O'DONNELL, LYNN COUNTY, TEXAS, JUNE 26, 1925

No. 40

Road Bond Issue for \$500,000 to Be Voted on Next Tuesday

Elections will be held at the various voting precincts of the county next Tuesday to ascertain the wishes of the voters in regard to the issuing of road bonds in the sum of \$500,000 and the levying and collecting of a special tax of 15 cents on the hundred dollars valuation. Very little agitation has been made either for or against the proposed measures, but that is no reason why every voter in the county should not cast a vote one way or the other. Go to the polls and enjoy the privilege given you by the possession of a poll tax receipt.

Odd Fellows Hold Memorial Service

Sunday was Odd Fellows' Memorial Day at the Baptist church and practically all the members of the O'Donnell Lodge were present. Rev. W. K. Horn preached the memorial sermon which was said to have been very impressive. Pews had been reserved for the members of the lodge and they marched from the hall to the church in formation and at the close of the services they marched back. A number of visitors from Lamesa attended the services.

Once each year the Odd Fellows hold this service in honor of departed brothers, afterwards going to the cemetery and decorating the graves. The O'Donnell lodge has been fortunate so far in not having a deceased member and there were no services at the cemetery Sunday.

Prof. Kazmeir, the great poultry man, will be at Estes & Clayton's store at noon Friday and will be glad to talk with all poultry raisers. It will be worth your while to hear him talk on poultry problems.

Mr. and Mrs. Virgil Guye were visitors from Lubbock Wednesday evening.

Good Rain Falls Wednesday

Following a very noticeable drop in the temperature, good old skyjuice began to fall Wednesday afternoon at 1:15 and continued for an hour, giving O'Donnell and surrounding country a good soaking, the precipitation ranging from an inch to an inch and a half. The rain covered the country to the north to Tahoka, east to the cap rock, south to Lamesa but to the west and northwest it only reached out about four miles. But the section to the west had a good rains on Thursday and Saturday nights of last week and was sitting beautifully and did not need moisture.

This rain will send the cotton and feedstuffs well on toward maturity and it now looks like that the O'Donnell country will produce better than 30,000 bales.

Come to the O'Donnell country now and avoid the great rush later on.

Traffic Officer Required Saturday to Untangle Jam

If anyone has a doubt that O'Donnell is becoming a busy business center they should see the crowds that come in on Saturdays. At one time last Saturday 212 cars were parked along the business streets and a jam occurred which required the services of City Marshal Wimberly to untangle them, and from that time until late in the afternoon he acted as traffic man to keep the cars moving so as not to blockade Doak street. The sidewalks were so packed with shoppers that one could only push through. All the stores enjoyed a good trade during the day.

Elinor Glyn Story at State

Marie Prevost and Monte Blue are supported by a corking cast including Claude Gillingwater, Vera Lewis and Creighton Hale in the Warner Bros. screen adaptation of Elinor Glyn's "How to Educate a Wife," which will be shown at the State Theatre Monday and Tuesday. The story may not solve any of the perplexing problems of married life, but it does provide a merry, mirthful evening's entertainment interspersed with the sound philosophy from a woman whose name has become a household word throughout the world. It is a picture that will appeal to men and women of all stages and stations in life.

Circumstantial evidence supported by the silence of the defendant carries an innocent man to the steps of the scaffold in the Paramount production entitled, "The Stranger," featuring Betty Compson, Richard Dix, Lewis Stone and Tully Marshall. It will be shown here Wednesday and Thursday. In order to save the family name, the elder brother persuades the guilty young brother to let the Stranger take the blame, which the latter prepares to do by way of atonement for having forced his daughter into a degrading street life. How the girl of the streets and the wastrel younger brother face the issue and put to shame the smug hypocrisy of the elder brother furnishes a story with plenty of power, thrills and love, augmented by the tragic appeal of the title character who calmly starts for the gallows to pay the death penalty for a crime he did not commit.

Fred Thompson, and his horse, "Silver King," will be seen Friday in a real action picture entitled, "The Dangerous Coward" It is a story of the modern west and deals with rodeos, prize fights and other sports and also of the joys and troubles in a western town. Supporting Thompson are such stars as: Hazel Keener, Lillian Adrian, Jim Corey and Frank Hagney, who three years ago was the first man to knock out Luis Firpo, that "wild bull of the Pampas" who was after Jack Dempsey's title. A Fox Comedy and Fox News will complete the program.

