3 In. Rain Hits Here

Three thunder storms last week Two Teachers Resign resulted in a total of 3.03 inches of rain. Last Thursday afternoon a cotton shower netted .33 in, and on Frilay nite a hard, fast rain gave up 2.50 inches and Sunday nite a brief rain netted .2 inches. Most of the area lakes are full.

Althou the rains have caused farmers to replant, the benefit of more general rain far out-weighs the extra expense. Much of the area east into Borden County received as much as 4 inches of rain Friday nite. The area to south was some higher than in town and the area to north and west was on light side of a total of 3 inches. The total for 1957 stands at almost 9 inches near the total for all of 1956.

5 out of 10 Smaller Cars wear a Pontiac Price Tag — yet <u>none</u> give you <u>Any</u> of Pontiac's Advantages

PONTIAC'S PERFORMANCE TOPS THE BEST THE SMALL CARS CAN OFFER-BY A WIDE MARGIN!

Not one of the smaller cars can measure up to Pontiac Performance. Whether you judge a power plant by engineering statistics or on-theroad performance, Pontiac's Strato-Streak V-8 stands head and shoulders above anything in the low-price field. Your Pontiac dealer will be happy to show you a complete facts-and-figures comparison-then an eye-opening test drive in traffic or out on the highway will supply all the heart-lifting proof you need that Pontiac has separated the men from the boys when it comes

PONTIAC GIVES YOU UP TO 8.9% MORE SOLID CAR PER DOLLAR!

Not one of the smaller cars can give you the heavy-duty construction, the road-hugging heft and solid security that surround you in every Pontiac. Yet Pontiac's the nimblest heavyweight you ever managed-and your Pontiac dealer can show you more than six dozen advanced-engineering reasons why! Pontiac has gone all out to make this genuine big car the most docile package of might you ever had the pleasure of bossing. You'll find Pontiac's exclusive Precision-Touch Controls make steering and braking the surest, easiest you've ever experienced! Park it, cruise it, try it in stop-and-go traffic . . . this is driving the smaller jobs can't possibly equal.

PONTIAC GIVES YOU 4 TO 7 INCHES MORE WHEELBASE!

The small cars extend bumpers and fenders to look big-but Pontiac puts the extra length where it counts-between the wheels! Here's extra length that brackets the bumps instead of riding on them. And this extra length shows up inside, too, in stretch-out space for six footers. Add to Pontiac's bonus in length its all-new suspension system and you have an exclusive Level-Line Ride no car at any price can surpass . and a built-in sense of direction and security that will spoil you for the smaller cars forever!

-AND PONTIAC HAS ALWAYS BEEN FAMOUS AS ONE OF AMERICA'S TOP TRADE-INS!

Maybe it comes as a surprise to you that so much more car can be yours at the same price you've seen on the smaller cars. But there's the fact! And Pontiac is a wonderful investment, too! As you know, it has always commanded a top trade-in. So why not step out of the small-car class and into a Pontiac . . . there's nothing in your way. Your Pontiac dealer has the keys and an eye-opening offer waiting for you right now! So why not look and feel like a millioninstead of a million others?

Michigan Counties Solve Wintertime **Depression Worries**

BELLAIRE, Mich .- When Labor Day comes, all the rich vacationists take off from this community of waters and woods like wild ducks, leaving the natives in a severe economic depression after a boom in guiding fishing parties, baby sitting, working in hotels and carpentering.

But the citizens are taking steps to alleviate the effects of this depression. Several years ago a committee, headed by Betty Parker, whose husband publishes the Antrim County News, began selling, by letters, Christmas greens in Au-

Day and night, the men left jobless by the departure of the tourist trade hauled in big branches and the women made them into Christ-

mas wreaths. The venture has been repeated in other fields, and now there is a winter workshop in Bellaire. Five other Michigan counties hardest hit by the winter depressions are cooperating. Everything in the workshop is handmade.

A pine rocking horse was made by Durbon Death, Starvation Lake. Hardwood lawn furniture was fashioned by Mark Trail Osburn of Cedar. Mrs. Loren Lacey learned how to make aluminum and pewter trays with designs of maple leaves, pine cones and deer. Mrs. Harry Siebold crochets silky drawstring purses.

