"Twinners" at Forty Fair

Swimmers in Billy Rose's 1940 Golden Gate Inter-Exposition "Aguacade," are lovely twins, Virginia and Billy, shown above. Both girls are water stars in their own right and have been selected by Rose to swim in the "Aguacade" at the annual water spectacle to run throughout the Fair, held, on San Francisco Bay, opens May 25.

City 'Clean-up' Is Planned

Census Report Shows Gains For O'Donnell-Tahoka

This City Has 1,131 Compared To 1,026 In '30

Showing a slight increase, O'Donnell's population figures were released this week by A. G. Bearden of Lamesa, district supervisor, and showed this city with 1,131 population in comparison with 1,026 in 1930.

Miss Treva Payne served as enumerator for O'Donnell.

Lynn county's other metropolis Tahoka, registered a more substantial increase with 2,124 in 1940 over 1,620 in 1930.

Illness Postpones Talk Here Saturday By Tom L. Price

Tom L. Price, Post attorney who is a candidate for district attorney, was forced to postpone meeting O'Donnell voters here last Saturday when he became slightly ill. He recently underwent an operation.

A check up by his physician, however, disclosed that his attack was only a mild one, and Mr. Price informed the Press that he would again be in O'Donnell soon.

Rotary Club Members Put Shoulders To Wheel For City Beautification

Conoco Features New Mile-Dial

"I cannot tell a lie," reads the opening line of the Conoco advertisement in this issue of the Press, and is a direct from the mile-age merchants of this section, so says Guy Bradley, local agent for Conoco products.

And that statement revolves around a feature that should prove of high interest to every motorist, Bradley also avers.

A reading of the advertisement explains the new feature, and the use thereof paves the way to savings for each motorist. Your local mileage-merchant will gladly explain all you wish to know if you'll drive in his station any time regardless of whether you wish to purchase gasoline or not.

The new device is explained on page 2.

A city-wide "Clean Up and Paint Up" week is to be sponsored by the Rotary Club within a short time.

Details of the proposed city beautification will be threshed out in a special committee meeting prior to next Tuesday when the regular Rotary noon-day luncheon is held, and any suggestions will be taken under advisement so that the drive will prove successful in every way.

Committee members are E. T. Wells, J. Mack Noble, C. H. Cabool and Mrs. Cary Shook, club pianist.

Drives of a similar nature have been held here, but the Rotarians are laying plans to insure "one of the best" ever held here, and will ask the co-operation of the city administration, Boy Scouts and Women's club members.

Not only is it proposed that each home place and business place be beautified, but it is also deemed vital that all vacant lots and alleys be given a thorough cleaning up not only from a beautification standpoint, but also from a health program feature.

Standard Rain Gauge Placed

The establishment of a standard government rain gauge, with clock and weights, has been set up in O'Donnell at the home of Ben Moore, and the first "weighing" of rainfall was made this week when .014 was registered.

Three gauges of such accuracy are now in this section, one at Lubbock, another at Big Spring and the one here.

Despite the "heavy" moisture which tested the gauge, so Moore says, it quickly announced the weight and the clock's bell announced when the rainfall occurred.

Oldtimers Plan June Meetings

Preliminary plans for the annual Lynn County Pioneer's Association meeting were made by officers Tuesday morning. The reunion will be held on June 24 this year, and one of two speakers of state-wide prominence will probably be on the program.

J. D. Donaldson is president of the organization, W. H. May is vice-president, and Truett Smith is secretary.

Minor Winner Southwestern AAU

Max Minor, Tahoka High athlete, participated in the Southwestern A. A. U. track meet at North Texas State Teachers College, Denton, on Monday and Tuesday night of this week, and will this Saturday participate in the Southern A. A. U. at Baton Rouge, Louisiana. In each case he was the guest of the school entertaining the meet.

Govt. Employees In New Building

Although the finishing touches have not been made to the interior of one compartment of the new Government building here, the workers and their assistants and county agent Don Turner, and A. A. A. supervisor C. A. Lawrence, the employees, moved into their new offices in this building last Saturday afternoon.

