O'DONNELL, LYNN COUNTY, TEXAS, Thursday, Aug 6, 1953

\$1.50 PER YEAR

Who Have Reunion

Among the 25 children, grand children and relatives enjoying a reunion of Mr. and Mrs. D. Smith Sunday were: Mrs. V. Y. McCarter, Gerral and Alvin of Ontario Calif., Clifford Dodson of Ontario Calif., Wicketta David and Mrs. C C McKee of San Angelo, Mr. and Mrs. Bill Hays and children of San Angelo, Mr. and Mrs. Roy F. Ballinger, Mr and Mrs. Roy F. Ballinger and family, Ross Smith, Mr. and Mrs. Dick Harris and family, of here.

Mr. and Mrs. Bob Carroll, Mr. and Mrs. Levi Gray and Miss Effie Gray attended the open house which followed the new Lubbock Memorial Hospital. Miss Gray said it was a most beautiful and modern hospital.

Mrs. Clarence Willis of Sanger and daughter, Mrs. Mildred Alyne and two children of Lubbock spent the day last Monday with Mr and Mrs. G G Vaughn and family. They formerly lived here several years ago.

Mrs. Lesler Vaughn and baby Lubbock and Mrs. J. M. Vaughn of here visited in the home of Mr and Mrs. G G Vaughn one evening last week.

Calvary Baptist To Have Revival

A revival meeting will begin Sunday night Aug. 10th at the Calvary Baptist Church in O'Donnell with Bro. Crawford of Snyder visiting evangelist. The public cordially invited to attend.

Measles Revival Set

There will be a revival at the Measles Baptist Church beginning Friday, Aug. 7th and continuing thru Aug. 16th. Bro. Jimmy Asham of Snyder will be the evangelist and Bro. Robt. Isaac will lead the singing. Evening services are at 8 p. m. You are cordially invited.

Flies Are On Increase

Within the last ten days to two weeks the fly population in O'Donnell has increased greatly. In view of this and the fact that flies are dangerous as well as a nuisance, the help of all livestock owners in and adjacent to the town is asked to help eliminate these flies.

The number of domestic animals in most communities is surprisingly high. O'Donnell has a great number of these pens and stalls which are cleaned and well taken care of by their owners, they create a constant source of fly breeding. The fly breeding potential of even a small amount of animal waste, or spilled feed under certain conditions, is tremendous.

Flies can hatch out within 12 hours in a pile of refuse, and within a week time, the resulting fly can be flying around in your kitchen or lighting on your baby's bottle.

It must be remembered that flies are capable of carrying many dangerous diseases; diseases such as typhoid, dysentery, diarrhea, tuberculosis, and flies may possibly be involved in the transmission of polio. Therefore everyone will be interested in the control of flies.

Control measures of combating flies consist primarily of the regular and thorough cleaning of animal pens and possible fly breeding places. Any warm, moist plant or animal waste usually contains sufficient food to be a potential source of fly breeding. Such places need to be cleaned up.

Secondary control measures consist of spraying premises with sufficient and proper insecticides. Compounds containing chlordane, lindane, benzene hexachloride, methoxychlor or pyrethrin are good.

Many men are able to make a place in the sun for themselves because they are a shade better than the next fellow.

Folks You Know

Mr and Mrs. Gene Veach and baby of Littlefield visited his parents Mr and Mrs. H. M. Veach Sunday.

Mrs. Paul Gooch has returned from Geo. Peabody College in Nashville, Tenn where she took special work this summer.

Mr and Mrs. Morris Smith of Merkel and Mr and Mrs. Irvin Street are vacationing in Ruidoso.

Mr and Mrs. Herman Terry and Mrs. H. E. Baldrige of Abilene are visiting their sister and daughter and family. Mr and Mrs. Ben Moore, sr.

Mrs. Jennie McCarthy and family of California are visiting her parents, Mr and Mrs. Roy D. Smith.

