

THE O'DONNELL INDEX

VOLUME XIII

O'DONNELL, LYNN COUNTY, TEXAS, THURSDAY, AUGUST 27, 1936

NUMBER 43

Day Voting Night; Incumbents Are Returned

Interest lukewarm and voting later than had been expected, and Democratic primary was tardy. In the state races, J. Little defeated Hop Halsey for representative from the 119th Dist. Ernest O. Thompson was railroad commissioner, Mc-e was re-elected commissioner of agriculture. All three men were re-elected.

In county, H. C. Story, re-elected his opponent, Herlings, by a safe though not majority. In the two precincts, Holland marked up 308 and 20, compared with 370 for Littlepage, Precinct 4, and defeated his opponent, C. E. by a margin of 2 votes, winning 243 and 241 respectively for both Lynn and counties as follows:

County—Railroad Commissioner 1541; Morris 902; Agriculture Commissioner, Terrell, 1077, 1278; State representative, Halsey 1245; County Clerk, Little 1443; Commissioner of Agriculture, Littlepage, 370, Sam 398; Commissioner, Precinct 4, 243; Reagan, 241.

County—Railroad Commissioner 187; Morris 1076; Commissioner, Terrell 1233, 1452; Settle, 1609; Halsey, Judge, DuBoise 1201, 6; Tax Assessor-Collector, Willie Belle Cleveland Commissioner Precinct 2, Ad-Hodge, 290; Commissioner Jordan, 270; Kelley, 440; Higher, precinct 1, Howell 1085.

Club Camp Two-Draw Lake

With Boyd, county home agent, was here on Friday and an excellent attendance at the Home Demonstration last Wednesday. As has been the case for the past several meetings was held at Two Draw Lake, near Post.

Activities from the clubs of the morning met in a group to the chosen beautiful lunch was served and after a delightful rest hour, reports and details of the short course were given by Lida Cooper, district agent, Mrs. E. I. Hill, Lynn county agent, were honor guests.

After the ladies enjoyed an afternoon hour, and if their had heard their mammams during the night, it would be to mind their own slumbers. The session closed after Thursday morning.

L. Rogers Taken To Hospital

L. Rogers, well-known local, taken to a Lubbock hospital of the week for treatment. She has been seriously ill for more than a week.

It is advised that she remain in the hospital for further developments of and the many friends of and are hoping for favorable news near future.

LETTERS OF LYNN COUNTY

I express my gratitude to who supported me in the past. My family and I are indebted to you for this. I will do all things to give you efficient service and will be glad to do so. Again thank you for your kind and thoughtful letters.

H. C. Story, County Clerk.

Mrs. Alvin McMillan returned Thursday from Carlsbad, where she had gone with a number of relatives to visit Mrs. Mc reports that the great section of new territory opened to the public, all other sections of the county have been opened.

Good Attendance At Revival

A splendid attendance and fine interest is reported for the annual revival meeting which is now in progress at the local church of the Nazarene. Several professions of faith have been made, and it is believed that a number of others will come forward before the close of the meeting Sunday night.

A special service is planned for the evening 8 o'clock hour Sunday. Three prizes will be given, one to the largest family present, another to the mother of the most children, and the third to the youngest mother present. In addition to this special feature, the minister, Rev. R. M. Hocker, has announced a dedication ceremony for infants. All parents of babies are cordially invited to come and bring children for this sweet and impressive ceremony.

Subject of the sermon that morning will be 'Heaven,' and for the evening service 'Lost.' The public is invited to come and take part in both these services.

Music during the meeting has been of special interest, being directed by the two daughters of the evangelist. Ruth and Annie Mae Hocker. Cooperation of the outstanding leaders in student activities.

Miss Hester Gates Received Degree

Mrs. J. W. Gates and Miss Hester Gates of O'Donnell Saturday last week, expecting to spend a few days with relatives at Shallowater, Pampa, and Canyon before Miss Hester was due at N. T. S. T. C. to receive her degree.

Graduation exercises were held there last Thursday and Miss Gates received her degree with a class of more than one hundred fellow students. She has majored in art during her study there and has been one of the outstanding leaders in student activities.

Otis Ellis Buried Near Abilene Texas.

Mrs. and Mrs. John Ellis returned from San Antonio late Thursday afternoon where they had been called by news of the death in that city of their brother, Otis Ellis. While we were unable to secure details of the sad occurrence in time for last week, we are told that funeral services were held Tuesday afternoon at the family home near Abilene, where his parents are buried.

