

### LIQUOR HAUL IS MADE BY LYNN SHERIFF

Returning from Wells last week, before noon, Sheriff Parker and Deputy John Bulman captured a whiskey runner and captured a whiskey runner...

The story as related in Lynn County News last week: They found in his car and took their possession 6 gallon jars, 18 bottles, and 56 pint bottles of whiskey, several bottles London dry and a few other bottles of liquor...

Upon meeting this car on the way between Taboka and O'Donnell he recognized the man at once and he wanted. He therefore surrounded immediately and started pursuit. The whiskey-runner fled and Parker passed over a two-mile chase. The man jumped out of the car and ran across a pasture...

### MAN BITTEN BY RATTLER LAST SUNDAY MORNING

A. G. Lagow, prominent farmer who lives west of town, drove calmly into O'Donnell shortly after noon Sunday, and very unconcernedly imparted the information that he had just been bitten by a three-foot rattler, and "thought maybe" he'd better come in and see whether or not he ought to have a snake serum.

### Seeking Council

DALLAS, July 7.—By far the most striking feature of this month's crop report, gathered by the Department of Public Relations of the Southland Life Insurance Company, is the fact that yields of all crops now harvested are far above those produced in other years, both in quantity and in...

being without question the greatest crop ever produced in Texas. The valuation of this single grain crop is usually. In addition, indications are that they have been produced at the lowest cost on record. This, of course is especially true of oats, this crop having exceeded all expectations and estimated variously at from \$15,000,000 to \$20,000,000.

The production of wheat also is above normal, and production of all vegetables—including tomatoes, onions, potatoes, melons, and blackberries—normal or above.

The Southwest report of "Farm and Ranch" for June—always considered one of the most accurate of its kind—is headed: "Bumper Crops at Low Cost," and in addition to confirming statements above, also indicates that the prospects for livestock (including wool, cattle, sheep, mohair, mules, horses and goats) are far above the average. In addition...

### A PREACHER'S FAREWELL

Probably it is an old story, but anyway it's full of logic. A preacher had been greatly discouraged and had sought a new field of labor. He happened to have a friend in the governor, to whom he appealed, and not in vain. He got a political job. In taking leave of his flock he said: "Brothers and sister, I must say good-bye. "I don't think you love each other, because none of you ever get married. "I don't think you love me, because you have not paid my salary. "Your donations are moldy fruit and worm apples—and by their fruits ye shall know them. "I am going to be chaplain of the penitentiary. "Where I go ye can not yet come, but I go to prepare a place for you, and may the good Lord have mercy upon you. Good-bye."

### MRS. WALKER BROUGHT FROM HOSPITAL

Our friend and fellow citizen, W. L. Walker, came in Tuesday from the farm four miles west of town, and reported that Mrs. Walker returned from the hospital Sunday.

### MISS MARY DEAN PRESTON AND VANCE GUY MARRIED

A marriage which united two of the most popular young people in O'Donnell took place Sunday afternoon at the Baptist parsonage when Miss Mary Dean Preston became the bride of Mr. Vance Guy, Rev. L. S. Jenkins reading the impressive ceremony in the presence of only relatives and a few friends.

### STREET FIGHT COOLS OFF SIZZLING DISPOSITIONS

Any person who even looked like he had a row or was hot under the collar was just out of luck Tuesday evening when the O'Donnell volunteer fire department held a session on the street, with the hose and fire plugs playing active parts in the cooling-off process.

### O. E. S. INITIATION HELD MONDAY EVENING

Described as being one of the most impressive ever held here, the local chapter of the Order of the Eastern Star held initiation ceremonies in the hall Monday evening. Mrs. Roy W. Gibson was the candidate. Officers were present almost without exception, which was itself an aid to the beauty of the work.

### RAIN AND DUST CONTENT OVER SECTION WEDNESDAY

Old Jupe Pluvius came back from his vacation some during the week-end, and he and the sand had been hard at it since. (Excuse us if our Greek mythology wears thin occasionally.)

On Wednesday evening around ten o'clock, a brisk breeze, accompanied by quantities of real estate, heralded the approach of a light shower and the two of them succeeded in cooling the torrid atmosphere several degrees. The heaviest part of the cloud appeared to pass to the east, and while no authentic reports have come in as yet, we are hopeful that that part of the territory received a much-needed rain.

