LE JIMMY" MINTON PASSED AWAY SUNDAY

With deep regret that the news was received here Sunday of the death of L. J. Minton, affectionately known to scores of us as "Uncle Jimmy". Minton had been in poor health for the past three or four years and was taken to the West Sanitarium at Lubbock several days ago that he might regain strength. Death came Sunday at 11 a. m.

Funeral services and interment place at Anton, with Rev. W. J. Minton, pastor of the Lubbock Church, in charge of the service. A number of friends accompanied the relatives here on their way to Anton.

Minton was born in Kentucky November 17, 1857, being at the time of his death seventy-three years of age. He came to Texas and in Collins county in 1895, and in the Plains with his family in 1896. He became a member of the Christian Church early in his life and had since that time been a faithful and active member of the community in which he had lived and to which he had made a valuable contribution as a citizen.

He is survived by his widow, Mrs. Minton, and seven sons, who are B. J. P., J. R. and W. G. all of whom are in California, and a daughter, Mrs. C. M. All of the family with the exception of Charley were present at the funeral.

Index joins with other friends family in extending sympathy.

STAINS AND STREAMS SENDING OUT CALLS

Warred glances at the local collieries this week show that mountain miners are proving attractive to those of this part of the South with New Mexico scenery apparently heading the list of attractions.

Stories are the favorite summation. Those of us who have been there are considering asking Congressman Jones to have a special compelling confirmed as to wear handkerchiefs of the size of their catchers' hats.

Several parties are enjoying the Carlsbad Cavern this week, and are headed south for the coast, while still others are headed for California and points.

Thanks, we'd rather just stay and enjoy the rain.

PARR HOLDING MEETING AT TAHOKA

W. O. Parr of Lubbock, former pastor of the First Presbyterian Church, is holding a revival meeting here on Tuesday, June 16, and on Friday June 26, according to Judge G. C. Grider, who reports that this announcement be made.

Rev. Parr says that this is the first revival for one church in this town for many years. He is helping the unsaved to come and help in the work. He is helping the unsaved to come and help in the work.

Parr is described as a "bitter" and "one who is not to be preached the truth." He is a member of the Methodist church and is in charge of the revival. He has been in charge of the revival since he came to town. He is a member of the Methodist church and is in charge of the revival.

COMMUNITY SOCIAL TO BE HELD SOON

Fern Allen post of the American Legion and the Ladies' Auxiliary are planning on Thursday evening, July 1, to sponsor another community social which will be held in the Legion hall.

Proceeds will be small, as usual, and will be applied to work for the organizations. Simple refreshments will be served, games of chance will be played, a program of songs and a general good time will be enjoyed by all.

Previous socials have been successful, and this one is expected to be even better attended than the last. As there is no other place of amusement, the social and auxiliary are practically the only place for a night out.

Had Cross, a member of the community, a little circle around that date on the calendar, and be there with his family.

LOCAL LEGIONNAIRES TO ATTEND LUBBOCK MEET

LUBBOCK, June 16—A number of state and division officials of the American Legion will be in Lubbock Saturday and Sunday June 20 and 21, for the 5th Division Convention of the Legion, Glenn Hess, post commander of the Allen Brothers post here states.

State commander, Hal Branan of Laredo, will be here and will appear on the program.

"Open" Cox of Corsicana, past state commander will be here and will appear on the program. Other officials who will be here include: Bob Whitaker, Austin department adjutant, for the State of Texas; Emmett C. Cox, San Angelo, executive committee, 16th district; V. Earl Earp, Sweetwater, executive committee, 17th district; Dr. R. A. Webb, Pampa, executive committee, 18th district, and others.

From a thousand to fifteen hundred legionnaires are expected in Lubbock for the convention. The registration will begin early Saturday morning. Saturday afternoon will be devoted to a fun program with plenty of pep, mystery and a real prize fight thrown in.

The Auxiliary of the 5th Division will likewise hold their convention in Lubbock. Saturday afternoon the Auxiliary will have a separate meeting in the new legion home. Saturday afternoon late a Dutch Dinner will be served in the county park to be followed by a dance in the spacious U. N. Town Dance Palace.

Sunday morning Dr. J. N. Lewis, pastor of the First Presbyterian Church at Lubbock, will speak to a luncheon to be given to visitors at noon.

The meeting will adjourn Sunday in plenty of time for delegates from distant points to drive home.

Some twenty or twenty-five local legionnaires and auxiliary members are planning to attend from here. O'Donnell's headquarters will be at the Hilton hotel, and indications are that the delegates will probably enjoy the convention.

