

Do You Know

The First Baptist Church has extended a call to Art Dold to become its educational director for the summer. Mr. Dold is a band leader and teacher in the school system and has made many friends and out of the school system. Paws for the Mexican Baptist Mission arrived last week and the new paragon is arriving this week.

Mr and Mrs. J. P. Hale visited friends at Lubbock Sunday.

Mr and Mrs. Steve Warren and children of Lubbock visited her parents Mr and Mrs. W. L. Maxwell for the week end.

Mr and Mrs. Sam Stubbiefield and sons Bill and Harold of Hobbs M. visited their mother Mrs. W. Stubbiefield Sunday.

Mr and Mrs. Henry Smith attend the funeral Friday of the husband of Mr. Smith's sister in Wichita Falls.

Jeff Shook and Naymon Everett attended the open house of the new white Deere Methodist Church Sunday.

Dee Ballew and L. J. Hash attend the Dry Cleaners Convention at Lubbock Saturday.

Mayor L. J. Hash was in Ft. Worth last Friday on City's business.

Mr and Mrs. Sid Jones visited at Adcah Sunday and his mother, Mrs. Minnie Jones returned here with them for a visit.

Mr and Mrs. John Ellis had as week end guests a sister, Mrs. Betty Wagner and Miss Helen Laney of Texas.

Mr and Mrs. Hollis Synnney visit Mr and Mrs. Kellis Davis at Spring Sunday.

MRS. LINE'S ROOM HAS PROGRAM

Recently Mary Jane Finch and the Santos received annual awards for having the best workbooks this year in Mrs. Line's Fourth Grade class. Recognition was given to Layne Clayton and Danna Turner for having made the highest grades. After these presentations refreshments of pops and candy was served by the teacher.

Farm accidents are on the increase. As the tempo of farming and such activities pick up speed, the chances for accidents increase. Agents on the Texas Farm and Ranch Safety Council. The Council urges agriculturists to take that extra few minutes and play it safe. There is no profit in any kind of accident especially one which disables and causes losses in time and equipment.

No other resource so directly affects the welfare, comfort and happiness of so many people as does water. Water conservation is featured on a commemorative stamp which was issued in Washington, D. C. on April 15th for the first time.

SCHOOL EVENTS TO COME

THANKS....

TO THE VOTERS OF LYNN COUNTY —

I sincerely appreciate the vote and help you gave me in the first Primary. I could not have gotten in the runoff without a lot of help from my friends, and I want to thank them, also. May I solicit your vote and influence in the Second Primary on June 4, and will try to see most of you personally before election day. If elected, I promise you I will try my best to make you the kind of sheriff you want by giving the duties of the office my full time.

Again, Thanks to one and all

JACK MILLER

German Youth To Be Rotary Guest For Two Months

The O'Donnell Rotary Club is making final plans for their foreign student to visit. The student, a Mr. Blank, age 20, from Kassel, West Germany. He was reared in East Germany. His father was a judge and died in World War 2 fighting the Russians. His step father is a judge and his mother is a former judge. Mr. Blank is a university student and he plans to study law upon his return home.

He is due here June 15th and will visit in the homes of Rotarians as a member of the family group during his eight weeks visit. His expenses will be paid both ways by an association for this purpose. The local Rotary Club will pay his expenses and transportation from and back to port of entry at New York City.

This is the first time for O'Donnell to have a part in this program. During past summers, Tahoka has had several foreign students. Mr. Blank speaks English fairly well and the entire community is looking forward to making his visit most enjoyable and giving him an abiding liking for America. If this tired old world, currently on the brink of atomic war, is to have peace, its people must learn the ways of one another.