Rain is the one subject of conversation these days. Crops are beginning to need moisture badly, and not just in showers. What we're hoping for is a real old soak, like the kind we had when we used to have to go to the post office in a boat, and could not cross the street without first sitting down on the curb and removing pedal terguments. And personally, we'd be perfectly willing to walk around over town barefooted if a rain were the cause. As it is, we may soon be making rounds barefooted from an entirely different reason.

**LUBBOCK MAN TO HEAD COTTON COOPERATIVE ASS'N.**

DALLAS, July 9.—R. J. "Bob" Murray of Lubbock has been elected by the Board of Directors of the Texas Cotton Cooperative Association as General Manager, and it is understood will assume his duties within the next several weeks. Announcement was made today by Association officials.

Mr. Murray has for twenty years been closely identified with the farming, banking and business interests of the State, particularly in West Texas area, and at present is general land agent of the Santa Fe Railway system, with direct supervisory and advisory capacities over some 2,500 farms of the section embracing approximately 400,000 acres. Mr. Murray, through tenants, operates some 3,300 acres of his own in Deaf Smith, Dickens, Garza, Lubbock, and Cochran counties. He has also been closely identified with all civic activities of that section, having been president of the Slaton and Lubbock Chambers of Commerce, former president of the Slaton and Lubbock Rotary Clubs former president of the South Plains Boy Scout movement, mayor of Slaton for eight years, and at present president and trustee of the Slaton State Bank with bank interests in other institutions.

Mr. Murray stated that opportunity for his association with the cooperative movement in an official capacity came as a surprise to him but that in accepting the position he did so "for the great opportunity that was presented to render a service to the cotton farmers of Texas." The movement is right, Mr. Murray said, "It has made material progress and I am sure that in the next five years we shall see the cotton cooperative movement, the South Plains cotton control of cotton marketing. I am confident," he stated, "that deliveries to the Texas association this season will materially increase over the 61,000 bales delivered last year."

Commenting upon the opposition that has been practically against the movement, Mr. Murray said that "the opposition is not particularly interested in the attack they are making against the Farm Board and the Agricultural Marketing Act, but they are intensely interested, through this source, of preventing the farmers from further organizing themselves into an efficient, business organization." That the primary reason behind the success of the cooperation marketing program rested in the farmers' faith, was brought out by Mr. Murray.

"The farmer has faith in the Agricultural Marketing Act, in the administration of the cooperative structure by the various state cotton cooperative associations, in the capabilities and management of the Federal Farm Board, and in the knowledge that the Farm Board associates a well balanced revision over the State units," he said.

Mr. Murray has resided in Texas practically all of his mature life, and has been closely identified with agriculture in its various phases. He is a strong believer in the matter of farm diversification, a well balanced farm program, and the adoption generally of the farm "live-at-home" policy. In his connection with the same 2500 farms from Gaines county on the South to Ochiltree county on the North, he has stressed these factors, and has been largely instrumental in furnishing money on long-time repayment to stock these farms with cows and hogs.

It is told that shortly before leaving for Europe Andrew Mellon hurriedly changed his clothes and took a taxi for his office, arriving there without a cent with which to pay his fare. He convinced the driver that he was the Secretary of the Treasury and that his credit was good.

President Hoover, too, was embarrassed recently over a financial matter when the highest-rated Racequet Club posted him as a delinquent. The amount owed was a quarter, which his son Allan had neglected to pay for telephone calls.

Prominent negroes have long complained that Amos 'n' Andy slanders the black race by the introduction of such shiftless and otherwise objectionable characters into their broadcasts. The Association for the Advancement of Colored People is making a vigorous protest in the hope of removing the "film" of ignominy they feel is being spread over their virtues.

**JUNIOR W. O. W. CIRCLE ENJOYS PICNIC TUESDAY**

(Accidentally omitted last week.) Chaperoned by Mrs. Janie B. Garner, district supervisor, and Mmes. Miles and Wilkes, members of the Junior Woodmen circle enjoyed a pleasant outing and picnic Tuesday afternoon of last week.

The party gathered on an open lot in the northeast part of town, each arrival bringing a package sending out the tantalizing aroma of sandwiches, fruit, and pickles. Quite a bit of excitement was furnished by the frivolous-minded shower which played around for a few minutes, but as soon as it had decided to go elsewhere, the picnic was continued.