Deceased has lived here much of the time during the past eight or ten years, making his home with Mrs. Ellis. He has been an invalid the greater part of that time, suffering from diabetes. Friends here are of the opinion that this disease continued its course until it caused the untimely death of his victim. Even when suffering most, Otis was cheerful and always eager to be of any small service to his friends, and his gratitude and affection for his brother and Mrs. Ellis was unflinching.

He never complained or rebelled against his invalidism, always trying to do some little something to be self-sustaining and make himself less a burden to the family. He is survived by nine brothers and sisters.

Mr. and Mrs. Harford Smith celebrated their wedding anniversary this week by purchasing a handsome new Ford V-8 from Lynn County Motor Company. They partially broke the new automobile in on the trip to Christoval, where Mrs. Smith will remain for several weeks.

Mr. and Mrs. E. T. Grice spent several days this week with friends in Lamesa, returning Thursday morning.

Mr. Walter Minton halted us Monday morning and renewed their Index subscription for another year. We thank you, sir.

Mr. and Mrs. Jack Miles are on our list of subscribers for the first time, she having stopped by the office Saturday afternoon and placed a two year subscription. Incidentally, she told us a number of things about their trip through New Mexico and Arizona several weeks ago as well as sights of the Centennial Exposition and the Frontier Centennial. Thank you, ma'am for the subscription and for the visit also.

County To Receive Bid On Remodeling County Jail

Notice has been published that the commissioners court will receive bids until September 15 for an addition to and the remodeling and repairing of the county jail at Tahoka. Only one bid will be taken on the whole project; in other words, the contractor must bid on the whole job, and not on just a part of it.

Plans and specifications for the project are now on file in the office of County Judge P. W. Goad, and copies of same may be secured from Judge Goad on payment of a \$75 deposit. Fifteen dollars of this amount will be returned to contractors when plans and specifications are returned to the county.

Each bid must be accompanied by a certified check for at least 5 per cent of the amount of the bid. Successful bidders will be required to enter into a contract with the County of Lynn and furnish satisfactory bond in the amount of equal to the amount of the bid. It is hoped that work may begin on this project about the last of September, but we are unable to give details concerning the exact nature of the job as a whole.

Presbyterians To Begin Revival Soon

Rev. W. H. Cheatham, pastor of the local Cumberland Presbyterian church was here Friday of last week, and authorized us to announce the opening of the annual revival at that church on Sunday evening, September 6. The public is cordially invited to come and take part in this meeting.

Rev. B. L. Bais pastor of the Cumberland church at Wichita Falls, will be here to conduct the preaching services, and music will be directed by local people. Services will be conducted twice daily, at ten o'clock in the morning and at eight o'clock in the evening. Rev. Mr. Bais is well known throughout West Texas as an eloquent and forceful speaker, and O'Donnell residents are looking forward with one plan, which is about as good a record as we remember hearing about. The patch was planted the first of May, and has had only the average attention since.

The meeting will continue through ten days, or longer if conditions warrant an extension of the time.

GROWS FINE COTTON

W. H. Miller of the Help-Yourself Laundry had on exhibition Saturday a stalk of some of the finest cotton we have ever seen, a plant from his sixty acre patch in the Hancock community. Accurate count of blooms, squares and bolls totalled 111 for the one plant, which is about as good a record as we remember hearing about. The patch was planted the first of May, and has had only the average attention since.

CARD OF THANKS

I wish to express my thanks and appreciation to the people of O'Donnell and the surrounding communities for the wonderful vote and support that you gave me, as a candidate for County Clerk, for the fine way you have helped me, and for the encouragement that the people gave me. I shall always remember the favors that have been extended to me.

Thankfully yours,
Herschell D. Collins

J. E. Stigler Buried At Tahoka Wednesday

J. E. Stigler of New Moore, passed away in a Lubbock sanitarium last Tuesday following an illness of several weeks' duration, and funeral services were conducted at the Tahoka cemetery in the presence of the family and scores of friends. Elder Will Garnett, of the church of Christ at Tahoka, conducted the rites.

Mr. Stigler came here with his family from Coleman county several years ago, and has resided in the New Moore community since that time. He was only 47 years of age at the time of his death, his untimely decease leaving a widow and several children as well as other relatives who came from the family seat to be with the immediate family during the funeral.

The Index joins with other friends in extending sympathy to the bereaved family.