GARRETT AND RUSS SEEKING FARM DEGREES

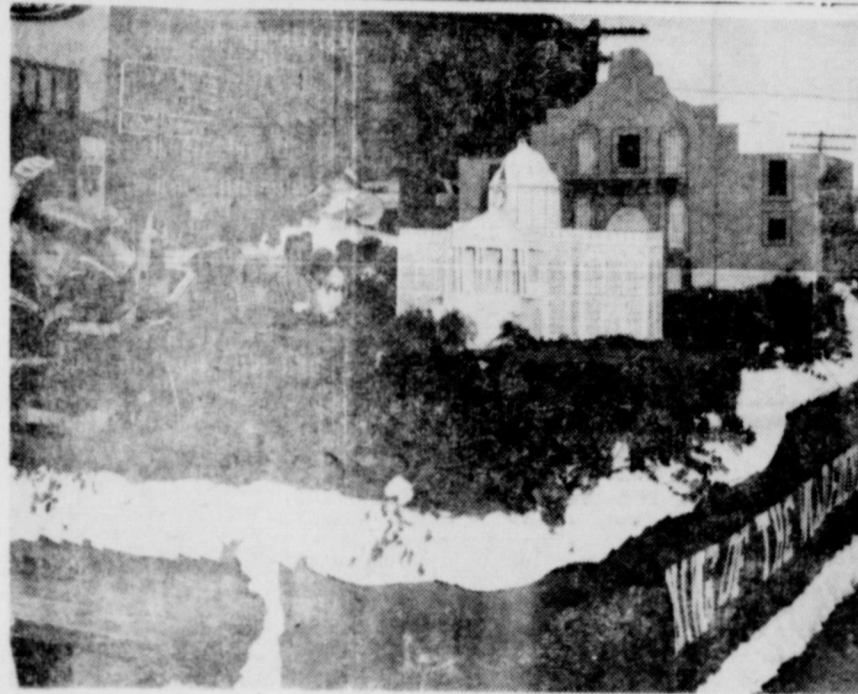

At the district convention at Lamesa last Saturday, Jimmy Garrett was nominated to run for Area 2 FFA president. Garrett and Billy Russ are well on the way to becoming Lone Star Farmers.

District president James Roy Moore presided and was toastmaster at the Mesa District banquet. Donna Sue Jackson represented the O'Donnell chapter in an excellent manner as the FFA Sweetheart. Mrs. L. D. Jackson was a guest of the chapter and Douglas Mires served as voting delegate. Garrett received the Electrification award and Billy Russ was runner up for the soil and management award. The area convention will be in Midland June 2.

A TALE ABOUT MOTHS

'Twas the nite before Monday morn, when all of a sudden like a roar, our bride ran to the kitchen. Armed with the baby's swatter she began, with an awful fuss, to beat poor little dusty millers in the head. Not a wink more sleep did the kid get and the coffee was like ink that dismal morn.

The above is the story of our weekend but it is also the story of those who experienced an invasion of the miller moth. Old timers tell us the moth is the adult stage of the mesquite worm. (P. S. We didn't know mesquites had worms.)

Final plans are being made for the Golden Jubilee year and 16th annual rodeo to be held here June 9th, 10th and 11th. Various civic groups are working with the 1946 Study Club to plan and stage this year's 50th anniversary of the founding of O'Donnell.

Theme of this year's program and parade is "From Lamplite to Satellite" and about 25 floats and parade entries are planned. Mrs. Dallas Vaughn is in charge of planning the parade and coordinating the festival. Details of the jubilee celebration are still in the planning stages. Queen candidate pictures will run next week. Advance sale of rodeo tickets will determine the rodeo queen as in past years. Mrs. P. M. Jones will be in charge of the queen contest.

Mr. Parker of St. Jo will again furnish the stock and supervise the rodeo along with members and directors of the O'Donnell Roping Club, sponsors of the rodeo here each year.

Rodeo programs are in the hands of the printer but there is still time to get your ad in the program by calling Mrs. Vaughn or Mrs. Bill Davis.

Guild Meets Here

The O'Donnell chapter of Wesleyan Service Guild of the Methodist Church was hostess to District Guild members for the district meeting Sunday. Dinner was served at the church and was followed by a program and business meeting.

TED ROGERS THANKS VOTERS

I wish to take this means of thanking all of you for your vote and support of my candidacy. I have enjoyed making the race and visiting with you. Also my best wishes and congratulations to our commissioner, Mrs. McLaurin. Again my thanks.

