

RULES GIVEN ON SAFE FLYING OF KITES

This is the time of year when the great sport of kite flying is enjoyed by many of you. In order that you may fly your kites safely, the Electric Service Co. has outlined for you some safety rules which will help you get more fun out of flying your kites and at the same time keep you from getting hurt or losing your kites.

These rules are —

- Fly your kite out in the open where it will not get caught in wires.
- Use only string made of cotton, silk, linen, nylon or rayon.
- Use only wood in your kite frames.
- Fly kites only in good weather. If you do not want to get them rain soaked.
- If your kite should get caught in electric wires, call Texas Electric Service Co. They will send someone to get it down for you.
- We and the Texas Electric Service Co. want you to enjoy your kite flying and careful observance of these safety rules will do away with the possibility of accidents.

- 26th — Literary events at Sundown

MOORE SHOWS 5TH PLACE LAMB AT EL PASO

Kenneth Moore showed 5th place with Southdown lamb in El Paso Stock Show last week. Breeder of the lamb was Wendell Edwards. Kenneth also showed the 10th place lamb. Jo Ann Lacy showed the 12th place lamb with a lamb from the Ralph Beach flock. Others showing were Leidon Wilson, David Bessire, John Johnson, Sammy Rogers, Douglas Mires, Carolyn Reed. Robert Bessire showed the 10th place Angus calf. None of the animals were sold and were brought back to be shown this Saturday in O'Donnell and other area shows.

TAX MAN SAM SEZ

You probably have been reading where Internal Revenue is cracking down on expense account gouging. The tax officials in Dallas protest the use of the word "crackdown." They say they are just taking a closer look at travel expense deductions. Most of us would like to have a hunting lodge, a seashore vacation, a yacht and some of the other expense account items. Unfortunately it looks like we can't put them on the expense account if and when we ever do arrive.

PTA To Meet Feb. 29th

The officers and committee chairmen of the PTA met in a business meeting at 10 a. m. Feb. 8th. We regretted that our president, Homer Hardberger, could not be with us as he was going thru the clinic at Temple. He is feeling well again. Mrs. Cecil Dorman, vice president, presided over the meeting.

The PTA is planning a coffee for teachers at 10 a. m. March 3rd.

The Feb. 9th PTA meeting was not held due to the sandstorm and no lights. This meeting will be Monday night Feb. 29th at 7:30 and will be an open house. Officers for the next year will be elected.

FREE PLANNING AND ESTIMATES ON ALL REPAIRS AND REMODELING AT Cicero Smith Lumber Co. in O'Donnell.

Dogs Must Be Confined To Owner's Property and Also Tagged, Says City

The City Council of O'Donnell issues a reminder and warning that all dogs must be registered and tagged and **NOT BE ALLOWED TO ROAM THE TOWN.** The harm that has been done to persons and personal property is most regrettable and the City Council is using every means possible to insure a non-recurrence. After this notice, all dogs not registered and found to be running loose will be killed. There will be responsible persons assigned to the job of ridding the City of the Stray Dog Menace.

MAYOR L J HASH AND THE CITY COUNCIL

McLaurin and family of Seminole, Mrs. Raymond Wilson and children of Meadow, Mr. and Mrs. Lud McLaurin and family of Amarillo, Gary McLaurin of Lubbock, Mr. and Mrs. O J McLaurin of El Paso, Miss Sydney McLaurin of El Paso, Mr. and Mrs. John Etter and Mr. and Mrs. Marcus Pearce and Mr. and Mrs. Johnny McLaurin of here

ROTARY HEARS TALK ON HIGHWAY SAFETY

The O'Donnell Rotary Club met Tuesday in its regular meeting. Visiting Rotarians were Don David and Sam Jenkins of Lamesa and Fred McGinty of Tahoka, Miss Jan Hardberger substituted as musician for Miss Joann Lacy. Mr. Dempsey of Lubbock spoke on "Highway Safety" John Criner is in charge of programs for February. Clyde Winans was in charge of programs for January.

City Election Notice

Pursuant to an order issued by the City Council of O'Donnell notice is hereby given that a City official election will be held on Tuesday, April 5th, 1960 at the office of the City of O'Donnell, Texas, for the purpose of electing a mayor and two city aldermen for a term of two years of office of the City of O'Donnell.

Mayor L. J. Hash, who is serving an unexpired term and Aldermen Harvey Line and Homer Hardberger terms are expiring. The final date for placing a name on the ballot is 30 days prior to the election date and only names of qualified resident voters of said city may appear on the ballot. Applications may be filed with the Secretary at the City office where forms for filing may be had.