NEW RESIDENTS ARRIVE

Mr. and Mrs. Raymond Dodd and two children have moved here from San Angelo, getting settled in their new home Monday. They have rented the J. N. Schuler place in the south part of town, and Mr. Dodd will work with his father, L. E. Dodd, in the grocery store. We join with the community in welcoming these fine people to our town, with the sincere hope that their stay with us is pleasant and profitable.

GOP GUBERNATORIAL NOMINEE OLDEST CANDIDATE IN HISTORY

Judge C. O. Harris of San Angelo, Republican nominee for Governor of the State of Texas, is 78 years of age, probably the oldest gubernatorial candidate or candidate for any office, in the history of Texas.

In the coming election, he will be opposing the youngest governor Texas has ever had, James V. Allred, who is only 37.

The Republican nominee was born in Illinois in 1858, coming to Washington county in Texas when he was still a mere boy. When he completed his course in law, he was appointed an attorney for the Santa Fe, a position which he still holds. He has made no campaign plans as yet, expressing himself as more interested in the national political situation.

THE METHODIST CHURCH

Our revival meeting that began Thursday night, August 27, will continue throughout next week. Probably closing Sunday night, Sept. 6.

We have with us Bro. McBrayer of Lorenzo, Texas, who will lead us in this meeting, preaching for us twice daily. Mornings 10:00 to 11:00 o'clock throughout the entire ten days.

Our music will be directed by the local leaders. May we have those who are interested in good music to be with us. Our church is large enough to accommodate all who will attend and it will be convenient and cool.

We are earnestly desirous that you attend the meeting when free to do so. Acknowledging the fact that two other revivals are in session this week-end, urging that you attend the church of your faith and that you give your influence and support to that gathering where the more good can be accomplished.

With a hearty welcome awaiting you at the services now being conducted at the Methodist church.

M. R. Pike, Pastor.

Local Homes Are Receiving Repairs And Renovations

Among other homes in the community which have been repaired and redecorated this summer are the residences of Mrs. G. A. Haney, Mr. and Mrs. D. J. Bolch and Mrs. W. J. Smith. All places have been repapered and repainted inside and out.

The Haney residence, which is also the home of Mr. and Mrs. John Earles, is one of the oldest residences in O'Donnell, having been built several years ago. It was solidly constructed of mellow red brick, and plastered inside. Mr. Charlie Clemens was in charge of the redecoration, following plans outlined by Mrs. Haney herself. Many of our readers will recall that Mrs. Haney is an artist of small ability, and the house is filled with samples of her artistry. Landscapes, still life, pastels, in fact every kind of painting has its representative on the walls of the gracious and beautiful old home. With all its trim freshly painted and the walls freshened, it presents a pleasing spectacle.

The Bolch residence is also one of the landmarks of the town. Originally built as a family home by Mr. and Mrs. W. B. Phillips, the big, two-story house was bought three years ago by Mr. Bolch and moved to his farm west of town. Here the old place apparently took root, and now looks as peacefully at home on its hilltop site as though it had been planned for that particular location. Mr. Clemens did the work on this residence also, completely refinishing it inside and out.

Curiously enough, Mrs. Smith's house is also one of the landmarks of this part of the county, it having been built in the early days and an annex built on in 1914. During the past month another annex has been built, to make a two-room apartment, and the entire house repaired and repainted throughout. Mr. Clemens did the greater part of this work, assisted by Mr. Roy Smith.

Materials for all these jobs came from Higginbotham-Bartlett Co.

Ervin Sumrow Gets First Bale 1936 Crop

The first bale of cotton for O'Donnell, and indeed for the entire South Plains, was grown by Ervin Sumrow on the Mrs. W. J. Smith farm just across from the town section, and was ginned at the L. E. Robinson gin here last Friday.

The bale weighed 450 pounds, and was of short staple cotton, measuring 13-16 of an inch. Mr. Sumrow took it to Lubbock immediately after ginning, and it was auctioned off at the new cotton exchange Saturday, K. N. Clapp, auctioneer, sold the bale to George Finberg, buyer for Levine's department store for 12 cents per pound.

The bale thus netted its owner 54¢. Cotton of the same grade and staple on Saturday brought around 10¢ in open market. A number of other Lubbock firms made bids during the auction.

This cotton has been watched and commented upon throughout the growing season, as it was unusually fine even for a cotton-growing territory. Planted early in May, at the time of the first general rains in the spring, it has had careful cultivation and attention all its life. Mr. Sumrow is generally conceded to be one of the most successful farmers on the South Plains, but even he was somewhat surprised at the rapid growth and early development of this field.

