

Newswise summer is a time of drought for live news in a rural community as many sources of news as school clubs, etc. are out on vacation. Rather than to use "canned" news releases, we'll try using a column to fill up.

It is difficult to write about anyone or anything except yourself as so many people are so quick to read into an article a meaning complete foreign to the intention of the article. The mere casual mention of such abstract words as Mexicans, Jews, Negroes, Catholics, Protestants, —take on a personal meaning to some when the intention of the article may be of a universal scope.

So this week we delve into rheumatism — and leave sin and heaven until another time. Last Christmas while visiting at Pine Box we noticed a number of our 3rd and 4th generation German friends wearing copper bands on various portions of their anatomy. We found they believed it was a cure, and a preventive, of all aches and pains of body joints due to normal aging of the body's frame.

Returning home we had Santa Fe Agent Charley Boles to "mash" a heavy piece of copper wire under a passing freight train moulding the flat copper band around an ankle. We grew accustomed to wearing it even when taking a tub.

How does copper help? It probably helps in that it keeps the animal's body in a remarkable and delicately electrical system of minute voltage — and the low charge electricity can be measured. Rheumatism is found in all higher animals as horses, cows, etc. Our pet office dog is developing rheumatism.

If you try copper, give it from 6 months to a year before judging. Fix the band on your body so you forget it when wearing a ring. And then DO NOT take it off until the experiment is over.

Willard Emerson last week showed a weevil to an entomologist at Clark Feed Store. It proved to be a cottonwood weevil and no threat to cotton. This area is free of the dread boll weevil.

For sale: Blackeye pea seed. See Matt Gilliam, phone 2302 Lamesa. Stored in barn near O'Donnell. 2tp

Mr and Mrs. J J Whirley visited in Colorado City Sunday.

Mr and Mrs. Joe Harris and boys of Denver City visited relatives and friends here over the week end.

Mr and Mrs. E. C. Mahurin visited Mr and Mrs Ben Kunkel at Ackery Sunday.

Mr and Mrs. J P Hale visited her parents Mr and Mrs. C C Gallagher at Kermit Sunday.

Mr and Mrs. C N. Hoffman are visiting their daughter and her husband in Albuquerque.

Mrs. Vera Etter is visiting her daughter in Plainview

Lost: Pekinese dog answers to "Pekepo" Reward. Neal Russ Phone 8-3202 O'Donnell

Mrs. Joe Proctor of Ft Worth arrived Saturday to visit Mrs. Florence Carpenter.

**Card Of Thanks**  
It is impossible to put into words the deep gratitude we feel in our hearts for your great deeds of kindness and love which each of you extended to us in the passing of our beloved husband, father, grand father, and great grandfather. May God's richest blessing rest upon you all.

The R. M. Mahurin Family

**Polio Campaign Set**  
ORAL POLIO VACCINE MAY BE GIVEN IN LYNN CO.

Lynn county had an opportunity to participate in a virtually free mass inoculation against polio thru use of Sabin oral vaccine.

The highly successful method is simply done by each person taking three drops of the vaccine in a sugar cube by mouth in three doses six weeks apart.

This is the same program started in the Dallas-Ft. Worth project. Lorenzo is the first town in this area to take advantage of the program and Brownfield is now in the process of getting the program underway.

Under the mass program, actual of vaccine would be less than 25c per dose.

Dr. and Mrs. Skiles Thomas and H. B. McCord, Jr., Lynn county chairman of the National Foundation Wednesday night attended a meeting in Brownfield of representative from Terry, Lynn, Gaines, Yoakum and Dawson counties.

At the meeting, Brownfield physicians explained the mass program being conducted there.

Dr. Thomas, who is county health officer, said the program would need a lot of promotion because for it to be a success at least 80 percent of the people in an area should take the oral vaccine. This would be done in one day at some central point as a church or community center.

Children who have had the Salk vaccine shots should also take the oral vaccine Dr. Noble Rumbo of here thinks this would be a wonderful thing and he would like to have your thinking on this matter. Target date for the campaign is the 4th Sunday in August.

