Services Held For C. P. Bray

presence of the family, relatives and a large number of friends, funeral services for C. P. Bray, 65, who passed away Sunday morning, were held at 3 o'clock from the Baptist church with the Rev. E. C. McDonald, pastor, assisted by the Rev. M. Hollowell, pastor of the Methodist Church.

Mr. Bray was born in Robertson Dec. 26, 1876, living there until he moved to Leon in November, 1896, he married Ollie McCormack. Four children were born to the couple, Mrs. Addie Godwin, Mrs. Cubie of Clovis, New Mexico, and two grandchildren, Elton Godwin and Nancy Caroline Godwin and two sisters also survive.

Mr. Bray joined the Methodist Baptist church. His family moved to Lynn county, Texas, and farmed until about four years ago when the city job was accepted by Mr. Bray.

Mr. and Mrs. W. W. Hancock will have as holiday guests or daughter, Mrs. Bernett of Dallas and her husband, W. E. Hancock of Chillum.

Mr. and Mrs. N. E. Boothe and Mrs. Homer Boothe accompanied their sons, N. E. Boothe and Weldon Hancock back to Lubbock Tuesday afternoon.

Mr. and Mrs. N. M. Wyatt and Mrs. E. C. McDonald visited in the Line home Sunday.

Mr. and Mrs. Charles Kirkland and children moved to the Brock apartment this week.

Charles Kirkland was a business visitor in Clovis Tuesday.

Got Any Old Hose You Don't Need

Silk and Nylon hose, or hose that contain parts of either of these commodities are to be collected all over the country and used in the war effort.

Silk is used to make powder bags, the containers that hold the explosive used in firing high calibre guns. It is the only material that burns without leaving a residue and with a minimum of heat. Nylon is used in parachutes and various other implements of war. Anyone wishing to donate discarded hose should make sure they are clean and then deposit them with any store that sells hosiery. When 100 pound lots are accumulated they will be sent to government salvage stations.

Call Mrs. W. E. Vermillion or Mrs. E. T. Wells and your discarded hose will be called for.

The 1939 Study Club is sponsoring this drive.

Ginnings Here Now Total Over 13,000 Bales

At least 60 per cent of the cotton in the O'Donnell area has been picked, according to some farmers, but gins are behind even though running night and day.

Several hundred bales had been piled on the ground near some gins here, while at all gins trucks were awaiting the ginning signal.

A total of 13,325 bales had been ginned at O'Donnell's five gins up to Wednesday.

Two Young Ladies Join The WAAC's

TAHOKEA, November 24 (Spl.)—Two more Tahoka young ladies have enlisted in the Women's Auxiliary Corps through the Lubbock recruiting and induction office. They are Misses Beulah O. and Cynthia L. Waldrip, daughters of Mr. and Mrs. W. M. Waldrip of T-Bar.

Mr. and Mrs. Arlie McDonald and two sons and Miss Bernice Tune of Dallas visited in the Proctor home last week end.

Mr. and Mrs. Shelby McDonald will be guests of his parents, Rev. and Mrs. E. C. McDonald.

Mr. and Mrs. Charles Kirkland and children moved to the Brock apartment this week.

Charles Kirkland was a business visitor in Clovis Tuesday.

Due to Thanksgiving coming on Thursday, the Press was issued Wednesday. Therefore the paper was made smaller, but will be regular size next week. The serial story will be continued next issue.

Middletons To Ship One Million Pounds of Meat

An advance shipment of 300 head of cattle out of a contracted 1100 head by the Middleton Brothers has been made by Dewey Middleton. Most of those sold were Herefords. Weighed in, the first shipment averaged 300 pounds and brought \$11.50 hundred in El Paso.

All cattle under the contract are to be shipped as conditions warrant, and when completed will amount to around one million pounds which the Middleton Brothers will furnish for national use this year.

In addition to Dewey, J. T. and R. M. Middleton are members of the combine.

Ev'rybody Ev'ry Pay Day

6,000,000 Women Enrolled in War Savings Payroll Plan.

WASHINGTON, D. C.—Women At War Week, opening Nov. 22, during which women will seek to sell the greatest single week's volume of War Bonds and Stamps will serve to put the spotlight on the mighty contribution women generally are making toward financing the war.

Six million women are on War Savings payroll plans. Their monthly deductions total \$70,000,000.

The customers of 300,000 newspaper boys who have sold more than \$50,000,000 in War Bonds and Stamps are mostly women.

Volunteer saleswomen run nearly all the Bond booths in theatres from Maine to California. They also are sparking the War Bond sales in retail stores.

