WAR HEROES
LET US NOT FORGET...

To remember the heroism of the patriots who have died that our country might live in peace and freedom is to renew the spirit of patriotism in our own hearts. Let us meet with courage whatever sacrifices our country now asks of us for its safe defense in the patriotic spirit of our honored heroes. Wednesday we honor the heroes, living and dead of two World Wars. To the one an Armistice brought peace in 1918. For the other, peace must still be won in the future, by long and hard fighting. In forward to the termination of World War II with the United Nations victorious, and justice meted out for all the people of the world who have fought so zealously for the end of fascism and the rebirth of world freedom!

The following patriotic firms and individuals and co-operators with the American Legion, also extend an invitation to you to attend the Armistice Program at the High School auditorium, Wednesday morning from 11 a. m. until 12 noon. Let's ALL honor our dead and our living soldiers.

Armistice Program To Be Held Here Next Wednesday; All Stores To Close

O'DONNELL FAILED TO VOTE TUESDAY; DON'T BLAME COMMISSIONERS

Due to a mixup, no voting was done in O'Donnell Tuesday, and this city may have set a record for being "so busy."

Election judges were appointed several weeks ago, and they served in prior elections, but none could be found Tuesday morning. Uptown word was that all were to busy to serve.

County Judge Connolly sent the ballots Tuesday morning by Sheriff Parker when he found they had not been called for. Parker could find no one to give them to.

Several citizens started grousing. Then when this publisher, too, mentioned the subject, it was dumped into his lap and he was told to run the election. However, this worthy had not been invited to assist in previous elections when the \$3 was handed out and people were not so busy, and too, nothing was said about helpers. He can get around, but not that good, so he also declined, which made several "busy" people mad. But the writer is just a newcomer, and has never had any say about how O'Donnell should be run.

So there was no election in O'Donnell. Several farmers came to town, several local citizens wanted to vote. They got mad and disgusted, and who can blame them?

But they shouldn't feel down-hearted. Next election, when work is scarce, you'll see the old standbys at the job.

Judge Connolly says he was never notified that the appointees could not, would not serve. If he could have known, he would have named several ladies to do the work.

"Rats - Something Must Be Done," Say Seniors

(Editorial by Stanley Cathey and John Ellen Beach.)

OUR city is a paradise. Yes, a rat paradise. Who can find a better place? What a boast! No one can still this boast except we the citizens, yet, we have made no effort. We are content to sit idly by and watch our city taken over completely by the rats. If the Japs or the Germans tried to invade our city we would fight to the last person; yet something more deadly has invaded our city. The rat who carries with his slinking body at least two of the most deadly germs known to man, Bubonic plague and typhus fever. Our nation is at war with the Axis now. If our boys on the first front are willing to clean up the rats on the battle field, we, the third front, should be willing to clean up the rats at home.

Not only disease is spread by the rats, but they also tend to destroy our homes by starting fires and the morale of a place that is contaminated by the filth of rats is not nearly so high as that of a clean one. Morale is a lot of small things that tend to cheer "Our Boys" up. Bullets, too, are small things but they win the war.

Various business places of our town are known to be habitats of the rats. The back alleys are full of them and at times they have been seen in the very streets of O'Donnell. We are not the only ones who have noticed this, even the colored folk of our town have been heard to remark that this was the dirtiest white man's place in which they have ever lived.

Now is the time for us to wake up to the fact that we must wage another war; a war on rats. We can easily see that something must be done, so now is the time to do it. Let's clean up our streets, stores, homes and alleys, then and then only can we win against the rat. Let's go all-out for victory against disease.

Won't some organization here sponsor such a drive?

Mr. and Mrs. Martin Line of Brownfield visited here Sunday. Miss Aline Line accompanied them home for a visit.

Arrangements are now being made for the sponsoring of an Armistice Day program, Wednesday morning from 11 a. m. until 12 noon, by members of the Fern Allen Post, American Legion. The public is invited to attend.

Tentative plans revolve around the principal speaker and several musical numbers and readings. A speaker has been secured from the Lubbock Air base.

First Lieut. Arthur W. Patton is to be principal speaker, so Legionnaires here said late Thursday.

Through the co-operation of business firms, all gins, stores, laundries, etc. in O'Donnell will be closed for the hour which has become so impressive in American history, and to them Henry Warren, post commander, has expressed his appreciation.

