture, sale, possession and transportation of intoxicating liquors, including the power to establish a State Monopoly on the sale of distilled liquors.

"(b) The Legislature shall enact a law or laws whereby the qualified voters of any county, justice's precinct or incorporated town or city may, by a majority vote of those voting, determine from time to time wherein the sale of intoxicating liquors for beverage purposes shall be prohibited or legalized within the prescribed limits; and such laws shall contain provisions for voting on the sale of intoxicating liquors of various types and various alcoholic content.

"(c) In all counties, justice's precincts or incorporated towns or cities wherein the sale of intoxicating liquors had been prohibited by local option elections held under the laws of the State of Texas and in force at the time of the taking effect of Section 20, Article XVI of the Constitution of Texas, it shall continue to be unlawful to manufacture, sell, barter or exchange in any such county, justice's precinct or incorporated town or city, any spirituous, vinous, or malt liquors or medicated bitters capable of producing intoxication on any other intoxicants whatsoever, for beverage purposes, unless and until a majority of the qualified voters in such county or political subdivision thereof voting in an election held for such purpose shall determine such to be lawful; provided that this subsection shall not prohibit the sale of alcoholic beverages containing not more than 3.2 per cent alcohol by weight in cities, counties, or political subdivisions thereof in which the qualified voters have voted to legalize such sale under the provisions of Chapter 116, Acts of the Regular Session of the 43rd Legislature."

Sec. 2 Such proposed Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at a special election to be held throughout the State of Texas.

on the fourth Saturday in August, 1935, at which election all voters favoring said proposed Amendment, shall write, or have printed on their ballots the words:

"FOR the amendment to this State Constitution repealing State-wide prohibition, prohibiting the open saloon and providing for local option."

And those voters opposed to said proposed Amendment shall write or have printed on their ballots the words:

"AGAINST the amendment to the State Constitution repealing State-wide prohibition, prohibiting the open saloon and providing for local option."

If it appears from the returns of said election that a majority of the qualified voters are in favor of Amendment, the same shall become a part of the State Constitution.

Sec. 3. The Governor shall issue the necessary proclamation for such election, and shall have the same published and an election held as provided by the Constitution and laws of this State.

Sec. 4. The sum of Eight Thousand (\$8,000.00) Dollars, or so much thereof as may be necessary, is hereby appropriated out of the State Treasury to pay for the expenses of said publication and election.

The above is a true and correct copy.

Secretary of State.

**H. J. R. No. 19**  
**HOUSE JOINT RESOLUTION**

Proposing an Amendment to Article III of the Constitution of the State of Texas, by adding a new Section to be known as Section 51-b, which shall provide that the Legislature shall have the power to restrict under such limitations and restrictions as may be deemed by the Legislature expedient, for old-age assistance and for payment of same not to exceed Fifteen Dollars (\$15) per month each to actual bona fide citizens of Texas over the age of sixty-five (65) years, who are not habitual criminals, nor habitual drunkards, nor inmates in any State supported institution; and providing that the requirements for length of time of actual residence in Texas shall never be less than five (5) years during the nine (9) years immediately preceding the application for old-age assistance and continuously for one (1) year immediately preceding such application; and providing that the Legislature shall have the authority to accept from the Government of the United States financial aid for old-age assistance; providing for the necessary proclamation and making an appropriation to defray the expenses of proclamation, publication and election.

**BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:**

Section 1. That Article III of the Constitution of the State of Texas be amended by adding hereto a new Section to be known as Section 51-b, which shall read as follows:

"Section 51-b. The Legislature shall have the power by general laws to provide, under such limitations and restrictions and from the Government of the United States such financial aid for old-age assistance as that Government may offer not inconsistent with the restrictions hereinbefore provided."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to the electors of the State of Texas on the fourth Saturday of August, 1935 at which election there shall be printed on such ballot the following clauses:

"For the Amendment giving the Legislature the power to provide a System of Old-Age Assistance not to exceed Fifteen Dollars (\$15) per month per person and to accept from the Government of the United States financial aid for old-age assistance."

