## Cade Reports Payments

Collector A. M. Cade Thursday morning that property tax payers in Lynn County are taking advantage of the discount allowed for the state ad valorem taxes of the month of October. More had paid up to that time, better record than has been the past.

## Enlisting In Army

Lynn county youths are enlisting in the U. S. Army from the El Paso and recruiting stations: Howard O'Donnell, who at El Paso and was assigned Engineers at Fort Ord, Calif.; Charles D. McAuley of El Paso and Wallace E. Moffitt of El Paso and Thorton of El Paso who enlisted at Lubbock and were assigned to the Infantry at Fort Ord; James N. Bryant of El Paso who enlisted at Lubbock and was assigned to the Cavalry at Fort Ord.

## Ten Convicted In District Court

TAHOCA, Texas, Oct. 10 (Sp.)—A number of criminal cases were tried in the district court this week and several pleas of guilty were entered before Judge Louis Reed. D. E. Harris of O'Donnell was tried and convicted on a charge of drunk driving and his punishment was assessed by a jury at confinement in the penitentiary for one year.

Hugo Shelton, a negro, was also tried on a charge of drunken driving but the jury was unable to agree. Roy Williams, colored was tried for the burglary of the residence of C. O. Carmack. He was given a five years sentence in the penitentiary.

Wille Moore, another negro, was acquitted on a charge of burglary—the residence of E. O. Montgomery near Wilson.

Frank King, colored, was convicted of two cases of burglary, and the verdict was three years in the pen in each case.

Joe Jarry entered a plea of guilty to a charge of forgery and the court assessed his punishment at two years in the pen.

Lester Vaughn was also given two years on a plea of guilty to a charge of forgery.

Buster Hogan was given a plea of guilty to drunken driving. A jury will be here next week for the trial of civil cases.

## Health Is Vital To Our Defense

By William S. Brumage, M. D. Today two words are foremost in the minds of every true American. These two words are "national defense". Everyone is wondering if we are adequately prepared to meet any eventuality. People are hoping that our army, navy and air force are large enough to protect us. National defense boards are being formed in almost every community in the country. Young men will soon be drafted for military training.

The U. S. Public Health Service and State and local Health Departments should and will play a major role in the national defense program. Public health in time of war is as important as guns and airplanes in their power to spread disease in England today where the Ministry of Health is doing a wonderful job of keeping up the morale of the people by keeping them in good health. They are doing this by preventing epidemics, protecting vital water supplies and by doing many other things to maintain the public health. Good health is essential for human security and public morale. The dictator nations with their ruthless leaders realize this fact only too well. They are doing and will do all in their power to spread disease within enemy nations. Water supplies can be easily polluted by the enemy or mosquitoes carrying yellow fever and other diseases could be brought to and turned loose in enemy territory. There are, of course, many other ways in which an enemy could promote diseases and other health hazards within the borders of enemy nations because if a nation loses its health it will probably be conquered. Local defense committees should

Faced with a foe that is doped to be among the toughest in the conference this year, O'Donnell's light, but ever battling, flock of Eagles are ready to give their best Friday night on Johnson field against the much heavier herd of Post Antelopes.

Success, so far as football victories are concerned, has not reached the nest of the Eagles so far. In fact all games thus far have been lost by lopsided scores, but it is noticed that a smoother functioning flock is being led by Coaches Ray DeBask and H. M. Alderson.

With a large crowd in prospect for the Homecoming, Queen coronation school officials, students and ex-students have laid plans to make the event an interesting one for every body in addition to the main course of football playing.

During the half Miss Jessie Mae Newton, Queen-elect, will be paid honors with football Captain Nolan Hall serving as the "man of the hour". Present students, all ex-students will be on the field at the same time.

Probable Starters Antelopes—Harrison, end; Chaffin, tackle; W. R. Carpenter, end; W. Carpenter, quarter; Gossett, half; Luttrell, half; Dean, full.