Aged Lady Dies While Visiting In County

We were told Friday of the death of the aged mother of Mrs. H. M. Veach at the Veach home near Draw last Monday, but were unable to secure many details for our readers.

The mother had been visiting here only a few days, hence was not well known among local people. She was 84 years of age. The body was taken back to Newcastle for burial by a Tahoka funeral home.

The Veach estate is comparatively well known in our school district, but whether or not the families are the same we could not learn.

Former Resident's Mother Buried Sat.

Of interest to many local people was news of the death of Mrs. Sarah Elizabeth Williams, mother of Mrs. Ervin Wright of Lamesa, Mr. and Mrs. Wright are former citizens of this place, and Mrs. Williams visited them frequently, making scores of friends here who will be grieved to know of her death.

She passed away very suddenly last Friday from a heart attack, and was buried Saturday at Cuthbert, beside her husband. She had been visiting her daughter, Mrs. Dave Womack, and was in her home when the end came. She would have been sixty five years of age yesterday.

Beside Mrs. Wright, she is survived by four other daughters, Mmes. F. L. Buckalew, Lamesa; Pond, Fuller, Womack, Cuthbert, and three sons, Burley and Edd Williams of Sparenberg and Roger Williams of Abilene, as well as a host of friends.

O. E. S. Day At Texas Centennial

Notification has been received here that the Worthy Grand Matron of the Order of the Eastern Star has designated Saturday, August 29, as Eastern Star day at the Texas Centennial Exposition at Dallas, and an urgent plea has gone out to all chapters to send a large delegation as possible to the city on that date.

We understand that a number of local people plan to be in Dallas this week and that they will remain over for this special occasion. The registration booth will be in the General Motors Building, and an Eastern Star program will be held in the Chrysler Band Shell at five o'clock that afternoon. All members of the local chapter are urged to make an effort to be in Dallas on Eastern Star Day, August 29.

Baptist Revival Closed Sunday

One of the most successful revival meetings held here in the past several years closed last Sunday night in an impressive service at the Baptist tabernacle. Rev. H. T. Crim of Big Lake has been here for the past two weeks in charge of the preaching, and music was directed by local people. Attendance and interest had been excellent throughout the revival, the evangelist and leaders of the church being more than pleased with results of the revival season.

Eleven professions of faith were made during the meeting, another statement, and five by letter, making a total of seventeen. Rev. Crim reported ten additions to the First Baptist church here, and one of the new converts allied with the Methodist church. However, there were only outside symbols of the far-reaching effects of the meeting; it is believed that the community will feel other effects all through the year.

Rev. Crim, who made scores of warm friends during his stay here, went to his home in Big Lake Monday for a short rest before entering into other revivals.

Freight trains nowadays act like express specials. New freight schedules are so fast, sometimes wonder if everything has to be delivered day before yesterday.

Many of our passenger trains are running faster schedules. Well, one thing is sure. We are faster runners, but the first railroad commandment is still safety first. That's one rule we won't change.

Western railroads and allied industries provided jobs for 750,000 workers last year. Some of them are in our towns' good neighbors.

Passenger fares are now the lowest in history with substantial reductions on round trips and no more surcharge for riding sleeping cars.

The new Free pick-up-and-delivery of less than carload freight is heard some traveling salesmen talking about it the train yesterday. They don't save shippers a lot of money and centers all responsibility on the railroad. The road picks up the freight at shipper's door and delivers to receiver's door. Of course, local delivery men get the haul from door-to-door and car-to-door at shippers' ends. The railroad handles the whole transaction.

When railroads are busy, often towns along the road are prosperous. Merchants put more money in the newspapers.

As railroad achievements, appreciate the public's goodwill and increased patronage and pledge continued progress.

HOW THE BANKS AID THE GOVERNMENT

Normal and Emergency Needs Met by Advances of Commercial Banking Credit

NEW BRUNSWICK, N. J. — The American commercial banking credit system is an absolute essential in the financial operation of business and government, Harold C. Moulton, President of the Brookings Institution of Washington, D. C., said here recently in an address before the Graduate School of Banking conducted under the joint auspices of Rutgers University and the American Bankers Association.

If the flexibility and expansibility provided by commercial banking credit were eliminated, Dr. Moulton declared, "It is scarcely too much to say that the economic system itself would shortly be destroyed."