"Against the Amendment giving the Legislature the power to provide a System of Old-Age Assistance not to exceed Fifteen Dollars (\$15) per month per person and to accept from the Government of the United States financial aid for old-age assistance."

Sec. 3. The Governor of the State of Texas is hereby directed to issue the necessary proclamation for said election and have same printed as required by the Constitution and Law of this State.

Sec. 4. The sum of Five Thousand Dollars (\$5,000), or so much thereof as may be necessary, is hereby appropriated out of the funds in the Treasury of the State, not otherwise appropriated, to pay the expenses of

said publication and election.

The above is a true and correct copy.

**GERALD C. MANN**  
Secretary of State.

**H. J. R. No. 46**  
**HOUSE JOINT RESOLUTION**

Proposing an Amendment to Article IV of the Constitution of the State of Texas so as to authorize Courts having original criminal jurisdiction of sentence and to place jurisdiction to suspend probation and the defendant on probation and to reimpose such sentence, under such conditions as the Legislature may prescribe; providing for an election on the question of adoption or rejection of such Amendment and making an appropriation therefor; providing for the proclamation thereof; and prescribing the form of ballot.

**BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:**

Section 1. That Article IV of the Constitution of the State of Texas be amended by adding thereto, between Sections 11 and 12 a new section to be known as Section 11a, to read as follows:

"Section 11A. The Courts of the State of Texas having original jurisdiction of criminal actions shall have the power, after conviction, to suspend the imposition or execution of sentence and to place the defendant upon probation and to reimpose such sentence, under such conditions as the Legislature may prescribe."

Sec. 2. Such proposed Constitu-

tional amendment shall be submitted to a vote of the qualified electors of this State at a special election held throughout the State of Texas on the fourth Saturday in August, 1935, at which election all voters favoring said proposed Amendment shall write, or have printed on their ballots the words:

"FOR the Amendment to State Constitution authorizing Courts to place defendants on probation, and those voters opposed to said proposed Amendment shall write or have printed on their ballots the words:

"AGAINST the Amendment to State Constitution authorizing Courts to place defendants on probation."

If it appears from the returns of said election that a majority of the qualified voters are in favor of said amendment, the same shall become of the State Constitution.

Sec. 3. The Governor shall issue the necessary proclamation for such election, and shall have the same published and such election held as provided by the Constitution and laws of this State.

Sec. 4. The sum of Four Thousand Dollars (\$4,000), or so much of it as may be necessary, is hereby appropriated out of the State Treasury to pay for the expenses of said election and election.

The above is a true and correct copy.

**Wheeler-Rayburn Bill**  
**Violates Spirit of**  
**New Deal...**

**D**OES the Wheeler-Rayburn bill, which would injure and handicap local electric companies, follow the spirit of the New Deal?

This bill, now pending in Congress, has caused a nation-wide protest because it arbitrarily eliminates holding companies and usurps local control of privately-owned electric companies, passing that control into the hands of political commissions in Washington.

As generally understood the New Deal has these three main objectives. To:

- 1—Create employment
- 2—Bring back prosperity
- 3—Establish greater social security

Let's test the Wheeler-Rayburn bill as far as the New Deal is concerned:

Would the Wheeler-Rayburn bill create more jobs? NO! By abolishing holding companies it would put many more thousands into the ranks of the unemployed and on relief. Also the drastic and unfair restrictions it places on local companies would discourage greater payrolls and expenditures. It would spread fear to other employers of labor because of its socialistic trend. This would create greater unemployment.

Will the Wheeler-Rayburn bill aid in the return to prosperity? NO! It would delay our return to better days because it would cripple and in many instances actually destroy large segments of one of the largest industries and one of the largest taxpayers in the country. The investments of ten million people would be endangered and in many instances, destroyed.

