VOLUME XIII

O'DONNELL, LYNN COUNTY, TEXAS, THURSDAY, SEPTEMBER 3, 1936

NUMBER 44

1936-37 SCHOOL TERM OPENS MONDAY

Texans Have Been Given Federal Grants Of Billion Dollars

Austin, Texas.—The people of Texas have received from the Roosevelt Administration the grand total of more than one billion dollars in relief grants, loans, bonuses, etc. according to a survey just received from the National Emergency Council by the Democratic Campaign headquarters here, of which Marston Blacklock, congressman Sam Rayburn are chairman, and Roy Miller, Director of Organization and Finance.

This is the first time the total benefits to Texas from the Roosevelt relief have become known, and Democratic leaders, including Gov. Allred, are surprised at the enormous size of the showing. "I've taxed Texas," they all agreed. The more than \$1,000,000,000 so widely spread over Texas among all classes, groups and industries that the entire population of 6,000,000 was amply helped in the time of greatest need.

Proving what great assistance the helping hand of the Roosevelt Administration has been, Frank Scifano, Director of Internal Revenue here, announced that income taxes this year are nearly 60 per cent increased over last year, and he recalled this: "Two years ago 10 Texas business firms paid income tax whatever because they show no profits, but this year those same companies each paid over \$1,000 as an income tax alone."

When this fund of \$1,000,000,000 sent Texas is analyzed, compared and translated it presents an unusual picture to the people of this state. For instance, the Roosevelt-Garner Administration gave to Texas \$100 million more than to any other state in the country, which is only \$100 million. Expressed in another way, Texas is asked to give but .00025 per cent of the \$1,000,000,000 toward the campaign war chest. Again, it meant \$100 million per capita, that is, for every man, woman and child in Texas.

Another side of the picture, the Hamilton Government has spent \$10 times the total annual expenditure of the State Government, for around numbers State Government \$100,000,000 a year.

Well, the least that the people of Texas can do to show their appreciation, Miller said, "is to cast every ballot for Roosevelt in November." The campaign chest a little fraction of the amount so graciously sent to that it may be used to help all the afflicted states, and so that the helping hand may continue to help.

Roosevelt is the Centennial President, just as much as Alvin Karpis, the Centennial Governor, other leaders said, and they recalled that when President Roosevelt visited Texas in 1900, 1,000,000 people turned out to welcome him when he went to Dallas, Fort Worth, and was at the Alamo in San Antonio, and San Jacinto battlefield in Houston.

We in Texas should make the November election another "Great Exhibition." Attorney General McGraw said, "This time with ballots and help in other states by contributing to special needs. Roosevelt did it for us." McCraw said London, publican presidential nominee, was entitled to a single Texas vote. There is the "Box score" on the financial side of the Roosevelt Administration for Texas. All home runs, and no errors.

Cabool Returns From Fall Buying Trip

C. H. Cabool of C. C. Drygoods store returned the latter part of last week from Dallas and Ft. Worth, where he purchased Fall ready-to-wear and piegs goods. Much of this merchandise has already arrived at the store, and the shelves and racks are being rapidly filled with crisp, new fashions Mr. and Mrs. Cabool extend a cordial invitation to their customers to come in and see these new things, and make their selections early.

Mrs. Cabool will make another trip, probably to St. Louis and Kansas City as well, about the last of the month to complete stocking the store for the fall and winter.

Singing Convention At T-Bar Sunday

The district singing convention will meet at the T-Bar school building Sunday afternoon at 2:30. We are authorized to announce by C. H. Mansell, president of the organization. The new song books have had an enthusiastic reception Mr. Mansell states, and the songs are the best we have had in this part of the county.

Everyone has a cordial invitation to come and take part.

Nazarene Revival Is Closed Sunday Night

Thirteen persons made profession of faith during the revival meeting which closed at the Church of the Nazarene Sunday night and ten united with the church. Attendance and interest had been unusually good throughout the meeting.

In the special service at eleven o'clock Sunday, nine infants were dedicated. The prize for the largest family present went to the family of Mrs. Annie L. Simpson, that for the mother of the most children to Mrs. E. J. Bean, and to Mrs. Ross Herman for the youngest mother.

A basket lunch was served at noon at the church grounds, and in the afternoon the evangelist, Rev. R. M. Hocker, preached on "What is the will of God."

