O'DONNELL, LYNN COUNTY, TEXAS FRIDAY NOVEMBER 16, 1928

NUMBER 7

System Is Practically Assured

Thousands of Dollars Paid for Turkeys

The turkey crop in O'Donnell territory is far above the average this year. Mr. J. A. Cornett of the O'Donnell Produce has been making heavy purchases during the past few days which is evidence that the turkey business is fast becoming one of the leading industries of this section.

During the past two weeks Mr. Cornett has distributed among the turkey raisers of this section a little more than \$6,000.00 for a total of around 20,000 pounds of turkeys. The turkey crop has just begun to move and by Thanksgiving the total shipments from the O'Donnell Produce house is expected to reach an enormous figure bringing thousands of dollars to the farmers of this territory.

Tuesday's receipts amounted to 12,500 pounds bringing the neat sum of \$3,750 which is no small item for one day. The price paid Tuesday was 30 cents per pound.

Hope For Rail Line Completion Soon

SNYDER, Texas, Nov. 13.—That the Snyder, Roswell and Gulf Railroad will be completed soon was indicated by announcement from Houston that P. A. Neilan of Houston, well-known railroad executive, would be in Snyder within the next week and that Mr. Neilan and associates have purchased the entire rights to the work already completed by Capt. Ed Kennedy.

More than \$1,500,000 has been subscribed for financing the proposed system, as every town between Snyder and Roswell has pledged its support through a special railroad committee of each chamber of commerce.

The road, which is to be known as the Snyder, Roswell and Gulf Railroad, is designed to serve a rapidly developing agricultural territory in the northwestern part of Texas and Eastern New Mexico, giving this territory a direct connection with a Gulf port.

At the present time contracts for 170 miles of grading between Roswell and Snyder are being held in abeyance. The new owner of the proposed rights also has twenty-five miles of grading, completed several years ago, in the vicinity of Chaves, N. M.

Snyder has already made a proposition to the new rail line that would insure a bonus of \$75,000 to the new owners, together with depot and rail sites, in exchange for a \$75,000 per month pay roll and the location of 200 new families here.

Data for Snyder has shown that more than 100,000,000 tons of incoming and outgoing freight were handled here in 1927 by rail lines. These figures did not include 24,000 bales of cotton shipped last year. Motor truck freight was indicated at more than 1,000 tons per year.

REV. AND MRS. WEEMS HONORED BY FRIENDS

In spite of the high wind and threatening clouds, more than a hundred members of the O. E. S. and the Methodist Church members gathered Tuesday evening at the church for an old-fashioned party and shower honoring Rev. and Mrs. J. T. Weems.

Games of all kinds were heartily entered into, the final one being a contest in cutting a turkey out of paper while blindfolded. According to the judges, Bro. and Sister Weems tied and were jointly presented with a candy box which contained a nice sum of money. Miss Heaster Gates then read a toast composed by herself and presented a large box of assorted gifts.

Sincere and touching thanks were expressed by both.

The sudden arrival of rain put a summary end to the party before some of the guests could be served with pumpkin pie with whipped cream and coffee. However, that only meant two pieces for those who stayed.

It was indeed a pleasant occasion

Machinery Is Being Placed For Laundry

Mr. T. D. Jones of Lubbock was here the latter part of the week making arrangements for the establishing of an up-to-date steam laundry. This is a business concern that has been sought for the past few months by the Chamber of Commerce and when established and in operation will fill a long felt need.

Mr. Jones has secured a lease on the Parker building just off the southeast corner of the square, has already unloaded some of the equipment for the concern. The building is being piped with gas and other necessary changes are being made this week. It is expected that all machinery will be in place by the latter part of next week.

Mr. Jones is an experienced laundry man, having had many years experience in this work. "Work as good as the best with guaranteed satisfaction," will be his motto. He believes that O'Donnell is a good town with a future and states he is coming here to stay and expects to gain his patronage upon the merits of his work. We welcome Mr. Jones and family to O'Donnell.

UTILITIES COMPANY SERVING MANY

The general office of the West Texas Utilities Company at Abilene announced recently that the addition of Dodsborough, Collingsworth county, Medicine Mound, Hardeman County, and Wingate, Runtels County, brings the total of cities, towns, and communities served by that company to 105.

The number of customers served to date totals 53,430, making a gain of 1,036 customers in the last month. Seven years ago W. T. U. C. was serving but seven of the larger cities of West Texas. Today the entire area covered by approximately 2,000 miles of transmission lines has a population of more than 500,000.

Four thousand six hundred American cities and towns are now served by gas companies, and customers number 11,400,000, an increase of 350,000 a year.

It is now in the memory of many living persons when gas was not a practical agency.

Today it has more than 21,000 industrial uses and is used for cooking in a great percentage of homes. The story of gas shows the gigantic progress that is made in America by anything worthwhile.

Mr. Billy Brandon of Post, spent the week-end in O'Donnell.

through all the fun ran an undercurrent of sadness because of the nearness of our dear friends' departure.

Eagles Win Game From Wilson High

In a clean, fast game with plenty of thrills, the local team romped away with the big end of a 14-6 score at Wilson last Friday. The entire game was hard-fought, but was distinguished by the good-will and enthusiasm of the supporters. Our own pep squad was a splendid incentive to active endeavor. Come on, folks, the season is nearly over, let's send it out with some smashing victories. At 'em boys, we're backin' you.

MRS. SCHOOER DIES AT MORAN, SUNDAY

Last Saturday Mr. and Mrs. J. N. Schooler and Mrs. Henry Schooler were hastily summoned to Moran, where their sister-in-law, Mrs. Owen Schooler, was seriously ill. Death came quietly at 10:00 o'clock Sunday morning. Her parents and five brothers were with her at the end. Her husband and eight children are also left to mourn her loss.

