W. A. (Andy) Jordan in Lynn Com'er Race

W. A. (Andy) Jordan, long time Lynn County farmer, this week announces that he will be a candidate in the coming elections for the office of Commissioner of Precinct 3, Lynn County.

Mr. Jordan, who is 44 years of age, has lived in Precinct 3 for the past 33 years. He is married to the former Sybil Bolch. He was in the Navy from 1941 to 1947 and had a four year period of sea duty in the Pacific Theatre. Outside of the six years in military service, Mr. Jordan has been a farmer in the Wells Community of Pct. 3.

He resided in the Wells Community for 28 years prior to moving to O'Donnell in 1955. He is a member of the First Baptist Church and the local Masonic Lodge, and he is currently a member of the O'Donnell School Board. He has been a Democrat all of his life.

Other than his school board position, this is the first elective office that Mr. Jordan has ever sought, and he feels that because of his long residency in the Precinct, and because of his thorough knowledge of the problems and conditions in our area, he will be in a position to render a service to the people of Precinct 3.

Mr. Jordan asks the citizens of Precinct 3 to consider his qualifications for this office and to support his candidacy.

Mr and Mrs. J. P. Hale visited her brother at Midland Sunday.

Mr and Mrs. Bill Schooler took their daughter Sharon to Abilene to visit her grandparents.

Mr and Mrs. Don Mansell and Rickey of Denver City visited relatives here Sunday.

Mrs. Stewart of Chicago is visiting her daughter and family, Mr. and Mrs. Wayne Clayton.

The Ruth class of the Methodist Church enjoyed a dinner in the home of Mr and Mrs. Carl Sanders. Present were Messrs. and Mesdames Raymond Everett, Warren Smith, H. L. Wood, Calvin Dorman, R. R. Ballew, Cecil Pearce, Ervin Jones, Otis Harris, Rev. and Mrs. Howard Marcom and Mrs. F. M. Jones.

Mr and Mrs. Carl Sanders visited his brother and family, Mr and Mrs. Lee Sanders at Midland Sunday.

New Cotton Ruling Hits West Texas Farms

Ezra Benson took another of his economic slaps at the farmers of this area when he slapped down the four row skip practice used by the West Texas Cotton Farmers. This practice has been promoted and favored by the Department of Agriculture for its conservation and water rise value. The dropping of this four row skip practice where the farmers allotment was not charged for this idle land will wreck many dry land cotton operations in West Texas.

Many cotton farmers have projected their 1960 program to include this practice. Their credit arrangements and cash rent have been made on this basis and the short notice of cancellation of this practice will put some more farmers out of business.

Interested people, which should include all of this area, should write or wire Senator Lyndon Johnson, Senator Ralph Yarborough, care of Senate Building, and Hon. Geo. Mahon, House Office Bldg., and Sect'y of Agriculture, Geo. Benson, all addresses above, Washington, D. C.

(Letters to Mr. Benson should be polite and factual explaining our point of view. In many ways Mr. Benson has made a good secretary. He doubtless is not informed on West Texas farming.)

Mr and Mrs. Nelson Mahurin and family visited at Midland over the week end.

Mr and Mrs. Claude Morris Jr. and Martha Ann of Hill Spring visited Claude Morris here Sunday.

The Colored OES had their Christmas tree and dinner at Colored Masonic Hall.

Mr and Mrs. H. E. Lovett of Carlsbad, N. M. visited her aunt, Mr and Mrs. C. H. Mansell

Rites Read For Mrs. L. N. Nichols Here Saturday

Our town was saddened when word of the death of Mrs. L. N. Nichols arrived last Friday morning. She was one of our early day settlers moving here with her husband, L. N. Nichols, mail carrier for Rt. 3, and their daughter, Claire Ruth, in about 1927. Mr. Nichols carried the mail until his death in 1938. At the time of her death, Mrs. Nichols was in the home of a daughter, Mrs. Paul Welch at Jacksonville. A service was held in Jacksonville Friday and a short graveside service here Saturday afternoon with Rev. Howard Marcom officiating.