WE'RE SORRY, FOLKS

It was our mistake, folks, and we apologize, in sackcloth and ashes. Sunday, June 14, was NOT Father's Day. Just how we got our eyes so crossed that a 14 which is 21 is crossed that we can explain, so we proceeded to take it out on the demon proof reader, and demanded to know why the heck the mistake wasn't discovered before the papers were mailed out.

However, we know that Sunday, June 21, really Father's Day, and it will hurt any of us a bit to write him two letters in rapid succession, though he may have some trouble recovering from the shock.

Miss Beatrice Tredway and Melvin Isaacs, Miss Eula Lee Gardenhire and Robert Stokes were married at the Presbyterian Manse, Rev. J. W. Parker performing the ceremony.

C. O. Lawler was in charge of construction of a 26x90 tile-and-brick on the west side of block A on Oak Street. The building was to be occupied by Carlisle & Co.

John Kouerek and John Zedlitz, living east of town, ran down a coyote with a Ford car, capturing the chicken thief.

The local Methodist Missionary Society had entertained the district conference of that organization here. Among those appearing on the program we find the names of Mr. Don Edwards, Jim Ellen Wells, Mrs. H. T. Gooch, and Miss Marie Gooch.

The Summer Grass Widowers' Club was the most popular organization in town, with membership certificates being issued to new members daily.

She also says that soup and butter-milk may be good for one's girlish figure, but they certainly are trying on the disposition.

Mr. and Mrs. C. L. Tomlinson and family went to Post Monday, spending the day with relatives. A sister, Mrs. Christian Cook, was down from Carlsbad, and the day was spent in a "family party".

LEGION POSTS SPONSORING JUNIOR BASEBALL TEAMS

Guy Bradley, commander of the Fern Allen post of the American Legion, and a committee from the post attended a meeting of legion representatives at Tahoka Tuesday evening for the purpose of perfecting plans for junior legion baseball teams.

According to Mr. Bradley, any boy under sixteen years of age is eligible to try out for the teams, each post sponsoring one team. The commander requests the Index to ask parents to allow boys to try out, assuring them that practice and games will in no wise interfere with home duties.

This part of the district will be composed of teams from O'Donnell, Tahoka, Lamesa, and Brownfield. The first games are scheduled for July 1st, as follows: O'Donnell at Tahoka; Lamesa at Brownfield; July 4th, Tahoka at Lamesa; Brownfield at O'Donnell; July 8th, Brownfield at Tahoka, O'Donnell at Lamesa; July 11, Lamesa at O'Donnell; Tahoka at Brownfield; July 14, Tahoka O'Donnell; Brownfield at Lamesa; July 17, Lamesa at Tahoka, O'Donnell at Brownfield; July 21, O'Donnell at Lamesa; Tahoka at Brownfield; July 24, Lamesa at Tahoka, Brownfield at O'Donnell.

O'Donnell has some splendid material for this junior legion team, and some real ball games are being expected.

All boys who are interested in trying out for the team are asked to see either Mr. Bradley or R. C. Willis. Practice will begin at once.

BENTON PAYNE RECOVERING FROM BLOW ON HEAD

Benton Payne, son of Mr. and Mrs. E. Payne, who live east of town, was much improved Tuesday afternoon after the blow he received Saturday afternoon when he was struck on the head with a baseball.

Young Payne was at bat when the accident occurred, with Typton in the pitcher's box. The ball, one of the "whizzers" thrown by Typton, struck him on the forehead between the forehead and temple, rendering him totally unconscious. He was rushed to Dr. Campbell's office, where first aid measures were employed. Some three hours passed before he was able to be taken to his home, and he has been confined to his bed since, running a slight temperature.

Mr. Payne reported late Tuesday afternoon that he seemed to be much improved, and was resting much better.

ATTEND RED & WHITE BANQUET AT LUBBOCK

B. L. Davis and E. E. Curtis represented local dealers at a banquet at the First Christian Church at Lubbock Tuesday evening when one hundred and forty dealers were guests of the organization.

H. O. Wooten, head of the gigantic system, was present and delivered an address, as did A. M. Chisolm of Brownfield and Tom Pearce of Lubbock.

Music was furnished by an orchestra, with the Fortenberry quartette of Lubbock rendering several vocal numbers.

A color scheme of red and white was carried out in all appointments. A representative from the factory at Minneapolis distributed jars of strawberry jam and plum jelly as souvenirs of the occasion.

