REVIVAL SINGER

R. Q. Dyess

Revival Began Sunday At Cumberland Church

The annual summer revival at the local Cumberland Presbyterian church opened at the eleven o'clock service Sunday morning. R. Q. Dyess of Lubbock, who will have charge of the week, needs no introduction. Activities conducted both the morning and evening services Sunday, pending the arrival of the pastor, Rev. W. H. Cheatham.

Mr. Dyess is a splendid young man talented in his field, and has had several years experience as a director of music. He has spent four years on the concert stage and has had quite a bit of experience in the evangelistic field. He is a splendid bass soloist as well as an accompanist.

Rev. Cheatham, who has conducted both morning and evening services this week, needs no introduction to O'Donnell people. He has served this charge for more than two years, and is highly esteemed as a pastor and as a speaker.

Garland Home Burns In Lamesa Tuesday

Mrs. J. Mack Noble Jr., was called to Lamesa Tuesday afternoon by news that the home of her parents, Judge and Mrs. J. E. Garland, had been seriously damaged by fire.

The Garland family had lived in the home more than twenty-five years, so that the sentimental value was considerable as well as the real one. There was no insurance.

The Garlands have many friends here who will regret to hear of the misfortune.

O'Donnell Citizens Hear Mullican

Judge Clark M. Mullican addressed a crowd of more than 100 residents here Saturday afternoon when he spoke in front of the Corner Drug store, in the interests of his campaign for congress.

He had previously spoken at Wilson and also at Tahoka with good crowds out at both places. Judge Mullican outlined eleven central points of his work should be elected to congress. Among the more important are an old-age pension, the issuance of non-interest bearing currency up to two and one-half times the value of the gold and silver reserves in place of interest bearing government bonds, the payment of the soldier bonus and cancellation of interest on bonus loans, and adequate national defense accompanied by the drafting of the farmers in times of emergencies and 'tax taking the profit out of wars,' abolition of the income tax on all ordinary sized incomes, with an upward graduated inheritance tax on estates of more than \$50,000, the exchange of foreign debts for foreign goods we may need, a "cost, plus profit" plank for agricultural relief, with a protective tariff for the farmers on the same ratio as that enjoyed by capital, and home refinancing through federal channels.

Phillips Sandwich Shop Torn Down This Week

Mr. Phillips, owner of the building, did not say what disposition is to be made of the wrecked materials.

Miss Louise Miles has returned from a short visit with her grandparents, Mrs. F. O. Allen at Big Spring, made.

Claims Sheriff's Story Not Exactly True

While the Index as a publication is taking absolutely no part in any of the various political campaigns in the county, a situation has arisen which seems to call for some expression from the paper.

We say 'calls for some expression' only because differences of opinion in our community, among our friends in both factions, make it necessary that it be thoroughly understood that the Index cannot and will not take sides, in its news or in its editorial columns in the controversy.

This week we were furnished a copy of the Texarkana Press, under a June 28 dateline, and containing a rather lengthy article pertaining to a matter under argument in the sheriff's last year. The Texarkana paper brands as bunk a story which appeared in the Lynn County News on December 21 describing an alleged battle between our present sheriff and a notorious desperado at a place near Texarkana in which the said desperado was said to have been killed. It claims that no such battle occurred, that no desperado was killed, and that there is no such place as Taxarokan, and that the district attorney and sheriff of Miller county, Arkansas, have made affidavit to this effect.

The Index did not print an account of this matter, largely because we did not learn of the affair until after the paper had gone to press, but the story would doubtless have appeared if we had known of it in time. Personally we know nothing of the facts, and the Index begs leave to refer those interested in the matter to the two candidates themselves. Interview them and then form your own opinions.

And, as far as the Index is concerned, this is the final reference to the matter. If either side of the controversy desires further publicity, it may be obtained, as was stated last week by our colleague, Editor Hill of the News, by inserting it as political advertising at the regular rates.

To Eliminate Relief Roll Clients Living Off Government

A movement has been instigated by Texas Relief officials to check-up definitely on the relief roll clients who are depending on relief work for their sustenance and not accepting other work when it is offered, according to a communication received by the county administrator.

The effort is in the form of a resolution passed by the Texas Relief Commission June 7, 1934.

"Whereas there has been and is great complaint from citizens of Texas that the services of farm laborers and household servants are most difficult to secure, and it is believed that persons on relief rolls, for their sustenance and refused such employment but have continued on the relief rolls. All county administrators are authorized by the Texas Relief Commission to give publicity to the facts stated below:

"That persons physically able to work are offered employment at the prevailing wage scale in the locality wherein the work is to be performed and who refuse to accept same shall not be furnished relief.