Mrs. Moody Everett, City Secretary

PURE FOOD AND DRUG LAWS PROTECT PUBLIC HEALTH

State health authorities are taking a long look at a vital amendment to the federal food, drug and cosmetic law which becomes effective March 6th. The amendment puts on producers and manufacturers the burden of proving that chemical additives to foods and drinks are safe for human consumption. Formerly the government, thru its Food and Drug Administration, had to prove additives were injurious to health before the courts would issue cease and desist orders.

The use of additives to alter the taste or appearance or preservative qualities of foods has assumed major proportions over the years. Controlling the practice is an extremely involved process. The story will have to be told in several installments. Let's begin with why a food and drug law is necessary in the first place.

Don't be misled into thinking the snowy white color of flour in your canister is natural. It may be bleached with nitrogen peroxide, nitrous oxide or chlorine. Flour absorbs such chemicals like a sponge absorbs water and becomes almost instantly white. Those luscious red tomatoes, those delectable looking green peas and that juicy roast may have been chemically treated to give them that mouth watering appearance.

School Board Contracts Teachers

The regular February school board meeting was held last Thursday night and a major portion of the meeting was devoted to contract renewals. Supt. John Criner was given a one year renewal in addition to his present contract as were Principals A. H. Burton of High School, Ivan Sherrill of Jr. Hi, and Mrs. Paul Gooch of Elementary. Contract renewals were also given James Thompson, Larry Landreth, Wally Brown, James Reed, Art Dadds, and Mrs. Alice Brown. At the March meeting contracts of other faculty members will come up for renewal.

The Board also authorized the purchase of a new school bus and a new bus chassis.

Supt. Criner also discussed the school budget and gave a mid semester report on average daily attendance which is down slightly from a comparable time last year.

As of Monday no current board members have filed for re-election nor are there any new candidates. (Maybe salary of board members should be raised) March 2nd is the deadline for filing.

Stock Show Is This Week End

Show To Be Better Than Ever This Year

Final plans are being made this week for the big O'Donnell Community Fat Stock Show to be held here Feb. 19th and 20th. Judge will be B. F. Yeatts of Plainview as well as other judges to be announced.

A record number of animals for the local show is expected. This will be the second for showing in the new barn south of town. The 1946 Study Club will sell refreshments. FFA boys and 4-H youth will exhibit cattle, swine and sheep. There will be about \$1,000 in prize money.

Trophies are on display at the local bank. Show officials include Harold Hohn, Shag Garrett, Bertice Askew, Bobby James, Burt Moore, Orval Evans, D. J. Bessire, Jack Wood, Arlys Askew, Billy Gardenhire, Kenneth Pearson, Odell Bessire, Raymond Hancock, Jerald Barton, Jack Hoskins, Ralph Beach, C. A. Lacy, and John Criner. The presentation of awards will be by Donna Sue Jackson, FFA sweetheart and Marcheta Wood of 4-H.

Other show dates on the spring circuit are: Lynn County Stock Show at Tahoka, March 4, 5, Dawson County Stock Show, Feb. 25, 26, 27.

Judging will be Saturday. Swine at 9 a. m., sheep at 2 p. m. followed by steers. All animals will be in place until after 4 p. m. Swine will include Berkshire, Chester Whites, Spotted Poland China, Hampshire, Duroc, Poland China. Sheep will include fine wool, Southdown Suffolk Hampshire and crosses. Calves are Angus and Hereford.

Sunday guests of Mrs. Beatrice McLaurin and Fran were Mrs. Ella McLaurin of Odessa, Mr. and Mrs. M. L. McLaurin and family of Seminole, Mrs. Raymond Wilson and children of Meadow, Mr. and Mrs. Lud McLaurin and family of Amarillo, Gary McLaurin of Lubbock, Mr. and Mrs. O J McLaurin of El Paso, Miss Sydney McLaurin of El Paso, Mr. and Mrs. John Etter and Mr. and Mrs. Marcus Pearce and Mr. and Mrs. Johnny McLaurin of here

PURE FOOD AND DRUG LAWS PROTECT PUBLIC HEALTH

State health authorities are taking a long look at a vital amendment to the federal food, drug and cosmetic law which becomes effective March 6th. The amendment puts on producers and manufacturers the burden of proving that chemical additives to foods and drinks are safe for human consumption. Formerly the government, thru its Food and Drug Administration, had to prove additives were injurious to health before the courts would issue cease and desist orders.

The use of additives to alter the taste or appearance or preservative qualities of foods has assumed major proportions over the years. Controlling the practice is an extremely involved process. The story will have to be told in several installments. Let's begin with why a food and drug law is necessary in the first place.

