## PLANS MADE RODEO ON JUNE 8

Plans are now underway to sponsor an even better rodeo on Saturday, June 8, at the home of Mrs. P. E. Akew, at Big Spring. The organization sponsoring the rodeo is a twice-monthly organization which has as its main source of entertainment a new method of hand-dancing for the first time in Big Spring. The next rodeo to be held is the second of the series. The rodeo has already attracted many people, and attracted visitors as far as Post Springs, Levelland, Seagraves, and other nearby towns. The rodeo organization is the result of the donations of various business houses and the first rodeo, and the rodeo is enabled to stage a pair with many people held in larger

## Fair Follies Chorines

Five beauties from Clifford C. Fischer's "Follies Bergeres of 1941," one of the leading attractions at the Golden Gate International Exposition, for the mark on Treasure Island. Star entertainment feature during 1939, the "Follies" will be an all-around spectacular production with a cast of 65 international beauties. First performance will be on Exposition opening day, May 25.

## Contests Bitterly Fought In New Bowling League

After riding through the league standings, the Higginbotham bowlers were left in a tie for the top rung last Monday night after sustaining a terrific beating of three straight games at the hands of the Applewhite bowlers.

The triple setback made it possible for the Corner Drug team to move up and place their itching fingers on that coveted rung. The drugists will either pass Higginbotham's grip or slip behind on the basis of their play Thursday night. Results could not be obtained before going to press for this article Thursday night.

In clipping off three games, the Applewhite bowlers notified other teams that they were on their way back to the top, or would make someone else hit the head pin often to keep them out of "gold and glory."

Perhaps the most interesting game of the week will be rolled off tonight when E. T. (Scientific Shot) Wells' band of cocky All-Stars again meet Homer Hancock's itching fingers, who have bowled twice in defeat to the cocky crew. The "cockiness" of the Wells five was made possible when they defeated the "FORMER ALL-STARs," but who are now classed with a well-known bowler that is known better for its backward rolling ability than skill.

Plans are now being made to send one team, possibly two, to Big Spring for an intra-city game. A few players preferred Lubbock, but it was decided that the drinking water there was not conducive to one's health, while that at Big Spring was deemed "healthful."

**BOWLING LEAGUE . . . .**  
Higginbotham 10 5 867  
Corner Drug 8 4 867  
Applewhite's 8 7 533  
Blocker 6 9 400  
C-C Dry Drugs 6 9 400  
Whitsett Drug 4 8 333

## TUESDAY CLUB MET WITH MRS. HAFFER

Two out of town guests were present Tuesday when Mrs. C. L. Haffer was hostess for her club.

A variety of spring flowers were placed in the rooms where bridge was played at three tables.

High score prize was won by Mrs. E. T. Wells. Mrs. Hughes and Mrs. Campbell won slam awards. Guest prizes went to Mrs. I. W. Pratt, Midland and Mrs. Ollie, Levelland.

A dainty salad and dessert course was served at the tea hour.

Present were Mesdames I. W. Pratt of Midland, Charlie Cabool, Fred Henderson, L. E. Robinson, Nevell Hughes, Harvie Jordan, J. Mack Noble, Marshall Whitsett, E. T. Wells, Pauline Campbell and Miss Thelma Palmer.

Mrs. Guy Bradley was a tea guest.

E. T. Wells was a business visitor in Big Spring Monday.

## To Discuss Farm Tenancy Program

Farm tenancy, one of the major problems facing American agriculture, will be discussed in an open forum broadcast over Radio Station KONG at Amarillo, Friday, afternoon, beginning at 9:30 o'clock, according to Wyman J. Welch, county supervisor for the Farm Security Administration.

As one approach to the solution of America's tenancy problem, Congress passed the Bankhead-Jones Farm Tenancy Act in 1937 to provide loans to help competent tenants, sharecroppers, and farm laborers purchase their own land. Various phases of this program are expected to be discussed on the open forum.

