Voters Reminded Of Poll Tax Deadline

Political announcements and campaign propaganda will likely remind our voters that now is the time to pay poll taxes. January 31 is the deadline, so there isn't any too much time to secure your receipt.

Five investments this year will be more worthwhile. The national election shows promise of being the hottest in years, and already there is indication of plenty of scripping for state, district and county offices. Go to Tahoka to county and pay your poll tax.

County tax collector A. M. Cade expected Wednesday noon that as far only 1439 poll tax receipts have been issued this year, and 25 exemption blanks. Mr. Cade asks that we remind all persons who have reached the age of 21 since January, 1939, to call at the office for exemption blanks which will give them a free vote this year.

Uncle Bud Miller Is Buried At Plainview

Funeral rites were read at Plainview on January 6th for Uncle Bud Miller, for twenty years postmaster at Tredway before the office was discontinued some years ago. Old timers here can tell of interesting yarns of the old store which Mr. Miller operated in connection with the post office.

Uncle Bud, who was a son-in-law of A. M. Tredway, was 88 years of age at the time of his death.

Physician Purchases Business Building

Dr. O. H. Shepard, local physician, last week purchased the building on Oak street which has been occupied for a number of years by Bonney's Coffee Shop. All papers were signed and completed Thursday.

Mr. Carl Alexander, former O'Donnell man, now at Lubbock, had owned the building for several years.

Dr. Shepard owns several other business houses here, among them that occupied by Bar's Auto Parts, his own office building and his residence office, which is just off the square.

Mrs. Hernandez Injured in Wreck

The car in which Mr. and Mrs. Hernandez were riding was in a collision Monday afternoon near Brownfield and the lady was taken to Brownfield hospital for treatment.

The driver of the other car was seriously injured, we are told, but were unable to secure his name or details of his injuries.

Hernandez has been an employee of W. L. Palmer for a number of years.

Mr. and Mrs. Will Ed Tredway are moving this week to a new home in one of J. W. Gates' residences.

First National Bank Has Splendid Report

Special attention of Index readers is directed today to the financial report of First National Bank issued in reference to government call last week.

This statement is the best which the bank has ever presented, showing an unusually healthy condition. We are told that practically every Fourth Place bank had a similarly good report.

Deposits reached the remarkable high level of \$1,000,000, according to statements appearing in past issues of the Index. In the history of O'Donnell Bank in 1939, before the consolidation of the old First State and National Bank, combined deposits never reached this mark.

Another especially interesting feature of the statement shows that all RFC loans secured at the time the bank became home-owned have been paid off.

January Clearance Sale Allen's Shoes

Special attention of our readers is called to a page in this issue of the Index announcing the opening Friday morning of the annual January Clearance Sale at Allen's Dress Shop.

And the prices listed are really correct, even if some of them do sound unbelievable. Anticipating a heavier fall buying season, Mrs. Allen made extensive purchases in ladies' and children's ready-to-wear last fall. Now that new spring merchandise is due to be shipped, it has become necessary to clear out her present stock to make room for new shipments, which explains the drastic reductions in late winter goods.

Don't fail to read this ad, compare these prices with what you would ordinarily pay for such high quality merchandise, and then you will save money on scores of seasonal bargains.

Walter Mathis Asks For Re-Election

We are this week authorized to place the name of W. M. (Walter) Mathis in our political column as a candidate for re-election to the office of county clerk.

Mr. Mathis is now serving his first term in this office and has made a most commendable record. Conscientious and careful in all work connected with his office, he has also met the public with unfailing courtesy and cheerfulness.

Mr. Mathis said Wednesday that he had no lengthy statement to make, preferring to let his record do the talking. He hopes to see every voter between now and election time, and in the meantime asks the consideration of Lynn county voters.

L. D. Tucker has returned to his home in O'Donnell from Excelsior Springs, Mo., where he has been at the McCleary Sanitarium and Clinic for the past few weeks. His daughter, Miss Louise Tucker went to Excelsior Springs Tuesday to drive him home.

New Test Well Will Be Started Soon

Announcement has been made of an important wildcat oil test for Lynn county by E. H. Gill, operator of Midland and San Angelo. Gill said that within 90 days after January 1, he hoped to start drilling a test about four miles southeast of Wilson, Lynn county town between Slaton and Tahoka. Location is given as in the northeast quarter of section 259, block L, E. S. & F. railway survey. It is on the E. H. May fee.

Honolulu Oil Corporation is understood to have a 12,000 acre block there and to have farmed out about half of this to Gill. Division of acreage has not been made, however.

This is the first test in this section of Lynn county, it is said.

1940 License Plates Received At Tahoka

A. M. Cade, tax-assessor collector, has received the 1940 license plates for Lynn county this week, ready to be issued. The new plates are purple and white. Texas Christian University's colors.

Mr. Cade said he had on hand 2000 plates for passenger cars, 300 truck plates, 300 farm truck plates, and 150 trailer plates.

L. E. Robinson has recently sold a quarter section of land north of town to Mrs. A. J. Barnes.

Mr. and Mrs. Jesse Barnes, who have been at Odessa for several years, will work the place, and have already moved home. Their many friends here will be glad to welcome them back to O'Donnell.