On Saturday, the feature will be a clean-cut outdoor western with Bob Custer as a star. The first of the "Telephone Girl" series, entitled, "Julius Sees Her," will also be shown.

Mr. and Mrs. J. C. Olive of Lee county are visiting their daughter, Mrs. E. J. Tredway. They will spend the summer here.

J. W. Chandler and Mrs. Cull Hart are spending the week with relatives at Post.

City Council Orders Election to Vote Improvement Bonds

Masons Install New Officers

Before an audience of more than 200 people, the O'Donnell A. F. & A. M. Lodge No. 1187, held a public installation of the newly elected officers Wednesday night. Out of town speakers had been engaged to address the members and guests at this occasion but the heavy rain of the afternoon prevented them from attending. J. H. B. Kyle acted as marshal and Past Master D. M. Estes served as installation officer for the impressive occasion. Following are the new officers:

W. G. Allen, W. M.; Ben Moore, Senior Warden; Robert Orson, Junior Warden; C. A. Baldwin, Treasurer; H. E. Gillespie, Secretary; W. E. Singleton, Senior Deacon; Clarence Gillespie, Junior Deacon; M. C. Hamilton, Senior Steward; N. J. Shook, Junior Steward; J. W. Tyler.

After the installation Miss Sue Gates rendered a number of piano solos which were greatly enjoyed. Refreshments consisting of sandwiches, salad, cake, ice tea and ice cream were served.

This lodge is growing and promises to be the strongest in the county.

"Bush" McGonagill says anyone knowing or hearing of any new cuss words will confer a great favor on Jack Miles and Ray Smith by telling them what they are, as they use no whips and their teams know all the old ones.

Dr. and Mrs. L. D. Stephen are home from Seagraves.

A meeting of citizens was held at the High School auditorium Wednesday to hear a report from Engineer Wells, representing the Devlin Engineering Company of Amarillo, in regard to the cost of the proposed water supply system and the drainage of flood water from the streets.

Mr. Wells had made a survey of the town a few weeks ago for both propositions and submitted blue prints and gave the cost of both projects. According to the plans for the water system, the supply will come from either a dug well twelve feet in diameter or two drilled wells, the reservoir to be 100 feet high with a capacity for holding 75,000 gallons. The leading mains will be six inches in diameter and there will be thirty-eight fire plugs, placing each house in town within 300 feet of a plug. The cost of the entire system will be \$60,000.

According to Mr. Well's estimate it will cost \$22,000 to drain the water from the business section of town, his contour map showing that to be the lowest point.

Mayor McDaniel called for expressions from those present on both propositions and when they were left to a vote as to whether they were approved, all favored both projects.

Since there will be extra money needed to purchase fire fighting equipment, it is expected that the bond issue to construct the proposed water works will be placed at \$65,000, and as extra funds will be needed to grade some of the streets, the drainage issue will call for \$25,000.

The city council met last night and ordered an election to be held on August 5th to vote bonds for both improvements.

To Prove

that you really can save, keep a list of the money you spend for a week. Then add the unnecessary amounts and you will have the total that you might have saved. Secure your future financial independence by opening an account at this bank.

WHAT IS EVAPORATED MILK?

Did you ever stop to figure out the exact meaning of "Evaporated Milk"? The word "evaporated" may give you the idea that in the process of evaporation the milk has lost some of its valuable qualities. It hasn't. It has lost only water. Sixty per cent of the water is evaporated from the milk after it comes fresh from the cow.

The first step in processing the milk is the evaporation, when a portion of the water content is removed. The second step is the homogenization, which insures the cream being distributed evenly throughout the milk. The third is the canning. The fourth is sterilization, which takes place in the can when the milk is subjected to sufficient heat to destroy the bacteria. Thus evaporated milk remains as pure and fresh in the container as when it foamed into the pail in the farmer's barn.

Evaporated milk is now generally recognized as the freshest milk available to those not living on farms and producing their own milk. For freshness in milk means purity.

Transportation of milk from the dairy country to the city is well systematized and rapid and yet owing to the immense quantities of milk that must be rushed in daily, much of it must be obtained at considerable distances and a large per cent is necessarily some days old when it is delivered by the milkman.

Evaporated milk, on the other hand, is last night's and this morning's milk. From the dairy barn, always under rigid inspection, it is hurried by farmers to factories located in the heart of the dairy country and delivered when it is fresh. Evaporated milk is canned just at its "freshest moment," when it is in its finest state. It is never allowed to get old. The whole process from cow to can requires only a few hours. It may be interesting to know that the process of sterilizing takes place after the milk has been sealed in its containers. Once in its sterilized containers, there is no possibility of deterioration.

