

WEEKLY NEWS ANALYSIS

By Edward C. Wayne

Army, Navy and Commercial Airlines Suffer in Series of Plane Crashes; 'Reuben James' Sinking, F.D.R. Speech Draw Formal Statement From Hitler

(EDITOR'S NOTE—When opinions are expressed in these columns, they are those of the news analyst and not necessarily of this newspaper.) (Released by Western Newspaper Union.)

Troops who took over the Bendix, N. J., plant of Air Associates, at the command of President Roosevelt are shown camping in a field near the plant. The order for the plant's occupation came in the interests of "national defense" according to official sources as Air Associates holds millions of dollars' worth of defense contracts for various kinds of aviation equipment. Production had been held up because of difficulty between the company and union leaders, but work got under way soon after the troops moved in.

FIRST LOSS: Sinking of 'James'

First American naval loss of the war was the Reuben James, 1,000-ton destroyer, 20 years old, sent to the bottom of the Atlantic with an undetermined loss of life somewhere west of Iceland. Details were shrouded with greatest secrecy by the navy, who finally disclosed that 44 men, apparently all enlisted men, were saved. Whether more would later be rescued was problematical. She carried about 120 officers and men. Whether she had previously encountered and battled successfully with submarines was a matter of conjecture.

One news service had obtained a purported letter from one of the sailors on the Reuben James which stated that the vessel had sunk two submarines, "maybe more." The writer was Leonidas C. Dickerson, a seaman, who wrote to his aunt in Danville, Va. "We've been at sea for 42 consecutive days, and I've lost lots of sleep. I'll be glad when we're through with this job and I can get some sleep again."

The letter, written several weeks before the sinking, said: "We have gotten two subs, maybe more. I have lots to tell you when I see you." Another letter told of a submarine attack on the James. It had been written by Harold James Orange to his mother, Mrs. Marie Orange, in Chicago. He said: "I was up on the crow's nest on watch when we were nearing Iceland and I saw a torpedo. It was coming right for us. I gave the alarm and we started zig-zagging. It missed us, sped right by. I saw not one, but several submarines."

REACTION: In Many Quarters

Following the sinking of the Reuben James the reactions followed swiftly, drawing certain powerful figures closer to the President's foreign policy, and bringing from Hitler's headquarters no other statement than that "people foolish enough to walk down a railroad track may expect to be run over."

Berlin issued a lengthy formal statement from Hitler, most of which was devoted to answering the President's Navy day address. He reiterated his statements that the South American map and the document purporting to reveal a Nazi plan to do away with all religion as "nonsensical" and "crude forgeries." He categorically denied that the Reich government had created either of these items.

The wording of the declarations from the German leader was scanned carefully by foreign correspondents, who saw in it the typical Nazi line of argument that their vessels had been attacked; that Germany was being attacked by the United States, that the U. S. was stamping itself as the aggressor.

These words were believed significant in that it was the usual German terminology preceding an open break between the Reich and another nation. It was pointed out that treaties between Germany and her Axis partners called for help in case any member of the three is attacked.

'Declaration'?

Hitler, it was believed by the correspondents, was simply laying the usual groundwork for a definite hostile declaration against this country and its policies. He said: "Herr Roosevelt has been placed before the tribunal for world judgment of his acts."

The declaration attacked the truth of Roosevelt's statements that the Greer and the Kearny had been attacked by the Germans, and stamped both vessels as the attackers.

PLANES: Keep Crashing

Started off by the crashing of five army pursuit planes, this disaster seemed the signal for a series of tragic losses, which had reached a new record for American aviation. A Northwest Airlines plane dropped to earth in a fog, killing 14 persons and hurling the pilot clear. Within 24 hours a 21-passenger American Airlines plane, carrying 20 persons, plummeted to earth in a rainstorm near St. Thomas, Can., and burst into flames. All lost their lives.

Less than 48 hours later an army bomber, with five air corps men aboard, fell out of misty clouds into a cornfield near Findlay, Ohio, and burst into flames. The five men were instantly killed.

Then it was the navy's turn to announce a disaster. This was the crash of a huge bomber at sea with the loss of 12 lives. The plane was "operating in the Atlantic ocean area."

At nearly the same time a 22-year-old American of German extraction was arrested at the Glenn L. Martin plant in Baltimore, and confessed to be a saboteur of planes, having cut electrical wires in such a way that contacts would be broken at some later date.

His deeds had affected more than a hundred planes, though most, if not all of them, had been discovered. So cleverly did he hide his work that suspicion had been thrown on hundreds of other employees. It took the FBI agents from July until late October to catch him.

