SEND OR SPEND OFF HABIT ENDANGERS ENTIRE COMMUNITY

Convinced that the very existence of O'Donnell is threatened, patriotic business and professional interests today launched a 12 month crusade against the growing peril of Out of Town Buying—that far off distant place to which unthinking local people send or spend dollars that could and should be spent at home.

The first advertisement of a 12 month series appears in today's edition of this newspaper. We are proud to be the vehicles chosen to carry this campaign which is so vital to the future of this community.

One advertisement will appear each month. Each will present no sentimental, but convincing reasons why the growing peril of Out of Town Buying must be checked if O'Donnell business life and institutions are to be preserved for the future of our children and our children's children.

The welfare of O'Donnell is inseparably linked with the manner in which our people spend their money.

Down the road—at the end of the line—or at the point of a pencil poised over an order book in your living room—the Far Off Places. It is not an imaginary place—it is as real as the order book in your parlor—as interesting and exciting as the big city that beckons because the roads are paved and the stores large—and as persuasive as the young man who worked O'Donnell last week with a simple case, taking orders for anything and everything that you use, eat, and wear.

The disloyal dollar that goes to Far Off Places when it could and should be spent at home, will never come back to work in our community again. Loyal dollars spent in O'Donnell help to build jobs and prosperity for all.

Spend your money in O'Donnell where it returns with extra dividends in peace and prosperity, satisfaction and service.

Watch for this interesting series of advertisements each month in the columns of this newspaper.

HUGE CELEBRATION WILL MARK 50TH ANNIVERSARY

A celebration which will deserve the description "colossal" will celebrate Borden county's fiftieth birthday next Saturday, when the county seat will be host to folks from all over West Texas.

A fat stock show, a parade in which the various floats will portray phases in the development of the county, free barbecue at noon, radio events and a dance at night will be only a few of the many things planned for the day.

Score of O'Donnell people, many of whom originally lived in Borden county, are planning to go down for the big event, and several local people are to take part in the program. All roads will lead to Gail tomorrow; come along with the crowd and enjoy the biggest birthday party in years.

Mr. and Mrs. Alvin McMillan spent the week-end in Fortales with Mr. and Mrs. Oran Hickerson. Mr. and Mrs. D. B. Middleton spent the week-end in Pecos.

INTER-SCHOLASTIC MEET BEING HELD IN TAHOKA

Students of Lynn county schools are in Tahoka today and tomorrow for the annual Inter-scholastic League Meet. Program of events for today and Saturday may be found elsewhere in this issue of the Index.

O'Donnell has won the meet for the past several years, and local representatives are up there now determined to carry on the tradition.

RALPH BEACH BUYS HOME

M. and Mrs. Ralph Beach have recently purchased the residence occupied by Mr. and Mrs. Raymond Busby, and have moved into their new home this week.

Mr. and Mrs. W. J. Shook and Mrs. Sterling Bearden left Tuesday for a short visit with her mother, Mrs. J. V. Sumral, at Ireddell.

DOG POISONERS WORKING IN O'DONNELL AREA

Every one in a while O'Donnell has new visitations of that most despicable brand of so-called human being—the dog-poisoner. The Index has expressed a personal and editorial opinion of such deeds in time in the past, but the most recent outbreak has riled our temper all over again.

During recent weeks four of our best dog friends have been maliciously and cruelly murdered by some skunk not worth the powder used to lead it would take to blow him up. Big Mickie, the Liddell collie was the first victim, and the old fellow fought his illness like a gentleman and a soldier. Sunday afternoon three others went the same horrible way. Joe Louis, Dan Blocker's dog who had taken his responsibilities as guardian and mail-carrier with much decorum and gravity, little Scraggs, gay and friendly little Scottie who followed Charles Cathey McLaurin's every step and was a frequent and welcome visitor at this office, and the W. J. Shook pup were the victims.

All of these dogs were harmless, all were valued and loved as pets and companions. May they rest in peace, and find a canine heaven where dogs are always safe and happy.

"We can never understand a human being so mean and so low that he will resort to poison to remove a pet; if he simply HAS to kill something, why can't he be man enough to use a gun?"

WATSON IS NEW FIELD SUPERVISOR FOR LOANS

Acting State Supervisor Fred N. Warren advises that Field Supervisor John D. Watson of the Emergency Crop and Feed Loan Office will be in office at First National Bank in Tahoka each Tuesday all day for the convenience of Lynn county borrowers desiring information on the program.

Mrs. Lucille Knight who has taken the loan applications for a number of years, will be in the office of R. W. Fenton, Jr., and borrowers may make application when convenient.

WORK IS STARTED ON PARK PROJECT

Waldo McLaurin, chairman of the local park committee, states that work has been started on excavations for trees and shrubs, and for water lines. The cold snap early in the week has delayed work somewhat, but in the near future, considerable progress can be seen.

