WEEKLY NEWS ANALYSIS

By Edward C. Wayne

Rome Discloses Plot to Kill Mussolini As Part of Widespread Revolt Plans; Soviet Claims Gains in Bitter Fighting; Nazis Stall British Campaign in Libya

(EDITOR'S NOTE—When opinions are expressed in these columns, they are those of the news analyst and not necessarily of this newspaper.)  
(Released by Western Newspaper Union.)

This air view made from a British bombing plane shows the result of aerial bomb hits on enemy barracks near Mellaha, Tripoli, during a fierce raid that preceded the British push into Libya. The attack was carried out by planes which flew close to roof-height of the buildings.

ROME:

Admits Revolt

With an air of having quelled the whole thing, official Rome had admitted that ever since the start of the war there has been a huge fifth column organization busily engaged in sabotage of the nation's war effort.

Sixty of the leaders had already been arrested and tried, it was reported and at least one plot to assassinate Mussolini had been quelled.

Official Rome accused Britain and Russia of sponsoring the group, of financing it and directing it.

Of chief interest was the fact that it was centered in Trieste, center of the largest Italian industrial concentration, and that much of its activity had been the blowing up of munitions factories.

Though it was claimed that 60 leaders had been arrested, the Stefani report stated that 11 actual perpetrators of many of the outrages were still at large.

Listed as taken from the plotters were 450 pounds of high explosives, 149 hand grenades, 75 incendiary bombs, two machine guns, 85 revolvers, rapid-fire pistols and thousands of rounds of ammunition.

Though the report was confirmatory in many respects of previous stories of revolt and terrorism in Italy, many observers wondered chiefly at the purpose in making an official disclosure of the facts of the trial at Trieste.

BRITAIN:

Libyan Drive

The British in Libya, basing their general tactic on a split-up of the German mechanized divisions into two parts, met their first setback when General Rommel's Fifteenth, "fighting recklessly and ferociously," according to the London communiques, succeeded in reuniting.

Fortunately for the British, the union was formed inside the general trap on the Libyan "hump." And the royal navy rapidly rushed reinforcements ashore to the armies battling on land, making landings successfully at several points on the coast.

British spokesmen at Cairo regarded the incident of the juncture of the German forces simply as "one of the downs in an up-and-down fight," said the imperial troops had not lost their confidence nor their initiative, and that British mechanized forces and airplanes still were dominating the fighting.

He said: "In this fluid battle which had raged on the main front with fluctuations over an area of more than 1,600 square miles for many days, the center of gravity has altered almost daily as our or the enemy's main tank concentrations massed for attack or counter-attack."

That was as clear a picture as it was possible to obtain. It was not, however, immediately discernible from the war maps where Berlin, still worried over the situation, but a little more confident, had anything to cheer about yet.

STRIKE:

Rail Settlement

President Roosevelt disclosed details of the settlement which had averted the rail strike of 1,200,000 members of the brotherhoods and had resulted in an estimated pay increase of \$200,000,000 to \$300,000,000.

The basic pay of 350,000 operating employees was raised 75 cents a day. The base pay of 850,000 non-operating workers was raised 80 cents a day.

Both were made retroactive to September 1 on a partial basis of these raises.

The extra wages to be paid out under the retroactive agreement will be approximately \$67,000,000, or about \$22,500,000 a month.

Following December 1 the rates of pay, however, were to be increased about \$25,000,000 a month, most observers figured.

RUSSIAN:

Victory Develops

The Russian communiques had developed the extent of the Red army's outstanding victory of the war around Rostov, and finally had claimed that General Von Kleist's forces were fleeing from Timoshenko's armies right into a Soviet trap.

Germany, admitting the retreat in the southern central front, had sought to belittle it as a mere "diversion" attack, and concentrated its interest on the holes its forces were punching in the Moscow defense ring.

Kuibyshev declared that the shattered remnants of Von Kleist's army was fleeing westward along the northern shore of the Sea of Azov, and that between it and escape was another large Russian force which presumably had struck southward from Kharkov, and whose cutoff of the German supply line was not only hampering retreat but meant eventual annihilation of the armies unless they could escape by sea.