The sterilizing of evaporated milk insures its purity—it makes a safe milk for the children. Evaporated milk is boiled milk, and this makes it more digestible.

It may be used for any milk need with safety and economy.

For ordinary cream needs, use it just as it comes from the can. When a rich milk is desired, add an equal part of water. For cooking and baking, two parts water and one part milk will usually suffice.

Local Items.

Mr. and Mrs. W. T. Shelton of Lubbock, are visiting their daughter, Mrs. H. B. Welch this week.

A. E. Alter returned Tuesday from a business trip to Little Rock, Ark. He was accompanied home by his niece, Mrs. Mary Gallaway, who will make her home here. Mr. Alter says that Arkansas and the Plains country were the only sections visited where good crops were in evidence.

W. M. U. Meeting

The members of the W. M. U. of the First Baptist church were royally entertained by Mrs. I. M. Wright Monday afternoon at the home of her daughter, Mrs. J. E. Scott. The meeting opened with the song, "His Way with Thee," followed by prayer by Mrs. Middleton. The teacher being absent, Mrs. Winters was appointed to fill the place for the afternoon. The lesson which consisted of questions, was taken from II Chronicles.

After the lesson, a delightful social hour followed. Mrs. Scott stated that since she was sure most of the guests were excellent musicians, they would all take part in a musical contest. This filled the members with fear as few present knew anything in music. Slips of paper were passed having phrases and sentences written on them representing musical terms. Each was supposed to write the term suggested after each group of words used. Everyone felt relieved and much merriment was had at studying and guessing the answers. No one succeeded in getting them all correctly answered and the "wisest" could not be determined since several had the same number. But everyone enjoyed the dreaded contest to the highest degree.

Little Miss Jewel Scott favored the guests with a lovely piano solo, showing wonderful talent for a child of her age.

Lovely refreshments consisting of home made ice cream and cake were served to the following ladies:

Mesdames R. W. Carroll, Boyd Fortner, John Anderson, F. M. Vaughn, J. G. McCarroll, M. E. Smith, W. L. Rodgers, J. L. Winters, C. H. Mansell, J. M. Jones, P. O. Cabbiness, J. T. Middleton, W. K. Horn, Jeff Musick, Bill Phillips, J. H. Hardberger, M. C. Hamilton, C. W. Moses, I. M. Wright, J. E. Scott and E. L. Sorrels.

For Rent—A new 7-room home with two porches, newly painted inside and out, for rent to reliable party. Well located one-half block east of school house on 4th street. Plenty good water and piped into house. See J. W. Stuart, at residence

L. G. Phillips returned from a visit to Bronte Monday accompanied by his sister, Mrs. F. M. Collins, who will visit here for a few weeks.

W. M. Pickald was checked in last week as station agent at the Santa Fe depot. He comes from Northeast Texas and was accompanied by his family.

For Sale—Pure Ribbon Cane Syrup fresh from the mills. Guaranteed or your money back. Bring your bucket. Store back of Wyatt's blacksmith shop.—N. G. Betenbough.

Travis Brown put in his application to the summer Grass Widowers' Club this week, Mrs. Brown having left last week for a visit to Hobart, Okla.

Dr. C. E. Waller purchased a new Chevrolet touring car this week from the O'Donnell Chevrolet agency.

Local Items

C. M. Cox and W. C. Hart packed up the Cox Maxwell Tuesday with fishing tackle, grub worms and some other kind of a bait that was in a bottle and hied to a place where the bass are expected to bite in a bully fashion. Watch for a big fish yarn next week.

Mr. and Mrs. J. N. Lemond and Mr. and Mrs. A. R. Hensley from Draw were the guests of Mr. and Mrs. L. H. Moore Sunday. The Moores formerly lived at Draw and they are always glad to have their friends from that neighborhood visit them.

We have buyers for a few bargains in real estate. If you want to sell your farm or town property, come in and list with us—O'Donnell Land Company.

Newmoore Items

The good Lord is smiling on this part of Lynn county. We are having rain, rain. General Green is arrayed against the farmers of Newmoore, but he will have to fall against the army of valiant soldier workers with their warfare of modern implements—tractors, trucks, godels, slides, cultivators, and best of all weapons, the hoe. It is the final battle of Armageddon.