The entire interior of the old portion of this building has been remodeled and redecorated and the new portion is being given a beautiful interior finish, making this a most attractive building. In fact it is ideal for the purpose for which it was designed.

Some moves have also been made in the courthouse, Jack Welch, Farm Security Administration supervisor, and Miss Ovel Lytle, Farm Security employees, have moved their offices from the third floor down to the offices vacated by the county and Triple-A agents.

The county health department, with Mrs. Gladys Davis as nurse and Mrs. Mayfair Davis as clerk, have moved into the former P. S. A. offices, situated across the hall from the district court room.

Candidates To Speak In OK

A political candidate speaking rally will be held at the OK school in north Dawson county on Friday night, May 31, so sponsors have informed the Press.

Cake and ice cream will be sold by the OK home demonstration club women.

All county and district candidates have been invited to attend, as well as others who are interested in the various political races.

Many Numbers In Treasure Hunt Fail: To "Show"

Many readers of the Press are either timid or have plenty of this world's goods.

Such valuables as \$2.00 in groceries, \$1.00 hosiery, shirts, car washings and greasings, \$8.50 Steel-lex piston rings, thermos bottles, etc. were in O'Donnell stores free for the asking Saturday, but had to be placed back in stock simply because those readers of the Press who had certain numbers did not show up.

Hundreds of others, however, made the search, and some were rewarded.

You, who are reading this and did not bring in your paper for the search, may have had one of the numbers listed below. If so, it can't be helped this time.

Corner Drug, Thermos bottle, 478; Ray's Tailor Shop, either suit or dress cleaned and pressed, 1101; Booth's 5c to \$1.00 ladies' purse, 421; Line & Lambert, \$2.00 groceries, 458; Singleton Appliance, \$1.00 teakettle, 958; Whitsett Drug, box chocolates, 1003; C-C Dry Goods, straw hat, 555 and lunch cloth set, 609; Blocker Grocery, 24 lb. flour, 686; Eagle Cafe, regular lunch, 270; Burt's Auto Parts, set piston rings, 592; Ellis Chevrolet, free wash and grease job, 576; Cicero Smith, \$1.50 merchandise, 692; Lynn County Motor Company, wash and grease job, 1008; Economy Dry goods, dry goods, 436; City Bakery, bakery goods, 757; Higinbotham-Bartlett company, \$1.50 merchandise.

And let no one tell you differently—every one of those numbers were on papers sent into THIS section last Friday morning.

Care was taken that numbers were jumbled, and no certain persons picked. Every prize could have been given away if we had desired to just "pick out certain subscribers," but we want to show—everyone has to have an equal opportunity.

Here are some prize winners: Novell Implement, 5 quarts of oil, T. M. Pierce; Blocker Grocery, 4-lb. carton lard, Mr. Emmons; Blocker Grocery, Gallon of syrup, Mrs. Mayfield; Miller's Variety, \$1.00 man's shirt, Lynn Smith.

If you liked the idea, whether you won or not, why not tell your merchant. We might do it again soon.

If increased by alcohol or exercise serves to distribute the poison much more rapidly through the body.

DO NOT injure the tissues by injecting permanganate of potash, which is known to be of no value as an antidote.

DO NOT depend upon home remedies or so-called snake-bite cures, but call a physician immediately.

MRS. CONGER WAS HONOREE FOR PARTY

Mrs. J. T. Middleton Jr. was hostess to a coterie of friends for a party Tuesday to honor Mrs. D. M. Conger who is leaving the city.

The honoree was presented prizes for guest prize and Mrs. George Oates won high and bingo prizes.

A dainty refreshment plate was served.

Attending were the honoree, Mrs. Conger and Mesdames Grant, Winston, Earl Howard, Floyd Thompson, Johnnie Billingsley, Geo. Oates, Homer Harberger and Miss Hope Shook.

Mr. and Mrs. C. L. Hafer were in Midland Sunday where they spent the day with Mr. and Mrs. I. W. Pratt.