The laymen's service at the Methodist church last Sunday morning was well attended, and each member with hearty response.

O. H. Cline of Lubbock, district lay-leader of the Methodist church, was presented to the congregation by B. M. Haynes, local lay-leader. His address was brief and pointed, and at the same time comprehensive.

Special anthems by the choir and a duet by Mrs. T. M. Garner and Carey Shook were also features of the program.

BILLINGTON INFANT BURIED HERE MONDAY AFTERNOON

Funeral services for Mary Joe Billington, were conducted at the Nazarene church Monday afternoon, with Rev. Holder officiating. Interment took place in the local cemetery.

The baby had been ill since June 3, apparently suffering from lack of blood. On June 5, and again on June 9 she was taken to a Lubbock hospital for blood transfusions, her father supplying the blood. Though the doctors gave no hope whatever, she appeared to rally after the first transfusion and friends and family were encouraged.

But it was planned that her little life should be short, and just ten months and thirteen days after the first came to brighten the lives of those who loved her, she passed away at the family home here.

She is survived by her parents, Mr. and Mrs. S. A. Billington, two brothers, Silas and Henry Ford Billington, and two sisters, Nellie Billington, and Mrs. Lois Ewing of Goff, Kansas.

All the family, with the exception of Mrs. Ewing, were present for the funeral services.

The Index joins with other friends in extending sympathy to the bereaved parents and family.

STREETS RECEIVING NEEDED WORK THIS WEEK

Some time ago these columns raved forth at great length about the many landmarks and points of scenic beauty which rival the Grand Canyon in magnificence, and also paid tribute to the peaks and vales and valleys which joined with the canyons in making driving down our streets one of the major risks, concluding the outburst with the promise that within the near future some of these old landmarks were to be eradicated. In other words, some of these blameworthy ditches and bumps were to be knocked out of the streets.

Several weeks have passed since that time, and the Index has been on the receiving end of the line when wrecks were distributed, all because the grader or ditch-digger, or Chingunajig that digs up holes was out of order and the aforesaid digging was slightly delayed.

Now, however, it's our turn to crow, and our night to howl. Didn't we tell you so? Do you observe all these wagons tied, fastened to, and otherwise attached to the rear of the caterpillar—piled high with great quantities of loose real estate which is being used to fill in the holes.

Some two dozen workmen have been busy the past several days at this work, and driving will soon be less hazardous for life and limb.

AGED MAN RECEIVES BROKEN HIP THURSDAY

I. W. Aikin, seventy-seven years of age, received a broken hip Thursday afternoon when a young horse ran over him.

Mr. Aikin, who lives just south of town, had been inside the feed barn preparatory to caring for the stock before nightfall. Just as he stepped from the doorway, stock ran the young horse by him, causing him to fall heavily on the left side and breaking the hip.

Dr. Campbell was summoned immediately, and everything possible done for the comfort of the sufferer. In spite of his advanced age, Mr. Aikin seemed to be doing as well as could be expected, members of the family said Tuesday. A pulley and other supports have been arranged so that he may change his position without help, the limb is in splints, and every means is being employed to make his period of invalidism as comfortable as possible.

FRAME RESIDENCE RUINED BY FIRE TUESDAY

A four-room frame residence in the south part of town was totally destroyed by fire of unknown origin Tuesday evening just before midnight.

The house, which was the property of A. L. Deakins, a former citizen who recently moved to Jayton, had been vacant for several months. Flames were well under way when the alarm was turned in, and though the fire boys responded with their usual promptness, the structure was too far gone to save.

As far as can be learned, no insurance was carried. Loss is estimated at something like six hundred dollars.

C. A. Rayburn made a business trip to Tahoka Monday afternoon.

\$1.50 PER YEAR—IN ADVANCE

Advertising Rates on Application.

Entered as second class matter September 28, 1923, at the post office at O'Donnell, Texas, under the Act of March 3, 1897.

WHEN TO ADVERTISE

The question most frequently asked of advertising men is: "When should I advertise?"

There are two kinds of advertising—constructive and destructive. The question can be answered by the simple expedient of determining which kind of advertising you prefer to have associated with your business.

Constructive advertising is consistent advertising; it builds business in much the same way that compound interest builds bank accounts. It pays dividends on dividends, gathers momentum with successive months and years of consistent effort, and finally attains such strength and vigor that it crashes through periods of depression with the irresistible force of a Coca-Cola or the contagious enthusiasm of a Frigidiaire.

The question therefore answers itself.

