O'DONNELL, LYNN COUNTY, TEXAS, WEDNESDAY, JUNE 24, 1959

\$2 And \$2.50 Per Year

## Local Bank Raises Capital Stock To \$75,000

On May 20, 1959 directors of our Bank received final approval from the Comptroller of Currency to increase its capital from \$50,000.00 to \$75,000.00.

Also to increase the surplus from \$30,000.00 to \$55,000.00. This was done by the sale of additional shares of bank stock. The stockholders and officers of the bank felt that this was desirable for several reasons: It gives our bank, too, it increases the lending capacity which will help to attract new customers.

Deposits at the Bank remain at an all time high for this time of year and the officers and directors feel that the bank is in a position to render the type of service that the community desires and needs.

FOUND: A 1959 O'Donnell Senior class ring. Contact Viola Burnett in Lamesa. Phone 2797.

### SWIMMING POOL SCHEDULE

Pool hours — Monday - Saturday, 2:00 P. M. - 6:30 P. M.  
Sunday, 1:30 P. M. - 5:00 P. M.  
Night swimming - Tuesday, 8:00 P. M. - 10:00 P. M.  
Ladies' Day - Wednesday morning, 9:00 A. M. - 11:00 A. M.  
Special Night Parties - Make reservations through Joe S. Palmer, Mgr. (should be made a week in advance)  
Party Rates - Flat rate \$6.00 plus individual regular admission 25c students & 50c adults.  
A life guard will be present at all parties.

Mrs. Effie Privet of Slaton spent week end with her daughter Mr and Mrs. Gene Enlow.

Mr and Mrs. Desmond Yandell visited his parents Mr and Mrs. Tom Yandell last week.

Ronnie Jordan suffered a head injury Monday when he fell from his bicycle.

Mrs. James Williams and C. E. Boles were honored with a pink and blue shower in the home of Mrs. R. G. Ledbetter last Thursday. Co-hostesses were Madams J. T. Middleton, O. G. Smith Jr., Harold Payne, and Andrew Vulgamore.

Mr and Mrs. Johnny Stokes attended the I. M. Davis reunion at Lamesa at the recreation hall Sunday.

Mr and Mrs. Robert Isaacs and children of Normangee visited his parents, Mr and Mrs. Clarence Isaacs last week.

Mr and Mrs. Gerold Moore of Portales visited her parents, Mr. & Mrs. Clarence Gellisple for the week end.

Mrs. Dan Blocker and children of San Francisco, Calif. will arrive here Thurs. to visit with the Shack Blockers.

Mr and Mrs. Bill Lane and girls of Midway and Mr and Mrs. Fred James visited in the Rob Lane home over the week end.

## Fair To Be Sept. 3-5

### To Revive Event

The directors of the O'Donnell Fair and Livestock Show Association met last Thursday and made plans for a Community Fair to be held Sept. 3, 4, 5th. This former annual event is being revived with added facilities and improvements.

Eligible entries will be registered in livestock, crop exhibits, commercial exhibits, educational exhibits, women's division and poultry and rabbits. Deadline for entries being in place will be Thursday nite 10 p. m. Sept. 3rd. All entries will be judged Friday and Saturday and will be released Saturday evening, Sept. 5th. Your cooperation in this event will make this fair an annual event. Any questions concerning the Fair may be answered by Harold Hohn, president, or Ralph Beach, secretary, or any of the other directors.

### Gas "War" On Again

The off-again, on-again gasoline price war here is on-again as of last week with regular going at 29.9 and 19.9 per gallon or a cut of 10c. Judging by the past the cut may continue indefinitely or go off any hour. Tahoka and Lubbock are also in the "war".

Competition of small gasoline producers seem to be the cause — but is sure nice for the motorist.

### Post Rodeo Set Dates

The new dates of July 8, 9, 10, and 11 aren't the only things new about this year's Post Stampede Rodeo. It also has a new producer, L. D. Ward of Trinidad, Colo.

During the last 10 years or so, the rodeo has been held in late May, with Goat Mayo of Petrolia as the producer.

This year's list of rodeo events also includes a new contest... steer wrestling. Other events are bareback, saddle bronc and bull riding, calf roping, ribbon roping and cowgirl's barrel race.

Cash prizes of \$200, plus one-half of the entry fees, will be paid to winners in each event. There will also be trophy buckles for all event winners and a hand made roping saddle for the best average on four head of roping stock.

Again this year, the Stampede Rodeo will include a jackpot cutting horse contest at 1 p. m. on the final day of the four-day show.

### Firemen Don't Have A Chance

When the trucks are delayed 40 seconds in traffic, people say: "It took them 20 minutes to get here."