Baptismal Service Sunday

Because of lack of time, it was impossible to hold the baptismal service last Sunday as had been planned, and that service will be held this Sunday afternoon at the surface tank at the J. B. Miles farm. Further particulars concerning this will be announced at the eleven o'clock hour Sunday.

Rev. Hocker went from here to Roseville to open a meeting in the church there. The local pastor, Mrs. Keeton, accompanied by her husband and by Miss Wilma Jackson, were there Monday evening for the service.

al, when the Republicans held a state convention in San Antonio recently such terms were applied to the Roosevelt Administration as 'gangsters,' 'mobsters' and 'Happy Hookers.' "The people of Texas and of other states asked for bread and the Republicans gave them a stone," to quote Blacklock. Roosevelt gave them bread and meat.

Merle's Beauty Shoppe Moves To New Location

Merle's Beauty Shoppe, owned and operated by Miss Merle Womack, has moved this week to its new location in the basement of the First National Bank building. Painters, carpenters, and plumbers have been working since the first of August getting the new quarters ready for the shop equipment, and it is believed that it is now one of the most attractive and convenient beauty salons on the South Plains.

Going down the stairs, visitors to the shop first enter the attractive and comfortable reception room, which is furnished in a pleasing combination of wicker and overstuffed furniture. Here appointments are made and customers are escorted into the real treatment on the book, and from this room work room in the rear. Booths have been built to line the walls at each end of this laboratory, with the special shampoo lavatory basin and chair in the central partition. Each booth is equipped with its own dressing table, mirror and chair, so that clients will be sure of the maximum privacy. Considerable new equipment has been installed this week, so that the shop will be able to care for a number of customers at once.

A black and silver color scheme, with touches of apple green, has been carried out throughout the shop, presenting a cool, clean, and attractive appearance. Miss Womack opened her beauty shop business here four years ago, in her own bedroom; we can now safely point to her new and complete shop as a fitting example of what one can accomplish by setting an aim and sticking to it.

Infant Is Buried Friday Afternoon

The infant son of Mr. and Mrs. W. J. Hemingway Jr. was buried in the cemetery here Friday afternoon of last week in the presence of only members of the family a few close friends. A brief service had been held at the family home preceding interment rites, with Rev. M. R. Pike of the Methodist church in charge.

The baby had lived only a very brief time after birth, and for the sake of the mother, the funeral services were conducted as quietly as possible. We regret to report that Mrs. Hemingway is not doing as well as had been hoped, even though her condition is not considered serious.

The Index joins with the community in extending sympathy to the parents and other members of the family.

DUCK HUNTERS ALLOWED 30-DAY OPEN SEASON

Duck hunters will have 30 days of hunting this fall under restrictions as brief and drastic as those in force last season. Last year also the hunters were allowed only 30 days.

The new Migratory Bird Act regulations announced recently by the U. S. Department of Agriculture were recommended by the Biological Survey. "These regulations," says the survey, "continue stringent restrictions on the hunting of waterfowl in order to cut down the annual kill. The restrictions put into force last year were intended to bring about a reduction in the kill and they accomplished that purpose."

Three zones—northern, intermediate and southern—have been approved for waterfowl hunting. Last year there was waterfowl hunting. In the southern zone the season is from November 26 to December 25.

Mrs. J. Mac Noble Jr., has been brought home from Lamesa this week with the new son whom J. Mac has named Isaac. We are glad to report that she seems to be doing nicely as is the little boy.

Drouth Is Broken By Heavy Showers

The recent heat wave and drouth is apparently broken this week by general showers which drenched this section Wednesday night and Thursday. As we go to press Thursday afternoon, Dawson county is receiving torrential showers, and reports from the north indicate that Lynn county likewise was in the rain belt.

This moisture will hardly be as beneficial this week as it would have been a month ago, but even at this late date many fields will be helped. We are told by farmers. Late feed and cotton especially will be materially benefited. Just how far spread or how heavy the showers have been we have no means of learning this afternoon, but we sincerely hope that they have been heavy enough and over enough territory to be a real help.

Cumberland Revival Will Open Sunday

Rev. E. L. Baits of Wichita Falls and the pastor, Rev. W. H. Cheatham will begin a revival meeting at the local Cumberland church on Sunday night of this week.

