County Pony League met last week and selected an all-star team to represent the county in the play-offs.

Home led the selections with four boys on the team. O'Donnell placed three with getting both alternate boys. The White Sox landed boys on the squad with the Braves getting two and the Red Sox one. All-team members are: Cooper, Amando Acebedo and John Rodgers, Frank Olvera, Ron Downlow and Eddie Knight; White Sox, Larry Durham, Calvillo and James Sayles; alternate, Gary Beach, O'Donnell.

Tahoka Braves, Gene and Robert Montemayor; Red Sox, Ronald Warshaw; Home Eagles, Francisco Jim and Ronnie Farr; O'Donnell, Wayland James, Jimmy

Gibson Rites Held Thursday

Mildred Virginia Gibson, former O'Donnell resident moved to Ruidoso, N. M. weeks ago, died in a Ruidoso hospital after a short illness. She was a native of Montague County, Texas. Mrs. Gibson moved to Ruidoso in 1928, where she had lived until recently moving to Ruidoso.

Services were held at 10 a. m. Thursday in the First Methodist Church of O'Donnell with the Rev. Robert W. Brown, pastor, officiating. Burial was in O'Donnell Cemetery under direction of the O'Donnell-Phillips Funeral Home.

Survivors include four daughters: Howard H. Thomas and Mrs. Robert Beach, all of O'Donnell; Mrs. J. R. Freer, of Fort Worth; three sons, Harold T. Gibson, O'Donnell, R. H. Gibson of O'Donnell, and Roy W. Gibson of Fort Worth; two sisters, Mrs. J. M. Gates of O'Donnell, and Mrs. M. Boykin, Miles, Tex.; a brother, T. M. Garner, Ruidoso; 14 grandchildren; 22 great-grandchildren and three great-great-grandchildren.

Bearers were Tim Freer, Anderson, Kent Gibson, Howard Vaughn, Shag Garrett and the Gates.

World Fair Picture Will Be Shown At Baptist Church

"World's Fair Encounter" is a picture on the story of two young people who actually visited the fair during the first season of its production. Pamela Baird, a Waitress national talent contest winner, whose career has included feature roles in a number of major studio productions and numerous top-ranking television productions, plays the role of a graduate nurse from Montana. Luc Ray, making his acting debut, portrays a Swiss-French exchange student who is enrolled in an architect major at a New York University. The encounter of these two young people and their growing friendship during the fair, is the vehicle through which film viewers are entertained, informed and inspired.

The United States Pavilion of its Hall of Challenges and the Illinois Pavilion's treatment of life and times of Abraham Lincoln are featured settings in the development of the contrasted backgrounds of Dorothy, the American girl from Custer, Montana, and Eric, the Swiss student from Geneva.

The story climax takes place in the Billy Graham Pavilion where the wide-screen motion picture, "Man in the 5th Dimension", makes its impact on the film's principals. This is the TODD-AO Technicolor subject which has been playing to capacity audiences that visit the Pavilion throughout the day. The young people's impressions of the unusual cinema presentation become a symbol of the actual response of thousands who have found spiritual meaning and purpose to mind the glitter and excitement of the New York World's Fair.

"World's Fair Encounter" will be shown at First Baptist Church on Friday, July 15 at 8:00 p. m.

Mr. and Mrs. W. L. Maxwell attended the reunion at Peacock today.

Mr. and Mrs. Elzey Griffith spent days with Mr. and Mrs. M. B. in last week. Mrs. Burkett seems to be improving in a Lamesa hospital.

Two Parts Of Medicare Told

The Medicare program has two parts: Part A (Hospital Care) and Part B (Physician's Services). If you are under Part B (for which you signed up and now pay \$3.00 a month to Social Security) you can collect from the federal government part of the payments you make to us for medical services.

This contract to pay is between you and the Social Security Administration. We still are in the private practice of medicine; we have no contractual relationship with the federal government. As your private physician we will continue to provide medical service to you in the same manner we have in the past. We will continue to give you the medical treatment and advice we believe is best for you. We expect you to continue to exercise your freedom of choice of physician and to maintain responsibility for payment of fees.