"Normally the amount of credit extended by commercial banks to the government is small in amount and for the purpose mainly of financing temporary requirements in anticipation of tax collections or bond sales. But in periods of war and acute depression, when the financial requirements of government expand with great rapidity, the expansion of commercial bank credit is a tremendous scale. Such is not case at the present time.

How Public Needs Are Financed.

"The purchase of government securities by individuals and by the commercial banks provides the government with the means by which its manifold activities are financed. The Treasury obtains the funds, with which the Reconstruction Finance Corporation and other government credit agencies finance their operations, through the sale of securities, largely to commercial banks. These funds, in turn, have gone to the assistance of distressed banks and other financial institutions, to aid industrial and agricultural enterprises, to finance new public and private capital construction, and to provide relief to the unemployed."

Dr. Moulton declared that it is not true that the world depression was caused by a breakdown of the American banking system "which did not, in fact, occur until the depression had been under way for more than three years."

"Nor is it true that the world maladjustments existing in 1929 can be explained simply by undue extensions of commercial banking credit in the preceding years. These maladjustments involved world agricultural, industrial, commercial and financial relations."

FARM ACCOUNTING REVEALS LESSONS

Principles of Sound Business Management That Apply to All Farms

An analysis made of detailed records kept by a group of Wisconsin farms revealed several important lessons and the principles of sound business management derived from them apply equally well to other farms, says an article in the Bulletin of the Agricultural Commission of the American Bankers Association. The article says:

"Investment costs, including interest, depreciation, repairs, taxes and insurances, are approximately one-third of all farm costs. Furthermore, these costs are largely independent of the production program of the farm."

"This means that if a farmer cuts his production of crops or livestock he increases his investment costs per unit of product produced, as a smaller number of units must then carry as large an expense load as before. This illustrates the importance, from the standpoint of costs, of operating a farm at or near capacity."

"Investment mistakes are made more often than many others because they can not easily be corrected. If a farmer says too much for his farm, his investment costs will be abnormally high as long as he owns it. If he constructs a \$4,000 barn when a \$2,000 barn would have served his purpose, he will have excessive barn costs, year after year, during the entire service life of the structure."

"This emphasizes the importance of a knowledge of investment values, and the specific investment requirements of individual farms."

Determining Real or False Economies

"In working for greater economy, it is essential that the farm manager be able to distinguish between a real and a false saving. This can be done only through a careful estimate of the contribution to income, over a period of time, of each item of expenditure. Only if more is saved in expense than will be lost in income can a contemplated cut in expense be designated as a real saving."

"For example, dropping dairy herd improvement work may result in a yearly expense reduction. The question to decide is what effect the dropping of this work will have on the present and future income from the dairy herd. If the estimated loss in livestock receipts due to a lowered efficiency in feeding and breeding is greater than the original saving, then it would obviously be a false economy."

"Substantial savings can be effected on many farms through the use of more home grown garden produce and farm-cured meats. Why pay out money for products of this kind that can be produced much cheaper at home? The money saved from the family food budget can be used for the purchase of such things as will make the farm more a more comfortable and pleasurable place to live."

SOCIETY

TUESDAY CLUB MEETS WITH MRS. HENDERSON

Tuesday Bridge Club members were guests at the regular meeting this week, of Mrs. Fred Henderson at her lovely home in central town. Three tables of players enjoyed the afternoon, high score prize, three hand-made linen card table covers, given to Mrs. Ferrel Farrington. Consolation went to Mrs. B. J. Boyd, and a dainty guest prize was given to Mrs. David Tate, who is visiting; her father, E. L. Sorrels, and Mrs. Sorrels.

EIGHT-YEAR-OLD HAS BIRTHDAY PARTY

(Delayed from last week)

Mrs. Rex Marshall entertained with an informal party at her home in the north part of town on Monday afternoon, August 10, honoring the eighth birthday of her daughter, Neida Ruth Wells. Harvey Jordan, Guy Bradley, Farrington, Hal Singleton, Jr., L. E. Robinson, Tate, Sam Singleton, Boyd, Marshall Whitsett and C. C. Caldwell, were present.

A delicious salad course was served with ginger ale cream to Ames, E. T. Wells, Harvey Jordan, Guy Bradley, Farrington, Hal Singleton, Jr., L. E. Robinson, Tate, Sam Singleton, Boyd, Marshall Whitsett and C. C. Caldwell.

Group games were played indoors and out until the refreshment hour. The dainty and useful gifts had been opened and admired, the birthday cake was served with punch to Maxine and Maurice Simpson, Wilma Isaacs, Jean Marie Pierce, Billy Max Minchey, Junior and Billy Jean Marshall, and the honoree.