REDS: 'Reservoirs'

Although the defense lines around Moscow had been bending now and then, the break had not come, and enormous reserves from "manpower reservoirs" in Siberia and other parts of the vast country were reported as having been hurled into the fray.

The United States heard that the first American planes had gone into battle, and had bombed Berlin, a fact which Berlin promptly denied.

It was an unquestioned fact that the Reds had, however, some of the newest and largest American bombing planes, easily capable of flights over Berlin and back.

The Nazis had broken through into the Crimea, however, and the fall of the whole peninsula, thus opening one narrow and difficult road to the Caucasus, was believed certain.

NEUTRALITY: Battle

With even its opponents admitting that victory was sure, and anti-administration editorial writers regarding it editorially as a fait accompli, there still was bitter fighting over the measure on the floor of the senate.

A notable acquisition of support, however, came when Senator Bridges of New Hampshire, long a foe of the administration's policy, switched over and spoke in behalf of the bill which would remove from the Neutrality act those measures which would prevent arming of merchant vessels, and would open all ports to the American flag ships.

Another indication of support was the agreement in the senate to push forward action on the bill. This had followed the sinking of the Reuben James.

Senator Ball of Minnesota, a Republican, held that freedom of the seas was necessary for the preservation of our liberties; while Senator Clark of Missouri was attacking the President, and daring him to ask for a formal declaration of war.

Clark said the measure was "intended to be and can only be an authorization for a state of war."

Official Pictures of Torpedoed U. S. S. Kearny

Official pictures released by the navy department show the damage done to the U. S. S. Kearny when she was torpedoed by a submarine off Iceland. At left, crew members look at twisted wreckage below decks after the torpedoed destroyer steamed into port. Right: the Kearny, tied to sister ship, is shown limping into unnamed port. Arrow points to the hole made by the torpedo.

A Lesson or Two in Preparedness

Marines of the royal Netherlands navy, still loyal to their exiled queen, are pictured above crossing a river, fully dressed, during maneuvers at Sourabaya, Netherlands East Indies. Japan is their nearest Axis enemy. Inset: A "casualty" is floated across a river on a makeshift raft during demonstration staged by Britain's royal army medical corps. Buoyancy is given by empty oil cans.

They Watched the Tanks Go By

Standing at attention while the national anthem is being played at the Schenectady, N. Y., plant of the American Locomotive company during a defense day inspection of the plant. M-3 medium tank is shown at left. Another tank, on flat car in background, is about to be sent on its way to army proving grounds.

Turkey Dinner in the Offing

Turkey, with all the trimmings, will grace the festive board at army camps throughout the country on Thanksgiving day. These soldiers of Camp Lee, Va., could not resist their battle training as they creep up on the all-unsuspecting turkeys at the Wippinock farm, South-riand, Va.

... Not to Market

Not to market, but to San Francisco's grand national livestock exposition, is the destination of these two little pigs, chosen as her entrants by Miss Milo Kimmerle. The exposition will present a livestock, horse and radio show of national character, November 15-22.

After Record Leap

Arthur Starnes is greeted by his wife and son, Robert, on right, after plunging six miles in record "free fall" chute leap. He parachuted less than 1,500 feet in the six-mile drop.

Man About Town:

Does The Washington Times-Herald know that 24 members of congress are mixed up (in various degrees) in the current Federal Grand Jury's probe into the activities of foreign agents using our mails for propaganda purposes? Not all 24 are involved in guilt. Some were merely innocent bystanders. . . . How can Petain offer himself as a hostage? How can he give what he doesn't own?

What two brain-trusters of a certain Washington probe are suspected of receiving checks from former Nazi espionage chief Von Bohle in S. A.? . . . Is there anything to the Capital buzz that Odium may inherit Knudsen's OPM headache? . . . Can you guess which one of the highest paid radio stars quit his cig sponsor because he wouldn't allow him to get a divorce to wed another?

Isn't Doris Duke going to get her divorce in Honolulu in May—and marry a Naval flier now here? . . . Is it possible that Princess Stefanie Hohenlohe has taken a house in suburban Beverly Hills, Alexandria, Va., under the nom de plume she has often used in hotels? And why does she prefer being that near to Washington, D. C.? . . . Table conversationalists quote Rauschnig, the historian, as saying that, according to his deductions, the war should end in 18 months.

Lt. Comdr. Gene Markey sure has it bad (and that ain't good!) over Olivia De Havilland. Spends all his Navy coin on postage stamps to write her. . . . Sad, isn't it, the torch Jeff Jones of Princeton is carrying for Gloria Vanderbilt? His pals fear it'll make him ill. . . . That's gonna be quite a story when the Screen Publicists' Guild explodes over the commy element. . . . Heavens! Have you heard the dreadful news? Because of metal priorities beauty shops will feel a shortage of bobby-pins!

