Drouth Program Given For Lynn Co.

Meeting Held At Tahoka Saturday

A county wide meeting concerning the feed-seed set - up of the drouth aid progarm and the disas er loan for this area was held at 2 p. m. Saturday in the County courthouse in Tahoka, A number of farmers and ranchers in terested in drouth problem attended. Perry Walker, of the Farmers Home Administration, explained and discussed the disaster loan and how it can be obtained. Dee Green, PMA, gave information on the drou h relief feed program.

Loans will come out of a million disaster fund. These loans will be made to persons whose applications have been approved by a county committee for living expenses or farm operating for this year only, Walker said.

Mr. Green started taking appli-cations Monday for approval to buy governmnt feed. A committee organized to pass on these applications is made up of S. L. Walters chairman, Walker, Walter Slaton, Sam Miller and Bill Griffin.

Government feed is only for those farmers and ranchers trying maintain their foundation herds, Green said.

Cottonseed meal and cake can be obtained in Lubbock. Grains will reach Tahoka by carload lots in bulk. If the individual farmer or rancher wants it sacked. must arrange to have it done himself. Grain will be ordered only when sufficient requests are made to justify ordering a carload. It will take from 5 to 9 days to re-ceive a carload after it is ordered.

Prices are: cottonseed meal and cake, \$35 a ton, oats 50 c a bu., corn \$1 per bu. and wheat \$1.10 a

Rodeo Is A Big

Parade Is One Of Best

O'Donnell is tired but happy after three rip-snorting, days of fun and celebrating the 10th annual rodeo. Coming as a surprise the crowds were unexpectedly large despite the dry weather and resulting hard" times and the fact that many were planting after Wedne day's rain. Crowds were estimated at 2,000 for opening nite and 1,500 each for Friday and Saturday nites or approximately a total crowd of 5,000.

Thursday's parade crowd was very narly as large as the opening day crowd last year but parade crowds Friday and Saturday were

some smaller than last year. In spite of financial handicaps and the depressed economic condition, the parade was tip-top equal ing that of last year. '46 Club Wins Grand Prize

It stands to reason...

Chevrolet trucks must be the best buy!

Big truck users, small truck users, all truck users buy more Chevrolet trucks than any other make. It stands to reason Chevrolet trucks must offer more of what you want.

When you stop to think about it, the best proof of outstanding value in any product is continued public preference. That's the way it is with Chevrolet trucks. They're the top selling trucks in America today . . . for the twelfth straight production year.

This is a mighty important fact to consider before you buy your next truck. You'll also want to consider that, while Chevrolet trucks give you more features you want, it's the lowest-priced truck line of all! Come in and talk it over with us.

Three years after Houston's victory at San Jacinto, the state made the first important provision for appropriating lands to be used in establishing a permanent endowment for a public school system. Texans have sought better schools ever since; passage of the Gilmer Aikin school reform laws in 1949

climaxed a long struggle.

In 1947, when the Legislature studied a proposed \$2,000 minimum salary for teachers its a tent-ion was called to the rising cost of education, the failure of the pub lic schools to reach nearly one third of the school age children in Texas and unsatisfactory methods of distributing state funds for education. These things, coupled with a shortage of qualified teachers and the prospect of a rapidly growing population prompted the late Gov Beauford Jester to suggest a com prehensive study of public educat-

Senator A. M. Aikin, jr of Paris and Reep. Claud Gilmer of Rock springs sponsored a resolution which created an 18 member com mittee to make such a study. This ommittee, of which former Senator James E. Taylor of Kerens chairman, worked for 18 months and drew on the advice and sugges tions of an estimated 100,000 laymen before making recommendat ions to the Legislature and to the Governor. This resulted in the introduction of the three Gilmer Aikin bills and a dramatic legis lative fight which lasted months over them.

Their passage started a new era in public education in Texas. Under he minimum foundation program, every child of school age in Texas is guaranteed a minimum standard of education including nine months of schooling a year. More than 400 school districts had previously had shorter school years.

The cost of the program depends on school attendance, which deter mines the number of teachers to be employed and the amount of operating costs; the training and experience of teachers which termines their positions on salary scale and the number school children transported in school buses which determines the transportation costs.

S. S. MAN TO BE HERE

Have you ever taken a look at your social security card? No? Well take a good look now. Notice that it has a number as well as your name. There's a good reason for that number.

The Social Security Administrat The Social Security Administration keeps records for over 100 million American workers. Payments to you after you retire, and to your survivors if you should die, will be based on your record of covered earnings. The number on your card helps the Social Security Admissration make sure that your record does not get contact. that your record does not get confused with the record of someone else who may have the same name as yours. Take care of your social security card. Use it, don't lose it!
If you should lose it, get a duplicate at the nearest office of Social Security Administration.
....To assist in all matters pertain-

ing to social security, a representaive of the Lubbock social security office will be in O'Donnell at the post office on July 21 at 4:30 p. m
