A SLICE OF THE MOON

(Continued from Previous

Column)

How do I love thee? Let me count the ways. How do I love sweet potatoes. I will count the ways I do not like them. Not in fried pies (cold), not in baked potatoes (cold), not in any way that I can think of. How do I like fried dried salt pork. Pick one of a hundred ways I do not like fried salt and cold biscuit. How many ways do I like syrup. Count a number and you have my answer. How many times did I walk to school in the rain (with rhumatic fever) and you name the number.

But the years were golden and I had wonderful parents. My world of being a yearling ended in 1918 when I moved to the city. I was 7 with a fearsome stammer but I soon learned not to try and digest the world. I grew up in a hurry.

In the early 30's while the bankers jumped from the windows, I rode reebers from Angeles to El Paso with only a bag of oranges (stolen).

Hamburgers sold 7 for 25c but who had 25 cents. Veterans of World War I sold junk on the street. Food riots were common.

One afternoon FDR made the most famous address in the history of man. He said "what is there to fear but fear itself?". I went from the streets to college. A few words changed my life.

A sign of today was the freeing of an accused Civil Rights slayer in a trial in Alabama. The accused was said to have been a Klansman.

From our corner we would say that this is a warning of our northern carpetbaggers to keep out of the internal affairs of our sovereign states. Dr. Martin Luther King must now be taking his teeth out and cleaning them in Poland. When the South can't love and cherish our Negro CITIZENS—let Russia have us. Read this again Mr. King.

No people like the South love, and respect the Negro more, than the South. Dr. King had better keep his white trash out of the South or there will be more Civil Rights "murders", which is treason. The Index will never condone murder even in our current civil war.

O'DONNELL STUDENTS NOW ATTENDING LCC

Judy McKinney, Joe Emerson and Randy Allen, all of O'Donnell, are presently attending classes at Lubbock Christian College.

Miss McKinney, daughter of Mr. and Mrs. Gene McKinney, Rt. 2, is a 1965 graduate of O'Donnell High School. She was active as annual editor, an FHA officer, a student council and National Honor Society member, and a cheerleader. She is majoring in home economics.

Emerson, a 1964 graduate, is the son of Mr. and Mrs. W. W. Emerson. He attended Texas Tech last year. In high school he was a member of FFA and 4-H clubs, as well as participating in athletics. He plans a Bible major.

Allen, son of Mr. and Mrs. A. F. Allen, is attending LCC on a full track scholarship. He went to state in track as a high school senior last year. He also was a band member. At LCC he is a member of Koinonia social club and a pre-med major.

LCC is enjoying a record enrollment of 548 students this fall. There are 20 states and 16 foreign countries represented in the student body.

Rural Aid On Water Offered

More than a million people in rural America may benefit from an expansion in financial support for rural community facilities and family farms authorized by recent legislation, L. J. Cappleman, Farmers Home Administration State Director for Texas said today.

Private investors will provide the bulk of the funds on an insured basis through USDA's Farmers Home Administration.

The legislation signed into law by President Johnson on October 7:

Authorizes an increase from \$200 to \$450 million in the Farmers Home Administration's ability to insure loans in any one year for rural community facilities including water supply and waste disposal systems, and for the development and purchase of family farms.

Provides, for the first time, this type of credit for rural waste disposal systems.

Authorizes, for the first time, grants to supplement this type of credit for rural water and waste disposal systems. Grant authority may not exceed 50 percent of the construction of a project nor a total of \$50 million a year.

Authorizes, for the first time, grants totaling \$5 million a year for comprehensive planning of water and sewage systems.

Increases from 2,500 to 5,500 the size of town eligible for such assistance.

Increases from \$1 to \$4 million the maximum size of a loan, or a combination loan and grant for water supply or waste disposal systems.

The 1,600 field offices of the Farmers Home Administration are being notified to accept application under the expanded credit authorities. Grant assistance will not be available until funds are appropriated by Congress.

Applications for rural community facilities loans may be made by public bodies and nonprofit private organizations.