Eagles—Hamp Thompson, end; Pat Aten, tackle; Dorel, guard; Hall, center; B. Aten, guard; Moore, tackle; Pearce, end; McLaurin, quarter; Crouch, half; Teeters, half; DeBusk or Curtis, full.

## Rev. Lunsford In Farewell Sermon Sunday

A farewell sermon as pastor of the First Baptist church, will be preached Sunday night by the Rev. J. A. Lunsford, who with his family will leave shortly for South America where he is to assume his new duties as a missionary.

Rev. Mr. Lunsford received notification a short time ago that he could go to Brazil if he so desired, and that his chances of being sent to Africa, his first destination, were growing dimmer each day that the war in the Mediterranean increased.

WEDNESDAY NIGHT '84 CLUB MET For their initial meeting members of the newly organized '84 Club met at the home of Mr. and Mrs. Claude Cheats this week.

At the conclusion of games, refreshment plate holding pumpkin pie and coffee was served.

Those attending were Messrs. and Mrs. Stansell Jones, Roy Miles, Harvey Line, Alvin Huff, Calvin Fritz, S. P. Johnson, Hollis Hunt, Jack Miles, S. M. Minton, John Vermillion, W. E. Tredway and the hosts.

The club will meet in two weeks with Mr. and Mrs. Calvin Fritz.

FROM ALBUQUERQUE Mr. and Mrs. William Rossiter and daughters Joan Amelia and Madge Ella of Albuquerque arrived last Friday for a visit in the W. L. Palmer home.

Mr. Rossiter returned home Saturday but Mrs. Rossiter and daughters remained for a longer visit.

## U. S. Is Haven for These Students

No more eager newspaper readers can be found on the Texas State College for Women campus than these six students from foreign countries who find the daily papers a much better medium for keeping up with war-torn homelands than the slow and censored mails.

Silvia Marquez, looking on from the rear, is from Puerto Rico, wants to be a court interpreter. Conchita Genova fled Valencia, Spain, in January 1939 with her mother and brothers while her father was still a political prisoner.

Sonja Aiken, front row left, hasn't been home to Venezuela since the summer of 1939. Claude Hegar of Brussels, Belgium, wants to go to Connecticut to spend a holiday, thinks it safer to stay here. Maria Luisa Garzon's parents are still in Madrid, Spain; letters from them are always censored. Marthe Thomas, French girl from Algiers, had her education in French and German universities interrupted by war. All are glad to be in the United States.

## Trench Silos Are Popular In Lynn

Trench silos are fast becoming popular among Lynn county farmers, according to Don Turner, County Agent, who has recently visited farms over the county where silos are being dug and filled.

The trench silo furnishes one of the cheapest methods of storing feed, and provides a winter supply of green feed when it is too cold or too dry to have pasture. A silo is also considered a container in which to store a surplus of feed to use when the drouthy year comes. Several Lynn County farmers make it a practice of filling two silos and using one as a reserve feed supply.

Silage has the same value in the ration of dairy cow or beef animal as does good green pasture, and of course a greater value depending on the amount of grain on the feed stuff used for silage.

Among Lynn farmers who have recently dug and filled trench silos are: Less Crews, Tom Hale, Irvin Stewart and Buster Penton, Maurice Small, Claude Wells, and M. B. Walters.

DORCAS CLASS HAD SOCIAL Mrs. W. E. Vermillion and Mrs. Tom Yandell were hosts for a social Wednesday for Dorcas club members. The Vermillion home was decorated with the Halloween motif, Marigolds and African daisies were used.

Mrs. Drew Hobby gave the Bible Study, then the exchange of gifts was held. Delicious refreshments of open face sandwiches, pumpkin pie with whipped cream and orange pop were served.

Mrs. J. F. Yandell of Abilene was a guest. Members were Mesdames Shaw, Mensell, Burns, Smith, Huff, Howard, Hancock, Hinkle, Middleton, Earles, Harris, and the hosts.

