Monday Car Crash Kills Local Man Here

L. R. "Bud" Waddell, 59, was kill ed instantly and Mrs. Ruth Ellis and daughter, Sherry, 7 of Lub bock were injured at 2 p. m. Monday when Mrs. Ellis' late model car went out of control while traveling west on farm to market road 2 1-2 miles west of town. Mrs. Ellis and daughter are in a Lamesa hospital. Mr. Waddell's body was found some 100 feet from the overturn car and apparently was in the front seat and went thru the windshield. A rural telephone pole was broken into half completely by the great impact of the car. Mrs. Ellis' other daughter, Sally, 5, was not injured.

Funeral To Be At Ft. Worth

Mrs. Ellis is a widow and had recently moved to near Acuff from Lubbock. Mr. Waddell had been in O'Donnell all Monday morning and was apparently riding with Mrs Ellis to his home inWells area and Mrs. Ellis was apparently going to visit relatives in area. Mrs. Ellis suffered cuts and bruises as well as possible neck injuries. Mr. Wad dell had lived in this area since 1928 being a farmer; he was a bachelor. Funeral services are pending and will be at Ft. Worth. He moved here from Ellis Co.

Survivors include four sisters: W. N. Swearingen of Pampa. Miss Josephine Waddell of Pampa, Mrs. Irene Whittaker and Mrs. Harvey Witherspoon, both of Midlothian and three brothers, Ralph. J. R. and R. W. Waddell of Ft Worth. ,

Woodrow Brewer Seeks Pct. 2 Commissioner Post

Woodrow (Ode) Brewer, Draw, announces this week that he is a candidate for County Commissioner of Precinct 2, Lynn County. Mr. Brewer was born and reared in the precinct and is the son of the late W. E. (Ed) Brewer, pioneer of Lynn County. Mr. Brewer's state-

To the Voters of Precinct 2: I would like to take this oppor-tunity of announcing my candidacy for the office of Commissioner of Pct. 2. I am 39 years old and was born and reared on a farm in this precinct. During my mature life I have been engaged in farming with the exception of four and half years spent in the Armed Forces during World War II.

It is my sincere wish that you investigate my character and qual ifications for this office; and, if in your opinion you think I am capable of holding this office, I earnestly solicit your support. If I am elected as your commissioner, I will conduct the affairs of this office in my best judgement and to very best of my ability. I try to practice economy in my own affairs and, if elected, would hope to con-duct the affairs of the precinct and county along sensible and economical lines. I would greatly appreciate the opportunity to serve you, and earnestly solicit your vote and influence.

Clubs Gives Indian Film Here Today

The members of the 1939 and the 1946 Study Clubs invites the pub-lic to see the feature length film in sound and color "Persecution U. A." to be shown under their auspices at the Rex Theatre at 4 p. m Wednesday of this week. The film is presented by the American In-dian Liberation Crusade and it is a tragic story of religious intolerence persecution and poverty, according to Mrs. Burl Koeninger.

The Crusade is not only a social agency but also a channel thru which Christians may aid their needy Christian bretheren and at the same time, as a missionary ef-fort, bear a Gospel testimony to other needy ones who have never professed Christ, Mrs. Koeninger added. Six and a half hours were spent taking tape recorded testi-monies of persecution and intoler-ance directed against the Indians.

There is no admission charge.

The two clubs expressed their ap preciation to Hervey Gardenhire for e of the theatre in presenting this picture.

Herd Management Pays Off for Farmers

BROOKVILLE, Ind.-Dairymen are finding that the system of herd management forced on them by high production costs are paying off in increased production and profits. A program outlined by G. A. Williams, Purdue university, that has the approval of local farmers is as follows:

Grow more grass per acre. Once established, a stand of grass good enough to carry one cow per acre, costs no more to maintain than a pasture requiring three acres per Make the first cutting of alfalfa

into silage. The amount of milk produced per acre from grass silage has been found to be 12 per cent more than is made when the hay is harvested.

Use less and cheaper concentrates. A study of the Dairy Herd Improvement Association records shows that many farmers with poor pasture feed as much and sometimes more grain for each pound of milk on pasture as they do during the winter months.

Labor costs on pastures are only about 10 per cent of those for grow-

ing crops. Some dairymen when short of quality roughage attempt to substitute concentrates for hay and pasture. This allows for heavy grain allowances and often brings about a physical condition in a cow that is favorable to mastitis and other diseases.

Twins' Fingerprints Come Out Identical

LAMESA, Texas-Lamesa twins have beaten odds of 1,750,000 to one. The story was reported by the army news service from Kansas

Two army signal corps ROTCcadets are identical twins, even to their fingerprints. The Federal Bureau of Investigation found their fingerprints nearer alike than any on record.

This unprecedented fact was discovered when David and Walter Massengale, 21, Lamesa, reported to Lubbock, Tex., police for the customary pre-encampment finger-

printing. The officer in charge found their fingerprints identical and several of their fingers shaped almost exactly alike.

"Although we have records of this having happened in a few prior instances, the Massengale fingerprints come nearer being alike than any we have ever seen. the officer said.

"These boys have the same primary and secondary fingerprint

Free Speech Issue In Court Proceeding

LINCOLN. Ill.-Free speech was the issue here in a contempt of court case in which nearly 600 persons faced possible fines and jail sentences.

The defendants, many of them members of a reform group known as the "Good Government Council of Logan County," were cited for contempt for petitioning Circuit Judge Frank M. Bevan to replace a state's attorney in a case involving the prosecutor's friend.

Judge Bevan said the petition contained "odious, defamatory language concerning an official of this court," State's Attorney Edwin C.

Members of the Good Government Council contended Judge Bevan could not hold them in contempt and said if the prosecutor felt he was defamed by the petition he could sue them in a civil court.

The case arose when, as a result of action taken by the Good Government Council, Justice of the Peace Vincent Jones was charged with illegal diversion of funds collected in overweight trucking fines. Mr. Jones was charged with perjury, embezzlement and malfeas-

The council followed up the case with a petition asking that Mr. Jones, be replaced by a special or assistant prosecutor.

LIFE GROWS LONGER

"Texans are living longer than ever before," declares Dr. Geo. W. Cox. A baby born in 1937 had a life expectancy of 59 years. This has in creased during the past 17 years until now a baby born in Texas today can reasonably expect to live to the age of 69 or very near the Biblical prophecy of three score years

Many things have contributed to this extension of life, such as early diagnosis, new methods of treatment and medicine, immunization and the intesive public health program conducted by the Texas State Department of Health and local health agencies. This program has