"If there ever was a time in history when we needed to pause and show our gratitude to those who have fallen in line of duty, and to help bolster our own morale so that these new soldiers now leaving us may secure all the aid possible, this is the time, and the American Legion urges that all who possibly can cease their usual labors for this one hour," Warren said Thursday.

Your presence is needed. Unknown to you, you may be attending a memorial to one near you — one who may have left only recently.

Rev. Hollowell Is Rotary Speaker

Guest speaker of the Rotary Club last Tuesday noon was the Rev. H. H. Hollowell, First Methodist Church pastor.

The Rev. Mr. Hollowell spoke interestingly, constructively and ably presented his topic which centered around civic pride and community service.

The talk, in full, will be printed in next week's issue of The Press and the reader is urged to watch for it and read it in the spirit it was given to the Rotarians.

Cain Explains Ration Set-Up

TAHOCA, November 5 (Special)—

Judge C. H. Cain, head of the rationing set-up in this county, suggests that The News call attention to the fact that owners of cars and other motor vehicles must fill out applications for gasoline under the rationing regulations prior to the presentation of application at the school buildings on November 12-13-14. Superintendents or teachers will receive these applications but they will not fill them out for applicants nor will they assist in filling them out. That must be done prior to presentation.

Judge Cain suggests that it would be appreciated if people who can find the time would volunteer to assist applicants in filling out these forms. The application forms may be procured at the office of the Rationing Board on the third floor of the court house just east of the district court room.

Judge Cain further calls attention to the fact that applications must be accompanied by receipts from the collector's office giving the serial number of the motor vehicle to be registered.

If people will note and observe these regulations it may save them time and trouble.

Mr. Early Taken To Brownfield

Mr. A. W. Early was taken to Brownfield Wednesday in an ambulance.

He will receive treatment there and he and Mrs. Early will be at the home of their daughter, Mrs. Buddo Yandell.

Several weeks ago, Mr. Early suffered several strokes.

Rev. H. H. Hollowell accompanied Mr. Early to Brownfield.

Billy Ray Brunson of this city is listed among freshmen in the Freshman Class in Abilene at McMurray. He is a member of the band and is majoring in Spanish. He is taking music as a minor.

WEEKLY NEWS ANALYSIS

Act to Defer Stock and Dairy Farmers; Southwestern Pacific Control at Stake In U. S.-Jap Struggle for Guadalcanal; Wage Ceiling Sets \$25,000 Limit on Pay

(EDITOR'S NOTE: When opinions are expressed in these columns, they are those of Western Newspaper Union's news analysts and not necessarily of this newspaper.) Released by Western Newspaper Union.

A cigarette was the first thing this wounded Australian soldier asked for and got, when the medical corps got him safely behind the New Guinea fighting lines. Fighting in the Port Moresby area, the Australian army succeeded in pushing the Japs back in the jungles beyond the Owen Stanley mountain range.

GUADALCANAL: Nip and Tuck

It had become increasingly evident that the Japs had massed a more powerful naval force in the Solomons than the United States could assemble from a navy divided between two oceans. Moreover, the enemy had concentrated superior land and air forces in its supreme effort to knock out the United States defenders.

Outnumbered on three sides by Jap forces with heavy artillery, tanks and supplies, American marines and army units on Guadalcanal Island fought doggedly to hold a small strip of land six miles long and three miles deep and to retain control of Henderson air field.

Whether the embattled Yanks faced another "Bataan" was dependent on how soon planes, heavy weapons and supplies could be brought to Guadalcanal. That the Japs were paying dearly for every effort to dislodge the Americans from the airfield was evident from a navy communiqué which declared that "enemy losses in men and equipment in troop actions on the island have been very heavy as compared to our own."

Jap onslaughts were repeatedly thrown back. One attack pierced American lines south of the airfield, but prompt counterattacks recaptured the lost positions.

The critical nature of the situation was revealed by mass landing of Jap troops indicating control of the sea in the Guadalcanal area.

With the sinking of the aircraft carrier Wasp reported in a communiqué, navy losses in the Solomons fighting were brought to 14 ships, including three heavy cruisers, six destroyers and four transport vessels.