**CARD OF THANKS**  
We wish to say "Thanks" to everyone for the loving prayers and beautiful flowers and cards. My stay in hospital was made much easier. May God bless you, The Geo. Ladys

\$50,000 Rumbo Clinic Remodeling Contract Let

Dr. Noble Rumbo, our home town physician for six years, announced this week his plans for remodeling his present clinic here. Plans call for an expenditure of approximately \$50,000 to include the purchase of the LaGrone Building adjoining to the north.

Plans call for the conversion of the present clinic into a hospital unit with an attractive front on Baldrige St. The hospital will include seven beds, a delivery room, a recovery room, a modern lab room, an x-ray and dark room, a nurses' room as well as a kitchen and a utility room. The present LaGrone building will be remodeled into doctors' offices, a business office, a reception room and two consulting and examination rooms. The front of this building will also have an attractive front. Public entrance to the hospital will be by the 5th st. entrance.

Construction is expected to begin within the immediate future and completion in time for the fall business. Dr. Rumbo said he believed the community will be quite proud of the clinic and hospital unit which will compare favorably with any in this area.

Will do ironing, sewing and baby sitting in my home by the hour, day or week. Mrs. W D Parker, phone 428-3874

3 Youths To Get FFA Degree This Week

In Ft. Worth this week are three local FFA boys to receive the Lone Star Farmer degree. The youths are Bobby Joe Furlow, son of Mr and Mrs. Oscar Furlow, Bobby Mack Furlow, son of Mr and Mrs. A B Furlow and Douglas Mires, son of Mr and Mrs. L M Mires. The degree is being presented at the 34th Annual State FFA convention at the Texas Hotel in Ft. Worth.

Bobby Mack has carried on a crop and swine program in his 3 years of vocational agriculture. He has served on various committees, contests and a delegate to district FFA banquet.

Roger Doss suffered an electrical shock Saturday afternoon at Pelts Welding Shop, when an arc welding machine, in some manner, shorted its electrical capacity into him. A youth passing by took him to Rumbo Clinic. He suffered no ill effect.

Mrs. John Mansell of Rochester visited Mr and Mrs. C H Mansell and Mrs. Pose Mansell over the week end.

Mrs. Dick Bruhn and children of Houston visited in the home of her sister, Mr and Mrs. Bill Autry and Donna Jo last week.

Mrs. Maggie Spears and daughter Mrs. John Lawler and boys of Lamesa are visiting relatives in Ft. Worth and Grand Prairie and seeing "Six Flags Over Texas."

Ossian Smith of Sul Ross College, spent week end home.

Mr and Mrs. Oscar Telchik attended the Telchik reunion at Weimer last week.

Mrs. Warren Smith took the summer homemaking studies on at outting at the Lubbock park Monday. Mrs. Horace Brunet, accompanied them.

**NEW FAMILY HONORED**  
Mrs. J. T. Woolam was honored with an introductory coffee at 9:30 in the home of Mrs. Clarence Williams. Mrs. Glen Gibson was co-hostess. Mr and Mrs. Woolam moved here in June from San Benito. They purchased and remodeled the Harvey Jordan home. They have four children. Tommy will attend Tech., Dennis is in high school, Kathy is in the 7th grade and Nancy will be in the first grade.

Mr and Mrs. Glen Gibson attended the Sublett reunion at Sweetwater Sunday.

Mrs. Mae Arnold remains in the Lamesa hospital

**Possible Twister Reported**  
Unsettled weather last week featured afternoon thunder storms plus some hail and a possible twister in Berry Flat community.

The storm of last Wednesday netted one inch of moisture at Berry Flat and generally one half an inch in portions in a hit and skip pattern. A possible twister unroofed a barn on the Shorty Farmer farm and "lifted" up an airplane hanger on the Bill Williams farm leaving the plane intact and undamaged. The hanger was demolished when slammed against some cotton trailers.

The same afternoon in the same storm system, a quick moving storm brought rain and damaging hail which reached from the Jack Wood farm eastward into the Joe Bailey community. About 1,000 acres of cotton was severely to moderately damaged.

A six p. m. shower Thursday in a localized area of town netted one half an inch of rain. Lightning hit the Catholic Church knocking two people to the ground but not injuring them. Damage to the church was confined to the steeple.