Ralph G. Engelsman, Associate Field Director of the payroll savings section of the War Savings Staff, readily admits that without the support of women the phenomenal record of payroll savings enrollments would not have been achieved. Payroll savings plans are now in operation in 148,000 businesses and factories. Employees of twenty-five thousand of these firms are contributing at least 10 percent of gross payrolls into War Bonds every payday.

Associate Field Director Engelsman says that women have contributed directly and indirectly toward this record. When a man devoted 10 or more percent of his pay envelope to War Bonds, the woman at home has had a powerful voice in the decision. Her planning, her economies and her cheerfulness play their part in the success of payroll savings.

The Treasury Department is counting upon this woman influence in its current campaign to "top that 10 percent by New Year's." By the first of the year the Treasury hopes to enroll at least 3,000,000 women workers in a payroll savings plan and 5,000,000 more men with total deductions for War Bonds over the 10 percent mark.

'This Is My Fight Too'

Front of her investment in the American way of life and equally proud of the grime of war production on her face and arms, the young lady in this "Women At War Week" poster symbolizes two of the chief activities of women at war.

roll savings plan and 5,000,000 more men with total deductions for War Bonds over the 10 percent mark.

Musical Given At High School

A musical was presented at the High School auditorium Wednesday morning by the students. It was under the direction of Miss Aline Nunnally, teacher.

The occasion marked the end of the second quarter of a six weeks semester.

Several of the numbers were well done, and applauded vigorously.

Mrs. Dewey Middleton and Carolyn were accompanied home from Atlanta, Ga., by Mrs. Hulen Bolch and young son, Sgt. Bolch is stationed in Atlanta.

Mr. and Mrs. Wm. Edward Singleton Jr. of Kansas City will arrive this week to spend the holiday with his father and other relatives.

Pvt. Alvin Cook of Fort Benning has returned after a visit with relatives here.

Mrs. R. O. Stark and Mrs. Waldo McLaurin were in Tahoka Tuesday afternoon.

Over the Top by New Year's Is the Plea of Secretary Morgenthau

November 13, 1942

As of today twenty-one million American workers are investing eight per cent of their salary - every pay day - in United States War Savings Bonds. This is a very remarkable tribute to our armed forces who are fighting this war. But this job is only two-thirds accomplished.

There are nine million additional American workers who are not investing in War Bonds every pay day.

This appeal is directed to two groups of Americans:

First - the twenty-one million people who are investing eight per cent of their wages. We ask them to increase their investment to ten per cent or more.

Second - the other nine million whom we ask to join the Payroll Savings Plan and to invest ten per cent or more of their earnings.

It is our earnest hope here at the Treasury Department that by New Year's Day thirty million Americans will be investing ten per cent or more of their wages in War Bonds through the Payroll Savings Plan.

We have missed our friend G. P. Brey during the months he was ill, and since his passing, will continue to miss him. Mr. Brey was a friend to everyone, and if he ever said an unkind word about anyone, we never heard it. Financially speaking, he was not wealthy, but there are many intangible things which can also be considered wealth, and of these Mr. Brey was the possessor of many. He commanded respect without having to buy it.

Something, by someone, had better be done to avoid such arguments which took place last Sunday afternoon in front of the Liddell Cafe. Only a spark of ill-temper can cause race riots, and when crowds of Mexicans crowd up, with whites mixing in, trouble might crop out. One offended Mexican caused the crowd to gather, but a number of that race resents the fact that Liddell's do not serve Mexicans. Such mob action is to be regretted any day, but Sunday should be a day when such things just won't be permitted. They aren't elsewhere and should not be in O'Donnell.

New Wrinkles In Canning Chicken

All those "star boarders" farm families are culling out of their poultry flocks should be canned. Chicken on the poultry shelves will stretch the meat ration of red meat.

Two year old chickens are better for canning than the younger one, because long processing and high temperatures destroy much of the flavor and texture of young birds. Roast the younger ones in dry heat for Sunday dinner.

There's a new wrinkle in canning chicken this year—it should be packed raw in tin cans for the canning process. The pre-cooking method generally followed takes too long.

and many people have over-cooked canned chicken. Canning raw chicken not only takes less time and labor, but the chicken retains more food value.

Now, here's a final tip on canning chicken. Don't waste chicken by trying to can it fried. You might turn out a good product but the chances are against you. Fat in the cans may become rancid; spoilage may occur, or the meat may taste bitter if the fatty acid breaks down. Fat also makes meat hard and dry. So, play safe and freeze those which are frying size rather than to can them.

If you want more details on up-to-date poultry canning methods, ask at the agent's office.