STATE HEALTH OFFICER COX ISSUES SNAKE BITE WARNING

AUSTIN, MAY 22—A warning about the dangers of snake bite has just been issued by Dr. Geo. W. Cox, State Health Officer. A number of cases of snake bite are reported each year in Texas during the summer and early fall; however, few of them result fatally.

Most of the bites occur on the hands or feet, which indicates that stepping or falling in the immediate vicinity of an unseen snake or picking up objects under similar conditions are the hazards of contracting snake bite. The pain following the injection of poison is most intense. Other symptoms are swelling, giddiness, difficult breathing, hemorrhage, weak pulse and vomiting.

If one is bitten by a poisonous snake, such as the rattlesnake, the following first aid measures should be carried out:

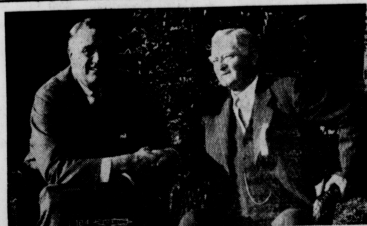

After making proper incisions at the site of the wound, apply suction and continue for at least half an hour.

Apply a tourniquet above the wound, releasing same every ten or fifteen minutes for about a minute at a time.

Secure the services of a physician at the earliest possible moment.

DO NOT run or get overheated and DO NOT take any alcoholic stimulants, because circulation in-

EYES OF TEXAS UPON THEM

Folks down at Uvalde, Texas, will see the above scene re-enacted soon. When the Presidential Special rolls out of Washington in June, when the Presidential Special rolls out of Washington, one of its stops will be at the home of his long-time friend and able political ally, Vice President John N. Garner.

For nearly eight years these Democratic leaders have worked together in the cause of political liberalism in Texas on May 7, and is being generally interpreted by political observers as expressing the President's gratification that the Lone Star State gave a ringing endorsement to the presidential candidacy of its distinguished native son, Texas adopted resolutions approving the Roosevelt-Garner administration, and endorsed Garner for the Presidency by a vote of 6 to 1 over proponents of a third term.

To Be Held Once Monthly From Now On, So Officials Say; Next Rodeo Will Be On Saturday, June 8

Following two successful rodeo shows this month, a change has been advocated and adopted by rodeo officials that only one rodeo will be staged in O'Donnell each month hereafter.

The second Saturday of each month has been set aside for the entertainment.

Spectators were pleased with the show offered, so many of them told the sponsors, but the officials believe that even better attractions can be arranged through a once-a-month plan.

O'Donnell's next rodeo will be held Saturday, June 8th.

Attended Meeting

At Pays Your Community off to a good start. People attended the "Kick program in the grade school in Tahoka Monday.

State Transportation Aid Is Received

State transportation aid funds for schools of Lynn county, totaling \$3,822.90, were received this week by Mrs. Lenore M. Tunneel, county superintendent.

This represents 25% of the net grant of \$13,928 for Lynn county, \$6,500 were received some time ago, and 15 or 20% is expected to come later. The schools will receive 90 or 95% of the total this year.

Speaking Schedule For Candidates

The News has been requested to publish the following revised schedule of speaking by county and precinct candidates. District candidates are invited. Speaking dates have been announced as follows. All speaking dates are at night.

Thursday, May 30, Hackberry. Friday, May 31, Newmoore. Tuesday, June 4, Dixie. Thursday, June 6, New Lynn. Friday, June 7, Garnolia. Tuesday, June 11, Grassland. Friday, June 14, Three Lakes. Tuesday, June 18, Moran. Friday, June 21, Draw. Tuesday, June 25, Lakerville. Friday, June 28, West Point. Tuesday, July 2, Gordon. Friday, July 5, Open. Tuesday, July 9, New Home. Friday, July 12, Open. Tuesday, July 16, Open. Friday, July 19, Wilson. Tuesday, July 23, O'Donnell. Friday, July 26, Tahoka.

Irving Stewart was pianist. W. Simmons was song leader of the program.