Participating in the special broadcast will be members of the four-state farm tenancy purchase committee, which will be meeting in Amarillo to recommend counties in which loans will be made in 1940-41. Members of the committee are A. B. Crump, Wheeler; R. C. Hoppins, Lubbock; M. A. Fillers, Tertiary; Charlie L. Thomas, Pampa; James H. Crabtree, Beaver, Okla.; John Hilt, Plains, Kansas; Adolph Hansen, Granada, Colorado; L. L. Jones, Garden City, Kansas.

John L. McCarty, editor and associate publisher of the Amarillo News-Globe, will direct the open-forum broadcast.

As usual, the downpour varied in the rain falling and frogs croaking in O'Donnell when a prediction of 1.11 fell here. The reading was made at the government gauge recently installed at Ben Moore's home.

As usual, the downpour varied in the rain falling and frogs croaking in O'Donnell when a prediction of 1.11 fell here. The reading was made at the government gauge recently installed at Ben Moore's home.

A heavy cascade of hail rained many crops and caused farmers to start replanting, but few complained just so it rained good and proper.

## Mrs. Elliott Named At Convention

Six of the delegates chosen to represent Lynn County Democrats at the state convention held in Waco on Monday and Tuesday of this week were present when the chairman's gavel rapped the convention to order, and they were still there when he announced the body stood adjourned Tuesday afternoon.

Six delegates were Judge and Mrs. J. W. Elliott, Judge C. H. Cain, and A. L. Dunagan, all of Tahoka; J. L. Shoemaker and D. J. Bolch of O'Donnell; and one of these, Mrs. J. W. Elliott, was twice specially honored by the convention. She was elected as one of the twenty-six delegates to the national convention which meets in Chicago on July 15 to nominate a Democratic candidate for the Presidency, and she was selected as one of the twenty-three Democratic Presidential electors for this state.

Judge Cain was also honored by being placed on the Resolutions Committee.

The Lynn County delegation confirms newspaper reports that the Waco convention was a noisy one and that the confusion and the bickering of factions grew almost into a riot at times, but the entire Lynn County delegation kept their poise and departed themselves with all due decorum throughout.

The delegates to the national convention were instructed to cast their ballots for John Nance Garner as the Democratic nominee for the Presidency, but they were further instructed to do nothing to "stop Roosevelt", and the Roosevelt administration was given the highest possible praise.

## 9 From County Finish At Tech

Of the 417 candidates for degrees to be awarded by Texas Technological College next Monday, nine of them are from Lynn County.

By far the greatest number of graduates, of course, come from Lubbock county.

In the absence of a suitable auditorium, the graduating exercises will be held this year in the College stadium; beginning at 8:00 P. M.

In addition to the awarding of degrees to students, the honorary degree of Doctor of Laws will be conferred upon the president of the institution, Clifford B. Jones, Gen. John A. Hulen of Fort Worth, John W. Carpenter of Dallas, and Ernest O. Thompson of Amarillo.

Ralph Budd of Chicago, president of the Burlington railroad lines, will deliver the annual commencement address. Baccalaureate sermon will be given by Dr. Jack M. Lewis, pastor of the First Presbyterian church in Lubbock, Sunday evening, June 2.

Lynn county students receiving degrees are listed as follows: Taboka: Sherrill Caviness, B. A., majoring in Spanish; Eva Lucille Douthett, B. S., in Education, Public School Miss.; Emma Maurrye Giles, B. A., English; Ruby Lee Gray, B. S., Home Economics; Jack W. Hancock, B. S., Animal Husbandry; Sybil Anne Pirtle, B. S. in Education, English; Martin Sylvester Reese, M. A., In-

## OVER \$200 IS RAISED HERE FOR RED CROSS

Approximately \$200 has been raised for the Red Cross drive of relief for Europe's war refugees, and the total is expected to be increased before the week is over.