**Crops Look Good**  
Crops generally look great for such a late and difficult start. Early cotton on irrigated land especially looks good. Cotton chopping is in progress with about 37,000 being paid out from the local bank for chopping. The peak of chopping is not expected for another ten days. Good wage rate is generally \$4 for a ten hour day.

The youths were accompanied by James Reed, local vocational agriculture teacher and FFA advisor. The convention program includes a trip to Six Flags Over Texas. Each boy will serve as an alternate voting delegate.

**L. L. Play-off Set At Slaton Thursday, Friday, Saturday**  
The district play off will be at Slaton. At 6 p. m. this Thursday O'Donnell plays Post and at 8 p. m. Lamesa plays Crosbyton. The winner of Thursday's games meet the winner of Friday's game which has Slaton meeting Tahoka at 6 p. m. The playoff will be at 8 p. m. and Saturday will see the game for the championship.

Members of the O'Donnell All-Star team are: Randy Bessire, Raymond Jasso, Johnny Turner, Danny Brewer, Robert Ewing, Wayne Clayton, Bama Ortiz, Jessie Benitez, Terry Vaughn Kent Wood, Eugene Walker, Amos Davis and Greg Reed

Following are the batting averages for the season of leading batters in the Little League:  
Giants: Randy Bessire, 375. Raymond Jasso 416, and John Turner, 421.  
Braves: Bama Ortiz, 470. Chas. Thompson, 357 and Wayne Clayton 236.  
Yankees: M. Green, 454. B. Knight, 350. R. Jackson, 285.  
Cubs: Terry Vaughn, 452. Kent Wood, 216. Amos Davis, 197.  
During the season Johnny Turner hit three home runs and Terry Vaughn hit one.

L. L. Play-off Set At Slaton Thursday, Friday, Saturday

**HEALTH CHECKS NEEDED BEFORE SCHOOL**

Early this fall more than 238,000 young Texans will be entering both private and public schools for the first time. Even though the opening of school is still some weeks away, parents are busy making preparation to insure that their child makes a smooth adjustment to his new environment. The child's adjustment will be more rapid and satisfactory if he starts his school life in good, sound health.

Have your family physician or local clinic give your child a complete physical examination including an eye check. His teeth should also be checked by the family dentist. If these examinations show there are ailments or defects that can and should be looked after, then follow their advice and have them corrected before you enroll him in school.

It is likely that your child has already been immunized against certain of the childhood diseases as diphtheria, whooping cough and smallpox. If not have it done immediately either by your doctor or by the local health clinic. If all immunizations have been done previously make sure your child gets the necessary booster dose.

Insist on your child getting regular and sufficient hours of sleep to help him enjoy school. He needs a quiet, darkened room with an open window to build up his energy and offset his tiredness.

**THAT'S A FACT**

**Dog "Shots" Set**

Dr. Smith of Lamesa will be here Saturday from 5 to 6 p. m. at Jail to give dogs anti-rabies shots.

**46 STUDY CLUB MEETS**

The 1946 Study Club met at a called meeting in the home of Mrs. Harvey Line and Mrs. Carr Sprabery. Business was to amend the constitution of the club. 14 members of the club were present.

Mr and Mrs. Frank McKee of San Angelo and Mrs. Geneva Younger of Pie Town, N. M. are visiting Mr. and Mrs. Houston Brewer.

**OES MEETS**  
The O'Donnell O. E. S. met Monday night of last week at a stated meeting with Mrs. Edna Mae Haney, Worthy Matron and A. D. Haney, Worthy Patron, presiding.

After business was concluded, a program honoring the "Sideliners" was given. A bare tree was placed in front of the "Sideliners" with its trunk symbolizing General Grand Chapter and Grand Chapter and its branches the subordinate chapters. Glittered leaves were hung on the tree each symbolizing the numbers.

Each Sideliner member was presented a small rose cluster from the Chapter. Refreshments were served in the dining room to 24 officers and members. Hostesses for the evening were Alta Lane, Moody Everett and Nodia Tredway.

**Jail House "Fire"**  
Wednesday at noon a fire call was made to the jail. Deputy Calhoun was cleaning house and burned some waste cotton inside the jail to clean out the "bugs". The resulting smoke caused the alarm which was a "fire" without a real fire.