So you want to be an actress, eh? Life recently revealed that 3,500 professional people haunt producers' offices. Of these, 1,000 get jobs. The average yearly employment is 4 to 5 weeks and the average annual income (excluding stars) is \$200 to \$500. . . . Be a stenographer, sister. You meet a better class of people in the subway, anyway.

Somerset Maugham spurned an invite to an affair for Their Highnesses, and didn't send any regrets. . . . Peggy Joyce's current is Jimmy Wilson, a handsome six-footer. Must be love—his poor. . . . If the Japs get sassier FDR will call out the Boy Scouts.

New York Heartbeat:

The Big Parade: C. Aubrey Smith—as British as a monocle. . . . Rita Hayworth—the reason eyes were invented. . . . Herbert Marshall and Arthur Treacher ringsiding at the Riviera, giving each other the "realiehs" and "y'don't-says". . . . Louis Bromfield at Fefe's Beach. His latest book, "Wild Is the River," is a candidate for the Best-Seller lists. . . . Eddy Duchin, curling up with a good bookie in the Waldorf foyer. . . . Rosemary Lane signing autographs outside the Barrymore Theater. One of them asked her to get Priscilla's, too. The crumbs have crusted. . . . The 3 Andrew Sisters wearing spangled skirts, spangled gloves and spangled hats. Looked like a Christmas Tree-o. . . . Owwwwwch! Who threw that? . . . Wendy Barrie in the Roosevelt Grill—with a 10-penny nail dangling from her bracelet. "They say I look like one—I might as well wear one," is the explanation. . . . Swifty Morgan greeting a sucker at the House of Chan with: "Sit down, pal, and have a check."

Sallies in Our Alley: In "Back Street" Margaret Sullivan played The Other Woman opposite Charles Boyer. In their latest, "App't for Love," she plays his wife, who has to contend with two other gals. An interviewer asked Boyer if he or Margaret had given it a thought. "Oh, yes," he said. "Miss Sullivan thought of it. She said that this time for her—the shoe was on the other foot, but I was still the heel!" . . . A hefty sort of lady floated across the Club 18 floor and dared clown Jack White to make fun of her. "Gwan," she dared him, "make a wisecrack and see what happens!" . . . Vince Curran deflated her with: "Say didn't you used to have 'Good-year' printed on you?" . . . It left her b-limp.

Memos of a Midnighter: Did the Duke purchase a \$50,000 bauble from Paul Flato—for Wally? Didn't pay cash. . . . FPA's writing book notices now and then for his old boss, the Tribune. . . . The flop, "Good Neighbor," has a good line about a nice lady whose goodness went unrepaired: "She puts her foot in it every time she opens her heart!" . . . Senator Guffey was talked out of kissing Diana Barrymore on the ground that it wasn't dignified. . . . And he's the guy who's supposed to express the will of the people!

**CHOOSE YOUR POWER PARTNER from the FARMALL FAMILY**

FARMALL-M

FARMALL-H

FARMALL-B

FARMALL-A

These days, farm operating efficiency takes on a new and greater importance. Farmers must have modern power and machines to keep up the pace today!

To do a real economy job, your tractor must fit your acreage, your crops, your type of farming, and your pocketbook—and that's where you need a FARMALL to fill the bill.

FARMALL is the logical choice for the fullest return on your tractor investment. The small Farmall-A and B, high-clearance AV, middle-size H, and big M are offered to you now. We'll be glad to recommend the size for your farm and give you a demonstration any time.

**NEW! FARMALL-AV with High Clearance**  
Six Extra Inches of Crop Clearance for Vegetable Growers!

**Yes Sir! We Repair... All Makes of Cars-Tractors**  
NO JOB TOO SMALL . . . NO JOB TOO LARGE!

You can bank on the service we can give you because our workmanship is of the best and the prices asked will please you. Let us figure your next repair bill. We give you an honest appraisalment and DO NOT put in parts when they are not needed!

**Harley Sadler Is Coming Monday**

Harley Sadler and his popular Stage Show will be in Tahoka Monday, November 17, 18. Their appearance will be for 2 nights only. They are showing under the auspices of the American Legion. For something like twenty-five years this popular stage show has been play-

HARLEY SADLER

ing this section and they are always welcomed by everyone because they present clean, wholesome family entertainment, and at popular prices.