The Medicare law states that no federal officer or employee shall exercise any supervision or control over the practice of medicine or the manner in which medical services are provided.

Under Part B, the Medicare Law provides that reimbursement will be made by the government to you for 80% of the covered medical care expenditures after the first \$50.00 in a calendar year. You must pay the first \$50.00 and 20% of all over \$50.00. You do not obtain reimbursement from the Social Security Administration directly, but from the fiscal agent that represents Social Security in this area. The agent in this area is Blue Cross-Blue Shield of Texas, P.O. Box 6184, Dallas, Texas.

To obtain reimbursement:

1. You must fill out and sign Part 1 of the "Request for Payment" form.
2. Answer "Yes" to question No. 3.
3. Answer "No" to question No. 4.
4. Leave Part 2 blank.

5. Send this completed form with a copy of your receipted (paid) medical service bills to the Fiscal agent's office. The bills must include a description of the services provided.

For your convenience one of these forms can be found as the last page in your Medicare handbook.

After January 1, 1967, the Medicare program will pay for a certain number of days of care in a nursing home, if your doctor decides you need such care. Payment that the Social Security Administration will make for hospital and nursing home care is under agreement between hospital or the nursing home and the Social Security Administration.

GIFT TEA FOR MISS MARY SINCLAIR

A gift tea honoring Miss Mary Sinclair, bride-elect of Neal Shaw, will be given Saturday, July 16, from 3 to 4:30 p. m. at the Community Center in O'Donnell.

Rotary News

The O'Donnell Rotary Club met Tuesday with President Truett Hodnett presiding. Visiting Rotarians were Dallas Woods and Pat Ryan of Lamesa and Harold Green of Tahoka and Harold Hohn was a new member.

Retiring President Truett Hodnett presented the gavel to the incoming President Wayne Noland. Directors are Blaine Mitchell, Clyde Winans, Homer Hardberger and Oscar Veach.

The O'Donnell Rotary Club received from the contact Rotary Club of Goodwood, South Africa, greetings and news of their country. South Africa's second "Oil City" is soon to be established. This is the largest "Oil-from-Coal" installation in the Southern Hemisphere. The well-known Kellogg Corporation in the USA and the Fischer-Tropsch interests in Western Germany, were entrusted with the design and erection of the two major units of the plant. Basis for the entire Sasol undertaking is South Africa's wealth in coal, the reserves of which are among the largest in existence.

Engineering history was made lately, when, for the first time ever, a South African-controlled consortium received a contract for a major job in the United States. Boart and Hard metal Products Ltd. of Johannesburg have undertaken to cut a five-mile tunnel in Colorado, through the San Juan Mountains to form a diversion of the Colorado River through the Continental Divide to increase the flow of the Rio Grande in New Mexico.

"Going Band" Invited To Fair

The Eagle Band has been invited to the State Fair at Dallas and this calls for several money raising projects throughout the summer. We ask that each of you participate in the projects. They are worthwhile and we will appreciate your help.

We will have a car wash at Andy Vulgamore's Humble Station on Saturday, July 16. The time will be from 9:00 a. m. to 7:00 p. m. and it will be \$1.50 per car. We will provide free pick up and delivery for every car to be washed.

Babysitting is also offered by the band. The charge will be 50 cents an hour and 25 cents extra per hour for each additional child. In the O'Donnell area, call either Donna Moore at 428-3858 or Susan Taylor at 428-3867. For the Tahoka area call Debra Webb at West Lake 465-4276.

Help us go to Dallas. The Eagle Band will outplay and outshine any of the other bands there!

Scout News

The theme for the month of July for the Boy Scouts of America is "At Home Outdoors".

A delicacy for any camper to master the art of cooking is the Chicken in a Packer. Build a crisscross fire lay, place half a dozen small stones in with the fuel, and light the fire. When stones are red hot, pick them up with two sticks and drop them to the outside of the chicken, tie string around bird, wrap in brown paper, and place in plastic bag. Place package in pack sack filled with dry leaves, pack leaves firmly around it, and seal the pack sack. Let chicken cook for three or four hours.