The Index joins in extending sincere sympathy to the bereaved family.

CHAMPION CALF-ROPER VISITS O'DONNELL

Perhaps very few of our people knew that the quiet likable young fellow who visited in the home of Mr. and Mrs. George Shumaker early in the week was Jake McClure, World's Champion Calf-Roper. Mr. McClure stopped off for a few hours visit with his good friends while en route to his home in Lovington, N. M., after concluding a successful engagement in New York City. He won his title in May of this year at Chicago, roping and tying the calf in twelve and one-half seconds. He was presented with a handsome gold watch on which were engraved his name and title.

P. T. A. ENJOYS NOVEL PROGRAM WEDNESDAY

One of the most enjoyable programs of the year was presented on Wednesday afternoon at the regular meeting of the Parent-Teachers Association. In addition to the business discussed, Mrs. Shaws room, the primary or "unders" presented several charming songs and pantomimes. Mrs. Shaw was assisted by Miss Christine Millwee. The numbers were well prepared and were highly appreciated.

Plans are now under way for an elaborate Thanksgiving party to be given at the High School building on Tuesday evening before Thanksgiving.

Mr. J. C. Turner, father of Mrs. R. E. Painter, has not been expected to live but is improving so that this writing we are glad to report.

Mr. and Mrs. D. A. Edwards had as their guests Sunday, Mr. and Mrs. Witt and their twin boys, of Lubbock.

Richard Barthelmess Gives Blase Hollywood A Scare

One of the most dramatic motion pictures was recorded by Richard Barthelmess during the making of "The Patent Leather Kid," will be at the Lynn Theatre on November 21 and 22.

The war scenes, nearing completion under Alfred Santell's direction, required a close-up of Barthelmess being almost overrun by a tank. Hours were spent in preparation for this "shot." Half a dozen cameras were lined behind barricades and Barthelmess took his position against the wall of a trench. In the role of the Patent Leather Kid he heroically displays his fear and horror of the tank. Arthur Stone, in the role of the Kid's pal, tries to give the boy courage, when suddenly a monster tank climbs the parapet directly in their path. The Kid stands petrified and his pal takes cover.

The tank advanced slowly, ponderously. Inch by inch the blundering behemoth crawled until two-thirds of its length extended into the air. It paused a moment there, its shadow looking down on the terror-stricken Kid who stood beneath it. It moved another inch. The bystanders turned pale. Women screamed. Al Rockett, production manager, and numerous members of the company, shouted frantically: "Dick! For God's sake, run!" But Dick held his ground. The tank moved again. An eternity seemed to pass. Then the First National star turned his face from the tank and dashed away just as the iron dinosaur thundered into the pit like a wounded beast.

"The Patent Leather Kid" had recorded in celluloid one of the most dramatic moments in motion picture history.

3062 Bales Cotton Ginned to Date

The inclement weather of the past few days have retarded the harvesting of this season's cotton crop. The gins have been running only part time for the past two weeks. Only about twenty-five per cent of the crop has been harvested to date. Up to Thursday morning of this week the seven gins of the city reported having ginned 3,062 bales of the fleecy staple.

Up to date the cotton movement has been very slow but it seems that money out of this year's crop than farmers are realizing more clear they have for the past two or three years as business conditions have been greatly improved in all lines since the harvesting began.

MEETING TO DISCUSS PINK BOLL WORM SITUATION, DEC. 3

The following communication from Representative Carl Rountree of Lamesa was received on Thursday morning's mail which is self explanatory: D'O'Donnell, Texas, O'Donnell, Indes, Dear Sir:

You have doubtless noticed the call of Representative Henry E. Webb for a meeting of those interested in the Pink Boll Worm situation to come to Odessa December 3rd at Ten o'clock to the District Court room. This is a very important meeting and I hope that O'Donnell and Lamesa will have large delegations there.

The purpose of this meeting is to lay plans to pay the farmers the expenses they have and will incur in fumigation and sterilization, and provide for the future expenses. We will also discuss lifting this quarantine. We will also discuss some needed changes in the law.

We need the advise and information of farmers of this section. We need their support and co-operation. They should not expect us to fight their battles single handed and alone. They owe it to us and to themselves to give us their hearty assistance and support.

Very truly,
Carl Rountree
Rep. Elect 115th District.

H. D. CLUB WILL ELECT OFFICERS

At the regular business meeting of the Home Demonstration Club next Wednesday officers for 1929 will be elected. The meeting will open promptly at 3:00 o'clock in the High School auditorium. All members are urged to be present.

who diversifies
to say about his bank

System Is Practically Assured

sewer system for O'Donnell is practically assured, according to information given out by the engineer, who is here representing the Western Sewer Co. Whitley has been signing up applicants to express there has been already signed. Most of the work has been approached and has expressed his interest in being highly in favor of the construction of a modern sewer system.

It is believed that within another month the number will have secured connections to assure the operation of the system. A modern sewer system is a very necessary convenience that every town in a city can be terminated. The construction of a sewer system would bring new business and population and additional revenue, besides making the city which is a protection to the health of the community. The next to Goddard sewer systems are for good, and we believe O'Donnell can take advantage among the progressive of the South Plains, since a sewer system.

Nothing To Homes

Mr. and Mrs. Ruby Henshaw sent boxes of clothing supplies to Homes for the zone on Wednesday. The young ladies Tuesday afternoon to assist of the Jubilee books setting.

ELECTED IN NOVEMBER. TAKES OFFICE IN MARCH. WHY?