NOT SO WISE

When you read today's paper and some big-wigs pompously inform you of things military—perhaps Gen. Hugh Johnson—just remember none of them are so much smarter than yourself.

In December 1939, Johnson had this to point out:

So far as I have been able to learn no general staff has thought enough of Russian parachute tactics to imitate them. It looks very spectacular to fly a corps of men and even light artillery over the enemy's lines and drop them far in his rear. But lines of communication are highly important in war and this tactic skips that principle.

A little force surrounded by enemy troops has a hard time getting itself supplied and even harder time holding on. It is true that, with command of the air, supplies can also be flown and dropped, but it is an expensive and risky business.

Wonder what the General now thinks. The Germans made high-bush out of that statement when they SUCCESSFULLY used parachute troops in both Holland and Belgium. If we have to help fight a war, we hope Johnson isn't our "general."

We've heard blistering remarks lately about the English and French soldiers, and the slow-pokidness of

those two governments, but have we much right to censure too much? Before Munich, did we evince great desire to back France and England, or were we, too, going great lengths to "keep out of war." What nation, with 300,000 young men in CCC camps, housed "Hitlerians" when the idea was broached to give those men some military training. What nation lagged in the number of soldiers trained in military equipment, in airplanes, in air bases, in ships, etc. etc? And whose people now want to do it in about 30 days? The French and England blundered. We blundered—and are still blundering.

The French and English did not pay their debts, it is true, but we're in favor of letting them have airplanes, ships, munitions, food, clothing, NOW. If they get whipped by Germany, Hitler may not invade us, but he can make it damned uncomfortable for us in thousands of other ways. And we much prefer the English and French way of doing things internationally than we do Hitler's.

We don't want to go to war now. We thought we did in 1917, but we were just foolish then. And a big coward now—or wiser. But if it has to come, I'd rather fight with the help of French and English than without. And even the big-wigs know not of what may come tomorrow. But both Hitler and Mussolini must be snared. Stalin's turn will come later by his own people's hands.

Judge P. W. Goad Makes Formal Announcement

In making my announcement for reelection to the office of County Judge of Lynn county, I want to first express my appreciation to the voters for the honor that you have bestowed upon me by twice electing me as your County Judge, and for your splendid cooperation during the time that I have served you in this responsible office. I believe you will agree with me that this office is one of the most responsible in the County.

Some of his most responsible duties are presiding over the four different courts, namely, first, the Commissioner's Court which has charge of all the business affairs of the County, which makes it very important from a business standpoint. Second, the county court, both criminal and civil. In the trials of this court he is to pass upon the admissibility of all evidence to be offered and he is to charge the Jury as to what the law is in the case on trial. Third, the Probate Court which has jurisdiction in the probate of wills and the appointment of administrators and guardians. The Lunacy cases also are tried in this court. Fourth, the Juvenile Court, and may I say that this is in all probability the most important of all the courts over which he presides because in this court he deals with the youth of the land. In this court those persons who have been charged and tried are

Political Dawson County

The Press is authorized to announce the following candidates for the offices indicated, subject to the action of the Democratic Primary election.

FOR COUNTY JUDGE: VERNON D. ADCOCK JOE M. PETERSON COMMISSIONER, PRECT. 3: J. M. JESSE MERRICK

under seventeen years of age, which makes it very important from a legal and judicial standpoint.

I have tried at all times to show my appreciation to the good citizens of Lynn county for placing me in this responsible position by properly applying myself to the task. I promised you if you would elect me County Judge that I would give to you in return the very best service that was possible for me to render. I feel that all of my time, talent, and ability to the study and solution of the County's problems. I have worked at the job constantly and feel that many of the problems have been solved. However, there remains many more yet to be solved.

There are today perhaps more factions in every unit or branch of Government. One of them is called the Progressive and the other is the Conservative. I have tried to reach a happy medium between these two factions and be progressive enough to keep up and abreast of the times and age in which we live, and at the same time be conservative enough to not get the County behind financially.