Mr and Mrs. Dee Bingham and daughter and mother Mrs. Era Bingham are vacationing in Kansas and Tennessee.

Mr and Mrs. Paul Morris and family of Houston are visiting her mother, Mrs. J. P. Bowlin.

R. H. Clark of Abilene visited his sister and family Mr and Mrs. C. H. Mansell last week.

Dr. and Mrs. Ferrel Farrington and daughter are visiting his father and family. Dr. and Mrs. Farrington at Alba this week.

Mr and Mrs. H. L. Wood, Mrs. M. W. Wood, Mr and Mrs. J. C. Swinney and Mr and Mrs. Ed Edwards attended the McKenzie reunion at Sweetwater Sunday.

Mrs. Ed Williams and children are visiting her mother, Mrs. Rawels at Christoval this week.

Mr and Mrs. Cecil Kirkland of Seminole visited in the Nelson Mahurin home Sunday.

Mrs. Alton Hobdy visited with her daughter Mr and Mrs. Bill Lane at Floydada Sunday and Monday.

Alton Hobdy and Joe Harris and C. L. Arnold visited in Ruidoso Sunday.

Mrs. Ella Hale of Spur is visiting her son, Mr and Mrs. J. P. Hale.

Buddy Brock took Lewis Martin, who visited here last week, to his home at Dimmitt Sunday.

Mrs. Naymon Everett and Nancy and Mrs. W. T. Burk returned Sammy Johnson to his home at Plainview Sunday.

Mr and Mrs. Dan Blocker and twin girls of Alpine are visiting in the Shack Blocker home.

Mr and Mrs. Dick Lumpkin spent Tuesday and Wednesday with the John Easleys at Lovington, N. M.

Mr and Mrs. W. E. Singleton and children are vacationing at Yellowstone National park in Wyoming and visiting with her family in South Dakota.

Richard Mansell, son of Mr and Mrs. Paul Mansell, celebrated his 5th birthday with a party Monday afternoon.

Mr and Mrs. Burl Koeniger and boys returned Saturday from a vacation trip to Canada, Niagara Falls and Michigan.

School Election Aug. 11

O'Donnell School Board in their meeting of July 31 received a petition asking that an election be held to vote on Assumption of Bonded Indebtedness and set tax rate levy for the new district as created by consolidation with New Moore School District. The Board ordered the election and set the date for Tuesday, August 11th to be held at the School Tax office in O'Donnell. For details of the two propositions notices were posted at Hash Cleaners, Blocker Grocery, in O'Donnell and Moses Grocery in New Moore. The Board appointed Mrs. J. M. Noble as judge of the election. It is important that all qualified voters vote at this election. The vote on assumption of bonded indebtedness means only our present bond debt being legally assumed over the new district. It has already been assumed by the old district. NO NEW BONDS ARE BEING VOTED, Supt. John Morris said Monday. The tax rate levy must be voted in order to collect taxes for school operation. No change in this from what was already in effect in the old district. Failure of the new district to vote a tax rate levy would mean no local funds for school purposes. Mr. Morris added. Be sure and vote Tuesday, Aug. 11th and vote on the above two propositions.

Smallpox Vaccination To Be Required By School

The School Board after several months of consideration passed a resolution calling for smallpox vaccination of ALL students attending the local public schools. The Board moved to give students and patrons plenty of time before the rule would be enforced. The rule will become effective at mid-term of the 1953-54 school year which will be approximately Jan. 15, 1954. Requirement may be met by evidence of a successful vaccination or a medical doctor's statement showing that the student has been vaccinated and reason for the vaccination not taking is evident immunity from the disease. This rule was passed by the Board primarily because of two points.

1st. A survey of the schools indicate a very high percentage of students who have not been vaccinated and it was feared that an outbreak of smallpox under such conditions could be serious to the point of loss of life.

