Mr. McCracken told The News a grand total of 10,177 vehicle licenses were issued in Lynn county last year, a slight drop from 10,435 the year before.

In categories, the total licenses issued for 1965 follow: Passenger cars, 4,042; commercial trucks and pick-ups 1,110; farm trucks and pick-ups, 1,269; truck trailers, 61; motor scooters and motorcycles, 31; commercial trailers, 504; and farm trailers, 3,160.

Texas license plates are manufactured by inmate workers at Huntsville unit, Texas Department of Corrections, who completed the job of turning out the 13,237,689 plates for 1966 in record time at 11:10 a. m., Dec. 29. Already, the prison is preparing to start work on 1967 plates.

Job Corps Needs Male Trainees

The Texas Employment Commission office in Lubbock is again recruiting for Job Corps applicants. The Employment Commission is the official screening agency for male applicants for the Job Corps.

Qualifications for the Job Corps include the passing of a physical examination and certain educational level tests. In addition, a boy must be between the ages of 17 and 22 to be eligible for enrollment. Boys who are in school, as a general rule, are not eligible for enrollment in the Job Corps. In all instances the boy must be able to secure written consent of his parents or guardian for enrollment.

The Job Corps gives a boy who has dropped out of school a second chance to complete his education and to learn a trade at the same time. There are many types of training available to Job Corpsmen such as automobile mechanic, welder, radio mechanic, truck driver, clerical, butcher, and many, many more, too numerous to list.

Maurice was the daughter of the late Dub and Margarite Middleton, pioneer residents of Lynn County.

She is survived by her husband, Homer L. Trimm, Houston; three sisters, Mrs. Joe D. Tafuya, Socorro, N. M., Mrs. Lewis Thomas, Lamesa, Mrs. John H. Jewett, San Antonio; one brother, J. T. Middleton Jr., O'Donnell.

Rotary News

The O'Donnell Rotary Club met Tuesday with President Truett Hodnett presiding. Visiting Rotarians were Hap Smith and A. M. Bray of Tahoka and Ray Orson and Moody Neely of Lamesa.

Joe Brewer was a guest. Ernest Garcia and Jimmy Todd, seniors in the O'Donnell Schools, were special guests. Earnest has the scholastic rating of being in the top ten of the Senior class. Jimmy plays the position of guard on the O'Donnell basketball team.

Possibly, the thing that impresses the Rotary Club so much about these fine young men who make up the Senior class of O'Donnell High is their close friendship that they have with each other. All sixteen of these Seniors are very good friends. The O'Donnell Rotary salutes this class of 1966 and are proud to have these future business men as its guests from time to time.

From the Rotary family, the Freedbergs of South Africa, comes the letter to O'Donnell, that one of the very serious problems in South Africa is the shortage of labor. Most of South Africa is experiencing a very serious drought with temperatures averaging 115 degrees. The Freedbergs write that vacation time is mid-December to the last of January.

Thought for the week: "Sooner or later, a man, if he is wise, discovers that life is a mixture of good days and bad, victory and defeat, give and take."

Grand Jury Recommends Increase In Pay For Three Deputy Sheriffs

(From Lynn County News)

Lynn County Grand Jury, in session here last Friday, recommended that the county increase salaries of three deputy sheriffs. Following is the statement which the grand jury has asked The News to publish:

"It has been brought to our attention that Lynn County, Texas now has three full time Deputy Sheriffs serving this County very capably and competently, and that these three Deputy Sheriffs perform their duties in an excellent manner.

"It has been further brought to our attention that these Deputies are on duty an average of 12-14 hours per day, 7 days a week, and are subject to call 24 hours a day. We have further noted that these deputies are called upon to risk injury and possible death in the performance of their duties and that this potential danger has not lessened their willingness to protect the citizens of Lynn County.

"It has come to our attention that these Deputies are paid the following monthly salaries, (BEFORE SOCIAL SECURITY AND WITHHOLDING TAX DEDUCTIONS):

Chief Deputy Sheriff, \$365.00 per month;
Deputy Sheriff No. 2, \$335.00 per month;
Deputy Sheriff No. 3, \$260.00 per month.

"It has been brought to our attention that out of the above gross monthly salaries the Deputy Sheriffs are required to furnish their own equipment, to-wit: guns, ammunition, hand cuffs, etc., and Deputy Sheriff No. 4 is required to furnish his own automobile.

"In view of the above findings, we, the Grand Jurors of Lynn County, Texas do hereby respectfully recommend that the Commissioners' Court of Lynn County, Texas immediately give the three full time Deputy Sheriffs of Lynn County, Texas a substantial raise in salary to a sum commensurate with the risks, hours, and responsibility involved in their respective duties. We further recommend that a copy of this report be delivered immediately to the County Commissioners of Lynn County, Texas for their action, and we strongly urge said County Commissioners to accept this recommendation from the Lynn County Grand Jury."

Members of the Grand Jury were: Warren Embree, foreman, Clyde F. Allen, Bertice Askew, O. C. Sikes, George Baker, R. C. Carroll Jr., Clifton Clark, L. A. Coleman, Albert Crawford, Joe Eaker, W. W. Emerson, and L. A. Forsthye.