If you want to advertise constructively, the time to advertise is now—today, tomorrow, next week and next month.

Of course there is another alternative. A commercial history of the country would reveal the interesting fact that almost every business advertises. And if you prefer to advertise in the destructive way, that is your privilege. But did you ever stop to think what a destructive advertisement really is? An advertised bankruptcy sale is a destructive one; a closing-out sale employs enormous space for destructive purposes.

Constructive advertising is cheaper, more pleasant, more profitable. Regardless of the amount of space used, fresh, clean and interesting copy, constantly displayed in the columns of the newspaper, leads the way to bigger, better business.

A little more constructive advertising would mean a little less depression. There is no question about it; the time to advertise is now.

TOO HANDY WITH GUNS

Another most regrettable double killing by a quick-triggered deputy sheriff is reported from Oklahoma, where two Mexican youths, one of them a cousin of President Rubio, were slain on the public highway.

The slayer and another deputy accompanying him say one of the boys drew a pistol as the officers approached their parked car to question them as to what they were doing. Whether this be true or not, the boys are dead and can not give their side of the case.

When a person is halted on the public highway, he does not know whether he is being held up by bandits or officers of the law. In either case if the citizen makes any show of resistance he is likely to be killed. Innumerable killings and woundings of innocent persons by peace officers of innocent persons by peace officers in recent years indicate that many of these officers are entirely too handy, the readiness of bandits to shoot officers makes the latter's position difficult at times.

Such is the state of civilization in the United States in the year of our Lord ineten hundred thirty-one.

RISKING TOO MUCH

While sharing the universal admiration for Lindbergh's courage and skill as an aviator, we can not help feeling that in his proposed flight across the Pacific with Mrs. Lindbergh he is risking too much.

Conceding that two adult persons have the right to risk their lives in any manner they choose, we are thinking of the Lindbergh baby, who would be left motherless if disaster should befall his parents in their daring enterprise.

Mrs. Lindbergh has already demonstrated her own bravery and skill in the air to an extent which should satisfy anyone. No possible practical benefit can come to the science and art of flying by her taking the desperate risk of a trans-Pacific flight. Even the great Lindbergh is only human, and he may tempt fate once too often.

However, we wish the brave pair luck in their proposed flight, although we consider the hazards involved entirely out of proportion to anything of benefit which it may accomplish if successful.

Trade at home and help yourself.

MELLOY'S HOSTS AT INFORMAL PARTY

Dr. and Mrs. T. A. Melloy were hosts last Wednesday evening at an informal party which featured music rendered by the Davis-Burkett string orchestra.

These "neighborhood gatherings" have leaped into popularity in O'Donnell this summer, and this one was declared one of the most successful of the season.

Several numbers were rendered by the entire orchestra, others by individual members, and all of them were much enjoyed. Interspersed among the musical episodes were games of forty-two.

Refreshments of ice cream and cake were served to Messrs. and Mrs. R. C. Willis, S. M. Minton, Chas. McConal, C. L. Tomlinson, W. H. Vezey, M. R. Pemberton; Mr. Louis O'Connor, Arnold and Miss Esther Davis, Elmo and Jake Burkett.

CLUB ENJOYS DELIGHTS OF CLUB HOUSE

Teonerville has nothing on O'Donnell now—our own Little Scorpion's Club is fully fledged, with a club house "n" everything. Through the generosity of A. C. Fairley, members of the F. U. N. Club are preparing to thoroughly enjoy the summer in their own club house.

Mr. Fairley has donated the basement of a small stucco house to the club girls for their pleasure, and many and varied have been the efforts expended in properly fitting up the apartment. Housecleaning on a big scale and several pieces of furniture contributed by interested families have been successful in making the club rooms very attractive. Master Jack Melloy has been appointed custodian of the keys and also to act as janitor extraordinary.

It is supposed that club meetings will be held here each week, each member taking her turn at being hostess as heretofore. Evening parties suitably chaperoned, with masculine guests, are also expected to be part of the summer program.

HOW ONE WOMAN Lost 47 Lbs. In 3 Months and Feels Years Younger

Mrs. S. A. Solomon of New Bern, N. C. lost 47 lbs. in 3 months with Kruschen Salts. She reduced from 217 to 170 lbs. She feels much stronger, years younger and pains in sides, back and abdomen that bothered her for years are all gone. She says she not only feels better but looks better as all her friends tell her.

"I shall never be without Kruschen Salts, will never cease taking my daily dose and more than glad to highly recommend it for the great good that is in it."