Services will be conducted each morning at 10:00 and each evening at 8:00. Old time singing and gospel preaching will be the chief, indeed the only feature of the revival, and a cordial invitation to the public to come and take part.

Bedsread And Comfort Show At San Angelo

There will be a District Bedsread and Comfort Show in Tom Green County, November 29 to 23, inclusive. The following rules will govern the contest:

1. Only regular members of Home Demonstration and 4-H clubs will be eligible to enter the contest. Associate members may exhibit but not compete for a prize.

2. Only woolen comforters, tufted bedsreads and tufted pillow tops may be shown. Only one entry from each class will be accepted from an individual as one tufted comforter and one quilted comforter, one tufted spread and one pillow top.

3. All entries must be in and checked into Tom Green County Exhibits committee not later than 10 a. m., November 20.

4. Judging will begin at 10:00 a. m., November 20. All entries must be sent to the chairman of Tom Green County Exhibits Committee.

5. Labels of cloth must be sewed on the wrong side in one corner of each bedsread or article exhibited. These labels should carry the name of the owner, club and county.

Individual prizes range from one to five dollars on the tufted spreads and the comforts. The prizes for the pillow tops range from twenty-five cents to one and one half dollars. The contest is open to girls as well as women.

Those who are interested in the contest should call at the home demonstration agents office for further information.

Miss Christine Millwee To Teach In Abilene

After being connected with the local public school system for more than twelve years, Miss Christine Millwee has this week turned her resignation into the Board of Education and accepted a position as primary teacher in one of the schools in Abilene. While the board had not met to act upon this resignation as this article is being written, it is generally supposed that each member will be glad to hear of Miss Millwee's opportunity for advancement, even though the O'Donnell schools have lost one of the most efficient and best loved teachers.

The change was a surprise even to Miss Millwee. She and her mother, Mrs. Knight, had stopped off to visit friends in Abilene enroute to attend the Centennial exposition, and the lady of the house, whose husband was a member of the school board, mentioned the vacancy and suggested that she make application. Several days later, as they returned from Dallas, she was notified of her election. In addition to the prestige which will naturally derive from being connected with schools of a city, Miss Millwee will also enjoy a higher salary schedule along with other advantages.

Personally and editorially speaking, we rejoice with the community in a good fortune which has come to a most deserving young lady. Our own and small daughters enjoyed the privilege of being in her room one year each, and we have personally enjoyed a deep and valued friendship with the lady for more years than either of us care to confess. (Suffice it to say that we were freshmen together in the early twenties, so we feel that any good fortune which comes to her is almost a personal affair. But along with our congratulations, we are wondering how in the world school can start in O'Donnell next Monday without Miss Christine to steer the Second Graders safely through the ordeal?)

MRS. ROBINSON ENTERTAINS TUESDAY CLUB MEETINGS

One of the most enjoyable social occasions of the summer months was held Tuesday afternoon at the lovely home of Mrs. L. E. Robinson when she was hostess at the regular meeting of the Tuesday Bridge Club.

Miss Merl Smith of Alpine, sister of the hostess, was a guest for the occasion.

In games, high score went to Mrs. Hal Singleton, Jr. a set of handsome trays, and consolation went to Mrs. Ferrell Farrington.

At the tea hour, a delicious frozen dessert was served with punch to Mrs. M. W. White, Mrs. Bradley, Farrington, Singleton, Caldwell, Sam Singleton, Jordan, W. E. Singleton, Boyd, and Misses Smith and Thelma Palmer.

AL G. BARNES CIRCUS TO SHOW IN LUBBOCK SOON

The circus! Lions, tigers, clowns, acrobats, peacocks, popcorn, and horses, horses, horses.

The Al G. Barnes show, one of the world's largest circuses will exhibit in Lubbock, Monday, September 14.

For more than a quarter of a century the Al G. Barnes Circus has excelled with its trained wild animals. More than a score of international wild animal trainers will be seen. Fewest among them will be Bert Nelson, who has returned to America after fresh foreign triumphs. For this season he is presenting a group of 40 lions and tigers in a display of courage, daring and patience.

Public Program Monday Morning

The 1936-37 term of the O'Donnell Public School system will be officially opened next Monday morning with a public program at the high school auditorium. Immediately after the program, students will be classified and the course of study worked out. Members of the faculty have been working with Supt. Fletcher Johnson most of this week planning the day's program and arranging other details incident to beginning what is believed will be the most satisfactory school term in the history of O'Donnell.