Securing of funds was handled by C. H. Doak and Charlie Cabool.

All money raised here is a part of the \$3,000,000 relief fund which President Roosevelt has called for in behalf of the Red Cross. Food, clothing and other necessities will be purchased for the victims of war.

One donor here handed over his money and quoted Walter Winchell's statement: "I'd rather be giving to the Red Cross than have the Red Cross giving to me as they're doing in Europe."

## RAINFALL OVER INCH FALLS IN THIS SECTION

A jubilant populace once again heard rain falling and frogs croaking in O'Donnell when a prediction of 1.11 fell here. The reading was made at the government gauge recently installed at Ben Moore's home.

## OFFICIAL CLEAN UP, PAINT UP DRIVE OF CITY SET FOR JUNE 10; SLATED TO LAST ENTIRE WEEK

### Party of O'Donnell Fishermen Consume 15-lb. Fish In A 30-minute Orgy

A party of fishermen, Jack Miles, Henry Harris, Albert Koeninger and O. W. Meyers, returned Wednesday from a trip to Buchanan Dam near Llaneta. Over 150 pounds of fish ranging in length to two feet were caught in one day's fishing.

The party would have stayed longer, so one member said, if they could find a place to catch more fish. The first report said "rain", and two members of the party had not planted cotton, and desired to return. The second report said "two feet of rain" and all the fishermen then decided that none of them had any cotton planted.

Koeninger was given a new nickname of "greasy" following his joust with huge quantities of grease in his fish frying the night the party landed at the dam. A 15-pound catfish was eaten by the fishermen in less than 30 minutes, and Miles then complained of his hunger before retiring for the night.

## FSA Borrowers Produce Own Food and Feed

Farm Security Administration borrowers in Lynn County are besting special emphasis on the production of food for their table, feed for their livestock and proper crop diversification in their 1940 plans for farming home operations, Wyman J. Welch county supervisor for this federal agency said here this week.

"The farmers who come to us for rehabilitation loans," Mr. Welch said, "are realizing that production of their own feed and food is an important factor in the successful operation of a farm."

He said tremendous strides have also been made in crop diversification which means that a similar gain has been made in the adoption of soil conserving practices because the two go hand in hand.

Bigger and more properly planned gardens are growing this year on the farms of FSA borrowers, according to Orvil M. Lyle, home management supervisor. Not only will these gardens help keep down living costs, but they will result in better diets and improved health for the families.

Miss Lyle said 10 FSA borrower-families in Lynn County produced 75 per cent of their living at home last year and fourteen produced 60 per cent of their living at home. Because of the increased trend toward greater home production of food, Miss Lyle believes this number will be doubled this year.

Sub-irrigated frame gardens are taking the county by storm. By using old lumber and discarded oil cans, even the most disadvantaged farm families find they can construct these frame gardens and provide fresh vegetables from early spring to late in the winter. A total of thirty-eight new frame gardens have been constructed by FSA borrower-families this year in Lynn County.

Both Mr. Welch and Miss Lyle believe the increased diversification methods and home production of food this year will result in an even greater increase in the net-worth of the families being assisted by FSA than in 1939. Consequently these rural people will be able to maintain a higher standard of living, enjoy better health and have a much greater purchasing power in this community.

Sub-irrigated frame gardens are taking the county by storm. By using old lumber and discarded oil cans, even the most disadvantaged farm families find they can construct these frame gardens and provide fresh vegetables from early spring to late in the winter. A total of thirty-eight new frame gardens have been constructed by FSA borrower-families this year in Lynn County.

Both Mr. Welch and Miss Lyle believe the increased diversification methods and home production of food this year will result in an even greater increase in the net-worth of the families being assisted by FSA than in 1939. Consequently these rural people will be able to maintain a higher standard of living, enjoy better health and have a much greater purchasing power in this community.