JAPAN:

Exchange

President Roosevelt, attempting to clarify the Japanese issue, formally had placed before the Nipponese government a demand that it explain why Japan had sent so many military, naval and air forces into Indo-China, probably a jumping off place for an attack on Thailand or the Burma road, perhaps both.

The President did not consider this demand an ultimatum.

At the time the Japanese reply to the President's request was being handed to the state department in Washington, Japanese newspapers indicated that the steady rise of resentment against U. S. interference in Far Eastern affairs was continuing. From Singapore came word that ships had been ordered to that point to remove Japanese nationals from British and Dutch possessions in that area. The situation in the Pacific was getting more critical daily.

President Roosevelt, in his press conference at which he discussed his action, stressed that the demand was to a friendly nation with whom the United States was at peace and hoped to remain that way. But, he added, he had been disturbed by reports of the large military concentrations already in Indo-China, and by further reports that additional forces of all kinds, military, naval and air which recently had been sent there had exceeded the numbers agreed to by the Vichy government, which had submitted under duress.

On top of this, he said, there were reports that Japan was now sending to Indo-China reinforcements many times the numbers already on hand.

MISCELLANY:

**Tokyo:** Telling the people to be ready for anything, the press informed Japanese that the British were about to invade Thailand—usual Axis prelude to an invasion by its own forces.

**Cleveland:** The first rivetless all-welded tank was to be turned out this month at a factory here. The new tank will be called the M-4.

**Chicago:** A great city gave an outstanding welcome to the Sun, new morning newspaper, published by Marshall Field III with more pre-publication fanfare than had ever greeted the formation of a newspaper.

**London:** The British passenger ship Meriones, trapped when grounded off the English coast, was located by Nazi airplanes and swiftly destroyed by bombs. Some of its cargo had been salvaged before the bombing started.

Atlantic Amphibious Force (A.A.F.) in Action

Hitherto unused are the members of the Atlantic Amphibious force, comprised chiefly of marines with a complement of U. S. army men. The A.A.F. is now in training at New River, N. C., where this picture was made. At left, members of the force are driving a K-jeep, trailing a field piece, off a landing barge into shallow water. Right: A jeep, after being driven off a landing barge into the shallow water of the beach, is both driven and pushed up to dry land by members of the A.A.F. This jeep is being landed with adequate supplies.

Men and Machines in Desert Role

In the picture at top streamlined Martin Marylands are shown somewhere in the desert sands of the Middle East, where they are playing a vital part in the battle of Libya. Below: The British empire forces defending Tobruk fortress spend much of their time in dugouts, shelters dug from solid rock. Some of the defenders are pictured before a typical Tobruk "mansion."

Youth of France Band Together

A view of the opening of the congress of the "youth of France and overseas," during the address of Roger de Saivres, member of Marshal Petain's cabinet, at Nice, France. The slogan which appears on the wall at the left reads "Frenchmen, you are not sold, nor abused, nor abandoned."

Gen. M-U-D in Action

This photograph which arrived from London via clipper plane shows how heavy rains in northern Russia have hampered activities of the Royal Air force wing serving there with the Reds. The improvised landing field is waterlogged. However, the planes do get into the air. Three Hurricanes roar in for a landing, while another stands on the muddy field.

Last of U.S.S. Lehigh

This striking series of photographs of the sinking of the U. S. S. Lehigh was made by Samuel Hakam, its radio operator. An unseen submarine fired a torpedo into the ship near Freetown, Sierra Leone, Africa. Note U. S. flag painted on her side.

New Indian Boss

Louis Boudreau, 24, regular Cleveland Indian shortstop for the past two seasons, who was appointed player-manager of the club, succeeding Roger Peckinbaugh.