(From the Wilson Pointer)
Why does a modern nation like the United States elect its President in November and have him take office several months later?
Probably it is because we find it difficult to break away from old laws that were made to take care of existing conditions of the time.

Before the days of airships, automobiles, railroads or even steamships, it took weeks for representatives from the most distant sections of the United States to report at Washington for their executive duties. Today, the Californian could report in two or three days via the air route, or in five or six by taking a train—yet we still give him several months.

DO NOT TURN BACKWARD. OH TIME IN YOUR FLIGHT

(From the Wilson Pointer)
Who actually wants old Father Time to turn backward to the days of high collars, long skirts, candle light, wristlets and corsets.

Today we even go to a foreign country to see a show, motor home in an hour or two, and tumble into bed with a smile of satisfaction. A daily paper in Plattburg, New York, apparently desirous of giving its townsmen the benefits of a metropolitan center, has recently been carrying the following notice which is self-explanatory, and typical of modern progressiveness:

GET YOUR SEATS FOR MONTREAL THEATRES

The Republican has made arrangements with the management of the Orpheum and Gayety Theatres, Montreal, by which its readers may secure the choicest seats at these theatres at this office.

These seats will be served each day and may be claimed any time up to the raising of the curtain.

The price will be the same as at the box office.

There will be no waiting in line at the theatres.

All the Republican readers will have to do is to call at this office, pay for the seat and obtain an order for them which will be recognized at the theatres.

Theatre-goers are invited to take advantage of this service and see the best shows in Montreal.

Plattburg is seventy miles from Montreal. Once that was a two-day journey. Today we burn up the road in a couple of hours—and perhaps less, if the traffic cops have gone to bed.

See me before you sell your grain or bundled feed. W. H. Veasey. 6-4tc

O'DONNELL AGAIN TAMES MUSTANGS

(From the Wilson Pointer)
For the second time this season the O'Donnell Pig Skin Warriors tamed the Mustangs this time 12-6. The game, was hard fought and the locals had the best of the count until the last few minutes of play when the visitors pushed over two touchdowns and led the game away.

We have some allibi for the defeat for our star signal caller Alvin Crews was missing from the lineup as was one of our stellar ball toters Chaney. Had these two been in the netles the score board might have looked different. From all accounts of the last few minutes of the game, some of the boys should be working with Tex Richard instead of playing football.

For rather novel sandwiches or thin bread and butter for afternoon tea make some orange bread. The flavor is given by the cooked peel of 2 oranges. This is cut into shreds covered with water and cooked for about 20 minutes, or until tender, and then drained. Next cook the peel in a sirup made of one cup of sugar and 1-2 cup of water until there is only about 1 tablespoon of the sirup left. Sift together 3 cups of flour, 4 teaspoons baking powder, and 1-2 teaspoon salt. Cut in 1 tablespoon of butter and add 1 well-beaten egg and one and a quarter cups of milk. Beat this mixture for about 3 minutes. Stir in the orange peel and mix thoroughly. Pour in a greased bread pan and bake for one hour in a moderate oven—(about 325 to 350f.)

CLOUDY WEATHER DELAYS COTTON GATHERING

Damp, cloudy weather has delayed cotton picking this week to a great extent. Early in the week crowds of our Mexican friends filled the stores and crowded the sidewalks.

This lull in the cotton gathering did not apply to the grain harvest however. Monday and Tuesday were among the busiest days of the season so far, though it reached its highest peak Saturday. The local buyers were as busy as the proverbial hunting dog.

Prolong the life of shoes in winter-time, especially those worn by men and boys without rubbers, by soaking the soles in a grease that will make them waterproof. The United States Department of Agriculture recommends several simple formulas for the purpose.

Mrs. M. C. Tull who has been in Plattburg visiting friends and relatives several days, returned Monday with Mr. Tull.

The Methodist parsonage, and the parsonage family are enjoying the comforts of a new gas heater since Tuesday.

Mr. and Mrs. Tom Caddell were here with friends and relatives over the week-end.

Miss Hester Gates returned Sunday night from a 5-day visit with her grandparents at McAllister.

Rev. and Mrs. J. T. Weems were in Lubbock Tuesday and Wednesday, in the home of their son, Mr. J. D. Weems.

TECH REGENTS PLAN EXPANSION PROGRAM

LUBBOCK, Texas, Nov. 15.—The board of regents of Texas Technological College in a called meeting in Lubbock launched plans for general expansion during the coming year following the record enrollment of more than 1800 students already this term. Plans were also made for an enlarged summer school.

Clifford E. Jones of Spur, chairman of the board, presided. Other members present were John W. Carpenter of Dallas; Frank E. Clarity of Fort Worth; C. G. Comegys of McKinney; E. O. Thompson of Amarillo; Houston Harte of San Angelo; and H. T. Kimbro of Lubbock. Mrs. F. N. Drane of Corsicana and R. A. Underwood of Plainview were absent.

To the first half-million new Ford owners

To THE half-million men and women who have received new Fords in the last eleven months, there is no need to dwell on the performance of the car.

You have tested its speed on the open road. In traffic you have noted its quick acceleration and the safety of its brakes. You know how it climbs the hills. On long trips and over rough stretches you have come to appreciate its easy-riding comfort. Continuous driving has proved its economy of operation and low cost of up-keep.

This is an invitation to you to take full advantage of the service facilities of the Ford dealer organization so that you may continue to enjoy many thousands of miles of carefree, economical motoring. The point is this. You have a great car in the new Ford. It is simple in design, constructed of the best materials and machined with unusual accuracy. It is so well-made, in fact, that it requires surprisingly little

attention. Yet that doesn't mean it should be neglected. Like every other fine piece of machinery, it will serve you better and longer if given proper care.