Farm Security Administration borrowers in Lynn County are besting special emphasis on the production of food for their table, feed for their livestock and proper crop diversification in their 1940 plans for farming home operations, Wyman J. Welch county supervisor for this federal agency said here this week.

"The farmers who come to us for rehabilitation loans," Mr. Welch said, "are realizing that production of their own feed and food is an important factor in the successful operation of a farm."

He said tremendous strides have also been made in crop diversification which means that a similar gain has been made in the adoption of soil conserving practices because the two go hand in hand.

Bigger and more properly planned gardens are growing this year on the farms of FSA borrowers, according to Orvil M. Lyle, home management supervisor. Not only will these gardens help keep down living costs, but they will result in better diets and improved health for the families.

Miss Lyle said 10 FSA borrower-families in Lynn County produced 75 per cent of their living at home last year and fourteen produced 60 per cent of their living at home. Because of the increased trend toward greater home production of food, Miss Lyle believes this number will be doubled this year.

## Fair Folies Chorines

Five beauties from Clifford C. Fischer's "Folies Chorines of 1911," one of the leading attractions at the Golden Gate International Exposition, toe the mark on Treasure Island. Near entertainment feature during 1939, the "Folies" will be an all-new streamlined production with a cast of 45 international beauties. First performance will be on Exposition opening day, May 25.

## Contests Bitterly Fought In New Bowling League

After riding the crest of the league  
standing the Higginbotham bowlers  
were left in a tie for the top rung  
last Monday night after sustaining  
a terrific beating of three straight  
games at the hands of the Apple-  
white bowlers.  
The triple setback made it possi-  
ble for the Corner Drug team to  
move up and place their itching fin-  
gers on that coveted rung. The drags-  
ters will either pass Higginbotham's  
cr slip behind on the basis of their  
play Thursday night. Results could  
not be obtained before going to  
press for this article Thursday night.  
In clipping off three games, the  
Applewhite bowlers notified other  
teams that they were on their way  
back to the top, or would make some-  
one else hit the head pin often to  
keep them out of "gold and glory."  
Perhaps the most interesting game  
of the week will be reeled off to-  
night when E. T. (Scientific Shot)  
Wells' band of cocky All-Stars again  
meet Homer Hancock's itching  
itchers, who have bowed twice in de-  
feat to the cocky crew. The "cock-  
iness" of the Wells' five was made  
possible when they defeated the  
"cocky" FORMER All-Stars, but  
who are now classed with a well-  
known bug that is known better for  
its backward rolling ability than  
skill.  
Plans are now being made to  
send one team, possibly two, to Big  
Spring for an intra-city game. A few  
players preferred Lubbock, but it  
was decided that the drinking water  
there was not conducive to one's  
health, while that at Big Spring was  
deemed "healthful."

## BOWLING LEAGUE . . . . .

Higginbotham	10	5	667

## TUESDAY CLUB MET WITH MRS. HAFER

Two out of town guests were pres-  
ent Tuesday when Mrs. C. L. Hafer  
was hostess to her club.  
A variety of spring flowers were  
used in the rooms where bridge was  
played at three tables.  
High score prize was won by Mrs.  
E. T. Wells. Mrs. Hughes and Mrs.  
Campbell won slam awards.  
Prizes went to Mrs. I. W. Pratt,  
Midland and Mrs. Ollie, Levelland.  
A dainty salad and dessert course  
was served at the tea hour.  
Present were Mesdames I. W. Pratt  
of Midland, Charlie Cabool, Fred  
Henderson, L. E. Robinson, Newell  
Hughes, Harvie Jordan, J. Mack  
Noble, Marshall Whitsett, E. T. Wells,  
Pauline Campbell and Miss  
Thelma Palmer.  
Mrs. Guy Bradley was a tea guest.  
E. T. Wells was a business visitor  
in Big Spring Monday.