Private Papers of a Cub Reporter

Thornton Wilder was recently recalling his last visit to London . . . After a luncheon at Barrie's flat, the exquisite little genius, Max Beerbohm, said: "Mr. Wilder, you haven't remarked on the view of the Thames from here?" . . . Wilder replied to the general effect that nothing adequate had occurred to him . . . Whereupon Beerbohm said: "People usually do, you know. Only last week, for instance, Mr. Gene Tunney, the fighter, was here and admired it tremendously. As a matter of fact, he spoke of it with such eloquence and such sensitivity that, really, I felt quite coarse."

The FBI is more interested in a prominent Chicago psychiatrist, who obtained an appointment to The Morale Board of the Col. Donovan Office . . . This doctor, a Hungarian who recently became a citizen, was given a routine check by the G-Men . . . When an agent called at his home, he spotted a large framed portrait of Mussolini, affectionately inscribed . . . That made it more than a routine investigation and led to the fact that Fritz Horvath, Hungarian Nazi leader, is a frequent guest at the Dr's house . . . And at conferences in a hide-away in Chicago . . . Horvath has definite Berlin connections—and the doctor may learn for the first time—that he is not going to be accepted for that swell job with Col. Donovan.

The Women's Business and Professional Group annual Friendship Dinner took place the other night . . . They had previously announced that they would make known at this dinner—the ten big, important women chosen to represent the U. S. . . . To inspect civilian defense in England . . . The list was prepared and sent to Mrs. Roosevelt for her okay . . . The names submitted did not measure up to her requirements, and dissension grew to such a pitch that the idea has been temporarily deferred and possibly shelved.

A vet Broadwayite recalls when Chinatown was big news every night . . . And how an assistant district attorney was phoned out of a sound slumber one wee hour with the news of a massacre in a Chinatown dive . . . When he got there, still fastening his clothes, he found the joint deep in blood, and bodies on the floor—the hatchets and knives still in 'em . . . The bartender was moaning and weeping noisily . . . "What happened?" the d. a. shouted. "What happened?" was the reply, as the tears dangled from his mustache. "Every customer ran out without paying his check!"

Notes of an Innocent Bystander

The Networkers: Dinah Shore sings the blues on her new solo Sunday spot and relieves you of yours . . . Frank Black's classic renditions via NBC's "American Melody Hour" are something to hug . . . Take big-time talents like Paul Muni, Judith Anderson, Raymond Massey, Ruth Gordon, mix with a top-notch script, and you have that Red Cross program—good as the cause . . . Betty Hutton is a zippy person, welcome to the Bob Hope bill. He said "vitamin pills take her!" . . . You don't wonder, hearing Richard Crooks sing, why he is with the Met—but you wonder why James Melton, who precedes him on the same station, isn't . . . Everybody was that surprised when the N. Y. Times succumbed to radio. It is only adding a voice to the ribbon that unwinds the flasher around the Times Bldg.

The Story Tellers: C. V. R. Thompson is selling his favorite old story again—Cafe Society—this time to Click. Amazing how interesting Thompson can make them seem in print. In reality they are as dull as a blank wall . . . "How to Be Cole Porter" is the caption of a Look article about the composer. It's good advice if you happen to be Porter, but late even for him . . . Movie-Radio-Guide starts a two-installment expose on this column's favorite news commentator in the current issue . . . The fallacy that the Middle West is isolationist—is exploded by Time, which points out that polls have proved otherwise. "The so-called isolationist Midwest," it says in part, "exists only in the minds of congressmen who have failed to keep abreast of a great surge of public opinion during recent months" . . . Some people, it seems, mistake the Chicago Tribune for the mid-West.

The Press Box: Another correspondent with a good book is Raymond Daniell — "Civilians Must Fight." Daniell, who covered the London raids, reports a failure to chase his office boy to cover when the bombers came. The kid squawked the underground hideouts were too risky. The last time he went down, he lost \$10 playing cards . . . Somerset Maugham, in a foreword to the Daniell volume, explains news censors as "more anxious not to do the wrong thing than to do the right one."