Cranberries to Brighten Meals

Fresh red cranberries add zest to autumn meals and color to the plate, and, too, there are many uses for them. Have you tried, for instance, ice cream with cranberry sauce?

Here's a recipe for cranberry sauce:
1 quart (1 lb.) cranberries,
1 1/2 cups water,
2 cups sugar (or 1 cup sugar and cup corn syrup or mild honey.)

Pick over the berries and discard all that are withered or pecked. Bring the sugar and water to boil, add berries, and cook quickly for about 10 minutes, or until the skins break. Chill before serving.

There are many uses for cranberry sauce, besides serving it with meat. Try it on short cake, in rolyoly pudding, or as a sauce over your plain pudding or ice cream, or give a flavorful zip to the pear or apple salad by placing a spoonful on

Beer Tahoka Is Buried

(Lynn County News) — At three o'clock last Thursday afternoon, Miss Meda Clayton, resident of Tahoka, died of a malignant malady in the Lubbock General Hospital. She had been sick only a week prior to death. She was taken to the hospital on Saturday night and died following Thursday. Funeral services were conducted Friday afternoon by her pastor, A. Nichols of the Methodist church, assisted by Rev. Geo. A.

Dale, of the Baptist church. The body was laid to rest in the Tahoka Cemetery under the direction of the Harris Funeral Home, with five of her nephews and another relative by marriage acting as pall bearers. They were: Sumner Clayton Jr., Ted, Wayne, Jimmy, and Billy Mack Clayton, and Marvin Wood.

Survivors are two sisters, Mrs. Howard Henderson of Tahoka and Mrs. Maggie Hussey of Lubbock; one brother, Sumner Clayton of O'Donnell; the five nephews mentioned above; Mrs. Jessie Henderson Wood, of Tahoka, a niece, and Douglas Henderson of Los Angeles, California, a nephew.

Miss Meda had been a resident of Tahoka for thirty-six years and was well known to all the old-time citizens of the town and county as well as to many of the "new-comers."

Miss Meda, daughter of G. M. and Darthula Clayton, was born in Jasper, Tenn., in 1873. While yet a very small child she came with her parents from Tennessee to Hamilton county, Texas, where they resided a few years. Then the family moved to Bryson, Jack county, where she grew to womanhood. From Jack county they went to Wilbarger and then to Haskell county, residing only a few years in each place. They came from Haskell county to Tahoka in 1906, and she had made her home here ever since, her parents having died years ago.

For twenty years or more, Miss Meda was a public school teacher, having taught in Wilbarger and Haskell counties before removing to Tahoka. Then she taught several years in this county and in other counties on the Plains. West Point was one of the places where she taught in the early days of this county.

Mrs. Effie McClennon was called to Gainesville Thursday by the illness of her sister, Mrs. Jim West. Mrs. McClennon is nurse for Mrs. T. L. Higginbotham.

Miss Yvonne Westmoreland and Miss Mary Frances Dean, Tech students, spent the week end visiting in the W. L. Palmer home.

Lil' Abner says—

"Top That 10% by New Year's!"

Smilin' Jack says—

"You know, it's swell of the folks at home to buy War Bonds the way they're doing. I understand everybody is going to be signed up for 10% of their pay by New Year's!"

Joe Palooka says—

"Hey, youse folks, don't forget to go over th' top with that 10% by New Year's!"

400 Cars Of Grain Already Shipped By One Dealer

Lynn county's feed crop this year is something marvelous.

In fact, the feed crop throughout this entire South Plains section of the state is prodigious, but it is doubtful if any county has a crop that exceeds in production this county's crop.

Dealers estimate that about two-thirds of the crop has been harvested.

In addition to the shipments from Tahoka, much grain has also been shipped from O'Donnell and Wilson.

A carload of maize weighs approximately 100,000 pounds, or 50 tons. Four hundred carloads therefore would represent about 20,000 tons. This evidently represents only a comparatively small percent of the entire crop of Lynn county, for the feed acreage in the county is considerably more than 100,000 acres and dealers estimate that the average yield is close to a ton per acre. In fact, they say that much of it is yielding considerable more than a ton per acre. Considerably more than 100,000 tons have evidently been produced in the county. Since the crop is being sold at an average of about 80 cents per hundred, or \$16.00 per ton, the immense value of the crop can be readily seen.

By far the greater part of this feed crop consists of Martin's Combine maize.

This particular strain of maize is a development of the past few years, and already it has almost completely revolutionized the sorghum grain production of West Texas, especially of the South Plains. In two or

three years it has almost completely taken the place of other sorghum grains on the farms of this section. This is true because of the fact that it is very drought-resistant and produces abundantly and is easy to harvest. Since the stalks are of nearly uniform height and the heads stand erect instead of drooping over like the old gooseneck variety, it can be harvested by a combine just like wheat. This makes it desirable above all other varieties of sorghum grains.