Harley announces that everything will be new for this engagement, new plays, new vaudeville, and outstanding musical presentations. "Wake Up America" is the title of our latest musical presentation and is said to be the most elaborate and pretentious ever presented by the Sadler Company. It has a patriotic motive and goes in for George M. Cohan flag waving, but as Mr. Sadler states, "This is something that is appreciated by all during these times."

The doors are open at 7:15 P. M. The musical presentations will begin promptly at 8:10 P. M. The play and other vaudeville will follow.

Prices: Children 10c, Adults 30c. Reserved seats 10 and 20 cents extra. Federal tax included.

Mr. and Mrs. C. L. Hafert visited in Gall and Big Spring Armistice Day.

Mesdames R. C. Carroll, Con Burns and F. G. Wheeler were in Lamesa Tuesday.

**THE O'DONNELL PRESS**

And O'DONNELL INDEX

Published Every Friday—Forms Close Thursday Night

Entered at the postoffice at O'Donnell, Texas, as second-class mail matter, under the Act of March 3, 1879.

WILLIAM G. FORGY, Editor and Owner

Devoted to the Best Interests of O'Donnell and Lynn County—One of the best agricultural sections of Texas.

SUBSCRIPTION PRICE—In Lynn and Adjoining Counties \$1.00 per annum; elsewhere \$1.50 per annum. Payable in advance.

In case of error or omission in advertisements the publishers do not hold themselves liable for damages further than the amount received by them for such advertising.

Any erroneous reflection upon the character, standing or reputation of any person, firm or corporation will be gladly and fully corrected upon being brought to the publishers' attention.

**1942 AAA Rates Are Announced**

COLLEGE STATION, Nov. 13—Rates of payments to Texas farmers under the 1942 AAA program are directed at greater conservation on individual farms, according to Fred Rennels, assistant administrative officer of the AAA in Texas. Other provisions will assist farmers in attaining record production of commodities needed in the Food-For-Freedom campaign, he said. Payment rates, based on normal yield of allotted acreages, include cotton at 1.25 cents per pound; wheat, 10.5 cents per bushel; rice, \$4.86 cents per barrel; and peanuts, 7.25 cents per 100 pounds. The rate on commercial potatoes, included in the program for the first time this year, is 2 cents per bushel. In explaining the program further,

Rennels said that farmers may earn two types of payments, one in connection with special allotments and the other for carrying out soil-building practices. Special allotment crops in Texas are wheat, cotton, rice, potatoes and peanuts.

Payments for complying with acreage allotments will be made in proportion to the degree with which erosion-resisting, or soil-conserving acreage requirements are met.

Soil-building allowances established at 70 cents per acre on cropland in excess of special allotments may be earned by carrying out approved practices, the AAA official explained.

As in previous years, payments under the program depend upon the \$500,000,000 annual appropriation authorized in the AAA Act of 1938, Rennels said. Rates are subject to 10 percent upward or downward revision depending upon the degree with which farmers comply with

**Crop Insurance Next On Docket**

COLLEGE STATION, Nov. 12—Cotton crop insurance is the next big issue for Texas farmers, according to Donald L. Cothran, state cotton insurance supervisor.

Taking precedence over cotton insurance this fall have been rush orders for 1942 special allotments for Food-For-Freedom pledges throughout the state, Cothran explained.

When increased production of the national defense program were called for, county AAA offices faced the gigantic task of issuing 1942 cotton, wheat, rice, peanut and Irish potato allotments to Texas farmers by Nov. 1. Special allotments under AAA farm programs usually reach farmers by early spring, Cothran pointed out that all decks had to be cleared for Food-For-Freedom pledges which got underway in Texas Nov. 1.

County listing sheets establishing preliminary crop yields and premium rates are being received in the state office with more expected shortly, the insurance supervisor explained.

After county data have been approved in the state and regional crop insurance offices, Texas cotton farmers will be in position to take out insurance on next year's crop, he said.

Under the program, cotton farmers may insure 75 percent or 50 percent of their established yields against all unavoidable hazards. Total losses will be paid when they oc-

cur and partial losses after picking Cothran explained.

**MRS. BOYD WAS BRIDGE HOSTESS**

Tuesday Bridge Club members met this week in the home of Mrs. B. J. Boyd.

Colorful chrysanthemums added to the attractiveness of the rooms. Mrs. J. Mack Noble scored high, and Mrs. Whitsett and Mrs. Noble won slam prizes.

Others playing were Mesdames Bradley, Forgy, Garrard, Hafer, Henderson and Wells.

Mrs. Noble will be hostess next week.

**SEW AND CHATTER CLUB**

For the regular meeting, members of the Sew and Chatter Needle club met at the home of Mrs. Harvey Line last week.