He reported 10 drunks, one possession case, and one for totting a pistol over week end.

**WRIGHT REUNION HELD**  
Present for the Elmer Wright family reunion at community home over week end were Mr and Mrs. Howard Wright and family of Calhoun, N. M., Mr and Mrs. Jake Burgett and family of Maple, Mr and Mrs. John Kosloskie of Lubbock, Mr and Mrs. Marvel Kidd of Seagraves, Mr and Mrs. Carl Livingston of Amarillo, Mr and Mrs. John Tunlinson of Clovis, N. M., Mrs. Leslie Chilton of Mountainaire, N. M., and Eugene Chilton of Portales, D. C. Wright and Lynn of Levelland, Mr and Mrs. Mike Burroughs and their grandson, Stevie, Mr and Mrs. Moody Liddell of San Antonio, Mr and Mrs. Bryan Wright of Ruidoso, N. M.

**FARMERS GIVEN S. S. INFORMATION**  
Most farm workers are now covered by the social security law. In order to determine if the work on your farm must be reported, the law provides certain guidelines. Generally if you employ a person to do farm work and pay him as much as \$150 cash wages in a year, or if he works for you 20 or more days for cash wages figured on a time basis, hourly, daily, etc. you must make a social security tax report. John G. Hutton, district manager of the Lubbock Social Security Office, pointed out that there is a question in the minds of some farmers concerning tax reports for crew leaders and crew members.

The crew leader is the employer of any crew of workers he furnishes to do farm work and pays sufficient wages (either for himself or for you, the farmer). If he brought a crew to your farm, it is his responsibility to keep a record of the name, address and social security number of each crew member who works enough to meet the \$150 cash wage or 20 day test mentioned above. He should withhold 3 1/8 percent tax from the pay of each such worker and match it with the employer's 3 1/8 percent when he files his tax report at the end of each calendar year. He should give the worker a receipt for his tax deduction at the end of the year, or at the end of the year, which ever comes first.

There are situations, Mr. Hutton said, in which the crew leader and farmer have a written agreement that the crew leader is the farmer's employee. In this case, the members of the crew are the farmer's employees also and the farmer is responsible for deducting the tax and making the required reports for wages paid. In either case, the farmer is obligated to keep a record of the name, permanent address, and employer's identification number of the crew leader.

Hutton said that free pamphlets for crew leaders and farmers are available at this time and can be obtained by writing this office at 1616 -- 19th st., Lubbock, or calling PO 3-0456 and asking for 'Social Security Information for Crew Leaders and Farmers. For next day your S. S. man will be in O'Donnell ask at the post office.

DOGS MUST BE TAGGED AND HAVE SHOTS BY JULY 15

Deputy Earl Calhoun said Tuesday that a July 15th deadline has been set for ALL dogs to be tagged and vaccinated or be subject to being destroyed.

If your water heater is on "borrowed time"...

Replace it now with a modern flameless **ELECTRIC WATER HEATER**

and save \$50 with this...

Good for \$50 on the retail purchase and installation of a new electric 40-gallon (or larger) glass-lined quick recovery water heater in any home served by Texas Electric Service Company. Certificate available now and for a limited time only from your electric appliance dealer, plumber or electrical contractor.

Only an **ELECTRIC** water heater gives you all these advantages:

**SAFE—NO FLAME.** No flame to blow out accidentally, no fuel to leak, no pilot light or flue to worry about.

**FAST—EFFICIENT.** Immersed electric heating elements put all their heat into the water. No heat is wasted up a flue. You get hotter water faster and it stays hot longer.

**SUNSHINE CLEAN.** No by-products of combustion to soil walls or ceilings. No unpleasant fumes. No flue to accumulate soot.

**LONG LIFE.** With an electric water heater, the tank bottom is not subjected to the corrosive action of flames. There are no valves to stick, no burner to adjust.

**INSTALLS ANYWHERE.** Needs no flue. Can be installed anywhere in the house, close to the point of greatest use. Saves long, heat-wasting pipe runs.

**NEW LOW RATE.** Only 1 1/4 cents per kilowatt-hour for all electricity normally used for water heating by the average family. Call our office for details.