Such an inspection means a great deal to your car. To you it means thousands of miles of motoring without a care—without ever lifting the hood.

Ford dealers everywhere have been specially trained and equipped to service the new Ford. You will find them prompt and reliable in their work, fair in their charges, and sincerely eager to help you get the greatest possible use from your car for the longest period at minimum of trouble and expense. That is the true meaning of Ford Service.

KNOW TEXAS

The Dallas Power and Light Company is planning an addition to its generating plant to cost \$2,750,000.

The Bermuda onion crop of Texas is valued at almost \$4,000,000 a year.

Texas had an increase of 45 per cent in its natural gas production in 1927.

In cake recipes with a number of eggs, it is possible to substitute baking powder for one or two of the eggs called for, during the period of egg scarcity.

"At last I have discovered the real difference between men and women" declared on O'Donnell's leading merchants the other day.

Christmas shopping will be an easy matter in O'Donnell this year.

SANTA CLAUS PASSES THROUGH O'DONNELL

One night last week Santa Claus must have passed over O'Donnell in an aeroplane, for each show window in town is blossoming out with Christmas goods of all kinds.

Both windows of Singleton Bros. new building are filled with dolls, big dolls, little dolls, smiling dolls, sleeping dolls, and we saw a sailor boy doll who danced on first on foot and then the other while he whistled the sailor's hornpipe.

Thornhill's window displays a variety of odd gifts, things that will be different. Beautiful vases, the new colored glass-ware with lovely frosted designs, toys and decorations of all kinds.

The Corner Drug Store has a number of lovely gifts, but to us the nicest article in the whole store is the gorgeous Victrola in blended shades of green, rose, and bronze.

And you should by all means see the dainty mesh bags in pastel colors at Whitsett's and at W. E. Guye's. All three of the last mentioned places have unusual beads, bracelets etc., while the drug stores are piled high with alluringly fragrant gift boxes containing well-known brands of toileted articles.

Carlisle's, Westmoreland's and the Popular have lines of sleek, gleaming hose which will delight any feminine heart, and the delicate 'frenchy' underwear is always an appreciated gift.

METHODIST CHURCH CONCLUDING YEAR'S WORK

Sunday will mark the closing services of the conference year at the local Methodist church.

The pastor will preach as usual at eleven o'clock and a special program is being arranged for Sunday evening.

Stewards and other officers have expressed the opinion that the church will send the best report to conference this year that they have had in several years.

Conference meets at Lubbock on November 21.

Unfortunately O'Donnell has a few residents who feel that they are doing enough for their community by merely living here.

Bill Der Says "The air is as free as ever—it just costs more to be able to breathe it."

LOOK OUT! Look out—or in—it takes a window to do it through—and that's our business! We can rebuild and provide such "look-outs" in any shape, style, size or language and do it just the way to make your pocketbook laugh.

HIGGINBOTHAM-BARTLETT COMPANY "EVERYTHING TO BUILD ANYTHING" E. T. WELLS, Mgr. O'Donnell, Texas

Miss Hester Gates left Wednesday morning for Lubbock where she will join a party of relatives and go on to McAllister, Oklahoma, for a few days visit with her grandparents, Mr. and Mrs. Gates.

Mr. and Mrs. Floyd Renfro are rejoicing over the arrival of a son, who put in his appearance early in the week at the hospital at Lubbock. Mother and son and father are doing nicely.

OUR ENTIRE COMMUNITY

Chicago is making plans to celebrate her 100 anniversary in 1933. In less than a century—almost within the lifetime of a single man—she has grown from a squat little village in the marsh to the fourth city in the world, with beautiful boulevards, great buildings, and centers of art and learning.

This is one of the great phenomena of history. How can it be explained? The geographer who has learned his geography lesson can answer: "Because Chicago has become the commercial capital of one of the greatest agricultural empires in the country."

Thus does the city, any city, depend for its prosperity upon the well being of the tributary agricultural district. This emphasizes to us here in O'Donnell the importance of the agricultural area that extends on beyond our borders.

Farming in the surrounding territory is, without doubt, the most important industry in the economic life of our city. The country-sides of O'Donnell are as much a part of our community as the residence district of O'Donnell.

It behooves us, therefore, to take an active interest in everything destined to make our great industry more prosperous.

Farming in the surrounding territory is, without doubt, the most important industry in the economic life of our city. The country-sides of O'Donnell are as much a part of our community as the residence district of O'Donnell.

Our schools, our churches, our stores and business houses, and our markets are all vitally important to the farmers of our community.

Any movement which means benefit to the farmers of our community also benefits the residents of O'Donnell. Any enterprise that makes O'Donnell a better and more prosperous town also works to the well being of the farmers of this immediate territory.

Our city limits are merely imaginary. Our real community extends for miles on into the country.

RUBY HENDRICKS ELECTS OFFICERS FOR 1929

At a recent business meeting of the Ruby Hendricks Missionary Society, the following officers were elected for 1929.

- President—Miss Beula Estes.
- Vice-Pres.—Miss Mary Jo Gates.
- Secretary—Miss Louise Edwards.
- Treasurer—Miss Evelyn Edwards.

Asst. Supt.—Mrs. J. W. Campbell. These young ladies are doing work of a quality which cannot be surpassed. In a few more weeks you will hear something of their plans for a permanent camp house to be built at the Camp Duroes in Palo Duro Canyon.

Miss Roxie Hancock, who recently received her degree from Simmons University returned to her home here last Thursday evening. Miss Roxie has always been one of our most capable and popular young la-heartily on her newly acquired dig-dies and we congratulate her most nity.