Sewing was the diversion and refreshments were served.

Present were Mesdames Miles, Jones, Fritz, Johnson, Tredway, Harris, Minton and the hostess.

Mrs. Frank Liddell is hostess this week.

Mr. and Mrs. W. E. Vermillion were in Big Spring Sunday. Barbara Harris accompanied them home after a visit there.

Walter Turland of Seminole was here recently visiting old friends.

**IT'S YOUR LIFE!**

Enjoyable driving means competent driving!

The competent motorist:

1. Drives at speeds safe for conditions.
  2. Exercises control at intersections.
  3. Stays in line of traffic
  4. Anticipates what others may do.
  5. Observes traffic when pulling out from the curb.
  6. Turns correctly and from the proper lane.
  7. Keeps safe distances behind other vehicles.
  8. Avoids passing other vehicles on hills and curves
  9. Yields the right of way for doubtful situations.
  10. Gives proper hand signals.
  11. Extends courtesies of the road to drivers and pedestrians.
  12. Maintains his car in good condition.
- It's your life . . . Why not preserve it?

**KONGENIAL CLUB MET WITH MRS. GIBSON**

With Mrs. E. T. Wells an additional guest, members of the Kongenial club were entertained at the home of Mrs. Roy Gibson Tuesday.

Autumn flowers decorated the rooms.

Mrs. Wells won high score prize, Mrs. Harry Sharp, bingo and Mrs. Joe Garner low.

Refreshments were served to Bowling, L. T. Brewer, Bubany, B. Brewer, McLaurin, Walls, Street, and Schooler.

Mrs. Waldo McLaurin will be hostess next week.

**T. E. L. CLASS SOCIAL**

Members of the T. E. L. Class of the Baptist Church will meet today with Mrs. Cox at 3 p. m.

**W. M. U.**

Members of the Baptist W. M. U. met at the Church Monday for a mission study from the study course book, "Author of Liberty".

Those present were Mesdames Edwards, Singleton, Vaughn, Line, Howard, Haney, Lambert and Effie Vaughn.

**No Foolin' . . .!**

**Overcoat time is WINTER SET weather**

"I used to laugh at winter in my summer underwear (cough, cough). It laughed right back . . . made me feel like a cold-storage cucumber. Then my wife bought me some comfortable HANES WINTER SETS."

These popular garments are *middleweight*. You're warm enough outdoors without feeling stuffy indoors. The HANESKNIT Crotch-Guard provides gentle athletic support. All-round elastic waistband. Nobothersome buttons. You're really unaware of underwear.

**HANES WINTER SETS**  
Choose the set you like. Wear a short-sleeve or sleeveless shirt with the mid-thigh, knee-length or ankle-length Crotch-Guard Drawers. All-cotton (combed) or cotton-wool mixtures.

**55¢ to \$1.29**  
THE GARMENT

**BOYS' WINTER SETS, 50c to 89c**  
THE GARMENT

**HANES UNION-SUITS begin at \$1.19**

Look for the HANES Label. It assures you quality underwear at moderate prices.

They come in cotton and cotton-wool mixtures. Ankle-length legs. Long or short sleeves. Nothing to pinch or pull at arms or crotch. Buttons, buttonholes, cuffs and seams all securely sewed for extra wear.

**N**ICE QUESTION: Why can your skates skim over ice, but not on slickest glass? Because the stroke of the blade melts the ice slightly to provide lubrication.

And why can an ice-cold engine that's OIL-PLATED give smooth, lubricated starts, while lubrication that depends on fast flow alone can often mean harmful dragging starts? Because OIL-PLATING can be up to the topmost piston rings long before mere fast flow could begin to get there.

An OIL-PLATED engine is yours as you change to popular-priced Conoco N<sup>th</sup> oil for Winter. In patented Conoco N<sup>th</sup> oil you get the man-made extra substance that keeps OIL-PLATING close-bonded—as if "magnetized"—all over inner engine parts. It can't all drain down—not even from bedtime to breakfast.

Then before the starter starts, the OIL-PLATING is ready against oil-starved Winter starting . . .

But what soon melts any snow on the hood? Certainly, the air underneath gets hotter than hotcha. And then you want the sort of oil economy that took first place for Conoco N<sup>th</sup> in the sensational Death Valley Death-Test. Along with five other great quality brands, Conoco N<sup>th</sup> showed how long it could stand heat and speed. Each of six identical everyday cars got one strict 5-quart fill of some competing brand tested. All six brands were run alike, without one added drop, till each oil and engine gave out. *The Certified Results:*

- The 5-qt. fill in Car No. 2 gave out when Conoco N<sup>th</sup> was still up at 3.65 qts.
- The 5-qt. fill in Car No. 4 gave out when Conoco N<sup>th</sup> was still up at 3.55 qts.
- The 5-qt. fill in Car No. 6 gave out when Conoco N<sup>th</sup> was still up at 3.40 qts.
- The 5-qt. fill in Car No. 5 gave out when Conoco N<sup>th</sup> was still up at 3.20 qts.
- The 5-qt. fill in Car No. 1 gave out when Conoco N<sup>th</sup> was still up at 2.70 qts.