2nd. Practically all schools now require such vaccinations and has become generally recognized as a standard regulation for entrance into the public schools. The local Board is backed by State authority and State law. It would perhaps be better to go ahead at once and have your child vaccinated. However, it is planned in the event there are many entering school without the vaccination this fall, the school will plan in co-operation with the local PTA, Dr. Lehman and the State Department of Health to give vaccinations for those wanting them during the first part of the school year. It is possible that this can be worked out whereby the cost of the vaccination would be reduced. Your cooperation and understanding in this matter will be greatly appreciated. Supt. John Morris said Monday.

Jim Mac Burkett of Ft Bliss spent the week end at home.

Mr and Mrs. D. S. Todd have as their guest Mr and Mrs. S. L. Wilson and daughters of Ft Worth.

Mr and Mrs. Wallace Rains, Maudie, and Mr and Mrs. R T Rains and family attended the funeral of an aunt in Mangum, Okla. last week.

New Church of Christ Minister Moving Here

Raymon L. Copening, wife and three children of Duke, Okla. will move here Thursday. He will be the new minister of the Church of Christ. O'Donnell extends a most cordial welcome to this new family.

Speaks At Rotary

The O'Donnell Rotary Club met in its regular luncheon Tuesday. Visiting Rotarians were Tom Brannon and Howard Madlox of Lamesa. Mrs. White, Home Economics teacher of O'Donnell High School was in charge of the program. Helen Jean Hoffman, daughter of Mr and Mrs. Charlie Hoffman, made a very interesting talk on her trip to the National meeting of the Future Homemakers of America.

Mr and Mrs. Mack Haymes spent the week end with his brother, Rev. J. O. Haymes and sister, Mr and Mrs. Otis Hardin at Plainview.

Mr and Mrs. Leonard Carter of Virginia visited in the Bill Autry home Sunday.

Mr and Mrs. Leland Lane of Lubbock and Mr and Mrs. Boyce Allen of Odessa visited in the Jesse Lane home Sunday.

Rev. and Mrs. Herman Schuessler of Kentucky are guests in his brothers home, Mr. and Mrs. L. G. Schuessler.

Mrs. Forbes Hosts Club

Mrs. J. T. Forbes was hostess to the Thursday Bridge Club last week. Mrs. J. V. Burdett won high score. Mrs. O. G. Smith won second high and Mrs. Paul Morris won traveling and Mrs. Joe Lehman won bingo. Also present were Madams Mack Noble, Ed Robertson, Ralph Beach, Hugh Lott, Wayland Taylor, L. G. Schuessler, and Harvey Jordan. Mrs. Glen Gibson will be hostess at the next meeting.

Weatherman Ben Moore reported 17-100 in. of rain from the thunder storm of last Saturday. Generally the storm was not effective over the area with little more than showers being reported.

Much of the area is "greening up" from the grain planted during July and the weather remains cloudy and cooler than June.

Edmond Maeker is SCS Farmer

The outstanding conservationist for 1952 in the Lynn Soil Conservation, Edmond Maeker, is maintaining conservation on his farm. The land on the Maeker farm is being rotated in cotton and grain sorghums, some castor beans are also being grown. In addition to the row crops there is eleven acres of alfalfa and seven acres of irrigated pasture of smooth bromo, Kentucky fescue, perennial rye, ladino clover, and birdfoot trefoil. The pasture is used for spring and fall grazing for dairy cattle while the alfalfa furnishes grazing during the hot summer months.

A trial planting of blue panic was drilled this spring but has produced very little grazing. The blue panic that will be planted in the future will be in rows that can be cultivated. The present system of grazing furnished ten months of forage for 24 cows and their calves. Thru the proper use of his land, Maeker has several sources of income rather than one enterprise to make a living from. The Soil Conservation Service furnished Mr. Maeker a design for the bench leveling and selection of grasses for the pasture mixture.

Former Local Youth Is Missing In Action

Word was received here last week that Floyd Brunett, age 22, was reported by Defense Department as "Missing in Action" as of July 10th. His home town is Franklin where his parents reside.

