SWEET N' SOUR

What time is it? Half-past
April and at long last our world
is beginning to know its spring
— a mocking bird swayed on his
perch of the top-most bough of
the tree in the yard and told us
about it and the wind that lifts
the heavy heads of the illacs
knows better than anyone.
Spring is a wonderful time — no
regrets, no left-over complaints,
no dark memories of the cold
and chill, the ice and slush, just
rejoicing and sunlit promises of
the future.

Sunday was one of those days

rejoicing and sunlit promises of the future.

Sunday was one of those days when our outlook was just about the color of the rain clouds that hid the sky when suddenly we saw a flock of Canadian Gessecircle the lake — silver white wings tipped in charcoal against a leaden sky, moving in synchronized flight, giving a lift of spirit that the poet summed up when he said, "It gave my heart a change of mood and saved some part of a day I had rued."

We had some very special guests last week — Faye White and beautiful little grandson, Turner Ashby III. They were celebrating the advent of Faye Michelle white, daughter of Mr. and Mrs. T. A. White of Abliene. The baby girl was born Saturday

Aren't the Iris in Nellie Mills' yard lovely to look at? We have never seen them any prettier.

The hedge of illacs at Smokey and its Present is out-of-this.

The hedge of iliacs at Smokey and Liz Edwards' is out-of-this world beautiful now. Wonder who conceived the idea of iliacs in the first place? Some angel with the soul of a poet? Anyway, they are a gorgeous thought.

Our proof reader, stand-in, and critic deluxe, Linda, shows signs of being a budding genius of a press agent — she's quite sold on Paul Winchell's new book "Ventriloquism For Fun and Profit" chiefly because it narrates the life and times of Jerry Mahoney, and gives the book a big build-up to all her friends. Wish she'd use that super sales talk to sell ye olde column to a few more readers— I bet you two faithful friends could use more company, could-pt yr?

Don't forget that April 25th is the night of the Junior Class play, "Just Ducky"—It's a compedy farce in three actsy and promises to be an excellent evenings entertainment. This is a royalty play, which means the Juniors fork over a set amount for permission to use it and that in itself usually guarantees it to be a better play. The time is 5 p.m. and the place is the High School Auditorium. Advance ticket sales are doing nicely at 505 for adults and 25c for children.

Another date to remember is Monday, May 12th, the night reserved by the M.F.T. Club (our Parent - Teacher organization) for Mrs. Hamrick's Future Homemakers and their annual style show. Fire Ant Quarantine **Hits Texas Counties**

The vicious little imported fire ant, infamous for its painful bite and destructive habits, is the target of a new fixeral quarantine imposed in eight states, including Texas.

Eula Farmer Buys Duroc Breeding Stock

Some excellent Duroc breeding stock was added to the area this weekend as the result of a hog buying trip into Iowa and Missouri by Tommy Milliorn, Eula farmer, according to Claude Rock, Eula VA teacher who accompanied Milliorn on the trip.

While at the J. W. Simpson

While at the J. W. Simpson and Sons' sale at Edgarton, Mo. Tommy purchased five gilts and one boar for himself and a gilt for his brother, Clarence.

Tommy paid \$72 for four of his gilts and \$70 for the other. Clarence's gilt, which cost him \$90, was the second highest selling gilt of the sale.

The boar that Milliorn bought was the third highest selling boar at \$200. A total of 25 boars and 25 gilts sold, Rock said. He pointed out that Milliorn was able to purchase excellent stock at reduced prices because of a small turnout of buyer due to the cold and rainy weather.

Milliorn was able to buy the stock that he had gone through the herd and picked out before the sale, Rock said.

They also brought back a glit for Mel Green of Clyde. Green's glit was purchased at the Kayward Farm sale at Iowa City, Iowa, by a Duroc fieldman for \$250.

Law Day - U. S. A. THE PRINTER Proclamation

law is the birthright of all Amer-Law and courts exist to protect every citizen, in his person and property, and in the individual rights and priviledges he enjoys under our federal and state constitutions.

It is this liberty and equality for the individual which distin-ruishes our system of govern-ment from communism, under which millions of people are to-day living in slavery. Without laws and courts the freedoms we often take for granted would be meaningless.

This important truth is to be recognized publicly in a nation-wide observance of LAW DAY — U. S. A. to be held on May 1, 1958. The citizens of Baird have been invited to participate. Its pur-pose will be to focus public at-tention on the important part that law has played in America's FOR ATHLETE'S FOOT USE T-4-L BECAUSE— It sloughs off infected skin. Ex-

important part and law has played in America's growth and achievement.

LAW DAY — U. S. A. is to be the first national celebration of its kind ever held. The present status of world affairs makes it especially fitting that our people should at this time reaffirm their faith in the rule of law and their determination to strengthen it. This is both a timely and patriotic observance emphasizing respect for law and goars, 505 Race St., Baird, Texas.