Don't be misled into thinking the snowy white color of flour in your canister is natural. It may be bleached with nitrogen peroxide, nitrous oxide or chlorine. Flour absorbs such chemicals like a sponge absorbs water and becomes almost instantly white. Those luscious red tomatoes, those delectable looking green peas and that juicy roast may have been chemically treated to give them that mouth watering appearance.

Food processors know most shoppers buy on appearance, other things being equal. And since there are additives available to enhance food flavors and color and texture, processors naturally use them to rull advantage. There is nothing unwholesome or illegal in the practice when done in conformity with the laws governing pure foods and drink.

Sanderson Enters State Representative Race

Bill Sanderson announced his candidacy for State Representative of the 99th Legislative District this week.

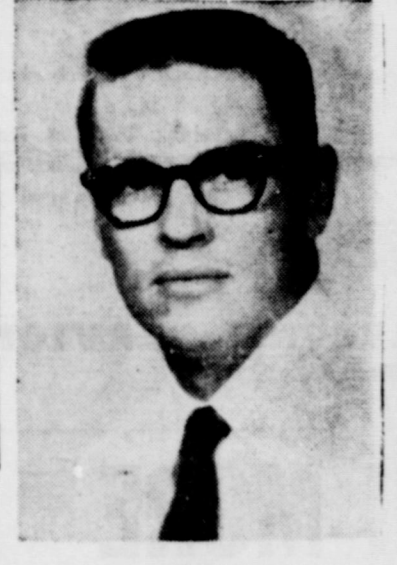

Mr. Sanderson was born in Gaines County in 1929 and lived on a farm southeast of Seagraves. In 1948 he moved with his parents, Mr. and Mrs. Morris Sanderson to Seagraves.

He attended school at Loop and then graduated from Seagraves High School in 1948. After finishing high school, he worked as a carpenter and pipefitter on construction jobs in various parts of Texas. In 1950 he returned to Seagraves and farmed until he entered the U. S. Marine Corps in 1952.

He completed his military service in 1954 and returned to Seagraves to work for Southwestern Public Service Company. In 1956 he entered Texas Tech to study engineering. He is at present a student at Texas Tech and will receive his B. S. degree in chemical engineering in June of this year.

Mr. Sanderson said, "It is essential to have a capable, honest, and sincere representative to represent the people of this district in the state legislature." He also said that since he has farmed and worked with the people in this district he is well acquainted with their problems and interest and can truly represent them in the legislature.

(Ed. note — He is a grandson of late Mr. and Mrs. Doak, co-founders of O'Donnell with late Mr. Baldrige.)

SPINET PIANO

The national emblem of the Future Farmers of America is significant and meaningful in every detail. Used by members in all recognized units of the organization, it is made up of five symbols: the owl, the plow, and the rising sun, within the cross section of an ear of corn which is surmounted by the American eagle. Upon the face of the emblem appear also the words "Vocational Agriculture" and the letters "FFA." The owl is symbolic of wisdom and knowledge; the plow is the symbol of labor and tillage of the soil; the rising sun is emblematic of progress and the new day that will dawn when all farmers are trained and have learned to cooperate; the cross section of an ear of corn represents common agricultural interests since corn is native to America and grown in every State; and the eagle is indicative of the national scope of the organization. The emblem is protected by copyrights.

Which Way Do You

Wash Dishes?

It's a SNAP when you use an Electric Dishwasher!

Dishwashing's done at the snap of a switch when you do it the modern electric way. Instead of soaking, washing, rinsing, and drying dishes by hand, you just load and start your Electric Dishwasher and you're free to tend to other things.

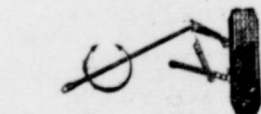

An Electric Dishwasher not only eliminates a tiresome daily task, it washes your dishes hygienically clean, using water hotter than hands can stand. It helps keep your kitchen tidier and your hands lovelier. And entertaining is much more fun when you're free from dirty dish drudgery.

TEXAS ELECTRIC SERVICE COMPANY
 C. R. REESE, Manager Phone 60

WORTH MORE BECAUSE THEY WORK MORE!

Compare this list of Chevy advances with the features ordinary trucks are still talking about. You'll see why Chevy trucks get more work done in a day... why they go extra thousands of miles before trade-in time. These Sturdi-Bilt Sixties aren't just new, they're a full scale revolution!