Information On Medicare Mailed

Working around the clock since September 1, Social Security headquarters in Baltimore has completed the mailing of medicare information kits to all of the 15 1/2 million persons 65 and over on the social security and railroad retirement benefit rolls. "By now, all elderly social security or railroad retirement beneficiaries in the Lubbock area should have received their kits and the enclosed application for the supplementary medical insurance part of medicare", John G. Hutton, Social Security District Manager, stated.

"A limited number of other older persons—those not on the social security or railroad retirement benefit rolls, have already been in touch with the Social Security District Office in Lubbock," Hutton reported. But many others still need to take action to protect their medicare rights.

Eight out of ten aged persons will be reached through the mass mailing, he noted. About one-third of those who will not be reached this way are receiving old-age assistance payments and will hear directly from the local welfare agencies. Another third are still working full time and will need to file social security applications. The other third of persons, about

Mrs. Davis Heads Heart Fund Drive

The appointment of Mrs. Bill Davis, 304 - 8th street, O'Donnell, as Chairman of the 1966 Heart Fund Campaign in O'Donnell was announced here today by Fred D. Spencer, M.D., President of the Texas Heart Association. The Campaign will be conducted here and in more than 8500 other American communities, throughout February.

Heart Fund Coin Collectors will be placed on counters of local stores, and in key positions throughout the city, Miss Donna Sue Jackson, 409 - 3th, O'Donnell, Coin Collectors Chairman announced today.

Mrs. Davis, also Memorial Gifts Chairman will receive Bequests and Memorials.

The Heart Fund Drive will reach its high point when Heart Sunday Volunteers in all residential areas will visit their neighbors to deliver educational information on how to reduce your family's risk of Heart Attack and to receive Heart Fund Contributions.

Mrs. Davis emphasized that although the Heart and blood vessel diseases are now responsible for over 54% of all deaths in this nation, dramatic progress has been achieved since the onset of massive research programs begun in 1950, a year after the first Heart Fund Campaign. Despite this progress, the campaign chairman added, the Heart and blood vessel diseases continue to be the Nation's NUMBER ONE KILLER, claiming the lives of nearly a million in the U. S. alone each year. "Confronted with this fact," she went on, "we must expand our efforts in the fight against these diseases. I ask every resident of O'Donnell to support this vital fight against the Heart Diseases by giving more generously than ever before to the Heart Fund."

one million, will have to get in touch with their local social security district office. "The enrollment period closes March 31, 1966, for those who will be 65 or over before the end of the year," Hutton pointed out. This deadline is very important, he stressed. Everyone who is 65 or will be by January 1, 1966, must return this medical insurance enrollment card by March 31, 1966, whether received in the mail or picked up at a social security district office, if he wants full protection when the program goes into effect July 1, 1966.

The Lubbock social security district office is remaining open each Thursday evening from 4:45 to 8:45 p. m. for the convenience of those who cannot come during regular office hours. Many of those up in years, he noted, may not be able to get out of the house by themselves. Relatives and friends may be able to accompany them in the evening. The Lubbock District Office is located at 3428 Avenue H., in the Family Park Shopping Center. The phone number is Porter 5 8541, Ext. 384.

April 15 Deadline Auto Inspection

The Texas Highway Patrol investigated 13 accidents on rural highways in Lynn County during the month of January, according to Sergeant A. E. Roberts, Highway Patrol Supervisor.

These crashes resulted in one person killed, eight persons injured, and an estimated property damage of \$6,810.00.

April 15 is the deadline to have your motor vehicle inspected. During the past five and one-half months only 2,000,000 or 40% of the approximately 5,000,000 registered vehicles in Texas have been inspected. This leaves 3,000,000 vehicles to be inspected in approximately two months. If the number of uninspected vehicles were divided evenly among the 5,200 official inspection stations in Texas each would have approximately 577 vehicles to inspect in about 40 working days, or about 15 vehicles per day. The inspection stations in heavily populated area will have more than this average number to inspect. In areas where there are only a few inspection stations you may have many miles to travel to get your vehicle inspected.

Remember—no extension of the Safety Inspection deadline, April 15, 1966.

Mahon Comments On New Budget

Washington, D. C. (Sp.)—The President's budget was submitted to Congress this week and referred to the House Appropriations Committee headed by Representative George Mahon. In commenting on the huge request for funds Mahon said that the President used a great deal of restraint in submitting spending requests to Congress.

Of special interest to the 18th Congressional District is a budget estimate of \$14,215,000 for the continuation of the Canadian River Municipal Water project and \$1 million for the continued maintenance of the boll weevil barrier.

Of interest to ranch men throughout the state was the request for \$2.8 million to continue the highly successful screw worm program.

The President recommended sharp reductions in many areas of government spending. Mahon said that Congress would move as rapidly as possible toward evaluating the programs and fulfilling its responsibility to determine the

He invented a better way of living...electrical living!