She is survived by the following children, all of whom were present for the service -

Mrs. Paul Welch and husband of Jacksonville, Mrs. Nell Walker of Ft. Worth, Mrs. Charles Casey and husband of Plainview, Gene Nichols of San Antonio, and Miss Claire Ruth Nichols of Houston; also a number of grandchildren present -

Mrs. Sue Kidwell and children, Mr and Mrs. Charlie Whittaker of Plainview, Mr and Mrs. Duane Tillson of Lubbock, Jack Walker of Ft. Worth, Mr and Mrs. Welch's daughter, Gella, of Jacksonville, two of Gene Nichols' daughters of San Antonio and his daughter, Sally of Lubbock

Mrs. Nichols was a kind, friendly lady, a good true friend and neighbor who loved her God. She was a member of a Methodist Church in Ft. Worth.

Strain May Hit Digestion

One thing about the "good old days" of yesteryear - people probably didn't have to put up with as much of the pang of indigestion as we modernists do.

There is evidence that the stresses and strains of modern life, the lack of exercise and improper diets, cause the stomach to over-secrete and bring on the aggravating gas and burning sensation of many types of indigestion.

One of the most common forms of stomach upset, physicians say, is caused by nervous excitement. You probably can recall days when an important business deal, an unexpected event, an accident or pressure of work set your stomach churning. The stomach is, of course, largely controlled by the involuntary nervous system.

Hasty eating, improper chewing of food is another common cause. Foods having an irritating effect on stomach lining are important sources of trouble. Among them are those which are highly seasoned with salt and pepper and spices.

Things were different in the old days. Life was calmer, less hurried and less harried. And brought will less indigestion.

Modern use of condiments and strongly flavored foods cause the stomach to over-secrete hydrochloric acid. In normal people the stomach tends to neutralize what it over-secretes, but people with ulcers suffer painful "indigestion."

Greasy foods are particularly troublesome for people with malfunctioning gall bladders or liver disease. Fats stimulate gall bladder action, thus creating an outpouring of bile. Extra exertion of the defective gall bladder is felt as a painful cramp.

Posture is Important --

Does your body profile look like the bent part of a Capital "D"? Would you like to acquire a bright new outlook on life? Then get rid of that pretzel posture.

Good posture is the starting point of good health and appearance. Luckily, it is fairly easy to attain. Here's how:

Hold your head high and pull your chin in until your eye level is parallel to the ground. Pull your shoulders back and make the shoulder blades form as near a flat surface as possible.

Raise the chest up and push it forward until the buttons strain. Draw your abdomen up and in, and when you breathe make sure its your chest that rises and falls and not your abdomen.

Flatten the lower part of your back, tucking the buttocks as close under the hips as possible. Tip your knees down in the back. Hold your knees straight but not stiff. Put your feet parallel, with the weight evenly balanced.

Be careful not to hold revert to the old slouch when you sit down. Be conscious of good posture at all times, and the first thing you know it will be second nature. You'll begin to feel uncomfortable in a bad posture.

The old saying that "there is a place for everything" is doubly true for the human body. Each organ has a specific place in which to function, and functions best in that space. Vital organs - heart, lungs, abdomen, ect. - tend to be cramped when the body is slumped or slouched over.

Hubert Walker Seeks Borden Com'er Post

The Index has been authorized to announce the candidacy of Hubert Walker for the office of Commissioner, Precinct 1, Borden County, subject to the action of the Democratic Primaries next May.

Mr. Walker is a former commissioner of that precinct, serving his last term in 1956 at which time he did not seek re-election. He is no stranger to his precinct being well known both as a citizen and a former county official. At a later date Mr. Walker indicated he would make a more formal announcement of his candidacy.

Receives Tech Award

Texas Tech home economics students who have received awards and scholarships during the year were recognized at a Home Economics Club banquet on the Tech campus.

Eight entering freshmen who show exceptional promise on their college entrance examination are annually awarded the Sears-Roebuck Foundation awards. One of these eight this year is Sarah Lou Prather of O'Donnell.

Serves in Germany

Army Sgt. Thomas G. Gloria Jr., 24, whose father lives in O'Donnell, recently participated in annual battery training tests conducted by the 8th Infantry Division Artillery in Baumholder, Germany.