"The person or persons offering employment to relief roll clients are requested, if the relief roll clients refuse to accept the job, to furnish in writing to the county administrator such advice as to include the name, address, employment offered and wages offered.

Federal Relief Office To Send Vet Here

County agent V. F. Jones received notification Friday by the relief office of inspection that will be in Lynn county by Friday. Mr. Jones did not learn his name.

Inspection of cattle will likely be made by the Joe Bailey community, Mr. Jones said, and further stated that the south part of the county will be worked first.

Relief Program Starting Charles W. Sherrill, regional manager of the emergency crop loan office stated Saturday that arrangements had been completed for writing checks for government drought relief loans to finance the purchase and feeding of livestock. Three million dollars has been set aside to fight disease in many herds, the money to be paid to breeders and cattlemen in the form of indemnities as high as \$50 per head. Bang's disease is prevalent in at least 15 per cent of the cattle herds of the nation, according to estimates made by the Agricultural Department.

A Hundred in the Shade

Fourth of July Is Quietly Observed In O'Donnell

With no local celebration on the program, Independence Day was quietly spent here. Stores closed for the day and scores of families drove to neighboring towns to enjoy the festivities arranged there.

Several groups went to Ruidoso and to Hobbs, N. M., others went to Post, many out to Wilson or Petty, while still others enjoyed the celebration held at Lamesa.

The pleasures of the day were somewhat marred in several instances by slight accidents, but no one was seriously injured. The intense heat was also discouraging to any strenuous activities, but so far as has been reported, it was a grand and glorious Fourth for the majority of O'Donnell people.

Notice to Persons on Lynn Co. Relief Rolls

Upon instructions embraced in a resolution passed by the Texas Relief Commission June 27th, 1934, notice is hereby given to the effect: That persons physically able to work who are offered employment at the prevailing wage scale in the locality wherein the work is to be performed, and who refuse to accept without good cause, shall not be furnished relief.

The following instructions are issued to all citizens of Lynn county to-wit:

"Any person or persons offering employment to others, whether on relief rolls or not, will inform the local County Relief Board Chairman in writing immediately when employment offered by such citizen is received. Such advice to the County Board Chairman will include when possible, the work-seekers full name, address, employment offered and wages offered.

When any person has been offered employment, and has refused it, under the conditions above stated, the County Relief Board of LYNN County is prohibited from giving either direct or work relief to such person.

This pronouncement is published under the direction of the Texas Relief Commission, whose membership requests the universal cooperation of the people of Texas in support of this action which is directed at the displacement of persons on relief who refuse to accept work.

Name Delegates To Annual Short Course

Lynn County Girl Short Course Instructor

Miss Christine Owens of Edith has been invited to give demonstrations on hooked rug making at the A. & W. Short course at College Station July 20 to August 3.

This information was given to Mrs. Sylvia Cobb, county home demonstration specialist, in letters received this week from Miss Mildred Horton, State home demonstration agent and Miss Maurine Heert, Extension specialist in home industries.

"This is quite an honor to Miss Owens and Lynn county," Miss Robb said in reporting the matter to the Index. "It means that she has been selected to teach the hundreds of women who will attend the Short Course here who make hooked rugs and it is quite an honor to be chosen for his important task."

Miss Owens is well qualified, however for the task. She began doing club work more than seven years ago, and has had an unflagging interest in the work every since.

Fireboys and Candidates to Play Ball

According to plans now under way the local fireboys and the candidates for office will stage an exhibition baseball game here on Thursday, July 26. J. D. Fairley is managing the fireboys' team and Truett Smith is roundin' up the candidates. Both managers are trying to secure the services of Judge Gordon B. McGuire and Judge W. W. Price as umpires.

The question has been asked whether or not the candidates will feel like making their speeches here that night, but they retorted that they'd feel as much like making them as the fireboys listening.

Expect Cotton Checks By Last Of Week

County agent V. F. Jones said Monday that he expects to receive the first installment of government cotton checks by the last of this week or the first of next.

Lynn county, with 68,321 acres leased to the government out of the five year average of 189,750 acres has been allowed 20,000,000 pounds of lint, and will receive \$340,749 in rent and parity payments.

Naturally Mr. Jones did not say definitely just how much of this amount will be received in the first group, nor in which part of the county they will be distributed.

