GOV. O'DANIEL PLANS TO SPEAK IN LUBBOCK K

Gov. W. Lee O'Daniel, around whom politics has revolved for two weeks, will carry his campaign for re-election into West Texas next week, and will appear in Lubbock Thursday night.

The governor will travel with his hillbilly band and his family in his new sound truck which has a cost estimate of from \$1,500 to \$15,000—depending upon the political faction doing the estimating.

Deemed an easy victory by his O'Donnell supporters, the Lubbock visit on the part of the governor is expected to draw a huge crowd, and O'Donnell is expected to be well represented. Both supporters and foes of the governor are likely to attend.

THUGS ENTER LUMBER OFFICE NO CASH TAKEN

By breaking a pane of glass and then unlatching the night latch, burglars entered the Cicero Smith Lumber company office Friday night. No money, nor any merchandise was missed after a check by Don Edwards, manager.

The prowlers scarred the face of the office safe after a vain attempt to gain entrance. The sign of "poison gas" on the safe knob may have caused a quicker departure than anything else.

A total of 44 absentee ballots had been cast with County Clerk Walter Mathis at Tahoka up to 5 p. m. Thursday, which is on a par with an average general absentee balloting during election year in this county.

A heavier balloting by absentees is expected within the next few days, due to the fact that a great number have been mailed out, but are unreturned up to this date.

All persons interested in the formation of a golf club here are urged to be present.

O'DONNELL TO BE SCENE POLITICAL ACTION, CANDIDATES MAKE LAST APPEAL; OTHER ENTERTAINMENT

County Chairman Urges Early Vote

The Lynn County Democratic Executive Committee and the election officers of the several precincts are exerting every effort to facilitate the counting of the votes on the 27th, as promptly as possible, in order to avoid having to work all night or day the completion of the counting until Monday following, as has sometimes been the case in the past, but we find that we must have the help of the voters to accomplish this purpose. Heretofore, a great many voters have delayed voting until late in the afternoon, leaving the counting force without much to do in the forenoon, and thereby causing a delay of several hours in getting the votes finally counted.

In the early days, we are told that the slogan was "come early and vote often". That day is in the past, as to voting often, but now let's make the slogan "COME EARLY AND VOTE EARLY". Please help us.

Sincerely,
C. H. Cain
County Chairman

Candidates for political offices ranging from constable to high state offices will convene on O'Donnell next Tuesday night for a huge political rally prior to the primary on July 28.

All candidates for county offices will be present, with district candidates not far behind. Effort is to be made to secure at least one candidate for governor in order that greater publicity may be given the event.

Up to the present, no organization here has taken charge of the affair, nor has any church or ladies organization given notice of any intention to handle refreshments. Notice was given weeks ago by Namon Everett, local Boy Scout leader, that the scouts would take charge and hold a pie supper, but the plan had to be abandoned for several reasons.

Entertainment of a varied order will be offered in O'Donnell Tuesday night in addition to the political speaking. A dance is planned by Shorty Wright, and he is now making arrangements for a good orchestra. Finals will be under way in the softball tournament, and two plays available for play at the bowling alley. The Rex Theatre is showing a feature picture that night.

Local political leaders are expected to make the rally here an eventful one by making plans later in the week.

Interest in both district and county races has heightened in the last week, so the candidates report.

In the state senator's race, a nip-and-tuck battle for votes is being waged by Marshall Formby of Dickens and Alvin Allison of Levelland, while Hop Halsey of Lubbock and Jack Douglas of Lubbock are waging their campaigns for representative.

Voers will see all candidates for district attorney in speaking action. In the race are Tom L. Price of Post, Rollin McCord of Tahoka, Burton Hackney of Brownfield, Alton Ferber of Seminole, Lawrence Barber of Seagraves.

County races which will witness more than one candidate are for the office of county judge, sheriff, assessor-collector, Commissioner precinct 3, constable.

Auditor Reports On County Books

Report of the state auditor shows that Lynn county received \$16,504 rural school aid last fiscal year, out of a total of \$5,386,825 distributed over Texas, Supt. S. R. LeMay of Athens pointed out this week.

LeMay has proposed distribution of rural aid funds by an automatic method, free of political pressure, so that schools may know in advance how to plan their budgets. He is a candidate for state superintendent.