What business can prosper with its control and its very destiny in the hands of political commissions?

Will the Wheeler-Rayburn bill establish social security? NO! For reasons already given the Wheeler-Rayburn bill would undermine security.

It would endanger the security that now exists among the half million employees of public utilities. It would make of these employees political office-holders!

It would cut loose the security of the thousands employed by holding companies, sending them out to look for jobs.

It would invade the homes of millions and destroy honest investments. It would spread unrest, and make business afraid. This fear would retard prosperity.

The Wheeler-Rayburn bill violates the very spirit of the New Deal.

**MATTRESS DEMONSTRATION HELD AT NEW LYNN**

Mrs. Wayne Barton gave a mattress demonstration to members of the New Lynn Home Demonstration Club when they met at her home on May 21st.

In putting the bat in the ticking, lay the ticking over the bat, open seam down. Stuff one corner in as well as possible, then the corner at the other end on the same side. Treat other side likewise. Flip the mattress over and sew the open seam with strong cotton thread. Beat mattress so the cotton will pack in corners, and it will be even all over.

**THREE LAKES NEWS**

Mona Rae Edwards, Correspondent

Mrs. J. B. Vinson has returned to her home in Brownfield after a few days' visit with relatives and friends in our community.

Mrs. Vinson was honoree at a party at the W. E. Sikes home last Wednesday evening. Each guest brought a gift for her. After a delightful social hour, punch and cake were served to about fifty guests.

Born to Mr. and Mrs. Weldon Martin on June 2, an 8 pound son, who will be called James Weldon Jr., Mother and baby are doing well. Mrs. Martin will be remembered as Miss Ruth Edwards, daughter of Mr. and Mrs. J. Wright Edwards of this community.

Mr. and Mrs. Witty of the O. K. community visited their daughter, Mrs. Fort, Sunday afternoon.

Raymond Edwards is spending this week at Draw with Mr. and Mrs. Weldon Martin, assisting Mr. Martin in replanting his crop.

Mona Rae Edwards spent Saturday with Miss Loree Barnes of the Wells community.

Our 4-H club will meet at the home of Mrs. McMillan on Thursday June 6th. All members are urged to be present.

Mr. and Mrs. Carroll Edwards and children, Robert and Freda, spent Thursday and Friday in Lubbock with Walter and Troy Edwards.

Mrs. T. Ellis was in Lubbock Thursday on business.

**THE PASSING**

(Reverently dedicated to the memory of James Millwee, Clipper and contributed by Leta Rodgers Malone of Longview, Texas.)

He slowly gassed them by.  
"A little longer I will wait,  
So soon, they too, must die."  
Until at last he found a face  
Most grateful and passing fair,  
With shining laughter in his eyes,  
And shining on his hair.

His soul knew not of vicious crime,  
Nor sought of craven fears  
Nor had he quitted from sorrow's  
cup  
Nor wasted fruitless tears.  
His mind was full of tender hopes,  
His eyes with love ashine,  
And not a care upon his face,  
Had left a fretful line.

"I will not leave thee, child," said  
Death,  
"Until the sordid years  
Have shown thy heart life's bitterness  
And taught thine eyes its tears"  
So stooping low, he pressed a kiss  
Upon his forehead white,  
And smiling sweetly in His arms,  
He passed from human sight.

And people spoke of cruel Death  
And wept in sad despair  
Because the Angel of the Lord  
Had left His footprints there.  
Old age and sorrow, sickness, tears,  
He left them all behind  
But they who stood beside his grave  
Knew not that Death was kind.  
—Eleanor McClaren.

**CARD OF THANKS**

We wish to express our appreciation for the many kindnesses shown us at the time of our great sorrow. We feel that nothing that human hands could do was lacking to make our burden lighter, and we are more grateful for friends each day. May God's blessings be on each of you.