Program At Nine

All students and patrons are urged to be at the high school auditorium at nine o'clock Monday to hear announcements, to meet the teachers, and to enjoy the program which has been arranged. Subject to a few minor last minutes, that program will be as follows:

Invocation—Rev. M. R. Pike.
Song, "America"—Audience.
Duet—Mrs. Carey Shook, C. H. Mansell.
Novelty musical number—Arranged by Mrs. A. W. Gibbs.

Piano Solo—Mrs. V. D. Armstrong.
Announcements.
Benediction—Mrs. Pearl Keeton.
Credits Are Required.

As we have announced from time to time recently all students transferring to this district for the first time will be required to have a list of their credits, signed by their last teacher, before they will be enrolled and classified. This ruling has been made so as to avoid confusion in working out the course of study for such pupils.

All students will of course be required to bring their report cards and book cards from last year. High school students will pass immediately from the auditorium to their home-rooms for class organization and enrollment.

Grade school students will go to the home rooms in the ward school building to receive their books and assignments for the following day's work.

Patrons Cordially Invited.
Supt. Johnson and members of the faculty join in urging that all parents and patrons make an effort to be present at this opening program Monday; their presence and interest will help their own children and the teachers also. Mothers will also be welcome to visit in the rooms during enrollment.

Essig Arnold Celebrates Seventh Birthday Friday

Honoring the seventh birthday of their son, Essig, Mr. and Mrs. E. L. Arnold, entertained with party for a number of his friends and school mates, the affair being held at their attractive country home.

After the gifts were opened and admired, group games were enjoyed by the small guests, and kodak pictures made of the group. When they had tired of romping, guests were invited into the dining room where the huge white birthday cake decorated in blue and topped with seven pink candles formed the centerpiece for the dining table. All table appointments and decorations for the room carried out this pink and blue color scheme.

As the candles were extinguished, the guests shouted their wishes to the honoree. Refreshments were made and punch, with lollipops as plate favors. These present were Burt Keeton, Ina, Merle Beale, Billie Frank Gibbs, Eunice Walker and the honoree.

Mrs. Bonnie Rochell, accompanied by Johnny Rochell of Lubbock, made a business trip to Mineral Wells Monday.

**Story Of Bedroom
Work, By Edna
Earle Craddock**

At the beginning of the bedroom
demonstration the walls were papered
with building paper. The paper was
very ragged when the wind and rain
had torn and spotted it. The paper
was green and tan, a very ugly color
because green calcimine had been ap-
plied.

When I started to fix my bedroom,
granddaddy said that it would not do
any good until the house was shingled
on the east side. After he shingled
the house I asked him to buy the pa-
per and he said that he would.

Granddaddy told me to go to the
lumber company and get it, then mo-
ther and I picked bedroom paper. The
ceiling paper is light cream. The bor-
der is a mixed stripe that is pink,
yellow, blue and black. The paper has
a cream background with pink, yellow,
blue and tan flowers with green
leaves.

Mother and I washed all the old
calcimine off so that the paste would
stick, then we took rags and pasted
over the cracks so that the paper
would not burst.

I first put a coat of Ivory paint on
the woodwork. While the paint on
the woodwork dried I papered the
walls and ceiling. The border was the
last to be hung. The second coat of
paint was applied to the woodwork.

The windows had to be tightened
and a window light replaced. The
screens were off the hinges and I put
a hinge on them. I tacked the screens
back on to their frames. I next came
into the house to inspect my two
windows and found that the curtains
and shades were too far from the
walls. I took the old blacks off and
sawed new ones about three by three
inches. I rehung the curtains and
shades.

The floor had an old blue checked
linoleum rug on it. I threw it away
and smoothed the floor with a floor
scraper, then I put one coat of Mos-
sack Oak enamel. When this dried I put
on another coat then waxed and pol-
ished it. I finished my floors, adding
blankets. They are pink, brown and
green.

Before I began my demonstration the
room contained two beds, an old worn-
out green dresser, a box on the floor
beside the dresser for my little broth-
er's clothes. An old dark oak ward-
robe with one door off, a box with a
broken lid where the family hose were
kept, an ironing board, and several
pairs of discarded overalls were kept
behind the door. I used an old tall
kerosene lamp on the dresser when
I studied.