**TEXAS ELECTRIC SERVICE COMPANY**

If you take your truck for granted

...it's a good one!

A truck that doesn't call for a lot of attention, that just does its job every day, is a great asset. This is the thing most users tell us they like about Chevrolet trucks—their reliability. And this, of course, comes from quality. Sound engines, strong frames, double-wall construction, insulated cabs, separated bodies

and cabs, tight tailgates . . . are some of the features that help Chevrolet trucks work longer and bring back more of your investment at trade-in.

If you wish you had a truck that cost you less thought and attention, put your money on quality. Make your next buy a dependable Chevrolet truck.

## Sucker Day Recalls Big Bamboozlement To Oklahoma Town

WETUMKA, Okla. — The city slicker who bamboozled almost every merchant in this community received some high tribute recently from the very town that he kysped.

The town celebrated its third annual "Sucker Day," to memorialize the fortune that turned bad luck into good for this community.

Sen. Taft (R-Ohio) and Sen. Kerr (D-Okla.), who were named the "top suckers of 1952" sent their regrets because they could not attend.

Slick F. Bam Morrison visited Wetumka three years ago and sold a bill of goods.

The community held a party to get rid of the unusable surplus merchandise and found itself with a profit-making festival.

Morrison was invited to this year's celebration. But, with everything honest, he stayed away.

The history of the event goes back to the day Morrison arrived here as the self-announced advance agent for a circus.

He canvassed every merchant for advertisements in the circus program.

"Yessiree," Morrison's glib tongue promised, "the circus is coming and it's a humdinger!"

The confidence man persuaded local merchants to import hay to feed the elephants.

Came the big day, there was no big top. There was no Morrison.

The red-faced civic leaders hit upon the scheme to out-Morrison Morrison.

## Town Lavishes Gifts On Boy Who Lost Hands

CENTERVILLE, Ala. — Everybody in this town is mighty friendly. James Allen Brewster, 5, thinks. His neighbors have lavished many gifts and toys upon him, things he often has wished for but which now he can't hold or fondle. He has lost both his hands.

His hands were caught in a saw-mill slab chain. He was treated in a hospital. When he returned home he gazed ruefully at the bandages where his arms ended and said, "Now I won't be able to play anymore."

Centerville folks had been too busy helping the boy's dad, S. A. Brewster, pay the hospital and the doctors to think about toys for the small lad. They had already raised about \$300 for medical expenses and \$40 to buy James some clothes.

After his sighing remark about not playing again, James went uptown with his sister, Mary Dean, 12. He wore a neat sports shirt, blue jeans and new shoes. His sister bought him a soft drink and held the bottle while he sipped. Then they went home.

Upon arrival, they found the toys that the people of Centerville had been too busy to buy before. James was so happy that he declared he would learn how to play all over again.

Barbecued turkey is excitingly new and tasty, and when cooked right it all but melts in your mouth. Because supplies of turkeys are plentiful, their use is suggested for the next family picnic.

Research studies by members of the Department of Entomology at Texas A and M College show that even light infestations of bollworms can cause sizable cotton yield losses.

Many farmers are finding fertilizers a good production item buy. The price of fertilizers has not increased since 1951 and Texas farmers have increased their use by 23 percent during the period. There is room for additional usage but a soil test should be used to determine the amount needed.

## Tennessee Bear Ruins Revenuers' Evidence

NASHVILLE—In the Tennessee hills there lives a bear which seems to know bad whiskey when he tastes it. While Alcohol Tax Unit agents were waiting to trap the owner of a still they had just found, the bear lumbered out of the forest and decided to sample the product. He rolled it around his tongue and then smashed the still to pieces.