When the truck races at 40 m. p. h., it's: "Look at those reckless fools."

When four men struggle with an eight-man ladder: "They don't even know how to raise a ladder."

When firemen open windows for ventilation to reduce heat in fighting a fire: "Look at the wrecking crew."

When they open the floor to get at the blaze: "There goes the axe squad."

If the chief stands back where he can see and direct his men, people say: "He's afraid to go where he sends his men."

If they lose a building: "It's a lousy department."

If they make a good "stop", folks say: "The fire didn't amount to much."

If a lot of water is necessary: "They are doing more damage with water than the flames."

If a fireman gets hurt: "He was a careless guy."

If a citizen gets hurt: "It's a crazy department."

If a fireman inspects a citizen's property: "He's meddling in somebody's business."

If he gets killed and leaves a family destitute: "That's the chance he took when he joined the fire department."

## Forbes Resigns As Mayor Here

J. T. Forbes, local banker, has resigned effective the last of this month as mayor. Since the City deposits funds in the bank, it has been ruled illegal for a bank official to serve on the Council.

During Mr. Forbes administration the City has nearly completed a \$50,000 expansion program which has seen the establishment of a City Park, a \$25,000 pool, a Community Club House and a new fire hall and city hall. Thru his business judgment and the work of his fellow council members, the City has saved several thousand dollars in taking close bids and cutting corners. The resignation of Mayor Forbes is a deep loss in the City Administration.

The Council is meeting this week to name a new mayor.

Following is the text of Mr. Forbes formal letter to the Council:

June 18, 1959  
Members, City Council  
O'Donnell, Texas

I wish to tender my resignation as Mayor of O'Donnell, effective no later than June 30, 1959.

As an officer in The First National Bank, which is the depository for City funds, I am not permitted to hold this office as Mayor.

This condition has existed for some time but I felt that I had the duty of continuing in office until the community projects were near completion.

I have enjoyed serving in this capacity and working with each and every councilman and I believe that our town is on the threshold of making a lot of progress in the next few years.

If I can be of help in any way as an interested citizen, I will be at your service.

J. T. Forbes

### 4-H Sewing Workshop Set

There will be a sewing workshop for 4-H girls July 15 thru 17. All girls who are 9 years and older since Jan. 1st are invited to attend. There will be instructors to show the girls how to make simple skirts, blouses and dresses. A public dress revue will be held at Tahoka on July 23rd. A junior girl and a senior girl will be selected to go to district dress revue July 30, 31. All girls who are interested are asked to phone Mrs. Jack Wood or Mrs. J. W. Gardenhire by Saturday June 27 if possible.

Mrs. Dwight McKinney of Ashville, N. C. visited her sister and family, Mr and Mrs. Roy D. Smith and the group left Friday for Austin and area points.

Nita Beth Allen, daughter of Mr. and Mrs. Boyce Allen of Odessa and grand-daughter of Mr. and Mrs. Jesse Lane had surgery at Odessa Friday.

## Good Rains Fall Over Area

### Heavy Rain to East

A fast moving thunder storm Saturday afternoon lashed the eastern part of this area with rain up to 3 inches in less than one hour to flood the farm road from here to Draw. Rain in town was 8-10ths and from here to Tahoka varied from 7-10th to 1 inch. Jode Davis near Wells got 2-10ths while A. A. Hanes south of New Moore got half inch. Rain was generally light south of this area.

Late Saturday rain flooded fields from the Barton farm east and all the "lakes" were filled. Heaviest rain was in the vicinity of Schooler and Pirtle farms where some washing of fields was noted. No hail fell and wind was light.

Cotton is far above average for mid-June and chopping will be in full swing by this week end. Some 500 Mexican Nationals are expected in this area during the peak of chopping. Feed is up to a good stand and growing rapidly. Hot, open weather has been ideal for cotton. Only mild insect infection has been noted.

Miss Grace Morgan of San Angelo was a guest in the home of Mr and Mrs. Joe Schooler last week.

Mr and Mrs. Joe Garner of Anton and Mrs. A. W. Gibbs were Sunday guests of Mr and Mrs. Joe Schooler.

Mr and Mrs. Charles Tidwell of Plainview visited his uncle Mr and Mrs. John Tidwell Sunday.

Mr and Mrs. Vernon Caswell visited his uncle, who is ill, at Brown field Sunday.

### This Week In Austin ---

#### By Sen. Preston Smith

In Texas' drama of taxation, there is an unseen but very real character playing a very important role.

In addition to the cast of representatives, senators, conference committees, lobbyists and the "folks back home", this new character comes dressed as "a new method of taxation" which many foresighted legislators predict will come in the near future.