Games and stunts rounded out the afternoon and put a pleasing period to the affair.

These present were Misses Mary Louise Singleton, Willie Shook, Merle Miles, Lloyd Ola Thompson of Lamesa, Charise Wanda Austin, Dorothy Allen Miles, Erma Joe Wilkes, Cleo Lawler, Norma Ruth Vermillion, La Verne Lawler, Veda Shumake, Gwendolyn Lawler, Vivian and Kimmie Lee Pearce, William Edward Singleton, Kenneth Earl and George Gray Wilkes, and Woodrow Lindsay.

**BRIDGE-BREAKFAST HONORS MRS. COIN MONDAY**

Honoring Mrs. Ben S. Coin, who is soon to make her home in Sinton, a small group of intimate friends met for breakfast and bridge at the home of Mrs. J. W. Campbell at seven o'clock Monday morning.

Specifying "beach pajamas or house dresses when you come", the invitations had already set the note of gay informality which prevailed throughout the affair.

Three tables were placed and arranged for breakfast when the guests arrived. Linens and table appointments carried out a color scheme of green and rose which was further emphasized by the flowers which made center pieces for each. A three-course breakfast consisting of tomato juice cocktails topped with

whipped cream, fried chicken, rice, cranberry jelly, hot rolls, strawberry jam, coffee and chocolate was served prior to play.

Those present were Mmes. Ben S. Coin, Naymon Everett, T. M. Garner, L. E. Robinson, M. J. Whitsett, W. S. Cathey, W. H. Ritzenthaler, Roy W. Gibson, and E. T. Wells; Miss Kathryn Veazey.

**CELEBRATES SIXTH BIRTHDAY WITH PARTY FRIDAY**

Little Miss Wilda Gene Campbell celebrated her sixth birthday last Friday, July 3, with a party at the home of her grandparents, Mr. and Mrs. W. H. Veazey, entertaining eighteen of her little friends.

Under the direction of Misses J. Verma Street and Norma Ruth Vermillion, the small guests enjoyed a number of games. The inspection of the dainty and appropriate gifts was of much interest also, with the feminine contingent expressing enthusiasm over the articles of lingerie, beads, perfume, etc., and the masculine element openly declaring that the balls and such like were the better choice.

At the refreshment hour the cake decorated with six candles, was cut and served with apricot ice cream to the following: Mary Louise Singleton, Erma Joe Wilkes, Allie Joe Schooler, Margaret Lucille and Billie Jane Johnson, Aubra Lee Shook, Bobby Ramsey, Wanda Zell Everett, Wayne and Joe Carroll, C. L. Tomlinson, Jr., Perry Hubbard, June Marie and Roy Allen Gibson, Norma Ruth Vermillion, and J. Verma Street.

**"HEN PARTY" ENJOYED WEDNESDAY EVENING**

Mrs. Naymon Everett was the "competent and gracious hostess" last Wednesday evening to a small group of 'bridge widows', entertaining with two tables of bridge at her home while heads of the families were attending a stag party honoring Mr. Ben Coin.

Such minor items as score pads, color scheme, and costumes are of such small importance that they need

no mention. Suffice it to say that the games and social hour which followed were much enjoyed.

Dainty refreshments of apricot sherbet and cake were served to Mmes. Ben Coin, Marshall Whitsett, Fred Henderson, Carl Cox of Carlsbad, N. M., W. S. Cathey, J. W. Campbell, Miss Hazel Burk, and the hostess.

**CATHEY HOST AT STAG PARTY WEDNESDAY**

W. S. Cathey was host last Wednesday evening to a number of friends when he entertained honoring Ben S. Coin, popular business man who is soon to remove to Sinton.

Three tables were placed for bridge, and this game was the diversion of the evening. A thoughtfully planned and entirely complete buffet luncheon had been arranged by Mrs. Cathey before she went to a party for the ladies, and the guests did ample justice to the delicacies provided for them. Mr. Miller acted as sentry, guarding against surprises of any kind, and under his watchful care the evening was enjoyed to the fullest extent.

Those present were Messrs. Coin, Earl Curtis, Naymon Everett, Harvey Jordan, Lee Miller, J. Mack Noble, Marshall Whitsett, Mack Garner, Fred Henderson, Thurman Wells, Black of Seagraves, and the host.

