Austin - Quail season opened in Texas Dec. 1st sending even more hunters into fields to join still talking deer and turkey hunting rabbits. It is anyone's as to how many hunters will fall victim to another hunter's gun. Statisticians contend 95 percent of

hunting accidents involving guns could be avoided by sensible hand-ing of firearms. Last year 194 Texans died in accidents involving firearms. Expert hunters realize guns are instruments of not toys to be handled frivolously One of the most deadly hunting sit uations is created when hunting is combined with drinking.

A smart hunter keeps his Mr and Mrs. Rex Robinson of Lamesa visited in the W. A. Telchik actually on the prowl for game. He never carries a loaded gun in a car, into home surroundings or into a camp even when only hunters are present. Pointing a gun at a com-panion, even when unloaded, is an inexcusable violation of safety sportmanship, hunting ethics and

Climbing fences is another test
of hunting sense. Either pass the gun to a companion, muzzle pointed safely, for him to hold while you climb thru or over, or lay the gun on the ground while you cross over. Another frequent cause of hunting mishaps is an exploding gun, the barrel of which has been clogged with mud or snow. Basic intelligence dictates that when a gun muz-zle touches the ground it should be unloaded and checked for obstruct-

NOTICE ON SCHOOL TAXES Please see John Criner at the High School office when you wish to pay your school taxes. Thanks

Among the myriad problems which beset parents at Christmas time are the many questions from the small-fry about Santa Claus. And the business of telling Junior or his little sister the truth about the jolly old gentleman in the red suit is really a major task.

However, the situation is bound to arise, and when it does, it does something to your heart strings— so you draw the little ones close and cast about for the best explanation

Oddly enough, the true story is best—and the easiest to tell. So why not just tell the little ones this?:

St. Nicholas (or Nicolas) is Santa Claus' real name. He lived in Asia Minor and was the beloved bishop of the Greek church of Myra in Lycia. He is the patron saint of the young, and in some European countries a person dressed as a bishop still assembles the children and distributes gifts of nuts, sweetmeats and other nice things to the good boys and girls.

Children loved St. Nicholas and trudged along beside him as he trudged the dusty roads of the Lycia countryside, bringing fruit and candy to the sick and needy.