Mr. and Mrs. J. E. McClung spent last week-end with friends at Petersburg, returning via Lorenzo and Idalou.

Mother's Cook Book

All the beauty born of light
At Nature's proud command
Abides anax with reverence might
In common things at hand.
It is no far-off visioned trance
For spirits high and low
But dwells within the constant glance
The common eye may own.
—Mary Flanagan.

THE WHOLESOME BANANA

A STAPLE food is one that is abundant, easily obtained, of moderate cost and high food value and also palatable and easily digested. The banana fills every one of these requirements.

So many of our fruits are nine-tenths water, whereas the banana is one-fourth solids.

The banana has been called difficult of digestion; this is a mistake; it is only true of the unripe fruit, and applies to all unripe fruit.

Even in illness the banana has its place. When ordinary starchy foods like bread, potatoes, and cereals are not well digested, the children will often gain rapidly on fully ripe bananas.

Being by nature hermetically sealed, it may be purchased from the post cart with perfect safety. Only the fully ripe fruit should ever be given children. Unripe fruit when baked may be safely eaten by those in perfect health.

The yellow ripe stage when all trace of green has disappeared, and flecks of brown appear on the skin, is the time to serve the fruit. It is now delicious in flavor and can be readily digested. Even brown-skinned fruit, if firm, is most marketable, for then the starch is converted into sugar and the flavor developed to its highest point.

Food experiments by dietitians have shown that the carbohydrates of the ripe banana are as readily assimilated as those of potato or cereal, and that digestion is directly proportional to the ripeness of the fruit.

An authority says:
"The banana has been the victim of one of those curious antagonisms, so frequent in medicine which has made lay people regard the banana as unsuitable infant food, although in the tropics it has been so used for generations."

Bananas may be prepared for the table in various ways. Used with cereals, as salads and as desserts. As a cooked vegetable it is especially appetizing. Fruit not so fully ripened may be served in this manner. For desserts and for eating in the natural state, the rich, sugary, full ripe fruit is necessary.

What Does Your Child Want to Know?

Answered by BARBARA BOURJAILY

WHAT MAKES US FALL OVER?
You have lost your sense of balance.
And so you take a tumble.
If it were not for this wondrous sense
All life would be a tumble.
(Copyright.)

Caplike Hats for Fall Fit Snugger Than Ever

Whether of feathers, felt, soft or the new French tricel, fashion continues to highlight tiny molded-to-the-head hats in the autumn mode. The latest from Paris is the draped tricel cap, such as the one shown to the right here. Bejeweled and lightly ornamented velvet caps or toques are foregone for the social season. Favor is expressed for feather toques.

Grows in Any Places

The pecan is one of the most cosmopolitan of all the native trees. It grows well on high, dry lands, in clay, loam and light sandy soils, and in river bottoms where water does not stand during the growing season.

THE WHY of SUPERSTITIONS

By H. IRVING KING

EMPTY ROCKING-CHAIR

IN MANY sections of the country it is believed by the superstitious that when an apparently empty rocking-chair is seen to sway back and forth without any visible cause in that chair is seated the spirit of some deceased member of the family come back to choose the one of his kin who shall next join him in the realm of shades.

In the spiritism of primitive man the spirit was conceived of as retaining in the disembodied state the same habits, needs and desires which it possessed while animating the flesh. And thus it was to a large extent, down through the classic ages and thus it is among many savage tribes today. Soldiers were slaughtered upon the tumulus of a warrior, slaves sacrificed upon the grave of their master and the East Indian widow burned herself upon her lord's funeral pyre in order that the spirit of the deceased might not be unattended and unaccompanied in its new state by familiar ghosts. This ancient idea that the spirits of the mortally dead seek companionship is the basis of many funeral and death superstitions today—of which the empty rocking-chair superstition is one. There is something very naive about this superstition. The disembodied spirit, longing for the companionship of one of its kin after the manner of the flesh, comes not in watches of the night and in form of terror, but makes itself at home, seats itself in the old familiar rocking-chair and chooses with calmness and deliberation the one of the family who shall join him on the other shore.

CHURCH NOTES
Methodist Church

School was well attended and officers and teachers because of illness. Mr. Sunday School Superintendent, Northwest Texas Conference, present on an inspection made a short talk on Sunday work. He also preached an o'clock hour.

League members enjoyed program on Friendship, young people taking discussions. Singing services were conducted. Woman's Missionary Society program being the Service and Golden Gifts, the last of the week of Prayer. Two talks, one by Mrs. Paul the other by Rev. Weems, beautiful prayers and the in-nday lighting service were closed by the sacrament.

Now almost an assured fact well will have a sewer system the next few months. A town was made this applications are being rapidly as representatives of the Western Sewer Company in the proposition to progress. This is more evidence citizens of O'Donnell are as any town in Texas. Representatives rally upon you, a few minutes time to proposition to you in sewer system for O'Donnell great deal in the future of the town. It means a better and cleaner O'Donnell.

Business in O'Donnell today is better than it has been for the past few years according to merchants. There in town is hanging up records almost weekly. By all of the business houses doubled their sales force and are days when customers make their turn to be waited. Prosperity seems to be spreading. Merchants are able to smile and have never smiled before. High conditions O'Donnell is making rapid strides in the march of progress in the months.

THE RANDALL NEWS

The weather is fine around Randall these days.

Most all the farmers are through heading maize.

Mrs. Chester Tondon has been ill the past few days.

Mrs. Proctor is visiting her son at Christoval and will be gone until in December.

Mrs. A. W. Martin from Bonham, Fannin County, is visiting her mother, Mrs. J. P. Snow.

Mr. J. R. Allen from Sweetwater, is visiting in this community.