Save quarts—save battery—save engine. Change at Your Mileage Merchant's Conoco station today to Conoco N<sup>th</sup> oil for Winter. Continental Oil Company

**CONOCO N<sup>th</sup> MOTOR OIL**

*and do be careful!*

"Five mornings a week, nine months a year, we mothers of Texas get our children ready for school. "In our home and a million other Texas homes, that's one of the first and most important duties of a mother's day. Sometimes Dad finds out what a job it is when he has to do it by himself."

All of us want our children to have the best education possible. Most of us look to the public schools for this.

Fortunately, Texas has the best public schools in the South. Helping to build and operate them is the Texas petroleum industry which pays 24 million dollars a year in taxes for school purposes.

These petroleum taxes pay an average of one-fourth the cost of educating our children. Altogether, they meet the entire expense of schooling nearly 400,000 Texas boys and girls.

In addition, oil has contributed substantially to the 70 million dollar permanent school fund. Oil is also responsible for much of the 30 million dollar permanent university fund, which has made possible the expansion of the University of Texas and A. & M. College.

Furthermore, taxes on petroleum products add another 11½ million dollars a year for the schools of our State.

*Our children get a better education today because of the Texas petroleum industry.*

LET THE GOBBLER STRUT ITS STUFF!  
(See Recipes Below)

### THANKSGIVING

This holiday is ours! As you bustle about and plan this year's Thanksgiving dinner, remember this is the day we give our thanks for the bounteous harvest of the year, for the peace and the prosperity, singularly ours. Remember, too, and cherish the foresight of the Pilgrims who had the courage to start carving out this land of ours!

Yes, this holiday is ours, so let it be filled with the spirit of the day and wholehearted thanks.

Some foods are synonymous with Thanksgiving without which the day wouldn't be complete, but don't get into a rut about having the same dinner every year, vary the trimmings a bit and fascinate the family.

Thin wisps of croutons will intrigue if you serve them in the oyster stew.

#### \*Oyster Stew. (Serves 6 to 8)

1 pint oysters  
4 tablespoons butter  
1 quart milk  
Salt and pepper

Put cleaned oysters, oyster liquor strained, butter and seasonings in a saucepan and simmer gently until oysters curl at the edges. Heat the milk, add to the oysters and serve at once.

Has the family become a trifle weary of your old stuffing? Then try this savory new one with yummy sausage flavoring which is right at home with either turkey, goose, duck or chicken. The sausage stuffing will do a proud job with stuffed veal, pork or shoulder lamb:

#### \*Sausage Stuffing. (Makes 6 cups)

4 cups soft bread crumbs  
1/2 cup butter  
3 tablespoons chopped onion  
1/2 teaspoon salt  
Pepper  
1/2 teaspoon sage or thyme  
1/2 cup chopped celery  
2 cups sausage in the bulk

Melt butter, add onion and cook until it becomes yellow. Add bread crumbs mixed with seasonings. Mix in chopped celery and sausage. Cook 2 minutes, stirring constantly.

#### \*Turkey.

Small birds are allowed 25 to 30 minutes per pound for baking, large birds, 22 to 25 minutes per pound. Your oven should be set at 325 to 350 degrees.

#### \*Sweet Potato Puff. (Serves 10 to 12)

4 cups mashed sweet potato  
2 tablespoons fat  
1 egg

#### LYNN SAYS:

To clean the turkey, singe it first, then remove the pin feathers with tweezers. Scrub the outside with water. The inside should be wiped with a damp cloth. If there is any foreign odor, a half teaspoon of baking soda may be added to the water with which the turkey is scrubbed.

Allow 1 pound of turkey to each person. Allow 1 cup of stuffing to each pound of turkey. When stuffing, be sure to put some in the neck for this will give the bird a good full shape. Fasten the skin from the neck to the back. Stuff the cavity but do not pack since dressing swells.

For good roasting and easier carving truss the bird, by inserting a long needle through breast, through rib at the base of the thigh. Draw the cord through and bring the string across by pulling the cord through the openings formed by folding the wings triangularly onto the back. Tie the cords.