Mr. and Mrs. Doc Howell entertained with a barbecue supper at their home the week end of the 16th. Those attending were Henry Wade, Mr. and Mrs. Methcote Owen, Mrs. Jerry E. Lee of Ballinger, Mr. and Mrs. Alves Smith of Vealmore, Mr. and Mrs. Tommy Flud of Odessa, also their children, Alma and Dorothy Howell of Lamesa, Mr. and Mrs. Joe McQuire, Mr. and Mrs. Sam McQuire of Lamesa, Lynda Crutcher and daughter of Brownfield, Mr. and Mrs. Martin Howell of Hobbs, N. M., Mr. and Mrs. Jesse Smith and Everetta of Big Spring, Mr. and Mrs. K. W. Brown of Lamesa and their children, Mr. and Mrs. John Crutcher of Brownfield, Pat Summers and Mr. and Mrs. Alvin Pyron of here and Edna Jefferson of Plainview.

LANITA WOOD

Miss Wood Wins State Contest

LaNita Wood, 15 year old daughter of Mr. and Mrs. Jack Wood of O'Donnell, received the cotton award at the State 4-H Dress Revue which was held in connection with the State Fair of Texas now in progress at Dallas.

The award was made by the Texas Cottonseed Crushers' Association. It was a fifty dollar certificate for purchase of cotton fabric and accessories.

Forty-six 4-H club members from all over the state participated in the activity. Record books were previously judged for a portion of the score. The participants judged each other for the remainder of the score.

LaNita has been an active 4-H member since the age of nine. She has participated in the county and district dress revue for six years, state twice, and the district "Make It Yourself With Wool Contest." Some of her other projects include meat animal, swine, photography, electricity, field crop, foods and many others. She has financed all of her projects with the profits from her cotton and animal projects. LaNita has been the recipient of the showmanship and Gold Star Awards and has held many local offices. She is a member of the district council at the present time.

J. V. Burkett Sr. is in Lamesa Hospital after having a light stroke Friday.

CELEBRATES BIRTHDAY

Miss Kim Cartright celebrated her birthday Friday with a picnic at the park in Lamesa, a movie and later a slumber party at her home. Present to help her celebrate were Nancy Woolam, Jo Beth James, Michelle Smith, Debbie Mense, Sojnia Arnold and Mary Alice Thompson.

Mrs. Frank Whitney, Mrs. Cecil Simpson and Mrs. Hamp Thompson and Mrs. Irene Chitwood of Ruidoso returned Tuesday from an extended trip touching seven states. They visited in the home of Mr. and Mrs. Ray Blackwell of Vernon and Mrs. Annie Pearl Bates of Springfield, Miss. before reaching their destination in Lexington, Ky. where they visited Mr. and Mrs. H. E. Syton, son of Mrs. Whitney. They also visited Frankfort and the Grand Ole Opry, and on to Memphis and other points of interest.

"The \$450 million insured loans plus the \$55 million in grants authorized yearly by the Act can help an estimated 800 rural areas containing approximately one million people obtain needed water and waste disposal systems and other facilities, and provide 18,000 farm families with credit needed to secure their foothold on the land," Cappleman said.

"With this expanded authority, we can be far more effective in helping rural communities and family farmers obtain needed resources, build their economic strength. We must cease looking to the cities for solutions to rural problems. We must work to make rural America strong."

SS AMENDMENTS FOR STUDENTS AGE 18-22

The Social Security Amendments of 1965 make an important change in the law as it applies to students age 18 to 22, which may enable many young people to continue to receive social security benefits while finishing their education. According to John G. Hutton, District Manager of the Lubbock Social Security office, "The son or daughter of a deceased worker or retired or disabled worker may now receive child's benefits up to age 22 if he or she is unmarried and a full time student." This provision is effective January, 1965, and enables a student to receive these benefits for several months retroactively in early 1965 even if they are no longer in school or have married since January 1965.