TWINS BORN ON DIFFERENT DAYS TO FORMER LOCAL LADY RECENTLY

Mr and Mrs. Wayne Davis of Levelland have twin girls with different birthdays. Vera Melinda was born at 11:53 p. m. Monday, May 9th and Eva Belinda was born at 12:05 a. m. Tuesday, May 10th. Vera weighed 3 lb 3 oz. and Eva weighed 3 lb 7 oz. Both were reported doing fine at Levelland Clinic and Hospital. Earl Seay of here is the proud grandfather.

Negro Shot In Leg

Archie Morgan was said to have shot Jesse Smith late Sunday afternoon in the leg. The wound was not serious going thru the fleshy part of the limb. "Big Mama" said part of it from her front yard. The disagreement was said to have come up over a 50c debt. Are times really that rough? Could be rougher if it doesn't rain.

Deputy Sheriff Frank Lindsley took Morgan to Tahoka where he was charged with attempted murder. A Mexican national, Valdomera, was charged with theft of four tires and wheels. He worked on the Arlysis Askew farm.

STANDEFER THANKS VOTERS

To All Voters of Dawson County, Especially to O'Donnell, Harmony, and Northeastern Dawson — Your wonderful support in the primary on May 7th shall never be forgotten. Words fail to give justice in trying to express my appreciation. If I can ever help you in any way, please command me to do so. Yours truly

ARTHUR STANDEFER

Rabies Still Threat

Wildlife rabies is running two to one ahead of rabies among domestic animals, the most recent record shows.

The record shows there were 65 cases of rabies diagnosed in all animals. Only 17 of the 69 total were among dogs and cats.

The rabies picture in Texas has recently been taking on a new look. The present trend indicates a decline in the number of rabies in domestic pet, but a rise in the number of wildlife rabid animals.

Infected skunks and foxes were more numerous than the total of rabid dogs confirmed by the State Health Department laboratory during 1959. Livestock rabies has shown an increase also, probably due to exposure to wildlife.

Watch Poisons ---

Poisoning, while not a top killer in Texas, claim over 80 lives each year in Texas.

In addition, the dozen poison control centers scattered around the State answer hundreds of urgent pleas for information each month.

Generally, pre-schoolers are the victims. Records indicate that 65 to 70 percent of all poisoning cases reported to poison control centers involve children who are one or two years of age.

The improper usage (not following directions) of medicines cause the greatest percentage of accidental ingestion of poisons, with aspirin overdose heading the list. Sedatives and tranquilizers are close behind.

Petroleum products also claim a high percentage of victims. A common cause is children drinking kerosene or gasoline from a soda water bottle.

Deathwise the poisoning picture takes on a slightly different look. According to State Health Department statistics, there were 87 deaths from solid and liquid poisons during 1959.

Aspirins and salicylates led the causes, followed by noxious foodstuffs (toadstools and other poisonous plants).

Barbiturates and petroleum product deaths are not as high as some other causes because prompt medical action is usually successful in saving the victim.

A breakdown of ages in poison deaths shows 17 deaths for children in one-to-four year olds, the age of inquisitive toddlers.

Thirty-one persons between the age of 45 and 64 died from poisoning, most resulting from an overdose of medicines. Least number deaths was in the five to 14 age group, with only one death during 1959.

The production and marketing of agricultural products is becoming more and more competitive between farmers and areas of production. Agriculture is also becoming more commercialized and specialized, says John McHaney, extension economist, and larger investments are required to meet these changes. He adds that businesses outside of agriculture are also following this trend.

Birds have an appeal to most everyone because of their natural beauty, sprightly actions and pleasing songs. Much can be done to attract song birds to the home surroundings. Providing food, water and protection and favorable nesting facilities will attract to the areas of the yard or garden where they are most desired.

Forage plants in many sections of Texas are deficient in phosphorus. When pasture forage is markedly deficient in this mineral, cattle grazing on such forage should receive from 4 to 8 grams of supplemental phosphorus daily.

THANK YOU

I want to express my appreciation to the people who voted and supported me in my race for State Representative.

I wasn't elected your Representative, however, I don't feel that I have lost. I enjoyed the campaign, and I have made many new friends. I know that 5,700 people had enough confidence in me to give me their votes --- somehow just didn't seem a loss. Thank you.