**Tech Judging Team 7th At International**

LUBBOCK, Dec. 11.—Texas Tech's senior livestock judging team placed seventh in an international contest at Chicago last week, competing with 28 teams. The crop and grain judging team placed tenth in the Chicago competition and ninth in a national intercollegiate grain judging contest at Kansas City.

Only 20 points divided the first livestock team and the Tech judges, Illinois university scoring 4,453 points and Tech 4,432. Other teams placing ahead of Tech, in order, are Oklahoma A. & M.; Missouri and Iowa trying for third place; Kansas; and Purdue.

High score for crop judges at Chicago was that of Oklahoma A. & M., 4,136. Tech's score was 3,826 out of a possible 4,200. Other teams out-ranking Tech were Nebraska, Texas A. & M., Kansas, North Carolina, Iowa State, Montana, Minnesota, Michigan, and Pennsylvania State.

At the Kansas City show, Tech's team scored 4,742 points as compared with 5,118 points for first place, scored by Nebraska university. Other teams in order of placing before Tech were Oklahoma A. & M., University of North Carolina, Texas A. & M., Kansas State, Iowa university, Michigan State, and University of Minnesota.

Members of the livestock team are J. P. Sharp of Tulsa, Ollie Liner and J. T. Rodgers of Lubbock, William Griffin of Sylvester, Charles McClure of Jacksboro, and Johnnie Starkey of Muleshoe.

Crop judges are Robert Spencer of Lubbock, Burney Ragle of Olton,

Wind and Opinions Wind puffs up empty bladders; opinions fools.—Socrates.

THE TRUTH SIMPLY TOLD

Today's popularity of Doan's Pills, after many years of world-wide use, surely must be accepted as evidence of their extraordinary value. And favorable public opinion supports that of the able physicians who test the value of Doan's under exacting laboratory conditions. These physicians, too, approve every word of advertising you read, the objective of which is only to recommend Doan's Pills as a good, distinct treatment for disorder of the kidney function and for relief of the pain and worry it causes. If more people were aware of how the kidneys must constantly remove waste that cannot stay in the blood without injury to health, there would be better understanding of why the whole body suffers when kidneys lag, and diuretic medication would be more often employed. Burning, scanty or too frequent urination sometimes warn of disturbed kidney function. You may suffer nagging headache, persistent headache, attacks of dizziness, getting up nights, swelling, puffiness under the eyes—feel weak, nervous, all played out. Use Doan's Pills. ### Tenant Farmer In Defense Work

The tenant farmer in Lynn County has a place in the National program no less than the large owner-producer, in the opinion of B. J. Emanuel, chairman of the County Farm Security Administration Advisory Council.

"No matter how small the farm, nor whether it is owned or leased by the operator," said Mr. Emanuel, "it can be turned to the purposes

of National Defense, which means, in the case of agriculture, the production of more food for ourselves and for those countries smashing Hitler and his totalitarian associates.

"For this reason and for many others," Mr. Emanuel continued, "it is important that operators who are not owners have the greatest possible security of tenure."

Mr. Emanuel said landlords stand to improve their own conditions and safeguard their holdings by having good tenants operating their farms over a long period of years.

"Obviously the tenants prosper also as a result of long tenure arrangements," he said. "Among benefits of long time leases is the financial assistance available from the Farm Security Administration of the United States Department of Agriculture."

The council chairman cited loans for operating expenses, purchases of livestock and equipment, and, in many cases, improvements in housing for the families, livestock and poultry which are more readily available to those tenants who have long term leases.

Mr. Emanuel observed that changes in the outlook, tenure situations and other conditions affecting farm families, who, for different reasons, may not have been qualified to receive FSA's rehabilitation loans, may now have removed former obstacles so they can obtain financial help from this agency.

He said he believes this informa-

tion is especially appropriate at this time as landlords and tenants get together to arrange or renew their lease agreements for future years. In this connection he mentioned the flexible farm lease forms which are available to landlords and tenants without cost. These forms, he said, may be obtained from Wyman J. Welch, rehabilitation supervisor for the FSA with offices in the Courthouse at Tahoka.