Mrs. Knight,  
Christine Millwee.

**WANTED**

One hundred and twenty-five in Sunday school next Sunday at the First Baptist church. The Men's Bible Class, which meets in the annex, will study the third chapter of Luke. Bring your Bible and join us. The TEL class is fortunate in having so efficient a teacher in the person of Mrs. J. W. McDonald. Do not fail to hear her.

Teachers in all other departments are also capable and interesting. If you are not in Sunday school, we invite you to find your place in one

of our classes.  
Eleven o'clock a. m., Sermon by pastor.  
Eight-thirty p. m., "The High Price of Brown Beans, or Unsuccessful Repentance."  
Choir practice Thursday evening.

Death came into the world one day,  
And scanned the passing throng  
Some with a sigh upon the lips  
And others with a song.  
"I will be merciful," he said  
"In choosing mine today,  
Since at the Lord's command I take  
One soul from earth away."  
The poor, the sick, the aged, the  
weak.

**BEWARE of Off-Brand Parts**

The full efficiency of your tractor depends upon the work of each part.

**USE GENUINE FARMALL PARTS FOR BEST RESULTS**

The use of off brand parts lessens not only the efficiency of your tractor's operation, but also endangers the life of the machine itself. See us before buying parts to use in your Farmall—compare our prices for the GENUINE PARTS with prices for off brand parts.

**H. D. CLUB MAKES CANDLEWICK SPREAD**  
Seven members were present Tuesday afternoon of last week when the O'Donnell Home Demonstration Club met at the home of Mrs. W. A. Treadway. "Things Beautiful" was the subject of the afternoon's program, and various phases of the theme were discussed.

During the social hour and program, members worked on Mrs. Waldo McLaurin's candlewick bedspread and also on the club's spread. This spread will be raffled off sometime in the near future, perhaps on Saturday of this week. Further announcements concerning this will be found elsewhere.

The club will meet with Mrs. R. C. Carroll on Tuesday afternoon, June 11. All members are urged to be present.

**MORGAN 4-H CLUB HAS PICNIC**

Members of the Morgan 4-H Club met at the school building early in the morning of May 28, with well-filled lunch baskets under their arms. Marjorie Rhoads called the house to order shortly after nine, and then turned the meeting over to the sponsor, Mrs. Cade, and in the business meeting which followed it was decided to go to Two Draw for the day. Blondy Ellis, school bus driver, kindly took the girls and their guests

to the picnic grounds. Lunch and a boat ride were much enjoyed. Guests of the club were Misses Thompson, Perdus, Baxley, A. B. Pruitt, Bratcher, Ruby and Ozell Bratcher, Mrs. Cook and Mr. Ella.

**CLUB GIRL MAKES SMOCK FOR FIVE CENTS**

"When I tell you that I made a nice garden smock at a cost of five cents," says Marjorie Rhoads of the Morgan 4-H Club, "you may think I've lost my mind, but I haven't."

"When I arose last Monday morning and looked at my blistered face and arms, results of a hike the day before in a sleeveless dress and no hat, I decided right then and there to have something to put on them. I had no idea what to use to make a smock. I looked in the quilt box, but found nothing except about a yard of bright orange quilt scrap material. Of course this wasn't enough. Then I found two chicken feed sacks, and my problem was practically solved—I could make a smock for myself by making the sleeves of the quilt scraps, for which mother had no use, and the rest of the garment from the feed sacks. And this is what I did."

"I made large, loose sleeves of the orange material, also the collar and pockets. I made tailored button holes using a bit more of the bright color, and covered some old buttons with the same material. The snaps I took from discarded clothes, so the whole

garment cost nothing but five cents for a spool of thread, and is really a lovely garment. Several of the girls are making smocks like mine."

**DRAW-REDWINE H. D. CLUB MET MAY 24**

The Draw-Redwine H. D. Club met May 24, 1935 in the home of Mrs. C. C. Johnson.