Mr. Hughes reports a four-inch rain Thursday on the north side of the ranch. Elza Cantwell reports a three-inch rain on northwest of headquarters three-miles. His 50 acres of cotton on level land was baptized by emersion for several hours. The south side of the ranch had only a Methodist sprinkle.

Tom Pharr and family from Kno. City, have located in our midst. Mr. Boze, his father-in-law from Roswell, New Mexico, has also located here.

Mr. Goad says if his Prince Albert tobacco holds out he will stand his ground with General Green's army.

R. L. Barrett made a trip to Lubbock last week to see his new grand-daughter.

He says the Hub of the Plains is a humming. The folks up that way have their eyes on Lynn county for the biggest cotton crop of any the Plains counties.

The literary society will not have any more programs until late in the summer.

Our gin will be started in a hurry next week and rushed to completion. We aim to make Newmoore a New York cotton market for Lynn county. We have prospects of making from four to six thousand bales.

Newbrough brothers are drilling a well for L. C. Newman this week.

Say, folks, have you been reading the Dallas News and other state papers the last few days in regard to the extension of the Katy from Rotan via Snyder, O'Donne'l and Newmoore and on west to New Mexico points? It behooves every citizen along this old survey to get busy. This road is worth working for. We are in the center of the cotton belt of the Southplains. Let us hear from the editors of the Lynn county papers. What do you say, Mr. Kellis?

Miss Florence Hicks is visiting friends in Houston.

Bill Harbeck is drooping around like a sick chicken the last few days, refusing to accept consolation from any of his friends. It is thought he will recover by August first.

Will Peckal will leave this week for Temple where he will take treatment at a sanitarium.

Mr. and Mrs. O. A. Fox have the prize White Leghorn pullet. She began laying at three months and fifteen days of age and is producing eggs like an old-timer. It's the climate and soil. Come to Newmoore.

Miss Viola Ellis has been elected first assistant in the Newmoore school. The young lady has a splendid teaching record and the patrons of the school are fortunate to secure her services. With Miss Lowrie as principal and Miss Ellis as assistant, we are assured of a good school.

W. L. Walker and family came in from Littlefield Monday and will have charge of the building and operation of the Mason gin. Active work on the construction of the gin is now under way. It will be modern in every respect and will have a battery of four-eighth saws. The office has been completed. Mr. Walker is an experienced gin man and will give the patrons of the Newmoore gin good service.

J. L. Lester announces that he has been feasting for several days on string beans, potatoes, lettuce, raddishes and onions from his garden. Now that his spring chickens are ripe for the frying pan, he is going to live like a lord.

The sage of Newmoore says that O. A. Fox is growing half-and-half cotton—that is half weeds and half cotton under his scientific methods of farming. He believes that O. A. should use more muscle and less science.

R. E. Seay, one of our enterprising farmers, says he has the best crop that he ever had in his life, the rains coming just right to make everything grow to perfection.

Will Peckal brought in the first cotton blooms on June-teenth—Nigger day. Can you beat it?

Mr. and Mrs. O. A. Fox went over to Joe T. Moore's Sunday to eat ice cream and play with

the Moore family's latest pet, a prairie dog. Their other pet a duck, is now busy looking after a family of its own and has no time to be petted.

We are contemplating a picnic, barbecue, base ball and rodeo at our village on July 4th. We may have Farmer Jim Ferguson come and tell us how many Ma has set free from the pen. I ring off.

Jack Frost.

H. W. Fulton, of Lamesa, was a business visitor in O'Donne'l Saturday. Mr. Fulton makes a specialty of writing life insurance and is considered one of the best in the state for the number of policies he writes. He was a former business man of this place, at one time owning the Corner drug store, and has many friends here.

Ford Sales Are Increasing

Sales figures of the Ford Motor Company for the month of May show a continued good domestic demand for Ford cars and trucks, the last ten days of the month showing a substantial increase over the previous ten days. The figures also disclose record-breaking sales abroad and in the high-price car field a growing demand for Lincoln cars. In fact, the Lincoln sales in the United States during May went to a new record with 968 deliveries to customers, exceeding by more than fifty the record established in April.

Ford car and truck sales for the month reached a total of 201,779 of which number 19,576 were foreign sales. This is a record for deliveries and is more than 1,100 above the April sales.

Monuments

I am now representing the Western Monument Company of Dallas. We handle all lines of the best and latest designs of marble and granite. All work is guaranteed from factory to the erection of the monument.

We prepare to compete and excel, in prices and terms, anything in this territory in this line of work.