Miss Esther Davis was elected secretary and treasurer of our Sunday School.

Randall had several new leaders in singing Sunday night, which is a great help.

Miss Bessie Mae Harris spent Sunday afternoon with her sister, Mrs. Harland Austin.

Misses Bernice and Lois Meares missed Sunday School, Sunday for the first time in a long while.

Misses Lucille and Neua Proctor and Gladys Smith, Mr. Travis Sanders and Carl Smith took supper with Miss Lillian Snow, Sunday evening.

Mr. and Mrs. James visited Mr. and Mrs. Tune Sunday afternoon.

Red Bird.

Messrs J. V. Shook and Will Ed Tredway, who have been in school since the opening of the Fall Term, spent a few days with homefolks here the first of the week.

Mr. Jim Williams, field manager for West Grain Co., was in O'Donnell on business Monday.

Mr. and Mrs. R. L. Boles and family of Munday, spent the week-end with friends here. They were highly esteemed during their residence here and their visit brought pleasure to their many friends.

Mr. Eugene Wilder went to Dallas last Friday to attend the S. M. U.-A. & M. game.

Mesdames Marvin Pemberton, R. O. Stark, J. T. Weems, Belle Knight, J. W. Campbell, and Miss Hester Gates attended the zone meeting at Tahoka Wednesday.

Famed Russian Dungeons Will Become Museums

Leningrad.—Shlisselburg fortress, in whose dungeons some of Russia's most famous revolutionaries were imprisoned during the czarist regime, will be turned into a museum.

Cells under the level of the Neva's waters, some of which bear inscriptions made by famous prisoners, will be opened to public view. A number of prison fabrics with the names of prisoners executed there will mark the Shlisselburg execution place.

Eocene Frog Dug Up

San Francisco.—The petrified skeleton of a frog which may have done its jumping in the Eocene period was found at a depth of 355 feet by workmen sinking a shaft in the construction of San Francisco's aqueduct system.

Mr. and Mrs. B. L. Nance of Abilene were guests of Rev. and Mrs. J. T. Weems Saturday and Sunday.

Mrs. Hayes, who has been seriously ill for several days of typhoid fever, is still in a dangerous condition.

Mr. and Mrs. W. L. Palmer were in Lubbock Monday.

Mrs. J. E. McClung left today for Dallas. Mrs. McClung will visit her mother-in-law at Mineral Wells a few days, and will spend some time with her mother, Mrs. C. C. Turner, in Dallas.

Miss Dollie Mae Crawford, a popular young student of the Lubbock Business College, spent the week-end with her parents, Mr. and Mrs. J. D. Crawford. The many friends of Miss Crawford are proud of the report she has in honor of the B. C.

Legal Notices

CITATION BY PUBLICATION

THE STATE OF TEXAS: To the Sheriff or any constable of Lynn County, Texas, GREETING—

You are hereby commanded to summon Tom W. Turner, by making publication of this citation once in each week for four consecutive weeks previous to the return day hereof, in some newspaper published therein, if there be a newspaper published therein, but if not, then in the nearest County where a newspaper is published, to appear at the next regular term of the Justice Court, Precinct No. 4, Lynn County, Texas, to be held in the town of O'Donnell, in said County and State, on the 3rd day of December, A. D. 1928, same being the first Monday in said month, then and there to answer a petition filed in said court on the 8th day of November, A. D. 1928, in a suit numbered on the docket of said Court No. 148, wherein Lillian Lively is Plaintiff, and Tom W. Turner, is Defendant, said petition or demand, being substantially as follows:—

Suit upon promissory note for principal sum of \$163.00, dated the 28th day of January, A. D. 1923, and due September 15th, 1925, with interest from date at ten per cent per annum and ten per cent attorney fees, signed by defendant, and payable to order of plaintiff; also suing for all cost of this suit.

HEREIN FAIL NOT, but have you before said Court on the said first day of the next regular term thereof, this writ, with your return thereon, showing how you have executed the same.

WITNESS MY HAND OFFICIAL LY at O'Donnell, Texas, this 8th day of November, A. D. 1928.

W. R. SANDERSON,
Justice of the Peace, Prec. 4, Lynn County, Texas. 6-4tc

Issued the 8th day of November, A. D. 1928.

W. R. SANDERSON,
Justice of the Peace, Prec. 4, Lynn County, Texas.

ORDER OF SALE

Personal Property

The State of Texas, County of Lynn, In Justice Court of Lynn County, Texas.

November 5 Term, A. D. 1928. J. S. Fritz vs. Neal Fuller, No. 145.

Whereas, J. S. Fritz, plaintiff in the above entitled and numbered case, has made application for an order of sale of certain personal property levied upon by B. L. Parker, constable of Lynn County, Texas, under and by virtue of a Writ of Attachment, issued out of this Court on the 1st day of October, A. D. 1928, you are therefore commanded to advertise for sale until the 17th day of November, A. D. 1928 and then sell on that day the following described property:

One Ford touring car, 24 model, Motor No. 8808133.

Said advertisement and sale to be made in like manner as provided by law in the case of personal property under execution; and so return the proceeds of said sale within five days thereafter to the Judge of the Justice Court of O'Donnell, Lynn County, Texas. Herein fail not, but of this order make due returns as the law directs.

W. R. SANDERSON,
Justice of the Peace, O'Donnell, Lynn County, Texas. 6-2tc

CANYON COLLEGE DEDICATES BUILDING

On October 19 and 20, West Texas State Teachers College was host to scores of educators and ex-students at the dedication of the just-completed education building and the annual Home Coming of ex-students.

Since the school has been in existence it has been the college home of 17,000 West Texas students, and has prospered greatly under the direction of President J. A. Hill.