In 18 of the 22 counties in the Lubbock district, 13 440 contracts have been approved. These contracts approve the leasing of 467,450 acres with the number of bales placed at 314,089. These figures are in accordance with the contract for June 26, Bailey, Crosby, Dickens and Terry counties had not had contracts accepted up to that date.

These 18 counties will be permitted under the Bankhead bill, 211,909 bales of tax-free cotton. Should they produce the limit of their adjusted production of 314,089 bales, 'hat figure will be 103,080 bales above the tax-free total.

July Is Month To Make Transfers

July is the month to make transfers from one school district to another, we are asked to remind parents and students.

The week beginning July 30 will see hundreds of Home Demonstration Club women and 4-H girls on the A. and M. Campus at College Station attending their annual State Short Course. As usual, the Lynn clubs will be represented, the women's clubs being one hundred per cent according to Miss Robb, Lynn County Home Demonstration Agent. "The girls making the best score, and completing all required work in the Clothing and Bedroom demonstrations will have a part or all of their trips paid for by their respective club and the 'Council.' Miss Robb said in giving the names of the following club women and club girls who have been chosen by their clubs because of their good work as club members:

Women Representatives: Mrs. Harold Edwards, Tahoka; Mrs. W. A. Tredway, O'Donnell; Mrs. L. O. Stewart and Miss Grady Billingsley, Gordon; Mrs. R. R. Gader, Morgan; Mrs. Garland and Pennington, Edith; Mrs. Susie Bartley, New Lynn; Mrs. J. H. Kuykendall, New Home; Mrs. Shelby Baucum, Wells; Mrs. Roy Tun, Southward-Redwine; Mrs. Adams, T-Bar.

Girl Representatives: Marjorie Rhodes, Morgan; Lynell Showkey, Joe Stokes; Maurine Cargile, Drew; Mary Helen Henderson, T-Bar; Elsie Bernice Eddy Wells. "There may be others," Miss Robb said.

O'Donnell Ball Team To Enter Tournament

Unless some unexpected hindrance has developed as we go to press, the O'Donnell ball club will be one of the eight clubs entering the annual Avanche-Journal invitation baseball tournament, which is to be held at Lubbock next week.

The field is open to anyone, but the tournament proper will consist of eight clubs selected on the basis of season's success and also on the prompitude with which the entrance fee is paid.

Drawing for the first round games will be held at the Hilton hotel Saturday morning, and the schedule will be published in the Avanche-Journal Sunday morning. The first round games 1 to 8 inclusive will be drawn, and will indicate the first round opponent and the time of the game. No. 1 will play No. 2 in the first game; No. 3, 4; No. 5, 6; No. 7, 8. The tournament committee will designate opponents and game time after Tuesday day.

Boys Lose Game Sunday Losing by a seven-run rally in the third inning, the local team lost the game Sunday to the Lubbock Ramblers playing on the Lubbock field Friday afternoon, etc. After Tuesday, for that one inning, the game was close and hotly contested.

Gene Lopez opened the game for O'Donnell, was replaced by Tredway and Stanley more replaced by Reeves. O'Donnell's line-up was: Richie, ss; A. Tredway, rf; Tredway, cf; P. Addison, 3b; Ellis, rf; Reeves, 1b; DeBusk, 2b; Harris, c; Loper, p.

More Information On Livestock Loans

It is hoped that feed loans to Lynn county farmers will be well under way by the last of the week, according to county agent V. F. Jones. He was joined in the statement by J. Edwin Brown of Amarillo, state supervisor for emergency farm crop loans.

Mr. Brown spent last week conferring with administration officials on the emergency work.

"There is no limit to the loan," Mr. Brown said. "A farmer is given a loan on the basis of his need, when he can qualify as a livestock."

The loans are based as follows: \$4 per acre on corn work stock; \$3 per month per head on milk cows; \$1 per month on hogs; 75 cents per month on sheep, and five cents per month on chickens.

Loans are made only for the first month, as by that time it is expected a farmer will have some pasture available. If not, he is given a second loan.

With continued heat and drought of factually preventing the planting of much feed in our territory, making of these feed loans is beginning to be of much importance.

Miss Inogene Gatlin of Weatherford spent the week end with her uncle and aunt Mr. and Mrs. C. H. Mansueti who is attending Tech thru the summer.

Mr. and Mrs. J. W. McDonald are in Anson this week on business.

**Save to Buy-
Buy to Save**

Read this headline forwards or read it backwards—it
gives you the same sound advice.