WILL VISIT IN DALLAS Mrs. Bedford Caldwell and son Phillip accompanied her parents, Mr. and Mrs. H. D. Phillips of Lubbock on a trip Friday. They will visit relatives in Dallas and other cities.

John Ellis has been on the jury in Tahoka this week. Postmaster J. Mack Noble is able to be at his duties following an attack of the flu.

## Draft Board Set For The Rush On October 16

The Selective Service board for Lynn county appointed by Governor W. Lee O'Daniel a few days ago is composed of the following citizens: R. M. Stewart, J. W. Elliott, and Bass W. Baker.

It will be the function of this board to determine what persons who register on next Wednesday shall be called for immediate training in the military service and what persons shall be deferred on account of having dependents and for other legitimate reasons.

These are three fair-minded men and every registrant may be assured that he will be given a square deal. Judge P. W. Good states that all election officers in the county have agreed to serve as registrars in the respective voting precincts of the county on next Wednesday, when all men between the ages of 21 and 35 inclusive must register. They serve without pay.

The members of the American Legion here have volunteered their services to assist registrants in any way possible.

In spite of instructions heretofore printed in this newspaper and otherwise disseminated throughout the county, W. M. Mathis, county clerk, says that there still seems to be some confusion as to who is required to register.

"Every man within the age limits from 21 to 35 inclusive," Mr. Mathis points out again, "is required to register in the voting precinct in which he resides on the day of registration whether he be a resident or non-resident." (That is, whether his permanent home is in that precinct or elsewhere.)

"Those having employees, such as cotton pickers or any kind of hired help, are requested to notify them that they are to register on October 16.

"We are calling a meeting in the county court room Monday night, October 14, at 8 p. m. to ask that all Chief Registrars and all others that are going to help with the registration be present at this meeting so that they may get some information regarding the registration work," Mr. Mathis announces.

METHODIST CHURCH There will be no preaching service at the Methodist Church next Sunday evening. The congregation will visit with the Baptist Church in the final service of Brother Lunsford's pastorate, Sunday School and the Morning Service will be held as usual.

BIBLE STUDY FOR W. M. U. Mrs. Ed Goddard was director for the Bible Study Monday when W. M. U. members met at the Baptist Church.

Following the lesson a handkerchief shower was given Mrs. J. A. Edwards who was re-elected president.

Mesdames Lambert, Burns and Goddard served sandwiches, cake and pop to the guests. Present were Mesdames Earles, Vaughn, Beach, James, Vermillion, Mansell, Hobby, Miles, Line, and Hancock.

A Royal Service program will be given next week.

# Vitamins Are Vogue; Let's Get the Facts

In recent years, the term "vitamin" has become a household word. Early everyone it means vim, vitality, and all that goes with health. What are these vitamins? What is their function? What is the story of them?

Existence of certain unidentified substances having superior life properties was suspected long ago. As early as 1800 Egyptians and Chinese hit on discovery that eating liver improved one's vision. In 1816, today we know that the liver oil vitamin A, recognized as a nutritive food factor for night blindness. About 1720, Kramer, an Austrian physician, found that when his fresh foods such as vegetables and fruits, were added to diet of persons suffering from scurvy, this disease was cured. We know that these foods supply vitamin C. These and other sources of earlier times afford an interesting background to our present knowledge of vitamins.

**Word Coined 28 Years Ago**

It was only 28 years ago that the word "vitamin" was coined. And at that time, the nation has been engaged in vitamin research. New discoveries are being made, and the subject has aroused interest, that the public last year spent about \$75,000,000 for vitamin products in drug stores.

For a long while, vitamins were known upon as something quite mysterious. Today, although there is still considerable mystery, a great deal is known about them.

**Several Kinds of Vitamins**

We know there are several kinds of vitamins, and that each has its specific function in the body. They help children to grow, give energy and stamina, stimulate the body's resistance, and have other values. Taken into the body, they act somewhat like gasoline in an automobile, outstanding among recent discoveries are those of Dr. C. A. Elvehjem of the University of Wisconsin. He found, in studying the B vitamins, that meat is the richest source of these important factors. It is on which the most information is available are thiamine (B1), riboflavin (B2), and nicotinic acid. The findings of Dr. Elvehjem and others have revolutionized the whole vitamin picture. The accompanying chart, carrying the seal of the Committee on Foods of the American Medical Association, is a brand new one. The figures show the vitamin content of many of our common foods.