## OVER \$200 IS RAISED HERE FOR RED CROSS

Approximately \$200 has been raised  
in O'Donnell for the Red Cross  
drive of aid to Europe's war re-  
fugees and the total is expected to  
be increased before the week is over.  
Securing of funds was handled by  
C. H. Dusk and Charlie Cabool.  
All money raised here is a part of  
the \$1,000,000 dollar relief fund  
which President Roosevelt has cal-  
led for in behalf of the Red Cross.  
Food, clothing and other necessities  
will be purchased for the victims of  
war.  
One donor here handed over his  
money and quoted Walter Winchell's  
statement: "I'd rather be giving to  
the Red Cross than have the Red  
Cross giving to me as they're do-  
ing in Europe."

## RAINFALL OVER INCH FALLS IN THIS SECTION

A jubilant populace once again  
heard rain falling and frogs croak-  
ing in O'Donnell when a precipita-  
tion of 1.1 inches fell here. The  
rain was made at the government gauge  
recently installed at Ben Moore's  
home.  
As usual, the downpour varied in  
this section. Many farmers reported  
and three inches and no hail,  
while others reported some rain and  
hail so heavy it resembled it heavy  
snowfall at a distance. Northeast of  
O'Donnell water flowed over the run-  
ning boards of cars and a like condi-  
tion was reported by one farmer  
southwest. West of O'Donnell the  
rainfall was spotted, with some  
sections not even visited.  
A heavy cascade of hail ruined  
many crops and caused farmers to  
start replanting, but few complained  
just so it rained good and proper.

## Mrs. Elliott Named At Convention

Six of the delegates come to rep-  
resent Lynn county Democrats at  
the state convention held in Waco  
on Monday and Tuesday of this week  
were present when the chairman's  
gavel rapped the convention to order  
and they were still there when he  
announced the body stood adjourned  
Tuesday afternoon.  
These six delegates were Judge  
and Mrs. J. W. Elliott, Judge C. H.  
Cain, and A. L. Dungan, all of Ta-  
hoka, J. L. Shoemaker and D. J.  
Bolch of O'Donnell; and one of  
these, Mrs. J. W. Elliott, was twice  
signally honored by the convention.  
She was elected as one of the forty-  
six delegates to the national con-  
vention which meets in Chicago on  
July 15 to nominate a Democratic  
candidate for the Presidency, and  
she was selected as one of the twenty-  
three Democratic Presidential elec-  
tors for this state.  
Judge Cain was also honored by  
being placed on the Resolutions  
Committee.  
The Lynn County delegation con-  
firms newspaper reports that the  
Waco convention was a noisy one  
and that the confusion and the bick-  
ering of factions grew almost into a  
riot at times, but the entire Lynn  
county delegation kept their poise  
and deported themselves with all  
due decorum throughout.  
The delegates to the national con-  
vention were instructed to cast their  
ballots for John Nance Garner as  
the Democratic nominee for the  
Presidency, but they were further  
instructed to do nothing to "stop  
Roosevelt", and the Roosevelt ad-  
ministration was given the highest  
possible praise.

## 9 From County Finish At Tech

Of the 417 candidates for degrees  
to be awarded by Texas Technologi-  
cal College next Monday, nine of  
them are from Lynn county.  
By far the greatest number of  
graduates, of course, come from  
Lubbock county.  
In the absence of a suitable audi-  
tium, the graduating exercises will  
be held this year in the College sta-  
dium; beginning at 8:00 P. M.  
In addition to the awarding of de-  
grees to students, the honorary de-  
gree of Doctor of Laws will be con-  
ferred upon the president of the in-  
stitution, Clifford B. Jones, Gen.  
John A. Hulen of Fort Worth, John  
W. Carpenter of Dallas, and Ernest  
O. Thompson of Amarillo.  
Ralph Budd of Chicago, president  
of the Burlington railroad lines, will  
deliver the annual commencement  
address. Baccalaureate sermon will  
be given by Dr. Jack M. Lewis, pas-  
tor of the First Presbyterian church  
in Lubbock, Sunday evening, June  
2nd.  
Lynn county students receiving  
degrees are listed as follows: Tahoka:  
Sherrill Caviness, B. A., majoring  
in Spanish; Eva Lucille Douthit, B.  
S. in Education, Public School Mus-  
ic; Emma Maurice Giles, B. A., Eng-  
lish; Ruby Lee Gray, B. S., Home  
Economics; Jack W. Hancock, B. S.,  
Animal Husbandry; Sybil Anne  
Pirtle, B. S. in Education, English;  
Martin Sylvester Reese, M. A., In-