You have certain fixed living expenses; rent, food,
clothing, light and other necessities. You save money
every week so that these bills can be paid at the first of
every month. Whatever else you buy must come from
surplus savings, over and above those set apart to cover
living costs. To make those savings buy the utmost val-
ue for the money is the essential of true economy.

Save to Buy—then Buy to Save. Know what you need
to buy before going to the store. Know what you can
afford to buy before you start out to make a purchase.
That is one sure way to get the most for your money.

Make it a habit to read the advertisements in your
Newspaper every week. By doing so you will learn
where to buy the things you need and where your dollar
will buy the greatest value. The advertisements will
show you where to purchase better food, better clothes,
and yet save you money. They will help you live better
and enjoy the good things of life. They help you to buy
in order to save.

Checks Must Have Insignia To Get Federal Work

July 9.—After July 13 no operating for hire without insignia plates will be allowed upon any project upon which funds are being spent, according to Col. H. P. Stewart, chairman of the Texas trucking code authority.

"This will include much of construction, public buildings and other public projects under way," he said. "Projects of over 400 truck operators who have not registered under the code have been certified to the Compliance Office at San Antonio, according to Mr. Stewart. About 2,000 registrations have been made in Texas," he continued, "and of course there are always some who stay out until the last day. July 13 is the last day on which anyone operating a truck for hire can operate legally without the insignia plate, but the code authority continues to accept registrations from those who can show reason for having registered. Anyone who registers after July 13 and who has not done so by that date will be subject to the penalties of the Recovery Act, and each day is a separate offense under the code."

Information on registration under the code authority in the Littlefield building at Austin.

Other. Main thorn in the side of most European powers is Germany—and today, when you speak of Germany, you speak of Hitler, the iron-handed dictator. Under the treaty of Versailles, most fought-about document signed in this century, Germany is allowed no army that amounts to anything, is prohibited from making or obtaining offensive military weapons such as tanks, fighting airplanes, big guns. It is an open secret that Germany, under Hitler, has successfully abrogated the treaty through various judges. For example, famous storm troops are supposedly a formal order, they are well trained well equipped, thoroughly disciplined fighting men.

No man living has made a more spectacular rise than Hitler. Ten years ago he was in prison for starting an abortive revolution against the republican German government of the time. Sentenced to a long term he was pardoned, in the belief that he was small political fry, could do no harm. Today he is more powerful and more ruthless than even Mussolini and Stalin. His slightest word is law, and the faintest criticism of his policies is cause for arrest, concentration in one of the camps for political-prisoners he has created in various parts of Germany—and possibly execution.

Most European powers would give much to see the Hitler government collapse. The Nazi movement is gaining ground ominously in other countries. And the rumor of late has been that the German people, traditionally independent and intelligent, are tiring of him. It is an unquestioned fact that he no longer enjoys the vast popularity he once did, and that groups are forming with the objective of eliminating him. It is an important sign of the trend that he is gaining constantly harsher in suppressing opposing opinion—all dictators do that when their power is on the wane.

Hitler's answer to revolt came on Saturday, June 30, and Sunday, July 1. The answer can be expressed in one ominous word: Terrorism. Kurt Von Schleicher, once Chancellor of Germany, the position Hitler now holds, was shot with his wife. The charge as resisting arrest—but few will believe that. Other famous Germans were slaughtered or imprisoned. Innumerable ordinary German citizens, who were on the anti-Hitler side, were killed. High officers in Hitler's own storm troops met a like fate, because they were not zealous enough in supporting him.

The result is that Germany, at this writing, is on the verge of revolution. It's a case in which anything can happen. And what happens may have much to do with deciding the future of the world, and determine whether or not there is to be another great war. Until the German Crisis is settled one way or the other, lights will burn late in chancelleries in all the great powers.

Administrator Is Appointed For Housing Program

Press dispatches received Monday state that James A. Moffett, former vice-president of the Standard Oil Company in California, has been appointed to the office of administrator for the federal housing program. This is the latest development in the plan which has created so much interest among local people. Mr. Moffett states that he believes that the plan can be put into effect with very little delay.

"We hope," Mr. Moffett continued "to see approximately \$500,000,000 put into home renovation and repairs and by next fall we believe fully that amount will be in use. Ultimately we believe the program will result in the employment of 5,900,000 men."

This program authorizes government modernization and repair. If a bank, for example, lends \$50,000 for modernization, the government will guarantee that there will be no loss on \$10,000.