Some of the best known educators in the United States and practically all the presidents of the institutions of higher learning in Texas, superintendents and principals from hundreds of towns in Texas, New Mexico, and Oklahoma were on the campus for the ceremonies.

Names that appeared on the program included Dr. Bruce Payne, president of Teachers College, Nashville, Dr. W. P. Morgan, president of the American Association of Teachers' College, Dr. John W. Withers of New York University, and such well-known Texas educators as E. B. Cousins of Kingsville, W. L. Hughes of College Station, L. H. Hubbard of C. I. A., President J. D. Sandifer of Simmons University, President H. Y. Benedict of Texas University, W. A. McIntosh, of Amarillo and others.

What's Doing In West Texas By W. T. C. C.

A new school house at Allmon embracing three class rooms, an auditorium, teachers office and library, and costing \$14,000 for the building and \$1,500 for the equipment has been turned over to the school district by the contractors.

Plainview is to have a new eight story Hilton Hotel on the corner of Sixth and Austin streets. Construction will begin this week, and is expected to continue for six months, at which time the building will be completed.

Big Springs is to have a new church. The Church of Christ denomination is to be the owner of the new church, and will build the place of worship on South Main Street, of buff colored brick veneer at a cost of \$15,000.

The first 4-H Club for Boys and Girls has been organized in Turkey for the school children. Miss Ruby Adams, county Demonstration agent organized the club and will meet with its members twice each month.

Machinery for the laundry being installed by E. H. Turner in Rotan is being set as it arrives. This is to be one of the most modern equipped small laundries in the country, and capable of doing first class work.

The Coleman Gas and Oil Company is making a \$40,000 addition in the form of a six inch welded line laid from the city to the Santa Fe junction and a mile north. Another reservoir is to be constructed to the 10 inch trunk line of the Lone Star Company.

Approximately 4000 head of spring lambs have been shipped from Farnsworth, lately. Six carloads of lambs were shipped by E. W. Biggers and five carloads by J. W. Rogers. The farmers in this section are finding this a profitable sideline.

Giles Garner, champion wheat raiser who lives near Snyder, has received two ounces of drought resisting wheat, namely Newgarr, Nowawa and Gheyas Early wheat from the Experimental Farm in Perth Australia for propagation purposes.

The Fifth Annual meeting of the Texas State Teachers Association will meet in San Antonio November 30, with a heavy bill of well known and interesting speakers on the program, including Dr. Rollo G. Reynolds of Teachers College Columbia University.

Building permits in Lamesa have exceeded a quarter of a million dollars since the first of June this year. There is a great demand for rent houses. Plenty of labor to take care of the building now in progress is available.

W. P. Weaver, County Agent of Mills County, states that he will be available to any group of farmers in the community who want to learn terracing, if they will secure a level and select leaders. Farmers of Mills are taking advantage of the of-

fer. The \$125,000 bond issue for the purpose of building a new courthouse in Callahan County was carried by a 125 majority recently. The new Temple of Justice will be re-ected in Baird.

The Red River District Convention of the West Texas Chamber of Commerce will be held at Decatur on November 23. Decatur, Archer City, Burkburnett, Iowa Park, Electra, Wichita Falls, Denton, Bowie, Henrietta, Throckmorton, Vernon, and intervening points are in this district.

The Friona Women's club is sponsoring a move to secure the services of a county health nurse for the purpose of assisting in and directing of the pupils of the schools of the county.

The plant for the Mills County Cheese and Butter Company that has been under construction at Goldthwaite is nearing completion and will soon be ready for operation. The plant has a capacity for handling 10,000 pounds of milk.

The last district WTCC convention of the calendar year will be the Central District meeting at Merkel on December 6. Abilene, Stamford, Hamlin, Sweetwater, Merkel, Anson, Ballinger, Winters, San Angelo, Rowena, and other towns are included in this district.

Sanitary conditions in Brady will be much improved by paving of all alleys in the business district which will start soon. The city council recently went on record to defray all expenses for the project.

By improving an old school building with heating fixtures, and new equipment, the Petersburg school system has been able to care for all its scholastics without expending an undue amount of the schools' finances.

To encourage the voting of bonds for the building of the Petroleum Highway, Big Lakes Lion Club gave three prizes for the best essays on "Why Reagan County Should Have Good Roads." Twenty seven dollars and fifty cents comprised the sum of the prizes.

Attractive premiums are provided in the catalogue of the annual San Saba County Mid Winter Poultry show at San Saba to be held December 11th to 15th. F. L. Brown is secretary.

Two highways are being built into Stamford, one Highway 18 from the Shackelford County line will be completed by the end of the year, the other, Highway No. 30 will be constructed of concrete from the Haskell County line to within five miles of Anson.

The Big American La-France Chemical fire truck recently acquired by Estelina at a cost of more than \$5,750 will reduce the fire insurance policies by more than \$2000 in one year. A volunteer fire department is to be organized in the

near future. Sabinal is experiencing a steady growth. The Uvalde Cream and Dairy Company is installing additional ice cream machinery. Work is to start soon on the post office building and a new brick and tile building is going up in the business district.

The laying of the natural gas lines by the Miami Gas Company in the city limits will be completed soon according to Miami officials. The same line will serve Mobeetie, Lake-ton, and Miami.

The first prize of \$10.00 to be given to the Mobeetie high school student writing the best essay about the history of Fort Elliott which is located a few miles from the town will be given by the West Texas Chamber of Commerce.

Public weighing scales on Highway No. 9, on Southeast corner of Harrison-Williams Gin lot for convenience of the general public. Headquarters for all maize buyers. State Inspected Mell Pearce, Public Weigher.

