SOMETHING TO DO IN TEXAS

Austin - Critics who feel Texans have little appreciation of the finer things in life might study the new Texas Calendar of Events for fall and winter, released this week by the Travel and Information Division of the Texas Highway Department. More than half the 407 statewide events listed in the 16 page booklet are in the fine arts field—concert, ballets, operas and stage productions.

Leavening is provided by gala festivals such as El Paso's Southwestern Sun Carnival, Tyler's Texas Rose Festival, Edinburg's Pan American Bronco Days, Mission's Texas Citrus Fiesta and Brownsville's Charo Days. The unexpected is here too - New Braunfel's Sausage Festival, the Hill Country Saenger Festival at Fredericksburg and Corpus Christi's New Years Day Swim.

Complimentary calendars are available at Travel and Information Division of State Highway Department, Box 5064, Austin.

RETIREMENT PLANS SHOULD BE MADE IN ADVANCE

Whether you have decided to retire or not, you should visit the social security office three months before you reach retirement age. The social security representative can help you in many ways. For one thing, he can find out how much your retirement payments will be when you are ready for them.

Though he won't give you advice as to when you should retire, he can give you valuable information to help you decide for yourself.

If you have decided to retire, he will help you in claiming retirement benefits for yourself and members of your family who might get benefits on your record. He will help you get whatever proofs are needed to go with your claim. For example you will probably need proof of your age. He can tell you whether any of the documents you now have will do for proof of age.

You should check with your social security office even if you plan to quit working. You do not have to quit work entirely to get social security. Many people think they do and are losing social security payments. Some of them depend on neighbors and friends for advice. Often this kind of advice is wrong, and when it is wrong it is usually expensive. Before going to the social security office, it is a good idea to call or write ahead. There may be something you'll need to bring with you. The social security representative can tell you what to bring and the best time to come in.

STATE COUNTY ALLOW TAX DISCOUNT PAYMENT

Property owners can have three percent off by paying their state and county taxes during the month of October, states George McCracken, tax assessor and collector of Lynn county.

During November the discount rate is two percent and during December it is one percent. Last date for paying these taxes without a penalty is January 31st.

Folks are requested not to overlook payment of their poll taxes (\$1.75) unless exempt. Every year a number of people forget to include sufficient money for their poll taxes which are not included on the tax notices sent out to property owners.

TRAILER LICENSE LAW

Farmers are reminded again of the new Texas law requiring license tags on farm trailers which may be obtained at the Lynn County tax office of George McCracken. Here the license plates may be obtained at the Moore Insurance Agency.

When applying for plates at a sub-station, trailer owners should bring their last year's registration receipts as the sub-stations have no record of the same.

Lions Set Pancake Supper

The Lions Club will meet today (Wednesday) in a regular meeting and final plans were made for the PANCAKE SUPPER to be held just prior to the Tahoka Ball game on Nov. 2nd. All members are urged to attend today's meeting. Claude Morris is president.

Research Pays Off --

How much does research cost? The better question would be: What research would be worth?

Research is indeed the proverbial "stitch in time."

Medical research has brought about many outstanding drugs and operations which save individual lives and relieve suffering. But more outstanding and spectacular are the advances in preventive medicine that have been made which stop suffering before it starts.

Economically speaking, preventive medicine has saved the people of the United States countless dollars. A case in point is retrolentia, an eye condition marked by the formation of fibrous tissue behind the crystalline lens. Prematurely born babies are often stricken, causing partial or total blindness.

At first premature births were blamed. However, research financed by federal and private means discovered the cause to be the excessive administration of oxytocin used to bring about delivery in incubators.

This study cost approximately \$100,000. In the U. S. 5,000 children are blind because of retrolentia. Each child will cost an estimated \$100,000 for education and support from birth to death -- or a grand total of \$500 million.

Caring for these 5,000 children our generation will cost 100,000 times more than the cost of the research which prevents the disorder.

Other items developed solely through research include the Sulkinone and steroid (cortisone) compounds -- which prevent blindness, relieve arthritis, and aid skin diseases and allergic conditions.

Who can put a price on the suffering and crippling averted by their use? The life expectancy of Americans now born is now past 70 years of age. In just 17 years --

The life expectancy of those born is now 70 years of age. In just 17 years -- it increased 9.6 years.

This means, because of the decline in the death rate, over \$770 million additional federal income taxes was received in 1955 alone, plus the accompanying rise in earning power and productivity from an increase span of life.

The wise man who said, "Who would not give a trifle to prevent what he would give a thousand worlds to cure?" was right.

JUST LOOK AT ALL THOSE TINY STITCHES! is the usual reaction to the annual display of prize-winning handmade quilts at the State Fair of Texas Women's Department. During the 1962 Fair, October 6 through 21, the colorful quilts will probably continue to be among the most popular exhibits in the department... along with tatted baby caps, glowing jars of jellies, and home-brewed batches of chow chow and chili sauce. They all prove that the modern State Fair differs not a whit from its 1886 beginnings, as far as providing a showcase for the handiwork and cookery of Texas women.

Here's what the other '63's wish they looked like.