## New Chart Tells Vitamin Story

Common Foods as Sources of Vitamins	VITAMINS			
	A	B	C	D
LIVER	4oz 6885	589	5343	355
HEART	4oz *	659	1980	78
KIDNEYS	4oz 715	515	2605	198
SMELTBREADS	4oz *	573	907	57
BREAN	4oz *	280	439	90
BEEF	4oz 67	227	294	8.4
LAMB	4oz *	357	597	
VEAL	4oz *	510	415	16.2
PORK	4oz *	1602	544	11.0
FOWL	4oz *	164	166	
OYSTERS	1oz 150	25		5
COD LIVER OIL	1oz 4440			0.629
MILK	1oz 375	44	177	3.5
EGGS	1oz 218	82	382	1.0
BUTTER	1oz 231	0	0	0.11
BREAD (Plain)	1oz *	129	36	
CHEESE	1oz 375	8	120	
WHEAT	1oz 0	151	0	
APPLES	1oz 60	28	71	4.5
ORANGES	1oz 50	76	115	41.5
BANANAS	1oz 206	46	105	8.7
GRAPEFRUIT	1oz 0	51	120	52.6
PRUNES	1oz 565	54	25	1.2
SPINACH	1oz 18750	82	595	50.0
POTATOES	1oz 1125	52	48	22.5
PEAS	1oz 750	420	500	17.5
CARROTS	1oz 3188	66	153	3.5
CALIFLOWER	1oz 38	168	189	28.8

\* Not determined but present in small amounts. † A portion of the vitamin C is destroyed in cooking. ‡ Sterilized milk diluted with an equal amount of water has the same value as undeteriorated milk.

(1) Thiamine (B1) (2) Riboflavin (B2) (3) Nicotinic Acid (4) Ascorbic Acid (5) International Unit.

**Vitamins Have Many Functions**

The vitamins featured in this chart are all necessary for growth and health. In addition, vitamin A freshens were served. Others attending beside the above mentioned were: Mesdames Tom Brewer, Kenneth Goughly, R. R. Adams, Irvin Street, and Daniels. Mrs. Street will be hostess next week.

Mrs. and Mrs. Charles Hoffman were in Lubbock Sunday.

son, B. J. Boyd, Marshall Whitsett, William G. Forgy, and Harvie Jordan.

Those sending gifts but unable to attend were Miss Thelma Palmer, Mrs. E. T. Wells, and Mrs. Newell Hughes.

### TUESDAY CLUB MET WITH MRS. HUGHES

For the weekly party, Mrs. Newell Hughes was hostess Tuesday to members of her bridge club.

Mrs. C. L. Hafer scored high, and Mrs. J. Mack Noble and Mrs. Pauline Campbell won slams prizes.

At the tea hour pumpkin pie and coffee were served.

Present were Mesdames Henderson, Hoffman, Noble, Forgy, Wells, Whitsett, Hafer, Campbell, Bradley, Miss Thelma Palmer, and Mrs. Charles Cabool, a guest.

### JOLLY DOZEN SEWING CLUB

Mrs. J. T. Middleton Sr. entertained members of the Jolly Dozen Sewing Club at her home Tuesday.

Following the hour of sewing, a delicious refreshment plate was served.

Attending were Mesdames R. C. Carroll, Ben Moore, John Earles, Burns, Perry Howard, Albert Koeniger, Ed Goddard, and J. A. Edwards.

Mrs. Blocker will be hostess in two weeks.

**IN ROSWELL**

Mrs. and Mrs. Jimmie Applewhite and young son Jack spent the week end visiting in Roswell.