Mr. Moffett points out that there will be no complicated forms and regulations. A homeowner who needs money for repairs or additions will ask a building and loan association a bank, or some similar financial agency for a loan. That institution will then consult the housing administration and if the latter approves of the terms, will guarantee that there will be no loss on 20 per cent of the amount loaned. The borrower, under present plans, may not have to offer other security.

The central aim of the program is to establish a standard type, long-term mortgage at a comparatively low rate of interest. Other clauses of the plan include refinancing of existing mortgages and the guarantee of deposits in building and loan associations.

CONSIDER BODY AS WELL AS MIND WHILE ON VACATION

Austin, July 11.—"It perhaps would be better for many thousands of vacationing adults, were it possible to extend the same type of rational supervision to them as their children receive in the so-called recreation camps. Judged by the results of the fortnight's outing, a great number of persons do not receive physical benefits from their stay but are even worse off on that score upon their return than when they went away," states Dr. John W. Brown, State Health Officer.

"Most certainly the mental stimulation of going places and 'doing things' out of the usual run is in itself of value. Merely to get out of the rut, visit a new locality or revisit an old one where new faces and friends are to be found, is of decided advantage.

"On the other hand it is not reasonable to become so enthusiastic concerning the well-earned freedom from the daily routine as to permit oneself to get out of bounds. While it is perfectly natural to want to

crowd as much pleasant activity as is possible into the two weeks' change, it most decidedly does not pay to do this at the expense of one's health and vitality, yet this is precisely what many foolish persons do. It is therefore slight wonder that many men and women who have left for a vacation with that tired feeling come back home even more that way.

"While these facts are not furnished to take the joy out of the annual sojourn, it might be well for adults to figure a little physical benefit on the proposition rather than to specialize on fun and devitalizing amusements. The body, as well as the mind needs consideration. The wise vacationist will see that it gets it."

Services were well attended at both morning and evening hours last Sunday. In spite of the fact that many of our people are away at work and many others on vacations, our attendance at Sunday school and church continues to increase. We had more than one hundred in our classes Sunday, and a fine congregation at worship services.

BAPTIST CHURCH A. Loper, Pastor

We are moving our services out under the tabernacle until after our revival meeting, which begins the second Sunday in August. We invite the public to join us in our regular services and hope you will pray and plan for the meeting.

God said unto Solomon, "If I shut up the Heaven that there be no rain, or if I command the locust to devour the land, or if I send pestilence among my people,

"If My people which are called by My name, shall humble themselves, and pray, and seek my face, and turn from their wicked ways,

"Then will I hear from Heaven

and will forgive their sins, and heal their land." 2 Chron. 7:13-14.

Celebrating her ninth birthday, little Miss Wilda Gene Campbell was hostess Tuesday afternoon of last week to a number of friends when she entertained with a party at her home.

In keeping with the holiday season, the living room was decorated with flags and other patriotic emblems. Group games, impromptu programs and contests were enjoyed until six o'clock, when the birthday cake was cut and served with punch to the following guests:

Misses Lena Mae Singleton, Eloise and Jennie Mae Shoemaker, Betty Rea Caldwell, Joyce Mae Thompson, Wanda Zell Everett, Aubra Lee Shook Juanita Cargal, Jo Anne Campbell, Allie Jo Schooler, Billie Frank and Margaret Gibbs, and the hostess.

Mr. and Mrs. R. P. Tomlinson of Post were guests Sunday of Mr. and Mrs. C. L. Tomlinson

Picnic Supper Enjoyed On July Fourth

Celebrating the Fourth, a gay group of local young people enjoyed a pleasant outing and picnic supper in the breaks southeast of town last Wednesday evening.

Meeting at the home of Mary Helen Nance, guests drove to the appointed spot, and reached there just as the bonfire was appropriate. After supper, games and music were enjoyed until a late hour.

Those present were Misses Verna Mae and Ava John Anderson, Mona Rose Edwards, Mary Helen Nance, and Frances Williams; Messrs. J. B. Curtis Bill Yandell, Rochell Pelts, Pat Gary and Carl Glen Lawfin.

Miss Anderson Honoree at Party

Naming as honoree Miss Verna Mae Anderson, who has gone to Crawford to spend the summer, Miss Mary Helen Nance was hostess last Tuesday evening to a number of intimate friends when she entertained with an informal party at the home of her parents.

Games were enjoyed until the refreshment hour, when delicious cake and punch were served to Misses Verna Mae and Ava John Anderson, Ann Thompson, June Gary, Mary Hamilton; Messrs. Pat Gary, Ray DeBask, Raymond Debenport, Rochell Pelts, Charles Nance, Jr., Bill Yandell and Douglas Ballwe.