NORTH AFRICA: Mediterranean at Stake

American-made and American-manned planes and tanks continued to play a prominent part in the British armored offensive against Marshal Rommel's Africa corps along the El Alamein front—an offensive which might decide the control of the Mediterranean.

Britain's cosmopolitan eighth army, comprising English, Polish, South African, Australian, New Zealand, Fighting French, Greek and American detachments, smashed at Axis troop and supply concentrations. In the forward areas, crack infantrymen picked their way gingerly through tricky land mines and fortifications.

Fighting on both sides had a cautious, feeling-out character in the early stages as Allied and Axis forces tested their strength for decisive blows.

Allied troops showed their mettle in beating back counterattacks by Rommel's tank corps. Meanwhile American and British airmen continued their assaults on key Axis supply ports, bombing Tobruk repeatedly, destroying enemy planes and shipping.

Elsewhere in Africa, evidence had been mounting for weeks that action was imminent. The Vichy government had concentrated most of its available ships and men at Dakar, while American troops were reported in Freetown and Monrovia, Liberia, south of Dakar.

FARM LABOR: Deferment at Last

Steadily worse had become the farm labor shortage. Drastic action was necessary to prevent a breakdown in the all-out war program. Paul V. McNutt, chairman of the War Manpower commission, supplied that action when he ordered into immediate operation a far-reaching plan calling for occupational deferment of 3,000,000 "necessary" dairy, livestock and poultry farmers.

Under the program, draft boards are to reclassify from 3A to 3B all such workers already deferred on grounds of dependency. Local boards were likewise requested to grant occupational deferment to other farm hands who are "necessary men" and for whom replacements are not available.

A further step toward keeping essential workers on the farm was the army and navy's agreement to refrain from recruiting key farm employees.

Employers, including war plants, were instructed to cease hiring skilled farm workers. The department of agriculture moved to stabilize wages on dairy, livestock and poultry farms, while the U. S. employment service undertook to recruit farm workers from less critical occupations and shift them back to agricultural jobs.

SALARY CEILING: \$25,000 Limit

From fabulous-salaried Hollywood stars to low paid shop girls, every American wage earner would feel the impact of Economic Stabilization Director Byrnes' order putting a ceiling of \$25,000 on individual salaries and freezing all other wages at September 15 levels.

Purpose of the new regulation was to combat inflation and increase federal tax revenue on corporations.

Control of all wages and salaries up to \$5,000 yearly was given to the War Labor board. Under the regulations salary increases could be granted only in cases of individual promotions, individual merit raises, length of service raises, or under the operation of employer trainee systems.

Jurisdiction over all salaries above \$5,000 was assumed by the treasury department. After the order was issued, President Roosevelt instructed Secretary of Treasury Morgenthau to make future payments of his \$75,000 a year salary conform to the regulations. The wage ceiling covers salaries only and does not affect income from stocks, bonds or other sources.

WILLKIE: Reservoir Leaking

American radio listeners who may have expected a rousing, table-thumping tirade from Wendell L. Willkie when he reported on his recent globe-circling air tour, got instead a quiet, solemn discourse. But there was no mistaking the urgency of action he advocated.

Appealing for second fronts in Europe and Burma, Willkie urged that we give our Allies more than "boasts and broken promises" before the great reservoir of good will toward this country throughout the world turns into a gulf of resentment.

New South Pacific Navy Chief and CINPAC

Vice Admiral William F. Halsey Jr., famed task force commander who carried out the smashing attacks on the Jap-held Gilbert and Marshall Islands, is shown (left) with his chief, Admiral Chester W. Nimitz, commander-in-chief of the U. S. Pacific fleet (CINPAC). The navy appointed Admiral Halsey as successor to Vice Admiral Robert L. Ghormley as commander of U. S. naval forces in the South Pacific. Admiral Ghormley, who has been in command of the U. S. forces during the present Solomons campaign, was relieved of his command.

My Week by Eleanor Roosevelt

TREASURY PROGRAM WASHINGTON.—One afternoon I went to make a recording which is to be part of one of the treasury programs. It will be an interesting program with messages from various women in different parts of the world. Most of them, however, were not available to speak for themselves.

I like to make recordings and hear the results played back, because I discover things I do incorrectly. In the first place, I learn exactly where I take a breath when I should not. In the second place, I have a curiously artificial way of speaking which annoys me terribly when I hear it afterwards. Still, I can't find out exactly what I do that is wrong.