In this progressive program which I refer to, I wish to call your attention to some of the much needed improvements that have been made, namely, highway construction, the remodeling of the courthouse and jail, the courthouse lawn has been greatly improved, an agricultural building has been erected, a number of relief projects have been sponsored for the purpose of furnishing employment for the unemployed, and we have set up a county health unit with a full time nurse. All of these improvements have cost approximately \$30,000. Realizing that the expenditures should and must be kept within the people's ability to pay, we began at the same time a conservative program also, by reduc-

Mahon Advocates Farm Program

WASHINGTON, MAY 23—Declaring that a more comprehensive farm

ing the expenses of the county approximately \$2,500 per year in order that you could have these much needed improvements without any additional taxation.

I do not feel that I am entitled to all the credit for this progressive and conservative program. Perhaps, the most of the credit is due to my co-workers. Without their cooperation and the cooperation of the good citizens of Lynn county nothing worth while could have been accomplished. I am very grateful to the Commissioners for helping me to plan and set up this program and to the citizens for helping us to carry it on.

I feel that with my experience in handling the County's business the past three and one-half years that I am better prepared to serve you now than ever before. The duties and responsibilities of this office make it utterly impossible for me to make a house to house canvass of the county. I shall try, however, to see each and every one of you personally if possible. Should I fail to do so, I invite you to make a careful investigation of my record and after you have done that if you feel that I am worthy of your support, I will surely appreciate your vote and influence in the coming Primary.

Sincerely yours, P. W. GOAD, County Judge.

home-ownership program is immediately needed. George Mahon, Congressman, last week urged the Congress to pass legislation at this Session which would more adequately deal with the problem of farm tenancy. He spoke in support of two approaches to the problem. The first was a plan which would authorize the RFC to make loans up to \$50,000,000 to continue the Farm Tenant Purchase program which has been in operation since 1937. The House approved the plan as a part of the Agricultural Appropriation bill.

He said that he felt a better approach to the problem would be through the so-called Farm Tenant Mortgage Insurance bill which passed the Senate last year and which has been approved by the House Committee on Agriculture. Under this plan loans would be insured by the government for farm home purchases to the extent of a total of \$350,000,000 at 3% interest rate. Large appropriations by Congress would not be necessary as the money would be loaned by private capital. The Government supervising and guaranteeing the loans as is now the case in loans made by the Federal Housing Administration.

Mahon stated, "I have been cooperating with Marvin Jones, Chairman of the House Agriculture Committee, since the introduction of the bill last year, and I shall continue to work for the improvement and pas-

MISS EVERETT WAS CLUB HOSTESS

For an enjoyable meeting, members of the 1939 Study Club met in the home of Mrs. Everett Thursday night.

The President had the roll called and fifteen members responded. Mrs. Belle Knight was director of the program.

“San Francisco and the World's Fair” were given by Mrs. Leath Higginbotham.

“Seattle, the metropolis of the Northwest” was given by Mrs. R. C. Smith.

“Alaska” by Mrs. Shoemaker.

Following the program the hostess served ice tea, pineapple salad and ice cream sandwiches.

Attending were Mesdames R. C. Smith, J. H. Crawford, John Earles, Mrs. L. Goddard, Belle Knight, Albert

Koeninger, Waldo McLaurin, J. T. Middleton, Ben Moore, J. L. Shoemaker, L. N. Nickols, Cliff Lambert, E. T. Wells, and Leath Higginbotham.

The Home Demonstration Club of the O.K. community met Wednesday at the home of Mrs. Hohn. Miss Mattie Phenix, Home Demonstration agent, met with the club and demonstrated methods of entertainment in the home.

The next meeting will be at the home of Mrs. Allen Vandover. All members are urged to be present.

—Reporter.

IN TAHOKA

Attending a party in Tahoka Friday from here were Mesdames Marshall Whitsett, E. T. Wells, C. L. Hafer and Miss Thelma Palmer.