Miss Tobb met with the club and gave a demonstration on Candlewick Embroidery.

Eight members, one new member and several visitors were present. The club will meet with Mrs. Jewel Nelson for their next meeting.

**RANDALL H. D. CLUB MET MAY 30TH**

Members of the Randall H. D. Club met at the home of Mrs. T. H. Boyd on May 30th, to discuss a program on the "Care of Personal Appearance."

After the program, members quilted a quilt for Mrs. Boyd and set together the quilt which is to be the gift from the club to Miss Cox. Everyone enjoyed the afternoon.

**MY BEDROOM PROJECT**  
By Elsie Bernice Etter

(Editor's Note: Elsie Bernice is a member of the Wells 4-H Club, and won second place in the county in the bedroom improvement project. We are very glad to publish her own account of her work in this line.)

The inconvenience of my bedroom is hard to explain, but I will do my best. The closet could be convenient with only a little change. It had a few shelves, and a small rod on which to hang clothes, but the rod made it difficult to reach the shelves. There was plenty of space above which could be utilized for a quilt shelf or for items not in use.

My dressing table was made several years ago from two orange boxes, but because of lack of interest at that time I had not finished it with drawers. This one little job made it much more useful and convenient. There was a curtain around, not very attractive, and it had no stool.

The bed was an old iron stand, painted a dark color which detracted from the girlish atmosphere. I had no spring nor mattress cover, which are so necessary for this sandy county.

The woodwork in my room had one coat of underpaint, which had become soiled and had never been a very pretty color for a bedroom. The walls were also slightly soiled and very dusty, and were covered with stickers which drew attention to their condition.

The floor had a small linoleum cover over part of it, the rest oiled with linseed oil, which made it very hard to keep. There were many items I needed to make my room really attractive. Among them were a writing desk, a bedside table, washing cabinet, and sitting place. I had plenty of room to add these articles, and they would add much to the appearance and comfort of my room.

**Bedroom after improvement.**  
The inconvenience of my room has vanished—the light shines a different way, and in it I can see my needed articles, there in their places to stay.

The walls are no longer soiled and out of looking, but bright and full of color. You can see sunshine in the woodwork, and the floor is like a looking glass. My dressing table and chair look like new, and look! my desk looks like it came from the Lindbergh or some other great guy like him. And on it is a big red book which spells every work I can't.

The curtains are so fresh and breezy that it seems as though I might be right on the coast. My little looks nice enough for the White House, and it is so soft, right up to standards of 4-H girls.

But now listen folks, I want to say that it took quite a bit of work to make it look so grand. I had to paper the soiled walls, and as this was the first time I had ever filled the place of a paper hanger, I was rather excited and fearful that it wouldn't look nice. I had no little trouble in matching the flowers. And the sunny woodwork was not that way of its own accord. I had to stretch my bones and bend my back to rub that brush which painted them. I also rubbed the point on my wash stand and bedside table, both of which were built from old lumber by a friend.

He had the pleasure of watching the old lumber burst and split, but finally got both pieces nicely finished.

Drawers for the dressing table were made on top of the bureau, but they were well worth the time and care. The curtain around it was made by a seamstress who gave her time. She also made the cover for

the old chair which made my beautiful dressing stool. My closet was made more useful and attractive by adding two shelves and by papering it in the same lovely paper which covers the bedroom walls. The breezy little curtains caused my fingers many a prick. The dirty bed caused my hands to look like—well, you know what—from the strong lyewater solution with which I removed the old paint before putting on the new. The mirror-like floor was painted that appearance by one coat of paint and a coat of the magenta varnish with which I finished my desk, chair and wooden waste paper basket.

So you see, finishing my room was a real task, not easy, and even if it did cause plenty of work, I love it better than anything else that belongs to me and the sister who shares it with me.