Mrs. Smith assisted Mrs. Marshall in entertaining and a number of gifts were sent by friends who were prevented from attending.

Mrs. Holland and family of Moulton are visiting her mother, Mrs. W. L. Rodgers, and other relatives and friends. Mrs. Holland has been quite ill this week, but is reported to be much improved today.

Mrs. Guy Bradley visited Mrs. J. Mac Noble Jr. in a Laresna sanitarium Sunday afternoon. She reports that the new son is fully as handsome as J. Mac third. Mrs. Noble has been removed from the sanitarium to the home of her parents, Judge and Mrs. J. E. Garland, where she will probably remain for a month or more.

Mmes. Paul Gooch and Fay West moreland and Miss Christine Millwee returned Friday from Canyon, where they had done special work at the college during the summer term. All three ladies are members of the local public school faculty.

Mr. and Mrs. Ray Sullivan and son Billy Ray, left Monday for Dallas and Ft. Worth where they will attend the Centennial expositions.

We are indebted to our good friends, Mr. and Mrs. C. H. Doak, for a mess of fresh roasting ears from their farm near Loop. Fresh off the stalk, the ears were plump and juicy, just right for a big blob of butter. Thanks, ever so much.

Mr. and Mrs. W. E. Singleton and family returned Sunday from an extended vacation trip. Mrs. Singleton had been away almost two months, trying to recuperate from a sinus and airsin infection which has harassed her for several years. We are very glad indeed to report that she seems much improved.

Mr. and Mrs. John Harbinger of Littlefield were here for a short time Monday, looking after business and visiting relatives.

Misses Sibyl and Temple Bolch are

home on vacation from school. E. Lubbock. They accompanied their mother Mrs. D. J. Bolch, to Dallas and Fort Worth Wednesday, planning to spend several days attending the central Centennial Exposition and the Frontier Exposition. They were accompanied by Mrs. Dallas Vaughn and Dillon Bolch. They plan to continue their trip on to Texarkana and other points.

O. L. McLendon, in company with Mr. Ed Hamilton of Tahoka, has recently opened a cafe in that city. Mr. McLendon has worked in the Gibson sandwich shop here frequently, as well as having had extensive experience elsewhere, and his partner is likewise an experienced cafe man. The new enterprise should enjoy success from the beginning.

Messrs. Marshall Whitsett and Clarence Eiland made a business trip to Amarillo Wednesday.

Mr. and Mrs. Randall Gibson of Tahoka were here Sunday visiting their parents, Mr. and Mrs. F. G. Wheeler and Mr. and Mrs. W. R. Gibson.

Mr. and Mrs. Irvin Street has as guests last week Mrs. J. A. Russell and Miss Mae White of Abilene, and her uncle, H. L. Darden of Merkel.

Mr. and Mrs. A. C. Lambert and family have returned from an extended vacation trip through Oklahoma returning via Dallas and Ft. Worth.

W. W. Hancock suffered a severe heart attack Sunday afternoon, and was seriously ill for several hours afterward. He is able to be up as we go to press.

BILIOUS
 Condition Needs Double Action Treatment
 Stimulation of liver bile flow is not enough for complete relief, but combined with intestinal stimulation that relieves temporary constipation, quick soothing results are obtained. Herbine, a combination of herbs, combats BOTH actions and so these dizziness, headache, indigestions, gas, random feelings get relieved when both liver and bowels return to normal action. Get your bottle of Herbine from druggists.

GET GULFLUBE—

It's "Stripped for action"!

A cheap, poorly refined motor oil is like an overworked wrestler. Such an oil is hampered by useless waste which should be removed by further refining. Such an oil, like the overworked wrestler, can't do a good job.

Most 25c oils, like this wrestler, are still somewhat hampered. Some of the useless waste has been removed, but not all of it. No refiner of 25c oils could afford to carry refining further than this until Gulf perfected the Multi-sol process.

GULFLUBE MOTOR OIL, like this wrestler, is stripped for action. Stripped of all useless waste by the Multi-sol process—the finest 25c oil in America—premium refined oil! For better lubrication, cleaner motor, less oil consumption—get Gulflube—the Sign of the Orange Dip.

GULFLUBE MOTOR OIL

Adcock Thanks Voters For Support Received

D. L. Adcock, who barely missed nomination as commissioner for Precinct 2 Dawson County, said Monday that he wished to express his gratitude and appreciation to voters in the district for their loyal support and encouragement.