ICED DRINKS IN THE SUMMER

On a warm and sultry summer day, there is nothing more refreshing to the mind and to the body than an iced drink. Of course, when such drinks are being used, moderation should be practiced, because if taken in excess or too rapidly, they are liable to be injurious to the stomach. However, when taken in a sensible manner, they are refreshing and beneficial to the fatigued. In the manufacture of these drinks, care should be taken to avoid any combination that may be indigestible or hard to assimilate. The drink should be consumed in a slow and leisurely manner.

The greatest danger present in the use of iced drinks is the one that involves the use of ingredients that are possibly impure or contaminated in any way. This is very liable to happen if the juices that are used are allowed to stand until they become soured and unfit for use, or if the milk or other ingredient used is not strictly fresh. The predisposition of milk to spoil quickly at summer temperatures makes it oftentimes necessary to use evaporated milk, which after all is just pure fresh milk with more than half the water taken away. It is sterile and, therefore, always safe. For use in iced drinks, it is ideal.

Following are several formulas used in the manufacture of iced beverages. If these formulas are followed religiously, the results will be found to be very satisfactory.

Chocolate Malted Milk.
1 cup evaporated milk
1 cup water
2 teaspoonfuls cocoa
2 teaspoonfuls malted milk

Mix cocoa with water until syrup is obtained. Put all ingredients in Mason jar and shake thoroughly and serve with chopped ice.

Milk Punch.
1 cup evaporated milk
Sugar to suit taste
1 cup tea
2 tsp. lemon juice
2 tsp. orange juice
1/2 cup water
Small stick cinnamon
1/2 cup fruit juice (currant or berry preferred)

Boil slowly the cinnamon, a lemon rind and orange rind in water for ten minutes. Strain and when cool add the other ingredients. Place in a Mason fruit jar and shake well. Serve in tall glasses with chopped ice.

Egg Nog.
1 egg
Pinch salt
1/2 cup cold evaporated milk
1/2 cup ice water
1 1/2 tsp. powdered sugar
2 tsp. fruit juice
Nutmeg gratings

Add salt to egg white and beat to a stiff froth. Add the sugar, the well beaten yolk of the egg and the fruit juice and nutmeg. Fill glass with milk and cold water. Sprinkle top with chopped nuts.

Fairleys Will Not Trade O'Donnell For California

Eagle Rock, Calif.
 Editor Index:
 We left Littlefield Wednesday and traveled through some of God's country until fifteen miles west of Clovis then we went into some country that was not God's country and stayed in it until we got in fifteen or twenty miles of this place. This does very well as a fruit country, but give me good old Southplains. The first day we made it to Ft. Sumner on the Pecos river, there we went into the rock beds for twenty miles, not a bit of earth, just shell rock, and from rock we went into alkali lakes and sand. The rest of the day the wind was high and I have been treating my eyes ever since. From Ft. Sumner we made it to Mountainair, there we needed more cover as the nights were cool. Leaving there we made our camp at Socorro. At that point our friend Minton left us and went south to Hot Springs where we hope he is having a good time and improving in health.

From Socorro we had to climb mountains about a mile high where we hit a barren country the rest of the way except some timber in the mountains. We stayed at Datil, six miles east of the summit in a canyon and we nearly froze. We crossed the New Mexico line into Arizona between Quemado and Springerville, and there we hit the old volcanic lava beds and had them nearly all the way through Arizona. We stayed at St. Johns on the Little Colorado river the fourth night out. They sure have fine shade trees. From there we went through the petrified forest where whole pine trees three feet through and fifty

to sixty feet long had turned to solid stone, and on to Holbrook where we had to make a sixty mile detour to Flagstaff, the prettiest town in Arizona. From Flagstaff to Kingman was our longest days' drive. We hit the gold mines at Oatman. They are in the mountains, and oh, boy, what a crooked and dangerous road we had that day. We wore our brakes out and had to stop and fix them before we got out of the mountains and over the Colorado river into California at Needles. That night we camped twelve miles west of Needles in the desert and sure slept warm. From there to Victorville on another river, we ran into the mountains and into a heavy coast fog, and you ought to have heard our teeth pop with the cold.

At the foot of the mountain is San Bernardino where we hit the grape, plum, lemon and orange orchards and paved roads. The rest of the way the orchards looked like cotton farms in Texas, especially the Sunkissed orchards, where it required seven hours to drive through. They are cultivated as good as any cotton patch I ever saw.

Have been down and looked over part of Los Angeles. The streets were a jam like it was at the Brownwood convention. Will go to Long Beach tomorrow and may take a dive in the big pond. None of our crowd would swap the O'Donnell country for all of New Mexico, Arizona and California.