**CLUB GIRL TELLS HOW SHE IMPROVED HER BEDROOM**

That Extension work is a means of helping Texas and other people to make the most of what they already have has been said by many both in word and deed.

A good example of what Lynn county 4-H club girls are learning to do for themselves and their homes is to be seen in the bedroom improvement work being carried on under the supervision of Miss Robb, county Home Demonstration Agent.

Recently when the demonstration bedrooms in each of several clubs of the county were scored Miss O'Dean Boen of the Southward club was declared county winner.

Below is O'Dean's own story of her bedroom work.

**THE STORY OF MY BEDROOM**  
By O'Dean Boen

My room was just a junk room you might say or a smoke house, for the closet in my room was where we always hung our meat.

My room was a dark looking room for though it had two windows the walls were unfinished, dark and unattractive.

When I decided to be bedroom demonstrator and fix my room up I had no furniture except an old iron bedstead, a small chest in which keep part of my clothing, a chair and a small home-made wardrobe with a curtain over the front.

My mother is our club sponsor and with her help and encouragement I made for my room a dressing table with bench, a writing desk with book shelves above all made of scrap lumber and orange crates, and a window seat made on old stove legs. I covered the chair, bench and window with blue Jasper cloth.

I made my bedspread and sheet of unfinished material, candlewicked them in light blue.

My single bedstead had lost two iron rods across the foot. I found and inserted two more and the change was hardly noticeable after the bedstead was encased in ivory curtains.

My bed was made standard by having a slat for each row of spring coils, making a spring cover, a mattress cover, mattress protector, long sheets and pillow protectors.

I made a hooked rug of rags dyed in soft harmonizing colors, and placed it beside my bed.

My closet was large enough to put a hanging rod for my clothes and a shelf for my hat on one side, and a small wash stand that I already had on the other.

I put the old broken door of my closet in another place in the house and put a better door to the closet. I painted all the woodwork in light color, papered the entire room and closet with some paper that my sister and I won in club work last year, oiled my floors, bought a mirror and a waste paper basket, and now have an attractive bedroom at a total cost of \$4.74.

**FRIENDSHIP**  
FRIENDSHIP is one of the finest things in life. A good friend is one who when we are in distress and happy, and without a friend our life would be empty. But to make a friend we must first be a friend. A friend is one who is true to us at all times. The bonds of friendship are far more precious than coupons cut from bonds. Don't let old friends pass your life just because you do not live next door. Spare a few minutes to reach for your telephone and tend your personality to another state without leaving your easy chair. Make your friends a telephone visit if you are in the mood.

**O'Donnell Telephone Co.**

Let's have Recovery...

**THE** one goal toward which we are all striving is RECOVERY! What will bring Recovery? Recovery depends upon the building of bigger payrolls; fewer people on the dole; the creation of more real jobs. And the only way to build bigger payrolls is through renewed business confidence, confidence of investors in the soundness of the securities of American industries, confidence of business in the fairness of government. There can never be RECOVERY as long as industry is threatened and harassed, as long as it is throttled by crushing taxes, destroyed by unfair government competition or ruined by governmental red tape, interference and political control. Before any measure of true RECOVERY can be restored the fog of uncertainty and fear that now engulfs American business must be dispelled! Passage of the Wheeler-Rayburn utility bill now pending in Congress would instill new and increased fear into all business. Thousands of employees of the electric holding and operating companies, which the bill would arbitrarily hinder and destroy, would be forced to join the millions of jobless. With a single stroke it would bring tremendous loss to ten million utility investors in this state and the rest of the country. These folks really own the utility industries. The way to RECOVERY is through the re-establishment of business confidence which will permit private, tax-paying capital to go to work again. If we are to attain RECOVERY in the next few years our country must become a workshop, not a laboratory. The Wheeler-Rayburn bill would seriously retard RECOVERY!

**TEXAS ELECTRIC SERVICE COMPANY**  
C. E. CAMERON, Manager
