NEW YEAR MEDITATIONS

(Editor's Note: The following article was written by Mrs. Belle Knight, who has been kind enough to permit us to have it published. Mrs. Knight teaches the Comrades' Class of the Methodist Sunday School.)

As I sat and watched the year 1932 pass out, there came a feeling of sadness o'er my being. There will be few who mourn at the bedside of this passing year. It entered this world an infant, starved and pinched and undernourished. During its 365 days on earth, it received many hard knocks and disappointments; now its passing on never to pass this way again.

But after all, perhaps these disappointments and knocks were only paving the way to success for 1933. And this same thought might be applied to a Christian life. A soul born into the Kingdom of God enters as an infant, spiritually starved and undernourished because of sin, and as a Christian travels through this life receiving knocks and disappointments from the world. But holding to God's unchanging hand strengthens the characters for the next bump. And when we near the end of life's way, it is then we realize that we were only paving the way, building the bridge of Faith lighted by the Love of God, for our friends and loved ones who follow on. What about your life and mine? Have we made the way brighter for someone by having passed this way?

DON'T CALL HIM OLD MAN

He may wear last year's hat, his finger nails may need manicuring; his vest may hang a little loose and his pants may sag at the knees; his face may show the signs of a second day's growth; and the dinner bucket he carries may be full of dents; but don't call him "old man." He's your father. For years and years he has been rustling around to get things together. Never once has he failed to do the right thing by you. He thinks you are the greatest boy on earth, even though you plaster your hair back, wear smart clothes, and fail to bring home a cent. He is the man who won the love and life partnership of the greatest woman on earth.

WE'RE IN PRETTY BAD FIX

A lot of people like to give their reasons for our nation's ills. The latest of these diagnosticians is Dean William F. Russell of Teacher's College, Columbia University. Among the things Dean Russell says are hygiene and food is terrible, our government calendar; he thinks our system of eramental system the worst in the world, our spelling as bad as Chinese, our system of weights and measures all wrong and we don't dress to suit the Deaf.

GOOD DINING ROOM MOTTO

The following little poem, if printed on a board and hung up in the dining room, makes a very appropriate motto:

Eat slowly; only men in rags,
Or gluttons die in sin.
Mistake themselves for carpebags,
and tumble victuals in.

These lines were written by Sir Walter Raleigh—but not the noted colonist, statesman and poet you think. The author of the above was a professor of English at Oxford University in England.

TEXAS PRODUCES 81 PER CENT OF MOHAIR CLIP

Lubbock, Texas.—Texas produced 81 per cent of the 1929 United States Mohair clip, according to an analysis of the last census by Dr. J. O. Ellsworth, head of the department of agricultural economics in Texas Technological college. Of the 14,500,000 pounds of mohair produced in the United States, 11,800,000 pounds were grown in Texas. The value of the Texas clip was \$5,700,000.

Twelve per cent of the sheep and lambs in the United States were in Texas in 1930. Sixty-five per cent of the coats and kids of the nation were in Texas.

Twenty-two per cent of the turkeys produced in 1929 were grown in Texas.

Ten per cent of all the cattle in the United States in 1930 were in Texas.

Thirteen per cent of all the land in farms in the United States was shown by the census to be in Texas. On this land were eight per cent of the farmers of the nation.

Although the number of farms for the nation decreased two and one-half per cent from 1920 to 1930, the number in Texas increased 12 per cent.

MAKES WOMEN LOSE FAT

Miss Rea M. Haines of Dayton, Ohio writes: "I weighed 180 so started to take Kruschen. I never was so surprised in my life as when I weighed myself the first week—I lost 7 pounds. I just bought my third jar and am down to 145—am still taking them and never felt better in my life." (June 17, 1932).

To take off fat—take one half tea spoonful of Kruschen Salts in a glass of hot water in the morning before breakfast—one bottle that lasts four weeks costs but a few cents—get it at any drug store in America. If this first bottle fails to convince you this is the SAFE and harmless way to lose fat—your money gladly returned.

Don't accept anything but Kruschen because you must reduce safely.

JURORS FOR DISTRICT COURT ARE DRAWN

Grand and petit jurors are being summoned to serve at the approaching term of district court which convenes at Tahoka on Monday, February 13.

There are 61 cases pending on the criminal docket and 19 on the civil docket.