**NEW OPERATOR**

Mr. and Mrs. Weldon R. Johnson formerly of Hamlin have recently come here.

Mr. Johnson is telegraph operator and they are at home at the Palmer apartment.

These Texas Electric Service Co. Power Plant workers are left to right: E. J. Shick, Raymond Alvarez and K. K. McElroy.

## We helped Clean your house this morning...

• Your wife turned on her vacuum cleaner this morning... cleaned her rugs, then put it away. It required little effort on her part, yet the rugs were beaten, swept and cleaned—in just a few minutes—for a fraction of a penny.

Your good electric service doesn't just happen! Several large power generating stations, hundreds of miles of wire, thousands of poles, and much other valuable equipment made it possible for your wife to clean her rugs so easily; so economically! In addition, trained employees were on the job to furnish you dependable, efficient electric service.

**TEXAS ELECTRIC SERVICE COMPANY**

O. E. CAMERON, Manager

**THE O'DONNELL PRESS**

Published Every Thursday—Forms Close Wednesday Night

Entered at the postoffice at O'Donnell, Texas, as second-class mail matter, under the Act of March 3, 1879.

WILLIAM G. FORGY, Editor and Owner

Devoted to the Best Interests of O'Donnell and Lynn County—One of the best agricultural sections of Texas.

SUBSCRIPTION PRICE—In Lynn and Adjoining Counties \$1.00 per annum; elsewhere \$1.50 per annum. Payable in advance.

In case of error or omission in advertisements the publishers do not hold themselves liable for damages further than the amount received by them for such advertising.

Any erroneous reflection upon the character, standing or reputation of any person, firm or corporation will be gladly and fully corrected upon being brought to the publishers' attention.

**PROGRESS MADE BY A LYNN COUNTY FARMER**  
By Miss Argen Hix

This family had no crop. After planting not a drop of rain fell upon their farm. Both the man and his wife felt their planning and work for this year had failed. They were ambitious to see what could be done in spite of difficulties.

As there was no work in the field the husband would give his time to the work planned. A collar was dug and the top made of an old auto chassis; an adobe hen house was built at the cost of \$8.75 for new lumber for the rafters; and two old barrels were converted into a comfortable hammock.

The husband is cutting feed for his livestock. About half the supply is already secured.

Not only outside the house, but inside progress is being made. The family had planned to buy ice to keep cream cool for the butter which is sold twice weekly. The allowance for this was \$27. They found for sale a used mechanical refrigerator for \$15. It would not freeze, but it keeps the cream and milk at the desired 42-47 F. This can be repaired for a small sum; they plan to have this done before next summer.

Wooden paddles were put on the paddles of the washing machine to cut down the labor and time spent

in churning. Twenty pounds of butter can now be churned in less than seven minutes.

An old feather bed, which had been out of use several years, was converted into lovely down comforters. Attractive luncheon cloths for Christmas have been made from sacks, with an applique design in the corners.

It looked impossible to reach the canning goals but again ingenuity was used. Many jars were canned from the frame garden. Work was exchanged for vegetables to can. No tomatoes were raised so some canned vegetables were exchanged for canned tomatoes. The wife let a colored woman on a neighboring farm use the pressure cooker and she paid for its use with a case of canned tomatoes.

In spite of the drought, the canning budget of 365 quarts will be filled except for the 95 quarts of meat. The calf which was kept for meat died recently but the present plans are for feed cutting to pay for a calf to raise.

These accomplishments are due to the family's optimistic outlook on life and their ability to accept the challenge to succeed even against unnumbered difficulties.

**SEW AND CHATTER CLUB MET THURSDAY**

Mrs. Hollis Hunt was hostess last week to members of her needle club for an enjoyable meeting.

During the business hour plans for the annual club exhibit were discussed with each member offering prizes for the various pieces of work exhibited.

The exhibit will be held November 21 with the place to be announced later.

The hostess served delicious sandwiches, hot chocolate and individual pies.

Present were Mesdames Jones, Tredway, Line, Miles, Cheairs, Middleton, and Johnson.

