FAMED FLYER IS APPOINTED MANAGER OF AVIATION SALES

Noted aviator, winner of many world speed records, holder of the Distinguished Flying Cross, Captain A. L. Williams has accepted the position of manager of Aviation Sales with the Gulf Refining Company. He has taken upon this responsibility to devote his wide flying experience to industrial progress. He will assume his post immediately. This announcement has particular importance not only because Captain Williams is one of America's foremost exponents of aviation but also because his experience as businessman, writer, lecturer, and lawyer fits him for his duties.

His career has been featured by many outstanding acknowledgments of his progress as an ace flyer. In addition to winning the Distinguished Flying Cross, Captain Williams was one of the twelve men selected in the United States "in recognition of services rendered to aeronautics" by the American Society of Mechanical Engineers. For eight years he held the American speed record for airplanes.

Captain Williams enlisted in the Navy for the duration of the war as naval aviator. He specialized in testing airplanes for the Navy Department and developing aerial acrobatics for purposes of fighting in the air. From 1926 until 1929, when he resigned from the Navy, he specialized in high speed research. Today Captain Williams' busy life supplies him with a diversity of interests and makes him doubly valuable as Manager of Aviation Sales for the Gulf Refining Company. He is one of the officers of the Delaware Chemical Company, a steady contributor to the Saturday Evening Post, Collier's, Liberty, and aeronautical journals on aviation subjects, a lecturer on the subject in the State of New York, and a Captain in the U. S. Marine Corps Reserve. It is also interesting to note that he graduated from Fordham University, received a Bachelor of Laws degree from Georgetown University Evening Law School, and pitched for the New York Giants for two years under John J. McGraw.

HALE COUNTY MAN HAS UNIQUE POWER PLANT

Depression Party Friday Evening

Old Man Depression and his partner, Blues, got a two-fisted wallop Friday evening when Miss Irma D. Palmer was hostess at a depression party at the home of her parents, Mr. and Mrs. W. L. Palmer.

Cedar chests and trunks and old clothes bags were ransacked to find costumes appropriate for the occasion, and the results were amazing to express it mildly.

The soup line formed at 8:30 at the home of Miss Alice Busby, and bowls of delicious (?) soup were served to give strength to the guests. (Raw onions, potatoes and fresh windmill juice make appetizing soup.)

After the meal, the party adjourned to the Palmer home, where the first feature of the evening was the Grand March and parade before the judges, who decided that Mrs. Harvey Jordan and Ralph Beach were the most originally costumed couple. They were awarded appropriate prizes.

Games of buuco were played on the back lawn and dancing was enjoyed later in the evening.

Refreshments of fresh peach ice cream and cookies were served to Meses Alice Busby, Hazel Burk, Desha Holman, Jessie Middleton, Elizabeth Turner, Lillias Gill, Wynona Huff, Merle Womack, Messers, and Mesdames Glenn Everett, Naymon Everett; Mrs. Harvey Jordan and Mrs. B. H. Scott; Messrs. Summer Clayton, Ralph Beach, Howard Tredway, Jimmy Milnes, Will Ed Tredway, Ted Clayton, Irvin Burdine, Oil D. Harris, Charles Cathey and Owen Vaughn.

The number of biscuits, eggs and the amount of jelly consumed at breakfast the next morning need not be mentioned, but suffice it to say, a good time was had by all. Those present were Misses J. Verina Street, Betty Lynn Middleton, Doris Lawler, Thelda Ruth Williams, Lois Howard, LeVerne Lawler, Martel and Wilma Jane Phillips, Melba Harris and Marjorie Musick; Hillman Maxwell, Harvey Lee McKee, Oswald Ballew, Darus Sumrow, were also guests at the evening party.

old worn-out automobile, a 2x10-inch pine board from which the propeller was made, and a set of 32 volt batteries. Williams did all of the work except re-wiring the generator. It has operated several months without additional expense, supplying his home with electrical current. Only a slight breeze at intervals is all that is needed to keep his batteries charged, Williams said.

The Loan Department of the Federal Life Insurance Co. of Chicago has had a force of men in Dawson county since the first of the year and has built and rebuilt a number of the farm houses on their property. It is estimated that they have expended \$4,000 and that they will spend that much again before completing their work.

Opportunity does not always knock. Sometimes he just sits out side in the car and hanks.