Dollars That Work, HELP THE COMMUNITY

The real value of a dollar in this community is progressive. The more often it is spent to buy home produced or home sold merchandise, the more valuable it becomes. If it is spent often enough, it will double in value.

This may seem a little out of the ordinary as a statement, but let's see. Every time a dollar is spent it produces a certain percentage of profit. Hence to increase its values to the community at large, all we have to do is to keep spending it over and over, and adding the percentage to profit each time—result, sooner or later it has doubled in value.

So you see, it is to your advantage and to our advantage to keep our dollars at home where they can work for us home folks. When we employ labor, employ home folks. When we buy anything, patronize home folks. It is to our own self interests that we do so.

Texas had an increase of 45 per cent in its natural gas production in 1927.

WHAT'S DOING IN WEST TEXAS

The section known in Hamlin as the Theatre Block because two of the theatres are there is undergoing some beautification with the remodeling of the Palace. R. S. Ferguson, owner of the play house is putting up a new front and adding new seats.

The object of the Fine Arts Display of the Megargel High School November 14, 15 and 16, is to give the students a chance to be able to recognize a number of good pictures at sight, by telling the artists names, the subject and style.

The new \$100,000 school house at Post which was occupied for the first time November 5, has presidents office, ante room, principals office, book room, library, study hall, nine class rooms, auditorium, vocational agriculture laboratory and chemistry, physics, and home economics laboratories.

G. C. Magruder of Merton sold 4500 pounds of Mohair at 63 and 73 cents to D. E. Hughes of San Angelo. This constituted the entire amount in storage in the warehouse at Merton. He also sold several hundred pounds of short wool for 34 and 36 cents.

Fifty five rooms have been completed of the Glider Hotel at Roswell, N. M., each equipped with private bath, and telephone. The ladies parlor, coffee shop, lobby, and dining room, have not yet been completed.

Ground has been broken in Stratford for 2 new brick and tile buildings with a ninety foot front on Davis street. These buildings will be modern and up to date in every respect and will be occupied by a general merchandise, and a hardware store.

Construction has started on three new residences in the northwest of Alpine, the total cost to run around \$15,000. These, with new construction work started last week gives the building program in Alpine a substantial boost.

Lockers for all high school students will be purchased in the near future at White Deer. When they are installed students will be required to keep their books or pay for them if they are lost. Play ground equipment will be purchased for Skelleytown and Roxana schools.

Peach orchards may become a profitable source of income in the Carlsbad, N. M., country on irrigable land along the Pecos river. One thousand trees have been planted on a farm which already has an orchard of five hundred and fifty heavy bearing trees.

A woman in Lamb County, according to a Littlefield paper will realize over \$5,000 on turkeys this year. She is Mrs. White of "Happy Hill Farm," who raises pure bred large Bronze turkeys, and will sell 700 for breeding purposes this year.

James E. Biggs, field representative of the West Texas Chamber of Commerce, in charge of the North-west District, has been secured as one of the principal speakers for the Dalhart Chamber of Commerce annual banquet, to be held November 17.

Nine shipments of calves have been shipped into Texas and consigned to ranges lately. Three cars were from C. C. Pritchard of Artesia, N. M., two from John Fanning, of Lakewood, N. M., and four from Charley Foster, of Lake Arthur, N. M.

The main streets of Abernathy are now cleared after having been torn up during the last few days. The improvement machinery which hindered traffic for a few days left a nicely graded and level road behind it.

November 10 was official West Texas Chamber of Commerce day at the Waco Cotton Palace. Many West Texans went and enjoyed the exposition and the football game between Baylor and Texas University. The M. K. & T. railroad had special reduced rates at that time.

Mrs. E. M. Wilder is here for a visit with her husband and son.

Autumn Mode Announces the Short Fur Jacket

In keeping with the vogue which is so pronounced for short jacket effects, comes into the autumn style picture youthful short fur coats. They are incomparably chic worn over the new lightweight woolen frocks in matching color. Caracul, Persian lamb, broadtail and gray krimmer are mostly used for these jackets.

TAXED TOO HEAVILY NOW

County Commissioners and County Judges in convention in Dallas, recently went Highway Commissioner Sterling one better than his advocacy of a continued three-cent gasoline tax. Sterling would have a three-cent tax and \$500,000 state highway bond issue financed thereby. The judges and commissioners, after endorsing the Sterling plan, by a rising vote, passed resolutions favoring a gasoline tax not to exceed 4 cents, thus paving the way for the legislature to consider levying a five cent tax, if the theory of arithmetical progression is continued.

Handbags of the Cloth of the Coat Are New

Coatings of many colors and boldly modernistic in design, answer the call of the sports mode for autumn. It adds a swagger note if the handbag be of the same material as the coat. In case of the tweed travel coats, designers are creating even shoes of the identical tweed of the coat.

by willingness on the part of tax payers to dig into their pockets for such huge sums as would accrue from the plan proposed.

What Texas needs is to close up of taxes rather than an increase. The Highway Department is now spending as much as is wise to put into the hands of any department. Texas is a huge area with millions of unsettled acres. Hard surfaced roads will come to all parts of the state as the unimproved sections are settled. It isn't required that a county or state build an expensive road past every wealth of Texas is not great enough to justify such expenditure.

What Texas needs is to close up some of the gaps in the principal highways, continue the gradual development of network of good roads as the breaking up of big land holdings and the development of agriculture warrant and work out less expensive methods of collecting taxes and greater economy in the disbursement of tax money, as well as county officials as capable as we are enough to have. Then the would go further.

NOTICE

Notice is hereby given that the county officials as capable as we are enough to have. Then the would go further.