We are waiting to see the next issue of the Index. Hope you have had good rains. Yours for the best place in the world—O'Donnell.

A. C. Fairley.

Pride Breezes

A nice rain fell at Pride Saturday night.

J. P. Allen, who has been ill, is reported as better.

Lena Jones and Mae Cathey spent Saturday night with Mr. and Mrs. Earnest Harris of Fairview.

Mrs. Matt Green and daughters called on Mrs. J. L. Tyson Tuesday afternoon.

Lonnie and Kossie Swinney of Southland, are visiting their brother here.

Guy Preston motored to Lamesa Saturday.

Mr. and Mrs. C. D. Hanes called on Mr. and Mrs. C. J. Jones Sunday.

Miss Madeline Morrison spent Saturday night with the Lightfoot girls and they attended church at Fairview Sunday.

C. B. Morrison had finished a well on his place east of O'Donnell and from the looks of things he had better ditch the water into town.

Fritz.

SERVICES

The Dallas Morning News delivered at your door on day of publication. Keep in daily touch with war conditions in China and Mexico which is causing our own country so much concern.

Special rate daily and Sunday from now until January 1st, 1926, for \$3.75.

J. G. McCarroll, Circulator. Temporarily located at P. H. Northcross store.

Berry Flat Gossip

R. J. Hendricks and wife of Tatem, N. M., spent Saturday night and Sunday with Jas. B. Parker and family.

Lester Parker and wife was entertained at Dewey Parker's Sunday night.

The trustees of Berry Flat hired their school teachers last week. Blanton Street, principal and Miss Natie Walker, assistant.

We also need some of that Pride sky-juice, but not any of the frozen pebbles.

Mr. Bowls has moved from the teacherage to his new home. We wish him much more luck in the future than he had in the past, as the pupils fought, cried, sparked and got married in their own estimation.

J. H. Parker and family spent Saturday night and Sunday at Gail.

I notice where Bell Burleson advertised for a large family, I hope he gets them and there is several grown girls, then maybe some other of the men will stand a chance.

Say Bulesonville, come on and write all the news, don't be so stingy.

Bugerne.

We have buyers for a few bargains in real estate. If you want to sell your farm or town property, come in and list with us—O'Donnell Land Company.

Mrs. C. Fahrlander and Mrs. K. Couch and son, Edward, of New Mexico, will arrive this week to spend a few days with Mr. and Mrs. R. E. Painter. George Fahrlander of Ohio, will also be in the party.

You will enjoy good health if you take Chiropractic adjustments from C. T. Kibbe, D. C.

Stork Leaves A Girl

When Quincy Haney came down town Saturday morning singing "Just One Girl" his friends were amazed, as he was never known to even hum a tune before. For fear that the heat of the last week had turned his mind, the editor asked Dr. Collins what was wrong with him. The doctor said Quincy was all right; that it was just one girl that was on his mind; born at 1 o'clock Friday and the little lady weighed seven and a half pounds. Mrs. Haney and the little daughter are doing fine and Quincy will soon be able to make the proper change at the drug store.

The people out at Wells and Newmoore are playing in luck this season so far as plenty good old skyjuice is concerned. It had not rained out that way since last Thursday until Saturday night when about two inches fell in parts of that section. Crops are 100 per cent good, the rains coming just right to keep the cotton and feedstuffs growing. A bale to the acre is the prediction on many of the farms.

Fortners Return from Trip East

A. B. Fortner and brother, D. N. Fortner of Foard City, returned from a month's visit to Central and East Texas Friday. They report having enjoyed the trip very much, visiting their old home in Fannin county. In all their rounds they claim that crop prospects in the O'Donnell country were the best of any seen. D. N. Fortner owns a section of fine farming land east of town, besides extensive land interests in Foard county, and how he manages to keep out of matrimony is a mystery.

Special Services at Presbyterian Church

Special services will be held at the Presbyterian church next Sunday in which some new elders will be ordained. The members are planning to put the church work on a new business basis and this will be fully gone into. Special music, including "The Awakening Chorus," will be had. A cordial invitation is extended everyone to attend.

W. J. Long, who lives in the Draw community and makes O'Donnell his headquarters for trading, was in town Monday after supplies. He says he has the best prospects for a crop he has had in the many years he has lived in Lynn county. Back in old McLennan county, when the editor and Mr. Long were boys, we wore out most of the rocks in the Bugscuffle community throwing them at squirrels. It was quite refreshing to meet Mr. Long and talk over the old days.