Nowell Implement Adds Avery Line

Nowell Implement company has recently added the complete line of Avery farming implements to be sold in connection with their M-M tractors.

The storage and display building for the tractors has been renovated and repaired also, making a very attractive and comfortable site.

Elvin Ray Moore New Paper Agent

Elvin Ray Moore, son of Mr. and Mrs. Ben Moore, has recently been employed by the Avalanche-Journal as local agent.

John Garner has served in a similar capacity for some time but resigned several days ago. Mr. Woody of the Avalanche circulation department was here Wednesday of last week to arrange the transfer.

Icy Streets Cause Two Accidents Here

Icy streets and sleet-covered windshields caused only two accidents here last week, according to reports coming into this office. One of these, however, really occurred between Lubbock and Levelland when W. L. Palmer overturned in his coupe Friday evening on the way home. No damage was done.

The other also took place Friday afternoon when Mack C. Bradley and Dean Schoeler, driving the Conoco pick-up, crashed head-on into a stalled car on a residence street. The cars were slightly "bumped up," Mack C. bruised and shaken up, while Dean received the worst end of the deal. Thrown against the windshield, he sustained a badly cut lip, a broken tooth, and other front teeth were loosened.

Estes Will Undergo Major Operation

D. M. Estes, for many years a resident of O'Donnell and widely known throughout the state in Masonic circles, has been a Lubbock Sanitarium patient for several days, receiving pre-surgical treatment.

Mr. Estes has been in rather poor health for some time and the operation has been undertaken as a last measure for relief.

Gasoline Pumps Will Be Installed At Brock's

Workers are excavating at Brock's Wrecking Yard today, preparatory to installation of gasoline pumps. Mr. Brock has during recent months built and moved into a new rock building on the highway.

Eagles' Scream Has Good Reception

Publication of the Eagles' Scream, official newspaper for O'Donnell public schools, was greeted here last week with much enthusiasm.

This paper, tabloid size, will be published twice each month, and is edited and managed by students themselves. The business staff has planned advertising, sale of subscriptions, etc. in such a manner that the paper is self-supporting. Many of our readers may not think about it, but a newspaper for a school the size of ours is something to talk about, and we heartily thank our boys off to the Eagles' Scream staff.

We had the distinction of being the first paid-in-advance subscriber to this lively and interesting periodical, and our first copy is being framed to hang in the Index office.

Two Weeks' Moisture Brightens Prospects For 1940 Crops

Almost two weeks of moisture from snow and sleet have decidedly brightened crop prospects for 1940. An estimated five-inch snow on Christmas Day was equal to approximately half an inch of rainfall, and since that time the ground has not been dried out.

Snow and sleet through most of last week-end brought additional moisture for thirsty soil, which had suffered for want of rain since the summer months.

Many local farmers are getting tractors and implements in shape for putting up their land, and it is expected that real farming will begin in this section early next month.

Misses Beverly and Jim Ellen Wells spent Sunday in Brownfield with their cousin, Mrs. Raymond Stevenson.

EMERGENCY CROP LOANS ARE NOW AVAILABLE

Emergency crop and feed loans for 1940 are now available to farmers in Lynn county, and applications for these loans are now being received at office of First National Bank at Tahoka, Texas, by Fred N. Warren, field supervisor of the Emergency Crop and Feed Loan Section of the Farm Credit Administration.

This early opening of the loan program in Lynn county is part of a plan recently announced by the Farm Credit Administration whereby emergency crop and feed loans are being made available immediately in all areas where farming conditions are seriously affected this year by drought.

These loans will be made, as in the past, only to farmers whose cash requirements are small and who cannot obtain a loan from any other source, including production credit associations, banks, or other private concerns or individuals.

As in former years, the money loaned will be limited to the applicant's necessary cash needs in preparing and cultivating his 1940 crops or in purchasing or producing feed for his livestock.

Borrowers who obtained loans for the production of cash crops are required to give as security a first lien on the crop financed or, in the case of loans for the purchase or production of feed for livestock, a first lien on the livestock to be fed.

Messrs. W. H. Veazey and R. L. Nowell attended a district meeting of M-M tractor dealers, held in Amarillo Monday.

1940 Business Census Being Taken Here

Co-operating with a nation-wide movement, Lynn county business men and merchants are this week rendering statistics and figures for the national business census.

Oll D. Harris of the Lynn County Motor Company is Lynn County chairman, and has this week started operatives to work in each community. This is not to be confused with the taking of the population census, which occurs each ten years. The business census is just what its name indicates—a survey of active business institutions now in operation, their annual volume of business, etc. Mr. Harris will appreciate the co-operation of all business folks in the county.

Lynn County Will Have Birthday Celebration

Mrs. Lenore M. Tunnell, county superintendent, has been appointed Lynn County chairman of the annual celebration of the President's birthday, and has appointed her co-workers to plan the affair.

Announcements concerning the nature of the celebration will be made next week. As most of our readers are aware, proceeds derived each year from these fetes are used in the fight to control infantile paralysis.