## OFFICIAL CLEAN UP, PAINT UP DRIVE OF CITY SET FOR JUNE 10; SLATED TO LAST ENTIRE WEEK

A city-wide clean-up, paint-up  
drive will go into action here Mon-  
day, June 10 under the sponsorship  
of the Rotary club and with the as-  
sistance of the city administration  
and Boy Scouts from local troops.  
While slightly late, according to  
the usual time for such drives, very  
little action had been taken on a  
drive of this nature this year, and the  
Rotarians deemed it never too  
late to do a bit of cleaning up.  
Mayor B. M. Haynes, who is also  
president of the Rotary club, liter-  
ally let his left hand know what his  
right hand was doing, and as Rotary  
president assured himself as mayor  
that the thing to do was to make the  
drive city-wide and to issue a pro-  
clamation to that effect.  
"If it is worth doing at all, it is  
worth doing well," so said Mrs. Cary  
Shook, chairman of the Rotary  
clean-up committee, and with the  
active co-operation of E. T. Wells,  
C. H. Cain and J. Mack Noble,  
swung all forces of the club into ac-  
tion.  
Boy Scouts, who are to have a  
prominent part in the work, are not  
waiting for the official day to arrive,  
but have started to work on a con-  
test of their own which calls for  
scouts to secure all the nails they can  
find on the city's streets. Prizes are  
to be awarded the winners in addi-  
tion to the five cents per gallon se-  
cured. Earl Koeninger is the official  
nail inspector and weigher, and will  
see that no bolts, spikes or used  
tractors are placed on the scales.  
TO ABILENE  
Mrs. Ora Blocker went to Abilene  
Tuesday to meet her son Bobbie Dan  
who has been visiting in De Kalb.  
According to m/f w/f m/way m  
Accompanying Mrs. Blocker to Abilene  
were Mrs. J. T. Middleton, who will  
visit her sister, and Mrs. William  
G. Fory and Cynthia who will vis-  
it in the home of Mr. and Mrs. Roy  
A. Sanders.

## FSA Borrowers Produce Own Food and Feed

Farm Security Administration bor-  
rowers in Lynn county are laying  
special emphasis on the production  
of food for their table, feed for their  
livestock and proper crop diversi-  
fication in their 1940 plans for farm  
and home conservation. Wyman J.  
Welch county supervisor for this fed-  
eral agency said this week.  
"The farmers who come to us for  
rehabilitation loans," Mr. Welch  
said, "are realizing that production of  
their own feed and food is an im-  
portant factor in the successful op-  
eration of any farm."  
He said tremendous strides have  
also been made in crop diversifica-  
tion which means that a similar  
gain has been made in the adoption  
of soil conserving practices because  
the two go hand in hand.  
Bigger and more properly plan-  
ned gardens are growing this year  
on the farms of FSA borrowers, ac-  
cording to Orel M. Lytle home con-  
servation supervisor. Not only will  
these gardens help keep down living  
costs, but they will result in better  
diets and improved health for the fam-  
ilies.  
Miss Lytle said 10 FSA borrower-  
families in Lynn County produced  
75 per cent of their living at home  
last year and fourteen produced 60  
per cent of their living at home. Be-  
cause of the increased trend toward  
greater home production of food,  
Miss Lytle believes this number will  
be doubled this year.  
Sib - Irrigated frame gardens are  
taking the county by storm.  
By using old lumber and discarded  
oil cans, even the most disadvan-  
taged farm families find they can  
construct these frame gardens and  
provide fresh vegetables from early  
spring to late in the winter. A total  
of thirty-eight new frame gardens  
have been constructed by FSA bor-  
rower-families this year in Lynn  
County.  
Both Mr. Welch and Miss Lytle be-  
lieve the increased diversification  
methods and home production of