Floyd worked for the local Farmer's Co-op gin for the past 4 years before entering service. He is a cousin of Horace and Otis Brunette of here. It is expected that the current Korean truce will speed up the work of tracing men listed as missing in action.

Springwood Cologne stick, reg 90c value on sale at 33c (tax is included). LOTT PHARMACY

Mrs. Norvell Cunningham of Gail, and formerly of here, had surgery at a Lamesa hospital last Friday week.

Mrs. Elzie Davis underwent surgery one day last week at a Lamesa hospital.

Mrs. Rosa Burns of Portales, who visited here last week, returned to her home Tuesday.

Mrs. Daisy Buttram of Avilington is spending a few days here with her brother and sister. Mr and Mrs. Shack Blocker and Mr and Mrs. Dick Lumpkin.

Miss Eunice Weyland Fletcher of El Paso, who spent last week with her aunt Mr and Mrs. Truett Hodnett, returned to her home Saturday night.

Billy Jack Barrington of New Mexico is visiting his parents Mr. and Mrs. Cleve Barrington.

Mrs. Willie Smylie returned Sunday from a two week visit in California.

Mrs. Douglas Ballew and Mark and Tony visited the Jack Howards in Ft. Worth last week.

Mr and Mrs. Oscar Teheik and daughters spent the week end in Muleshoe and Hereford.

Mr and Mrs. C. R. Bureson, sr. have returned from a visit to Cal.

Mr. and Mrs. Hoot Gibson spent week end at home here. Hoot has a ranch near Denver City and about 100 acres of it is irrigated cotton. His big problem is Jack rabbits. The jacks top the cotton to drink the plant's juice.

New Date Set For Car Inspections

The new period, during which Texas motorists will be required to have their auto inspected under the new modified Motor Vehicle Inspection law which was enacted by the recent 53rd Legislature, has been unofficially set for September 15, 1953 thru April 15, 1954. It was announced this week by Col. Homer Garrison, jr., director of the Texas Department of Public Safety. Garrison said that the State Public Safety Commission has advised him that they will conform the designation of the new period on Aug. 26th, the effective date of the new act. The old law which aroused much controversial argument during the last session of the Legislature will expire at midnight Aug. 25th and no inspections will be made under its provisions after that date.

Piedmont Police Have File on Each Citizen

PIEDMONT, Calif.—The police department here has a master file of all occurrences in the town. If somebody joins the Rotary club or a maid quits in a huff, the police enter the events in their file. If someone returns from vacation a day early, the police are likely to pay a call to be sure that the home owners are the ones in the house and not some intruders or burglars. It seems the Piedmont police have a dossier on everyone in town.

The police are popular with Piedmont residents, because the officers use the information they compile upon these residents to help them. As Police Chief William V. Pflaum says, "We like to know our people so we can serve them better."

The plan works, even to having the cops perform the most trivial services. Once the police were called upon to break into a woman's house and turn her electric iron off. She had left home so quickly that she had forgotten it.

Another time the police were notified that a citizen's roof was leaking. They rushed out with a huge tarpaulin and covered the faulty roof. They are called upon often to perform minor house-breaking jobs—somebody is always losing his key and the police know how to jimmy windows and solve locks without damaging the property too much.

Piedmont, picturesque as a town on the Italian Riviera, clings to a steep hillside overlooking San Francisco Bay. Its citizens, delighted with their police department, gladly foot the bill for an 18-man force—about double that of most cities in Piedmont's small population class.

A. P. Hobdy Sells Gulf To Archie Haney

Announcement is made this week of the sale of the Gulf Oil Co. agency here by A. P. Hobdy to A. D. Haney. The sale became effective August 1st.

Mr. Haney, the new owner, lived here until about 1926 when he moved away. He has since owned a store and has farmed in Deaton county. He and Mrs. Haney moved back here about a year ago. His mother and a sister, Mrs. John Earles reside here. For the past months he has farmed and worked for Line Grocery here.