I think I found that one of my troubles is pitching my voice too high at the start, and talking too slowly. Problems like this always interest me and each time I try to speak a little differently, in the hope that eventually it will all turn out better than it has before.

On my return to the White House I had a few people come in to see. Among them was Mr. Kingsley Martin, who is one of the people who has long been active in the British labor movement.

MISLEADING PICTURES

That evening we had a party which we planned primarily for the children—an early supper and a movie, the title of which, soundly though they would enjoy it. Unfortunately, it turned out to be the type of song and dance affair which I imagined was produced and set very largely to other countries before the war. It depicts life in this country as it was never lived by any people I know.

My diplomatic friends tell me that this is one of the things which have helped to create strange impressions of life in the United States of America. Such stories seem to have had much basis in reality and will have less and less as the war goes on. Every day life has changed for people all over the world. It has changed for us in everything we buy for our families and homes costs more, but I think if we have yet felt the complete extent of the change which will take place as the years of war continue.

BRITISH WOMEN IN WAR

I have just had a letter from a British woman, who tells me she thinks in some ways they manage their employment of women much better at first. They did not make it clear that women with young children should stay in their homes as long as possible, since they were more important there until all other manpower needed for general services was exhausted.

This woman warned me that had meant a rather indiscriminate rushing into different war services when communities were inadequately organized to take care of them. Of course, the alternative is to employ older women, married women without children, and people who are handicapped in various ways but who are usable for special activities. Really to do a good job of placing people, not only in the places where they should be, but in the order in which they should enter new services, it seems to me that we shall find it necessary to register all women.

They will have to fill out rather complete questionnaires, so that it will be possible to recognize the skills and capacities, to know the backgrounds and experience and the present conditions in which they and their families live.

I was told some time ago it would be quite unwise to register women because, if that were done, they would immediately expect to obtain jobs when they were not available. I think it could be made clear that this was being done entirely for efficiency in the war, not because any particular woman may obtain a job tomorrow.

EMPLOYMENT REGISTRATION

I still receive letters from men and women, some of whom are actually in need of jobs and do not seem to be able to find them. They are simply tremendously anxious to make a contribution to the country's welfare at this time and do not find a place where they can be really useful.

In either case, it seems to me that registration and then coordination of the information, so that different parts of the country would be made cognizant of supply and demand, would mean a great deal at the present time.

RUSSIAN YOUTH

I was very sorry not to be able to go to the meeting sponsored by the Youth division of the War Relief, at which the young Russians, who came over here to register to the International Student assembly, were tendered a farewell. They came down to an apartment in New York where the meeting was over, however, a good-by, and sat around for a few minutes drinking coffee and eating coffee cake.

HIGHLIGHTS . . . in the week's news

BOSTON: Dr. Victor Heiser, medical consultant and author said that 42,000 American war production workers had been killed, either on or off the job since Pearl Harbor, "in spite of industry's best efforts to forestall accidents. Approximately 121,000,000 man days will be lost to vital war work this year because of absences from the job from all causes."

LONDON: The United States marine corps announced that additional units of marines have landed in the British Isles. Col. William T. Clement, Navy Cross veteran of Bataan and Corregidor, commanded the troops. He will serve on the staff of Adm. Tips on How to— Improve Your Lighting

Use One Large Bulb

There is one time when 2 + 2 doesn't equal 4, and that's when you add lamp bulbs. One 150-watt bulb gives more light than three 50-watt bulbs, so where practical, use one or two large bulbs instead of three or five smaller bulbs.

Keep Spare Fuses On Hand

Buy a few extra fuses the next time you are in a drug store, electric shop or other place where fuses are sold. Then you'll be prepared to put in a new fuse should one burn out.

L. H. Clark Is Buried Tuesday

Lewis Henry Clark, 50, died at a Lamesa hospital late Sunday night, from injuries received when he was kicked by a horse. Mr. Clark was doctoring horses at his farm in the O. K. community Friday afternoon, when a horse kicked him in the stomach. He was rushed to a hospital where an operation was performed, but injuries were so serious, no hope was given for his recovery.

Mr. Clark had made his home in the O. K. community since 1922. He was a member of the Baptist Church, having joined in 1917.