"Lacking confidence in the present administration of the Department of Education, the Legislature several years ago created a joint legislative committee to supervise rural aid. LeMay said, "I intend to restore the confidence of the public and the legislature in the Department."

A graduate of both A. & M. and the University of Texas, holding four college degrees, LeMay has served in the Texas public school system for more than 25 years. For the past 18 years he has been superintendent of schools at Athens.

Marshall Formby Senate Candidate

Charging that the members of the last Legislature had bitterly disappointed the people in failing to solve the old age assistance and other social security problems and in failing to raise the truck load limit law, Judge Marshall Formby of Dickens county, a candidate for the State Senate of the 30th district has issued a formal statement concerning his senatorial candidacy. Judge Formby, serving his fourth year as county judge of Dickens county, made the following statement:

"Because the people have been promised so much and given so little during the past two years, I hesitate to infringe upon their good nature with a load of promises in order to influence them to vote for me for State Senator. However, there are a number of vital questions the people want answered and I submit the following as my formal

plea to the voters of the 30th senatorial district.

Cooperation Pledged

"When elected your state senator, I pledge my sincere cooperation to the members of the Senate, House of Representatives and the governor of the state, in helping pass measures beneficial to this district and to the state as a whole. There was no cooperation between the various branches of the government in Austin last year, and believing that only through cooperation can the state's problems be solved, I hasten to pledge my full co-operation to the Legislature and governor.

"I am opposed to a tax on poverty and believe that any needed revenue should be raised by placing taxes on those able to pay, which is, after all the correct foundation for the assessment of taxes.

"It will be my aim to work toward an immediate solution of the old age assistance and other social security problems. There should be more attention in providing for the aged, the blind, the delinquent children and others in dire need.

Cash Basis Favored

"The state government should be placed on a cash basis like any sensible business is run. This can be done through economy in the inaction of overlapping governmental agencies. It is foolish business for the state to continue to build up a deficit in the general fund. Business like methods, the same as we have inaugurated in Dickens county's government, should be adopted.

"The laborer should be given at all times a fair deal and I favor legislation for his protection. "I favor legislation favorable to agricultural interests believing that only when agriculture prospers in West Texas does the average business man prosper. For the benefit of agricultural interests, I favor revision of the present truck load limit law. The truck law limit should be raised to a sensible limit.

"It is unfair for certain counties in Texas to have remitted back to them the state ad valorem tax and I oppose this special legislation to certain favored counties in Texas.

"Because as county judge, I have learned the various problems relative to the care of the unfortunate in Texas I shall fight always for humane treatment and care of the insane, feeble-minded, epileptic, deaf and dumb and blind.

"In order that the average citizen might have his day in court and have his problems solved without having to waste his time and money, I shall favor legislation to speed up civil procedure in the Texas courts.

"It shall be my aim at all times to support legislation favorable to the average farmer, laborer and business man.

To the . . . VOTERS OF LYNN COUNTY

I wish to express my appreciation to each of you for your support in the past and especially for your most loyal co-operation during my administration as your County Judge. I shall always feel very grateful to the good people of Lynn County for having honored me with this office of trust. In asking the people to re-elect me County Judge of Lynn County, I would like to call your attention to some of the things which have been accomplished during my administration in this office.

I have with the co-operation of my co-workers and the good citizens of Lynn County been able to set up and put into operation a very progressive and constructive program that has taken care of many and much-needed improvements, such as: highway construction—two new highway designations (one north from Tahoka to Wilson and one from O'Donnell to Seagraves); surveys are now being made on these highways and we hope construction will begin in the near future); court house and jail improvements, a county health unit with a full-time nurse, a county library, a new and modern agricultural building. May I say that the above mentioned program is being so conservatively and economically operated so as to avoid any possibility of an increased burden on the taxpayers of Lynn County.

The increased duties of this office are such that it makes it impossible for me to make a thorough campaign. So I may not get to see each of you personally. I will greatly appreciate any investigation of my record which you may care to make. If you feel that I have served you well in the past and can best serve you in the future, I will greatly appreciate your vote and influence in the coming election.

Sincerely yours,

Loveland, Texas
July 13, 1940

Dear Friends:
As business men and citizens of Loveland and Hockley County, endorse and are proud of Alvin H. Allen's record of service to all the people of this district.

We sincerely believe he merits the natural promotion he seeks to the State Senate from the House of Representatives.