In Guatemala, the Flag of the Boy Scouts of America was decorated with the Medal of Gratitude of the Guatemalan Boy Scouts Association. The decoration represents a token of esteem and admiration and their grateful thanks to their brothers, the Boy Scouts of America, for their continued, outstanding, and generous cooperation at all times—a help given in the true spirit of world brotherhood.

A thought that Troop 789 has for the O'Donnell Community "Look around your own back and front yards and the countryside surrounding. Where there is ugliness, help remove it. Where there is beauty, help keep it that way."

Mr. and Mrs. Oscar Veach vacationed in the Big Bend area of Texas last week.

Mr. and Mrs. Bill Dorman and family have moved to Abernathy to make their home.

Mr. and Mrs. Douglas Ballew are fishing at Port Isabell this week.

Miss Susie Barrington flew to Dallas Sunday to visit her brothers and families.

Mark Ballew and Ronny Jordan are visiting in Dallas, Houston, Corpus Christi and Port Isabell.

Mr. and Mrs. Ralph Knight and family attended a school reunion in Oklahoma over the week end.

O'Donnell Wins In Pony League

For the first time in six years, a Tahoka team failed to win the Lynn County Pony League championship this year as the pennant was snatched in a come-from-behind effort by the pre-season favorites, the O'Donnell Dodgers.

The Dodgers trailed the New Home Eagles for most of the season, but were able to defeat the New Home team for the first time during the last week of regular season play to move into a tie for first place and set the stage for a one game championship playoff Monday evening.

In that game, played on the neutral Tahoka field, the Dodgers spotted the Birds one run in the first inning and then tied the score in the second. The tie lasted until the sixth inning, when O'Donnell tallied four runs and then exploded for six more in the seventh to take an 11-1 victory.

Most of the coaches in the league favored O'Donnell to win before the season started, but the strong team fielded by New Home caught everyone by surprise. After losing the opener to Wilson, the Eagles began to methodically mow down the other teams, winning many of their games by large margins and seemed to have the title in hand until the Dodgers caught them in the final week.

Cooper, playing in the league for the first time this year, also put on a strong finish and came from far back in the pack to grab the number three spot in the standings. The Tahoka White Sox were the real surprise of the league as they fell all the way from a three-way battle for first down to fourth place in the last two weeks of the season. The Wilson Red Sox finished in fifth place and the defending champion Tahoka Braves dropped to last place.

Final Standings

	Won	Lost
O'Donnell Dodgers	12*	3
New Home Eagles	12	3
Cooper Colts	8	7
Tahoka White Sox	7	8
Wilson Red Sox	5	10
Tahoka Braves	1	14

*Won play-off for championship.

"DEDICATED TO HELPFULNESS"

WASHINGTON AND
"SMALL BUSINESS"
 By C. WILSON HARDER

Never before in its 18 years, has this column recommended a book be bought and read, but there is a first time for everything, hence it is recommended that the book "Hoffa and the Teamsters: A Study of Union Power," written by Ralph and Estelle James and published by Van Nostrand be read.

This is a most remarkable publication. When Dr. James was teaching at M.I.T., Jim Hoffa, boss of the teamsters, challenged him to travel with him for six months disguised as Hoffa's assistant to learn how the teamster union operates. Dr. James' wife worked with him.

When the manuscript was finished, Hoffa was permitted to read it and while he did not insist on changing even one word, he did complain, "you make me look like a bum."

This Hoffa protest is quite mild when it is considered the book tells about listening to a phone conversation during which Hoffa ordered his boys in a distant city to beat up a protester against his regime.

It is even more remarkable in the passages detailing Hoffa's handling of loans from the teamster pension funds, detailing many of the loans that went "sour."

The book also details how Hoffa can paralyze nationwide highway shipping by merely stopping trucks in any one of six different key cities.