Funeral services were held at 2:30 p. m. Tuesday at the First Baptist Church in O'Donnell with Rev. E. F. Cole, Lamesa, and Rev. E. C. McDonald officiating. Burial was made in the O'Donnell Cemetery.

Survivors include his wife, Mrs. Clara Frances Clark; one brother, A. B. Clark, Lamesa; children, Mrs. W. T. Snellgrove, O'Donnell; L. G. Clark, Lamesa; Mrs. G. E. Vestal, Lamesa; and Bobbie Roy Clark, Bennie Wayne Clark, and Patsie Audene Clark all of Lamesa; and two grandchildren.

RECENT BRIDE IS GIVEN SHOWER

Mrs. Joe Furlow, the former Miss Nita Rae Miller, was honored for a shower of lovely appointments last week in the Baptist Church basement.

Hostesses were Mesdames. Truitt Hodnett, "Shack" Blocker, Ed Dorsey, R. E. Gollighly and Misses Verdie Hodnett, Mary Frances Fowler and Claudia Dorsey.

Guests were greeted by Miss Mary Frances Fowler and young Sammy Johnson, 9-months-old son of Supt. and Mrs. Fletcher Johnson.

Appointments stressed the Halloween motif.

Wanda Jean Huffines gave a musical reading and sang "My Dream Boat." Miss John Ellen Beach read. Punch, cookies and candies were served.

An array of lovely gifts was presented to the honoree.

About 100 guests called or sent gifts.

Scott Henderson of Quanah visited here Tuesday.

If you're running on leather tires... here's a tip

• These days, bald tires say "Walk!" You're outdoors more—in nipping winds. So it's just good sense to change from Summer underwear to HANES WINTER SETS.

These popular *middleweight* garments keep you warm outdoors without being uncomfortable indoors. You'll appreciate them if you're conserving fuel with a cooler house this Winter.

You also have the gentle, athletic support of the HANESKNIT Crotch-Guard. Conveniently placed opening. Flexible waistband.

CHOOSE FROM THESE HANES WINTER SETS

Wear a short-sleeve or sleeveless shirt with ankle-length Drawers (shown above) or with mid-thigh Shorts (Figure A). Ask for HANES WINTER SETS for boys, too.

HANES UNION-SUITS

(See Figure B.) For men who need even warmer underwear. Tailored to exact chest width and trunk length—they won't pinch or pull. Ankle-length legs. Long or short sleeves.

The HANES Label assures you quality garments at moderate prices. We are making every effort to supply you, but if you cannot obtain your favorite style of HANES Underwear, remember that much of our production is going to our Armed Forces. P. M. Hanes Knitting Company, Winston-Salem, N. C.

Shipping Christmas Foods

This year great quantities of home made food will go through the mails to the boys in training camps. That means packages must be mailed early to reach their destination before Christmas.

It also means that food must be well packed, so it will be delivered in first class shape. Only foods which can stand shaking and knocking about, which can withstand heat and cold, and which won't be affected by several days' delay in the handling should be sent.

What goes into the package should be determined by what the receiver likes best and by how well that food will ship. Here are some suggestions for a box of goodies: salted and spiced nuts in tight waterproof bags or tight tin boxes, nut bread, nut cookies, home made candy that isn't too brittle; jars of jam, jelly marmalade or cheese.

Bread should be wrapped first in

All America Knows Budweiser... but Few Know This

THEY'VE PASSED THEIR 'PHYSICAL'-TOO

America's feathered and four-legged armies are very much on their toes these days. Yeast vitamins used in fortifying animal feeds have done wonders in recent years to better the quality and propagation of livestock and poultry. Did you know that the Home of Budweiser is America's biggest single source of these vitamins?

Year after year, we have striven with research and resources to better the methods and facilities for brewing Budweiser. To do this, a laboratory specializing in fermentation and nutrition was necessary. Discoveries made in the laboratory and in the plant have led to the development of products contributing to human necessity and progress. Some of these products would appear to have only a remote relationship to brewing, yet, they are the result of scientific research into many allied fields.

Endless research in making the world's leading beer has led to other products

VITAMINS, B COMPLEX—for manufacturers of pharmaceutical and food products. Our plant is one of the world's largest sources.

VITAMIN D—Anheuser-Busch produces enough of the basic material for Vitamin D to supply the entire American market.