Mrs. C. R. Tate was called to Lubbock this week to nurse a special case in a sanitarium.

Tredway News

Some young cotton died the latter part of last week in this community, but the old cotton is growing nicely. A good rain would be appreciated at this time.

No sickness in this community and everybody is busy cleaning out their crops.

A. J. Wilcox of Seagraves, was in this community Sunday and Monday on business. He says he has a fine crop, although some of his neighbors lost their crops during the high winds a few days ago.

Owen Davis made a business trip to Olling Friday.

Mrs. Merrett went to Big Spring Sunday expecting her daughters to meet her there.

Bob Schalk of O'Donnell visited Ned Smith Saturday night.

Miss Teresa Bearden and Miss Hazel Fisher took dinner with Miss Orville Wade Sunday.

Rev. G. W. T. Hightower and family, A. F. Holder's family and Grandma Holder visited E. Wilcox Sunday.

Miss Hayola Stuart took supper with Miss Florence and Gertrude Wilcox Sunday evening.

Our Parent-Teachers' Association will meet Friday night, June 26. Everybody invited to attend. We are expecting a good program. The association meets once a month.

Next Sunday Brother Hill will fill his regular appointment at Mesquite.

A large crowd attended Sunday school Sunday. Some splendid singing was had after the close of the lessons. After the singing Brother Hightower made a short talk in regard to having a singing school at Mesquite and recommended Mr. Barnes to teach the class. It was decided to have Mr. Barnes instruct the class.

Now let us fall in line and have one of the best singing schools ever taught here.

Jay Bird.

Mrs. Jim Humphries and daughters, Misses Veta and Daphna, who have been visiting Mr. and Mrs. L. D. Tucker for the past week, returned to their home at Knox City Saturday.

Entertains With Birthday Party

Little Miss Hazel Potter celebrated her eleventh birthday Monday by having about sixteen of her friends as guests, and each of those present say she made a delightful hostess for the occasion. The guests drew numbers for partners and when all numbers had been matched the little folks marched to the punch bowl where they were served.

Games such as please or displease, flying dutchman, breaking the walls of China, thimble and winkle were played, after which refreshments consisting of ice cream and cake were served. In departing the little friends of the hostess wished her many returns of this happy day.

The following were present: Eula Bell Miles, Beverly and Jim Ellen Wells, Clarinda Mary Sanders, Mary Vance Kenester, Merl Miles, Alice Joy Bowlin, Marie Tucker, Thyra Lee Painter, Glynn Everett, Newman Caddell, Clyde Tate, Cecil Tredway, Ray Guye and Ned Sanders

NOTICE.

Notice is hereby given that all accounts for city sanitary work will be due and payable on the first of the month. Those in arrears will please be prepared to pay the bills when presented on the first of July. I will do my own collecting. Do not pay to anyone else.

Respectfully,
Mrs. H. B. Welch,
City Sanitary Officer.

Note! Stars in Telephone Girl Series

Speed and jollity are the twin forces that make the "Telephone Girl" series one of the most popular short subjects in filmdom today. These pictures will be a bright feature of the program at the State Theatre every Saturday night beginning July 4th. The stories are from the pen of H. C. Witwer, noted author of slang fiction. Among the well-known players in the cast are Alberta Vaughn, the star of the series who portrays the role of Gladys Murgatroyd, the sophisticated telephone girl; George O'Hara whose brilliant work in the "Fighting Blood" series will be long remembered by local movie fans; Tom Wilson, one of the best known character actors on the screen and Charles King, Kit Guard and Al Cooke, the famous, comics of the "Fighting Blood" series.

Mr. and Mrs. L. W. Bohanan of Knox City, are visiting their son, C. J. Bohanan.

Mrs. B. C. Morgan of Ranger, is the guest of her sister, Mrs. L. D. Tucker.

Typhoid
Reported

According to Dr. C. P. Tate, there are several cases of typhoid in town. This being the case every precaution possible should be used to prevent the spread of this disease. Dr. Tate advises that all toilets should be screened and disinfectants used freely in all places where flies breed. He also advises the people to be inoculated with anti-typhoid serum.

The heavy rains of the past month have filled all holes and depressions with water, making a breeding place for flies and the hot weather has hatched them by the millions. The filling of these ponds and war on the flies should be started at once, or the town stands a chance of having an epidemic of typhoid.