David Thompson Has Birthday Party

Celebrating his eighth birthday, David Thompson was honoree Saturday afternoon when his mother and his sisters, Misses Ann and Toyce, gave a surprise party for him at their home on Oak street.

Group games of all kinds were enjoyed until the refreshment hour, when the birthday cake and punch carrying out a pink and white color scheme, were served.

Those present for the happy occasion were Johnny and Odette Belle Saleh, Betty Joyce James Wilda Gene and Jo Anne Campbell, Wanda Zell Everett, Sport Lewis, Jean Marie and Robert Lee Pierce, Sidney and Billie Dale Yarbrough, Joyce Mae Thompson, and the honoree.

H. D. Club Meeting Tuesday Afternoon

The cotton acreage reduction plan in its various phases was the subject of discussion Tuesday afternoon when the home demonstration club met at the home of Mrs. Waldo McLaurin.

Twelve members were present and Miss Sylvia Robb, county home demonstration agent, led the discussion.

Ice cream and cookies were served at the refreshment hour.

T. E. L. Class Has Party Friday

Mmes. Ed Goddard and John Edwards were joint hostesses last Friday afternoon when members of the T. E. L. class enjoyed a pleasant business and social hour at the home of Mrs. Edwards.

Rev. Shepherd and the pastor, Rev. Loper, met with the class and made inspirational talks on enlistment and general work of the class.

Refreshments of punch and cookies were served to Mmes. Middleton, Vermillion, Yandell, Jno. Anderson, James, McDonald, Jordan Goddard, Lambert and Mansell.

Mrs. R. C. Carroll and Miss Imogene Gatlin of Weatherford were guests.

EAST SIDE NEWS—

We had a light shower, about a half-inch of rain last Thursday, but not enough to do any real good. The farmers are planting feed crops but fear there is not enough moisture to bring it up.

Messrs. and Mmes. Boyd Keeton, Wiley Phillips, and J. A. Henry took dinner Sunday with Mr and Mrs. J. H. Yarbrough.

There he will join Mrs. Estes. He was accompanied by Mrs. E. M. M. Gooch and Effie Vaughn.

AGRICULTURAL BRIEFS

By County Agent V. F. Jones

Mr. C. A. Lawrence, of Levelland has been appointed as Assistant Supervisor of the Bankhead act for Lynn County. Mr. Lawrence will work through the county agent's office and will office with the county agent. Mr. Lawrence is on the job now and it is expected that the Bankhead Act Program will get underway in a short time.

At the present time this office is busy receiving applications for cows that are to be sold the Government under the Emergency Cattle Program. We do not have very much information regarding the details of the program but we want every one who has cows or calves to sell under this program to call at the county agent's office and list the cows he wants to sell. As soon as the Inspector arrives in the county we will get the actual work started, but at the present time we do not know when that will be. When the actual buying is started the cows from the more dis-tressed parts of the county will be accepted first. The rates of payments are as follows: Cows two years old and over, \$12.00 to \$20.00; over one year and under two, \$10.00 to \$12.00; under one year, \$4.00 to \$8.00. The price will be determined by the appraiser who accompanies the inspector. It is not the intention of this program to buy all of a man's cattle, but to relieve him of surplus stock, and it is expected that he will keep the best animals in the herd for foundation stock.

The Corn-Hog Reduction program in the county is being held up pending a hearing from the State Review Board at College Station. Our material was sent in a long time ago but we have to wait on a few other counties in the district who are late getting their material in. We are expecting a hearing on our contracts any day.

We expect to get started on the allotments under the Bankhead Act as soon as the forms for making application are received. Every man in the county who receives an allotment will have to make an application for it, whether he signed a 1934-35 cotton acreage reduction contract or not. When these forms are available you will be notified to make application for tax exemption certificates.

Lester Burdine spent the weekend here with his parents, Mr. and Mrs. C. B. Burdine.

NOT VERIFIED YET

A rather young and ambitious college graduate received an appointment as an appraiser for the Federal Land Bank. Being none too familiar with farm livestock he carried with him a chart, which purported to give him descriptions and values of various animals to be found on farms.

With the help of this chart he managed to do a pretty fair job until one day he came to a farm and discovered among other livestock a goat.

He consulted his chart and finding no description of value for this animal he wrote his superiors as follows: "The animal has a long, tired, depressed face. It's thin with a shaggy coat and its rump is bare. What is it?"

Back came the reply: "It farmer—no value."