Hobdys Loved By All
Mr. Hobdy moved here in 1931 from Houston. He went to work for his brother, Drew Hobdy, then local Gulf agent. In 1935 Alton

purchased the agency and Drew moved to Brownfield.

In 1932 Alton was wed to a local young lady, Miss Verda Ballew and Mr. and Mrs. Hobdy have three children, Mrs. Bill Lane and two children of Floydada and two children at home, Edmund, 17 and Donna Jean, 15.

Mr. Hobdy has taken an active part in affairs of his community being a member of First Baptist Church, a Mason and of which body he was Worshipful Master during the term of 1947-48.

Alton said he had no plans for the present but he said it "just wasn't so" that he's going to Alaska. Too much rain.

Mr. and Mrs. Hobdy have so many friends here and roots are so deep that O'Donnell will always lay claim to this family.

Engagement Told

The engagement and approaching marriage of Miss Nancy Franklin to J. H. Stennett is announced by her parents, Mr. and Mrs. T. B. Franklin of here. J. D. Stennett of Lorenzo is the prospective bridegroom's father. Vows will be read Aug. 26th in the Canyon Baptist Church by L. D. Souder. The bride elect is a student at Texas Tech. The couple will make their home in Ropesville.

Mr. Hohn Weds

Miss Gala Jean Fisher, daughter of Mr. and Mrs. S. E. Fisher of Lubbock became the bride of Harold Carson Hohn in a double ring service read Friday at 3 p. m. in the home of the bride's parents. The bridegroom is the son of Mr. and Mrs. B. B. Hohn of here. Tommy Merrick of here served as best man. The couple will be at home in Lubbock. The bride was graduated from Lubbock High School and the bridegroom is a graduate of O'Donnell High School. He is now a sophomore student at Texas Tech.

Ghost Towns Of Texas Is Published

Commerce -- Just off the Naylor Co. presses, San Antonio, is a book by a member of the East Texas State college faculty.

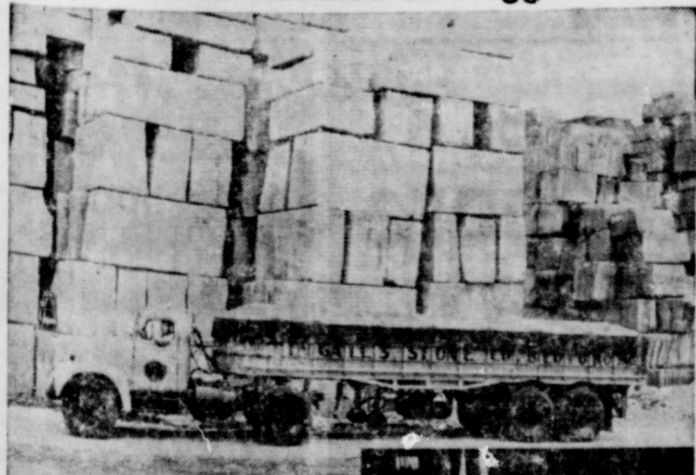

The book, "Ghost Towns of Texas," was written by Dick King, instructor in Journalism and director of the college's news service. Containing 140 pages and pictures, the book describes in detail 43 Texas towns that were. Of the book, the publishers write, "Alive as Texas is, its surface is pitted with ghost towns of great schemes that went sour. These plans were the results of dreams spurred on by men ambitious in industry, by those devout in religion or by those eager to experiment with government and those having dreams of finding Utopia."

Credit Helps Texas Standard Of Living

Texas' 2,328,100 families... with an average annual buying income of \$5,000... own 2,447,300 automobiles and trucks, more than 1,778,600 refrigerators, all own radios, 1,219,500 television sets and over 1,184,300 vacuum cleaners, according to a special study just completed.