Thomas A. Edison, whose birthdate each year signals the observance of National Electrical Week, brought electricity out of the laboratory and into practical use for the benefit of mankind. His invention of the first practical incandescent lamp, and his many other inventions in the field of electric power generation and distribution, created a new way of life and a new

industry. Edison invented great things for electricity and for the electric industry he founded. And today business-managed electric companies, like Texas Electric Service Company, are making his vision come true... constantly planning, building and working to provide more and better electric service... for continued progress and the better living.

 with his head! CRIED ALICE'S QUEL

The King, the Queen and the executioner were present. Alice and the prisoners, too, of course, but those were all. No jury, no public, no publicity.

No newspaper reporters.

In Alice's Wonderland even applause was "immediately suppressed by the officers of the court."

Not so in America.

In all criminal prosecutions the accused shall enjoy the right of a public trial, says Article the Sixth of the Bill of Rights of the Constitution of the United States.

So people may know, newspapers must report these trials.

This is not freedom of the press. This is responsibility of the press.

Newspapers have no extraordinary rights.

People do.

Men have the right to a public trial and the right to know what happens in courtrooms. Those are rights written into the Constitution and affirmed by the Supreme Court in 1829 when Mr. Justice Bagley wrote: "It is one of the essential qualities of a court of justice that its proceedings should be public."

If people are to know the truth the newspaper must report the news.

**April 15 Deadline
Auto Inspection**

The Texas Highway Patrol investigated 13 accidents on rural highways in Lynn County during the month of January, according to Sergeant A. E. Roberts, Highway Patrol Supervisor.

These crashes resulted in one person killed, eight persons injured, and an estimated property damage of \$6,810.00.

April 15 is the deadline to have your motor vehicle inspected. During the past five and one-half months only 2,000,000 or 40% of the approximately 5,000,000 registered vehicles in Texas have been inspected. This leaves 3,000,000 vehicles to be inspected in approximately two months. If the number of uninspected vehicles were divided evenly among the 5,200 official inspection stations in Texas each would have approximately 577 vehicles to inspect in about 40 working days, or about 15 vehicles per day. The inspection stations in heavily populated areas will have more than this average number to inspect. In areas where there are only a few inspection stations you may have many miles to travel to get your vehicle inspected.

Remember—no extension of the Safety Inspection deadline, April 15, 1966.

**Job Corps Needs
Male Trainees**

The Texas Employment Commission office in Lubbock is again recruiting for Job Corps applicants. The Employment Commission is the official screening agency for male applicants for the Job Corps.

In all instances the boy must be able to secure written consent of his parents or guardian for enrollment.

The Job Corps gives a boy who has dropped out of school a second chance to complete his education and to learn a trade at the same time. There are many types of training available to Job Corpsmen such as automobile mechanic, welder, radio mechanic, truck driver, clerical, butcher, and many, many more, too numerous to list.

DATE FOR ELECTION**

In a regular meeting the City Council ordered the city election for Mayor and two councilmen to be held April 5, 1966.

Mrs. Guy Bradley was appointed and appointed election judge.

**Medicare Advice
Available Monday**

Everyone 65 or older who gets social security or railroad retirement benefits has received an enrollment card for the medical insurance part of health insurance, popularly known as Medicare, according to Mr. John G. Hutton, social security district manager in Lubbock.

Many people have marked the card, signed their names and returned it. Others may have put the card aside, intending to make their decision later. Mr. Hutton suggested that these people get in touch with their social security offices if they would like more information about health insurance.

If the enrollment card has been misplaced or lost, the social security office at Lubbock, Texas can provide another. It is very important that you make a decision. Mr. Hutton added. If you were 65 or over January 1, 1966, you will have medical insurance when the program starts only if you sign up by March 31, 1966.

A representative of the Lubbock Social Security Office will be in Tahoka on Monday, February 21, in the courthouse at 9:00 a. m.

Information On Medicare Mailed

Working around the clock since September 1, Social Security headquarters in Baltimore has completed the mailing of medicare information kits to all of the 15 1/2 million persons 65 and over on the social security and railroad retirement benefit rolls. "By now, all elderly social security or railroad retirement beneficiaries in the Lubbock area should have received their kits and the enclosed application for the supplementary medical insurance part of medicare," John G. Hutton, Social Security District Manager, stated.

"A limited number of other older persons—those not on the social security or railroad retirement benefit rolls, have already been in touch with the Social Security District Office in Lubbock," Hutton reported. But many others still need to take action to protect their medicare rights.

Eight out of ten aged persons will be reached through the mass mailing, he noted. About one-third of those who will not be reached this way are receiving old-age assistance payments and will hear directly from the local welfare agencies. Another third are still working full time and will need to file social security applications. The other third of persons, about one million, will have to get in touch with their local social security district office. "The enrollment period closes March 31, 1966, for those who will be 65 or over before the end of the year," Hutton pointed out. This deadline is very important, he stressed. Everyone who is 65 or will be by January 1, 1966, must return this medical insurance enrollment card by March 31, 1966.