Among the criminal cases are two murder cases, the Mrs. Mollie Turner case and the Mrs. Ola Mae Reed case. Mrs. Turner was tried and convicted two or three years ago but the case was reversed on appeal on the grounds that the principal state witness was an accomplice and that her testimony was not corroborated. The case is now pending over from term to term since that time with little or no effort to bring it to trial. It will probably be necessary sooner or later to dismiss this case. Mrs. Reed is charged with the murder of her husband near Wilson thirteen or fourteen years ago.

Mrs. Redmon was tried at the last term of the court for the alleged murder of Howard Chase. The jury was unable to agree and was discharged without having reached a verdict.

There are a few other old cases on the docket that have grown rusty with age and it will probably be impracticable to bring them to trial. Terms of the law are involved and then there is quite a list of rather recent cases in which intricate questions of law will be presented. Some of these are defective indictments, it is said or because the evidence will not support the indictments as drawn. The prospect is that very few of the cases pending in such a condition that they can be tried at the approaching term of court. Many of them, possibly, can never be tried.

A grand jury panel of sixteen men has been drawn but it is found that two of the sixteen are not residents of the county. C. H. Mansell of O'Donnell lives in Dawson county and A. F. Myers seems to be a resident of Columbus, Ohio. He pays taxes on property situated in this county and that probably accounts for the fact that his name got on the grand jury list. The grand jury will be impaneled on the first day of the term, Monday, February 13.

Grand jurors: Frank Stewart; Draw: W. D. Nevels, Tahoka; B. J. Emswaul, Magnolia; J. N. S. Shook, O'Donnell; H. D. Hurd, Sobe; L. S. A. Cummins, Wilson; Jackson West, Dixie; Elmer Rice, Joe Stokes; A. F. Myers, Columbus, Ohio; C. H. Mansell, Tom Yandell, and Shelby Baucum, O'Donnell; Ed. Moore, Lakeview; John Fulford, Tahoka; E. A. Lesson for January 29

JESUS AND THE SABBATH

Mark 2:23-34. GOLDEN TEXT—"The sabbath was made for man, and not man for the sabbath; therefore the Son of man is Lord also of the sabbath." Mark 2:27, 28.

PRIMARY TOPIC—Jesus Keeping God's Day. JUNIOR TOPIC—Keeping God's Day. INTERMEDIATE AND SENIOR TOPIC—How to Use Sunday. YOUNG PEOPLE AND ADULT TOPIC—The Lord's Day.

I. Jesus Eating with Publicans and Sinners (2:13-17).

1. The call of Levi (v. 14). Levi was a tax gatherer under the Roman government. As Jesus passed by he commanded him to leave his business and follow him.

2. Jesus dining in Levi's house (v. 15). It seems that when Levi found the Saviour, he invited many of his business associates to eat with him. This gave a fine opportunity for Jesus to come into touch with some of the associates and declared that he had come as the divine Physician to heal their spiritual maladies. Surely no physician could cure sick folk without coming in contact with them.

3. The perplexed scribes and Pharisees (v. 16). They asked, "How is it that he eateth and drinketh with publicans and sinners?" The question carried with it the charge that Christ was having fellowship with sinning men.

4. Jesus' reply (v. 17). "They that are whole have no need of the physician; it is they that are sick who need him. I came not to call the righteous, but sinners to repentance." The veiled charge of moral carelessness on the part of the Lord could not be denied if Jesus was a mere man. Jesus recognized the moral condition of his associates and declared that he had come as the divine Physician to heal their spiritual maladies. Surely no physician could cure sick folk without coming in contact with them.

II. Jesus and Fasting (2:18-22).

1. The question asked (v. 18). They asked why Christ's disciples did not fast. This objection suggests a lack of seriousness of purpose on the part of the disciples. The fast indicated solemnity and seriousness of purpose. John the Baptist was now in prison, therefore his disciples would naturally mourn and fast for him.

2. Christ's answer (v. 19-20). "Can the children of the bride chamber fast while the bridegroom is with them? The joy of Christ's disciples in present congenial companionship prevented their fasting. He fasted, however, that the time would come when they would fast.

3. New wine in old bottles (v. 21, 22). He proceeded to illustrate this by figures of cloth and wine skins. The Lord's purpose was to show the folly of imposing old customs on the new age.

III. Jesus and the Sabbath (2:23-30).

1. The disciples plucking ears of corn on the Sabbath (v. 23-28).

a. Charge made against the disciples (v. 23, 24). That they had violated the Sabbath law. For this act the Pharisees accused them of lawlessness. The Pharisees had glossed over the Sabbath law with so many regulations that it became a burden. b. Jesus defends them (v. 25-28). (1) He quotes Isaiah's prophecy (v. 25, 26). David, the great king of Israel, had gone into the house of God and eaten the bread which should be eaten only by the priests. The higher law of human need warranted David's breaking the law in this case.