A survey made by the Better Business Bureau of Tulsa, Okla., brought out the information that 80 per cent of the readers replying to the questionnaire, regarded newspaper advertising to be the greatest value in attracting buyers. Of their mediums, radio received 10 1/2 per cent, billboards 1 1/2 per cent and house to house circulars 1 per cent. Out of thirty business executives interviewed, nineteen gave newspaper advertising the highest credit. Three believed in house to house circularizing and two in direct mail advertising.

In old Mexico the coroner, not the court, dealt with a kidnapper or highway robber within 24 hours after his capture. As a result crimes like those are few and far between down there. We should not only make kidnapping a capital offense but should provide suitable penalties for judges who give rascals of that type more than two days delay in going to trial. We lead the world in leniency for criminals and in the amount of lead which we put into the sandals of Justice.

A great deal of joy in life consists in doing perfectly, or at least to the best of one's ability, everything which he attempts to do. There is a sense of satisfaction, a pride in surveying such a work—a work which is rounded, full, exact, complete in all its parts—which the superficial man, who leaves his work in a sloppy, slipshod, half-finished condition, can never know. It is the conscientious completeness which turns work into art. The smallest thing, well done, becomes artistic.—Matthew.

"ATTABOY" BESTS SOVIETS

Heavy Russian beards were pulled over the strange wording of a cablegram sent the American distance flyer, James Mattern. Two words made up the message, "Attaboy, Jimmy." The signatory was "Soviet Anglio." Soviet telegraph officials couldn't find "Attaboy" in the dictionary, and even if they had looked over their geographies they wouldn't know San Angelo was "Jimmy's" home town in Texas. The Russians warged their heads over the curious American language and sent the cable on to "Jimmy."

A GOOD LONG SERMON

A local citizen who showed that he was very mad burst into the office of a railroad official and demanded: "I want you to give orders that the engineer of the express that passes through Elm Grove at 11:45 be forbidden to blow the whistle on Sunday." The railroad official retorted: "Why that's impossible. What leads you to make such an unreasonable request?" "Well, you see," explained the citizen; our preacher preaches until he hears the train whistle blow—and that confounded express was two hours late last Sunday.

State Campaign for Prohibition Repeal Is Under Way

Majority of District Chairmen Appointed at Fort Worth Conference.

Fort Worth, Texas.—The overwhelming votes by which Indiana and Illinois voted for repeal of the Eighteenth Amendment to the Federal Constitution were hailed today by Judge John M. Mathis, Sr., of Houston, chairman of the Texas Liberal Legion, as an indication of the way the Nation is moving.

Judge Mathis recalled a remark made by Bishop James Cannon, Jr., leading prohibition advocate, before the Indiana election that "if we can win in Indiana, we can prevent repeal." "The inference in Bishop Cannon's remark," Judge Mathis pointed out, "was that if the prohibitionists could not carry Indiana, they might as well give up hope of carrying the thirteen States necessary to prevent the adoption of the Twenty-first Amendment. Well, it looks like the Bishop will be hard put to it to carry a single State." Judge Mathis' organization is waging the fight in Texas, for both legalization of 3 1/2 per cent beer and repeal of the Eighteenth Amendment. He went on to say that "of course everybody knew it was a foregone conclusion that Illinois, New York, New Jersey, Delaware, Rhode Island, Michigan, Wisconsin, Nevada and Wyoming would ratify the repeal amendment; but nobody, no matter how enthusiastic, ever dreamed these eight States would pile up such tremendous majorities for total repeal against bootleg liquor."

"Such consistently large majorities, with even the heretofore dry sections of these eight States going for repeal, coupled with the Indiana and Illinois returns, can mean only one thing: Texas and the entire Nation at last realize what a failure prohibition has become."

Even when the prohibition wave was at its height, the Houston liberal recalled, the vote in Texas was close, "as all know who can remember the election in which the State adopted State-wide prohibition. So with the present ebb in the prohibition tide, with thousands and tens of thousands of life-long dries coming back to see that temperance can not be enforced by law, it would be a miracle indeed if Texas did not join the parade of August 20th and vote for repeal and legalization of 3 1/2 per cent beer."

The judge said, with a twinkle in his eye, that a prohibitionist reminded him of a man who tried to live by gambling. "One thinks he can live without working and the other day he can make people curb their appetites by passing a law instead of educating them."

