COL. JAY SLAUGHTER DIES FROM PISTOL SHOT

Shocked and grieved were many friends here and throughout all Lynn county last Friday when they learned that the dead body of Col. Jay Slaughter, part owner of the big U-Lazy S. Ranch lying in Lynn Garza, and Borden counties, had been

found dead in his home in Post at about eleven o'clock Friday morning. He had been shot through the head and a .41 caliber pistol lay on the floor near his body.

Mrs. Slaughter was just returning from town when a negro working in the yard heard a pistol shot and he and Mrs. Slaughter rushed into the house and discovered the body.

Col. Slaughter had been in bad health for several months and had also been worrying over ranching troubles, it is said. He had been compelled to move many of the stock from the ranch and then to shift them about from place to place in search of grass, which is said to have been a great worry to him.

Physicians had urged that he be taken immediately to a sanitarium at Rochester, Minnesota, and his wife had already packed their bags preparatory to making the trip, intending to leave the next morning.

Funeral services were conducted in the First Baptist Church in Post on Saturday afternoon by the Methodist and Baptist pastors there in the presence of a congregation that filled the auditorium, and galleries, and the corridors, and overflowed onto the sidewalks outside. Many could not gain entrance to the building.

Following the services, the body was taken to Fort Worth, where another funeral service was held, followed by burial.

He left surviving him the widow, whom he affectionately called "Skeeter", his aged mother, Mrs. John B. Slaughter, and a sister, Mrs. Frank E. Lett of Miami Beach, Florida.

Jay Slaughter was a very useful, popular, and much-beloved man. Born in Colorado City, he removed with his parents to Fort Worth when he was seven years of age. Then they removed to the big ranch near Post when he was 18. Later he graduated from Yale University, after which he was married to Miss Skeeter Cowan, daughter of a Methodist minister. He had served as county commissioner three terms, president of the Post School board for a number of years, president of the Post Chamber of Commerce, and President of the Post Rotary Club. During the incumbency of James V. Allred as Governor, he was appointed a colonel on the Governor's staff.

He took an active interest in civic and educational affairs throughout this section and often visited this city. He had many warm friends here and a number of them attended the funeral services at Post.

FROM ARIZONA

Dock McVickers of Holbrook, Ariz. spent a few days here last week. Mrs. Guy Bradley accompanied him to Plainview Sat. for a short visit with relatives.

Miss Yvonne Westmoreland, who attends Tech spent the weekend here.

BIRTHDAY PARTY HONORED MRS. NOBLE

With Mesdames B. J. Boyd, Guy Bradley, and Fred Henderson, co-hosts, Mrs. J. Mack Noble was named honoree for a birthday party Monday in the Boyd home.

In bridge games Mrs. J. E. Garland of Lamesa won high, and Mrs. C. L. Hafer and Mrs. Charles Hoffman won slam prizes.

Refreshments of angel food squares with individual candies and ice cream were served.

The honoree was presented with a dozen "Duncan" glass salad plates, and other gifts.

Playing were Mesdames Hafer, Jordan, Robinson, Campbell, Hughes, Noble, Garland, Hoffman, Forey and the hosts.

Mesdames Marshall Whitsett, Charles Cabool, and Miss Thelma Palmer sent gifts but were unable to attend.

Mrs. Milton Simmons and young daughter returned home Sunday to Dallas after visiting relatives here and at Lamesa.

Mrs. J. E. Garland of Lamesa was here Monday visiting her daughter Mrs. J. Mack Noble.

S. L. Henderson, Tech student, spent the weekend here.

POST ANTELOPES TAKE A REST OVER THE WEEKEND

The tough Post Antelopes also rested up last weekend and are in fine shape to go again this weekend. Post is also hoped to be a strong contender for District honors this year boasting a line average of 170 pounds and a 155 pound backfield.

O'DONNELL EAGLES LOSE TO CROSBYTON CHIEFS 26 to 0

Crosbyton's Chiefs opened their home football season here tonight with a 27 to 0 decision over O'Donnell's Eagles.

Featuring the long-distance passing of Ed Blackwood, the Chiefs piled up 20 points in the first period and added seven more in the final. The first score came on a sustained drive with Quarterback J. Karr carrying across the line.

Then Blackwood cut loose. He

"Hot Time!" Cold Night. Parked Late?

Never mind...start up in jig-time

Bad days ahead. But here's how Winter OIL-PLATING maintains needed lubricant in advance—for safe Quick Starts...

Your engine is up around 2 feet tall. But where is its highest oil-level? Barely 3 or 4 inches off the bottom during parking. So if you depend on crankcase oil alone, when starting up cold, you'll wait till it climbs a good ways—and goes warming around.

But now!...no more hard risky waiting for that first badly needed lubricant...not with your engine OIL-PLATED for Winter by changing today to your correct Winter grade of Conoco Germ Processed oil.

Processed into this patented oil that sells at a normal price is a rare extra substance—created by man—to fasten lubricant firmly to metal. The result is OIL-PLATING, attached to inner engine parts as closely as chrome plating, OIL-PLATING doesn't all drain down during parking, but stays up as high as the highest piston rings reach—ready to smooth out starting stroke No. 1—ready to fight for oil economy by fighting the wear of oil-starved starting. (And the less wear, the more gasoline economy, too!) Then OIL-PLATE now—at Your Mileage Merchant's Conoco station. Continental Oil Company

RURAL MAIL BOXES CALLED SYMBOL OF U. S. HONESTY

WASHINGTON, Oct. 3. (Sp.)—The Post Office Department has nominated the often battered and dusty rural mailbox as an outstanding symbol of the honor system in the United States.