Words cannot express my appreciation to our folks. Mr. Adcock said, courtesy and kindness which they gave throughout the campaign. Even though I was not elected, I made many new friends during my work, and I feel that I will compensate me in a large measure for the defeat.

I bear no ill-will toward anyone; my opponent fought a clean, square fight and I shall lose no opportunity to give him any support or assistance I can give him. He will make us a good commissioner, and I trust that all my supporters will help him in every possible way.

Again let me thank each voter in the precinct for the ballots cast for me, and for the friendships which we have made.

Gratefully yours,
D. L. Adcock.

Mr. and Mrs. A. H. Koeninger and family have returned from Dallas and Ft. Worth, where they visited relatives and friends and also attended the Centennial expositions.

CARD OF THANKS

We take this means of expressing in small measure, the heartfelt gratitude and appreciation of our entire family for the thoughtfulness and kindness of our friends and neighbors during the sickness and death of our husband and father, J. W. Terry. Especially are our thanks due to his kind, loyal nurse, Mrs. Angel, and to that splendid friend, Mr. Nate Jackson. Without their help we could hardly have gone through this time of trouble. Special thanks are also due those neighbors who so willingly lent to attend him during his last hours and to those who comforted us with their beautiful floral offerings. May God bless each of you and give you friends like these should you ever pass through dark hours like this.

Mrs. J. W. Terry, Raymond, Ted, and Bailey Terry,
Mr. and Mrs. Rex Marshall and children,
Mrs. J. B. Minchey and children.

Purpose Of Screw Worm Control Is Given By Supervisor

The supervisor who has been appointed to oversee the government screw worm control campaign says that, in general, the purpose of the campaign is to convey to livestock owners that information search workers—information that has been found practical and economical in treating screw worm cases and in controlling the screw worm fly.

Demonstration units at ranches are being set up in different states. These will represent different range conditions and will cover experiments with cattle, sheep, goats, horses and hogs. In these ranches various animal husbandry practices will be tried, wormed and fly repellents will be tested. The screw worms will be controlled and records will be made of these experimental results to show if they are practical. As soon as this information is made available, it will be passed on to the livestock owners through the District Supervisors.

The District Screw Worm Supervisors are of practical ranch experience who are employed by the government Bureau of Entomology and Plant Quarantine.

Mr. Clayton who is making his headquarters at O'Fall, will carry out the following program:

- (1) A series of demonstrations and educational talks will be held.
- (2) Practical demonstrations on range conditions will be made.
- (3) Estimates will be obtained of the number of screw worm cases and the number of deaths resulting therefrom in the various counties.
- (4) Demonstrations will be held of the phases of screw worm control which are of practical value and which may be practiced by the livestock raiser.

Mr. Clayton requests that stockmen having screw worm cases give the recipient of them to him or to the county.

The Department of Agriculture recommends worms in wounds. Following this led with dehydrated pine tar oil, specific gravity 1.067. This hastens healing of the wound and aids in repelling further attacks of the fly.

served to Mmes. Brunson, Armstrong, Gibson, Clayton, Jack Veazy, Spikes, Johnson, Ward, Jones, Sumral, Simpson, Shemmaker, Allen, Yandell, Hunt, Shirk, Bryant, the honoree and the hosts.

Mr. and Mrs. Price Seelye and other members of the Seelye family had as their guest, last week, his sister, Mrs. Shelby Alexander. Mr. Alexander and their children Marie, Datsy and Eugene. They were also accompanied by their wife, Terchel Alexander and her wife. The entire party were from Whitesboro.

MARY BLAND WELLS RECEIVES OTHER HONORS

The current issue of the "Southwestern Musicians" reports additional honors in music for Mary Bland Wells and daughter of the late Coleman and Mrs. Wells of Toluca.

In the tri-state musical festival held in Dallas in June, Mary Bland won second place in voice in competition with scores of girls in the sixteen year and under class. In the piano contest of 12-year-olds, Mary Bland won third place playing with a strange girl with whom she had never practiced.

Mrs. Roy D. Smith had as guests over the week-end her sister, Mrs. J. A. Moody of San Angelo, and her brother, Dr. Jack Chastain and family of Van Buren, Ark. The doctor and his family were en route to Colorado where they will spend a few weeks for their health.