The tests, conducted under realistic combat conditions, were designed to test unit efficiency to insure that the 8th Division constantly maintains a high state of readiness in its role as a major unit in the NATO shield of defense in Europe.

Sergeant Gloria, whose wife, Polly, lives on Route 3, is a cannoneer in Battery C of the division's 2nd Artillery. He entered the Army in 1956 and has been overseas since December 1958.

The sergeant attended O'Donnell High School.

Aren't We Proud Of Our Community Center?

In order that we continue to be proud of it and to be able to enjoy using it, we must each one care for it as if it were our own individual building. A small abuse of the building or furnishings can mount up and become a complete destruction. Rules are posted on the wall of the building. Even though there has been very little complaint to date as to the way the building has been used, we still want to impress on those who use it to leave it in a condition that the next reservation may find it ready to use. The City has a full time custodian but he is NOT supposed to clean up unnecessary litter. So let's be careful and let it be said that O'Donnell has the nicest Community Center of any surrounding city.

"Greetings by Mail" Originated in 1846, Now a Modern Custom

Look at the paintings on the Christmas cards you send and receive — you'll find famous names and some of the best contemporary art. Here is how it all began.

On a December day in 1846, a middleclass Englishman, Henry Cole, sat at the library desk of his London home addressing to his friends what were probably the first Christmas cards ever printed. The cards depicted a Victorian family assembled at the festive board and the traditional Christmas customs of giving to the poor. They also bore the now-classic greeting: "A Merry Christmas and a Happy New Year to you."

Cole, in a historic move, two months before had commissioned John Calcott Horsley, a Royal

Academy artist, to paint the illustration for the card and had struck off a thousand lithographed copies. He dispatched them that December. This was such a markedly successful stroke of good will that plain Henry Cole subsequently became Sir Henry Cole.

Horsley's art was a far cry from today's Christmas card paintings, but he started a cycle which a hundred years later was to bring fine art into high favor on Christmas cards.

An American shopping for cards may select, for instance, a painting called "Snow Under the Arch" by another Royal Academy member—Winston Churchill, Britain's wartime prime minister and famed amateur artist. Or he might choose Peter Hurd's "One Night in Winter" or "Grandma" Moses' "The White Church" or "The Nativity" by Alexander Ross.

Know Your Law ---

At this time of year, many landlords and tenants are thinking about farm rental arrangements for 1960. While some operate from year to year on the basis of verbal agreements regulated largely by local customs, written leases are better and may save disagreement and hard feelings between the parties. Farming is a business and should be conducted in a businesslike manner for best success. Rental contracts involve a full year's work by the tenant and possibly thousands of dollars for both parties. A few dollars spent on a properly drawn lease is good business economy.

A farm lease is not a simple paper. Printed lease forms often turn out to be traps if not understood, or if not properly executed. A farmer-tenant contract is intricate and of

such importance to both concerned that amateur ship is risky. Fixing of cash rent or the length of term are matters, ambiguity or inness can cause bitter expensive lawsuits.

Among the wonders of life are the plots hatched in Hollywood.

The successful man habitually makes himself, and others, work.

Since the enactment of the Texas Milk Grading and Labeling Law in 1937, Texas milk quality has improved until today approximately 95 per cent of all consumed milk is Grade A pasteurized. More important, there has not been a food poisoning outbreak traceable to milk in the last 20 years.

RED RING CRANBERRY CAKE

RED RING CRANBERRY CAKE

3 Tablesp. melted butter or margarine
2 cups sugar
2 cups fresh cranberries
1/2 cup shortening
2 eggs

1 teasp. vanilla
2 1/2 cups sifted all-purpose flour
1 Tablesp. baking powder
1/2 teasp. salt
1 cup PET Evaporated Milk

Press into bottom of a 9-in. ring mold holding about 3 qts. a mixture of butter, 1 cup sugar and cranberries. Mix 1 cup sugar, shortening, eggs and vanilla in 3-qt. bowl either by hand or with electric mixer until light and fluffy. Add sifted dry ingredients alternately with PET Milk, mixing well after each addition. Pour batter over cranberry mixture. Bake in 350 oven (moderate) 50 min. or until done. Take from oven and let stand a few min. before turning upside down on large plate. Serve warm or cool with ice cream. Serves 8.