**METHODIST W. S. OF C. S.**

Members of the Woman's Society of Christian Service met Monday at the Church.

Mrs. Namon Everett, president, presided.

The following program was given: Song, "Open My Eyes."

Prayer, Mrs. Pearce.

Devotional, Mrs. Irvin Jones.

Mrs. J. H. Crawford gave "Christian Spirit in Local Work," and Mrs. J. P. Bowlin discussed "Home Missions."

Others present were Mesdames Stark, Schooler, Warren, Johnson, Tucker, Moore, and Hancock.

**NEW MARKET MANAGER**

Claude Cheairs who has been employed in local markets here is now with Line and Lambert.

**ATTENDED GAME**

Miss Thelma Palmer, Mrs. Fay Westmoreland and Mrs. William Rossiter attended the Tech-Loyola game in Lubbock Saturday.

**Statement of The Ownership, Management, Circulation, etc., Required by the Acts of Congress of August 24 1912, and March 3 1932 Of the O'Donnell Press, published weekly at O'Donnell, Texas, for October, 1940**

State of Texas,  
County of Lynn, ss.

Before me, a notary public in and for the State and county aforesaid, personally appeared W. G. Forgy, who, having been duly sworn according to law, deposes and says that he is the owner of the O'DONNELL Press and that the following is to the best of his knowledge and belief, a true statement of the ownership, management, etc., of the aforesaid publication for the date shown in the above caption, required by the Act of August 24, 1912, as amended by the Act of

**"Milestone Car" Presented to Contest Winner**

Presentation of Chevrolet's "Milestone Car"—the 1,000,000th 1940 model produced by the industry's leader—was made at the New York World's Fair last week to Mr. and Mrs. Ernest Weisert (shown here), of Iron Mountain, Mich., owners of the millionth Chevrolet six-cylinder model, built in 1929. The Weiserts were winners of a nation-wide contest conducted by Chevrolet to locate No. 1,000,000. As guests of Chevrolet, the Michigan well-traveled 1929 model has been returned to Detroit where it will be placed on display.

March 3, 1933, embodied in section 537, Postal Laws and Regulations, printed on the reverse of this form, to-wit:

That the names and address of the owner, publisher, editor, managing editor, and business managers are: W. G. Forgy, O'Donnell, Texas. That the known holders, and

other security holders owning or holding 1 per cent or more of total amount of bonds, mortgages, or other securities are: NONE.

W. G. FORGY, Sworn to and subscribed before me this 30th day of October, 1940. LEE GARNER (My commission expires June, 1942.)

**"Hot Time!" Cold Night. Parked Late?**  
Never mind...start up in jig-time

Bad days ahead. But here's how Winter OIL-PLATING maintains needed lubricant in advance — for Safe Quick Starts . . .

Your engine is up around 2 feet tall. But where is its highest oil-level? Barely 3 or 4 inches off the bottom during parking. So if you depend on crankcase oil alone, when starting up cold, you'll wait till it climbs a good ways—and goes worming around.

But now! . . . no more hard risky waiting for that first badly needed lubricant . . . not with your engine OIL-PLATED for Winter by changing today to your correct Winter grade of Conoco Germ Processed oil.

Processed into this patented oil that sells at a normal price is a rare extra substance—created by man—to fasten lubricant firmly to metal. The result is OIL-PLATING, attached to inner engine parts as closely as chrome plating is attached to bumpers. And like chrome plating, OIL-PLATING doesn't all drain down during parking, but stays up as high as the highest piston rings reach—ready to smooth out starting stroke No. 1—ready to fight for oil economy by fighting the wear of oil-starved starting. (And the less wear, the more gasoline economy, too!) Then OIL-PLATE now—at Your Mileage Merchant's Conoco station. Continental Oil Company

**1939 STUDY CLUB**

Mrs. J. H. Crawford was hostess last Thursday to members of the 1939 Study Club.

The lesson topic was "Uruguay" with Mrs. R. C. Carroll director.