Announcements have been received here of the birth of Master Michael Woodie Smith on August 15. The young man is the son of Mr. and Mrs. L. W. Smith, Jr., of Ft. Worth, and Mrs. Smith is the former Miss Ina D. Everett, granddaughter of Mr. and Mrs. J. Y. Everett.

Western Railroads spent \$17,000,000 to air-condition passenger cars in 1935, and the program is being continued this year.

Mr. and Mrs. G. L. Burney and children of Ranger are guests this week of Mr. and Mrs. L. E. Dodd.

4500 GUESTS CAN DINE AND DANCE UNDER MILKY WAY

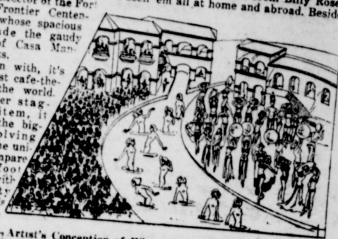

That Casa de Manana, the House of Tomorrow, is 100 light years ahead of anything else of its type in the world came from Billy Rose's World Frontiers Centennial Exposition on whose spacious facade of Casa Manana fronts.

To begin with, it's the largest cafe-theatre in the world. As another stage, it's a big stage in the unit, its 130-foot diameter with Radio City Music Hall's 40-foot one and what do you get? Artist's Conception of What the Casa Manana Looks Like

The dazzling array of 600 arches in the building pattern suggests a land of the moonlighters. Dotting the tables, where 3,500 guests may dine and dance, are brilliant blue and white contrast will, to say the least, knock your eyes out.

There inside as Paul Whitman twitches his baton to extract rhythm from the orchestra, the moth pool to reveal an elaborate guaranteed to quicken the pulse.

With modest pride there will be presented Texas' own fairest winner of 75-city "Texas Sweetheart Contest," glittering like a Hollywood premiere in a \$5,000 gold mesh gown. Other blossoms of

Tech Leases Bull From Hester Herd

Ray C. Mowery, acting head of the animal husbandry department at Texas Technological College, has announced this week that the college has leased a Jersey bull, Raleigh's Fairy Volunteer, from E. W. Hester, well-known Jersey breeder and dairy expert.

The fame of Mr. Hester's Jersey herd has spread over much of the Southwest, everywhere the worth of fine stock is known and appreciated. Index readers will recall that Mr. Hester obtained this animal from the Longview Dairy Farms in Missouri, about the time he sold the famous bull, Buttercup, to that concern. Vol- but Mr. Hester knew enough about blood lines and appearance to realize that he was securing an exceptionally fine herd bull to replace Buttercup.

S. S. CLASS OBSERVES TEACHER'S BIRTHDAY

(Delayed from last week)

The regular social meeting of the Loyal Workers' Sunday School class into an observance of the birthday of their teacher, Mrs. M. R. Pike, when the class met last Thursday afternoon at the home of Mrs. Naymon Everett. Games and contacts were enjoyed during the social hour, which was closed by an appropriate reading given by Mrs. Selmar Vandell. The reading presented the shower of towels and tea towels to Mrs. Pike at her birthday gifts from the class and are thanks.

Delicious ice cream and cake were served.

NOTICE TO PUBLIC

Due to circumstances beyond my control I am forced to discontinue with a telephone at my residence. Realizing that many of my customers will often need an extra supply of milk or cream and will be at a disadvantage because of no way to communicate with me, I wish to ask them to leave such orders with any of these business houses: B & O Cash Store, Dodd Grocery, Self-Serving Grocery, Eagle Cafe, Bonnie's Coffee Shop, or the O'Donnell Coffee Shop. Any of these places will be glad to let us have your special order when we make our regular delivery to them.

Thanking you for your trouble, and assuring you that we would not ask this if it were not unavoidable, we remain,
Yours to serve,

WILLIAMS' DAIRY

JIL-LATING IS... Oil-Plating is exactly what is formed in

your engine by Conoco Germ Processed oil. The Conoco Germ Process scientifically combines a most carefully refined mineral oil with an extra, exclusive "concentrated oily essence" - fully guarded by patents. And this invention enables your Conoco Germ Processed oil to combine with all engine parts so that they become literally Oil-Plated. Oil-Plating does not depend on constant pumping up, because it does not rapidly drain down, but stays put - fixed - Plated. You can see that this firmly fixed, slippery Oil-Plating leaves no un-oiled bare spots in your engine. And that leaves least chance of wear... And the less wear, the more oil you save... So Oil-Plate your engine this summer - this day! - with CONOCO GERM PROCESSED OIL