Entertains With
Birthday Party

Mrs. L. H. Moore gave a birthday party to her sons, Jay Kay and Medford Saturday afternoon. The youngsters spent some time playing games loved by little folks and then they gathered around a tub of ice cold lemonade, shouting that it was "made in the shade by an old maid." They were soon ready for games again. Two of T Bar's little girls sang a duet which was greatly enjoyed.

The youngsters were paired off and marched into the dining room where they were served delicious ice cream and angel food cake. There were forty-four present and in departing they wished their little friends many happy returns of this day.

World's Wettest Spot
Found in Assam Hills

We often complain about rainy weather, but really we do not know what rain means! One has to go to the Khasi hills, in Assam, to see rain at its heaviest, for there it comes down in Niagaras. This spot, for it is not of large extent, rejoices in the name of Cherrimpungl, and it deserves all the other bad names one can give it. Its annual rainfall averages 458 inches, or just eighteen times the rainfall of London.

In 1861 Cherrimpungl nearly doubled its average, for in that year 905 inches fell, of which 366 were recorded in the month of July! On the 14th day of that month 40 inches of rain fell in twenty-four hours, and in the five days, June 12 to 16, the total reached upwards of 114 inches, or more than four times the average annual rainfall of London.

The heaviest recorded rainfall in Great Britain occurred at Bruton, in Somerset, on June 29, 1917, when 9 1/2 inches fell.—Tit-Bits.

English Commonwealth

The name "Commonwealth of England" is given in history to the interregnum between the death of Charles I on January 30, 1649, and the restoration of Charles II, May 8, 1660. During this period of 11 years, the government of England was nominally a republic, although in reality a military despotism, ruled by Oliver Cromwell, assisted by a council. On December 16, 1653, Cromwell was made lord protector, and held this office for about five years, until his death, September 3, 1658, when he was succeeded by his son, Richard Cromwell, who proved to be a weak and inefficient ruler, and soon retired into private life. Monarchy was restored in England May 8, 1660, and Charles II returned to London May 29 of the same year.—Kansas City Star.

"Are the girls timid when in a barber shop?"
"Naw, the men are the ones who show signs of panic."—Louisville Courier-Journal.

Ship 7,500,000 Blades
Safety razor blades made in this country and shipped aboard last year numbered nearly 7,500,000, or nearly three times the number of 1922.

Tucker Will Build
Store on Haney Lot

A deal of some importance to the future of O'Donnell was made this week when L. D. Tucker purchased G.A. Haney's lot on the west side of Block A. It is Mr. Tucker's plans to soon commence the construction of a brick building on the property. The building will have a 25-foot front and will extend back 100 feet. The front will be of plate glass and ornamental brick and will be an up-to-date store building in every respect.

Keep your good eye on O'Donnell and watch her grow.

Kibbes Entertain

Dr. and Mrs. C. T. Kibbe entertained a number of friends at Forty-two Thursday night of last week, five tables being provided for the guests. The host and hostess proved themselves admirable entertainers and in departing the guests expressed themselves as having had the best time of the season. Refreshments consisting of sandwiches, fruit, salad, cakes, olives and ice tea were served to the following:

Messrs. and Mesdames E. L. Sorrels, W. D. Guye, M. H. Rodgers, C. M. Cox, Albert Koeninger, Morris Sanderson, J. R. Sanders, E. T. Wells, Cull Hart and Harvey Everett.

Narrow Escape From
Serious Injury

Mrs. J. H. Hardberger and her father, W. J. Teaff of O'Brien, had a narrow escape from serious injury and possibly death last Friday on a road near Colorado. They were en route to O'Donnell from a visit with relatives in Mitchell county when the big Studebaker they were driving ran off a small bridge, overturning the car. Mrs. Hardberger was not injured, but Mr. Teaff received a bad cut over his left eye and had his back bruised. The car was so badly damaged that it was taken to Colorado for repairs.

Mr. Hardberger went down Saturday and brought Mrs. Hardberger and Mr. Teaff in. The latter will spend a few weeks with his daughters, Mrs. Geo. D. Foster and Hardberger.

Holman Child Dies

The three months old son of Mr. and Mrs. Carl A. Holman died at 6 o'clock Thursday morning after an illness of several days with catarrhal fever. The funeral services were conducted by Rev. W. K. Horn and burial was made in the local cemetery. A large number of friends of the family attended the services.

The sorrow of Mr. and Mrs. Holman is deep over the loss of their only child and in their sorrow they have the deepest sympathy of everyone.