Today--Wide-Track Pontiac '63

Obvious, isn't it, that Pontiac's come up with another beauty this year. Fresh over-and-under headlights, clean profile--but you can see that. There's a wider Wide-

Track, too, and a full line of Trophy V-8's. [That ought to be enough to make those other cars turn green.] And we haven't mentioned such happy touches as self-

adjusting brakes. So what, pray tell, could be keeping you from a new Pontiac of your own? Don't run down to see one. Gallop! **Wide-Track Pontiac**

It's The Law -

RIGHT OF WITNESSES

By far the most vital people in our system of justice are witnesses. Everyone else in a trial exists to hear what they have to say.

Or courts need witnesses. A jury to find the facts. The judge to apply the law. The lawyer to tell his clients story.

Chances are you worry about step ping up, taking an oath and telling your story in court.

On some rare occasions you could be called upon to testify about something affecting your own standing in the community.

As a witness you too may have the right, for example, not to testify against yourself in somebody else's lawsuit or crime trial.

If you are ever in such a bind consult a lawyer of your own choice on what to do. The lawyer who called you to testify has a sworn duty to protect his client, not you. But your lawyer is sworn to advise you to tell him secret and to advise you in your own interests within the law.

Wise lawyers tell their witnesses to obey twelve rules:

1. Go to the place (say, the scene of an accident). Check your memory before you go to court. People forget and get caught up on details. But if you check what you saw and heard you are on solid ground.
2. Visit a court. Hear how other witnesses testify. It will help you see your role on the witness stand.
3. Wear clean, conservative clothes.
4. Don't memorize your story word for word. That is the surest way to sound bad. But think of what you saw and heard.
5. Listen to the questions you are asked with care and answer thoughtfully.
6. Give a simple, direct answer in your own words. Don't be rushed.

7. If you err—and people often do—correct yourself at once. If you can't remember some detail, say so. Don't bluff.

8. Tell the truth. Don't figure which side you may help. Don't identify yourself with either side.

9. Stop when the judge breaks in and don't try to sneak an answer in before he can stop you. What you might say could end in a "mistrial."

10. Keep cool and don't sass back.

11. If they ask you: Certainly, you have talked to other people—the lawyer, for example; and yes you may be reimbursed for certain of your expenses incurred in attending the trial.

12. Remember, without witnesses our law would fall to do justice. If you are called, be a good witness.

**STATE, COUNTY ALLOW
TAX DISCOUNT PAYMENT**

Property owners can have three percent off by paying their state and county taxes during the month of October, states George McCracken, tax assessor and collector of Lynn county.

During November the discount rate is two percent and during December it is one percent. Last date for paying these taxes without a penalty is January 31st.

Folks are requested not to overlook payment of their poll taxes (\$1.75) unless exempt. Every year a number of people forget to include sufficient money for their poll taxes which are not included on the tax notices sent out to property owners.

More than 1,000 horses and ponies will entertain visitors to the free horse shows at the State Fair of Texas in Dallas, Oct. 5-21. Among the top walking horse contenders will be this 5-year-old champion mare, Shadow's Blaze. Owned by Miss Shirley Sharpe of Dallas, shown above, Blaze has taken top honors all over the South. Opening performance of the horse show at 8 p. m. on Friday, Oct. 5, will be free to the public.

Mercury Monterey presents unique styling—new power

Breezeway roof... 390 V-8 as the standard engine

MONTEREY'S REAR WINDOW STAYS CLEARER in rain or snow. It is recessed, slants inward away from the weather. The overhanging roof keeps the rear seat shady, increases rear-seat headroom, reduces glare on the rear window for better rearview visibility.

MARAUDER 390 V-8 NOW STANDARD. Monterey gives you a wide choice of engines, with optional V-8's ranging up to an extra-high-performance Super Marauder 406 V-8 with 6-barrel carburetor. 4-speed manual or dual-range Merc-O-Matic transmissions.

NEW BREEZEWAY VENTILATION. Close side windows, open air vents and fresh air circulates through car and out Breezeway rear window. It's power-operated from the driver's seat. Gives you quieter, better ventilated ride... cuts down window fogging.

OTHER NEWS YOU'LL LIKE: A new 2-year (or 24,000-mile) warranty.* Wide model choice including a Colony Park wagon and a bucket-seat S-55 convertible and hardtop. Options include an AM-FM radio.

*Lincoln-Mercury Division, Ford Motor Company, warrants to its dealers, and its dealers, in turn warrant to Mercury owners as follows: That for 24 months or for 24,000 miles, whichever comes first, free replacement, including related labor, will be made by dealers, of any part with a defect in workmanship or materials. Tires are not covered by the warranty; appropriate adjustments will continue to be made by the tire companies. Owners will remain responsible for normal maintenance services, routine replacement of maintenance items such as filters, spark plugs, ignition points, wiper blades and brake or clutch linings and normal deterioration of soft trim and appearance items.

smooths bumps better than a bulldozer

If all roads were superhighways, Chevrolet's remarkably smooth and silent ride might be just another luxury. But as most town and country roads will demonstrate, this is one Chevrolet advantage that's mighty easy to get excited about. (The way those four deep-coil springs put the kibosh on bumps, you'd almost think Chevrolet was working for the highway commission.) The '63 Bel Airs, Biscaynes and Impalas are equally easy going on upkeep. Brakes are self-adjusting. New Delcotron generator s-t-r-e-t-c-h-e-s battery life. Even the rocket panels on the Body by Fisher are self-washing and ventilating to cut down on rust. Your dealer's waiting to tell you lots more.