There are also passages in the book that literally stagger the imagination. For example, Hoffa will gamble union welfare and pension funds on many wildcat loans to resorts, motels, and similar investments of a highly speculative nature. But he will not allow these funds to be invested in U.S. government securities on the basis he does not believe that the government will be able to pay off.

One could perhaps be amazed that Hoffa would permit the information gathered while sitting in his conferences and phone discussions and from the files of the teamsters to be published in such a manner. The revelations are so deep that if the majority of the American people read the book, there would be a drive to outlaw unions.

Yet Hoffa does not seem in the least concerned on this point. But on the other hand, Hitler wrote what he intended to do, the Imperial Japanese government wrote what it intended to do, and the communists are on record as to what they intend to do. Apparently if something is monstrous enough, the best strategy is to publish the plans and nobody will believe it.

However, it is most difficult to understand how anybody reading this book would not be heartily in favor of the bill by Rep. David Martin of Nebraska which would make nationwide labor contracts affecting transport illegal. Independent businessmen voting through the National Federation of Independent Business are strongly in favor of such a preventative measure.

Retirement Only SS Benefits Not

Remember the Titan II missile site fire near Searcy, Ark., in August of 1965, when 53 men died?

John G. Hutton, Social Security Administration District manager in Lubbock, has just received an actuarial study of the expected total payment from social security to the 53 families. It will amount to \$1,631,000 if the 72 minor children attend school through age 21, and \$1,402,000 if they do not.

All 53 men were insured for survivors benefits. Only one had such scanty coverage to bar his widow from benefits at age 60, but she and her child are currently receiving payments. Her widow's benefits still end when the child reaches 18.

The other 52 widows can be expected to receive \$662,000 in payments after age 60. Four are past 60 now. The 33 widows and the minor children in their care will receive \$956,000 if the children attend school through age 21 and \$727,000 if they do not.

The 37 families being paid at this time have this monthly benefit range: 3 at less than \$100; 7 at \$100-\$149.90; 6 at \$150-\$199.90; 6 at \$200-\$249.90; 10 at \$250-\$299.90; and 5 at \$300-\$306.

In addition to monthly benefits now and in the future, \$13,000 was paid in lump sum death benefits. On the average, the Searcy family with one child or more under age 18 will receive \$38,620 if the children are in school after 18; \$31,700 if they are not. The average expected for the widows without minor children will be \$17,820.

Mr. Hutton says that some people still think of social security as only a retirement program. He feels the above rather graphically illustrates the potential value in the survivorship area. The value of the disability program, a third portion of social security protection was increased when the 1965 Amendments removed the requirement that the impairment(s) be expected to continue indefinitely or result in death. He explained that disability benefits are now payable if the impairment(s) have lasted, or can be expected to last, 12 months or more.

ASCS Report

Reporters will be contacting farmers who have paid for the measuring service within the next few days. The farmer or his representative should be there to assist the reporter in making the measurements. Your cooperation in this matter will be greatly appreciated.

Remember this office must be completely through with all compliance work by no later than August 15, 1966.

June 20, 1966, is the final date for farmers to sign up for measurement service. If you want the ASCS to measure your cotton, feed grain, or diverted acres, be sure to sign up by June 20, 1966; otherwise, you the farmer will certify your acres for the 1966 crop year. For the farmers who certify, at least 25% of the farms will be spot checked for accuracy.

Letters have been mailed to all cotton farmers in Lynn county requesting production records for 1965 crop year and where possible 1963 and 1964. Any records such as insurance claims, adjuster's estimates, dates, etc., that you may have which will help you to substantiate any abnormal year should be attached to these letters with an explanation. Lynn county farmers turned down the right to sell or lease cotton outside of Lynn county for 1967 by a vote of 218 for and 563 against.

Farmers are reminded that July 31, 1966, is the maturity date on cotton placed under loan for the 1965 crop year. These notes may be redeemed at the ASCS office by paying the face value of the notes plus interest, which is 30c per \$100 for each calendar month.

Mr. and Mrs. Gaylon Bishop and sons and Jeanie Taylor and a friend visited Mrs. Ruby Tidwell during the holidays.