BAKER'S YEAST—We are one of America's biggest suppliers of standard and enriched yeasts and malt syrup used to make bread.

CORN SYRUP—many millions of pounds annually for America's candy industry.

SYRUPS—for food, table and confectionery uses and special syrups for medicinal purposes.

STARCH—for food, textile, paper and other industries—millions of pounds annually.

REFRIGERATING EQUIPMENT—for retailers of frozen foods and ice cream the country over. This division is now working all-out on glider wing and fuselage assemblies for our Armed Forces.

DIESEL ENGINES—Adolphus Busch, founder of Anheuser-Busch, acquired the first rights to manufacture this revolutionary engine in America and thus started our great Diesel industry on its way.

Honey Pumpkin Pie Inspires a Harvest Supper
(See Recipes Below.)

Harvest Supper Social

One of the nicest things about fall are those harvest supper socials when folks throughout the land gather together with the fruits of their summer labors and heap high the table with steaming chicken fricassee or beefsteak pies, fruits and vegetables, and pies, anything good to eat!

It's partially the food that makes these suppers unforgettable and partially, too, the way it brings old friends together before the long winter pulls in. Whether it's the local grange who sponsors the affair or the ladies' aid, or groups, the affair will be a tremendous success.

Remember the chicken fricassee?

- *Chicken Fricassee. (Serves 8-10)
2 3-pound chickens
Salt, pepper, ginger
3 quarts boiling water
½ cup each, onion, carrot, celery
1 bay leaf
4 tablespoons chicken fat
4 tablespoons flour
Juice of ½ lemon
2 tablespoons minced parsley
1 can mushrooms

Clean chickens, cut into pieces for serving. Sprinkle with salt, pepper and few grains of ginger. Cover with boiling water and cook slowly for one hour. Add vegetables and bay leaf and continue cooking until tender. Drain off liquid and surplus fat. Add flour to melted fat and cook until brown. Gradually add 3 cups chicken broth or 1½ cups chicken broth and 1½ cups rich milk. Season and cook until smooth. Add lemon juice and mushrooms. Place chicken in gravy with minced parsley and heat.

- *Baking Powder Dumplings
2 cups flour
4 teaspoons baking powder
½ teaspoon salt
2 tablespoons butter
2 eggs, well beaten
Milk
Sift dry ingredients, and chop in butter. Add eggs with enough milk to form a heavy drop batter. Drop quickly by spoonfuls into chicken broth. Cover closely and cook 10 minutes without removing lid.
*Cabbage and Apple Coleslaw. (Serves 6)
2 cups crisped, dried, shredded cabbage
Salt
1 cup diced apple
½ cup cooked salad dressing
Mix cabbage and apple with salad dressing and salt. Chill thoroughly and serve from a large bowl.

A highly prized and cherished favorite for these fall harvest suppers is Steak and Kidney pie, the meat floating in delicious gravy, topped with a flaky, crisp and golden crust:

- Steak and Kidney Pie. (Serves 6)
2 pounds beef steak (cut ¾ inch thick)
2 pork kidneys
2 small onions, minced
1 teaspoon salt
¼ teaspoon pepper

This Week's Menu
*Chicken Fricassee
*Baking Powder Dumplings
*Cabbage and Apple Coleslaw
Spiced Crabapples
Bread-Butter Pickles
*Sautéed Corn and Green Pepper
*Honey Pumpkin Pies
Coffee
Milk
*Recipes Given

- 1 cup flour
½ cup fat
2 teaspoons worcestershire sauce
Cut steak into 1½-inch pieces. Dredge with flour salt and pepper. Sauté with onion until brown in heavy kettle. Add sufficient water to cover meat well. Add sauce and seasoning. Place on heat to simmer.

Remove every trace of white tubes from kidneys and cut into cubes. Place in kettle, cover with cold water, bring to a boil and drain, and repeat a second time. Add kidneys to meat in kettle and simmer together until tender, about two hours. Continue to add a little liquid and stir from time to time to keep meat from sticking. Remove meat to a casserole, add enough liquid to cover, and set aside to cool. Cover with a crust of plain pastry and bake in a hot (450-degree) oven 12-15 minutes.