Miss Maurine McNatt, county home demonstration agent, has been of much assistance in landscaping and planning a service which is greatly appreciated by the committee and the community.

Grounds will be bordered by a hedge of elms, with a row of red cedar inside the hedge. Black walnut trees are also to be used extensively in the park itself. Many local people have pointed out that elms are not desirable near grass plots, because of their annoying habit of sending up shoots from the roots. Their root system, too, grows near the surface, thus sapping moisture from other plants.

Evergreen shrubs are to be placed at advantageous spots inside the grounds, with blooming plants so planned as to give splashes of color during much of the year.

The committee estimates that at least \$700 will be needed to buy water pipes, pay for labor, buy shrubs, etc. A considerable part of this sum has been raised already, but a great deal more is needed. Individual cash donations have been somewhat slow to date, but committee men hope to have a list ready for publication next week.

SCOUTERS TO ATTEND TRAINING COURSE

Scoutmasters assistants and camping men of the South Plains Council will attend an overnight training course, at Camp Post, Saturday and Sunday, March 29 and 30. It was announced today. The course "Short-term Camping" will probably attract 30 men. Men will confer at 4 p. m. Saturday and close the course the next day at the same time, cooking all meals. Campercraft will be demonstrated. B. B. Dawkins, camp director of Philtum Rocky Mountain Scout Camp near Cimarron, N. M. will be one of the leaders.

W. T. BROWN BUYS SHUMAKE STATION

Through a transaction completed the last of the week, W. T. Brown became owner of the Gulf filling station formerly owned by Funk Shumake. We are told that the change in management will become effective immediately.

While Mr. Shumake has not announced his plans, it is supposed that he will join Mrs. Shumake and the children at Big Spring, where they have been for some time so that Sonny might be under the care of a specialist.

While regretting the loss of the Shumakes, who have lived here for years, the many friends of both families extend best wishes to Mr. Brown in his new enterprise.

WEATHERMAN DISPLAYS VERSATILITY THIS WEEK

There's never a dull moment in West Texas, at least as far as the weather is concerned. As this article is being written Monday, snow is swirling down like the picture on a Christmas card; Sunday was a typical June day of warm sunshine and mild breezes . . . mild until along in the afternoon when our regular Sunday sandstorm hit.

By the time the Index is on the press, snow may be a foot deep, or all the rest of the fruit trees may be in full bloom. Which reminds us, one ambitious little peach tree on the south side of the A. H. Koeninger residence has been flaunting blossoms in the breeze for the past two weeks. Optimistic little thing, isn't it?

IT'S EASY TO FOLLOW A RECIPE!

There are people who think that the compounding of prescriptions is just like following a recipe. Well, a prescription is a recipe, but its filling is not so easy. It takes knowledge of chemistry, physiology, biology and a host of other scientific information—plus ability and experience to be able to fill prescriptions properly . . . exactly!

R. L. CHAPPELLE SPEARS TO ROTARIANS TUESDAY

R. L. Chappelle of Lubbock, was guest speaker Tuesday at the meeting of the Rotary Club, using as his subject "Trends in Agriculture". Mr. Chappelle's informal talk was concise and to the point, dealing as it did with problems of vital interest to an agricultural community such as this.

Attendance was good, with a number of visiting Rotarians present, along with local members.

MISS THELMA PALMER WEDS ABILENE MAN

Miss Thelma Palmer, daughter of Mr. and Mrs. W. L. Palmer of this city and Mr. Milton Smith of Abilene were quietly married last Friday morning at the Methodist parsonage in Semmore. The Rev. J. H. Crawford, former pastor of the local church, said the ceremony.

The couple was accompanied by his sister Mrs. Fay Westmoreland, and Mr. and Mrs. Marshall Whitsett.

The bride wore a blue-and-white silk print frock, a small blue hat and black accessories. Immediately after the ceremony, they drove to Abilene where Mr. Smith is connected with a steel construction company at work at Camp Barkesley.

Mrs. Smith has for a number of years been a prominent figure in business and social circles here. She was a member of the public school faculty for some time, leaving that profession to be associated with her father in his business.

Congratulations and best wishes of scores of friends will follow the couple to their new home.

RUBY RAINS RALLYING FROM OPERATION IN DALLAS

Mrs. U. C. Rains writes us from Dallas that their daughter, Ruby, is recovering satisfactorily from a very serious operation which she underwent some ten days ago at Gaston Hospital in Dallas. The lower lobe of the left lung was removed.

Our readers will recall that the young lady was taken to a Sanatorium some weeks ago, but after she had been there several days authorities were of the opinion that they could do little to help her until after this operation.

Ruby is taking the long illness like a real soldier. The Index and all her friends here sincerely hope that she may be back home soon, perfectly well and strong.