Alvin has served us well two terms as County Judge from 1935-39. And Hockley County gave Alvin an over-whelming majority vote two years ago in his race for State Representative.

We want you to know that we appreciate Alvin's close race in this campaign and are proud that he made a record he could bring back to the people, whom he served.

Don't Forget the STORY

For Tax Assessor-Collector

H. C. Story

—When you go to cast your vote on July 27th, remember that any consideration you may give my candidacy for a promotion to the office of Tax Assessor-Collector in and for Lynn county, will be most sincerely appreciated.

—In 1936, when I made my last race for County Clerk, I promised the people of Lynn county that I would retire at the end of that term, rather than to perpetuate myself in office. I kept that promise by retiring voluntarily at the end of my term in 1938. I consider the office I now seek, an advancement over the one you have heretofore given me. If you believe that ambition and service should be rewarded by promotion, that I will make you an honest and efficient officer; and that five consecutive terms (10 years) for the present incumbent is a reasonable tenure for this office, then your vote for H. C. Story, will be greatly appreciated by himself and family.

—I make this one promise, that I will try to make you the best tax assessor-collector you ever have had.

—I take this means of thanking you for the wonderful support in the past and earnestly soliciting your votes and influence in the July Primary.

Hale Makes Statement

To the Voters of Lynn county:
Due to an injury which I suffered a few weeks ago in which my ankle was broken, it has been impossible for me to see all of you though I have tried. Many of you were away when I called at your home.

Only a few days remain for me to see you, and I fear not much time remains, but I want to place my candidacy for Sheriff before you and to solicit your vote at the primary on July 27th.

Many of you know my record as Commissioner from Precinct 4. I have tried to represent my district and, at the same time, work for the best interests of the entire county. In coming to you for a promotion, I do so with the full knowledge that the office is an important one; the duties many, but I sincerely believe I am capable of making you a good Sheriff—one that will give fair treatment to all regardless of color, creed or financial standing.

If elected, I give you my word that I will enforce the law faithfully and fairly to all. Thank you.

Sincerely,
TOM N. HALE.

Nickle-A-Bale War Chest For Cotton

Cotton firms and cotton farmers of Tahoka and surrounding area were called on today by President Oscar Johnston of the National Council for "100 per cent allegiance in cotton's total war for increased consumption."

In a message addressed to local producers throughout the county President Johnston declared that "the raw cotton industry is arming as never before in its history to smash down the blitzkrieg of substitutes, surplus, and foreign competition."

The message came simultaneously with the National Cotton Council's announcement of a "universal service" plan to provide funds with which to carry on the fight during the coming year. The new plan, to go into effect August 1, calls for a defense fund of five cents on every bale of lint and three cents on every ton of seed, mobilized with the help of each of the five primary raw cot-

ton interests.
Under the new plan, arrangements have been perfected enabling the producer to make his nickel-a-bale contribution at the first point of sale, either to the cotton merchant large or small, or the ginmer or warehouseman acting as merchant. This contribution is carried on from merchant to compressor, who remits the accumulated funds to the Council when the bale is first compressed, or from merchant to textile mill which remits on uncompressed cotton.

Similarly contributions on seed, which are made by the ginmer and crusher are essembled and remitted to the war chest by the oil mills.
"For fifty years we cotton farmers have been talking about an organization like the National Cotton Council to defend our markets and find new ones through judicious advertising, intelligent research, and organized opposition to restrictive legislation. At last we have it, and in two years, equipped with modern weapons, it has accomplished more than any of us thought was possible in so short a period."

PRICE For District Attorney

Various reports have been circulated that if elected I would not be physically able to serve as District Attorney. This certainly is cheap politics and an unfair means to get votes.

Following is a Certificate of my doctors as to my physical condition which should sufficiently put at rest such erroneous rumors.

"We, the undersigned, hereby certify that **Tom L. Price of Post, Texas has been under our care and attention since he became sick. THAT IN OUR OPINION NO GOOD REASON EXISTS WHY HE SHOULD NOT BE PHYSICALLY ABLE TO PERFORM THE DUTIES OF THE OFFICE OF DISTRICT ATTORNEY SHOULD HE BE ELECTED.**"

(Signed) DR. A. C. SURMAN,
Attending Physician at Post, Texas

(Signed) DR. J. T. KRUEGER,
Chief Surgeon, Lubbock Sanitarium

I have not withdrawn from this race as erroneously reported, and never expect to surrender or retreat until the last vote is counted, therefore I beg my friends to stay with me.