A bottle of Kruschen Salts that last 4 weeks costs but 85 cents at The Corner Drug Store and druggists the world over. Take one half teaspoon in a glass of hot water every morning before breakfast.

Attention to diet will help—cut out pastry and fatty meats—go light on potatoes, butter, cream and sugar—the Kruschen is the safe way to lose fat. Try one bottle and if not joyfully satisfied—money back. J-3

KEEP 'EM GROWING

Chicks are an expense—until they are grown. How fast they grow—and the profit they pay you after they reach maturity—depend upon how well you feed them during the growing period.

RED CHAIN GROWING MASH is growth insurance, for the present and profit insurance, for the future. No other feed develops young chicks so surely into such husky, sturdy pullets and cockerels.

Of course it costs a few pennies more than makeshift home-mixed and cheap commercial feeds, but SUPERIOR results will convince you that it pays to keep 'em growing—with RED CHAIN.

NOT A BANKER'S DEPRESSION

It has frequently been whispered—and sometimes certain malcontents have been bold enough to shout it—that the present depression has been incubated, fostered and reared to virile maturity by the aid and comfort of the country's bankers. An interesting answer to this persistent whisper has been penned by K. C. Millican, a prominent Houston banker. We quote at length:

"...The eyes of all people are upon the business outlook. And incidentally, the eyes of them all are

trained on the banker with a certain amount of vindictiveness, because, they say, he is the cause of it all.

"This is a misconception, a very popular one. The banker is NOT the cause of it all; he is a victim just as are his companions in misery. The banker is not making money and assuredly he would not bring about a condition from which he does not profit, any more than any one else.

"The situation is fifty per cent actual and fifty per cent psychological. "The average depositor would not do business with a bank unless he felt the banker knew enough to be prudent, cautious, safe, conservative and sound in his loaning habits. On the other hand, the average borrower vents his spleen, his anathema, on the banker because he won't lend him on the propositions he presents.

"Obviously, it is not the duty of the banker to lend other men's money to borrowers who are three laps ahead of the sheriff, nor to promoters who want to organize a company for the exploitation of Dr. Pazzazza's Golden Medical Distillery. Depositors in a bank have the right to know their money is loaned wisely and liquidly to sincere and responsible borrowers whose merchantable ability is proof that they can pay off when the time comes.

"Did you ever hear a depositor complain because his banker made good loans? Never. And who is more important? The depositor or the borrower? The man who puts his money into the bank or the man who borrows it therefrom? The unanimous answer is the man who deposits. Much as the bank would like to throw his vaults wide open to the needy, he must remember always that he is merely the steward of his customer's funds, the bailiff of his masters, the trusted servant of his employer.

"The cure is not through promiscuous lending; not by relaxing for a second the bars of prudent caution that stand guard against a panic of bank-failures. Primarily the cure lies in the removal of fear from the hearts of those who HAVE money and hoard it instead of wisely spending or investing it.

"Politically, modification of the intolerable protective tariff, whereby American manufacturers are compelled to close their home plants and open abroad to meet the retaliatory methods of other nations, might help. Such a reformation would establish

a means for absorbing local labor, and would speed the return of the payroll—the predominant factor in prosperity.

"Finally there is the possibility that the Republican party, wrecked on its own hand-made reef of incompetency, will stand for a modification of the unpopular Volstead act—a change through which would come the inevitable increase in our national revenues, now diverted to the private pockets of the ubiquitous bootlegger.

"Summing up, we must remove the psychology of fear, erase the fallacy of the protective tariff, and, finally, legislate so that our treasury will receive from decent liquor licenses the income being paid to other parties.

"The banker then will be able to lend safely, and when he safely lends

to desirable and prosperous borrowers, the customary flow of money through ordinary commercial channels will bring a normal return to prosperity."

"I know my Baby's Food is Free from Harmful Bacteria"

Most mothers know that fresh, pure milk is one of the essentials in preventing the illness of babies during summer months. They are aware that on many occasions, illness at this time of the year can be traced directly to their food. The first precaution they take is to buy milk that is fresh and pure; and the second precaution is to see that the milk is kept wholesome after it is in the home.

Proper refrigeration is the only means of keeping baby's milk free from harmful bacteria, and the modern mother knows that her electric refrigerator with its automatically controlled temperature—always below 50 degrees—will keep baby's milk and other foods for the family at safe temperatures.

Drop by our office and see the new models of electric refrigerators, a size for every family. Refrigerators may be purchased for a small cash payment and convenient monthly payments.