Mr. and Mrs. Stansell Jones moved this week into their recently remodelled home in the Dawson heights addition.

Mr. and Mrs. Sterling Bearden have moved into the Hancock apartment this week.

IT MAY BE ONLY A MAIL ORDER CATALOGUE BUT ITS USE HURTS THE FARMERS' MARKET

By all the laws of economics dollars do the most good when they are exchanged often when they stay busy. Money that is sent or spent off to the big cities for goods or services that could and should be better spent in O'Donnell will never do any more good as far as the farmer here is concerned. These dollars are gone—lost to the channels of trade here at home where they are needed to extend future opportunities. These same dollars spent in O'Donnell do more than just buy new overalls, a new pipe or a new pair of plowshares. They turn over and over—benefiting both the purchaser and the seller many times in an ever widening circle.

The merchants and business men of O'Donnell are not advocates of "Exclusiveness" or "Community Selfishness". They do know, however, that money means jobs and jobs mean consumers—mean better prices for farm products. Anyone can sit down with a pencil and piece of paper and determine quickly that money sent or spent off to the big cities by O'Donnell farmers or town folks will hurt all of us sooner or later.

C. B. MORRISON AND ARLINGTON LADY WED

Friends here have received news of the marriage in Fort Worth last Thursday of Mrs. Alice Vancycle of Arlington and C. B. Morrison of this place.

They plan to make their home on the Morrison place east of O'Donnell, and will be at home to friends this week.

Heartiest congratulations and best wishes are extended.

IN APPRECIATION

I want to thank friends here for the lovely flowers and cards, and

for the visits and inquiries during my recent illness. Your interest and sympathy made the days seem shorter and easier to bear. Thank you a thousand times.
Mrs. J. R. Miller.

TO OUR FRIENDS:

We are afraid we will find it impossible to tell each one personally just how much we appreciate your interest and thoughtfulness since our recent disaster, so we are taking this means of sending a "thank you" to each of you. We sincerely appreciate each expression of friendship and helpfulness.
If any of you ever are so un-

fortunate, we hope you will find as many friends who are so willing to help you, as we have.

"KNIT FOR BRITAIN" CLUB IS ORGANIZED

Under the sponsorship of Mrs. Charles Cathey of the high school History Department, students have been organized into a "Knit for Britain" Club. They will knit standard-size squares for woolen afghans, which will be sent to English hospitals.

The Students are asking for donations of Wool Thread, in any color and amount. Please bring any such Donations to the Index Office where Mrs. Cathey will pick them up to take to school.
This club is only one of hundreds

of similar nature which are being organized as a unit of our defense program. The students are fast learning to knit their squares, and are decidedly enthusiastic over the project.

LOCAL MERCHANTS ATTEND SPRING MARKET SHOW

CLUB HONORS MEMBERS ON BIRTHDAY

Mmes. B. M. Haymes and T. J. Yandell were honored at the last meeting of the Jolly Twelve sewing club, when their birthdays were celebrated with a delightful luncheon at the home of Mrs. R. C. Carroll. A St. Patrick's Day theme was carried out, the table being laid with a lace cloth over green, with the birthday cake as centerpiece. Sweets were plate favors. After a delicious lunch of baked chicken with all the accompanying good things, gifts were presented. Games of 84 and knitting were enjoyed.
Mrs. Yandell's sister, Mrs. Marshall Lane of Sudan and her sister-

in-law, Mrs. Yates, were club guests. Members present: were Meses Howard, Earles, Koening, Goddard, Edwards, Lambert, Burns, Fortner, the honorees and the hostess.

MUSIC TRYOUTS HELD WEDNESDAY MORNING

Tryouts were held Wednesday morning to determine O'Donnell's representatives in piano and voice during county meet at Tahoka this week-end.

Singers will be: Betty Joyce James, Richard Maxwell, Carl Page Pauleta, Middleton Bokch, and Clinton Buchanan.
Piano contestants will be Virginia Shaw, Claudia Ann Cheairs and Billy Schoeler.

MARGARET GIBBS SUFFERS BROKEN COLLAR BONE

Margaret Gibbs, high school student and daughter of Mr. and Mrs. A. W. Gibbs, received a broken collar bone in a fall Saturday evening.

In company with three other girls, Corinne Proctor, Alia Deane Fortner and Juanita Swintney, she was going from the show to the home of their slumber-party hostess Jo Anne Campbell, when the accident occurred. Because of the cold the girls were running, and Margaret stumbled and fell. Passers-by "picked her up, brushed her off and took the group on to the Campbell home where she insisted that she was just bruised and would be all right. After an alcohol rub down, she went peacefully on to sleep, but the shoulder was so painful next morning that she was taken to Lamesa to a hospital, where the broken bone was discovered.

So far as we know, this was the first time a broken collar bone was a guest at a slumber party.