(2) He shows the nature of the Sabbath law (v. 27). The Sabbath was made for man, therefore its right use is to be determined by the good of man.

(3) Jesus is the Lord of the Sabbath (v. 28). It was Jesus who instituted it when creation was finished. Therefore, he had a right to use it as it pleased him for man's good.

2. Jesus healing a man's withered hand on the Sabbath (3:1-6).

a. The place (v. 1). It was in the synagogue, the place of worship.

b. The Pharisees watching (v. 2). The motive which actuated their watching was an evil one.

c. The man an example (v. 3). Jesus wanted the man to be open to all, so he commanded the man to stand forth where all could see him.

d. The question asked (v. 4). "Is it lawful to do good on the Sabbath or to do evil, to save life or to kill?" He plainly showed them that to fail to do good, to show works of mercy to save life, is to be guilty of wrongdoing, even of murder.

e. The man healed (v. 5). Christ healed him by speaking the word.

f. The result (v. 4, 6). The Pharisees were silenced. They sought how they might put him to death.

The Spirit's Power

If ever we rise again to conscious life, it will be by no native power, but by the operation of the Spirit of God; and unless the Father sends us, his assistance may have an idol, no science a law, philosophy a name, but the heart has no God.—F. H. Hedge

CAR LOAD OF LYNN COUNTY SILICA SHIPPED

The first car load of silica from the mines six miles south of town was shipped to Dallas Monday of this week, according to J. C. Blackburn, who has the beds leased. Beginning next week he hopes to ship out at least two car loads per week.

The county's silica will be used by manufacturers in the production of sweeping compound, soap and glass.

Blackburn is also preparing to put out packages of silica to be placed on the drug stores and lumber yards for use as cleaning and polishing wood filling, water-proofing, and as a substitute for oyster shell in the manufacture of poultry. He is already shipping floor sweep for locomotives, and those who have used it say the product is better than any other priced floor sweep.

Mr. Clyde Smith, a floor sweep manufacturer for many years experienced in South Texas, and Chris Smith of Wilson have formed a partnership for manufacture and sale of silica sweep from silica and they expect to cover the entire plains territory—Lynn County News.

RESEARCH CHEMIST DISCOVERS NEW FIELD IN COSMETICS

For the past four years, using Lubbock, Texas as a base, research chemists have been working to perfect a line of cosmetics especially adapted to the needs of women living in the hot, arid regions of the South.

The fruits of their labors have answered the demands of women living in West Texas for a complete line of scientifically prepared cosmetics, especially adapted to their special needs. This abolishes the old idea that cosmetics must come from New York City or abroad where the makers thousands of miles away from the scientific conditions that will affect the users of their products.

Leading drug merchants through West Texas and New Mexico are marketing this new line of cosmetics as quickly as this new West Texan can produce them.

The company is known as the Gilman Chemical Company and has been located at Lubbock, Texas. The name of the facial line is "Charme" (pronounced charmy) and is one of the most carefully compounded lines on the market.

The new line of cosmetics emphasizes many new features in facial care: every woman has her choice of three types of cleansing soap as "Charme" offers a special soap for the three redempting uses of skin—dry, medium and oily. The "Charme" face powder is remarkable for its smoothness and clinging power, and is free from irritant root-killers and in some cases even less so. Every item that the Gilman Chemical Company makes is of the highest quality and is made from the purest and highest grades of materials obtainable.

The organization of the Gilman Chemical Company is another step forward in the industrial growth and development of the Great Southwest. Many salesmen have been given jobs and a number of people have been working in various capacities as the wheels of the factory move with greater speed.

Local drug stores handle this product include Clark McDonald Drug Co. and Bryant Pharmacy.

Senator Walter F. Woodul of Houston who was recently elected President Pro Tempore of the State Senate.

WALTER WOODUL NEW PRESIDENT OF STATE SENATE

Austin—Senator Walter F. Woodul of Houston, one of Texas' leading attorneys and a member of the Senate for the past four years, Tuesday was elected President Pro Tempore of the Senate.

Leaving home at the age of fifteen, Senator Woodul taught school in Oklahoma, worked in a restaurant in Wichita, Kansas, to learn shorthand, and later worked his way through the University of Texas.