Basic qualifications for FSA loans, as outlined by Mr. Emanuel includes these: applicant must be a farmer, owning or able to rent adequate land, and, if possible, the FSA supervisor will help locate suitable farms. If a renter, the applicant must attempt to get a written lease for the period of the loan and farm plan.

"Success of the national defense program," Mr. Emanuel concluded, depends upon all farmers, owners and operators alike, producing more of the needed commodities, improving their living conditions, and health, and conserving the soil. Obviously operators who lack security of tenure cannot do their utmost for their country, their landlords or themselves."

Mr. Emanuel, along with R. J. Maeker, Walter E. Smith, Frank Hill, Zuella F. Lawson, Ray Weathers, Rush Dudgeon and R. C. Woods, is serving the Farm Security Administration and the low-income farm families in Lynn County without pay.

### Lynn Farmers To Elect Officers Of AAA Dec. 19

On December 19th farmers of this county will meet at five community headquarters and elect AAA community committees and delegates for 1942. The delegates will then meet December 20th at the AAA office in Tahoka and elect the 1942 AAA County Committee according to Vernon C. Willhoit, chairman of the present Lynn County AAA committee.

Since the community AAA committeemen and the delegates will have to be elected in one day the present committees have decided to have five elections on that day. Beginning promptly at two o'clock in the afternoon meetings will be held at Draw and New Home. That night beginning promptly at 7:30 meetings will be held at Wilson, Wells, and Edith.

Farmers of the five districts are asked to be present at their district meeting and have a hand in deciding who their 1942 AAA Committeemen will be.

Willhoit pointed out that an effort would be made to contact every farmer in Lynn county notifying him of the date and time and place that the election will be held.

Mrs. W. E. Vermillion, Mrs. Dick Gollightly and Barbara, and Misses "Skeet" and Arvilla Gollightly were in Lamesa Wednesday morning.

Mr. and Mrs. Homer Hardberger and son have returned to their farm home from New Mexico where they have resided the past year.

Mr. and Mrs. C. L. Hafer visited in Lamesa Tuesday evening.

(See Recipes Below)

### Xmas Gift Boxes

Christmas is the time for giving! Thus runs the refrain during this festive season. And what could be more appropriate, more welcome than gaily wrapped boxes packed right in your own kitchen—boxes full of sweet, crunchy cookies warm and fresh from the oven, candies, tempting tidbits of sweetness made with spices and nuts. Cookies and candies wrapped with waxed paper in small tin boxes will delight the heart of that boy you may have sent to camp, your daughter away at school, or a neighbor.

**\*Bran Filled Hermits.**  
(Makes 45 medium-sized cookies)  
2/3 cup butter or margarine  
1 1/2 cups sugar  
2 eggs  
1/2 cup milk  
1/4 cup all-bran  
3/2 cups flour  
2 teaspoons baking powder  
1 1/2 teaspoons cinnamon  
1 teaspoon cloves  
1/2 teaspoon mace  
1/2 teaspoon nutmeg  
1 teaspoon salt  
1 cup mincemeat or preserves

Cream shortening, add sugar and eggs and beat well. Add milk and all-bran. Sift flour with remaining dry ingredients and add to first mixture. Mix well and chill. Roll dough to an eighth of an inch thickness on lightly floured board. Cut into rounds. Place 1 teaspoon mincemeat on one-half the rounds and top with remaining rounds. Crimp edges with a fork. Bake on ungreased cookie sheet in fairly hot oven (400 degrees) for 12 to 15 minutes.

Cookies right in tune with the Christmas season are these with red green sugar and on them. Use them in Santa Claus wreath shapes or a cookie cutter. Use butter really good, cut them and chill well before cutting.