Arguments thus far during the regular session and the first special session have been focused on selective taxes. Industrial groups, professional men and others affected by such taxes have raised loud, convincing objections at each tax proposal.

The Governor, Speaker of the House and Chairman of the Senate have all respectively declined to pinpoint that period ahead when Texas has no other choice but to depart from the present pattern of taxation.

There are many legislators here who believe it is time now to launch a broader field of taxation instead of continually increasing the load on selected industries and businesses.

### Mishaps Take Toll

Last year 938 Texans under 15 years of age were killed in accidents. Most met death on the highways—or at home. Last year 1142 Texans in all died in home accidents. That old saw about being as "safe as in your home" just isn't based on fact.

National statistics show a little more than half of non-fatal accidental injuries to children under 15 occur in the home. Nearly 5,500 children die each year as a result of home accidents.

Just how safe is your home? Especially—how safe is your home for your children?

Even if it is fireproofed, mothproofed, leakproofed, and rust free is it child-proofed?

Here are some suggestions for helping your children avoid accidents in and around your home:

Always keep matches in metal containers, out of reach from small hands.

Be absolutely certain none of your gas fixtures leak. Use metal pipe connections, not flexible tubing which may fray and leak with use.

Check all your electrical connections, wires and appliances for frays, shorts, and bare wires. Either buy new or repair any which look dangerous. Tape over unused electrical outlets or plug in the special appliances available for that purpose.

### S. S. Class Meets

The Lydia Sunday School Class of Baptist Church were hostess to the extension group Wednesday with a noon luncheon in Fellowship hall of the Church. A musical program was given by J. E. Boggs. Rev. Bill Burton and Mrs. Carl Spraberry. The tables were centered with garden flowers.

Mrs. Bob Carroll is teacher of the Sunday School class and Mrs. Dub Middleton is sponsor of the extension group. Fifteen class members and six ladies of extension group, Rev. Bill Burton and family, Mr and Mrs. J. E. Boggs, Mrs. A. H. Burton and Mrs. Edgar Simmons were guests who enjoyed the delicious food and fellowship.

The extension group are the elderly who are not able to attend and the Sunday School is brought to them by Mrs. Middleton.

### Receives Appointment ---

The Fourth U. S. Army mobile exhibit will be on display at Post, Texas for one day, M-Sgt. George E. Henderson, local Army recruiter, announced.

Display arrangements are housed in a red, white, and blue air-conditioned bus which is currently touring five-state Fourth United States Army area.

Exhibits include a guided missile display, photo murals of specialized and technical Army training and combat scenes. There is no charge for admission.

### John Saleh, local attorney, was recently named to the U. S. Advisory Committee of the U. S. Senate.

He was a nominee of U. S. Senator Ralph W. Yarborough. The appointment runs for 6 years. The group will meet next winter in Washington to advise with the Senate. Mr. Saleh has been an attorney for seven years and also has offices in Lamesa.

### Dedication Held Sunday

Some 600 people attended Sunday the dedication of the new \$25,000 Catholic Church here. 29 visiting Church officials were present as well as a group from Price College in Amarillo. Mayor J. T. Forbes gave the address of welcome and congratulations. A fine meal was served on the grounds at 6 p. m. Already the membership is one of the largest in town and began as a mission some 4 to 5 years ago.

Rising temperatures call for lighter meals and more liquids. For that cold refreshing summer drink, A. M. Meekins, extension dairy husbandman, says make it milk. June is Dairy Month and a good time to step up the use of dairy foods.

Watch out for the small fry around the farm this summer advises the Texas Farm and Ranch Safety Council. They call particular attention to the needless injuries and deaths which are caused from tractor ac-

idents. Don't, they caution, permit extra riders on the farm tractor, especially a child.

**Felks Co-operate With Uncle Sam**

The International Revenue Service is trying mighty hard to make the American system of voluntary compliance better. They are trying to help more people know when and where to volunteer insofar as their taxes are concerned. The tax men are also seriously concerned about people who pay tax they don't owe. One of the best parts of the Tax Education Program is the high school income tax course. Any teacher can take the materials furnished by Internal Revenue and in a few class sessions have the students preparing correct tax returns. At least the returns prepared by these students have only 25 per-cent of the errors found in adults returns. Internal Revenue is also dead serious about teaching a few new tricks to old timers. Their advice is simple - read the tax instructions. Keep good records throughout the year, and see what the tax will be before, not after the sale.

**Chevy Gives You Smarter Style Today...**

Don't take it from us--take it from independent experts and from facts and figures that are now a matter of record. POPULAR SCIENCE sums up Chevy's unmistakably modern style this way: "The fact is, in its price class Chevy establishes a new high in daring styling..." This is one more reason your new Chevrolet will bring a higher allowance at trade-in time, as Chevy has over the years. A look at last year's used car prices\* shows Chevrolet averaged up to \$128 more than comparable models of the other leading low-priced two.