**NOW LOOK WHAT
CORVAIR'S
GONE AND DONE!**

The same Corvaire that tallied a thumping 27.03 miles per gallon* in the Mobilgas Economy Run... went right on to climb Pikes Peak earlier in the spring than any car has ever tried!

We wanted to show you what the fabulous traction of Corvaire's rear-engine design and the sure-footedness of four-wheel independent suspension really mean. So the identical Economy Run car went right on to 14,110-foot Pikes Peak—and right up to the top of that savage mountain, on April 15, still deep in winter's snow and ice. No other car—even specially equipped—had ever been able to conquer that nightmare alpine road so early in the spring. But Corvaire (with United States Auto Club officials aboard to certify that not one nut or bolt was changed) purred right to the summit without chains or even snow tires! That just underscores the fact that Corvaire is totally unique. But you'll find that out the first five minutes you're at the wheel!

*With professional economy drivers on the one 240-mile run from Los Angeles to Montezuma

**STATE HAS SCHOOLS FOR
 POOL OPERATORS**

They're some great times ahead
 for Texas' swimming enthusiasts.
 They've got 13,000 pools to choose
 from and the season is right at
 hand. And things stand to break
 even better for the "wet set" in
 days to come. According to the Na-
 tional Swimming Pool Institute, Tex-
 as will have some 50,000 pools in
 1970, almost four times the present
 number.

But play for plungers means
 work for someone else, namely
 State Health Department engineers
 and local health department sanitari-
 ans who sponsor training courses
 for pool managers and personnel
 from border to border.

The Department began its volun-
 tary program of training operators
 in 1956. Day long courses are held
 at various points thruout the State
 and cover such diverse subjects as
 chlorination, filtration and sanitation.
 So far 1216 pool operators have
 been certified by the Department
 thru the medium of short schools.

Bond Sales High

March E and H Savings Bonds
 sales in Lynn county totaled \$24,
 521 according to A. C. Verner,
 chairman of the county Savings
 Bonds committee.

Sales for the first three months
 of 1960 were \$24,521 which rep-
 resents 34.5 percent of the county
 1960 goal. First quarter sales in
 Texas were \$45,480,326 or 27.5 per-
 cent of its 1960 goal of \$165,500,
 000.

"Savings Bonds are an invest-
 ment in the future. For years the
 Treasury Department sold bonds as
 a doorway to opportunity—a new
 home, college education, retire-
 ment, or some other dream of the
 future. But today the future itself
 is threatened. With the dawn of
 the missile age, the world is sud-
 denly aware that one more war
 could be the last. The home of
 the age is for peace — for some
 guarantee that there will be a
 future to look forward to. We
 must have PEACE POWER—the
 strength to keep the peace; the
 knowledge to make it lasting. Sav-
 ings Bonds, in building economic
 stability, help strengthen America's
 peace power," James F. Stiles, Jr.,
 National Director, said.

ELECTRICITY

The comfortable way to cook
 ... because it's COOL

Every time you cook during hot
 weather, you'll appreciate the com-
 fort of cool electric cooking. Electric
 surface cooking units transfer heat to utensil bottoms
 by direct metal-to-metal contact, with no intervening
 air space. They heat the utensils and the food,
 not the kitchen. The electric oven is insulated on all
 four sides and top and bottom to keep heat inside where
 it belongs. Result: your kitchen stays almost as cool
 as any other room in your home. See your electric
 range dealer soon. Cool electric cooking is another
 of the many ways in which your dependable, low-cost
 electric service helps you live better . . . electrically!

Cool electric cooking is a

Prompt Service — John

One way to safeguard against excessive fungicide and nematocide residues on harvested crops and protect those who handle the materials is to follow the recommendations of the manufacturer.

POLITICAL —

ANNOUNCEMENTS —

LYNN COUNTY FOR SHERIFF: NORVELL (Booger) REDWINE (Re-election) JACK MILLER

Wanted to buy — Junk Metal as junk cars, etc. Bud Pugh, Box 241, on Highway 87 (west lane) north of town

Mesquite robs 55 million acres of Texas rangelands of precious moisture and plant nutrients each year. Range specialists have just released a new publication, Mesquite Control, which is available from local county agents. The different control measures for mesquite are discussed in detail in the publication.