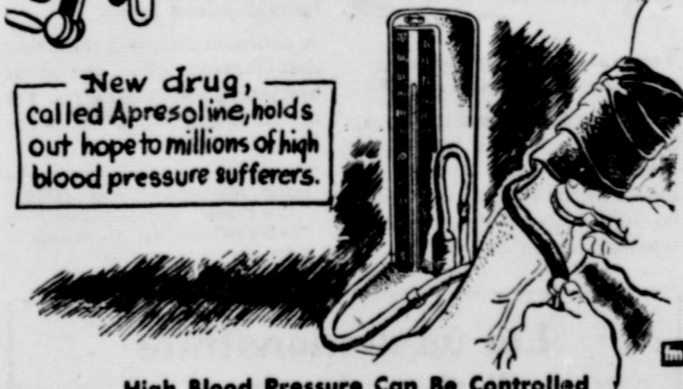

Texas' high standard of living, like that of every other state, has been made possible to a large extent by the sound use of consumer installment credit. The study indicated. Taking automobiles as an example, the study shows that 98 out of 100 Texans are excellent credit risks, making their payments on time and completing obligations on their contracts promptly.

Stone Handled Like Eggs

Believe it or not it is just as important to handle those big pieces of stone used for building construction gently as it is in handling an egg shipment. In many ways the chances of expensive damage are greater in the case of stone. It is imperative that every piece of stone arrive in perfect condition since the damage of one small piece can delay construction in the section of the building in which it is going to be used. This is the way Ingalls Stone Company does the job. It employs the trailer illustrated here which is a Fruehauf unit 30 feet long with a gentle gravity torsion tandem suspension. To date the gentle riding of the load due to the easy riding suspension has given a 100-percent perfect delivery of this costly material. The distance over which the stone is hauled is great, the run being from the quarry in Texas to the finishing plant in Bedford, Indiana.

HEALTH HORIZONS

New drug, called Apresoline, holds out hope to millions of high blood pressure sufferers.

High Blood Pressure Can Be Controlled

One out of four adults in this country has high blood pressure, Dr. Edgar V. Allen of the Mayo Clinic estimates. Next to hardening of the arteries, it is our most serious disease. Up to now, very little could be done to control it. We still do not know its causes. But science has finally come up with a drug that will do for a majority of high blood pressure sufferers what insulin has done for diabetics. According to an article in the current American Journal of Medicine, it gets the disease under control. It lowers the blood pressure and keeps it down.

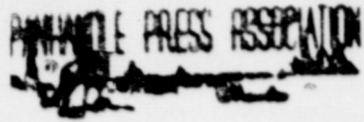

The name of the drug is Apresoline. It should not be called a wonder drug, because it does not cure the disease. Its objective is to stop the kind of damage that high blood pressure does to the heart, kidneys and other parts of the body.

Unfortunately, Apresoline does not lower blood pressure in all patients, and no one knows why. Recent scientific articles by leading heart specialists say that it is effective in one-half to two-thirds of the cases.

Apresoline has to be administered with care and is available only on prescription by physicians.

Honeymoon in Canada

DID YOU KNOW that Canada is fast becoming the Lover's Lane of
the Western Hemisphere? More and more honeymooners are dust-
ing the rice from their hair, the confetti from their luggage and
heading North for the most exciting journey of their lives. Here,
in the shadow of the Peace Tower of the Parliament Buildings in
Ottawa, a Royal Canadian Mounted Police constable cheerfully
directs a pair of "typical" honeymooners—complete with camera.
If you're planning a honeymoon—or just a two-week jaunt to new
and different places, the Canadian Government Travel Bureau in
Ottawa will furnish free trip information on your request.

Candy Cookies Are Tasty Treat

MOUNDS CRUNCH COOKIES
1/2 cup shortening
1/2 cup granulated sugar
1/2 cup brown sugar, firmly packed
1/2 teaspoon vanilla
1 egg, well beaten
1 cup PLUS 1 level tablespoon
sifted all-purpose flour
1/2 teaspoon baking soda
1/2 teaspoon salt
1/2 cup chopped walnuts
1 Mounds bar, finely diced (1 package)

Cream shortening until soft in medium-size bowl; add both sugars
gradually, creaming well after each addition. Stir in vanilla and egg;
beat until mixture is light and fluffy. Sift flour, baking soda, and salt
over creamed mixture; blend in well. Stir in walnuts and Mounds. Drop
by teaspoonfuls about 2 inches apart on lightly greased, heavy sheets.
Bake at 375°F. for 10 to 12 minutes. Makes about 3 dozen cookies.