A gift was presented Mrs. J. A. Lunsford who is leaving for South America.

A refreshment plate holding sandwiches, olives, potato chips, doughnuts and hot chocolate was served.

Rev. Crawford's mother from Lockney was a guest.

Members were Mesdames Blocker, Carroll, Bowlin, Baries, Howard, Koeninger, Lambert, Lunsford, Middleton, Nichols, Moore, Shoemaker, and Wells.

**ATTENDING CONFERENCE**

Mrs. Namon Everett was in Memphis Thursday at attend a district meeting of the newly organized Woman's Society of Christian Service.

Mrs. L. E. Robinson was in Stephenville this week to accompany her son L. E. back to school.

**LOST**—Black horse mule, weight 900-lbs., smooth mouth, no blemishes. Finder leave word at Blocker Grocery or notify C. A. Daniel.

**Crop Loan Supervisor Here Each Tuesday**

TAHOKA, Texas, Oct. 10 (Spl.)—Fred N. Warren, Field Supervisor Emergency Crop Loan office, will be here each Tuesday at office in the back of First National Bank to discuss loan program with farmers.

Mr. Warren stated to the News Wednesday that in spite of the short crops in the eastern part of Lynn county, nearly all the farmers to whom loans have been made will be able to pay up this fall.

**Mrs. J. W. Elliott Is Demo Elector**

TAHOKA, Texas, Oct. 10 (Spl.)—The name of Mrs. J. W. Elliott of this city will appear on the ballot for the general election in November as one of the Democratic Presidential electors. This is doubtless the first time that Lynn county has been honored in this way.

As is well known, voters in the general election do not vote directly for any candidate for President, they only vote for Presidential electors. These electors chosen by

**Festival Director**

Col. Earl D. Irons above, of the North Texas Agricultural College at Arlington, will again direct the Fall Band Festival at the State Fair of Texas. The Festival, in which school bands from all sections of Texas will participate, will be held on October 17, 18 and 19, in the band shell beginning each day at 12 noon.

party pluralities in the respective states meet at an appointed time after the general election and cast their votes for president in accordance with the vote of the people of their respective states.

In other words, if the Democratic electors receive a plurality of the votes in Texas, then these Democratic electors from Texas will cast the 23 electoral votes of this state for President Roosevelt.

Mrs. Elliott will without a doubt have the privilege this year of serving as one of the electors from this state.

**SAW TOM MIX**

Edwin Goddard, young son of Mr. and Mrs. Hervey Gardenhire, spent the week end in Brownfield with his grandmother, Mrs. Gertrude Anderson.

While there Edwin attended a personal appearance of Tom Mix and his horse Tony in a Brownfield theatre.

Guy Bradley was a business visitor in Colorado City Wednesday.

Mrs. J. P. Bowlin and James were in Lubbock Wednesday.

Mrs. Ora Blocker returned Tuesday from DeKalb.

Mrs. Raymond James of Big Spring was a business visitor here Wednesday.

**Work Is Started On Highway 380 In Yoakum County**

PLAINS, Oct. 10.—Construction of grade, drainage and surfacing of highway 380 from Plains northwest to Bronco is under way by Bell and Braden, Amarillo contractors.

Work is well under way and the contractors expect to get the caliche base completed by February. Asphalt spreading will await warm weather, expected in early April.

Distance is approximately 15 miles. The right-of-way shortens distance to the New Mexico line two miles.

The contractor has large employment force, using local men where available. He has made better than expected progress, according to state highway officials.

When completed, the highway will give Tahoka and all points east a direct all-weather highway into Roswell, N. M., and to other parts of that state. It also will give tourists a paved road into El Paso.

A good furniture wood should be hard and strong enough to resist normal stress and strain, yet soft enough that nails and screws won't split it; resistant to denting under ordinary use; an attractive figure, able to take strain without spoiling its natural appearance; and resistant to warping, swelling and shrinking, says an article in the Department of Agriculture publication, Consumers' Guide.