My room was changed from an un-
tidy, crowded room into a restful place
of use and beauty in the following
ways: I moved one of the beds out,
changed a mattress from an extra bed
in the house to my bed, made a spring
covering out of clean gunny sacks,
made a mattress pad out of an old
quilt, pillow covers were made from
a discarded sheet, made four sheets,
put a slit in for each row of coils of
springs, made a quilt, three coats of
paint, light pink enamel were applied
to the bedstead.

The old dresser was moved out and
a dark oak dresser was brought in.
I cleaned out the dresser drawers,
sandpapered the outside and put on
three coats of light pink enamel. I
found boxes to put my purses in. The
mirror frame was then removed and

the mirror hung on the wall. The
dresser ornaments are cream color
crash scarf, pink jewelry jar, and a
black vase.

The dressing stool was made out of
an old incubator. The legs were a made
out of the legs of the incubator. They
were made a bit shorter. The top was
made out of the inside of the incub-
ator. I enamelled it with light pink.
The top was stuffed with cotton and
covered with an old striped dress. The
stool was finished with a blue crash
cover.

Then came the wardrobe. I papered
the inside with the scrap paper that
I had and some that my aunt gave
me. I tried to sandpaper it, but could
not. Twenty-nine years had been too
much for it so I gave up sandpapering
and put on three coats of enamel. I
painted the rod on the inside with
light green and put my clothes on the
racks. I made me a shoe bag out of
an old shirt. It holds two pairs. The
family had kept their shoes in the
lowest shelf. I moved them and put
my quilts in there. My sheets, covers,
towels, and bath cloths were kept in
the other shelves. The door was put
on and I made room for my hats in
the top shelf.

As I had no table, Miss Baker gave
me a rather large one. It is almost
black. I put three coats of light pink
enamel on it. This is to be used as
a combined study table and a bedside
table. The editor of the paper gave me
a large blotter to put on my table to
be used as a scarf. On my table I have
a clock that I got out of an old Rock-
ne car. I took a pasteboard box and
made a frame for my clock. I var-
nished this light pink. I have a lamp
made out of a pickle jar that Mrs.
Myers gave me. I enamelled this light
pink. I took the wick and chimney
off of an old lamp. I had to buy me
a small shade for my lamp. I have a
vase of wild flowers and a box of
stationery on it also.

I next made a bathing center out of
two orange crates. Bath accessories are
kept in it.

An old cane bottom chair was mend-
ed with a discarded one and a pillow
cover of blue checked print was used
for the cushion cover. The cushion
was made from an old thrown away
pillow. The chair was cleaned with
lie and varnished.

The rocker contained a standard
upholstered cushion. I covered it with
blue crash material to harmonize with
the rest of my room.

The foregoing story is correct as far
as I am able to tell it. I have enjoyed
the work and know I probably shall
enjoy living in my room more than I
have enjoyed the labor.

The total cost of the room was \$7.60.
Four of my co-operators have com-
pleted their bed rooms. They are done
according to instructions. Oleta Har-
rison, Elmore Back, Detroit, Paister
and May Bell Ham. Five other girls
are working on their rooms. All of
them have refurnished their furniture,
and arranged their rooms, and one of
the five has repapered.

I want to recommend the members
of my club to you as future citizens.
They have been loyal to me, their
president, in attending our regular
meetings, our recreation programs and
our extra club activities.

I have won more than money can
buy even after my granddaddy gave
us paper to finish all of our house. I
have won contentment in my home-
place. In addition to contentment, I have

**School Opens
with a
RING**

Next Monday marks the opening of the 1936-37 school term for the
O'Donnell public schools, and your Red & White stores join with the
community in extending a cordial welcome to teachers and students.
It has always been our pleasure to co-operate with the school in every
possible way, and that policy will be continued through this year.

The best way to help the school, however, is to help the parents of the
school children to maintain the proper standards of living so that home
atmospheres and background will be such that children come to school
eager and ready to study and learn.

Your Red & White Stores do this in the most sensible, the quickest way.
We save money for parents by giving them a source to obtain the best of
foods at the lowest prices, with a maximum of courtesy and consideration.
We believe that teachers could almost pick out children from "Red &
White homes", just because they are healthier and happier. Try it your-
self.

McCARLEY'S

DECEMBER MARRIAGE ANNOUNCED THIS WEEK

Coming in a complete surprise to families and friends, the marriage of Miss Anne Thompson and Raymond Debenport on December 29, 1935, was announced here Sunday.