Only One Rural Wreck In Month

The Texas Highway Patrol investigated one accident on rural highways in Lynn County during the month of September, according to Sergeant A. E. Roberts, Highway Patrol Supervisor of this area.

These wrecks accounted for an estimated property damage of \$500.00.

The rural traffic accident summary for this county from January through September of 1965 shows a total of 42 crashes. As a result of these crashes there were two persons killed and 16 persons injured. The estimated property damage amounted to \$18,458.00.

November 30, 1965 is the deadline for applications for the next Patrol Training School. "Applications for the position of patrolman should be made as soon as possible," the Sergeant stated. Those who are selected to fill these positions have the privilege of knowing that they stand as the symbol of order in our society and are respected by all law abiding citizens.

"The work of the patrolman is challenging," the Sergeant pointed out, "but the rewards are many. Each man answers a call to serve with the best of opportunities for participating in the constantly developing effort to curb the dual menace of increasing crime and traffic accidents."

Full details on qualifications can be obtained from the nearest Department of Public Safety office or from any DPS Patrolman

ABSENTEE VOTING ON AMENDMENTS ENDS ON OCTOBER 28

Actually, absentee voting became possible on Wednesday of this week. Ballots should be applied for at the office of County Clerk C. W. Roberts. Absentee ballots may be cast through October 28.

The 59th Legislature authorized vote on 27 proposed amendments

to be voted on during 1965 and 1966, the greatest number by any legislature since the present Constitution was adopted in 1876.

The first, voted on Sept. 7, was rejected by Texas voters. This would have increased the size of the Texas Senate from 31 to 39 members.

Sixteen are to be voted on next year, but the 10 up for consideration now in the Nov. 2 voting, are briefly:

1. Increasing state ad valorem tax by five cents on the \$100 valuation for building construction for state institutions of higher learning.
2. Authorizing an increase of \$200 million in bonds for loans to veterans to buy land and extending program for eight years.

3. Granting authority to Legislature to enact legislation to continue co-operation with Federal Government in providing assistance and medical care to certain aged, needy and handicapped persons; expanding age categories of those eligible for blind assistance

and of needy children; and extending eligibility of program for aged to citizens and non-citizens who have resided in the U. S. 25 years.

4. Authorizing four-year terms of office for Governor, Secretary

Introducing the lively new driving machines: the big, new-generation Comets.

Listen to the roar of the '66 Comets. They're bigger, wider, up to 8 inches longer than any Comet before. They make driving other cars seem like walking.

For a sample of Comet's style, take the Caliente. Notice the smart upholstery... the handsome, simulated wood-grain panels. For spine-tingling action try Comet's new Cyclone GT. Its new 390 4-barrel V-8 delivers

the kind of go that can shove you right back in your bucket seat. Whatever you want - action cars with pure excitement, 3-speed or 4-speed manual transmissions or automatics, inviting interiors - Comet's got it.

Plus a long, tempting list of options that includes built-in air conditioning... power windows, power brakes, and power everything. All this in the most exciting parade of Comets ever. Drive a real driving machine at your Mercury dealer's today.

general counsel of the Texas Railroad
Association. "Recognizing this
need for education, many of the
railroads operating in Texas also
make scholarships available to a
large number of students every

Railroad Taxes In Lynn \$12,680

Austin (Spl.)—Current annual
taxes paid to the various govern-
ment agencies in Lynn County
totaled \$12,680, it is announced by
the Texas Railroad Association.

The amount was the county's
share of the nearly \$10,000,000
the railroads paid in Texas on
their own right of way and other
property.

The biggest railroad contribu-
tion was to the school systems
throughout the state. Large sums
were also distributed to city, vil-
lage and county governments and
for road and bridge funds.

In addition, of course, was the
large total in taxes the railroads'
nearly 35,000 Texas employees
contributed on their own prop-
erty. The vast majority of rail work-
ers, many of whom live in Lynn
County, own their own homes.

"With the future of our country
and state depending to a great ex-
tent upon the education of our
youth, I am delighted that nearly