Insert the needle through the drumstick joints, bring the cord around the tail, through the backbone, and tie securely. Remove cord before serving.

### THIS WEEK'S MENU

- \*Oyster Stew
- \*Roast Turkey
- \*Sausage Stuffing
- \*Cranberry Orange Relish
- \*Sweet Potato Puff
- \*Brussels Sprouts
- \*Hot Rolls
- Celery Curls
- Pickled Beets
- \*Pumpkin or Mincemeat Tarts
- Hot Coffee
- \*Recipe Given

Salt and pepper  
1/2 cup milk or 1/4 cup evaporated milk and 1/4 cup water.

Add the melted fat, seasonings and milk to the potatoes. Beat the egg separately, add yolk first and fold in white to the potato. Place in a buttered casserole dish, set in a pan containing hot water and bake 15 to 50 minutes at 375 degrees until light and puffy. Marshmallows may be placed on top of casserole during last 7 minutes of baking time. With all the soft food of the meal, you'll want something crispy and tart as a relish.

#### \*Cranberry-Orange Relish. (Serves 12)

2 cups cranberries, cleaned, washed  
2 oranges, whole  
1 cup sugar

Grind all the fruit together by putting through a coarse food grinder. Mix the ground fruit with sugar and let stand about an hour before serving.

#### \*Brussels Sprouts.

Brussels sprouts lend a bright touch of green when served plain with butter or crumbled, cooked chestnuts. Pick the dead leaves off the sprouts, then soak them in cold salted water for 1/2 hour. Wash and put in boiling water and let cook until just tender, about 15 to 17 minutes. Drain, reheat, and serve after seasoning.

#### \*Magic Yeast Rolls.

3 cups bread flour  
1 teaspoon salt  
1/2 cup butter  
3 eggs  
1 teaspoon vanilla  
1/2 cup sugar (rolled in later)  
1 tablespoon sugar  
1 cup chopped nuts  
1/2 cup milk  
1/4 cup hot water  
2 packages granular yeast

Sift flour. Add to 1 1/2 cups of flour the salt and shortening. Combine as for pie crust. Combine milk and hot water. When luke-warm, add yeast and 1 tablespoon sugar. Combine with first mixture; beat until smooth. Cover and let stand 20 minutes. Add eggs, vanilla and the rest of the flour. Stir until it becomes a smooth, sticky dough, but stiff. Tie dough into a clean cloth (wring out in cold water first). Drop in a pail of cool water. In an hour the dough will rise to the top. Remove and turn on a platter and cut into pieces the size of an egg. Roll in sugar and nut mixture. Twist into figure eights. Shape and turn onto a greased pan. Let stand 5 minutes and bake 10 minutes at 425 degrees F.

Remember how mother used to make her pumpkin pie and tarts the day before and how good they always tasted after they stood in the cool pantry overnight? Why not try it this time? It'll save you a great deal of fuss on the big day itself besides giving the tarts a chance to mellow and ripen for extra good flavor.

#### \*Pumpkin Filling.

(Makes 1 large pie or 10 to 12 tarts)  
1 1/2 cups prepared pumpkin  
1/2 cup brown sugar  
1 teaspoon cinnamon  
1/2 teaspoon ginger  
1 teaspoon salt  
2 eggs  
1 1/2 cups milk

For fresh pumpkin, steam or bake until soft and put through a sieve. Add remaining ingredients in order given. Turn into crust lined pie tin or tart pans and bake first in a very hot (450 degrees) oven, then reduce temperature to 325 degrees and bake 25 minutes.

(Released by Western Newspaper Union.)

# PATTERNS

## SEWING CIRCLE

new longer top, with darts fitting it smoothly through the waistline. There are three buttons closing the top and four patch pockets.

This new length jacket fits well down over the hips and the skirt follows a gently flaring line below. It's a frock to make new in plaid wools, it will be suit-like in gabardine or corduroy, especially when worn with the crisp white dickey.

Barbara Bell Pattern No. 1473-B is designed for sizes 12, 14, 16, 18 and 20. Corresponding bust measurements 30, 32, 34, 36 and 38. Size 14 (32) with short sleeves requires 4 1/2 yards 35-inch material, 3 yards 54-inch material, 1/4 yard 35-inch material for dickey. Send your order to:

## ASK ME ANOTHER?

A quiz with answers offering information on various subjects

### The Questions

1. What island is famous for its lake of asphalt?
2. What is a cogent argument?
3. How old are the Union Stock Yards in Chicago?
4. Who was elected governor of two states?
5. What is another name for a zingaro?
6. In what year was the first presidential election held?
7. What color is the stone called lapis lazuli?
8. What common name is given to sodium silicate?
9. The Smithsonian institution in Washington is named after what person?
10. To what punishment is a soldier of the U. S. army who willfully disobeys a lawful command of his superior officer subject?