## Personals . . . .

Mrs. John T. Jarrett of Pecos  
spent the weekend with her parents,  
Mr. and Mrs. J. T. Middleton.  
W. L. Palmer and Charles Cathey  
attended the ball game in Lamesa  
Sunday.  
Mrs. J. H. Crawford will return  
home this week after undergoing  
minor surgery in a Big Spring hospi-  
tal last week.  
Postmaster and Mrs. J. Mack Noble  
and sons visited in Lamesa Sunday.  
Mr. and Mrs. Ralph Beach and  
Mr. and Mrs. Roy Gibson returned  
Sunday from a weeks fishing trip  
below San Angelo.  
Mr. and Mrs. Bedford Caldwell and  
Phillip spent the weekend in Lub-  
bock.  
Miss Christine Milwee has return-  
ed from Abilene to spend the summer  
with her mother Mrs. Belle Knight.  
Food this year will result in an even  
greater increase in the net-worth of  
the families being assisted by FSA  
than in 1939. Consequently these  
rural people will be able to main-  
tain a higher standard of living, en-  
joy better health and have a much  
greater purchasing power in this  
community.

## PROCLAMATION

I, B. M. Haynes, Mayor of the City of O'Donnell, do  
hereby proclaim the week of June 10th, to 17th, 1940 as  
clean-up Week in the City of O'Donnell; And call upon  
all Citizens of the Town to co-operate with the Organi-  
zations and committees, who are promoting the Cam-  
paign, by cleaning all their premises, including their  
Homes, Places of Business, Vacant Lots and Alleys of all  
weeds, and rubbish of every kind that is unsightly and  
dangerous to the health of the community.  
Signed this 20th day of May A. D. 1940  
B. M. Haynes, Mayor  
City of O'Donnell

PROMT DELIVERY—PHONE 17

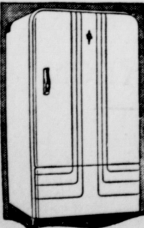

No moving parts in its freezing system—that's the reason behind a record like this. But there are Servel Electrolux refrigerators—plenty of them—in West Texas 10 to 12 years old. Still making ice cubes, keeping the baby's milk safe, saving leftovers, just as efficiently as the first month. And at the same cost. And remember, Servel Electrolux is the only automatic refrigerator with no moving parts to wear, to get noisy, to lose efficiency, and to run up repair and service bills.

James E. Brewer, jeweler of Ballinger, Texas, has had a Servel Electrolux in the kitchen of his home for more than ten years, and he says, "We never spent one cent for service or repairs. It gives as good service as the day we installed it."

But say... a Servel Electrolux will make you the heroine of your home, when the savings begin to pile up. How the food keeps! Says C. Hines, Leuders, Texas, "The food we save, which we wasted before we bought a Servel Electrolux, almost made the payments." Vegetables seem fresher after a little while in the vegetable fresher than they were at the store. Leftovers keep until you can work them off. You can save plenty on Saturday specials. The fact is, you pay for one, anyhow; why not own it? Maybe you don't know what easy payments we can arrange for you. Why not come in and find out—or phone us, and we will come and see you.

Yes, one woman was forced to this, as a last resort. Only way she could get friend's husband to agree to trade off that old jolly in the kitchen for a new Servel Electrolux (the silent gas refrigerator). But friend husband led the cheers after that. Like any man, he could eat a quart of ice cream at a time, and in her new Servel Electrolux, this smart little lady kept a tray of ice cream all the time. And how crisp and fresh the green vegetables always were! And when he got the gas bill, and found all this cost only 2 or 3 cents a day, was his face red!