VISITED IN ALBUQUERQUE

Mr. and Mrs. W. L. Palmer, Miss Thelma Palmer and Mrs. Fay Westmoreland and Miss Yvonne spent the weekend in Albuquerque in the home of Mr. and Mrs. William Rosister.

COACH LEAVES

Mr. and Mrs. D. M. Conger departed this week for Brownwood to spend the summer.

For the past two years Mr. Conger was coach in the local school.

Miss Christene Milwee will arrive this week to spend the summer with her mother Mrs. Belle Knight.

Postmaster and Mrs. J. Mack Noble and sons visited in Seagraves and Brownfield Sunday.

ATTEND RODEO

Miss Nila Rae Miller accompanied Miss Virgie Luttrell to Matador Saturday to attend the rodeo.

They also visited Miss Luttrell's mother in Floydada.

MRS. H. F. LINDLY IS HOSTESS TO T-BAR H. D. CLUB

“Curing and storing meat: There are no special secrets in using cottonseed oil. Any container that will hold oil will do, although a large earthen jar is best. So as to reduce the amount of oil necessary to cover the meat, pack all pieces tightly.

With average packing it will take about 3 gallons of oil to cover 100 pounds of cured meat. For sanitary purposes, cover the container,” stated our home demonstration agent, Miss Maurine McNatt, at a meeting of the T-Bar home demonstration club in the home of Mrs. H. F. Lindly, May 10.

After the program, a sunshine shower was given in honor of Mrs. Frank Sargent.

After Mrs. Lucille Barnes and Mrs. Coffee presented the beautiful gifts, refreshments of Angel food cake and lemonade were served to the following

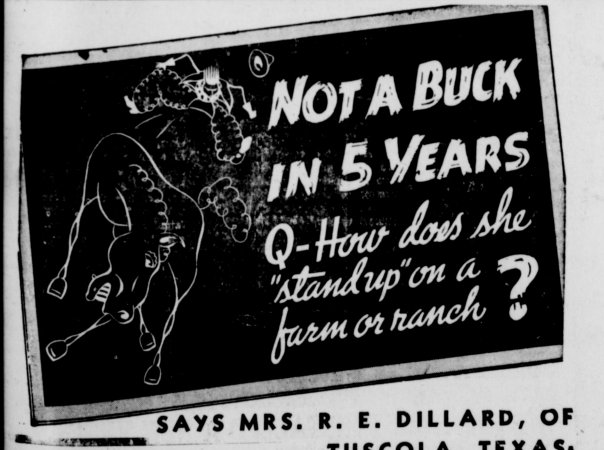

visitors: Madames Fred McGinty, James Clinton, L. C. Johnson, and Clyde Sargent of Tahoka, Mrs. I. M. Draper of Midway, Mrs. R. W. Barton of New Lynn, Willie May Childress of T-Barr, Deibert McMillan, Mrs. Page and seventeen members.

Constipated?

For years I had occasional constipation, awful gas blowing, headaches and back pains. Adlerika always helped right away. Presently my bowels are regular, my appetite is better. Mrs. Mabel Schmitt.

THE FORD WAY OF DOING BUSINESS

The Ford Motor Company was founded by a working-man for working-men. Its present officers began as employees of the Company. It was the first company to pay a minimum wage, beginning in 1914, at the then astounding figure of \$5 a day. That was double the prevailing wage of the time. The Ford minimum is now \$6 a day for all employees engaged in production work. And from that, the wages rise to \$10.80 a day, with the average wage \$7.25, exclusive of salaried employees.

The Ford Motor Company was the first large company to establish the 8-hour day—also in 1914. And the 40-hour week was inaugurated by the Ford Motor Company in 1926, years before any such laws existed.

The Ford Motor Company employs men without regard to race, creed or color. It is common knowledge that working conditions in the Ford shops are the best that science and constant care can make them. A square deal, a just wage and stabilized employment for a large proportion of our employees—and as fully stabilized for all as conditions will permit—enable our men to retain their personal independence.