There are so many good foods at this autumn banquet that unless your vegetables are pointed up, their consumption may lag. There's no danger of that if you have either of these combinations:

- *Sautéed Corn With Green Pepper. (Serves 6)
3 tablespoons butter
3 cups corn, cooked
2 tablespoons green pepper
Salt, pepper
¼ cup cream
Melt butter in a frying pan. Add vegetables and seasonings with cream. Cover and cook slowly until liquid evaporates.

Savory Cabbage. (Serves 6)
1 head cabbage
1 tablespoon chicken fat
1 tablespoon flour
Salt, pepper
Hard-cooked egg
Cook cabbage in boiling salted water until tender but crisp. Drain and chop. Brown flour in melted fat, add stock, cabbage and seasonings. Cook slowly for 10 minutes. Garnish with egg.

***Honey Pumpkin Pie. (Serves 8)**
2 eggs
1 cup milk
½ cup cream
1½ cups pumpkin
½ cup honey
½ teaspoon salt
1 teaspoon cinnamon
½ teaspoon ginger
1 recipe all-bran pastry shells
Prepare pastry shells. Beat eggs slightly, add remaining ingredients and mix thoroughly. Pour into individual, unbaked pie shells and bake in a hot oven (450 degrees) for 15 minutes. Reduce heat to moderate (350 degrees) and continue baking 45 minutes or until knife inserted comes out clean.

Pastry Shells. (Makes 8)
¼ cup all-bran
1½ cups flour
½ teaspoon salt
½ cup shortening
4 tablespoons cold water (more or less)
Roll cereal fine. Combine with flour and salt. Cut in shortening. Add water, little at a time, until dough is moist enough to hold together. Roll out on a lightly floured board to about one-eighth inch thickness. Place in individual pie tins. Trim edges, leaving one-half inch beyond rim of pan. Fold under and flute. Fill with pumpkin filling as directed above.

IMPROVED UNIFORM INTERNATIONAL SUNDAY SCHOOL Lesson

By HAROLD L. LUNDQUIST, D. D. Of The Moody Bible Institute of Chicago. (Released by Western Newspaper Union.)

Lesson for November 8

Lesson subjects and Scripture texts selected and copyrighted by International Council of Religious Education; used by permission.

CHRISTIAN NURTURE IN THE FAMILY

LESSON TEXT—Deuteronomy 6:4-9, 20-25; II Timothy 3:14, 15.
GOLDEN TEXT—Train up a child in the way he should go; and when he is old, he will not depart from it.—Proverbs 22:6.

The religious life of the home is a determining factor in the life of the child, for it is in the home that the child's whole existence centers and from which he receives the repeated impressions, day by day, which determine character and destiny. Then too, it is in the home that the parent has the opportunity to demonstrate the reality of the faith professed in the church and to show the child that Christianity really counts in the ordinary experiences of life.

I. By Recognizing God's Word (Deut. 6:4-9).

Twice a day the orthodox Jew repeated the words of verses 4 and 5, "the Shema," in his time of prayer, morning and night. It was the foundation of his faith, declaring the oneness of God in a world of many heathen gods, and calling for complete and absolute devotion to Him.

But it was not enough that these words should be repeated in the service, they were to be taught with all diligence to the children and to be a normal and natural part of their daily conversation.

Here is a matter of great significance to us. The faith which we profess in the church must be effectively brought into the home. It is not enough to carry a Bible on Sunday, it should be in use in the home throughout the week; not only in family worship, but in the incidents of daily life.

The family altar has gradually disappeared, and it is regrettable that it has, for the testimony of generations indicates that in family worship some of the most useful men and women of all ages have received the direction of life which made them great for God.

Let us not readily assume that it is not possible for us to have a family altar simply because of the difficulties of time, place, etc. But if we cannot have such worship regularly, let us show our children that we have a real interest by reading our Bibles, by sharing some blessing found therein with them, and by making prayer the natural thing in the home at all times, not just in hours of trial or adversity. Let us recognize God's Word in our family life.

II. By Remembering God's Blessing (Deut. 6:20-25).

The nation that forgets its past will have no future worth remembering. The Israelites were to recall that the glorious history of God's loving kindness toward them bore testimony to the truth of His Word and to the faithfulness with which He had kept them. Their young people would thus be encouraged to trust God for the future. "Hitherto the Lord hath helped," means that henceforth we may count on Him.

