Farm Meetings Set Next Week

Since the AAA program has a direct effect on every farmer and ranchman in Lynn county, great care should be taken in electing the men who will administer that program in the county during the coming year.

That's the advice C. A. Lawrence Secretary of the county A. C. A. committee gave to AAA cooperators this week in reminding farmers that community meetings would be held on December 13 and 14 in the five districts of the county.

In the community meetings all farmers and ranchmen cooperating with the AAA have one vote each. At each of these meetings will be elected a delegate and alternate delegate to the county convention to be held December 16, the three-man community committee and two alternate committeemen.

At the county convention attended by the delegates from five districts, the three-man county committee and two alternate committeemen will be elected. The newly-elected committees will take office January 1 and will serve one year.

Community and county committeemen have very important duties to perform and these duties vitally concern the interest of every farmer in Lynn county. For this reason every farmer in the county should make a point of attending the meeting in his district to help elect the committeemen. Time and place for holding the meeting in each district are listed as follows:

- District No. 1, Gordon, Friday night, December 13.
- District No. 2, Tahoka, Saturday afternoon at 2:30, December 14.
- District No. 3, Draw, Friday afternoon at 2:30, December 13.
- District No. 4, O'Donnell, Saturday afternoon at 2:00, December 14.
- District No. 5, New Home, Friday night, December 13.

Large AAA Vote Urged Saturday

M-M TRACTORS DEMONSTRATED MOVIES SHOWN

Many farmers of this county and their wives and the children of some of them crowded into the Rex Theatre here Tuesday morning to enjoy a most interesting and informative movie production, "This Land of Ours", sponsored by the O'Donnell Motor Parts, the local Minneapolis-Moline dealers, and presented free of charge.

Hundreds of the farmers also enjoyed the demonstration of the Minneapolis-Moline tractors staged by the O'Donnell Motor Parts on the G. V. Cobb farm.

The audience travelled far and wide through our great land, enjoying its places of beauty and interest on the screen in their natural color and splendor. Our beautiful national parks, canyons, waterfalls, forests and highways passed before them in review. In addition, they saw how farmers in other sections of our country reduce cost and live better. It was claimed, by using modern M-M machinery. Old and young alike found the pictures interesting, educational and inspiring.

GOOD EYESIGHT . . .

It's a gift that we, too often, take for granted . . . and we do not take care of until it's too late. Very often neglected eye conditions bring very poor eyesight in later years and in some cases even blindness. It is a pity, as these conditions can be avoided by periodic examinations by a reliable optician. Surely that is a small price to pay for such a valuable gift.