**Christmas Butter Cookies.**  
(Makes 6 dozen small)  
1/2 pound butter  
1 cup sugar  
2 eggs  
1 teaspoon vanilla  
1 teaspoon almond extract  
1/2 teaspoon salt  
2 to 2 1/2 cups flour

Cream butter and sugar. Combine beaten eggs and flavoring with creamed mixture. Add flour and salt. Mix well and chill. Roll thin, into shapes. Dust with colored sugar. Bake on a sheet about 15 minutes or until light brown, in a moderate (400 degrees) oven.

Make your cookie and candy boxes attractive with tiny squares of waxed paper, delicious penuche. These can be dressed up in individual wrappings of gold, silver, green or yellow gift paper.

### LYNN SAYS:

Now is the time to make your selection of gifts: perhaps you'd like to give away some of that brightly colored jelly or jam you put up last fall. Wrap it in gay paper, and tie it with a bit of silver and blue ribbon. Bring out the fruit cake and plum pudding, someone will be mighty proud to have them, too.

When packing cookies and candies for gift boxes you can make the box more attractive by alternating the kinds of cookies and candies used. To assure freshness, use waxed paper between the layers.

**\*Brazilian Penuche.**  
2 cups brown sugar (packed firmly)  
3/4 cup top milk  
1/2 teaspoon vanilla  
1 tablespoon butter  
1/2 cup chopped Brazil nuts  
Dash of salt

Combine sugar, salt and milk. Cook, stirring constantly over low heat until sugar is dissolved and mixture boils. Cook until a small amount forms a soft ball when dropped into cold water (238 degrees). Remove from heat. Add vanilla and butter without stirring. Cool until lukewarm and beat hard until creamy. Add nuts and turn into greased pan. Sprinkle with sliced nuts. Cut into squares.

An old favorite, popcorn, is featured in a new role in these candy recipes. If you don't want to go through the business of popping the corn yourself, you can get along nicely by using the popcorn that comes tightly sealed in tin cans. It's as fresh and nice as if you made it yourself.

**\*Popcorn Fudge.**  
2 cups brown sugar  
1 cup thin cream  
1 tablespoon butter  
2 cups popcorn  
1 teaspoon vanilla

Combine sugar with cream and stir over low heat until sugar is dissolved. Cook until the soft ball stage (238 degrees) or until it forms a soft ball in cold water. Remove from heat and let stand in cold water until cool. Add butter, popcorn, and vanilla. Beat until creamy. Pour into buttered plate and cut.

**\*Popcorn Brittle.**  
2 cups granulated sugar  
1 cup dark corn syrup  
1/2 cup water  
1 quart popcorn (slightly salted)  
1 teaspoon vanilla  
2 teaspoons soda

Cook sugar, syrup and water in a heavy skillet. Stir until sugar is dissolved, then boil until mixture will crackle when dropped into cold water. Remove from fire, add vanilla and popcorn. Add soda and mix well. Pour into shallow, buttered pan. When cold, break into pieces.

No Christmas box of cookies would be complete without the delicately flavored Swedish Sprits cookies:  
**Swedish Sprits.**  
(Makes 4 dozen)  
1 1/2 cups butter  
1 cup sugar  
1 egg yolk  
1 teaspoon vanilla  
1 teaspoon almond extract  
3 1/2 cups flour  
1/2 teaspoon baking powder

# Household Hints

When sending a book through the mail, cut corners off stiff envelopes and put on book corners. Protected in this way, corners will not bend.

A cloth saturated in vinegar and rubbed over brick tiling will make the tiling look like new.

Always hang up your clothes after wearing. Proper care will make clothes last longer.

A soda cracker rolled into fine pieces and sprinkled over the lower crust of a fruit pie will prevent fruit juice running over into the oven.

Gift picture frames can be cleaned with a half-and-half mixture of alcohol and ammonia. Apply the mixture to the frame with a soft brush, let it stand a few minutes, then remove it with water applied with a soft brush. That done, let frame stand on edge to dry.

A little starch added to the water with which mirrors are washed will remove soil and give a polish to glass.

Do not put too much wax on floors. A little wax and plenty of polishing makes a better-looking floor.

Try mixing ginger cookies with cold coffee instead of water.