In every nation there are those occasions of history where only God could deliver—and He did. The recollection of such events in a way which will give the glory to God rather than to man will strengthen faith and cause men to look to God in the hour of need, and to thank Him in the day of victory.

In the family too, we should cultivate the sacred memories of God's deliverance, of His blessing, of the joy of His fellowship in bright as well as threatening moments. Children who hear such matters gratefully rehearsed in the home have an effective anchor in a time of storm.

III. By Continuing in God's Grace (II Tim. 3:14, 15).

That which we learn of Christ and of God's Word is to be translated into living for Christ. The experiences of grace and the remembrance of God's blessing of childhood are not for that period of life alone but for a continuing in God's grace. This carries our thought a bit beyond the responsibility of the parent to provide the proper surroundings and training, and stresses the duty of the child to apply, perfect, and continue that experience of Christian truth and testimony.

Too many careless individuals, who because of the desires of their own wicked hearts have abandoned the church and the Book, blame it on the parents. "They were too strict. We had to go to church too much. They made me go to Sunday school"—such are their excuses. Of course, we know that they are only excuses, not reasons. They are the refuge of the hypocrite who is not willing to face his own terrible responsibility.

The obligation is on each one of us to continue in the things we have learned, and if we do not, the judgment must come upon us. If we do, salvation and blessing will come to us, and we in turn will pass it on to others.

May this lesson turn many an American home back to God's way.

Can You Win Freedom From Constipation?

Too many folks go on suffering from constipation when there's no need in the world for them to do so! Why? Simply because one of the commonest causes of constipation is lack of "bulk food" in the diet. In such cases, cathartics and purges can give only temporary relief! If this is your trouble, you can expect lasting relief from constipation—simply by eating KELLOGG'S ALL-BRAN daily. This crisp, delicious cereal supplies the "bulk" you may need—gets at the cause of your trouble and corrects it. Start eating KELLOGG'S ALL-BRAN today and drink plenty of water. See what a wonderful difference it makes when you correct the cause instead of trying to "remedy" the result! ALL-BRAN is made by Kellogg's in Battle Creek. If your condition is not helped by this simple treatment, it's wise to see a doctor.

DEALERS MAKE FARM MACHINERY INVENTORY

Inventories of more than 100 types of machinery and equipment will get under way in Texas next week.

Working with Texas' 254 county farm machinery rationing committees, dealers, distributors and manufacturers are being asked to take stock of their supplies and make final report by November 10.

Purpose of the inventory is to determine equipment and farm machinery available to Texas farmers for the 1943 crop year and lay ground work for permanent rationing, according to B. F. Vance, chairman, Texas USDA war board.

He explained that dealers who do business in six or more Texas counties should file their reports with the state USDA war board instead of local rationing committees, and with the Washington office if business is conducted in more than one state.

Included in the inventories are various types of planting, seeding, and fertilizing equipment, plows and listers, harrows and pulverizers, cultivators and weeder, grain, and rice binders, combines, mowers, rakes, power feed cutters and corn shellers, and hay presses or balers.

Other types of machinery and equipment to be included in the over-all inventory are tractors, power engines, farm wagons and trucks, dairy machinery and equipment, spraying outfits and domestic water systems.

Mrs. Guy Thompson was here this week visiting relatives. Her husband is with the Seabees in Alaska.

Mrs. W. L. Palmer is in Hamlin to be with her mother and brother who have been ill with typhus fever.

Tahoka Bulldogs Win In District

TAHOKA, November 5 (Special)—

Tahoka Bulldogs, District 6-A football champions by reason of their 14 to 7 victory at Denver City last Friday night, will meet the Levelland Lobos, champions of District 5-A, on the Tahoka field next Wednesday afternoon, Armistice Day, at 2:30 o'clock, for the bi-district championship.

Arrangements for the game were made by Coach Volney Hill and Supt. W. T. Hanes of Tahoka and Coach Gano Tubb and Supt. Tom McCollum of Levelland. Since Tahoka had played at Levelland last, Interscholastic League rules provide that the championship game be played here.

Levelland is sending its band and pep squad and a number of fans along with its twenty-man football squad. Levelland business men are closing their stores to follow their team to Tahoka.

Levelland won the championship of District 5-A last Friday by defeating Olton at Olton 13 to 12. Her only defeat of the season has been