### The Answers

1. Trinidad is famous for its lake of asphalt.
2. What is a cogent argument?
3. Seventy-five years.
4. Sam Houston (governor of both Tennessee and Texas).

### Ulster County Gazette

The Ulster County (New York) Gazette of January 4, 1800, became famous because it carried the first complete account of the death and funeral of George Washington. More than a million reproductions of that issue have been printed and sold, many still being regarded by their owners as historic treasures.

However, there are only two known original copies—one owned by the American Antiquarian society, Worcester, Mass., the other by the Library of Congress.

# Household Hints

Never use a damp or wet cloth or holder in removing a hot dish from the oven or stove. A dry one prevents the heat from penetrating and scorching the fingers.

Powdered or confectioner's sugar that has become lumpy should be pressed through a fine-meshed sieve or rolled with a rolling pin.

Grease marks on pages of books may be removed by sponging them with benzine, placing them between two sheets of blotting paper and pressing them with a hot iron.

Place a piece of beeswax between two pieces of flannel and rub your iron on them occasionally; it will keep the iron clean and make it run smoothly.

New waffle irons should be washed with soap and rinsed carefully. If this is not done the first waffles are likely to be discolored.

### Texas Has Six On Advisory Board

COLLEGE STATION, Nov. 13.—Texas furnished 6 out of the 16 members of the Cotton Advisory Committee which met November 3 in Washington, D. C. to work out policies for the operation of the cotton loan program.

Texas members were: Will Porter, Caldwell, representing farmers; B. L. Anderson, Fort Worth and R. D. Ernst, Houston, representing warehouses and compresses; Marc Anthony, Dallas, representing shippers; Fred Florence, Dallas, representing lending agencies; and Will Clayton, Houston, representative at large.

The committee met at the request of the Commodity Credit Corporation of the U. S. Department of Agriculture. Future meetings will be held as occasion demands.

### More School Funds Are Received Here

County Superintendent Lenore M. Tunnell reports that she received a check from Austin last Friday for the sum of \$3,720 for the ten common school districts of Lynn county, being 4.00 per pupil, out of the State scholastic apportionment.

All the independent school districts of the county also received the same amount per pupil, but the checks were sent to the independent school boards direct.

Mrs. Tunnell also received the additional sum of \$325.75 for the common schools out of the State Aid fund.

### FROM NEW YORK

W. L. Spalding of New York has been here this week in the interest of the Arizona Chemical Co.

Mrs. J. P. Campbell has returned from a visit in Midland.

Mr. and Mrs. Gilbert Lamb of Abilene visited in the Singleton home last week end.

J. D. Stewart was in Lubbock on business Thursday.

Mr. and Mrs. C. H. Doak spent the weekend in Levelland.

### Are The Weather Prophets Right?

TAHOKA, Nov. 13 (Special)—The first norther of the season came on August 12, we find by reference to a News item appearing in the next following issue of this paper.

The story recited that a couple of amateur weather prophets informed the News that the first killing frost of the season would come just sixty days from that date. But later on the same day other prophets appeared who said the correct dope was ninety days and not sixty days after the first norther.

A stiff breeze blew from the north all day on August 12. So, we decided to keep tab and see what happened on the ninetieth day from that date.

A reference to the calendar shows that November 10 was exactly ninety days after August 12.

The wether records kept by the News show that the first real frost discernible in Tahoka appeared on the morning of November 10. Light frosts had been reported by some residents of the county a few days prior to that time, but they had to be hunted for to be found.

Low temperature readings are recorded as follows: October 30, 37; October 31, 37; November 7, 33; November 8, 33; November 9, 35; November 10, 32; November 11, 32; November 12, 33. Much frost was in evidence on each of the three last dates, November 10, 11, and 12.

So, it seems those weather prophets hit the nail almost square on the head.

However, a little further north, there was snow about October 30. Two or three inches are reported to have fallen at Amarillo, reaching as far south as Plainview, a few flakes falling in Lubbock. But it melted as it fell. But temperatures were reported as low as the freezing point on that section of the Plains several days before November 10, and they had the same norther in August that we had.

So, we are still wondering if there is anything to this ninety-day dope.

Miss Claudine Eller of Childress was a guest in the De Busk home last week end.

Mr. and Mrs. Harvey Line and children visited in Lubbock Sunday.

Mr. and Mrs. Harry Clemage visited friends in Lubbock Tuesday evening.