Howard Swinney and wife and girls who went to Canada with them returned home Friday night. Everyone had a very enjoyable trip.

Highway Patrol Reports 14 Accidents For Month Of May

The Texas Highway Patrol investigated 14 accidents in Lynn County during the month of May first five months of 1966 shows a total of 42 accidents resulting in 2 persons killed, 15 persons injured, and an estimated property damage of \$21,315.00.

The number of traffic deaths in Texas has risen steadily since 1960 with 2254 deaths to 3028 deaths in 1965. "For the first five months of 1966, 1137 persons have died in traffic compared to 1032 deaths for the same period of 1965," the Sergeant stated. This 10% increase is very alarming, and when you realize our heavy volume traffic months are still ahead, we must anticipate increasing problems in the accident picture.

The Sergeant appealed to the motoring public to assist in the reduction of this trend, otherwise, the death count at the end of the year will far exceed the record number of 3028 deaths in Texas during 1965. 16-cents per pound if the quality is below normal, he said, so a bale per acre would bring only \$80.

Soybeans yielding 28 bushels per acre and selling for \$2.50 per bushel would bring \$70 per acre.

The management specialist says both crops would return \$40 above in studies at the South Plains Research and Extension Center, north of Lubbock, a four year average cotton yield of 488 pounds per acre has been produced from June 21 planting and 257 pounds per acre has been produced by June 29-30 planting.

The average per acre yields for Hill soybeans planted at different dates at the Center are as follows: June 6—28.5 bushels; June 25—30.2 bushels, and July 16—22.4 bushels.

Lee soybeans produced almost the same yields. Hinn soybeans produced slightly lower yields in all cases and Hinn's best yield of 24.5 bushels was produced by June 6 planting, according to scientists at the Center.

Seibert says local conditions will alter these yields, but the data gives an indication of the yield trends to expect from late planting of cotton and soybeans.

TB X-Ray Unit Coming In Fall

Representatives from the four areas of Lynn county were present for a meeting with the Tuberculosis program director, Mrs. Ella Harriage of the Area Tuberculosis Association this past week.

The meeting was set up with the hopes of opening the eyes of the public to the situation we have about us and the things we can do as individuals and organizations to cut down on this disease. Later this summer, a county TB committee will be appointed with a representative on it from each part of the county. This is an educational type program consisting of things such as skin tests, X-rays, etc.

The TB X-ray Unit has been requested for Lynn county for four days in succession in October. It will first be at New Home, then Wilson, Tahoka and O'Donnell. By doing this, those unable to have the X-rays made on the day it is in their town can go to the neighboring town one of the following or succeeding days.

Those attending the meeting were Mayor J. W. Edwards, New Home; Rev. Benny Hogan, Wilson Baptist Church; Mrs. Dorothy Kenley, Tahoka Garden Club; Mrs. Daphne Snellgrove and Mrs. Patry Sanders, both of O'Donnell Young Homemakers; Mrs. Jean Harvick, Tahoka School nurse; Mrs. Lillian McCord, O'Donnell School nurse.

Mrs. McCord and Mrs. Harvick were elected to make the necessary plans to announce them at a later date.

Highway Patrol Needs Recruits

Texas Department of Public Safety is desperately in need of 125 new enlistees from 21 to 35 years of age who would draw \$400 per month during a 16 week training period and a starting salary of \$468 per month, plus expenses and uniforms. C. A. Dempsey, district safety officer states.

Any young man interested should contact Patrolmen Marvin Hagens and Ray Priest at Tahoka immediately. June 6th is the final

date for accepting applications for the training school beginning August 9. A written examination will be given applicants June 11 in Lubbock to determine fitness for training.

There are many advantages to serving with the State Highway Patrol, Mr. Dempsey says, including job security, opportunity for advancement, salary advances for longevity of service, paid vacations, insurance and sick leave, 12 holidays each year, and retirement benefits. All uniforms and equipment are furnished.

Now is the best opportunity for a young man to get into the work since there are 125 vacancies in the Highway Patrol, 16 in drivers license division, nine in weight and license, and three in vehicle