In consequence of these policies the Ford Motor Company has one of the finest bodies of employees in the world. The larger proportion are mature men of long

service with the Company—sober, decent family men. Hundreds of them have been with the Company for more than 25 years—thousands for more than 15 years. Their health record, home ownership and citizenship records are good.

All this is reflected in Ford products, whether cars, trucks or tractors. The work is honestly done. Materials are the best that can be made or procured. Less profit to the Company and more value to the customer is known throughout the motoring world as “Ford’s way of doing business.”

Ford Motor Company was the first to make a motor car within the means of the average family—quitting the manufacture of what was then the largest selling model in the world to do so. Its chosen field in all the 30 years since that time has been the average American family—for which it has consistently provided car facilities which formerly only the wealthy could buy.

It is the policy of the Ford Motor Company to share the benefits of advanced methods and management with workers and public alike. Increased wages and employment over a period of many years have resulted in

A 300 per cent increase in the built-in value of the Ford car and a 75 per cent reduction in its price.

**McCord Makes
Announcement**

ROLLIN MCCORD

TO THE CITIZENS OF THE 10th
JUDICIAL DISTRICT OF TEXAS

In making my formal announce-
ment I trust that you will grant me
this opportunity to acquaint you
with my qualifications for an office
which is vital to the happiness and
safety of you, your loved ones, your
homes, and your community. This
important office is that of District
Attorney of this District, comprising
of Garza, Lynn, Terry, Yoakum,
Gaines and Dawson counties.

I am married, 36 years of age and
have lived most of my life on a farm.
I came from Baylor county, Texas
to Lynn County in 1916. I attended
the public schools of these counties
and received my legal training in
Southwestern University of Cali-
fornia; there I earned my own way
during the three years I attended
that Institution.

In 1936 the good citizens of Lynn
County honored me by electing me
their County Attorney, the office
which I now hold; I was elected for
a second term without opposition.
During this time, I have taken ad-
vantage of the opportunities which
this office affords, by continually
studying and preparing myself for
advancement. I have gained valuable
experience in the trials of both civil
and criminal cases in all our courts,
having worked with each Grand
Jury and assisted in the trial of Pei-
ceny cases.

NIGHT & DAY
Ambulance Service

I deeply appreciate the confidence
of my many good friends throughout
this district and I trust that you
whom I have not had the pleasure of
meeting, will investigate my record
as an honest citizen, as a practicing
attorney and as a public official of
this county. I sincerely believe I am
qualified to perform the duties of the
high office to which I aspire and
know I am courageous enough to
administer the duties thereof for the
cause of right.

When serving as your District
Attorney, it shall never be said of
me that I persecuted the poor and
defenseless in order to make a record
for myself or the office for which I
am asking. I pledge fairness to all
who come before me, whether they
be rich or poor, high or low; that
the guilty shall be punished and the
innocent go free.—Respectfully sub-
mitted, Rollin McCord of Lynn
County, Texas.

Mr. and Mrs. Raymond James of
Big Spring visited her parents, Mr.
and Mrs. W. T. Huff last week.

Mr. and Mrs. Grant Winston and
Judy visited in Tahoka Sunday.

Mr. and Mrs. Bedford Caldwell
and Phillip visited in Lubbock and
Farwell last weekend.

THE SUN ROSE THIS MORNING

**GOOD
ELECTRIC
SERVICE
DONES'T
JUST
HAPPEN!**

• The sun rose this morning shortly before 6
o'clock. How many persons thought of this as a
most important event? But what if the sun didn't
rise? Chaos would overtake the world!

The sun rises and sets EVERY day. It never misses;
it never rests. We all know this, but seldom think
of it, so commonplace has this indispensable service
of the sun become.

So it is with your Electric Service. Like the sun,
electricity never rests; it has no holidays. It works
for you 24 hours a day—every day!

But good electric service doesn't just happen!
Thousands of dollars are spent annually to keep
your electric service GOOD. Many employes spend
their entire time in keeping intricate electrical de-
vices, hundreds of miles of wire and other electrical
equipment in first class condition so that your elec-
tric service shall be as dependable as skilled human
hands can make it.