**PLUS 5 MORE BIG BESTS OVER ANY OTHER CAR IN CHEVROLET'S FIELD!**

**Best Brakes.** Chevy showed the best brakes of the leading low-priced three in repeated highway speed stopping tests conducted by NASCAR.\* No wonder. Chevy's brakes, built for up to two-thirds longer lining life, are the biggest in its field.  
\*National Association for Stock Car Advancement and Research.

**Best Engine.** Every motor magazine has given Chevy's passenger car and Corvette V8's unstinted praise. As SPORTS CARS ILLUSTRATED puts it: "Indeed, this device is surely the most wonderfully responsive engine available today at any price."

**Best Economy.** No doubt about this: a pair of Chevrolet sixes came in first and second in their class in this year's Mobilgas Economy Run--getting the best mileage of any full-size car.

**Best Room.** Dimensions reported to the Automobile Manufacturers Association make it clear. Chevy's front seat hip room is up to 5.9 inches wider than comparable cars.

**Best Ride.** No doubt about this. MOTOR TREND magazine sums it up this way: "... the smoothest, most quiet, softest riding car in its price class."

NO WONDER MORE PEOPLE ARE BUYING CHEVROLETS IN '59 THAN ANY OTHER CAR!

See your local authorized Chevrolet dealer for the best buy on the best seller!

### S. S. News

One provision of the 1958 amendments to the Social Security Act enables some newly married wives of men receiving social security benefits to qualify immediately for benefits on the husband's social security account.

In announcing this change in the law, John G. Hutton of the Lubbock Social Security office pointed out that before the 1958 amendments to the law, a new wife had to wait three years before she could receive benefits as the wife of a man getting social security retirement benefits. Under the old law this three year waiting period was waived only if the couple became the parents of a child. Now, if the wife was eligible for widow's, parent's or childhood disability benefits for the month before her marriage, she can qualify for wife's benefits immediately, providing she meets the other requirements for entitlement.

These other requirements include (1) being age 62 or more or (2) having in her care a child entitled to social security benefits and (3) not being entitled to a higher benefit on her own social security record.

A representative of the Lubbock Social Security office will be in O'Donnell June 24 at 2 p. m. at the grade school and will be glad to assist in all matters pertaining to Social Security.

Weeds often reduce pasture yields by 50 percent. They compete with the desirable plants for plant nutrients, moisture and light. They lower hay quality, harbor insects and diseases and increase labor and equipment costs. Therefore, says E. M. Trew, extension pasture specialist, weed control, either mechanical or chemical, is essential for best returns from productive pastures and meadows.

Credit is not a substitute for income and Extension Economist A. B. Wooten says that credit should be used to buy consumer goods only when some income is reasonably certain. He adds that credit can help many farm families attain a desirable level of living, but misuse, often results in much unhappiness.

AT THE NORTH "Y"

Favorable moisture for cotton production has multiplied the weed an grass problem. Fred Elliott, extension cotton specialist, suggests that cotton producers take a good look at practices which can cut the costly hand hoeing bill. He suggests rotary hoes, lateral oiling if grass and weeds in young cotton and spot spraying. Local county agents can supply information on these practices.

## Chicken with a difference!...

**HERB-FRIED CHICKEN AND GRAVY**

1/2 cup flour	1 cut-up frying chicken (2 1/2 to 3 lbs.)
2 teasp. paprika	1/4 cup hot shortening
2 teasp. salt	1/2 cup water
1/2 teasp. pepper	1 1/2 cups PET Evaporated Milk (1 tall can)
1 teasp. ground thyme	
1 teasp. ground marjoram	

Mix flour, paprika, salt, pepper, thyme and marjoram in shallow dish or on waxed paper. Set aside 1/4 cup mixture for gravy. Roll chicken pieces in rest of mixture. In 10-in. skillet brown chicken in hot shortening. Cover and cook over low heat 25 min., or until drumstick is tender when pierced with fork. To crisp chicken, remove cover and cook 5 min. more. Put chicken on warm platter. Take skillet off heat. There should be about 1/4 cup drippings. Stir the 1/4 cup set-aside flour mixture into drippings until smooth. Stir in water until smooth. Cook and stir until mixture boils and is thick. Stir in PET Milk gradually. Heat just until steaming hot, but do not boil. Serve with chicken. Makes 4 to 6 servings.

**Biscuits 2 for 15c**

Kimbells, Sweet milk or buttermilk

**Toilet Tissue 4**