**This demonstration
showed me the way
to a better deal!**

I'd been planning to buy a higher-priced car until
I found out all Chevrolet offered—
and how much I could save!

**You get more power
on less gas**

That's because Chevrolet's two
great valve-in-head engines are
high-compression engines. In
Powerglide* models, you get
the most powerful engine in
Chevrolet's field—the new
115-h.p. "Blue-Flame." Gear-
shift models offer the advanced
108-h.p. "Thrift-King" engine.

**And it's the
lowest-priced line**

A demonstration will show you
that Chevrolet offers just about
everything you could want. Yet
it's the lowest-priced line in the
low-price field.

*Combination of Powerglide auto-
matic transmission and 115-h.p.
"Blue-Flame" engine optional on
"Two-Ten" and Bel Air models at
extra cost.

**You're "sitting pretty"
behind the wheel**

Take this Bel Air model. First
thing you'll notice is the qual-
ity of the interior. Rich-looking
appointments. Roomy seats
with foam rubber cushions.
Turn the key to start the en-
gine and you're ready to go.

You can see all around

You look out and down
through a wide, curved, one-

piece windshield. The pano-
ramic rear window and big
side windows provide a clear
view in all directions.

**Biggest brakes for
smoother, easier stops**

An easy nudge on the pedal
brings smooth, positive response
—right now! Chevrolet's im-
proved brakes are the largest
in the low-price field.

**It's heavier for
better roadability**

You're in for a pleasant sur-
prise at the smooth, steady,
big-car ride of this new Chev-
rolet. One reason is that, model
for model, Chevrolet will weigh
up to 200 pounds more than
the other low-priced cars.

**You get greater getaway
with the new Powerglide***

A lot finer performance on a
lot less gas. That's what you
get with the new Powerglide
automatic transmission. There's
no more advanced automatic
transmission at any price.

**Let us demonstrate
all the advantages
of buying a Chevrolet now!**

MORE PEOPLE BUY CHEVROLETS THAN ANY OTHER CAR!

Alert Scientists Grow Polio Vaccine In Chicken Embryo

NEW YORK—The first vaccine to make people immune to polio may have been developed recently at laboratories here. The new vaccine already has been tested on 20 human volunteers. All developed protective antibodies in the blood, materials produced in the blood which fight disease organisms. None of the volunteers suffered any bad side effects.

However, the vaccine will not necessarily give immunization from all types of polio as it was produced from only one of the three strains of virus that cause the disease, possibly the most deadly. But it may develop initial basic immunity against the other two strains.

The scientists have been able to induce the elusive virus to grow in chick embryos in eggs, meaning that eventually it will be possible to manufacture the protective virus in large amounts.

The major problem in making a vaccine to use against virus disease such as polio has been found in the difficult character of viruses themselves—scientists still don't know exactly what they are.

A virus, unlike a bacteria which is a living organism, acts like both an organism and a chemical molecule. It is much smaller than a bacteria, and cannot be seen without an electron microscope. But a virus will grow or multiply only in a living cell. Some scientists think they are a sort of gene, heredity agent, gone wrong.

Principal Outlaws T-Shirts, Dungarees

ROSELLE, N. Y. — Schoolboys should dress properly for an occasion and school is an occasion was the recent ruling of Albert S. Peling, principal of the Abraham Clark school here.

He told the parent-teacher association that clothes may make the man but all types of clothing are not becoming to school boys.

He called upon parents to see that their sons were dressed properly. "T" shirts and dungarees are all right for a job, he opined, but they are not appropriate for school attire. He made no criticism of the apparel of the girl students.

Why FORD'S your best buy!