He saw military service on the Mexican border and served as a captain in the World War. After serving as a Major of the cavalry in the National Guard, and as a colonel on the personal staffs of Governors Hobby and Moody.

Senator Woodul organized the Houston Community Chest in 1922, the first chest to be organized in the South; has been active in civic work, president of the Houston Salesmanship Club and the founder of its Annual Gridiron Dinner a state-wide event. He served as director of the Houston Bar Association. For several years he was assistant general solicitor of the International-Great Northern Railroad and during the reorganization thereof at the age of twenty-nine he was president of the company.

In addition to being active in law and politics Senator Woodul is Trustee of the Sugar Land Industries and as such is interested in refining sugar and other manufacturing, merchandising intensive farming of thirty thousand acres of rich bottom lands devoted to all produce crops, cotton, corn, rice, cattle and some three thousand acres of potatoes. The Industries also have oil and railroad holdings.

Senator Woodul had the distinction of being state manager of the Garner for President Campaign and was in charge of the Garner Headquarters at Chicago preceding the National Convention.

He is forty years old, married and has one boy.

Born to Mr. and Mrs. J. A. Edwards on Sunday, January 22, a nine and one half pound daughter. Mother and baby are doing well.

Nothing Will Help You So Much to Win as to T-R-Y this Gas in Your Car

Conoco refining chemists have produced a new, improved motor fuel. No matter how different it is, we must call it gas—oil—nopey for that is the name the public knows for every motor fuel. But this gasoline deserves a special name; one that suggests how "different" it is. How else will the public know?

Conoco () Gasoline! If you can give us the name we want, \$5,000 in cash is yours. \$5,000 more will be divided among those who suggest the best slogans to describe it. What we seek is to make motorists "understand."

To describe the "difference" you must know the difference. To know the difference you must feel it in your motor. The man at the Conoco station will tell you the exciting facts; give you, free, an official contest-information-and-entry blank. Prepare yourself to produce the winning words. Fill your tank with this gas. Within 10 blocks, you'll know why your words may be worth \$10,000.00 to us.

"I was suffering from a bad Cold... Dr. Miles' Aspir-Mint relieved Me."

These two sentences are from a letter sent to us by Gypsy Simon Smith.

Mr. Smith spends his public life in the germ-laden atmosphere of crowds in hall, church or tabernacle. He goes from an over-heated meeting place into the frigid outer air abruptly uplifted, but physically exhausted.

His profession demands that he should not do if he wants to avoid catching Cold. He is in position to speak with authority on the subject.

YOUNG PEOPLE GUESTS AT SOCIAL FRIDAY

With Mmes. R. H. Mathis and Fred Henderson in charge of the affair, young people of the First Baptist church were guests last Friday evening of the ladies of the church when a delightful social was held in the church auditorium.

Other members of the ladies' organization cooperated in every manner with the directors, and the evening was brim full of fun. Games, clever contests, and amusing stunts kept the crowd in an uproar from the opening minute until the last good night was said, and the guests unanimously declared that it was one of the most enjoyable occasions ever held.

Delicious refreshments of hot chocolate, pink and white cake and jelly suckers were served to fifty-five guests and hosts.

DISTINGUISHED VISITORS AT W. M. S. MEETING

Mmes. J. Frank Potts, conference vice-president, and Tom C. Delaney, manager of the Methodist Girls' camp at Palo Duro, were honored guests and special speakers at the regular meeting of the W. M. S. Monday afternoon at the church.

Preceding the program, the president, Mrs. W. O. W. Jones, presided over a short business meeting. A report from the last food sale showed a profit of \$3.30. It was decided to sponsor a play, "Ten Nights in a Bar Room," to be presented at the High School auditorium on Feb. 3. The cast will be composed of members of the Draw church. Admission will be ten and twenty cents, with the two groups dividing the proceeds.

Mrs. Potts made a short talk on the pledge, after which pledge cards

CONOCO

Nothing Will Help You So Much to Win as to T-R-Y this Gas in Your Car

CONOCO refining chemists have produced a new, improved motor fuel. No matter how different it is, we must call it gas—oil—nopey for that is the name the public knows for every motor fuel. But this gasoline deserves a special name; one that suggests how "different" it is. How else will the public know?

Conoco () Gasoline! If you can give us the name we want, \$5,000 in cash is yours. \$5,000 more will be divided among those who suggest the best slogans to describe it. What we seek is to make motorists "understand."