A WORD TO THE TEXANS WHO ARE WISE: USE YOUR HEAD AS WELL AS YOUR EYES

## IT TAKES MORE THAN A ROOFLINE TO MATCH OUR FORD GALAXIE!!

- SOME OF THE WAYS OUR FORD GALAXIE BEATS CHEVROLET'S IMPALA:
- WORLD'S MOST THRILLING V-8 ENGINE—Choice of 5 Thunderbird V-8's up to 405 horsepower.
  - GREATER SAFETY—Husky box-section side rails surround and protect passengers—compared to Chevy's open-sided x-type frame.
  - MORE ROOM—3 inches more rear shoulder room and over 2 inches more stretch-out room in the back between seats, for passenger comfort.
  - 30,000 MILE CHASSIS LUBRICATION—Compared to every 1,000 miles for Chevy—a big saving in time and money.
  - 6,000-MILE OIL CHANGE—After first 1,000-mile change—a one-third saving over Chevy!
  - SELF-ADJUSTING BRAKES—Safe, high-pedal stops for the life of the lining! (Chevy specifies brake adjustment every 5,000 miles!)
  - BIGGER BRAKES—Galaxie has 212-sq. in. gross brake lining area—compared to Impala's 193.5.
  - 2-YEAR OR 30,000-MILE ENGINE COOLANT-ANTIFREEZE—Factory-installed in every Galaxie!
  - WIDER TRANSMISSION CHOICE—5 to choose from—including an optional new 4-speed manual transmission!
  - YOU SAVE \$184 WITH FORD'S TWICE-A-YEAR MAINTENANCE in the first 30,000 miles! (According to Official Factory Owners' Manuals which specify service and maintenance periods.)
- ...AND YOU SAVE 155 BIG TEXAS DOLLARS\* TO BOOT!
- \*Based on comparison of manufacturers' suggested retail prices for a 4-door sedan, equipped with lowest priced V-8 engine, radio, heater, automatic transmission.

WE FORD DEALERS HAVE A FEELING WE'RE BEING FOLLOWED, THE WAY SOME OF OUR COMPETITORS' CARS ARE STYLED. BUT IT TAKES MORE THAN STYLING TO MATCH GALAXIE'S VALUE! FOR INSTANCE, JUST LOOK AT THE WAYS EVEN THE LOWEST-PRICED FORD GALAXIE SURPASSES THE MOST EXPENSIVE CHEVROLET.

THE CAR IS RIGHT!!!  
THE PRICE IS RIGHT!  
AND SO IS THE DEALER

## Air Conditioning experts agree... WATER cooling is BEST!

Youngsters learn mighty early about the cooling effect of water when the weather's hot. And air conditioning engineers know that water cooling is far more efficient than air cooling. The reason is simple... 85° water can absorb more heat from your home than 100° air.

That's why ARKLA-SERVEL Sun Valley's GAS air conditioners are WATER cooled! Water cooling, plus Sun Valley's "no moving parts" principle, gives you two big advantages unavailable with other air conditioners. One, a Sun Valley gives you CONSTANT EFFICIENCY, while air cooled units lose as much as 15% efficiency. Two, Sun Valley operating COSTS REMAIN CONSTANT, while air cooled equipment operating costs rise as much as 23%.

**KING-SIZED FILTER**  
Sun Valley's double filtering capacity STOPS ALL HOUSEHOLD ODORS! It even takes cigar and fish odors, giving your home Spring-like freshness all year long.

**NO MOVING PARTS**  
... in the heating or cooling cycles of the Sun Valley... nothing to wear out or break down! Sun Valley is year-around comfort for the mortgage life of your home!

**CONSTANT EFFICIENCY**  
Sun Valley has no comfort-robbing friction to run up your operating costs. It doesn't cost a penny more to operate the Sun Valley for an hour when it's 115° than it does when the temperature is 90°.

### TRADE WHERE MA SAVES MONEY FOR PA

#### FARMERS GIVEN S. S. INFORMATION

Most farm workers are now covered by the social security law. In order to determine if the work on your farm must be reported, the law provides certain guidelines. Generally if you employ a person to do farm work and pay him as much as \$150 cash wages in a year, or if he works for you 20 or more days for cash wages figured on a time basis, hourly, daily, etc. you must make a social security tax report. John G. Hutton, district manager of the Lubbock Social Security Office, pointed out that there is a question in the minds of some farmers con-

receipt for his tax deduction at the end of the work, or at the end of the year, which ever comes first.

There are situations, Mr. Hutton said, in which the crew leader and farmer have a written agreement that the crew leader is the farmer's employee. In this case, the members of the crew are the farmer's employees also and the farmer is responsible for deducting the tax and making the required reports for wages paid. In either case, the farmer is obligated to keep a record of the name, permanent address, and