It is true that for weeks I have fought back the darkest cloud that ever hung over any man's life—that of fighting for his life—but there is a silver lining through every dark cloud shining and with God's Help and Will, I am fast covering to my normal health.

You permitted me to serve you as District Attorney from 1927 to 1933, during which time I tried hundreds of felony cases. In addition I have had years of experience as a defense attorney both in the Federal and State Courts, and naturally come in contact with the shrewdest and best lawyers of this state which should enable me to serve you more efficiently. My record is an open book. Ask the lawyers of this state, including our resident lawyers, about my record, as well as our fair citizens. Your property and human rights must and will be protected if I elect me as your DISTRICT ATTORNEY.

TOM L. PRICE

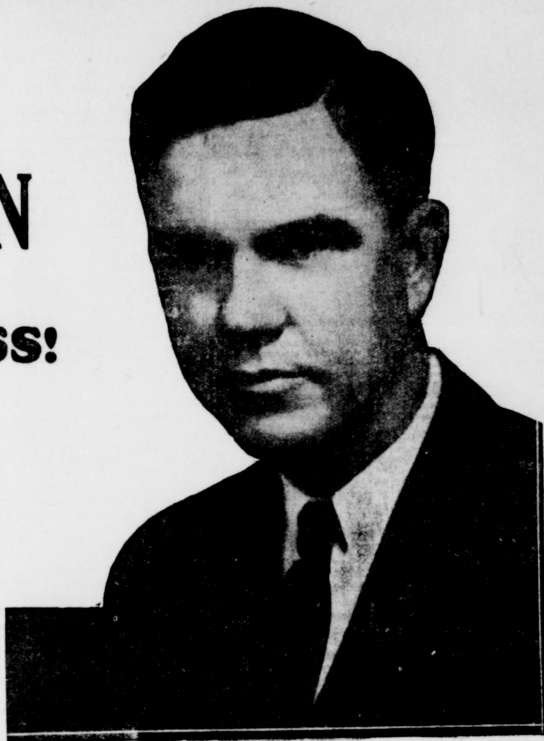

Let's Return

GEORGE MAHON

to CONGRESS!

GEORGE MAHON is heavily occupied in Washington with duties of the important office of Congressman from this district. He is now serving on the National Defense Appropriation Sub-Committee as well as serving on the all-important appropriation committee. He is staying with his job in Washington and will not be able to return to his home district and to solicit support of the people he has served so well for re-election!

Because George Mahon has well proven his ability to handle the affairs of this district—because of his untiring and successful efforts in behalf of our people and this nation—because of the prestige and recognition he has rapidly gained in Washington—his O'Donnell friends earnestly solicit your support of George Mahon for re-election!

Many O'Donnell citizens have signed telegrams and letters to George Mahon assuring him of their support in the forthcoming elections and approving his decision to stay on the job in Washington during these critical times even though he is in the middle of a campaign for re-election.

GEORGE MAHON
19th District Texas
COMMITTEE ON
APPROPRIATIONS

Congress of the United States
HOUSE OF REPRESENTATIVES
WASHINGTON, D. C.

JULY 8, 1940

TO MY MANY FRIENDS IN WEST TEXAS:

During this grave emergency I have remained on the job in Washington, seeking to serve you and our Nation at this time of great crisis. As you know, it has been necessary for Congress to remain in session and the adjournment date is still uncertain.

I am not unmindful that this is election year. Under normal conditions, I would now be visiting among you, thanking you for past favors and seeking your continued good will and support. Not being able to be in our District, I take this means of thanking you for the wonderful cooperation you are now giving me and have always given me during my service as your Representative in Congress.

May I earnestly solicit your continued confidence and support in the July Primary.

Yours very Cordially,
GEORGE MAHON

Millionth 1940 Chevrolet to be Contest Award

Some conception of the demand for the 1940 Chevrolet may be gained from the fact that the one-millionth model of this year's production left the assembly line at Flint, Mich., on July 12. In celebration of the public appreciation reflected by this tremendous production record, M. E. Coyle, general manager of Chevrolet, shown (left) above with W. E. Holler, general sales manager, announced that the one-millionth 1940 car, together with a trip to the New York World's Fair, would be awarded in a contest which is open now and will close Aug. 31. Details are obtainable at any of the company's dealers.