Skilled Safecracker Skips Jail Again

ABERDEEN, Scotland - John Ramensky, 45, who became the first man to escape from Peter-head prison in 1934, made his second escape recently.

Guards found a dummy propped up by a pillow when they checked his bed. He was serving a life sentence for blowing open a postoffice safe in Glasgow.

Considered one of the most

skilled safecrackers in the country, Ramensky was recruited by the commandos in 1942 after he had finished a five year prison sentence. He became an instructor on the use of explosives and was dropped behind German lines several times in World War II to blow open safes containing secret documents After the war he became a beekmaker, but went back to blowing safes.

"Drinking," Mrs. Colvin says, "obviously was confined to hotel rooms. But even this was reported at a minimum, because as one Texas delegate remarked, 'I never knew when television would show me all over Dallas."

Politeness Is Cash in Till For Vendor

ST. LOUIS-"Twenty-five dollars in cash if I fail to thank you. That is the promise of Ted D. Gatlin, 47, news vendor here who believes it pays to be courteous. Whether it pays or not, it hasn't cost him anything. Despite practical jokes by his friends and customers to make him forget to say "thank you," Gatlin hasn't forgotten yet.

Faked a Faint

One woman faked a faint to shock Gatlin out of his courtesy. Her head hit a fire hydrant. "Thank you kindly," said Ted, as an ambulance hauled her off to the hospital for five scalp stitches.

Gatlin learned courtesy was a business commodity when he was knee-high to streetcar conductors. His "thank you" once encouraged them to boost him aboard to sell

Gatlin began offering \$1.50 back in 1939 to any customer he didn't thank. Sales boomed and over the years he raised the offer.

Gatlin says people try almost anything to get the \$25. Some, under the impression the offer is sponsored by a firm or newspaper, propose don't say-thanks-to-meand-we'll-split-it deals.

Bacteria are the most numerous forms of plant life and it is little wonder — under favorable conditions a single bacterium can become 536,000 in 15 short hours. Why is constantly surrounded it then. and assaulted by them as we are, that we do not fall victim of their attacks more often? Because six conditions must be present in any infection.

First, there must be a reservoir of germs, second, there must be a mode of transmission, third, there must be a susceptible host, fourth, there must be a mode of entry into the host, fifth, there must be fav-orable conditions for growth and sixth there must be a mode of exit.
If any of these conditions is lacking, there is no disease.

Consider the human body as a

fort surrounded by bacterial enemies. Always there is skirmishing with some of the commoner varietles, and sometimes they overwhelm by their numbers and strength, cut as long as the outer-wall remains intact, battlements manned with defenders, the fort is

The sum total of human defensive forces is called resistance. "Im munity" to this o rthat specific dis ease is part of the defensive patt-ern. It varies in different persons and at different times in the same person. Some people are born with a natural immunity to certain diseases. Others get an acquired immunity thru shots or by recovering from an actual infection.

Natural resistance can be lost or weakened by a variety of bad hab-its. Malnutrition will weaken it, but so will overeating which taxes the liver and kidneys and clogs the blood with wastes. Worry is another friend of disease germs, and im-pure air, dissipation, lack of bodily cleanliness, want of proper exercise, continuous work unrelieved by open air reoreation all will lessen natural resistance to disease.

Small budgets love big Fords

You don't have to be rich to enjoy fine-car-luxury. The new kind of Ford is America's lowest-priced* big car . . . yet it offers the beauty, V-8 GO and luxury ride of cars costing far more!

If you love big-car performance you'll love

If you love thrift you'll love our '57 Ford. No car ever before has offered such perfect blending of big-car luxury and small-car

Once you take the wheel, you'll discover how the "Inner Ford" gives you the kind of ride you have experienced before only in cars costing far more. You'll find its advanceddesign chassis and lower center of gravity let it corner as if it were on rails . . . that its engine is as responsive and nimble as a polo pony. Six or V-8 the going is great!

But even though this Ford handles like an expensive car, it's still priced Ford-low. In fact, model for model right across the board, the 1957 Ford is the lowest priced of the low-price three!

Ford is worth more at trade-in time And when you go to trade your Ford, you'll find Ford's traditionally high resale value makes it worth more at that time, too.

Why not come in and Action Test this funlovin', budget-lovin' Ford? Why not come in

The new kind of Lowest priced of the low-price three!