More than 6,000,000 of the little boxes are scattered across the Nation from Evening shade, Ark., to Rough and Ready, Tex., from Young America, Ind., to Social Circle, Ga., and back again to Bad Axe, Mich.

Un-guarded in every instance, only 10 of them were reported robbed in the last 12 months, and 10 is about the annual average.

"People seem to have great respect for this symbol of Uncle Sam," said Joseph E. Cooper, Superintendent of the Division of Rural Mails.

SLIGHTLY IMPROVED

Mrs. T. L. Higginbotham was removed home last week from a Lamesa hospital, where she was taken following a stroke several weeks ago.

Mrs. A. W. Thompson local nurse is caring for her.

Miss Thelma Palmer returned Monday from a visit the past weekend with friends in Hobbs New Mexico.

RECORDS OF COTTON PURCHASES MUST BE KEPT

Lynn County cotton buyers, who are required by the 1940 marketing quota provisions of the Agricultural Adjustment Act to keep accurate records of all purchases from pro-

ducers, will be able to do this as a part of their routine work, according to Fred M. McGinty, Chairman of the County AAA committee.

A record of purchases from producers with white marketing cards was not required in past years. This year such a record must be maintained in addition to the records and reports which buyers during the past 2 years made for purchases from producers with red and blue marketing cards, and which they are also required to make this year.

Pointing out that no special records are required for white marketing cards, McGinty said that, as a general rule, the business records ordinarily kept by the buyer will contain all the information necessary with the possible exception of the serial number of the producer's marketing card.

The regulations under the act require that the cotton buyer's records contain the following information: (1) the name and address of the Producer; (2) date of purchase; (3) original gin bale number; (4) weight of the bale or the lot of cotton purchased; (5) amount of the penalty collected, if any; and (6) the serial number of the marketing card or certificate by which the cotton was identified when marketed.

"It is preferred that the buyer make no change in his regular record-keeping system, other than to record some necessary information which he previously did not enter on his accounts, ledgers, or other re-

cards," McGinty said.

Any buyer who desires to keep a separate record of the information with his report the marketing penalty required, however, can obtain the necessary forms from the county AAA office.

"The buyer must always examine the marketing card," McGinty said, "and he will be required to submit the card, the buyer must make a report to the county AAA office and remit separate record of the information with his report the marketing penalty required, however, can obtain the necessary forms from the county AAA office."

**NEW LYNN 4-H CLUB STUDIES
DAILY COURTESIES**

"Gentle and kindly manners win places for us in the hearts of our associates", stated Miss Maurin McNatt, home demonstration agent, at the New Lynn 4-H Club meeting at the school house, Tuesday, October 1.

Carelessness and vulgarity, like dull knives, hack and bruise their way through our flesh, inflicting pain at every move, therefore one should have kind manners. Courtesies are not formed overnight. They are habits in practices which evolve gradually over a long period of years.

Sixteen members were present. Club will meet October 15.

Lynn Health Unit Makes Report

TANOKA, Texas, Oct. 17 (Sp.)—In a survey of health work in Lynn county, the Health Unit wishes to report the progress that has been made the nine months that has been organized.

Communicable Disease Control
There have been six admissions to this service, fourteen home visits have been made to these cases and one hospitalization. Concurrent and terminal disinfection was stressed.

Lectures, talks, newspaper articles, and films have been presented to the people of this county stressing importance of education regarding these diseases.

Maternity Service
One hundred forty-one admissions with four hundred thirty-nine visits to these cases. It has been pointed out to the mother the importance of medical supervision for herself and child. Instructions were given in maternity hygiene and infant care.

Eight public lectures and talks were given with three hundred and eighty-nine in attendance.

Infant and Pre-School Service
One hundred fifty-nine admissions to service with three hundred and sixty-three home visits being made. One hundred thirteen pre-school children were examined and eyes checked by Dr. Brumage and the Nurse. Importance of medical supervision was stressed and parents were urged to have any defect which their child might have corrected before starting to school.

School Hygiene
Two hundred twenty-nine children have been examined by physician and nurse. Four admitted to service with twelve home visits by nurse.

Inspections by dentists 2150. Many have had correction made since inspection. Lectures, talks, films, and a Dental Health Show have been presented to the schools. Several children have been fitted with glasses since eye inspections last spring.

The primary aim is to secure

maximum health for every school child through his own intelligent cooperation and that of all others who control his environment. All activities of the school health program are educational in character and the responsibility rests on the teacher to carry out an effective program. Literature has been distributed among the teachers in order that they might learn and recognize the early symptoms of the communicable diseases and thereby prevent the spread.

Physical Inspections
Pupils to be examined for defects.

CRIPPLE CHILD VISITING TO BABER
Five children to be visited on early home visits.

Morbidity 60% or buy Four admissions.

General Sanitation
Lectures and talks were made on sanitation.

Educational work in sanitation has consisted of the following:
1. Showing need for safe water supply, both public and private.
2. Teaching proper handling of milk.

3. Instructing in danger of disease transmission by flies.
4. Showing need for proper disposal of human waste.

(a) Sanitation inspection of all school buildings by the sanitarian, also a complete sanitary inspection of all the tourist camps and eating establishments has been made by him. Inspection has been made of all dairies in the county in an effort to improve the quality of raw milk sold to the consumers.

(b) Sanitary Engineering Service. The sanitary engineer has consulted with the city officials in Tahoka and O'Donnell relative to improvements in water and sewage facilities in the county.

Mr. and Mrs. Thurman Anderson of Lubbock visited Mr. and Mrs. Harvey Gardenhire last weekend.

Mrs. W. L. Palmer, Mrs. Fay Westmoreland and Mrs. William Roester and two daughters visited Mrs. Palmer's mother, Mrs. N. M. Poe and other relatives in Hamlin Sunday.