To describe the "difference" you must know the difference. To know the difference you must feel it in your motor. The man at the Conoco station will tell you the exciting facts; give you, free, an official contest-information-and-entry blank. Prepare yourself to produce the winning words. Fill your tank with this gas. Within 10 blocks, you'll know why your words may be worth \$10,000.00 to us.

CONTEST RULES:

- Names must be not more than 12 letters; slogans not more than 12 words. Submit either or both on simple sheet; plain white paper; one side only; but preferably on official contest information-and-entry blank, free at Conoco dealers and stations. Elaborate presentations receive no extra credit.
- Contest closes midnight, February 25, 1933. Entries must be postmarked before that date and hour.
- Continental employees, members of their families and others connected directly or indirectly cannot compete.
- Should more than one person submit exactly the same name or slogan, each will receive full amount of any prize such entry may win. All entries become Continental Oil Co. property, and none will be returned.
- The Company reserves prior rights to phrases and slogans of its own creation, already in prepared advertising. Also it reserves the names "Continental" or "Conoco" gasoline, "Conogas", and "101" gasoline. Whether or not the winning contest name is adopted, prize money will be paid, but the Company reserves the right to use a name of its own creation if it decided more suitable and more protectable under trademark laws.
- No purchase is required of contestants. Continental Oil Co. executives will be the judges and their decisions final. Winner will be announced over radio, and prize money paid as soon as possible after contest closes.

10 A. M. Sunday School, W. J. Shook, Supt.
11 A. M. Morning worship service.
6:45 P. M. Epworth League, Louise Edwards, president.
6:45 H. League, W. J. Shook in charge.
7:30 Evening worship service.
Our people responded in a fine way to the offering taken last Sunday morning to pay the insurance on the church property and to make a payment on our debt at the Cicero-Smith Lumber Company. About \$75 was subscribed by those present.
We were very happy to have a number of visitors in all our services last Sunday. We want you to come back and feel perfectly at home.
The Methodist church is heartily cooperating in the Prohibition Rally to be held at the High School Auditorium next Sunday afternoon at 3 o'clock.
Every one will find a hearty welcome at the Methodist church. Come and worship with us.

NAZARENES TO ATTEND YOUNG PEOPLE'S MEETING

There will be no regular services at the local Church of the Nazarene during the day Sunday, according to announcements made early in the week. In place of Sunday School and eleven o'clock preaching services, members of the church plan to attend a young people's meeting at the Lamesa church. O'Donnell young people under the direction of Mr. Joe Keeton will have part on the program of the day.

EVENING SERVICES WILL BEGIN AT THE USUAL HOUR, 7:30, AND THE PUBLIC IS cordially invited to attend.

The church is doing well under the leadership of the pastor, Mrs. Pearl Keeton, and visitors are always welcome.

SINGING CLASS PRESENTS PROGRAM AT WELLS

Members of the O'Donnell singing class, under the direction of Mr. Mell Pearce, rendered a special program at Wells Sunday afternoon, with a large crowd present for the occasion.

Work being done by this group has won favorable mention on every occasion when a program has been presented, and each public appearance is looked forward to with anticipation.

We regret that plans for this program were matured too late to be announced in the Index, as numbers of local people regret missing it.

INAUGURAL EXPENSE AMOUNTS TO BUT \$133

Austin, Texas, Jan. 21.—Inauguration of the Governor and Lieutenant Governor Tuesday probably marked the establishment of a new record in expense.

Figures submitted to the House on Friday in a resolution by T. H. McGregor of Austin and others show that the cost was but \$133.12. An appropriation of \$500 had been made for it.

The resolution declared that the cost of this year's inaugural was lower than at any similar occasion for many years and it praised the efforts of Joe W. White and A. W. Holt, sergeants at arms of the House and Senate, respectively, for their economical use of the inaugural fund.

Mr. and Mrs. A. B. Blake and daughters were in Lubbock Friday.

BACK TO FARM MOVE GAINING RAPIDLY

The first real sandstorm of 1933 hit O'Donnell and the South Plains Saturday, and was declared by old-timers, and new citizens as well, to be one of the finest specimens of the West Texas variety experienced in several years.

Indeed, so great is this return to the soil that scores of worthy tenants farmers have so far been unable to secure land for the coming year. This fact was brought to our attention more than once last week when men came to this office seeking information as to land open for rent.

The return to farms has been prophesied for more than a year, it being felt that economic pressure would inevitably cause such a situation, but it seems to have taken effect in this county almost over night.