In this way, the Houston liberal sought to bring home the point that "the Texas Liberal Legion's aim is the same as that of the sincere prohibitionists—total temperance." Prohibition, in his view, would be a wonderful thing if it would work, but it has not.

The State campaign for repeal "really is under way" this week, Judge Mathis said, with the return of the various Senatorial district chairmen to their districts after the State-wide conference at State Headquarters held last Friday. Only a few of these district chairmen remain to be appointed. Those already named are:

- First district, W. A. McCartney, of Texarkana; second, Tom Foster, of Kilgore; third, J. J. Collins, of Lufkin; fourth, Bill Lea, of Orange; sixth, Bruce Gilliam, of Frost; eighth, John T. Dickson, of Paris; tenth, Guy Massey, of Greenville; twelfth, Harry P. Lawber, of Dallas; eleventh, E. T. Underwood, of Texas; fourteenth, Sam D. W. Newmoore population is all smiles today (Tuesday) over the nice rain that fell yesterday afternoon. Crops have held up reasonably well during the 6 weeks drought.

Quite a number attended Sunday School and church last Sunday, it being election day for new officers and teachers. The following were elected: Mr. Boyd, Superintendent, Mr. Stephens Stracener, Secretary, Mr. Vezay, song leader; Mrs. Boyd, Bible class teacher; Mrs. Roy Adams, Senior class teacher; Miss Refa Nell Lehman, Junior class teacher, Miss Thelma Pendleton for the card class. We are planning to have special song services with the Sunday School, which we hope will encourage more people to come out and take part.

The Pentecostal revival is being well attended, with Rev. Brumbala as preacher. Mr. Perry is song leader.

The Newmoorites have decided to try a mid-week singing for the benefit of the community in general. They will meet in the home of Mrs. Lehman one week and at Mrs. J. F. Rogers' the next, Wednesday nights are the appointed times. Everyone who wants to sing or listen is cordially invited, but those looking for a place to put on a show or to be entertained otherwise must go some other place for we demand order and nice behavior.

Mrs. Lon Light, Mrs. Travis Blair and Mrs. Matt Bugers have all been quite ill for the past few days, but all are reported to be improving nicely.

Mrs. Roy Adams, Miss Mary Adams and Mrs. Vezay visited with Mrs. Lehman Monday afternoon.

Mrs. J. B. Scarborough's many friends will be glad to know that she is improving the last few days. She has been very ill for 2 or 3 months and we feel that was in on the road to recovery now. Her daughter, Mrs. Martin Teague, of Lubbock, has been staying with her quite a while, but returned to her home last Saturday.

Mrs. B. C. Brewer is on the road with Mrs. J. G. Pendleton.

Mr. and Mrs. R. J. Alexander and Mr. and Mrs. J. W. Nelson are planning to take a trip to the various parts of east Texas.

Elvis and Cecil Lehman visited their mother last week.

Little Jo Anne Campbell has had a severe attack of flu the past week but was able to be out visiting yesterday.

## ETIQUETTE OF FLAG REQUIRES OBSERVING FEW DON'TS

Displaying the United States Flag on Independence Day is patriotic only if the flag be displayed properly, say those familiar with flag etiquette.

The blue field of the flag is always placed uppermost when the flag is flown horizontally, to the right when it is hung against a background and in midair. No other flag is to fly above a United States Flag and in military or civic parades, it should be held on a staff raised at more than 45 degrees and to the right of all other flags. Only in memorial or funeral parades may it be dipped or drooped forward or may have a shroud tied about it as it is wrapped about the staff.

In red, white and blue decorations, the blue is always at the top. In streamer cloth the blue should be above, the white next and the red below. When the blue hunting or streamers contain stars the blue with the stars belongs at the top. It is considered emphatically unproper to decorate vehicles with such streamers so that the national colors be the dirt.

The Texas flag, many of us flew Tuesday, is to be flown vertically again a background, only one side can be seen, the white stripe should be placed, to the north when it is hung against the white stripe may be viewed, the white should be placed to the north of the east.

TELEPHONE AT SHACKTOWN  
W. T. Huff, manager and operator of the local telephone company, announces that long distance telephone connection is now available at Shacktown, Mr. Dickson having installed it for the convenience of his patrons.

Roy Gibson returned Thursday from Santa Anna, where he has been with Mrs. Gibson for the past two weeks. We are glad to know that he is able to be up after undergoing major operation; and will likely be home next week.