Mrs. W. L. Larche, of Stamford, Texas, says in 4 years' constant use her Servel Electrolux has cost about 75c a month to operate—"and I have gas bills to show that the operating cost has not increased one cent since the first month! . . . I have never had a service bill," she says.

- NO MOVING PARTS in its freezing system
- PERMANENT SILENCE
- CONTINUED LOW OPERATING COST
- MORE YEARS OF DEPENDABLE SERVICE
- CONTINUED SAVINGS THAT PAY FOR IT

By W. G. FORGY

Two months ago most of us said "the war is none of our business—let 'em fight it out." One month ago it was "we MUST stay out, but sell, sell, sell to help the Allies." Now many are saying "we should declare war now to help crush Hitler that beast of Berlin, because the Allies are fighting our fight." Tomorrow . . . What? That shows you how emotional we are, and how susceptible to propaganda. Excuse all of you please, the fact remains that we're literally eating up those horror pictures, bombing reports and cries of anguish.

Daily newspapers nor the radio can keep pace with the fast-changing war scene in Europe. So how silly would it be for a weekly to report the doings. But, to show you how the type of warfare has changed, we remember practically every weekly in Texas kept a running account of the war slightly over 20 years ago. Until the Americans got in and kept moving as the Germans are doing today.

We're not qualifying as a person who knows anything about the war in Europe. We have access to many newspapers, magazines and what-not which fills our mind with propaganda, facts, plain bull, but few Americans know what is taking place. However, we are not among those who believe England will be overrun by Hitler. Hitler will crush and main in Belgium, France AND Rumania, yes, but when he attacks England shores he's really fighting the British. England has sent a few troops, a few planes, and other war material to France and Belgium, but she has thousands upon thousands of planes in England, millions of soldiers, her navy and anti-aircraft artillery. She has plenty more of the same stationed in Syria, Egypt, India that she could call upon if necessary, but she doesn't think it necessary. Hitler may now overrun France, but the war will go on. When France is overrun and England has her back to the wall (as it will look to us) then will come OUR time. Wait and see if we don't become anxious to the point of war in a "stop Hitler" drive. England let's other nations help her and we'll not become in-

olved with our men, our planes, our money, our supplies unless we believe she is losing.

Unless the European war is just STARTING, we're badly fooled. We really believe Russia, Italy, Japan, Rumania, Yugo-slavia, Turkey, Bulgaria, Hungary, Sweden and possibly the United States will be in before the year is out.

What will be our MAIN reason for going to war in a "stop Hitler" drive? To protect our cotton, oil, automobile and countless other markets. If Hitler should win, we would be at his mercy in a trade war throughout the world and would have to barter on his terms. And we won't like the idea a bit. We, too, like England and France, want the world to stay pretty much as it is. Just a lot more peace so that trade can flow uninterrupted. Hitler doesn't want more "living space"! He wants to CONTROL more of the world's produced goods. So do we. And so do England and France. Likewise Italy and Japan. That is what causes wars—not over-population necessarily.

**Benefit Barn Dance Announced Postponed**

Due to heavy rains in Littlefield, where the Sales Skating rink is now located, Mr. Sales was unable to get his rink moved off the lot there and therefore the benefit Hibbilly dance scheduled to be given Tuesday night by the Phebe K. Warner and Business and Professional Women's clubs was necessarily postponed.

A total of about five inches rain has fallen in the past week in Littlefield, and the rink cannot be moved across a large bar ditch which separates the lot on which it stands and the street.

The rink will be moved here as soon as possible, and the dance will be given as soon as its erection and other events make it possible. All tickets previously sold by the above mentioned club members will be good for the dance when it is held. The general public and holders of tickets in particular will be notified as soon as a definite date can be set.