TORSION-SPRING RIDE

Each front wheel, suspended independently of the other, is free to step individually over bumps. And shockproof torsion springs up front soak up the jars and jolts before they reach the body. With three rugged new tailored-to-the-truck rear suspensions to further reduce road shocks, Chevy gives you the smoothest truck ride you've ever felt.

NO SHIMMY, NO WHEEL FIGHT

Drive a '60 Chevy. Just once. Right away you'll notice the absence of I-beam shimmy and wheel fight common on ordinary trucks.

With independent front suspension there's a brand-new, smoother, easier handling feel behind the wheel.

CABS FOR BIG GUYS

Big guys get a bigger break in a Chevy cab. There's plenty of space inside to stretch out and relax; more room for hats and hips; more room for wide shoulders and long legs. There's horizon-wide visibility through a windshield with 26% more glass area; a new see-at-a-glance instrument panel. Cabs are safer, too, up to 67% more rigid.

6'S SWORN TO SAVE

Chevy's 6-cylinder engines are set to squeeze extra miles out of every drop of fuel. They're long famous for low fuel consumption, high performance.

SHORT STROKE V8'S

Power-packed for peak performance, Chevy's husky V8's make child's play out of the toughest hauls. They have a mind tuned to economy, too, that keeps costs down, profits up.

SLICK NEW SUBURBAN CARRYALLS

These handsome new handy haulers "double in brass" — can transport eight passengers or up to 950 lbs. of payload. Rear and center seats are easy to remove and replace when necessary. For work or for pleasure, these double-duty beauties are best for both!

NEW DOLLAR-SAVING PRICES

Chevrolet's low prices make big truck news for '60. They mean money in your pocket on model after model. Step-Vans, 4-Wheel Drives, many light-duty models with automatic transmissions — all are lower priced. Also, prices have been reduced on all optional V8's.

SEE YOUR DEALER

It could be the most important visit you make in '60. When you've seen these new Chevies, you'll agree they're the world's most advanced trucks. Then drive one and find out why.

**Commuter Snags Train
But Can't Hold It**

EUREKA, Calif.—Loafers around
the railroad station here tell this
for the truth. Seems the station
agent heard a loud crash on the
platform. He ran out and saw the
rear end of a train disappearing
around a curve. A disheveled gen-
tleman lay prone on the ground, sur-
rounded by the contents of his banged-up
suitcases.

An owlish youngster stared at the
gent, but made no effort to assist
him. "Was he trying to catch the
train?" the station agent asked
the youngster.
"He did catch it," replied the
youngster, "but it got away."

City Notice On Dogs, Etc.

Mayor L. J. Hash said this week
that there have been a number of
cases of small boys shooting out
street lights with air rifles. He urges
parents to help the city to prevent
this needless waste of property.
Mr. Hash also said that there
have been several reports of dogs
killing sheep in town. He urges
the public to watch for these dogs
and report to city officials. In the
near future there will be a drive
on to collect all dogs without prop-
er tags and ownership.

**Most Drinking Starts
Before College Days**

NEW HAVEN, Conn.—Four out
of every five college men who
drink began their drinking before
entering college, a researcher at
Yale University's laboratory of ap-
plied physiology reported recently.

Robert Straus, research asso-
ciate, disclosed for the first time
preliminary results of a five-year
study into the drinking habits of
American college youth. This study
was made by Mr. Straus and Sel-
den D. Bacon, director of Yale's
center of alcohol studies.

Of the American women students
who drink, 65 per cent also started
drinking before entering college,
Mr. Straus said.
"The probability that a young
person will drink at all," he con-
tinued, "is closely related to the
practices of his or her parents."

"Of the men whose parents both
drink, 90 per cent are themselves
users. However, only half of the
men (51 per cent) whose parents
both abstain, drink."

"Where both parents are users,
83 per cent of the women drink on
occasion. However, when both par-
ents abstain, only 19 per cent of
the women students drink."

He declared that parental advice
on abstinence seems to be much
stronger than advice from either
church leaders or teachers.

Family income is a large factor
"closely associated with the proba-
bility that one will use alcohol.
Among those whose family income
is under \$2,500, two thirds of the
men and only 30 per cent of the
women students drink."

Lumber Co. in O'Donnell

Feed grain prices are expected to
average a little lower in 1959-60
due to the record 1959 crop and
the large supplies. Expected lower
livestock prices in 1960 and lower
supports, especially for sorghum
grain, will have a tendency to
cause feed grain prices to be lower.
A further increase in feed grain uti-
lization is expected because livestock
numbers continue to increase caus-
ing heavy feeding of grain and other
concentrates. However, total utili-
zation has not kept pace with pro-
duction and supplies continue to
mount.