The ceremony was performed at Lovington, N. M. by the pastor of the Baptist church, with Miss Mildred Goddard and Glenn Allen, Jr., as witnesses. Because both contracting parties were in school, it was decided to keep the marriage private for a time, and the announcement was made after Mr. Debenport had received his degree and completed special work at Canyon.

Mrs. Debenport is the second daughter of Mr. and Mrs. Clay Thompson of this place, and a member of this year's graduating class. She was active in all student affairs during her last years in high school and was one of the most popular young ladies of the community. Mr. Debenport is the son of Mr. and Mrs. Bob Debenport, also of this place, and is also a graduate of the local high school, having graduated with the class of 1932. He went immediately to Canyon and entered college there, taking his degree this summer. He has recently been employed as principal of the high school and head of the Vocational Agriculture department in the Widorado High school, near Amarillo. He and Mrs. Debenport left for that place early Monday, so that they might find suitable living quarters and get settled before the school term opens.

Both young people are well known in this territory, and both have scores of friends among young and older folks alike. Their many friends are confident that they will make a successful and useful life together, and the Index joins in this opinion as well as in extending best wishes for a long and happy life together.

Mr. and Mrs. Charles Crawford are moving this week from the apartment in Mrs. Belle Knight's residence to the home of Mr. and Mrs. E. D. Holman, where they will live during the winter.

Mr. and Mrs. DeWitt Knox and daughter, Patsy, are here from Rotan for a few days' visit with friends. Mr. Knox was for more than a year connected with the Davis Drug here, and they have many friends among local people who will be glad to see them again.

Master Stanley Cathey is in Lamesa today (Friday) undergoing a tonsillectomy in the office of a Lamesa physician.

Charles Collins, son of the late Dr. C. E. Collins of this place, is here on business this week.

Mr. and Mrs. L. T. Brewer and daughters, Mary Frances, Anne, and Annette, returned Friday from an extended trip through deep East Texas, where they visited relatives and friends and to Dallas and Ft. Worth where they attended the Centennial exhibitions.

ON TEXAS FARMS

Leather Making Demonstration: There will be a leather making demonstration on the Gaston Martin farm, one half mile south of Sparanberg, the 9th and 10th of September. M. K. Thornton leather specialist of the Extension Service will have charge of the demonstration. Mr. Thornton has devoted his entire time to making leather in such demonstrations during the past several years. The approximate cost per pound of finished leather for harness and hatters, 14c; leathers and other uses amounts to fifteen cents per pound for the finished product.

The demonstration is free to all who care to attend the demonstration on exhibition at the Dawson County Fair for all to see, who care to inspect the leather made from Dawson County hides. The hides weigh thirty-five and fifty-two pounds respectively. The lighter hide will be made into lace leather while the heavy one will be made into harness leather. The date for the demonstration is 9th and 10th of this month, next Wednesday and Thursday. All who are interested are welcome to attend the demonstration and of course in case you plan to stay all day, bring your lunch along.

Trench Silos: There are five new silos being dug at present and we know of at least five more that will go down within the next few days. It seems that the man who has a short crop would be interested in digging a silo due to the following facts: Eliminates the damage of rats, sand, weevils, drying out of feed. One acre in the silo will be worth two acres of dry fed in the stack, and livestock will have green feed equivalent during the winter months when all vegetation has been killed. With the prices for butter fat as they are, should they stay at the same level during the winter, silage will make the cows fill the bucket a little higher and of course the larger amount of milk with the same percentage of cream test, will give more volume to the cream.

Milo heads according to E. C. Martin, district agent, will keep equally as well as in the trench silos as cut bundles. He reports that there was a trench silo in McCullough county last year with heads and when the silo was opened the heads were in as good condition as they were at the time they were put in the silo. The damage from weevils of course was none as well as the heads were free of sand. The heads when placed in the sun had their usual characteristics being in perfect condition.

Four more boys bought calves during the week for finishing out during the month of March.

C. H. Cabool made a business trip to Stamford this week, planning to return Saturday.

Mrs. Raymond Womack of Lubbock was here Tuesday afternoon, visiting Mr. and Mrs. H. R. Womack.