A few years ago landowners were seeking tenants, preferring to live in town and supervise actual cultivation of their land. Then they became somewhat choosy, and now many farmers are without places for the first time in their lives. This condition, we understand, is prevailing not only in Lynn and Dawson counties, but in practically every locality. Expenses coming to this date are already amounting to what is to be done when a fellow wants to work and can't.

As one contemporary expresses it, the answer to that old question, "How You Gonna Keep 'Em Down On the Farm?" is no longer difficult they're going back where the garden the cow, the chickens and the pigs promise an abundance to eat, with prospects that other farm products can make at least enough to provide clothing for the family.

We understand that the question of places is rapidly becoming a serious one in this part of the country.

COOLIDGE STAMP ORDERED BY POSTOFFICE DEPARTMENT

Washington.—The postoffice department has ordered the bureau of engraving and printing to prepare dies for a 3-cent postage stamp in memory of Calvin Coolidge. The stamp will probably be black and similar to the one issued when President Harding died.

A traveling man went into a country hotel. There was a very dim lamp burning in the office. He remarked to one of the farmers seated in the office that the light was not very good. The farmer replied:

"By heck, you know that I think two lamps like that would make total darkness."

YEAR'S FIRST REAL SANDSTORM SATURDAY

The first real sandstorm of 1933 hit O'Donnell and the South Plains Saturday, and was declared by old-timers, and new citizens as well, to be one of the finest specimens of the West Texas variety experienced in several years.

Blowing at a rate of fully thirty miles per hour, the wind zipped and zoomed with no regard to dignity, comfort or dispositions of unfortunate who were forced to brave its fury, and sand, dust, tumbleweeds, and other articles not securely tied down were swept irresistibly before it.

Naturally the storm considerably decreased the usual Saturday afternoon crowds, and those who were in town congregated at doors of business houses and told about this and that storm.

Well, we expect to our sorrow, to experience many of these days during the next three months, but that doesn't make us like sandstorms any better.

TEXAS BUILDING PERMITS REACH HALF-BILLION MARK

Austin, Texas, Jan. 24.—Permits have been awarded for building to the estimated value of over one-half billion dollars in 37 Texas cities during January according to the monthly analysis of the University of Texas Bureau of Business Research.

"Small wonder, then, that the building industry, faced with an apparent over supply of housing, has found it so difficult to profit by the amazing developments which are constantly being made in the construction and planning of houses and commercial buildings," the bureau's statement said. "For the six years beginning with 1927, building permits, as reported by chambers of commerce in 37 of the leading cities of the state have totaled: 1932, 320,995,000; 1931, 348,339,000; 1930, 376,524,000; 1929, 314,504,000; 1928, 127,287,000; 1927, 127,984,000."

Visiting Doctor: "How is it, Pompey, that you and your family keep so healthy?"

Pompey: "Well, sah, Ah'll tell you. Ah bought one of them sanitary drinkin' cups and we all drink outen it."

Mr. and Mrs. M. A. Scott and family had as guests last week end, Mr. and Mrs. Jim Brown and Miss Lou Brown of Seagraves and Mr. Fred Childress of Seminole.

OFFICIAL CARS COSTLY

One way the government at Washington could save a lot of money would be to follow the example of Canada our neighbors in the east and cut out practically all official autos. The inclusion of one high government official buying an auto at a ton hat served to call attention to the great number of other official limousines of luxurious promise furnished by Uncle Sam, even while he is going in the red at something like \$5,000,000 a day.

If you think your Uncle Sam should not furnish these expensive cars during those red letter days write to your senators and representatives at Washington, not The Post-Index, and tell them "what to do about it." There are now more than 70 of these expensive cars assigned to high officials and some even to congressmen. Some individuals, in two with government paid chauffeurs at their beck and call, while some departments have three, and one four in the case of the departments. The official cars are in addition to a number of small cars and trucks used in the line of business.

Most of the official car cost the unburdened taxpayers between \$3000 and \$5000 each. It costs between \$300 and \$500 a year upkeep on each limousine. Government paid chauffeurs still get between \$1200 and \$1500 a year. And each new administration usually calls for a lot of new ones, especially if the old ones have been in use since the beginning of the out-going administration.

A teacher who believed in keeping her youngsters in touch with the nation's recent history was beginning on the great revolution in Russia.

"Now who can tell me what the ruler of Russia used to be called?" she asked.

"Czar," replied the class.

"Right. And what was his wife called?"

"The Czarina," two or three ventured.

"Right. Now I wonder if you know what the Czar's children were called?"

"There was a princess then one who was called 'Czarinae.'"