**FORMAL OPENING OF HOUSE STAGED MONDAY BY CLUB**

Formally opening, and dedicating their club house to the cause of clean, wholesome amusement, members of El Club de Diversion were hosts Monday evening to a number of friends, entertaining with a dance.

The reception rooms were decorated with much skill and artistic ability, proving that some, or all, of the club members have very pronounced ideas as regards interior decoration. Punch was served throughout the evening, and guests and chaperons declared the occasion most delightful.

Those present were Misses Alice Joy Bowlin, Eula Belle Miles, Kathryn Veazey, Hazel Burk, Irma D. Palmer, Beverly Wells, Hallie Lindsay, and Alice Busby; Messrs. Ralph Beach, Howard Tredway, Sam

**ORSONS HOSTS AT PICNIC AT RANCH SUNDAY**

Mr. and Mrs. Will Orson were hosts Sunday afternoon at a picnic held at the plum thicket on their ranch south of town, and this was declared to have been one of the most enjoyable occasions of the year.

After several pleasant hours spent in the grateful shade of the trees, a bountiful picnic lunch, with fried

chicken as the piece de resistance and ice cream as dessert, was served.

Among those present were Flo Ramsey and children, Miss Williams, Dr. O. H. McSherry, Messrs. and Mmes. Waldo McSherry, W. J. Shook, D. M. Estes, Ed Line, Clarence Gillispie, J. P. Lin, and the hosts; Misses Alice and Lois Bowlin, Madeline McLaughlin and Minnie Faye McLaughlin.

THE PREACHING OF THE APOSTLES

TEXT—Acts 3:11-15:1

THEME—Peter Preaching in the Temple

OBJECTIVE—To show the power of the Holy Spirit in the life of a man

QUESTIONS—1. How did the lame man come to be healed? 2. What was the result of the healing? 3. How did the man's life change?

ANSWERS—1. He was healed by the power of the Holy Spirit. 2. He was able to walk and praise God. 3. He became a Christian and began to preach the Gospel.

SCRIPTURE—Acts 3:1-15:1

COMMENTARY—Peter's healing of the lame man was a miracle that drew the attention of the people in Jerusalem. This miracle was the first of many that would be performed by the apostles as they preached the Gospel.

APPLICATION—We should have faith in the power of God and be willing to be used by Him.

PRAYER—Lord, give us faith and courage to follow You.

MEMORIAL VERSE—Acts 3:16

REMARKS—Peter's healing of the lame man was a powerful sign of the power of the Holy Spirit.

QUESTIONS—1. How did the lame man come to be healed? 2. What was the result of the healing? 3. How did the man's life change?

ANSWERS—1. He was healed by the power of the Holy Spirit. 2. He was able to walk and praise God. 3. He became a Christian and began to preach the Gospel.

SCRIPTURE—Acts 3:1-15:1

COMMENTARY—Peter's healing of the lame man was a miracle that drew the attention of the people in Jerusalem. This miracle was the first of many that would be performed by the apostles as they preached the Gospel.

APPLICATION—We should have faith in the power of God and be willing to be used by Him.

PRAYER—Lord, give us faith and courage to follow You.

MEMORIAL VERSE—Acts 3:16

### OILING OF DIRT ROADS HIGHLY BENEFICIAL

According to the Bureau of Public Roads, the experience of the Missouri State Highway Department in the treatment of earth roads with oil since 1928 should be of value to other states and communities in low cost improvement of secondary or feeder roads to maintain highways. The experiments reveal that the character of oil used must vary with local conditions. Seils which are naturally firm and dry, such as clay, require only water-proofing with a relatively light oil. Noncohesive soils, such as sand, need application of heavier oils to bind their particles together.

Missouri has found that oil treatment is especially effective in solving the problem of wash and erosion in roads built of noncohesive soils. In certain areas, the highway department was facing the necessity of purchasing additional rights of way in order to obtain earth for replacement of shoulders removed by erosion. Then oil treatment was tried and the erosion immediately following with the consequent reduction in maintenance costs. Furthermore, ordinary vehicular traffic is beneficial to the oil surfaces, through a kneading process. It is recommended, however, that the use of tractors on such roads be restricted.

Almost any state or county can follow Missouri's lead. Oil treatment

makes it possible to give rural adequate, weatherproof roads at lowest possible cost.