ANNOUNCING Our New Location

We have this week moved into our new home in the basement quarters of the First National Bank Building, and we herewith extend a cordial invitation to all our patrons to pay us a visit. We have installed several items of new and modern equipment which will enable us to serve you better than ever before. Come to see us.

So You're Going To Be Married

Keeping house is FUN, if your new home is equipped with an automatic gas water heater. Hot water for dishes, laundry and personal needs - INSTANTANEOUSLY day or night... and the upkeep won't strain a newlywed budget either. Gas rates are so low.

The low gas rate fixed by the Railroad Commission of Texas, and put in effect by the Company is lower than the rate in 80 other Texas cities and towns having gas service. Minimum bills also reduced.

West Texas Gas Co.
 Good Gas With Dependable

Why Gulf is the gas for your Labor Day trip

PACK A PICNIC BASKET, get in your car, and go places over summer's last big week-end. But be sure you use a gas specially refined for current weather in this locality. Otherwise part of the fuel you pay for blows out the exhaust unburned, wasted. For top mileage you need that Good Gulf—it's "Kept in Step with the Calendar" so that all of it goes to work, none of it goes to waste. Fill up at the Sign of the Orange Disc for a thrifty Labor Day trip.

"Kept in Step with the Calendar" THAT GOOD GULF GASOLINE

FALL ACHIEVEMENT ROUNDUP PLANNED
Plans have been completed by the South Plains Council for an Achievement Roundup to be held during the months of September, October and November. The purpose will be to stimulate troop organization, better troop programs, and enroll new 12-year old scouts, according to Dr. W. M. Pearce, chairman. The Achievement Roundup starts September 1st and closes November 25. Roundup awards for the troops reaching the objectives during the three months will be given at the Boy Scout Circus to be held in Lubbock the last of November. Every troop in the council will be expected to participate in the Roundup.

PERSONALS

Messrs. J. L. Shoemaker, B. J. Boyd, and Fletcher Johnson spent the weekend and the early part of this week on the crick bank, angling for the denizens of the deep. So far as we have heard, they broke no records for deep sea fishing, but they did catch all the fish they could eat and enjoyed camping out.

Mr. George Vaughn dropped by the office Saturday afternoon and renewed their Index subscription for another year. Thank you, sir.

Mr. and Mrs. Marshall Whitsett had as guests last week, her nieces, Misses Helen Frances and Peggy Eiland of Munday.

Mrs. F. E. Norton of Dallas is here this week, visiting her mother, Mrs. R. H. Schooler, and other relatives and friends. She will return home Saturday with Mr. Norton and Frank, Jr. who expect to join her here sometime this week. They will be accompanied home by his mother, Mrs. Peers who has spent the summer here with Mrs. Schooler. Mrs. Peers' home is in Brownwood.

Mrs. W. H. Thornhill was down from Tahoka Friday, looking after invoicing and unpacking of new Fall merchandise. We are indeed glad to report that she is apparently much improved from her severe illness last winter.

Mrs. Ora Blocker and son Dan, returned last week from an extended vacation trip and visit with relatives and friends in various points in East Texas and as far as Shreveport, La. They were accompanied as far as Brashear by her mother, Mrs. J. J. Davis, who spent the summer here, and were accompanied on their return, by Miss Mary Helen Stuart, who will spend the winter here with Mr. and Mrs. Blocker.

Starward-Bound

JANICE JARRATT to its "Sweetheart of the Texas Centennial" this week when Janice Jarratt, lovely San Antonio girl who found fame in New York as America's most photographed girl before returning to Texas as official State hostess for Centennial celebrations, signed a long-term movie contract and departed for Hollywood. Released from her duties by Centennial officials, the Texas beauty signed her contract in executive offices in Austin in the presence of Governor James V. Allred, J. Cheever Cowdin, chairman of the board of directors of Universal Pictures, and Harry Evans, Universal casting director, flew to Texas from New York to present the contract.

Mr. and Mrs. R. C. Carroll are having their attractive residence in the East part of town repaired this week.

BILIOUS

Condition Needs Double Action Treatment

Stimulation of liver bile flow is not enough for complete relief, but combined with intestinal stimulation that relieves temporary constipation, quick, soothing results are certain. Herbine, a combination of herbs, combats BOTH conditions and so those dizzy, headachy, indigestions, gas, run-down feelings get relieved when both liver and bowels return to normal action. Get your bottle of Herbine from druggists.