This variety of maize was developed by W. P. Martin, who resides just over the Lynn-Lubbock county line in Lubbock county and whose farm straddles the line.

It was in about 1936, after he had had two or three maize crop failures due to drought, when he took a stroll over his farm and at one point found a single maize head standing erect in a field of maize that had been blighted by the drought. He cut

this head and planted the seeds the next spring separate from any other maize on his farm. The result was most gratifying, marvelous in fact.

The next year he planted the seeds from that year's yield, and he has been selling planting seeds at fancy prices ever since. Now, he sells them to customers all over West Texas. The Martin maize has spread like wild fire, and most farmers in this section will have nothing else.

INTO THE SOUP KETTLE GOES THE CARCASS

Cold sliced turkey is a "natural" for the day after Thanksgiving. Perhaps you'll use some for turkey sandwiches, if you're packing lunches for war workers. But the day comes when there just isn't much that can be cleaned from those bones. Not a very inspiring sight. However, there are the makings of a grand soup in those bones and bits of skin and meat. So into the soup kettle goes the carcass. And here's the recipe.

TURKEY SOUP
Remove meat and scraps from the carcass and set aside. Crack the bones and place in the soup kettle. Add the skin, several stalks of celery, a carrot, an onion, 6 peppercorns, the tip of a bay leaf, 4 cloves and cold water to cover.

Simmer gently for about 2 hours. Cool slightly, strain and add the diced meat scraps to the soup. Chill thoroughly, if the turkey is a fat one, so that the fat may be removed as a hardened layer from the top.

For Each Quart of Stock
For each quart of stock, melt 2 tbsp. butter in a skillet and add 2 tbsp. flour. Cook, stirring constantly to blend and brown slightly—about 1 minute. Pour some of the hot soup into the browned flour mixture. Stir and cook until slightly thickened. Pour into remaining stock and simmer 10 to 15 minutes. Season well. Chopped hard-cooked eggs may be added to the soup—or a well-beaten egg may be added in place of chopped hard-cooked eggs.

To Serve With Turkey Soup
Turkey soup is rich and filling. It's a meal in itself. Sliced and toasted rolls left from Thanksgiving dinner are good with turkey soup. Or just some crisp crackers, or crusty bread such as Vienna bread. For dessert you might reheat some of your Thanksgiving pudding. Or, if your Thanksgiving pudding was pie, try this delicious Steamed Chocolate Pudding with Creamy Sauce, or Whipped Cream.

STEAMED CHOCOLATE PUDDING
3 tbsp. shortening 1/2 tsp. salt
1/2 cup sugar 1 cup milk
1 egg 2 1/2 sq. unsweetened chocolate
2 1/4 cups sifted all purpose flour (2 1/2 oz.), melted
4 1/2 tsp. baking powder

Cream shortening, add sugar gradually, and cream thoroughly. Blend in well beaten egg. Sift flour, baking powder and salt together and add to creamed mixture alternately with the milk. Blend in melted chocolate. Fill well greased pudding molds 2/3 full (using two 1 lb. molds or cans or 1 tube-center pudding mold 8 inches in diameter). Cover with waxed paper, tying it loosely in place with a string. Place in steamer over water already boiling. The steam must surround the mold. Cover steamer tightly, and steam 2 hours without lifting cover. (Have enough water in lower kettle to last through steaming, as lifting lid before pudding is cooked will make it fall.) Remove from steamer, remove waxed paper, and let stand a minute before turning pudding out on hot serving platter. Serve immediately with Creamy Sauce. This makes 10 servings.

NOTE: This pudding may be reheated very successfully by re-steaming.
Creamy Sauce
Beat 1 egg until foamy. Add 5 tbsp. melted butter slowly, then 1 1/2 cups sifted confectioners' sugar. Mix well. Blend in 1 cup whipping cream (1/2 pt.), which has been beaten stiff. Add 1 tsp. vanilla. About 6 servings.

Simple things
you can do to get more help for your eyes!

Your eyes need all the help they can get. Don't handicap them with too little. Clean reflector bowls and bulbs frequently. You'll get from 25-30% more light.

You'll get more help for your eyes when you read, play games or sew, if your lamp shades are light-colored or have white linings. Clean or brush them regularly; or if they're too bad, replace with fresh shades.

Arrange your furniture and lamps so that you can, if necessary, make each lamp provide good light for more than one person. Be sure you're close enough to the lamp; a difference of 12 inches may cut your light in half.