"WORTH MORE" IS THE ANSWER... IT COSTS SO LITTLE TO BUY... SO LITTLE TO RUN... AND HAS SUCH HIGH RESALE VALUE!

The best buy in an automobile usually means the amount of pleasure and satisfaction the owner gets from his original investment, plus low day-to-day running costs, plus the amount of value he recovers when he sells his car.

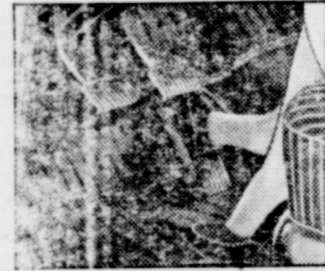

What is it that makes Ford your best buy? Is it the fine styling and craftsmanship of its Crestmark Body... or its new "ride" with curve-hugging and bump-leveling qualities never before known in low-priced cars? Or is it Ford's famous V-8 or

Mileage Maker Six? Maybe it's the easy way the car handles with Fordomatic Drive, or Ford's Master-Guide power steering! Perhaps it's Ford's suspended pedals, or Center-Fill Fueling or Full-Circle Visibility!

Actually, it's not just any one or two of these fine things that make Ford your best buy. It's all of Ford's "Worth More" features combined... features which make Ford worth more when you buy it... and worth more when you sell it!

"Best buy" where you ride! Ford's foam-rubber cushioned seats, front and rear, are sofa-wide and sofa-soft. Interior fabrics, color-keyed to Ford's smart outside colors, would be a credit to any car at any price.

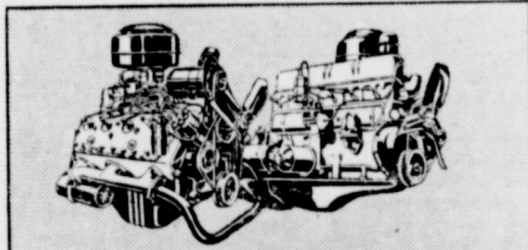

"Best buy" where you drive! Ford's suspended pedals operate more easily... eliminate dusty, drafty floor holes. And Ford drivers have a choice of Fordomatic Drive, Overdrive or Conventional transmission.

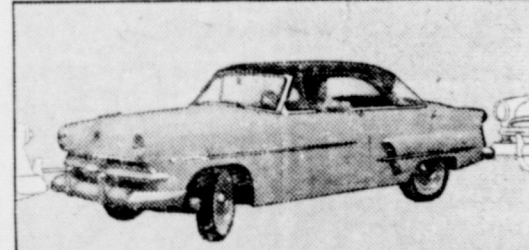

"Best buy" at the gas pumps! When you need to "fill 'er up", you do it the modern Ford way with Center-Fill Fueling. And Ford's Automatic Power Pilot gives you power to spare on a lean diet of regular gas.

"Best buy" on the road! The rougher the road the better your Ford likes it because Ford's new "ride" cuts front end road shock alone up to 80%... babies you over the bumps... and cuts sideway on turns.

"Best buy" in engine power! Only Ford in its field offers you a choice of V-8 or Six. Ford has built more V-8's—over 13,000,000—than all other makers combined. And Ford's Six—the most modern in the industry—with Overdrive, won the Mobilgas Economy Run Grand Sweepstakes!

"Best buy" in power steering! Ford's Master-Guide (available on all V-8 models) supplies hydraulic "muscles"—automatically whenever you need them—to do the work of steering for you. All you do is guide the car. Makes all driving easier, and safer. And parking's so easy!

WORTH MORE WHEN YOU BUY IT... WORTH MORE WHEN YOU SELL IT

To My Many Friends And Customers ...

It is with considerable regret that I resign as distributor for Gulf Oil Co. after serving you for 22 years.

We have gone thru prosperity and depression together, two wars and several droughts.

I have prospered when you prospered... suffered when you have suffered... and thru it all it has been a pleasure to serve you and a privilege to have had you for friends.

Thanks a million for your loyalty
